(a) Peer review will normally consist written comments provided in response to the general selection criteria stablished under Subpart A of this art and any program specific selection criteria identified in the program announcement, together with the assignment of numerical values. Peer review may be conducted at meetings of peer reviewers held under OJJDP oversight, through mail reviews, or a combination of both. Where appropriate, site visits may also be employed. The primary method of peer review anticipated for each announced competitive program, including all evaluation criteria to be used by peer reviewers, will be specified in each program announcement.

(b) For peer review conducted through meetings, peer review panelists will be gathered together for instruction by the OJJDP program manager, including review of the OJJDP *Peer Review Manual*, who will then oversee the conduct of individual and group review sessions, as appropriate. Where time or other factors such as cost preclude the convening of a peer review panel, mail reviews will be used. For competitive programs, mail reviews will be used only where the Administrator makes a written determination of necessity. Mail reviews will be the standard procedure used for review of noncompetitive assistance applications being considered for Part B, Subpart II, or Part C fund support. In such case, the application would have to be determined, through the peer review process, to qualify as "Outstanding".

§ 34.106 Number of peer reviewers.

The number of peer reviewers will vary by program (as affected by the volume of applications anticipated or received). OJJDP will select a minimum of three peer reviewers (qualified individuals who are not officers or employees of the Department of Justice) for each program or project review in order to ensure a diversity of backgrounds and perspectives. In no case will fewer than three reviews be made of each individual application.

§ 34.107 Use of Department of Justice staff.

OJJDP will use qualified OJJDP and other DOJ staff as internal reviewers. Internal reviewers determine applicant compliance with basic program and statutory requirements, review the results of peer review, and provide overall program evaluation and recommendations to the Administrator.

§ 34.108 Selection of reviewers.

The Administrator, OJJDP, will make the final selection of both peer reviewers and internal reviewers. The selection process for peer reviewers will be detailed in the OJJDP *Peer Review Manual*.

§ 34.109 Qualifications of peer reviewers.

The general reviewer qualification criteria to be used by the Adminstrator in the selection of peer reviewers are:

(a) Generalized knowledge of juvenile justice or related fields.

(b) Specialized knowledge in areas or fields addressed by the applications to be reviewed under a particular program.

Additional details will be provided in the OJJDP *Peer Review Manual*.

§ 34.110 Management of peer reviews.

A technical support contractor may assist the OJJDP program manager in managing the peer review process.

§ 34.111 Compensation.

All peer reviewers will be eligible to be paid an appropriate consulting fee. Detailed information will be provided in the OJJDP *Peer Review Manual*.

AUTHORITY: 29 U.S.C. 794.

SOURCE: Order No. 1065-84, 49 FR 35734, Sept. 11, 1984, unless otherwise noted.

§ 39.101 Purpose.

This part effectuates section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978, which amended section 504 of the Rehabilitation Act of 1973 to prohibit discrimination on the basis of handicap in programs or activities conducted by Executive agencies or the U.S. Postal Service.

§ 39.102 Application.

This part applies to all programs or activities conducted by the agency.

§ 39.103 Definitions.

For purposes of this part, the term—

"Agency" means the Department of Justice.

"Assistant Attorney General" means the Assistant Attorney General, Civil Rights Division, U.S. Department of Justice.

"Auxiliary aids" means services or devices that enable persons with impaired sensory, manual, or speaking skills to have an equal opportunity to participate in, and enjoy the benefits of, programs or activities conducted by the agency. For example, auxiliary aids useful for persons with impaired vision include readers, Brailled materials, audio recordings, telecommunications devices and other similar services and devices. Auxiliary aids useful for persons with impaired hearing include telephone handset amplifiers, telephones compatible with hearing aids, telecommunication devices for deaf persons (TDD's), interpreters, notetakers, written materials, and other similar services and devices.

"Complaint Adjudication Officer" means the Complaint Adjudication Officer appointed by the Assistant Attorney General for Civil Rights.

"Complete complaint" means a written statement that contains the complainant's name and address and describes the agency's alleged discriminatory action in sufficient detail to inform the agency of the nature and date of the alleged violation of section 504. It shall be signed by the complainant or by someone authorized to do so on his or her behalf.

"Facility" means all or any portion of buildings, structures, equipment, roads, walks, parking lots, rolling stock or other conveyances, or other real or personal property.

"Handicapped person" means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment. As used in this definition, the phrase:

(1) "Physical or mental impairment" includes—

(i) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitorurinary; hemic and lymphatic; skin; and endocrine; or

(ii) Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term "physical or mental impairment" includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and drug addiction and alcoholism.

(2) "Major life activities" includes functions such as caring for one's self,

performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(3) "Has a record of such an impairment" means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) "Is regarded as having an impairment" means—

(i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by the agency as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

(iii) Has none of the impairments defined in subparagraph (1) of this definition but is treated by the agency as having such an impairment.

"Official" or "Responsible Official" means the Director of Equal Employment Opportunity for the Department of Justice or his or her designee.

"Qualified handicapped person" means—

(1) With respect to any agency program or activity under which a person is required to perform services or to achieve a level of accomplishment, a handicapped person who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the agency can demonstrate would result in a fundamental alteration in its nature; or

(2) With respect to any other program or activity, a handicapped person who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity.

"Respondent" means the organizational unit in which a complainant alleges that discrimination occurred.

"Section 504" means section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112, 87 Stat. 394 (29 U.S.C. 794)), as amended by the Rehabilitation Act Amendments of 1974 (Pub. L. 93-516, 88 Stat. 1617), and the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978 (Pub. L. 95-602, 92 Stat. 2955). As used in this part, section 504 applies only to programs or activities conducted by Executive agencies and not to federally assisted programs.

§§ 39.104—39.109 [Reserved]

§ 39.110 Self-evaluation.

(a) The agency shall, by October 11, 1985, evaluate its current policies and practices, and the effects thereof, that do not or may not meet the requirements of this part, and, to the extent modification of any such policies and practices is required, the agency shall proceed to make the necessary modifications.

(b) The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the self-evaluation process by submitting comments (both oral and written).

(c) The agency shall, until October 11, 1987, maintain on file and make available for public inspection:

(1) A description of areas examined and any problems identified, and

(2) A description of any modifications made.

§ 39.111 Notice.

The agency shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program or activities conducted by the agency, and make such information available to them in such manner as the Attorney General finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this regulation.

§§ 39.112—39.129 [Reserved]

§ 39.130 General prohibitions against discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified handicapped persons to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified handicapped persons to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this part.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activites in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 39.131—39.139 [Reserved]

§ 39.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of ection 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR Part 1613, shall apply to employment in federally conducted programs or activities.

§§ 39.141—39.148 [Reserved]

§ 39.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 39.150, no qualified handicapped person shall, because the agency's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 39.150 Program accessibility: Existing facilities.

(a) *General.* The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons;

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 39.150(a) would result in such alterations or burdens. The decision that compliance would result in such alteration or burdens must be made by the Attorney General or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) *Methods.* The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(c) *Time period for compliance.* The agency shall comply with the obligations established under this section by December 10, 1984, except that where structural changes in facilities are undertaken, such changes shall be made by October 11, 1987, but in any event as expeditiously as possible.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by April 11, 1985, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition by submitting comments (both oral and written). A copy of the tansition plan shall be made available for public in-

BEST COPY AVAILABLE

spection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency's facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 39.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151-4157), as established in 41 CFR 101-19.600 to 101-19.607, apply to buildings covered by this section.

§§ 39.152—39.159 [Reserved]

§ 39.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD's) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 39.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Attorney General or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 39.161—39.169 [Reserved]

§ 39.170 Compliance procedures.

(a) *Applicability.* Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) *Employment complaints.* The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR Part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) *Responsible Official.* The Responsible Official shall coordinate implementation of this section.

(d) *Filing a complaint*—(1) *Who may file.* (i) Any person who believes that he or she has been subjected to discrimination prohibited by this part may by him or herself or by his or her authorized representative file a complaint with the Official. Any person who believes that any specific class of persons has been subjected to discrimination prohibited by this part and who is a member of that class or the authorized representative of a member of that class may file a complaint with the Official.

(ii) Before filing a complaint under this section, an inmate of a Federal penal institution must exhaust the Bureau of Prisons Administrative Remedy Procedure as set forth in 28 CFR Part 542.

(2) *Confidentiality.* The Official shall hold in confidence the identity of any person submitting a complaint, unless the person submits written authorization otherwise, and except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or proceeding under this part.

(3) *When to file.* Complaints shall be filed within 180 days of the alleged act of discrimination, except that complaints by inmates of Federal penal institutions shall be filed within 180 days of the final administrative decision of the Bureau of Prisons under 28 CFR Part 542. The Official may extend this time limit for good cause shown. For purposes of determining when a complaint is timely filed under this subparagraph, a complaint mailed to the agency shall be deemed filed on the date it is postmarked. Any other complaint shall be deemed filed on the date it is received by the agency.

(4) *How to file.* Complaints may be delivered or mailed to the Attorney General, the Responsible Official, or agency officials. Complaints should be sent to the Director for Equal Employment Opportunity, U.S. Department of Justice, 10th and Pennsylvania Avenue, N.W., Room 1232, Washington, D.C. 20530. If any agency official other than the Official receives a complaint, he or she shall forward the complaint to the Official immediately.

(e) *Notification to the Architectural and Transportation Barriers Compliance Board.* The agency shall promptly send to the Architectural and Transportation Barriers Compliance Board a copy of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), or section 502 of the Rehabilitation Act, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons. The agency shall delete the identity of the complainant from the copy of the complaint.

(f) *Acceptance of complaint.* (1) The Official shall accept a complete complaint that is filed in accordance with paragraph (d) of this section and over which the agency has jurisdiction. The Official shall notify the complainant and the respondent of receipt and acceptance of the complaint.

(2) If the Official receives a complaint that is not complete, he or she shall notify the complainant, within 30 days of receipt of the incomplete complaint, that additional information is needed. If the complainant fails to complete the complaint within 30 days of receipt of this notice, the Official shall dismiss the complaint without prejudice.

(3) If the Official receives a complaint over which the agency does not have jurisdiction, the Official shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.

(g) *Investigation/conciliation.* (1) Within 180 days of the receipt of a complete complaint, the Official shall complete the investigation of the complaint, attempt informal resolution, and, if no informal resolution is achieved, issue a letter of findings.

(2) The Official may require agency employees to cooperate in the investigation and attempted resolution of complaints. Employees who are required by the Official to participate in any investigation under this section shall do so as part of their official duties and during the course of regular duty hours.

(3) The Official shall furnish the complainant and the respondent a copy of the investigative report promptly after receiving it from the investigator and provide the complainant and respondent with an opportunity for informal resolution of the complaint.

(4) If a complaint is resolved informally, the terms of the agreement shall be reduced to writing and made part of the complaint file, with a copy of the agreement provided to the complainant and respondent. The written agreement may include a finding on the issue of discrimination and shall describe any corrective action to which the complainant and respondent have agreed.

(h) *Letter of findings.* If an informal resolution of the complaint is not reached, the Official shall, within 180 days of receipt of the complete complaint, notify the complainant and the respondent of the results of the investigation in a letter sent by certified mail, return receipt requested, containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found;

(3) A notice of the right of the complainant and respondent to appeal to the Complaint Adjudication Officer; and

(4) A notice of the right of the complainant and respondent to request a hearing.

(i) *Filing an appeal.* (1) Notice of appeal to the Complaint Adjudication Officer, with or without a request for hearing, shall be filed by the complainant or the respondent with the Responsible Official within 30 days of receipt from the Official of the letter required by paragraph (h) of this section.

(2) If a timely appeal without a request for hearing is filed by a party, any other party may file a written request for hearing within the time limit specified in paragraph (i)(1) of this section or within 10 days of the date on which the first timely appeal without a request for hearing was filed, whichever is later.

(3) If no party requests a hearing, the Responsible Official shall promptly transmit the notice of appeal and investigative record to the Complaint Adjudication Officer.

(4) If neither party files an appeal within the time prescribed in paragraph (i)(1) of this section, the Responsible Official shall certify that the letter of findings is the final agency decision on the complaint at the expiration of that time.

(j) *Acceptance of appeal.* The Responsible Official shall accept and process any timely appeal. A party may appeal to the Complaint Adjudication Officer from a decision of the Official that an appeal is untimely. This appeal shall be filed within 15 days of receipt of the decision from the Official.

(k) *Hearing.* (1) Upon a timely request for a hearing, the Responsible Official shall appoint an administrative law judge to conduct the hearing. The administrative law judge shall issue a notice to all parties specifying the date, time, and place of the scheduled hearing. The hearing shall be commenced no earlier than 15 days after the notice is issued and no later than 60 days after the request for a hearing is filed, unless all parties agree to a different date.

(2) The complainant and respondent shall be parties to the hearing. Any interested person or organization may petition to become a party or amicus curiae. The administrative law judge may, in his or her discretion, grant such a petition if, in his or her opinion, the petitioner has a legitimate interest in the proceedings and the participation will not unduly delay the outcome and may contribute materially to the proper disposition of the proceedings.

(3) The hearing, decision, and any administrative review thereof shall be conducted in conformity with 5 U.S.C.

554-557 (sections 5-8 of the Administrative Procedure Act). The administrative law judge shall have the duty to conduct a fair hearing, to take all necessary action to avoid delay, and to maintain order. He or she shall have all powers necessary to these ends, including (but not limited to) the power to—

(i) Arrange and change the date, time, and place of hearings and prehearing conferences and issue notice thereof;

(ii) Hold conferences to settle, simplify, or determine the issues in a hearing, or to consider other matters that may aid in the expeditious disposition of the hearing;

(iii) Require parties to state their position in writing with respect to the various issues in the hearing and to exchange such statements with all other parties;

(iv) Examine witnesses and direct witnesses to testify;

(v) Receive, rule on, exclude, or limit evidence;

(vi) Rule on procedural items pending before him or her; and

(vii) Take any action permitted to the administrative law judge as authorized by this part or by the provisions of the Administrative Procedure Act (5 U.S.C. 551-559).

(4) Technical rules of evidence shall not apply to hearings conducted pursuant to this paragraph, but rules or principles designed to assure production of credible evidence and to subject testimony to cross-examination shall be applied by the administrative law judge whenever reasonably necessary. The administrative law judge may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties, and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record.

(5) The costs and expenses for the conduct of a hearing shall be allocated as follows:

(i) Persons employed by the agency, shall, upon request to the agency by the administrative law judge, be made available to participate in the hearing and shall be on official duty status for this purpose. They shall not receive witness fees.

(ii) Employees of other Federal agencies called to testify at a hearing shall, at the request of the administrative law judge and with the approval of the employing agency, be on official duty status during any period of absence from normal duties caused by their testimony, and shall not receive witness fees.

(iii) The fees and expenses of other persons called to testify at a hearing shall be paid by the party requesting their appearance.

(iv) The administrative law judge may require the agency to pay travel expenses necessary for the complainant to attend the hearing.

(v) The respondent shall pay the required expenses and charges for the administrative law judge and court reporter.

(vi) All other expenses shall be paid by the party, the intervening party, or amicus curiae incurring them.

(6) The administrative law judge shall submit in writing recommended findings of fact, conclusions of law, and remedies to all parties and the Complaint Adjudication Officer within 30 days after receipt of the hearing transcripts, or within 30 days after the conclusion of the hearing if no transcript is made. This time limit may be extended with the permission of the Complaint Adjudication Officer.

(7) Within 15 days after receipt of the recommended decision of the administrative law judge, any party may file exceptions to the decision with the Complaint Adjudication Officer. Thereafter, each party will have ten days to file reply exceptions with the Officer.

(l) *Decision.* (1) The Complaint Adjudication Officer shall make the decision of the agency based on information in the investigative record and, if a hearing is held, on the hearing record. The decision shall be made within 60 days of receipt of the transmittal of the notice of appeal and investigative record pursuant to

§ 39.170(l)(3) or after the period for filing exceptions ends, whichever is applicable. If the Complaint Adjudication Officer determines that he or she needs additional information from any party, he or she shall request the information and provide the other party or parties an opportunity to respond to that information. The Complaint Adjudication Officer shall have 60 days from receipt of the additional information to render the decision on the appeal. The Complaint Adjudication Officer shall transmit his or her decision by letter to the parties. The decision shall set forth the findings, remedial action required, and reasons for the decision. If the decision is based on a hearing record, the Complaint Adjudication Officer shall consider the recommended decision of the administrative law judge and render a final decision based on the entire record. The Complaint Adjudication Officer may also remand the hearing record to the administrative law judge for a fuller development of the record.

(2) Any respondent required to take action under the terms of the decision of the agency shall do so promptly. The Official may require periodic compliance reports specifying—

(i) The manner in which compliance with the provisions of the decision has been achieved;

(ii) The reasons any action required by the final decision has not yet been taken; and

(iii) The steps being taken to ensure full compliance.

The Complaint Adjudication Officer may retain responsibility for resolving disagreements that arise between the parties over interpretation of the final agency decision, or for specific adjudicatory decisions arising out of implementation.

Editorial Note: For the convenience of the user, the "Supplementary Information" portion of the document published at 49 FR 35724, Sept. 11, 1984, is set forth below:

SUPPLEMENTARY INFORMATION: On December 16, 1983, the Department of Justice published a Notice of Proposed Rulemaking (NPRM) for the enforcement of section 504 of the Rehabilitation Act of 1973, as amended, which prohibits discrimination on the basis of handicap, as it applies to programs and activities conducted by the Department of Justice. 48 FR 55996. Shortly after the NPRM was published, the Department received a number of preliminary comments from handicapped individuals and from organizations representing handicapped individuals. The tone and nature of these comments indicated to the Department that some of the regulatory provisions of the NPRM were being misunderstood. As a result, the Department, on March 1, 1984, published a Supplementary Notice further explaining the NPRM and requesting comments on possible revisions to the original NPRM. 49 FR 7792.

By April 16, 1984, close of the comment period, the Department received 1,194 comments. Two hundred and six of these comments also addressed the supplemental notice. Over 90% of the comments that the Department received came from individuals (908), most frequently handicapped persons, and from organizations representing the interests of handicapped persons (180). The Department received comments from all fifty states, the District of Columbia, Puerto Rico, Canada, and Denmark. Most of the comments that the Department received were general in nature. The Department received 721 comments based on a form letter. This form letter, written before issuance of the Supplemental Notice, expressed dismay at the inclusion of the regulation's "undue financial and administrative burdens" language, asserted that the Department was imposing a lesser requirement on the Federal government than on recipients of Federal assistance, and requested that the regulation be withdrawn. This form letter did not contain any substantive or detailed analysis. In fact, only 55 of the 1,194 comments contained specific, detailed analysis of the Department's proposal.

The Department read and analyzed each comment. Each comment was then subdivided according to one or more of over 90 issue categories. Because comments often addressed, even in general terms, more than one issue, the 1,194 comments were translated into 4,256 issue-specific comments. The decisions that the Department made in response to these comments, however, were not made on the basis of the number of commenters addressing any one point but on a thorough consideration of the merits of the points of view expressed in the comments. Copies of the written comments will remain available for public inspection in Room 854 of the HOLC Building, 320 First Street, N.W., Washington, D.C. from 9:00 a.m. to 5:30 p.m., Monday through Friday, except for legal holidays, until November 13, 1984.

Section 504 requires that regulations that apply to the programs and activities of Federal executive agencies shall be submitted to the appropriate authorizing committees of

Congress and that such regulations may take effect no earlier than the thirtieth day after they have been so submitted. The Department has today submitted this regulation to the Senate Committee on Labor and Human Resources and its Subcommittee on the Handicapped and the House Committee on Education and Labor and its Subcommittee on Select Education pursuant to the terms of section 504. The regulation will become effective on October 11, 1984.

This rule applies to all programs and activities conducted by the Department of Justice. Thus, this rule regulates the activities of over 30 separate subunits in the Department, including, for example, the Federal Bureau of Investigation, the Drug Enforcement Administration, the Immigration and Naturalization Service, the Bureau of Prisons, Federal Prison Industries, and the United States Attorneys.

BACKGROUND

The purpose of this rule is to provide for the enforcement of section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), as it applies to programs and activities conducted by the Department of Justice (DOJ). As amended by the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978 (Sec. 119, Pub. L. 95-602, 92 Stat. 2982), section 504 of the Rehabilitation Act of 1973 states that:

> No otherwise qualified handicapped individual in the United States, . . . shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance *or under any program or activity conducted by any Executive agency or by the United States Postal Service. The head of each such agency shall promulgate such regulations as may be necessary to carry out the amendments to this section made by the Rehabilitation, Comprehensive Services, and Developmental Disabilities Act of 1978. Copies of any proposed regulation shall be submitted to appropriate authorizing committees of the Congress, and such regulation may take effect no earlier than the thirtieth day after the date on which such regulation is so submitted to such committees.*

(29 U.S.C. 794) (amendment italicized).

The substantive nondiscrimination obligations of the agency, as set forth in this rule, are identical, for the most part, to those established by Federal regulations for programs or activities receiving Federal financial assistance. *See* 28 CFR Part 41 (section 504 coordination regulation for federally assisted programs). This general parallelism is in accord with the intent expressed by supporters of the 1978 amendment in floor debate, including its sponsor, Rep. James M. Jeffords, that the Federal government should have the same section 504 obligations as recipients of Federal financial assistance. 124 Cong. Rec. 13,901 (1978) (remarks of Rep. Jeffords); 124 Cong. Rec. E2668, E2670 (daily ed. May 17, 1984) *id.*, 124 Cong. Rec. 13,897 (remarks of Rep. Brademas); *id.* at 38,552 (remarks of Rep. Sarasin).

Nine hundred and two comments that the Department received agreed that the obligations of section 504 for federally conducted programs should be identical to those developed by the Federal agencies over the past seven years for federally assisted programs. These commenters, however, objected to any language differences between the Department's proposed rule for federally conducted programs and the Department's section 504 coordination regulation for federally assisted programs (28 CFR Part 41). The commenters asserted that a number of language differences that the Department had proposed created less stringent standards for the Federal government than those applied to recipients of Federal assistance under section 504. They wrote that such a result could not be justified by Executive Order 12250, by the wording of the statute itself, nor by the legislative history of the 1978 amendments.

The commenters appear to have misunderstood the basis for inclusion of the new language in the DOJ regulation. The changes in this regulation are based on the Supreme Court's decision in *Southeastern Community College* v. *Davis*, 442 U.S. 397 (1979), and the subsequent circuit court decisions interpreting *Davis* and section 504. *See Dopico* v. *Goldschmidt*, 687 F.2d 644 (2d Cir. 1982); *American Public Transit Association* v. *Lewis*, 655 F.2d 1272 (D.C. Cir. 1981) (*APTA*); *see also Rhode Island Handicapped Action Committee* v. *Rhode Island Public Transit Authority*, 718 F.2d 490 (1st Cir. 1983).

Some commenters questioned the use of *Davis* as justification for the inclusion of the new provisions in the federally conducted regulation. They noted that the Department had not included these changes when, subsequent to the *Davis* decision, it issued a regulation implementing section 504 in programs receiving Federal financial assistance from this Department. The Department's section 504 federally assisted regulation, however, was issued prior to the D.C. circuit's decision in *APTA*. In *APTA*, the Department had argued a position similar to that advocated by the commenters. Judge Abner Mikva's decision in *APTA* clearly rejected the Department's position in that case. Other circuit court decisions followed the *APTA* interpretation of *Davis*. Since these decisions, the Department has interpreted its section 504 regulation for federally assisted programs in a manner consistent with the language of this final rule. The Department believes that judicial interpretation of section 504 compels it to incorporate the new language in the federally conducted regulation.

Incorporation of these changes, therefore, makes this section 504 federally conducted regulation consistent with the Federal government's section 504 federally assisted regulations. Because many of these federally assisted regulations were issued prior to the judicial interpretations of *Davis* and its progeny, their language does not reflect the interpretation of section 504 provided by the Supreme Court and by the various circuit courts. Of course, these federally assisted regulations must be interpreted to reflect the holdings of the Federal judiciary. Hence the Department believes that there are no significant differences between this final rule for federally conducted programs and the Federal government's interpretation of section 504 regulations for federally assisted programs.

This regulation has been reviewed by the Equal Employment Opportunity Commission under Executive Order 12067 (43 FR 28967, 3 CFR, 1978 Comp., p. 206). It is not a major rule within the meaning of Executive Order 12291 (46 FR 13193, 3 CFR, 1981 Comp., p. 127) and, therefore, a regulatory impact analysis has not been prepared. This regulation does not have an impact on small entities. It is not, therefore, subject to the Regulatory Flexibility Act (5 U.S.C. 601-612).

SECTION-BY-SECTION ANALYSIS AND RESPONSE TO COMMENTS

Section 39.101 Purpose

Section 39.101 states the purpose of the rule, which is to effectuate section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978, which amended section 504 of the Rehabilitation Act of 1973 to prohibit discrimination on the basis of handicap in programs or activities conducted by Executive agencies or the United States Postal Service.

The Department received no comments on this section and it remains unchanged from the Department's proposed rule.

Section 39.102 Application

The regulation applies to all programs or activities conducted by the Department of Justice. Under this section, a federally conducted program or activity is, in simple terms, anything a Federal agency does. Aside from employment, there are two major categories of federally conducted programs or activities covered by this regulation: those involving general public contact as part of ongoing agency operations and those directly administered by the Department for program beneficiaries and participants. Activities in the first part include communication with the public (telephone contacts, office walk-ins, or interviews) and the public's use of the Department's facilities (cafeteria, library). Activities in the second category include programs that provide Federal services or benefits (immigration activities, operation of the Federal prison system). No comments were received on this section.

Section 39.103 Definitions

The Department received 469 comments on the definitions section. Most of the comment, however, concentrated on the definition of "qualified handicapped person."

"Agency" is defined as the Department of Justice.

"Assistant Attorney General." "Assistant Attorney General" refers to the Assistant Attorney General, Civil Rights Division, United States Department of Justice.

"Auxiliary aids." "Auxiliary aids" means services or devices that enable persons with impaired sensory, manual, or speaking skills to have an equal opportunity to participate in and enjoy the benefits of the agency's programs or activities. The definition provides examples of commonly used auxiliary aids. Auxiliary aids are addressed in § 39.160(a)(1). Comments on the definition of "auxiliary aids" are discussed in connection with that section.

"Complete complaint." "Complete complaint" is defined to include all the information necessary to enable the agency to investigate the complaint. The definition is necessary, because the 180 day period for the agency's investigation (*see* § 39.170(g)) begins when it receives a complete complaint.

"Facility." The definition of "facility" is similar to that in the section 504 coordination regulation for federally assisted programs, 28 CFR 41.3(f), except that the term "rolling stock or other conveyances" has been added and the phrase "or interest in such property" has been deleted.

Twenty commenters on the NPRM objected to the omission of the phrase "or interest in such property" from the definition of "facility." As explained in the Supplemental Notice, the term "facility," as used in this regulation, refers to structures, and does not include intangible property rights. The definition, therefore, has no effect on the scope of coverage of programs, including those conducted in facilities not included in the definition. The phrase has been omitted because the requirement that facilities be accessible would be a logical absurdity if applied to a lease, life estate, mortgage, or other intangible property interest. The regulation applies to all programs and activities conducted by the agency regardless of whether the facility in which they are conducted is owned, leased, or used on some other basis by the agency. Sixty commenters supported the clarification of this issue in the Supplemental Notice.

"Handicapped person." The definition of "handicapped person" has been revised to make it identical to the definition appearing in the section 504 coordination regulation for federally assisted programs (28 CFR 41.31). In its NPRM, the Department omitted the list of physical or mental impairments included in the definition of "handicapped persons." The Department received 19 negative comments on this omission, and, in the Supplemental Notice, requested comments on whether it should be re-inserted. On the basis of the comments received, we have included the list in the final rule.

"Qualified handicapped person" The definition of "qualified handicapped person" is a revised version of the definition appearing in the section 504 coordination regulation for federally assisted programs (28 CFR 41.32).

Subparagraph (1) of the definition states that a "qualified handicapped person" with regard to any program under which a person is required to perform services or to achieve a level of accomplishment is a handicapped person who can achieve the purpose of the program without modifications in the program that the agency can demonstrate would result in a fundamental alteration in its nature. This definition is based on the Supreme Court's *Davis* decision.

In *Davis*, the Court ruled that a hearing-impaired applicant to a nursing school was not a "qualified handicapped person" because her hearing impairment would prevent her from participating in the clinical training portion of the program. The Court found that, if the program were modified so as to enable the respondent to participate (by exempting her from the clinical training requirements), "she would not receive even a rough equivalent of the training a nursing program normally gives." 442 U.S. at 410. It also found that "the purpose of [the] program was to train persons who could serve the nursing profession in all customary ways," *id.* at 413, and that the respondent would be unable, because of her hearing impairment, to perform some functions expected of a registered nurse. It therefore concluded that the school was not required by section 504 to make such modifications that would result in "a fundamental alteration in the nature of the program." *Id.* at 410.

The Department incorporated the Court's language in the definition of "qualified handicapped person" in order to make clear that such a person must be able to participate in the program offered by the agency. The agency is required to make modifications in order to enable a handicapped applicant to participate, but is not required to offer a program of a fundamentally different nature. The test is whether, with appropriate modifications, the applicant can achieve the purpose of the program offered; not whether the applicant could benefit or obtain results from some other program that the agency does not offer. Although the revised definition allows exclusion of some handicapped people from some programs, it requires that a handicapped person who is capable of achieving the purpose of the program must be accommodated, provided that the modifications do not fundamentally alter the nature of the program.

Two hundred and forty-four commenters objected to this revised definition for a variety of reasons. Several commenters stated that the Department incorrectly used *Davis* as the justification for explaining the differences between the federally assisted and the federally conducted regulations because the Supreme Court upheld the validity of the existing regulations in *Consolidated Rail Corp.* v. *Darrone*, 104 S. Ct. 1248 (1984). This view misunderstands the Court's actions in *Darrone*. In that case the Court ruled on a series of issues, the most important of which was under what circumstances section 504 applied to employment discrimination by recipients. The Court did not concern itself either directly or indirectly with the definition of "qualified handicapped person" or whether section 504 included limitations based on "undue financial and administrative burdens."

Many commenters stated that the proposal would change the definition of qualified handicapped person for employment. "Qualified handicapped person" is defined for purposes of employment in 29 CFR 1613.702(f), which is made applicable to this part by § 39.140. Nothing in this part changes existing regulations applicable to employment.

Many commenters assumed that the definition would have the effect of placing on the handicapped person the burden of proving that he or she is qualified. The definition has been revised to make it clear that the agency has the burden of demonstrating that a proposed modification would constitute a fundamental alteration in the nature of its program or activity. Furthermore, in demonstrating that a modification would result in such an alteration, the agency must follow the procedures established in §§39.150(a)(2) and 39.160(d), which are discussed below, for demonstrating that an action would result in undue financial and administrative burdens. That is, the decision must be made by the agency head or his or her designee in writing after consideration of all resources available for the program or activity and must be accompanied by an explanation of the reasons for the decision. If the agency head determines that an action would result in a fundamental alteration, the agency must consider options that would enable the handicapped person to achieve the purpose of the program but would not result in such an alteration.

Some commenters said that the definition of "qualified handicapped person" places handicapped persons in a "Catch-22" situation: because only qualified handicapped persons are protected by the statute, a determination that a person is not qualified would make enforcement remedies unavailable to that person. This concern is misplaced. If the Department determined that a handicapped person was not "qualified," the person could use the procedures established by § 39.170 to challenge that determination, just as he or she could challenge any other decision by the agency that he or she believed to be discriminatory.

Many commenters argued that the definition of "qualified handicapped person" confused what should be two separate inquiries: whether a person meets essential eligibility requirements and, if so, whether accommodation is required. They argued that the reference to "fundamental alteration" in the definition focuses attention on accommodations rather than on a handicapped person's abilities. As another commenter noted, however, the Supreme Court in *Davis* developed the "fundamental alteration" language in a decision that was determining the nature and scope of what constitutes a qualified handicapped person. The Department continues to believe that the concept of "qualified handicapped person" properly encompasses both the notion of "essential eligibility requirements" and the notion of program modifications that might fundamentally alter a program.

Some commenters argued that our analysis of *Davis* was inappropriate because *Davis* was decided on the basis of individual facts unique to that case or because *Davis* involved federally assisted and not federally conducted programs. While cases are decided on the basis of specific factual situations, courts, especially the Supreme Court, develop general principles of law for use in analyzing facts. The *Davis* decision was the Supreme Court's first comprehensive view of section 504, a major new civil rights statute. The *Davis* holding, that a person who cannot achieve the purpose of a program without fundamental changes in its nature is not a "qualified handicapped person," is a general principle, a statement by the Court on how it views section 504. It is therefore necessary to reflect it in the Department's regulation.

Subparagraph (2) of the definition adopts the existing definition in the coordination regulation of "qualified handicapped person" with respect to services for programs receiving Federal financial assistance (28 CFR 41.32(b)). Under this part of the definition, a qualified handicapped person is a handicapped person who meets the essential eligibility requirements for participation in the program or activity.

"Section 504." This definition makes clear that, as used in this regulation, "section 504" applies only to programs or activities conducted by the agency and not to programs or activities to which it provides Federal financial assistance.

Section 39.110 Self-evaluation

This section requires that the agency conduct a self-evaluation of its compliance with section 504 within one year of the effective date of this regulation. The self-evaluation requirement is present in the existing section 504 coordination regulation for programs or activities receiving Federal financial assistance (28 CFR 41.5(b)(2)). Experience has demonstrated the self-evaluation process to be a valuable means of establishing a working relationship with handicapped persons that promotes both effective and efficient implementation of section 504.

In response to preliminary comments that the proposed rule had no specific criteria for conducting a self-evaluation, we requested comment on a proposed alternative in our Supplemental Notice (49 FR 7792). We received 64 comments, 57 of which were positive. The comments generally favored adoption of the alternative section, instead of the proposed section. We agree.

With respect to the applicability of the Federal Advisory Committee Act (5 U.S.C. App. 1 et seq.) (FACA), several comments were received. They argued that the FACA is not intended to apply to meetings with a self-evaluation group comprised of private individuals because they are rather unstructured, ad hoc meetings.

Authority for interpreting FACA was delegated to the General Services Administration (GSA) by Executive Order 12024 in 1977. Regulations issued by GSA place specific limitations on the scope of the Act by delineating examples of meetings or groups *not* covered. 41 CFR Part 101-6. GSA identified a major issue in the promulgation of the regulations to be the extent of applicability of the Act

Some commenters believe, as a matter of general policy, that advisory groups which are not formally structured, which do not have a continuing existence, which meet to deal with specific issues, and whose meetings do not constitute an established pattern of conduct should not be covered under the Act. * * * This rule reflects our judgment that the exclusion of certain non-recurring meetings from the Act's coverage is fully consistent with the statute, its legislative history, and judicial interpretation. * * * The interim rule provides guidance for those meetings between Federal officials and non-Federal individuals which do not fall within the scope of the Act, and for which a charter and consultation with GSA is not required.

48 FR 19324 (Preamble to interim rules).

The regulations define "advisory committee" in pertinent part as:

> Any committee, board, commission, council, conference, panel, task force or other similar group * * * established by * * * or *utilized by* * * * any agency official *for the purpose of obtaining advice or recommendations on issues or policy* which are within the scope of his or her responsibilities.

41 CFR 101-6. 1003 (emphasis added).

In turn, "utilized" is defined in pertinent part as a

> group * * * which * * * agency official(s) *adopts*, such as through institutional arrangements, *as a preferred source from which to obtain advice or recommendations on a specific issue* or policy within the scope of his or her responsibilities *in the same manner* as that *individual would obtain advice or recommendations from an established advisory committee.*

41 CFR 101-6.1003 (emphasis added).

The GSA regulation further provides that the Act does not apply to

> (g) Any meeting initiated by the President or one or more Federal official [sic] for the purpose of obtaining advice or recommendations from one individual;
>
> (h) Except with respect to established advisory committees:
>
> (1) Any meeting with a group initiated by the President or one or more Federal official(s) for the purpose of exchanging facts or information; or
>
> (2) Any meeting initiated by a group with the President or one or more Federal official(s) for the purpose of expressing the group's view, provided that the President or Federal official(s) does not use the group as a preferred source of advice or recommendations;
>
> * * * * *
>
> (j) Any meeting initiated by a Federal official(s) with more than one individual for the purpose of obtaining the advice of individual attendees and not for the purpose of utilizing the group to obtain consensus advice or recommendations.

41 CFR 101-6.1004 (g), (h), and (j).

This final rule provides that the agency shall provide an opportunity for interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the self-evaluation process and development of transition plans by submitting comments (both oral and written).

Section 39.111 Notice

The Department received negative comments on its omission of a paragraph routinely used in section 504 regulations for federally assisted programs requiring recipients to inform interested persons of their rights under section 504. In the Department's Supplemental Notice, we requested comments on inclusion of specific regulatory language. Fifty-four positive comments were received. As a result, the Department has incorporated that new provision on notice into the final rule. It appears as § 39.111.

Section 39.111 requires the agency to disseminate sufficient information to employees, applicants, participants, beneficiaries, and other interested persons to apprise them of rights and protections afforded by section 504 of this regulation. Methods of providing this information include, for example, the publication of information in handbooks, manuals, and pamphlets that are distributed to the public to describe the agency's programs and activities; the display of informative posters in service centers and other public places; or the broadcast of information by television or radio.

Section 39.111 is, in fact, a broader and more detailed version of the proposed rule's requirement (at § 39.160(d)) that the agency provide handicapped persons with information concerning their rights. Because § 39.111 encompasses the requirements of proposed § 39.160(d), that latter paragraph has been deleted as duplicative.

Section 39.130 General prohibitions against discrimination

Section 39.130 is an adaptation of the corresponding section of the section 504 coordination regulation for programs or activities receiving Federal financial assistance (28 CFR 41.51). This regulatory provision attracted relatively few public comments and has not been changed from the proposed rule.

Paragraph (a) restates the nondiscrimination mandate of section 504. The remaining paragraphs in § 39.130 establish the general principles for analyzing whether any particular action of the agency violates this mandate. These principles serve as the analytical foundation for the remaining sections of the regulation. If the agency violates a provision in any of the subsequent sections, it will also violate one of the general prohibitions found in § 39.130. When

BEST COPY AVAILABLE

there is no applicable subsequent provision, the general prohibitions stated in this section apply.

Paragraph (b) prohibits overt denials of equal treatment of handicapped persons. The agency may not refuse to provide a handicapped person with an equal opportunity to participate in or benefit from its program simply because the person is handicapped. Such blatantly exclusionary practices often result from the use of irrebuttable presumptions that absolutely exclude certain classes of disabled persons (*e.g.*, epileptics, hearing-impaired persons, persons with heart ailments) from participation in programs or activities without regard to an individual's actual ability to participate. Use of an irrebuttable presumption is permissible only when in all cases a physical condition by its very nature would prevent an individual from meeting the essential eligibility requirements for participation in the activity in question. It would be permissible, therefore, to exclude without an individual evaluation all persons who are blind in both eyes from eligibility for a license to operate a commercial vehicle in interstate commerce; but it may not be permissible to disqualify automatically all those who are blind in just one eye.

In addition, section 504 prohibits more than just the most obvious denials of equal treatment. It is not enough to admit persons in wheelchairs to a program if the facilities in which the program is conducted are inaccessible. Subparagraph (b)(1)(iii), therefore, requires that the opportunity to participate or benefit afforded to a handicapped person be as effective as that afforded to others. The later sections on program accessibility (§§ 39.149-39.151) and communications (§ 39.160) are specific applications of this principle.

Despite the mandate of paragraph (d) that the agency administer its programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons, subparagraph (b)(1)(iv), in conjunction with paragraph (d), permits the agency to develop separate or different aids, benefits, or services when necessary to provide handicapped persons with an equal opportunity to participate in or benefit from the agency's programs or activities. Subparagraph (b)(1)(iv) requires that different or separate aids, benefits, or services be provided only when necessary to ensure that the aids, benefits, or services are as effective as those provided to others. Even when separate or different aids, benefits, or services would be more effective, subparagraph (b)(2) provides that a qualified handicapped person still has the right to choose to participate in the program that is not designed to accommodate handicapped persons.

Subparagraph (b)(1)(v) prohibits the agency from denying a qualified handicapped person the opportunity to participate as a member of a planning or advisory board.

Subparagraph (b)(1)(vi) prohibits the agency from limiting a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving any aid, benefit, or service.

Subparagraph (b)(3) prohibits the agency from utilizing criteria or methods of administration that deny handicapped persons access to the agency's programs or activities. The phrase "criteria or methods of administration" refers to official written agency policies and to the actual practices of the agency. This subparagraph prohibits both blatantly exclusionary policies or practices and nonessential policies and practices that are neutral on their face, but deny handicapped persons an effective opportunity to participate.

Subparagraph (b)(4) specifically applies the prohibition enunciated in § 39.130(b)(3) to the process of selecting sites for construction of new facilities or existing facilities to be used by the agency. Subparagraph (b)(4) does not apply to construction of additional buildings at an existing site.

Subparagraph (b)(5) prohibits the agency, in the selection of procurement contractors, from using criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

Subparagraph (b)(6) prohibits the agency from discriminating against qualified handicapped persons on the basis of handicap in the granting of licenses or certification. A person is a "qualified handicapped person" with respect to licensing or certification, if he or she can meet the essential eligibility requirements for receiving the license or certification (*see* § 39.103).

In addition, the agency may not establish requirements for the programs or activities of licensees or certified entities that subject qualified handicapped persons to discrimination on the basis of handicap. For example, the agency must comply with this requirement when establishing safety standards for the operations of licensees. In that case the agency must ensure that standards that it promulgates do not discriminate in an impermissible manner against the employment of qualified handicapped persons.

Subparagraph (b)(6) does not extend section 504 directly to the programs or activities of licensees or certified entities themselves. The programs or activities of Federal licensees or certified entities are not themselves federally conducted programs or activities nor are they programs or activities receiving Federal financial assistance merely by virtue of the Federal license or certificate. However, as noted above, section 504 may affect the content of the rules established by the agency for the operation of the program or activity of the licensee or certified entity, and thereby indirectly affect limited aspects of its operations.

Twenty-three commenters argued that the regulation should extend to the activities of licensees or certified entities, citing *Community Television of Southern California* v. *Gottfried*, 103 S. Ct. 885 (1983). In that case, the Court held that section 504 as applied to federally assisted programs did not require the Federal Communications Commission to prohibit discrimination on the basis of handicap by licensed broadcasters, but that "the policies underlying the Communications Act" might authorize the Commission to issue a regulation governing such discrimination. The Court did not, however, indicate that section 504 itself could serve as the source of such regulatory authority.

The Court has held that "the use of the words 'public interest' in a regulatory statute is not a broad license to promote the general public welfare. Rather the words take meaning from the purposes of the regulatory legislation." *National Association for the Advancement of Colored People* v. *Federal Power Commission*, 425 U.S. 662, 669 (1976). In our view, section 504 does not of itself extend an agency's regulatory authority to the activities of licensees or certified entities. Where an agency has existing regulatory authority that is broad enough to enable it to establish a nondiscrimination requirement for its licensees or certified entities, section 504 may support the exercise of that authority. Because the Department of Justice has no such underlying authority, it cannot prohibit discrimination by licensees.

Twenty-two commenters objected to the omission of a paragraph from the regulations for federally assisted programs that prohibits a recipient from providing significant assistance to an organization that discriminates. To the extent that assistance from the agency would provide significant support to an organization, it would constitute Federal financial assistance and the organization, as a recipient of such assistance, would be covered by the agency's section 504 regulation for federally assisted programs. The regulatory "significant assistance" provision, however, would be inappropriate in a regulation applying only to federally conducted programs or activities.

Paragraph (c) provides that programs conducted pursuant to Federal statute or Executive order that are designed to benefit only handicapped persons or a given class of handicapped persons may be limited to those handicapped persons.

Paragraph (d), discussed above, provides that the agency must administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

Section 39.140 Employment

Section 39.140 prohibits discrimination on the basis of handicap in employment by the agency. Comments on proposed § 39.140 identified two types of problems. First, several commenters felt that the rule's treatment of employment was not sufficiently comprehensive. They pointed out that the rule does not enumerate the employment practices covered (*e.g.*, hiring, promotion, assignment); it does not say what must be done to avoid or correct possible discrimination (*e.g.*, reasonable accommodation, review of preemployment tests, limitations on preemployment inquiries and the use of medical examinations); nor does it define a "qualified handicapped person" with respect to employment.

Second, one commenter objected to the rule's adoption of "the definitions, requirements and procedures of section 501 of the Rehabilitation Act" as established in rules of the Equal Employment Opportunity Commission (EEOC) at 29 CFR Part 1613. This commenter argued that EEOC's rules on physical examinations were too restrictive and claimed that the proposed rule did not limit employment coverage to the program conducted by the Federal government in a manner similar to the "program or activity" limitation on coverage of programs receiving Federal financial assistance. Finally, the commenter asserted that reliance on section 501 was misplaced because that section of the Rehabilitation Act requires affirmative action whereas section 504, which the rule implements, contains only a nondiscrimination requirement.

The original notice of proposed rulemaking explained that the regulation is in accord with *Prewitt* v. *United States Postal Service*, 662 F.2d 292 (5th Cir. 1981), which held that Congress intended section 504 to cover the employment practices of Executive agencies. In *Prewitt*, the court also held that, in order to give effect to sections 501 and 504, both of which cover Federal employment, the administrative procedures of section 501 must be followed. Accordingly, the proposed rule adopted the definitions, requirements and procedures of section 501 as established in EEOC's rules.

The final rule has not been changed. The Department intends to avoid duplicative, competing or conflicting standards under the Rehabilitation Act with respect to Federal employment. While the rule could define terms with respect to employment and enumerate what practices are covered and what requirements apply, reference to the Government-wide rules of the Equal Employment Opportunity Commission is sufficient and avoids duplication. The class of Federal employees and applicants for employment covered by section 504 is identical to or subsumed within that covered by section 501. To apply different or lesser standards to persons alleging violations of section 504 could lead unnecessarily to confusion in the enforcement of the Rehabilitation Act with respect to Federal employment.

Section 39.149 Program accessibility: Discrimination prohibited

The proposed regulation did not contain a general statement of the program accessibility requirement similar to that appearing in the section 504 coordination regulation for federally assisted programs (28 CFR 41.56). The decision not to include this language in the proposed regulation created the misperception that a change in substance was intended. In order to remedy this misunderstanding, the Supplemental Notice requested comments on explicitly including it. Sixty-two commenters favored inclusion of the specific regulatory language that was published in the Supplemental Notice. Consequently, the final rule has been revised to include the language of the Supplemental Notice. The language appears at § 39.149.

Section 39.150 Program accessibility: Existing facilities

This regulation adopts the program accessibility concept found in the existing section 504 coordination regulation for programs or activities receiving Federal financial assistance (28 CFR 41.57), with certain modifications. Thus, § 39.150 requires that the agency's program or activity, when viewed in its entirety, be readily accessible to and usable by handicapped persons. The regulation also makes clear that the agency is not required to make each of its existing facilities accessible (§ 39.150(a)(1)). However, § 39.150, unlike 28 CFR 41.56-41.57, places explicit limits on the agency's obligation to ensure program accessibility (§ 39.150(a)(2)). This provision provoked 959 comments, the largest number received on any single issue. Most commenters sought the deletion of the "undue financial and administrative burdens" language from the regulation. On the basis of preliminary comments on this paragraph, the Department published clarifying language in its Supplemental Notice. The final version includes that clarification.

The "undue financial and administrative burdens" language (found at §§ 39.150(a)(2) and 39.160(d)) is based on the Supreme Court's *Davis* holding that section 504 does not require program modifications that result in a fundamental alteration in the nature of a program, and on the Court's statement that section 504 does not require modifications that would result in "undue financial and administrative burdens." 442 U.S. at 412. Since *Davis*, circuit courts have applied this limitation on a showing that only one of the two "undue burdens" would be created as a result of the modification sought to be imposed under section 504. *See, e.g., Dopico* v. *Goldschmidt, supra; American Public Transit Association* v. *Lewis, supra (APTA)*. In *APTA* the United States Court of Appeals for the District of Columbia Circuit applied the *Davis* language and invalidated the section 504 regulations of the Department of Transportation (DOT). The court in *APTA* noted "that at some point a transit system's refusal to take modest, affirmative steps to accommodate handicapped persons might well violate section 504. But DOT's rules do not mandate only modest expenditures. The regulations require extensive modifications of existing systems and impose extremely heavy financial burdens on local transit authorities." 655 F.2d at 1278.

The inclusion of subparagraph (a)(2) is an effort to conform the agency's regulation implementing section 504 to the Supreme Court's interpretation of the statute in *Davis* as well as to the decisions of lower courts following the *Davis* opinion. This subparagraph acknowledges, in light of recent case law, that, in some situations, certain accommodations for a handicapped person may so alter an agency's program or activity, or entail such extensive costs and administrative burdens that the refusal to undertake the accommodations is not discriminatory. The failure to include such a provision could lead to judicial invalidation of the regulation or reversal of a particular enforcement action taken pursuant to the regulation.

Many commenters argued that the Supreme Court's decision in *Davis* did not require inclusion of an undue burdens defense in this regulation. These commenters asserted that the holding in *Davis* was that the plaintiff was not a qualified handicapped person and that the subsequent reference to "undue financial and administrative burdens" was mere *dicta*. These commenters overlook the interpretations of *Davis* provided by the Federal circuit court cases mentioned above. The *APTA* and *Dopico* decisions make it clear that financial burdens can limit the obligation to comply with section 504. *See also New Mexico Association for Retarded Citizens* v. *New Mexico*, 678 F.2d 847 (10th Cir. 1982).

Many commenters argued that inclusion of the undue burdens defense was inconsistent with the position taken by Vice President Bush in his letter of March 21, 1983, in which he announced the Administration's decision not to revise the coordination regulation for federally assisted programs. The decision to include the undue burdens defense represents no contradiction with the position taken by Vice President Bush on the guidelines for federally assisted programs. In his letter the Vice President stated that "extensive change of the existing 504 coordination regulations was not required, and that with respect to those few areas where clarification might be desirable, the courts are currently providing useful guidance and can be expected to continue to do so in the future." One element of that "useful guidance" obviously comes from interpretations of the *Davis* decision by the lower Federal courts.

The Department has carefully considered the comments on the process that the Department should follow in determining whether a program modification would result in undue financial and administrative burdens. The Department intends to be guided by six principles in its application of the "fundamental alteration" and "undue financial and administrative burdens" language.

First, because of the extensive resources and capabilities that could properly be drawn upon for section 504 purposes by a large Federal agency like the Department of Justice, the Department explicitly acknowledges that, in most cases, making a Department program accessible will likely not result in undue burdens. Second, the burden of proving that the accommodation request will result in a fundamental alteration or undue burdens has been placed squarely on the Department of Justice, not on the handicapped person. Third, in determining whether financial and administrative burdens are undue, the Department is to consider all Department resources available for use in the funding and operation of the conducted program. Fourth, the "fundamental alteration"/"undue burdens" decision is to be made by the Attorney General or his designee and must be accompanied by a written statement of reasons for reaching such a conclusion. Fifth, if a disabled person disagrees with the Attorney General's finding, he or she can file a complaint under the complaint procedures established by the final regulation. A significant feature of this complaint adjudication procedure is the availability of a hearing before an independent administrative law judge under the due process protections of the Administrative Procedure Act. Sixth and finally, even if there is a determination that making a program accessible will fundamentally alter the nature of the program, or will result in undue financial and administrative burdens, the Department must still take action, short of that outer limit, that will open participation in the Department's program to disabled persons to the fullest extent possible.

One hundred and eighty-one commenters on the Supplemental Notice objected to the provision that the "undue burdens" decision would be based on consideration of "all agency resources available for use in the funding and operation of the conducted program," arguing that it should be based on the resources of the agency as a whole. Some argued that this formulation was required because all agency resources come from taxpayer monies and should not be used to support discrimination.

The Department's entire budget is an inappropriate touchstone for making determinations as to undue financial and administrative burdens. Many parts of the Department's budget are earmarked for specific purposes and are simply not available for use in making the Department's programs accessible to disabled persons. For example, funds for the operation of the Bureau of Prisons are unavailable for defraying the cost of a sign language interpreter at a deportation hearing conducted by the Immigration and Naturalization Service. There are extensive resources available to the Department and it is expected that the Department will, only on very rare occasions, be faced with "undue burdens" in meeting the program accessibility or communications sections of the regulation.

One commenter said that the term "undue hardship" used in regulations for federally assisted programs is more specific and less discriminatory than the term "undue burdens." The term "undue hardship" is a term of art used in connection with employment. The term "undue burdens" is taken from the Supreme Court's opinion in *Davis* and is appropriately included in this regulation.

Some commenters argued that section 504 creates an absolute right to access, and that cost cannot limit this right, although it may be a factor in determining timeframes for compliance. Section 504 does not create an absolute right to access. The Supreme Court stated in *Davis* that recipients need not undertake modifications to their programs to meet the requirements of section 504 that would result in "undue financial and administrative burdens." This understanding of section 504 and its implementing regulations for federally assisted programs is shared by the lower Federal courts, which have routinely applied the "undue burdens" limitation to accessibility issues. Congress suggested no different interpretation of section 504 when applying it to federally conducted programs. Spreading the cost of compliance over a period of time is, however, one way of avoiding undue financial and administrative burdens, and the Department will consider that as an option whenever it considers asserting that defense.

Paragraph (b) sets forth a number of means by which program accessibility may be achieved, including redesign of equipment, reassignment of services to accessible buildings, and provision of aides. In choosing among methods, the agency shall give priority consideration to those that will be consistent with provision of services in the most integrated setting appropriate to the needs of handicapped persons. Structural changes in existing facilities are required only when there is no other feasible way to make the agency's program accessible. The agency may comply with the program accessibility requirement by delivering services at alternate accessible sites or making home visits as appropriate.

Paragraphs (c) and (d) establish time periods for complying with the program accessibility requirement. As currently required for federally assisted programs by 28 CFR 41.57(b), the agency must make any necessary structural changes in facilities as soon as practicable, but in no event later than three years after the effective date of this regulation. Where structural modifications are required, a transition plan shall be developed within six months of the effective date of this regulation. Aside from structural changes, all other necessary steps to achieve compliance shall be taken within sixty days.

Section 39.151 Program accessibility: New construction and alterations

Overlapping coverage exists with respect to new construction under section 504, section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C 792), and the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157). Section 39.151 provides that those buildings that are constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered to be readily accessible to and usable by handicapped persons in accordance with 41 CFR 101-19.600 to 101-19.607. This standard was promulgated pursuant to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157). It is appropriate to adopt the existing Architectural Barriers Act standard for section 504 compliance because new and altered buildings subject to this regulation are also subject to the Architectural Barriers Act and because adoption of the standard will avoid duplicative and possibly inconsistent standards.

Existing buildings leased by the agency after the effective date of this regulation are not required to meet the new construction standard. They are subject, however, to the requirements of § 39.150.

A commenter has recommended that the regulation should require that buildings leased after the effective date of the regulation should meet the new construction standards of § 39.151, rather than the program accessibility standard for existing facilities in § 39.150. Federal practice under section 504 has always treated newly leased buildings as subject to the existing facility program accessibility standard. Unlike the construction of new buildings where architectural barriers can be avoided at little or no cost, the application of new construction standards to an existing building being leased raises the same prospect of retrofitting buildings as the use of an existing Federal facility, and the Department believes the same program accessibility standard should apply to both owned and leased existing buildings.

Section 39.160 Communications

Section 39.160 requires the agency to take appropriate steps to ensure effective communication with personnel of other Federal entities, applicants, participants, and members of the public. These steps include procedures for determining when auxiliary aids are necessary under § 39.160(a)(1) to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, the agency's program or activity. They also include an opportunity for handicapped persons to request the auxiliary aids of their choice. This expressed choice shall be given primary consideration by the agency (§ 39.160(a)(1)(i)). The agency shall honor the choice unless it can demonstrate that another effective means of communication exists or that use of the means chosen would not be required under § 39.160(d). That paragraph limits the obligation of the agency to ensure effective communication in accordance with *Davis* and the circuit court opinions interpreting it (*see supra* preamble § 39.150(a)(2)). Unless not required by § 39.160(d), the agency shall provide auxiliary aids at no cost to the handicapped person.

In some circumstances, a notepad and written materials may be sufficient to permit effective communication with a hearing-impaired person. In many circumstances, however, they may not be, particularly when the information being communicated is complex or exchanged for a lengthy period of time (*e.g.*, a meeting) or where the hearing-impaired applicant or participant is not skilled in spoken or written language. In these cases, a sign language interpreter may be appropriate. For vision-impaired persons, effective communication might be achieved by several means, including readers and audio recordings. In general, the agency intends to inform the public of (1) the communications services it offers to afford handicapped persons an equal opportunity to participate in or benefit from its programs or activities, (2) the opportunity to request a particular mode of communication, and (3) the agency's preferences regarding auxiliary aids when several different modes are effective.

The agency shall ensure effective communication with vision-impaired and hearing-impaired persons involved in hearings conducted by the agency, *e.g.*, INS deportation proceedings. Auxiliary aids in these proceedings must be afforded where they are necessary to ensure effective communication at the proceedings. When sign language interpreters are necessary, the agency may require that it be given reasonable notice prior to the proceeding of the need for an interpreter. Moreover, the agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature (§ 39.160(a)(1)(ii)). For example, the agency need not provide eye glasses or hearing aids to applicants or participants in its programs. Similarly, the regulation does not require the agency to provide wheelchairs to persons with mobility impairments.

Some commenters suggested that the Department's language in § 39.160(a)(1)(ii) that states that the agency need not provide individually prescribed devices or readers for personal use or study be modified to state that such devices are not required for "nonprogram material." This suggestion has not been adopted because it is less clear than the existing formulation, which is intended to distinguish between communications that are necessary to obtain the benefits of the federal programs and those that are not and which parallels the requirements of the Federal government's section 504 regulations for federally assisted programs. For example, a federally operated library would have to ensure effective communication between its librarian and a patron, but not between the patron and a friend who had accompanied him or her to the library.

Several comments suggested that the definition of auxiliary aids should include attendant services that may be needed to aid disabled persons to travel to meetings. Other comments recommended that in some cases attendant services may be an appropriate auxiliary aid to achieve program accessibility.

The Department has not adopted the approach recommended by these comments.To the extent that the services of an attendant are not directly related to a federally conducted program or activity, it would be inappropriate to require them at Federal expense. For example, the services of a sign language interpreter make a workshop as available to any deaf participant as it is to other participants. The need for services of interpreters arises directly out of the presentation of information in a form that can be understood by hearing persons. However, the Department views the services of an attendant for a disabled person as generally personal in nature and not directly related to the federally conducted program.

A different conclusion, however, might be reached for Federal employees or other persons traveling for the agency. Where a disabled person who is unable to travel without an attendant is required to perform official travel, the travel expenses of an attendant, including per diem and transportation expenses, may be paid by the Department. See 5 U.S.C. 3102(d) (1982).

Paragraph (b) requires the agency to provide information to handicapped persons concerning accessible services, activities, and facilities. Paragraph (c) requires the agency to provide signage at inaccessible facilities that directs users to locations with information about accessible facilities.

Section 39.170 Compliance procedures

Section 39.170 establishes a detailed complaint processing and review procedure for resolving allegations of discrimination in violation of section 504 in the Department of Justice's programs and activities. The 1978 amendments to section 504 failed to provide a specific statutory remedy for violations of section 504 in federally conducted programs. The amendment's legislative history suggesting parallelism between section 504 for federally conducted and federally assisted programs is unhelpful in this area because the fund termination mechanism used in section 504 federally assisted regulations depends on the legal relationship between a Federal funding agency and the recipients to which the Federal funding is extended. The Department has decided that the most effective and appropriate manner in which to enforce section 504 in the federally conducted area is through an equitable complaint resolution process. Section 39.170 establishes this process.

The complaint process in the final rule is substantially the same as the one that the Department proposed. The Department received 57 comments on this section. These comments did not question the use of a complaint-responsive enforcement scheme as appropriate for section 504 for federally conducted programs. The Department continues to view its specific proposal as satisfactory.

Paragraph (a) specifies that paragraphs (c) through (l) of this section establish the procedures for processing complaints other than employment complaints. Paragraph (b) provides that the agency will process employment complaints according to procedures established in existing regulations of the EEOC (29 CFR Part 1613) pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

Paragraph (c) vests in the Responsible Official the responsibility for the overall management of the 504 compliance program. "Responsible Official" or "Official," as defined in § 39.103, refers to the Director of Equal Employment Opportunity, who is designated as the official responsible for coordinating implementation of compliance procedures set forth in § 39.170. The definition of "Official" includes other Department Officials to whom authority has been delegated by the Official. The Assistant Attorney General for Administration has been designated as the Director of Equal Employment Opportunity for the Department. *See* 28 CFR 42.2(a).

Although one person has responsibility both for administering the Equal Employment Opportunity Program for the Department and for coordinating implementation of the compliance procedures under this part, the procedures for carrying out these two responsibilities are different. The Official would follow the procedures for enforcing equal employment opportunity, as set forth in 29 CFR Part 1613, only for complaints alleging employment discrimination (see § 39.170(b)). Other complaints would be processed under the procedures in § 39.170. Authority for processing complaints of employment discrimination has been delegated to Equal Employment Opportunity Officers in some Department components, and it is expected that authority for enforcing this part will be similarly delegated.

Subparagraphs (d) (1) and (3) provide that any person who believes that he or she has been discriminated against may file a complaint within 180 days from the date of the alleged discrimination. The Official may extend the time limit when the complainant shows good cause. Good cause could be found if, for example, (1) the complainant mistakenly filed with the wrong agency and was not informed of the mistake within the 180 days; or (2) the complainant could not reasonably be expected to know of the act or event said to be discriminatory.

Several commenters argued that the proposed rule unnecessarily restricted the right to file a complaint by not allowing an individual victim of discrimination to authorize a representative to file on his or her behalf. The final rule permits filing by the authorized representative of an individual victim, or, in the case of class discrimination, of a member of the class, as well as by an individual victim or class member. The final rule has been revised to make it clear that complaints alleging that a specific class of persons has been discriminated against may only be filed by a member of that specific class or by a representative authorized to file the complaint by a member of that class (§ 39.170(d)(1)).

The Federal Bureau of Prisons has established an Administrative Remedy Procedure for handling grievances of inmates of Federal penal institutions (28 CFR Part 542). This procedure allows an inmate to file a formal written complaint with the Warden of the Institution or with the Regional Director. While these remedies are not a substitute for the right to an independent investigation by a civil rights office and appeal to the Complaint Adjudication Officer, the final rule requires inmates to exhaust these procedural remedies before filing a complaint with the Official. The time period for filing a complaint with the Official would be extended by the time spent exhausting these remedies. This requirement applies only to inmates and does not extend to visitors and employees.

The Department received several comments on how prisoners' complaints should be handled. Some of them suggested that both the discrimination procedure and the prison grievance procedures should be invoked simultaneously. The Department believes that this proposal would require the unnecessary duplication of efforts without materially enhancing results. The Bureau of Prisons reported that thousands of inmate complaints were filed in 1983 alone and that several court decisions have held that the inmate administrative remedy procedure must be exhausted before suit can be filed. Although the volume of complaints by prison inmates might be burdensome, it is not possible now to forecast the number that will be filed. The Department believes, however, that handicapped prisoners must be afforded the right to have their complaints investigated by an office that specializes in discrimination complaints, including section 504 complaints, as well as the right to appeal to the Complaint Adjudication Officer. It is expected that the requirement that inmates first exhaust prison administrative remedies will be effective in resolving most meritorious complaints. It may be necessary, of course, for the Department to provide additional resources to handle complaints filed under the new regulation.

Subparagraph (d)(2) requires that the name and identity of a complainant be held in confidence unless he or she waives that right in writing and except to the extent necessary for compliance purposes.

Complaints may be mailed or delivered to the Attorney General, the Responsible Official, or other agency officials. Complaints received by any agency official other than the Responsible Official must be forwarded immediately to the Responsible Official (subparagraph (d)(4)).

Paragraph (e) requires the agency to send to the Architectural and Transportation Barriers Compliance Board a copy of any complaint alleging that a building or facility subject to the Architectural Barriers Act or section 502 was designed, constructed, or altered in a manner that does not provide ready access to and use by handicapped persons.

The Official is required to accept all complete complaints over which the agency has jurisdiction (§ 39.170(f)(1)). If the Official determines that the agency does not have jurisdiction over a complaint, the Official shall promptly notify the complainant and make reasonable efforts to refer the complaint to the appropriate entity of the Federal government (§ 39.170(f)(3)).

If a complaint is not complete when it is filed, the Official must notify the complainant within 30 days that additional information is needed. The complainant must furnish the necessary information within 30 days of receipt of the notice, or the complaint will be dismissed without prejudice. Filing an incomplete complaint within 180 days from the date of the alleged discrimination satisfies the requirement of subparagraph (d)(3), but the timeframes governing the Official's other obligations to process the complaint (*see, e.g.,* § 39.170(g)(1), § 39.170(h)) do not begin to operate until the Official receives a complete complaint.

Within 180 days of receipt of the complete complaint, the Official is to investigate the complaint, attempt an informal resolution, and, if informal resolution is not achieved, issue a letter of findings (§ 39.170(h)). Within the time limit, the Official should make every effort to achieve informal resolution whenever possible.

In response to a suggestion from a commenter, the Department no longer refers to the letter of findings as "preliminary." The word "preliminary" has been deleted because, if there is no appeal, the determination made in the letter of findings will constitute the final agency decision.

Paragraph (h) requires that the Official's letter be sent to the complainant and respondent, and that it contain findings of fact and conclusions of law, the relief granted if discrimination is found, and notice of the right to appeal. The regulation provides that a party may appeal the Official's letter or findings to the Complaint Adjudication Officer (CAO). If neither party files an appeal from the letter of findings within 30 days after receipt of the letter, the letter will constitute the final decision of the agency (§ 39.170(i)(4)).

The Department's final rule provides an opportunity for a hearing before an administrative law judge (ALJ). The ALJ would make a recommended decision to the CAO, who would make the final agency decision. The purpose of the hearing is to provide a forum in which the complainant or respondent can have an opportunity to be heard, confront witnesses, and present evidence so that an administrative law judge can issue a recommended decision that is well-reasoned and justified on the basis of the evidence presented.

The opportunity for a hearing before an ALJ assures more impartiality and the appearance of more impartiality than a decision made by one agency official concerning other officials of the same agency. The Department expects that agency decisions based on a hearing record would more likely survive later judicial review.

Under the regulation, another person or organization would be allowed to participate as a third party or amicus curiae if the ALJ determines that the petitioner has a legitimate interest in the proceedings, that participation will not duly delay the outcome, and that petitioner's participation may contribute materially to the disposition of the proceedings.

The Department received comments on the proposed opportunity for a hearing before an administrative law judge. Some commenters were primarily concerned that by invoking a hearing before the ALJ with the procedural safeguards adopted from the Administrative Procedure Act (APA) (5 U.S.C. 554-557), the complainant would lose the right to a *de novo* review of the agency's final decision, because the APA allows a Federal court only to determine if the agency's final decisions are "arbitrary and capricious" (5 U.S.C. 706(2)(A)). It is beyond our jurisdiction to specify that a *de novo* review is available to complaints seeking judicial review of final agency decisions. This issue is for the courts to decide. That is also true for the issue of the availability of a private right of action, either without invoking our compliance procedures or after the issuance of letters of findings.

Given the inherent conflicts of interest in situations where complaints allege discrimination on the part of the Department, it is critically important to ensure that a complaint be reviewed in a fair, independent process. The availability of a hearing before an independent ALJ would provide the appearance as well as the actuality of an impartial compliance mechanism. The Department has therefore included the provision for a hearing in the final regulation.

One comment requested the addition of a provision whereby the Department would award attorneys fees to complainants. Another comment suggested that the Equal Access to Justice Act (5 U.S.C. 504) might provide for the award of fees. Nothing contained in title V of the Rehabilitation Act provides for the agency award of attorneys fees in administrative proceedings other than those involving Federal employment. Nor does the EAJA and the Department's implementing regulations at 28 CFR Part 24 provide for such awards in hearings conducted under § 39.170(k). We have therefore included no attorneys fee provision in the current regulations.

Under paragraph (l), the CAO renders a final agency decision after appeal without a hearing or after a hearing. The CAO directs appropriate remedial action if discrimination is found. The CAO's decision will involve reviewing the entire file, including the investigation report, letter of findings, and,

65

if a hearing was held, the hearing record and recommended decision of the administrative law judge. The decision shall be made within 60 days of receipt of the complaint file or the hearing record.

One commenter objected to the requirement in subparagraph (l)(1) that the CAO explain specifically a decision to reject or modify the ALJ's proposed findings, arguing that it would inappropriately limit the CAO's consideration of the issues. We have adopted the suggestion and eliminated the requirement.

In response to recommendations from the Department's CAO and the Drug Enforcement Administration's ALJ, some changes have been made in the compliance procedures. Among the changes are a new requirement that the ALJ provide findings to all parties, not just the CAO, an added provision for filing exceptions to an ALJ's recommended decision, a delineation of the authorities of the ALJ, and a clarification of the responsibility for supervising compliance with the final agency decision between the Responsible Official and the CAO.

The Department also received some comments on the appropriateness of providing for an appeal by either the complainant or respondent. Some commenters objected to allowing a respondent to obtain an administrative appeal because it could delay remedying discrimination. On the other hand, an impartial adjudicatory mechanism would require that opportunity is provided for both sides to appeal. For this reason, the Department finds it necessary and appropriate for both complainant and respondent to have the right to an administrative appeal.

PART 40—STANDARDS FOR INMATE GRIEVANCE PROCEDURES

Subpart A—Minimum Standards for Inmate Grievance Procedures

Sec.
40.1 Definitions.
40.2 Adoption of procedures.
40.3 Communication of procedures.

Subpart A—Minimum Standards for Inmate Grievance Procedures

§ 40.1 Definitions.

For the purposes of this part—

(a) "Act" means the Civil Rights of Institutionalized Persons Act, Pub. L. 96-247, 94 Stat. 349 (42 U.S.C. 1997).

(b) "Applicant" means a state or political subdivision of a state that submits to the Attorney General a request for certification of a grievance procedure.

(c) "Attorney General" means the Attorney General of the United States or the Attorney General's designees.

(d) "Grievance" means a written complaint by an inmate on the inmate's own behalf regarding a policy applicable within an institution, a condition in an institution, an action involving an inmate of an institution, or an incident occurring within an institution. The term "grievance" does not include a complaint relating to a parole decision.

(e) "Inmate" means an individual confined in an institution for adults, who has been convicted of a crime.

(f) "Institution" means a jail, prison, or other correctional facility, or pretrial detention facility that houses adult inmates and is owned, operated, or managed by or provides services on behalf of a State or political subdivision of a State.

(g) "State" means a State of the United States, the District of Columbia, the commonwealth of Puerto Rico, or any of the territories and possessions of the United States.

§ 40.20 Contemplated change in certified procedure.

A proposed change in a certified procedure must be submitted to the Attorney General thirty days in advance of its proposed effective date. The Attorney General shall review such proposed change and notify the applicant in writing before the effective date of the proposed change if such change will result in suspension or withdrawal of the certification of the grievance procedure.

§ 40.21 Notification of court.

The Attorney General shall notify in writing the Chief Judges of the U.S. Court of Appeals and of the U.S. District Court(s) within whose jurisdiction the applicant is located of the certification, suspension of certification, withdrawal of certification and recertification of the applicant's grievance procedure. The Attorney General shall also notify the court of the certification status of any grievance procedure at the request of the court or any party in an action by an adult inmate pursuant to 42 U.S.C. 1983.

§ 40.22 Significance of certification.

Certification of a grievance procedure by the Attorney General shall signify only that on the basis of the information submitted, the Attorney General believes the grievance procedure is in substantial compliance with the minimum standards. Certification shall not indicate approval of the use or application of the grievance procedure in a particular case.

APPENDIX A—LEADERSHIP AND COORDINATION OF NONDISCRIMINATION LAWS

AUTHORITY: Executive Order 12250, 45 FR 72995; sec. 504, Rehabilitation Act of 1973, Pub. L. 93-112, 87 Stat. 394 (29 U.S.C. 794); sec. 111(a), Rehabilitation Act Amendments of 1974, Pub. L. 93-516, 88 Stat. 1619 (29 U.S.C. 706).

SOURCE: 43 FR 2132, Jan. 13, 1978, unless otherwise noted. Redesignated and amended at 46 FR 40686, 40687, Aug. 11, 1981.

EDITORIAL NOTE: At 46 FR 40687, Aug. 11, 1981, the application of Part 41 with respect to mass transportation was suspended until further notice.

Subpart A—Federal Agency Responsibilities

§ 41.1 Purpose.

The purpose of this part is to implement Executive Order 12250, which requires the Department of Justice to coordinate the implementation of section 504 of the Rehabilitation Act of 1973.

[43 FR 2132, Jan. 13, 1978. Redesignated and amended at 46 FR 40686, 40687, Aug. 11, 1981]

§ 41.2 Application.

This part applies to each Federal department and agency that is empowered to extend Federal financial assistance.

§ 41.3 Definitions.

As used in this regulation, the term:

(a) "Executive Order" means Executive Order 12250, titled "Leadership and Coordination of Nondiscrimination Laws," issued November 2, 1980.

(b) "Section 504" means section 504 of the Rehabilitation Act of 1973, Pub. L. 93-112, as amended by the Rehabilitation Act Amendments of 1974, Pub. L. 93-516, 29 U.S.C. 794.

(c) "Agency" means a Federal department or agency that is empowered to extend financial assistance.

(d) "Recipient" means any State or its political subdivision, any instrumentality of a State or its political subdivision, any public or private agency, institution, organization, or other entity, or any person to which Federal financial assistance is extended directly or through another recipient, including any successor, assignee, or transferee of a recipient, but excluding the ultimate beneficiary of the assistance.

(e) "Federal financial assistance" means any grant, loan, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the agency provides or otherwise makes available assistance in the form of:

(1) Funds;

(2) Services of Federal personnel; or

(3) Real and personal property or any interest in or use of such property, including:

(i) Transfers or leases of such property for less than fair market value or for reduced consideration; and

(ii) Proceeds from a subsequent transfer or lease of such property if the Federal share of its fair market value is not returned to the Federal Government.

(f) "Facility" means all or any portion of buildings, structures, equipment, roads, walks, parking lots, or other real or personal property or interest in such property.

[43 FR 2132, Jan. 13, 1978. Redesignated and amended at 46 FR 40686, 40687, Aug. 11, 1981]

§ 41.4 Issuance of agency regulations.

(a) Each agency shall issue, after notice and opportunity for comment, a regulation to implement section 504 with respect to the programs and activities to which it provides assistance. The regulation shall be consistent with this part.

(b) Each agency shall issue a notice of proposed rulemaking no later than 90 days after the effective date of this part. Each agency shall issue a final regulation no later than 135 days after the end of the period for comment on its proposed regulation: *Provided*, That the agency shall submit its proposed final regulation to the Assistant Attorney General, Civil Rights Division, Department of Justice, for review at least 45 days before it is to be issued.

(c) Each such agency regulation shall: (1) Define appropriate terms, consistent with the definitions set forth in § 41.3 and with the standards for determining who are handicapped persons set forth in Subpart B of this part; and (2) prohibit discriminatory practices against qualified handicapped persons in employment and in the provision of aid, benefits, or services, consistent with the guidelines set forth in Subpart C of this part. The regulation shall include, where appropriate, specific provisions adapted to the particular programs and activities receiving financial assistance from the agency.

[43 FR 2132, Jan. 13, 1978. Redesignated and amended at 46 FR 40686, 40687, Aug. 11, 1981]

§ 41.5 Enforcement.

(a) Each agency shall establish a system for the enforcement of section 504 and its implementing regulation with respect to the programs and activities to which it provides assistance. The system shall include:

(1) The enforcement and hearing procedures that the agency has adopted for the enforcement of title VI of the Civil Rights Act of 1964, and

(2) A requirement that recipients sign assurances of compliance with section 504.

(b) Each agency regulation shall also include requirements that recipients:

(1) Notify employees and beneficiaries of their rights under section 504,

(2) Conduct a self-evaluation of their compliance with section 504, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, and

(3) Otherwise consult with interested persons, including handicapped persons or organizations representing handicapped persons, in achieving compliance with section 504.

§ 41.6 Interagency cooperation.

(a) Where each of a substantial number of recipients is receiving assistance for similar or related purposes from two or more agencies or where two or more agencies cooperate in administering assistance for a given class of recipients, the agencies shall: (1) Coordinate compliance with section 504, and (2) designate one of the agencies as the primary agency for section 504 compliance purposes.

(b) Any agency conducting a compliance review or investigating a compliant of an alleged section 504 violation shall notify any other affected agency upon discovery of its jurisdiction and shall inform it of the findings made. Reviews or investigations may be made on a joint basis.

§ 41.7 Coordination with sections 502 and 503.

(a) Agencies shall consult with the Architectural and Transportation Barriers Compliance Board in developing requirements for the accessibility of new facilities and alterations, as required in § 41.58, and shall coordinate with the Board in enforcing such requirements with respect to facilities that are subject to section 502 of the Rehabilitation Act of 1973, as amended, as well as to section 504.

(b) Agencies shall coordinate with the Department of Labor in enforcing requirements concerning employment discriminination with respect to recipients that are also federal contractors subject to section 503 of the Rehabilitation Act of 1973, as amended.

Subpart B—Standards for Determining Who Are Handicapped Persons

§ 41.31 Handicapped person.

(a) "Handicapped person" means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.

(b) As used in paragraph (a) of this section, the phrase:

(1) "Physical or mental impairment" means: (i) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or (ii) any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term "physical or mental impairment" includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and drug addiction and alcoholism.

(2) "Major life activities" means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(3) "Has a record of such an impairment" means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) "Is regarded as having an impairment" means: (i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by a recipient as constituting such a limitation; (ii) has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of

others toward such impairment; or (iii) has none of the impairments defined in paragraph (b)(1) of this section but is treated by a recipient as having such an impairment.

§ 41.32 Qualified handicapped person.

"Qualified handicapped person" means: (a) With respect to employment, a handicapped person who, with reasonable accommodation, can perform the essential functions of the job in question and (b) with respect to services, a handicapped person who meets the essential eligibility requirements for the receipt of such services.

Subpart C—Guidelines for Determining Discriminatory Practices

GENERAL

§ 41.51 General prohibitions against discrimination.

(a) No qualified handicapped person, shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives or benefits from federal financial assistance.

(b)(1) A recipient, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipient's program;

(vi) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vii) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) A recipient may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) A recipient may not, directly or through contractual or other arrangements, utilize criteria or methods of administration:

(i) That have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap,

(ii) That have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the recipient's program with respect to handicapped persons, or

(iii) That perpetuate the discrimination of another recipient if both recipients are subject to common administrative control or are agencies of the same state.

(4) A recipient may not, in determining the site or location of a facility, make selections:

(i) That have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives or benefits from federal financial assistance or

(ii) That have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by federal statute or executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by federal statute or executive order to a different class of handicapped persons is not prohibited by this part.

(d) Recipients shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

(e) Recipients shall take appropriate steps to ensure that communications with their applicants, employees, and beneficiaries are available to persons with impaired vision and hearing.

EMPLOYMENT

§ 41.52 General prohibitions against employment discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity that receives or benefits from federal financial assistance.

(b) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(c) The prohibition against discrimination in employment applies to the following activities:

(1) Recruitment, advertising, and the processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absence, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(7) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

(8) Employer sponsored activities, including social or recreational programs; and

(9) Any other term, condition, or privilege of employment.

(d) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

§ 41.53 Reasonable accommodation.

A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

§ 41.54 Employment criteria.

A recipient may not use employment tests or criteria that discriminate against handicapped persons and shall ensure that employment tests are adapted for use by persons who have handicaps that impair sensory, manual, or speaking skills.

§ 41.55 Preemployment inquiries.

A recipient may not conduct a preemployment medical examination or make a preemployment inquiry as to whether an applicant is a handicapped person or as to the nature or severity of a handicap except under the circumstances described in 28 CFR 42.513

[43 FR 2132, Jan. 13, 1978. Redesignated and amended at 46 FR 40686, 40687, Aug. 11, 1981]

PROGRAM ACCESSIBILITY

§ 41.56 General requirement concerning program accessibility.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity that receives or benefits from federal financial assistance.

§ 41.57 Existing facilities.

(a) A recipient shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of an existing facility accessible to and usable by handicapped persons.

(b) Where structural changes are necessary to make programs or activities in existing facilities accessible, such changes shall be made as soon as practicable, but in no event later than three years after the effective date of the agency regulation: *Provided*, That, if the program is a particular mode of transportation (e.g., a subway system) that can be made accessible only through extraordinarily expensive structural changes to, or replacement of, existing facilities and if other accessible modes of transportation are available, the federal agency responsible for enforcing section 504 with respect to that program may extend this period of time, but only for a reasonable and definite period, such period to be set forth in the agency's regulation.

(c) In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within a definite period to be established in each agency's regulation, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons.

[43 FR 2132, Jan. 13, 1978, and Redesignated and amended at 46 FR 40686, 40687, Aug. 11, 1981]

EFFECTIVE DATE NOTE: At Order No. 1301-88, 53 FR 37754, Sept. 28, 1988, the application of § 41.57(b) to public housing timeframes was suspended.

§ 41.58 New construction.

(a) Except as provided in paragraph (b) of this section, new facilities shall be designed and constructed to be readily accessible to and usable by handicapped persons. Alterations to existing facilities shall, to the maximum extent feasible, be designed and constructed to be readily accessible to and usable by handicapped persons.

(b) The Department of Transportation may defer the effective date for requiring all new buses to be accessible if it concludes on the basis of its section 504 rulemaking process that it is not feasible to require compliance on the effective date of its regulation: *Provided*, That comparable, accessible services are available to handicapped persons in the interim and that the date is not deferred later than October 1, 1979.

APPENDIX A—LEADERSHIP AND COORDINATION OF NONDISCRIMINATION LAWS

EXECUTIVE ORDER 12250, Nov. 2, 1980

By the authority vested in me as President by the Constitution and statutes of the United States of America, including section 602 of the Civil Rights Act of 1964 (42 U.S.C. 2000d-1), Section 902 of the Education Amendments of 1972 (20 U.S.C. 1682), and Section 301 of Title 3 of the United States Code, and in order to provide, under the leadership of the Attorney General, for the consistent and effective implementation of various laws prohibiting discriminatory practices in Federal programs and programs receiving Federal financial assistance, it is hereby ordered as follows:

1-1. *Delegation of Function.*

1-101. The function vested in the President by Section 602 of the Civil Rights Act of 1964 (42 U.S.C. 2000d-1), relating to the approval of rules, regulations, and orders of general applicability, is hereby delegated to the Attorney General.

1-102. The function vested in the President by Section 902 of the Education Amendments of 1972 (20 U.S.C. 1682), relating to the approval of rules, regulations, and orders of general applicability, is hereby delegated to the Attorney General.

1-2. *Coordination of Nondiscrimination Provisions.*

1-201. The Attorney General shall coordinate the implementation and enforcement by Executive agencies of various nondiscrimination provisions of the following laws:

(a) Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d *et seq.*).

(b) Title IX of the Education Amendments of 1972 (20 U.S.C. 1681 *et seq.*).

(c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794).

(d) Any other provision of Federal statutory law which provides, in whole or in part, that no person in the United States shall, on the ground of race, color, national origin, handicap, religion, or sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance.

1-202. In furtherance of the Attorney General's responsibility for the coordination of the implementation and enforcement of the nondiscrimination provisions of laws covered by this Order, the Attorney General shall review the existing and proposed rules, regulations, and orders of general applicability of the Executive agencies in order to identify those which are inadequate, unclear or unnecessarily inconsistent.

1-203. The Attorney General shall develop standards and procedures for taking enforcement actions and for conducting investigations and compliance reviews.

1-204. The Attorney General shall issue guidelines for establishing reasonable time limits on efforts to secure voluntary compliance, on the initiation of sanctions, and for referral to the Department of Justice for enforcement where there is noncompliance.

1-205. The Attorney General shall establish and implement a schedule for the review of the agencies' regulations which implement the various nondiscrimination laws covered by this Order.

1-206. The Attorney General shall establish guidelines and standards for the development of consistent and effective recordkeeping and reporting requirements by Executive agencies; for the sharing and exchange by agencies of compliance records, findings, and supporting documentation; for the development of comprehensive employee training programs; for the development of effective information programs; and for the development of cooperative programs with State and local agencies, including sharing of information, deferring of enforcement activities, and providing technical assistance.

1-207. The Attorney General shall initiate cooperative programs between and among agencies, including the development of sample memoranda of understanding, designed to improve the coordination of the laws covered by this Order.

1-3. *Implementation by the Attorney General.*

1-301. In consultation with the affected agencies, the Attorney General shall promptly prepare a plan for the implementation of this Order. This plan shall be submitted to the Director of the Office of Management and Budget.

1-302. The Attorney General shall periodically evaluate the implementation of the nondiscrimination provisions of the laws covered by this Order, and advise the heads of the agencies concerned on the results of such evaluations as to recommendations for needed improvement in implementation or enforcement.

1-303. The Attorney General shall carry out his functions under this Order, including the issuance of such regulations as he deems necessary, in consultation with affected agencies.

1-304. The Attorney General shall annually report to the President through the Director of the Office of Management and Budget on the progress in achieving the purposes of this Order. This report shall include any recommendations for changes in the implementation or enforcement of the nondiscrimination provisions of the laws covered by this Order.

1-305. The Attorney General shall chair the Interagency Coordinating Council established by Section 507 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794c).

1-4. *Agency Implementation.*

1-401. Each Executive agency shall cooperate with the Attorney General in the performance of the Attorney General's functions under this Order and shall, unless prohibited by law, furnish such reports and information as the Attorney General may request.

1-402. Each Executive agency responsible for implementing a nondiscrimination provision of a law covered by this Order shall issue appropriate implementing directives (whether in the nature of regulations or policy guidance). To the extent permitted by law, they shall be consistent with the requirements prescribed by the Attorney General pursuant to this Order and shall be subject to the approval of the Attorney General, who may require that some or all of them be submitted for approval before taking effect.

1-403. Within 60 days after a date set by the Attorney General, Executive agencies shall submit to the Attorney General their plans for implementing their responsibilities under this Order.

1-5. *General Provisions.*

1-501. Executive Order No. 11764 is revoked. The present regulations of the Attorney General relating to the coordination of enforcement of Title VI of the Civil Rights Act of 1964 shall continue in effect until revoked or modified (28 CFR 42.401 to 42.415).

1-502. Executive Order No. 11914 is revoked. The present regulations of the Secretary of Health and Human Services relating to the coordination of the implementation of Section 504 of the Rehabilitation Act of 1973, as amended, shall be deemed to have been issued by the Attorney General pursuant to this Order and shall continue in effect until revoked or modified by the Attorney General.

1-503. Nothing in this Order shall vest the Attorney General with the authority to coordinate the implementation and enforcement by Executive agencies of statutory provisions relating to equal employment.

1-504. Existing agency regulations implementing the nondiscrimination provisions of laws covered by this Order shall continue in effect until revoked or modified.

edge the officer was named as the parent of the child.

(c) *Adopted child.* Except as may be provided in paragraph (b) of this section, evidence of relationship must be shown by a certified copy of the decree of adoption and such other evidence as may be necessary. In jurisdictions where petition must be made to the court for release of adoption documents or information, or where the release of such documents or information is prohibited, a revised birth certificate will be sufficient to establish the fact of adoption.

(d) *Stepchild.* The relationship of a stepchild to the deceased officer shall be demonstrated by—

(1) Evidence of birth to the spouse of the officer as required by paragraphs (a) and (b) of this section; or

(2) If adopted by the spouse, evidence of adoption as required by paragraph (c) of this section; or

(3) Other evidence, such as that specified in § 32.13(b), which reasonably supports the existence of a parent-child relationship between the child and the spouse;

(4) Evidence that the stepchild was either—

(i) Living with; or

(ii) Dependent for support, as set forth in § 32.15; or

(iii) In a parent-child relationship, as set forth in § 32.13(b), with the officer at the time of the officer's death, and

(5) Evidence of the marriage of the officer and the spouse, as required by § 32.12.

§ 32.14 Determination of relationship of parent.

(a) *In general.* A claimant is the parent of a public safety officer if the officer's birth certificate shows the claimant as the officer's parent.

(b) *Alternative.* If the birth certificate does not show the claimant as the officer's parent, proof of the relationship may be shown by—

(1) An acknowledgement in writing signed by the claimant before the officer's death; or

(2) Evidence that the claimant has been identified as the officer's parent by judicial decree ordering the claimant to contribute to the officer's support or for other purposes; or

(3) Any other evidence which reasonably supports a finding of a parent-child relationship, such as:

(i) A certified copy of the public record of birth or a religious record showing that the claimant was the informant and was named as the parent of the officer; or

(ii) Affidavits or sworn statements of persons who know the claimant had accepted the officer as the claimant's child; or

(iii) Information obtained from a public agency or public records, such as school or welfare agencies, which shows that with the officer's knowledge the claimant had been named as the parent of the child.

(c) *Adoptive Parent.* Except as provided in paragraph (b) of this section, evidence of relationship must be shown by a certified copy of the decree of adoption and such other evidence as may be necessary. In jurisdictions where petition must be made to the court for release of adoption documents or information, or where release of such documents or information is prohibited, a revised birth certificate showing the claimant as the officer's parent will suffice.

(d) *Step-parent.* The relationship of a step-parent to the deceased officer shall be demonstrated by—

(1)(i) Evidence of the officer's birth to the spouse of the step-parent as required by § 32.13 (a) and (b); or

(ii) If adopted by the spouse or the step-parent, proof of adoption as required by § 32.13(c); or

(iii) Other evidence, such as that specified in paragraph (b) of this section, which reasonably supports a parent-child relationship between the spouse and the officer; and

(2) Evidence of the marriage of the spouse and the step-parents, as required by § 32.12.

§ 32.15 Determination of dependency.

(a) To be eligible for a death benefit under the Act, a parent or a stepchild not living with the deceased officer at the time of the officer's death shall demonstrate that he or she was substantially reliant for support upon the income of the officer.

program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified handicapped persons to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified handicapped persons to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this part.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activites in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 39.131—39.139 [Reserved]

§ 39.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of ction 501 of the Rehabilitation Act 1973 (29 U.S.C. 791), as established the Equal Employment Opportuni- Commission in 29 CFR Part 1613, ll apply to employment in federally nducted programs or activities.

39.141—39.148 [Reserved]

39.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in 39.150, no qualified handicapped erson shall, because the agency's falities are inaccessible to or unusable y handicapped persons, be denied the enefits of, be excluded from particiation in, or otherwise be subjected to iscrimination under any program or ctivity conducted by the agency.

39.150 Program accessibility: Existing facilities.

(a) *General.* The agency shall operte each program or activity so that he program or activity, when viewed n its entirety, is readily accessible to nd usable by handicapped persons. This paragraph does not–

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons;

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 39.150(a) would result in such alterations or burdens. The decision that compliance would result in such alteration or burdens must be made by the Attorney General or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) *Methods.* The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(c) *Time period for compliance.* The agency shall comply with the obligations established under this section by December 10, 1984, except that where structural changes in facilities are undertaken, such changes shall be made by October 11, 1987, but in any event as expeditiously as possible.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by April 11, 1985, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition by submitting comments (both oral and written). A copy of the tansition plan shall be made available for public in-

(1) Recruitment, advertising, and application processing;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring;

(3) Pay and any other form of compensation and changes in compensation, including fringe benefits available by virtue of employment, whether or not administered by the recipient;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absence, sick leave, or any other leave;

(6) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and selection for leaves of absence to pursue training;

(7) Employer-sponsored activities, including social or recreational programs; and

(8) Any other term, condition, or privilege of employment.

(c) In offering employment or promotions to handicapped individuals, recipients may not reduce the amount of compensation offered because of any disability income, pension or other benefit the applicant or employee receives from another source.

(d) A recipient's obligation to comply with this section is not affected by any inconsistent term of any collective bargaining agreement to which it is a party.

§ 42.511 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate, based on the individual assessment of the applicant or employee, that the accommodation would impose an undue hardship on the operation of its program.

(b) Reasonable accommodation may include making facilities used by employees readily accessible to and usable by handicapped persons, job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices (*e.g.*, telecommunication or other telephone devices), the provisions of readers or qualified interpreters, and other similar actions.

(c) Whether an accommodation would impose an undue hardship on the operation of a recipient's program depends upon a case-by-case analysis weighing factors that include:

(1) The overall size of the recipient's program with respect to number of employees, number and type of facilities, and size of budget;

(2) The type of the recipient's operation, including the composition and structure of the recipient's workforce; and

(3) The nature and cost of the accommodation needed.

A reasonable accommodation may require a recipient to bear more than an insignificant economic cost in making allowance for the handicap of a qualified applicant or employee and to accept minor inconvenience which does not bear on the ability of the handicapped individual to perform the essential duties of the job.

§ 42.512 Employment criteria.

(a) A recipient may not use any employment test or other selection criterion that tends to screen out handicapped persons unless:

(1) The test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question, and

(2) Alternative job-related tests or criteria that tend to screen out fewer handicapped persons are not shown by the appropriate Department officials to be available.

(b) A recipient shall administer tests using procedures (*e.g.*, auxiliary aids such as readers for visually-impaired persons or qualified sign language interpreters for hearing-impaired persons) that accommodate the special problems of handicapped persons to the fullest extent, consistent with the objectives of the test. When a test is administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results must accurately reflect the applicant's or employee's job skills, aptitude, or whatever other factor the test purports to measure, rather than reflecting the applicant's or employee's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

§ 42.513 Preemployment inquiries.

(a) Except as provided in paragraphs (b) and (c) of this section, a recipient may not conduct a preemployment medical examination and may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.

(b) When a recipient is taking remedial action to correct the effects of past discrimination pursuant to § 42.505(a) of this subpart, when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its Federally assisted program or activity pursuant to § 42.505(b) of this subpart, or when a recipient is taking affirmative action pursuant to section 503 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped: *Provided*, That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary efforts;

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty: *Provided*, That:

(1) All entering employees are subjected to such an examination regardless of handicap, and

(2) The results of such an examination are used only in accordance with the requirements of this subpart.

(d) The applicant's medical record shall be collected and maintained on separate forms and kept confidential, except that the following persons may be informed:

(1) Supervisors and managers regarding restrictions on the work of handicapped persons and necessary accommodations;

(2) First aid and safety personnel if the condition might require emergency treatment; and

(3) Government officials investigating compliance with the Act upon request for relevant information.

PROGRAM ACCESSIBILITY

§ 42.520 Discrimination prohibited.

Recipients shall insure that no qualified handicapped person is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under any program receiving Federal financial assistance because the recipient's facilities are inaccessible to or unusable by handicapped persons.

§ 42.521 Existing facilities.

(a) *Program accessibility.* A recipient shall operate each program to which this subpart applies so that the program, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This section does not require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) *Compliance procedures.* A recipient may comply with the requirement of paragraph (a) of this section through acquisition or redesign of equipment, reassignment of services to accessible buildings, assignment of aids to beneficiaries, delivery of services at alternate accessible sites, alteration of existing facilities, or any other method that results in making its program accessible to its program accessible to handicapped persons. A recipient is not required to make strucsubstantially limits major life activities only as a result of the attitude of an employer toward such impairment; (3) or has none of the impairments defined in (b) of this section but is treated by an employer as having such an impairment.

(f) "Qualified handicapped person" means with respect to employment, a handicapped person who, with or without reasonable accommodation, can perform the essential functions of the position in question without endangering the health and safety of the individual or others and who, depending upon the type of appointing authority being used: (1) Meets the experience and/or education requirements (which may include passing a written test) of the position in question, or (2) meets the criteria for appointment under one of the special appointing authorities for handicapped persons.

§ 1613.703 General policy.

Agencies shall give full consideration to the hiring, placement, and advancement of qualified mentally and physically handicapped persons. The Federal Government shall become a model employer of handicapped individuals. An agency shall not discriminate against a qualified physically or mentally handicapped person.

§ 1613.704 Reasonable accommodation.

(a) An agency shall make reasonable accommodation to the known physical or mental limitations of a qualified handicapped applicant or employee unless the agency can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

(b) Reasonable accommodation may include, but shall not be limited to: (1) Making facilities readily accessible to and usable by handicapped persons, and (2) job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices, appropriate adjustment or modification of examinations, the provision of readers and interpreters, and other similar actions.

(c) In determining pursuant to paragraph (a) of this section whether an accommodation would impose an undue hardship on the operation of the agency in question, factors to be considered include: (1) The overall size of the agency's program with respect to the number of employees, number and type of facilities and size of budget; (2) the type of agency operation, including the composition and structure of the agency's work force; and (3) the nature and the cost of the accommodation.

§ 1613.705 Employment criteria.

(a) An agency may not make use of any employment test or other selection criterion that screens out or tends to screen out qualified handicapped persons or any class of handicapped persons unless: (1) The test score or other selection criterion, as used by the agency, is shown to be job-related for the position in question, and (2) alternative job-related tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Civil Service Commission's Director of Personnel Research and Development Center to be available.

(b) An agency shall select and administer tests concerning employment so as to insure that, when administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's or employee's ability to perform the position or type of positions in question rather than reflecting the applicant's or employee's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

§ 1613.706 Preemployment inquiries.

(a) Except as provided in paragraphs (b) and (c) of this section, an agency may not conduct a preemployment medical examination and may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. An agency may, however, make preemployment inquiry into an applicant's ability to meet the medical qualification requirements, with or without reasonable accommodation, of the position in question, i.e., the minimum such respondent's voluntary compliance with any requirement of Part 100 of this title are not prohibited.

§ 101.116 Filing of ex parte communications.

A prohibited communication in writing received by the Secretary, the reviewing authority, or by the presiding officer, shall be made public by placing it in the correspondence file of the docket in the case and will not be considered as part of the record for decision. If the prohibited communication is received orally a memorandum setting forth its substance shall be made and filed in the correspondence section of the docket in the case. A person referred to in such memorandum may file a comment for inclusion in the docket if he considers the memorandum to be incorrect.

Subpart L—Posttermination Proceedings

§ 101.121 Posttermination proceedings.

(a) An applicant or recipient adversely affected by the order terminating, discontinuing, or refusing Federal financial assistance in consequence of proceedings pursuant to this title may request the responsible Department official for an order authorizing payment, or permitting resumption, of Federal financial assistance. Such request shall be in writing and shall affirmatively show that since entry of the order, it has brought its program or activity into compliance with the requirements of the Act, and with the Regulation thereunder, and shall set forth specifically, and in detail, the steps which it has taken to achieve such compliance. If the responsible Department official denies such request the applicant or recipient shall be given an expeditious hearing if it so requests in writing and specifies why it believes the responsible Department official to have been in error. The request for such a hearing shall be addressed to the responsible Department official and shall be made within 30 days after the applicant or recipient is informed that the responsible Department official has refused to authorize payment or permit resumption of Federal financial assistance.

(b) In the event that a hearing shall be requested pursuant to paragraph (a) of this section, the hearing procedures established by this part shall be applicable to the proceedings, except as otherwise provided in this section.

Subpart M—Definitions

§ 101.131 Definitions.

The definitions contained in § 100.13 of this subtitle apply to this part, unless the context otherwise requires, and the term "reviewing authority" as used herein includes the Secretary of Education, with respect to action by that official under § 101.106.

Transition provisions: (a) The amendments herein shall become effective upon publication in the FEDERAL REGISTER.

(b) These rules shall apply to any proceeding or part thereof to which Part 100 of this title applies. In the case of any proceeding or part thereof governed by the provisions of 34 CFR, Part 100 (Title VI regulations of the Department of Education) as that part existed prior to the amendments published in the FEDERAL REGISTER on Oct. 19, 1967 (effective on that date), the rules in this Part 101 shall apply as i those amendments were not in effect.

PART 104—NONDISCRIMINATIO ON THE BASIS OF HANDICAP I PROGRAMS AND ACTIVITIES RE-CEIVING OR BENEFITING FRO FEDERAL FINANCIAL ASSISTANCE

Subpart A—General Provisions

APPENDIX A TO PART 104—ANALYSIS OF FINAL REGULATION
APPENDIX B TO PART 104—GUIDELINES FOR ELIMINATING DISCRIMINATION AND DENIAL OF SERVICES ON THE BASIS OF RACE, COLOR, NATIONAL ORIGIN, SEX, AND HANDICAP IN VOCATIONAL EDUCATION PROGRAMS [NOTE]

AUTHORITY: Sec. 504, Rehabilitation Act of 1973, Pub. L. 93-112, 87 Stat. 394 (29 U.S.C. 794); sec. 111(a), Rehabilitation Act Amendments of 1974, Pub. L. 93-516, 88 Stat. 1619 (29 U.S.C. 706); sec. 606, Education of the Handicapped Act (20 U.S.C. 1405), as amended by Pub. L. 94-142, 89 Stat. 795.

SOURCE: 45 FR 30936, May 9, 1980, unless otherwise noted.

EFFECTIVE DATE NOTE: For an interpretation document affecting Part 104, see 46 FR 4912, Jan. 19, 1981. The effective date of the interpretation was deferred to March 30, 1981, at 46 FR 12495, Feb. 17, 1981. The effective date was again deferred to May 10, 1981, at 46 FR 18975, Mar. 27, 1981, and deferred until further notice at 46 FR 25614, May 8, 1981.

Subpart A—General Provisions

§ 104.1 Purpose.

The purpose of this part is to effectuate section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of handicap in any program or activity receiving Federal financial assistance.

§ 104.2 Application.

This part applies to each recipient of Federal financial assistance from the Department of Education and to each program or activity that receives or benefits from such assistance.

§ 104.3 Definitions.

As used in this part, the term:

(a) "The Act" means the Rehabilitation Act of 1973, Pub. L. 93-112, as amended by the Rehabilitation Act Amendments of 1974, Pub. L. 93-516, 29 U.S.C. 794.

(b) "Section 504" means section 504 of the Act.

(c) "Education of the Handicapped Act" means that statute as amended by the Education for all Handicapped Children Act of 1975, Pub. L. 94-142, 20 U.S.C. 1401 et seq.

(d) "Department" means the Department of Education.

(e) "Assistant Secretary" means the Assistant Secretary for Civil Rights of the Department of Education.

(f) "Recipient" means any state or its political subdivision, any instrumentality of a state or its political subdivision, any public or private agency, institution, organization, or other entity, or any person to which Federal financial assistance is extended directly or through another recipient, including any successor, assignee, or transferee of a recipient, but excluding the ultimate beneficiary of the assistance.

(g) "Applicant for assistance" means one who submits an application, request, or plan required to be approved by a Department official or by a recipient as a condition to becoming a recipient.

(h) "Federal financial assistance" means any grant, loan, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the Department provides or otherwise makes available assistance in the form of:

(1) Funds;

(2) Services of Federal personnel; or

(3) Real and personal property or any interest in or use of such property, including:

(i) Transfers or leases of such property for less than fair market value or for reduced consideration; and

(ii) Proceeds from a subsequent transfer or lease of such property if the Federal share of its fair market value is not returned to the Federal Government.

(i) "Facility" means all or any portion of buildings, structures, equipment, roads, walks, parking lots, or other real or personal property or interest in such property.

(j) "Handicapped person." (1) "Handicapped persons" means any person who (i) has a physical or mental impairment which substantially limits one or more major life activities, (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment.

(2) As used in paragraph (j)(1) of this section, the phrase:

(i) "Physical or mental impairment" means (A) any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive, digestive, genito-urinary; hemic and lymphatic; skin; and endocrine; or (B) any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

(ii) "Major life activities" means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(iii) "Has a record of such an impairment" means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(iv) "Is regarded as having an impairment" means (A) has a physical or mental impairment that does not substantially limit major life activities but that is treated by a recipient as constituting such a limitation; (B) has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or (C) has none of the impairments defined in paragraph (j)(2)(i) of this section but is treated by a recipient as having such an impairment.

(k) "Qualified handicapped person" means:

(1) With respect to employment, a handicapped person who, with reasonable accommodation, can perform the essential functions of the job in question;

(2) With respect to public preschool elementary, secondary, or adult educational services, a handicappped person (i) of an age during which nonhandicapped persons are provided such services, (ii) of any age during which it is mandatory under state law to provide such services to handicapped persons, or (iii) to whom a state is required to provide a free appropriate public education under section 612 of the Education of the Handicapped Act; and

(3) With respect to postsecondary and vocational education services, handicapped person who meets th academic and technical standards requisite to admission or participation i the recipient's education program o activity;

(4) With respect to other services, handicapped person who meets the e sential eligibility requirements for th receipt of such services.

(l) "Handicap" means any conditio or characteristic that renders a perso a handicapped person as defined paragraph (j) of this section.

§ 104.4 Discrimination prohibited.

(a) *General.* No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activitiy which receives or benefits from Federal financial assistance.

(b) *Discriminatory actions prohibited.* (1) A recipient, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipients program;

(vi) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vii) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving an aid, benefit, or service.

(2) For purposes of this part, aids, benefits, and services, to be equally effective, are not required to produce the identical result or level of achievement for handicapped and nonhandicapped persons, but must afford handicapped persons equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement, in the most integrated setting appropriate to the person's needs.

(3) Despite the existence of separate or different programs or activities provided in accordance with this part, a recipient may not deny a qualified handicapped person the opportunity to participate in such programs or activities that are not separate or different.

(4) A recipient may not, directly or through contractual or other arrangements, utilize criteria or methods of administration (i) that have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap, (ii) that have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the recipient's program with respect to handicapped persons, or (iii) that perpetuate the discrimination of another recipient if both recipients are subject to common administrative control or are agencies of the same State.

(5) In determining the site or location of a facility, an applicant for assistance or a recipient may not make selections (i) that have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives or benefits from Federal financial assistance or (ii) that have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(6) As used in this section, the aid, benefit, or service provided under a program or activity receiving or benefiting from Federal financial assistance includes any aid, benefit, or service provided in or through a facility that has been constructed, expanded, altered, leased or rented, or otherwise acquired, in whole or in part, with Federal financial assistance.

(c) *Programs limited by Federal law.* The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or executive order to a different class of handicapped persons is not prohibited by this part.

§ 104.5 Assurances required.

(a) *Assurances.* An applicant for Federal financial assistance for a program or activity to which this part applies shall submit an assurance, on a form specified by the Assistant Secretary, that the program will be operated in compliance with this part. An applicant may incorporate these assurances by reference in subsequent applications to the Department.

(b) *Duration of obligation.* (1) In the case of Federal financial assistance extended in the form of real property or to provide real property or structures on the property, the assurance will obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for the purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) In the case of Federal financial assistance extended to provide personal property, the assurance will obligate the recipient for the period during which it retains ownership or possession of the property.

(3) In all other cases the assurance will obligate the recipient for the period during which Federal financial assistance is extended.

(c) *Covenants.* (1) Where Federal financial assistance is provided in the form of real property or interest in the property from the Department, the instrument effecting or recording this transfer shall contain a covenant running with the land to assure nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) Where no transfer of property is involved but property is purchased or improved with Federal financial assistance, the recipient shall agree to include the covenant described in paragraph (b)(2) of this section in the instrument effecting or recording any subsequent transfer of the property.

(3) Where Federal financial assistance is provided in the form of real property or interest in the property from the Department, the covenant shall also include a condition coupled with a right to be reserved by the Department to revert title to the property in the event of a breach of the covenant. If a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on the property for the purposes for which the property was transferred, the Assistant Secretary may, upon request of the transferee and if necessary to accomplish such financing and upon such conditions as he or she deems appropriate, agree to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

§ 104.6 Remedial action, voluntary action, and self-evaluation.

(a) *Remedial action.* (1) If the Assistant Secretary finds that a recipient has discriminated against persons on the basis of handicap in violation of section 504 or this part, the recipient shall take such remedial action as the Assistant Secretary deems necessary to overcome the effects of the discrimination.

(2) Where a recipient is found to have discriminated against persons on the basis of handicap in violation of section 504 or this part and where another recipient exercises control over the recipient that has discriminated, the Assistant Secretary, where appropriate, may require either or both recipients to take remedial action.

(3) The Assistant Secretary may, where necessary to overcome the effects of discrimination in violation of section 504 or this part, require a recipient to take remedial action (i) with respect to handicapped persons who are no longer participants in the recipient's program but who were participants in the program when such

discrimination occurred or (ii) with respect to handicapped persons who would have been participants in the program had the discrimination not occurred.

(b) *Voluntary action.* A recipient may take steps, in addition to any action that is required by this part, to overcome the effects of conditions that resulted in limited participation in the recipient's program or activity by qualified handicapped persons.

(c) *Self-evaluation.* (1) A recipient shall, within one year of the effective date of this part:

(i) Evaluate, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, its current policies and practices and the effects thereof that do not or may not meet the requirements of this part;

(ii) Modify, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part; and

(iii) Take, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, appropriate remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices.

(2) A recipient that employs fifteen or more persons shall, for at least three years following completion of the evaluation required under paragraph (c)(1) of this section, maintain on file, make available for public inspection, and provide to the Assistant Secretary upon request: (i) A list of the interested persons consulted (ii) a description of areas examined and any problems identified, and (iii) a description of any modifications made and of any remedial steps taken.

§ 104.7 Designation of responsible employee and adoption of grievance procedures.

(a) *Designation of responsible employee.* A recipient that employs fifteen or more persons shall designate at least one person to coordinate its efforts to comply with this part.

(b) *Adoption of grievance procedures.* A recipient that employs fifteen or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by this part. Such procedures need not be established with respect to complaints from applicants for employment or from applicants for admission to postsecondary educational institutions.

§ 104.8 Notice.

(a) A recipient that employs fifteen or more persons shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of handicap in violation of section 504 and this part. The notification shall state, where appropriate, that the recipient does not discriminate in admission or access to, or treatment or employment in, its programs and activities. The notification shall also include an identification of the responsible employee designated pursuant to § 104.7(a). A recipient shall make the initial notification required by this paragraph within 90 days of the effective date of this part. Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in recipients' publication, and distribution of memoranda or other written communications.

(b) If a recipient publishes or uses recruitment materials or publications containing general information that it makes available to participants, beneficiaries, applicants, or employees, it shall include in those materials or publications a statement of the policy described in paragraph (a) of this section. A recipient may meet the requirement of this paragraph either by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

§ 104.9 Administrative requirements for small recipients.

The Assistant Secretary may require any recipient with fewer than fifteen employees, or any class of such recipients, to comply with §§ 104.7 and 104.8, in whole or in part, when the Assistant Secretary finds a violation of this part or finds that such compliance will not significantly impair the ability of the recipient or class of recipients to provide benefits or services.

§ 104.10 Effect of state or local law or other requirements and effect of employment opportunities.

(a) The obligation to comply with this part is not obviated or alleviated by the existence of any state or local law or other requirement that, on the basis of handicap, imposes prohibitions or limits upon the eligibility of qualified handicapped persons to receive services or to practice any occupation or profession.

(b) The obligation to comply with this part is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for handicapped persons than for nonhandicapped persons.

Subpart B—Employment Practices

§ 104.11 Discrimination prohibited.

(a) *General.* (1) No oualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity to which this part applies.

(2) A recipient that receives assistance under the Education of the Handicapped Act shall take positive steps to employ and advance in employment qualified handicapped persons in programs assisted under that Act.

(3) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(4) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

(b) *Specific activities.* The provisions of this subpart apply to:

(1) Recruitment, advertising, and the processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absense, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(7) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

(8) Employer sponsored activities, including social or recreational programs; and

(9) Any other term, condition, or privilege of employment.

(c) A recipient's obligation to comply with this subpart is not affected by any inconsistent term of any collective bargaining agreement to which it is a party.

§ 104.12 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

(b) Reasonable accommodation may include: (1) Making facilities used by employees readily accessible to and usable by handicapped persons, and (2) job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices, the provision of readers or interpreters, and other similar actions.

(c) In determining pursuant to paragraph (a) of this section whether an accommodation would impose an undue hardship on the operation of a recipient's program, factors to be considered include:

(1) The overall size of the recipient's program with respect to number of employees, number and type of facilities, and size of budget;

(2) The type of the recipient's operation, including the composition and structure of the recipient's workforce; and

(3) The nature and cost of the accommodation needed.

(d) A recipient may not deny any employment opportunity to a qualified handicapped employee or applicant if the basis for the denial is the need to make reasonable accommodation to the physical or mental limitations of the employee or applicant.

§ 104.13 Employment criteria.

(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless: (1) The test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question, and (2) alternative job-related tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Director to be available.

(b) A recipient shall select and administer tests concerning employment so as best to ensure that, when administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's or employee's job skills, aptitude, or whatever other factor the test purports to measure, rather than reflecting the applicant's or employee's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

§ 104.14 Preemployment inquiries.

(a) Except as provided in paragraphs (b) and (c) of this section, a recipient may not conduct a preemployment medical examination or may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.

(b) When a recipient is taking remedial action to correct the effects of past discrimination pursuant to § 104.6 (a), when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to § 104.6(b), or when a recipient is taking affirmative action pursuant to section 503 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped, *Provided*, That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty, *Provided*, That: (1) All entering employees are subjected to such an examination regardless of handicap, and (2) the results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(2) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and

(3) Government officials investigating compliance with the Act shall be provided relevant information upon request.

Subpart C—Program Accessibility

§ 104.21 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 104.22 Existing facilities.

(a) *Program accessibility.* A recipient shall operate each program or activity to which this part applies so that the program or activity, when viewed in its entirety, is readily accessible to handicapped persons. This paragraph does not require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) *Methods.* A recipient may comply with the requirements of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of health, welfare, or other social services at alternate accessible sites, alteration of existing facilities and construction of new facilities in conformance with the requirements of § 104.23, or any other methods that result in making its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that offer programs and activities to handicapped persons in the most integrated setting appropriate.

(c) *Small health, welfare, or other social service providers.* If a recipient with fewer than fifteen employees that provides health, welfare, or other social services finds, after consultation with a handicapped person seeking its services, that there is no method of complying with paragraph (a) of this section other than making a significant alteration in its existing facilities, the recipient may, as an alternative, refer the handicapped person to other providers of those services that are accessible.

(d) *Time period.* A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes in facilities are necessary, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(e) *Transition plan.* In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within six months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicappped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve full program accessibility and, if the time period of the transition plan is longer than one year, identify the steps of that will be taken during each year of the transition period; and

(4) Indicate the person responsible for implementation of the plan.

(f) *Notice.* The recipient shall adopt and implement procedures to ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of services, activities, and facilities that are accessible to and usuable by handicapped persons.

§ 104.23 New construction.

(a) *Design and construction.* Each facility or part of a facility constructed by, on behalf of, or for the use of a recipient shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by handicapped persons, if the construction was commenced after the effective date of this part.

(b) *Alteration.* Each facility or part of a facility which is altered by, on behalf of, or for the use of a recipient after the effective date of this part in a manner that affects or could affect the usability of the facility or part of the facility shall, to the maximum extent feasible, be altered in such manner that the altered portion of the facility is readily accessible to and usable by handicapped persons.

(c) *American National Standards Institute accessibility standards.* Design, construction, or alteration of facilities in conformance with the "American National Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by, the Physically Handicapped," published by the American National Standards Institute, Inc. (ANSI A117.1-1961 (R1971)), which is incorporated by reference in this part, shall constitute compliance with paragraphs (a) and (b) of this section. Departures from particular requirements of those standards by the use of other methods shall be permitted when it is clearly evident that equivalent access to the facility or part of the facility is thereby provided. Incorporation by reference provisions approved by the Director of the Federal Register, May 27, 1975. Incorporated documents are on file at the Office of the Federal Register. Copies of the standards are obtainable from American National Standards Institute, Inc., 1430 Broadway, New York, N.Y. 10018.

Subpart D—Preschool, Elementary, and Secondary Education

§ 104.31 Application of this subpart.

Subpart D applies to preschool, elementary, secondary, and adult education programs and activities that receive or benefit from Federal financial assistance and to recipients that operate, or that receive or benefit from Federal financial assistance for the operation of, such programs or activities.

§ 104.32 Location and notification.

A recipient that operates a public elementary or secondary education program shall annually:

(a) Undertake to identify and locate every qualified handicapped person residing in the recipient's jurisdiction who is not receiving a public education; and

(b) Take appropriate steps to notify handicapped persons and their parents or guardians of the recipient's duty under this subpart.

§ 104.33 Free appropriate public education.

(a) *General.* A recipient that operates a public elementary or secondary education program shall provide a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction, regardless of the nature or severity of the person's handicap.

(b) *Appropriate education.* (1) For the purpose of this subpart, the provision of an appropriate education is the provision of regular or special education and related aids and services that (i) are designed to meet individual educational needs of handicapped persons as adequately as the needs of nonhandicapped persons are met and (ii) are based upon adherence to procedures that satisfy the requirements of §§ 104.34, 104.35, and 104.36.

(2) Implementation of an individualized education program developed in accordance with the Education of the Handicapped Act is one means of meeting the standard established in paragraph (b)(1)(i) of this section.

(3) A recipient may place a handicapped person in or refer such person to a program other than the one that it operates as its means of carrying out the requirements of this subpart. If so, the recipient remains responsible for ensuring that the requirements of this subpart are met with respect to any handicapped person so placed or referred.

(c) *Free education*—(1) *General.* For the purpose of this section, the provision of a free education is the provision of educational and related services without cost to the handicapped person or to his or her parents or guardian, except for those fees that are imposed on non-handicapped persons or their parents or guardian. It may consist either of the provision of free services or, if a recipient places a handicapped person in or refers such person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, of payment for the costs of the program. Funds available from any public or private agency may be used to meet the requirements of this subpart. Nothing in this section shall be construed to relieve an insurer or similar third party from an otherwise valid obligation to provide or pay for services provided to a handicapped person.

(2) *Transportation.* If a recipient places a handicapped person in or refers such person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, the recipient shall ensure that adequate transportation to and from the program is provided at no greater cost than would be incurred by the person or his or her parents or guardian if the person were placed in the program operated by the recipient.

(3) *Residential placement.* If placement in a public or private residential program is necessary to provide a free appropriate public education to a handicapped person because of his or her handicap, the program, including non-medical care and room and board, shall be provided at no cost to the person or his or her parents or guardian.

(4) *Placement of handicapped persons by parents.* If a recipient has made available, in conformance with the requirements of this section and § 104.34, a free appropriate public education to a handicapped person and the person's parents or guardian choose to place the person in a private school, the recipient is not required to pay for the person's education in the private school. Disagreements between a parent or guardian and a recipient regarding whether the recipient has made such a program available or otherwise regarding the question of financial responsibility are subject to the due process procedures of § 104.36.

(d) *Compliance.* A recipient may not exclude any qualified handicapped person from a public elementary or secondary education after the effective date of this part. A recipient that is not, on the effective date of this regulation, in full compliance with the other requirements of the preceding paragraphs of this section shall meet such requirements at the earliest practicable time and in no event later than September 1, 1978.

§ 104.34 Educational setting.

(a) *Academic setting.* A recipient to which this subpart applies shall educate, or shall provide for the education of, each qualified handicapped person in its jurisdiction with persons who are not handicapped to the maximum extent appropriate to the needs of the handicapped person. A recipient shall place a handicapped person in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. Whenever a recipient places a person in a setting other than the regular educational environment pursuant to this paragraph, it shall take into account the proximity of the alternate setting to the person's home.

(b) *Nonacademic settings.* In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in § 104.37(a)(2), a recipient shall ensure that handicapped persons participate with nonhandicapped persons in such activities and services to the maximum extent appropriate to the needs of the handicapped person in question.

(c) *Comparable facilities.* If a recipient, in compliance with paragraph (a) of this section, operates a facility that is identifiable as being for handicapped persons, the recipient shall ensure that the facility and the services and activities provided therein are comparable to the other facilities, services, and activities of the recipient.

§ 104.35 Evaluation and placement.

(a) *Preplacement evaluation.* A recipient that operates a public elementary or secondary education program shall conduct an evaluation in accordance with the requirements of paragraph (b) of this section of any person who, because of handicap, needs or is belived to need special education or related services before taking any action with respect to the initial placement of the person in a regular or special education program and any subsequent significant change in placement.

(b) *Evaluation procedures.* A recipient to which this subpart applies shall establish standards and procedures for the evaluation and placement of persons who, because of handicap, need or are believed to need special education or related services which ensure that:

(1) Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer;

(2) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

(3) Tests are selected and administered so as best to ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

(c) *Placement procedures.* In interpreting evaluation data and in making placement decisions, a recipient shall (1) draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior, (2) establish procedures to ensure that information obtained from all such sources is documented and carefully considered, (3) ensure that the placement decision is made by a group of persons, including persons knowledgeable about the child, the meaning of the evaluation data, and the placement options, and (4) ensure that the placement decision is made in conformity with § 104.34.

(d) *Reevaluation.* A recipient to which this section applies shall establish procedures, in accordance with paragraph (b) of this section, for periodic reevaluation of students who have been provided special education and related services. A reevaluation procedure consistent with the Education for the Handicapped Act is one means of meeting this requirement.

§ 104.36 Procedural safeguards.

A recipient that operates a public elementary or secondary education program shall establish and implement, with respect to actions regarding the identification, evaluation, or educational placement of persons who, because of handicap, need or are believed to need special instruction or related services, a system of procedural safeguards that includes notice, an opportunity for the parents or guardian of the person to examine relevant records, an impartial hearing with opportunity for participation by the person's parents or guardian and representation by counsel, and a review procedure. Compliance with the procedural safeguards of section 615 of the Education of the Handicapped Act is one means of meeting this requirement.

§ 104.37 Nonacademic services.

(a) *General.* (1) A recipient to which this subpart applies shall provide nonacademic and extracurricular services and activities in such manner as is necessary to afford handicapped students an equal opportunity for participation in such services and activities.

(2) Nonacademic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the recipients, referrals to agencies which provide assistance to handicapped persons, and employment of students, including both employment by the recipient and assistance in making available outside employment.

(b) *Counseling services.* A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities.

(c) *Physical education and athletics.* (1) In providing physical education courses and athletics and similar programs and activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors interscholastic, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different from those offered to nonhandicapped students only if separation or differentiation is consistent with the requirements of § 104.34 and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

§ 104.38 Preschool and adult education programs.

A recipient to which this subpart applies that operates a preschool education or day care program or activity or an adult education program or activity may not, on the basis of handicap, exclude qualified handicapped persons from the program or activity and shall take into account the needs of such persons in determining the aid, benefits, or services to be provided under the program or activity.

§ 104.39 Private education programs.

(a) A recipient that operates a private elementary or secondary education program may not, on the basis of handicap, exclude a qualified handicapped person from such program if the person can, with minor adjustments, be provided an appropriate education, as defined in § 104.33(b)(1), within the recipient's program.

(b) A recipient to which this section applies may not charge more for the provision of an appropriate education to handicapped persons than to nonhandicapped persons except to the extent that any additional charge is justified by a substantial increase in cost to the recipient.

(c) A recipient to which this section applies that operates special education programs shall operate such programs in accordance with the provisions of §§ 104.35 and 104.36. Each recipient to which this section applies is subject to the provisions of §§ 104.34, 104.37, and 104.38.

Subpart E—Postsecondary Education

§ 104.41 Application of this subpart.

Subpart E applies to postsecondary education programs and activities, including postsecondary vocational education programs and activities, that receive or benefit from Federal financial assistance and to recipients that operate, or that receive or benefit from Federal financial assistance for the operation of, such programs or activities.

§ 104.42 Admissions and recruitment.

(a) *General.* Qualified handicapped persons may not, on the basis of handicap, be denied admission or be subjected to discrimination in admission or recruitment by a recipient to which this subpart applies.

(b) *Admissions.* In administering its admission policies, a recipient to which this subpart applies:

(1) May not apply limitations upon the number or proportion of handicapped persons who may be admitted;

(2) May not make use of any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons or any class of handicapped persons unless (i) the test or criterion, as used by the recipient, has been validated as a predictor of success in the education program or activity in question and (ii) alternate tests or criteria that have a less disproportionate, adverse effect are not shown by the Assistant Secretary to be available.

(3) Shall assure itself that (i) admissions tests are selected and administered so as best to ensure that, when a test is administered to an applicant who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the applicant's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure); (ii) admissions tests that are designed for persons with impaired sensory, manual, or speaking skills are offered as often and in as timely a manner as are other admissions tests; and (iii) admissions tests are administered in facilities that, on the whole, are accessible to handicapped persons; and

(4) Except as provided in paragraph (c) of this section, may not make preadmission inquiry as to whether an applicant for admission is a handicapped person but, after admission, may make inquiries on a confidential basis as to handicaps that may require accommodation.

(c) *Preadmission inquiry exception.* When a recipient is taking remedial action to correct the effects of past discrimination pursuant to § 104.6(a) or when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to § 104.6(b), the recipient may invite applicants for admission to indicate whether and to what extent they are handicapped, *Provided,* That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential, that refusal to provide it will not subject the applicant to any adverse treatment, and that it will be used only in accordance with this part.

(d) *Validity studies.* For the purpose of paragraph (b)(2) of this section, a recipient may base prediction equations on first year grades, but shall conduct periodic validity studies against the criterion of overall success in the education program or activity in question in order to monitor the general validity of the test scores.

§ 104.43 Treatment of students; general.

(a) No qualified handicapped stu dent shall, on the basis of handicap, b excluded from participation in, b denied the benefits of, or otherwise b subjected to discrimination under an academic, research, occupational train ing, housing, health insurance, coun seling, financial aid, physical educa tion, athletics, recreation, transporta tion, other extracurricular, or other postsecondary education program or activity to which this subpart applies.

(b) A recipient to which this subpart applies that considers participation by students in education programs or activities not operated wholly by the recipient as part of, or equivalent to, and education program or activity operated by the recipient shall assure itself that the other education program or activity, as a whole, provides an equal opportunity for the participation of qualified handicapped persons.

(c) A recipient to which this subpart applies may not, on the basis of handicap, exclude any qualified handicapped student from any course, course of study, or other part of its education program or activity.

(d) A recipient to which this subpart applies shall operate its programs and activities in the most integrated setting appropriate.

§ 104.44 Academic adjustments.

(a) *Academic requirements.* A recipient to which this subpart applies shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, on the basis of handicap, against a qualified handicapped applicant or student. Academic requirements that the recipient can demonstrate are essential to the program of instruction being pursued by such student or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

(b) *Other rules.* A recipient to which this subpart applies may not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient's education program or activity.

(c) *Course examinations.* In its course examinations or other procedures for evaluating students' academic achievement in its program, a recipient to which this subpart applies shall provide such methods for evaluating the achievement of students who have a handicap that impairs sensory, manual, or speaking skills as will best ensure that the results of the evaluation represents the student's achievement in the course, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where such skills are the factors that the test purports to measure).

(d) *Auxiliary aids.* (1) A recipient to which this subpart applies shall take such steps as are necessary to ensure that no handicapped student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under the education program or activity operated by the recipient because of the absence of educational auxiliary aids for students with impaired sensory, manual, or speaking skills.

(2) Auxiliary aids may include taped texts, interpreters or other effective methods of making orally delivered materials available to students with hearing impairments, readers in libraries for students with visual impairments, classroom equipment adapted for use by students with manual impairments, and other similar services and actions. Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

§ 104.45 Housing.

(a) *Housing provided by the recipient.* A recipient that provides housing to its nonhandicapped students shall provide comparable, convenient, and accessible housing to handicapped students at the same cost as to others. At the end of the transition period provided for in Subpart C, such housing shall be available in sufficient quantity and variety so that the scope of handicapped students' choice of living accommodations is, as a whole, comparable to that of nonhandicapped students.

(b) *Other housing.* A recipient that assists any agency, organization, or person in making housing available to any of its students shall take such action as may be necessary to assure itself that such housing is, as a whole, made available in a manner that does not result in discrimination on the basis of handicap.

§ 104.46 Financial and employment assistance to students.

(a) *Provision of financial assistance.* (1) In providing financial assistance to qualified handicapped persons, a recipient to which this subpart applies may not (i), on the basis of handicap, provide less assistance than is provided to nonhandicapped persons, limit eligibility for assistance, or otherwise discriminate or (ii) assist any entity or person that provides assistance to any of the recipient's students in a manner that discriminates against qualified handicapped persons on the basis of handicap.

(2) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established under wills, trusts, bequests, or similar legal instruments that require awards to be made on the basis of factors that discriminate or have the effect of discriminating on the basis of handicap only if the overall effect of the award of scholarships, fellowships, and other forms of financial assistance is not discriminatory on the basis of handicap.

(b) *Assistance in making available outside employment.* A recipient that assists any agency, organization, or person in providing employment opportunities to any of its students shall assure itself that such employment opportunities, as a whole, are made available in a manner that would not violate Subpart B if they were provided by the recipient.

(c) *Employment of students by recipients.* A recipient that employs any of its students may not do so in a manner that violates Subpart B.

§ 104.47 Nonacademic services.

(a) *Physical education and athletics.* (1) In providing physical education courses and athletics and similar programs and activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors intercollegiate, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different only if separation or differentiation is consistent with the requirements of § 104.43(d) and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

(b) *Counseling and placement services.* A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities. This requirement does not preclude a recipient from providing factual information about licensing and certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.

(c) *Social organizations.* A recipient that provides significant assistance to fraternities, sororities, or similar organizations shall assure itself that the membership practices of such organizations do not permit discrimination otherwise prohibited by this subpart.

Subpart F—Health, Welfare, and Social Services

§ 104.51 Application of this subpart.

Subpart F applies to health, welfare, and other social service programs and activities that receive or benefit from Federal financial assistance and to recipients that operate, or that receive or benefit from Federal financial assistance for the operation of, such programs or activities.

§ 104.52 Health, welfare, and other social services.

(a) *General.* In providing health, welfare, or other social services or benefits, a recipient may not, on the basis of handicap:

(1) Deny a qualified handicapped person these benefits or services;

(2) Afford a qualified handicapped person an opportunity to receive benefits or services that is not equal to that offered nonhandicapped persons;

(3) Provide a qualified handicapped person with benefits or services that are not as effective (as defined in § 104.4(b)) as the benefits or services provided to others;

(4) Provide benefits or services in a manner that limits or has the effect of limiting the participation of qualified handicapped persons; or

(5) Provide different or separate benefits or services to handicapped persons except where necessary to provide qualified handicapped persons with benefits and services that are as effective as those provided to others.

(b) *Notice.* A recipient that provides notice concerning benefits or services or written material concerning waivers of rights or consent to treatment shall take such steps as are necessary to ensure that qualified handicapped persons, including those with impaired sensory or speaking skills, are not denied effective notice because of their handicap.

(c) *Emergency treatment for the hearing impaired.* A recipient hospital that provides health services or benefits shall establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care.

(d) *Auxiliary aids.* (1) A recipient to which this subpart applies that employs fifteen or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills, where necessary to afford such persons an equal opportunity to benefit from the service in question.

(2) The Assistant Secretary may require recipients with fewer than fifteen employees to provide auxiliary aids where the provision of aids would not significantly impair the ability of the recipient to provide its benefits or services.

(3) For the purpose of this paragraph, auxiliary aids may include brailled and taped material, interpreters, and other aids for persons with impaired hearing or vision.

§ 104.53 Drug and alcohol addicts.

A recipient to which this subpart applies that operates a general hospital or outpatient facility may not discriminate in admission or treatment against a drug or alcohol abuser or alcoholic who is suffering from a medical condition, because of the person's drug or alcohol abuse or alcoholism.

§ 104.54 Education of institutionalized persons.

A recipient to which this subpart applies and that operates or supervises a program or activity for persons who are institutionalized because of handicap shall ensure that each qualified handicapped person, as defined in § 104.3(k)(2), in its program or activity is provided an appropriate education, as defined in § 104.33(b). Nothing in this section shall be interpreted as altering in any way the obligations of recipients under Subpart D.

Subpart G—Procedures

§ 104.61 Procedures.

The procedural provisions applicable to title VI of the Civil Rights Act of 1964 apply to this part. These procedures are found in §§ 100.6-100.10 and Part 101 of this title.

APPENDIX A TO PART 104—ANALYSIS OF FINAL REGULATION

SUBPART A—GENERAL PROVISIONS

Definitions—1. *"Recipient"*. Section 104.23 contains definitions used throughout the regulation.

One comment requested that the regulation specify that nonpublic elementary and secondary schools that are not otherwise recipients do not become recipients by virtue of the fact their students participate in certain federally funded programs. The Secretary believes it unnecessary to amend the regulation in this regard, because almost identical language in the Department's regulations implementing title VI and title IX of the Education Amendments of 1972 has consistently been interpreted so as not to render such schools recipients. These schools, however, are indirectly subject to the substantive requirements of this regulation through the application of § 104.4(b)(iv), which prohibits recipients from assisting agencies that discriminate on the basis of handicap in providing services to beneficiaries of the recipients' programs.

2. *"Federal financial assistance"*. In § 104.3(h), defining federal financial assistance, a clarifying change has been made: procurement contracts are specifically excluded. They are covered, however, by the Department of Labor's regulation under section 503. The Department has never considered such contracts to be contracts of assistance; the explicit exemption has been added only to avoid possible confusion.

The proposed regulation's exemption of contracts of insurance or guaranty has been retained. A number of comments argued for its deletion on the ground that section 504, unlike title VI and title IX, contains no statutory exemption for such contracts. There is no indication, however, in the legislative history of the Rehabilitation Act of 1973 or of the amendments to that Act in 1974, that Congress intended section 504 to have a broader application, in terms of federal financial assistance, than other civil rights statutes. Indeed, Congress directed that section 504 be implemented in the same manner as titles VI and IX. In view of the long established exemption of contracts of insurance or guaranty under title VI, we think it unlikely that Congress intended section 504 to apply to such contracts.

3. *"Handicapped person"*. Section 104.3(j), which defines the class of persons protected under the regulation, has not been substantially changed. The definition of handicapped person in paragraph (j)(1) conforms to the statutory definition of handicapped person that is applicable to section 504, as set forth in section 111(a) of the Rehabilitation Act Amendments of 1974, Pub. L. 93-516.

The first of the three parts of the statutory and regulatory definition includes any person who has a physical or mental impairment that substantially limits one or more major life activities. Paragraph (j)(2)(i) further defines physical or mental impairments. The definition does not set forth a list of specific diseases and conditions that constitute physical or mental impairments because of the difficulty of ensuring the comprehensiveness of any such list. The term includes, however, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and, as discussed below, drug addiction and alcoholism.

It should be emphasized that a physical or mental impairment does not constitute a handicap for purposes of section 504 unless its severity is such that it results in a substantial limitation of one or more major life activities. Several comments observed the lack of any definition in the proposed regulation of the phrase "substantially limits." The Department does not believe that a definition of this term is possible at this time.

A related issue raised by several comments is whether the definition of handicapped person is unreasonably broad. Comments suggested narrowing the definition in various ways. The most common recommendation was that only "traditional" handicaps be covered. The Department continues to believe, however, that it has no flexibility within the statutory definition to limit the term to persons who have those severe, permanent, or progressive conditions that are most commonly regarded as handicaps. The Department intends, however, to give particular attention in its enforcement of section 504 to eliminating discrimination against persons with the severe handicaps that were the focus of concern in the Rehabilitation Act of 1973.

The definition of handicapped person also includes specific limitations on what persons are classified as handicapped under the regulation. The first of the three parts of the definition specifies that only physical and mental handicaps are included. Thus, environmental, cultural, and economic disadvantage are not in themselves covered; nor are prison records, age, or homosexuality. Of course, if a person who has any of these characteristics also has a physical or mental handicap, the person is included within the definition of handicapped person.

In paragraph (j)(2)(i), physical or mental impairment is defined to include, among other impairments, specific learning disabilities. The Department will interpret the term as it is used in section 602 of the Education of the Handicapped Act, as amended. Paragraph (15) of section 602 uses the term "specific learning disabilities" to describe such conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia.

Paragraph (j)(2)(i) has been shortened, but not substantively changed, by the deletion of clause (C), which made explicit the inclusion of any condition which is mental or physical but whose precise nature is not at present known. Clauses (A) and (B) clearly comprehend such conditions.

The second part of the statutory and regulatory definition of handicapped person includes any person who has a record of a physical or mental impairment that substantially limits a major life activity. Under the definition of "record" in paragraph (j)(2)(iii), persons who have a history of a handicapping condition but no longer have the condition, as well as persons who have been incorrectly classified as having such a condition, are protected from discrimination under section 504. Frequently occurring examples of the first group are persons with histories of mental or emotional illness, heart disease, or cancer; of the second group, persons who have been misclassified as mentally retarded.

The third part of the statutory and regulatory definition of handicapped person includes any person who is regarded as having a physical or mental impairment that substantially limits one or more major life activities. It includes many persons who are ordinarily considered to be handicapped but who do not technically fall within the first two parts of the statutory definition, such as persons with a limp. This part of the definition also includes some persons who might not ordinarily be considered handicapped, such as persons with disfiguring scars, as well as persons who have no physical or mental impairment but are treated by a recipient as if they were handicapped.

4. *Drug addicts and alcoholics.* As was the case during the first comment period, the issue of whether to include drug addicts and alcoholics within the definition of handicapped person was of major concern to many commenters. The arguments presented on each side of the issue were similar during the two comment periods, as was the preference of commenters for exclusion of this group of persons. While some comments reflected misconceptions about the implications of including alcoholics and drug addicts within the scope of the regulation, the Secretary understands the concerns that underlie the comments on this question and recognizes that application of section 504 to active alcoholics and drug addicts presents sensitive and difficult questions that must be taken into account in interpretation and enforcement.

The Secretary has carefully examined the issue and has obtained a legal opinion from the Attorney General. That opinion concludes that drug addiction and alcoholism are "physical or mental impairments" within the meaning of section 7(6) of the Rehabilitation Act of 1973, as amended, and that drug addicts and alcoholics are therefore handicapped for purposes of section 504 if their impairment substantially limits one of their major life activities. The Secretary therefore believes that he is without authority to exclude these conditions from the definition. There is a medical and legal consensus that alcoholism and drug addiction are diseases, although there is disagreement as to whether they are primarily mental or physical. In addition, while Congress did not focus specifically on the problems of drug addiction and alcoholism in enacting section 504, the committees that considered the Rehabilitation Act of 1973 were made aware of the Department's long-standing practice of treating addicts and alcoholics as handicapped individuals eligible for rehabilitation services under the Vocational Rehabilitation Act.

The Secretary wishes to reassure recipients that inclusion of addicts and alcoholics within the scope of the regulation will not lead to the consequences feared by many commenters. It cannot be emphasized too strongly that the statute and the regulation apply only to discrimination against qualified handicapped persons solely by reason of their handicap. The fact that drug addiction and alcoholism may be handicaps does not mean that these conditions must be ignored in determining whether an individual is qualified for services or employment opportunities. On the contrary, a recipient may hold a drug addict or alcoholic to the same standard of performance and behavior to which it holds others, even if any unsatisfactory performance or behavior is related to the person's drug addiction or alcoholism. In other words, while an alcoholic or drug addict may not be denied services or disqualified from employment solely because of his or her condition, the behavioral manifestations of the condition may be taken into account in determining whether he or she is qualified.

With respect to the employment of a drug addict or alcoholic, if it can be shown that the addiction or alcoholism prevents successful performance of the job, the person need not be provided the employment opportunity in question. For example, in making employment decisions, a recipient may judge addicts and alcoholics on the same basis it judges all other applicants and employees. Thus, a recipient may consider—for all applicants including drug addicts and alcoholics—past personnel records, absenteeism, disruptive, abusive, or dangerous behavior, violations of rules and unsatisfactory work performance. Moreover, employers may enforce rules prohibiting the possession or use of alcohol or drugs in the work-place, provided that such rules are enforced against all employees.

With respect to other services, the implications of coverage, of alcoholics and drug addicts are two-fold: first, no person may be excluded from services solely by reason of the presence or history of these conditions; second, to the extent that the manifestations of the condition prevent the person from meeting the basic eligibility requirements of the program or cause substantial interference with the operation of the program, the condition may be taken into consideration. Thus, a college may not exclude an addict or alcoholic as a student, on the basis of addiction or alcoholism, if the person can successfully participate in the education program and complies with the rules of the college and if his or her behavior does not impede the performance of other students.

Of great concern to many commenters was the question of what effect the inclusion of drug addicts and alcoholics as handicapped persons would have on school disciplinary rules prohibiting the use or possession of drugs or alcohol by students. Neither such rules nor their application to drug addicts or alcoholics is prohibited by this regulation, provided that the rules are enforced evenly with respect to all students.

5. *"Qualified handicapped person."* Paragraph (k) of § 104.3 defines the term "qualified handicapped person." Throughout the regulation, this term is used instead of the statutory term "otherwise qualified handicapped person." The Department believes that the omission of the word "otherwise" is necessary in order to comport with the intent of the statute because, read literally, "otherwise" qualified handicapped persons include persons who are qualified except for their handicap, rather than in spite of their handicap. Under such a literal reading, a blind person possessing all the qualifications for driving a bus except sight could be said to be "otherwise qualified" for the job of driving. Clearly, such a result was not intended by Congress. In all other respects, the terms "qualified" and "otherwise qualified" are intended to be interchangeable.

Section 104.3(k)(1) defines a qualified handicapped person with respect to employment as a handicapped person who can, with reasonable accommodation, perform the essential functions of the job in question. The term "essential functions" does not appear in the corresponding provision of the Department of Labor's section 503 regulation, and a few commenters objected to its inclusion on the ground that a handicapped person should be able to perform all job tasks. However, the Department believes that inclusion of the phrase is useful in emphasizing that handicapped persons should not be disqualified simply because they may have difficulty in performing tasks that bear only a marginal relationship to a particular job. Further, we are convinced that inclusion of the phrase is not inconsistent with the Department of Labor's application of its definition.

Certain commenters urged that the definition of qualified handicapped person be amended so as explicitly to place upon the employer the burden of showing that a particular mental or physical characteristic is essential. Because the same result is achieved by the requirement contained in paragraph (a) of § 104.13, which requires an employer to establish that any selection criterion that tends to screen out handicapped persons is job-related, that recommendation has not been followed.

Section 104.3(k)(2) defines qualified handicapped person, with respect to preschool, elementary, and secondary programs, in terms of age. Several commenters recommended that eligibility for the services be based upon the standard of substantial benefit, rather than age, because of the need of many handicapped children for early or extended services if they are to have an equal opportunity to benefit from education programs. No change has been made in this provision, again because of the extreme difficulties in administration that would result from the choice of the former standard. Under the remedial action provisions of § 104.6(a)(3), however, persons beyond the age limits prescribed in § 104.3(k)(2) may in appropriate cases be required to be provided services that they were formerly denied because of a recipient's violation of section 504.

Section 104.3(k)(2) states that a handicapped person is qualified for preschool, elementary, or secondary services if the person is of an age at which nonhandicapped persons are eligible for such services or at which State law mandates the provision of educational services to handicapped persons. In addition, the extended age ranges for which recipients must provide full educational opportunity to all handicapped persons in order to be eligible for assistance under the Education of the Handicapped Act—generally, 3-18 as of September 1978, and 3-21 as of September 1980 are incorporated by reference in this paragraph.

Section 104.3(k)(3) defines qualified handicapped person with respect to postsecondary educational programs. As revised, the paragraph means that both academic and technical standards must be met by applicants to these programs. The term "technical standards" refers to all nonacademic admissions criteria that are essential to participation in the program in question.

6. *General prohibitions against discrimination.* Section 104.4 contains general prohibitions against discrimination applicable to all recipients of assistance from this Department.

Paragraph (b)(1)(i) prohibits the exclusion of qualified handicapped persons from aids, benefits, or services, and paragraph (ii) requires that equal opportunity to participate or benefit be provided. Paragraph (iii) requires that services provided to handicapped persons be as effective as those provided to the nonhandicapped. In paragraph (iv), different or separate services are prohibited except when necessary to provide equally effective benefits.

In this context, the term "equally effective," defined in paragraph (b)(2), is intended to encompass the concept of equivalent, as opposed to identical, services and to acknowledge the fact that in order to meet the individual needs of handicapped persons to the same extent that the corresponding needs of nonhandicapped persons are met, adjustments to regular programs or the provision of different programs may sometimes be necessary. This standard parallels the one established under title VI of Civil Rights Act of 1964 with respect to the provision of educational services to students whose primary language is not English. See *Lau* v. *Nichols*, 414 U.S. 563 (1974). To be equally effective, however, an aid, benefit, or service need not produce equal results; it merely must afford an equal opportunity to achieve equal results.

It must be emphasized that, although separate services must be required in some instances, the provision of unnecessarily separate or different services is discriminatory. The addition to paragraph (b)(2) of the phrase "in the most integrated setting appropriated to the person's needs" is intended to reinforce this general concept. A new paragraph (b)(3) has also been added to § 104.4, requiring recipients to give qualified handicapped persons the option of participating in regular programs despite the existence of permissibly separate or different programs. The requirement has been reiterated in §§ 104.38 and 104.47 in connection with physical education and athletics programs.

Section 104.4(b)(1)(v) prohibits a recipient from supporting another entity or person that subjects participants or employees in the recipient's program to discrimination on the basis of handicap. This section would, for example, prohibit financial support by a recipient to a community recreational group or to a professional or social organization that discriminates against handicapped persons. Among the criteria to be considered in each case are the substantiality of the relationship between the recipient and the other entity, including financial support by the recipient, and whether the other entity's activities relate so closely to the recipient's program or activity that they fairly should be considered activities of the recipient itself. Paragraph (b)(1)(vi) was added in response to comment in order to make explicit the prohibition against denying qualified handicapped persons the opportunity to serve on planning and advisory boards responsible for guiding federally assisted programs or activities.

Several comments appeared to interpret § 104.4(b)(5), which proscribes discriminatory site selection, to prohibit a recipient that is located on hilly terrain from erecting any new buildings at its present site. That, of course, is not the case. This paragraph is not intended to apply to construction of additional buildings at an existing site. Of course, any such facilities must be made accessible in accordance with the requirements of § 104.23.

7. *Assurances of compliance.* Section 104.5(a) requires a recipient to submit to the Assistant Secretary an assurance that each of its programs and activities receiving or benefiting from Federal financial assistance from this Department will be conducted in compliance with this regulation. Many commenters also sought relief from the paperwork requirements imposed by the Department's enforcement of its various civil rights responsibilities by requesting the Department to issue one form incorporating title VI, title IX, and section 504 assurances. The Secretary is sympathetic to this request. While it is not feasible to adopt a single civil rights assurance form at this time, the Office for Civil Rights will work toward that goal.

8. *Private rights of action.* Several comments urged that the regulation incorporate provision granting beneficiaries a private right of action against recipients under section 504. To confer such a right is beyond the authority of the executive branch of Government. There is, however, case law holding that such a right exists. *Lloyd* v. *Regional Transportation Authority*, 548 F. 2d 1277 (7th Cir. 1977); *see Hairston* v. *Drosick*, Civil No. 75-0691 (S.D. W. Va., Jan. 14, 1976); *Gurmankin* v. *Castanzo*, 411 F. Supp. 982 (E.D. Pa. 1976); *cf. Lau* v. *Nichols*, *supra*.

9. *Remedial action.* Where there has been a finding of discrimination, § 104.6 requires a recipient to take remedial action to overcome the effects of the discrimination. Actions that might be required under paragraph (a)(1) include provision of services to persons previously discriminated against, reinstatement of employees and development of a remedial action plan. Should a recipient fail to take required remedial action, the ultimate sanctions of court action or termination of Federal financial assistance may be imposed.

Paragraph (a)(2) extends the responsibility for taking remedial action to a recipient that exercises control over a noncomplying recipient. Paragraph (a)(3) also makes clear that handicapped persons who are not in the program at the time that remedial action is required to be taken may also be the subject of such remedial action. This paragraph has been revised in response to comments in order to include persons who would have been in the program if discriminatory practices had not existed. Paragraphs (a) (1), (2), and (3) have also been amended in response to comments to make plain that, in appropriate cases, remedial action might be required to redress clear violations of the statute itself that occurred before the effective date of this regulation.

10. *Voluntary action.* In § 104.6(b), the term "voluntary action" has been substituted for the term "affirmative action" because the use of the latter term led to some confusion. We believe the term "voluntary action" more accurately reflects the purpose of the paragraph. This provision allows action, beyond that required by the regulation, to overcome conditions that led to limited participation by handicapped persons, whether or not the limited participation was caused by any discriminatory actions on the part of the recipient. Several commenters urged that paragraphs (a) and (b) be revised to require remedial action to overcome effects of prior discriminatory practices regardless of whether there has been an express finding of discrimination. The self-evaluation requirement in paragraph (c) accomplishes much the same purpose.

11. *Self-evaluation.* Paragraph (c) requires recipients to conduct a self-evaluation in order to determine whether their policies or practices may discriminate against handicapped persons and to take steps to modify any discriminatory policies and practices and their effects. The Department received many comments approving of the addition to paragraph (c) of a requirement that recipients seek the assistance of handicapped persons in the self-evaluation process. This paragraph has been further amended to require consultation with handicapped persons or organizations representing them before recipients undertake the policy modifications and remedial steps prescribed in paragraphs (c) (ii) and (iii).

Paragraph (c)(2), which sets forth the recordkeeping requirements concerning self-evaluation, now applies only to recipients with fifteen or more employees. This change was made as part of an effort to reduce unnecessary or counterproductive administrative obligations on small recipients. For those recipients required to keep records, the requirements have been made more specific; records must include a list of persons consulted and a description of areas examined, problems identified, and corrective steps taken. Moreover, the records must be made available for public inspection.

12. *Grievance procedure.* Section 104.7 requires recipients with fifteen or more employees to designate an individual responsible for coordinating its compliance efforts and to adopt a grievance procedure. Two changes were made in the section in response to comment. A general requirement that appropriate due process procedures be followed has been added. It was decided that the details of such procedures could not at this time be specified because of the varied nature of the persons and entities who must establish the procedures and of the programs to which they apply. A sentence was also added to make clear that grievance procedures are not required to be made available to unsuccessful applicants for employment or to applicants for admission to colleges and universities.

The regulation does not require that grievance procedures be exhausted before recourse is sought from tne Department. However, the Secretary believes that it is desirable and efficient in many cases for complainants to seek resolution of their complaints and disputes at the local level and therefore encourages them to use available grievance procedures.

A number of comments asked whether compliance with this section or the notice requirements of § 104.8 could be coordinated with comparable action required by the title IX regulation. The Department encourages such efforts.

13. *Notice.* Section 104.8 (formerly § 84.9) sets forth requirements for dissemination of statements of nondicrimination policy by recipients.

It is important that both handicapped persons and the public at large be aware of the obligations of recipients under section 504. Both the Department and recipients have responsibilities in this regard. Indeed the Department intends to undertake a major public information effort to inform persons of their rights under section 504 and this regulation. In § 104.8 the Department has sought to impose a clear obligation on major recipients to notify beneficiaries and employees of the requirements of section 504, without dictating the precise way in which this notice must be given. At the same time, we have avoided imposing requirements on small recipients (those with fewer than fifteen employees) that would create unnecessary and counterproductive paper work burdens on them and unduly stretch the enforcement resources of the Department.

Section 104.8(a), as simplified, requires recipients with fifteen or more employees to take appropriate steps to notify beneficiaries and employees of the recipient's obligations under section 504. The last sentence of § 104.8(a) has been revised to list possible, rather than required, means of notification. Section 104.8(b) requires recipients to include a notification of their policy of nondiscrimination in recruitment and other general information materials.

In response to a number of comments, § 104.8 has been revised to delete the requirements of publication in local newspapers, which has proved to be both troublesome and ineffective. Several commenters suggested that notification on separate forms be allowed until present stocks of publications and forms are depleted. The final regulation explicitly allows this method of compliance. The separate form should, however, be included with each significant publication or form that is distributed.

Section 104 which prohibited the use of materials that might give the impression that a recipient excludes qualified handicapped persons from its program, has been deleted. The Department is convinced by the comments that this provision is unnecessary and difficult to apply. The Department encourages recipients, however, to include in their recruitment and other general information materials photographs of handicapped persons and ramps and other features of accessible buildings.

Under new § 104.9 the Assistant Secretary may, under certain circumstances, require recipients with fewer than fifteen employees to comply with one or more of these requirements. Thus, if experience shows a need for imposing notice or other requirements on particular recipients or classes of small recipients, the Department is prepared to expand the coverage of these sections.

14. *Inconsistent State laws.* Section 104.10(a) states that compliance with the regulation is not excused by State or local laws limiting the eligibility of qualified handicapped persons to receive services or to practice an occupation. The provision thus applies only with respect to state or local laws that unjustifiably differentiate on the basis of handicap.

Paragraph (b) further points out that the presence of limited employment opportunities in a particular profession, does not excuse a recipient from complying with the regulation. Thus, a law school could not deny admission to a blind applicant because blind laywers may find it more difficult to find jobs than do nonhandicapped lawyers.

SUBPART B—EMPLOYMENT PRACTICES

Subpart B prescribes requirements for nondiscrimination in the employment practices of recipients of Federal financial assistance administered by the Department. This subpart is consistent with the employment provisions of the Department's regulation implementing title IX of the Education Amendments of 1972 (34 CFR, Part 106) and the regulation of the Department of Labor under section 503 of the Rehabilitation Act, which requries certain Federal contractors to take affirmative action in the employment and advancement of qualified handicapped persons. All recipients subject to title IX are also subject to this regulation. In addition, many recipients subject to this regulation receive Federal procurement contracts in excess of $2,500 and are therefore also subject to section 503.

15. *Discriminatory practices.* Section 104.11 sets forth general provisions with respect to discrimination in employment. A new paragraph (a)(2) has been added to clarify the employment obligations of recipients that receive Federal funds under Part B of the Education of the Handicapped Act, as amended (EHA). Section 606 of the EHA obligates elementary or secondary school systems that receive EHA funds to take positive steps to employ and advance in employment qualified handicapped persons. This obligation is similar to the nondiscrimination requirement of section 504 but requires recipients to take additional steps to hire and promote handicapped persons. In enacting section 606 Congress chose the words "positive steps" instead of "affirmative action" advisedly and did not intend section 606 to incorporate the types of activities required under Executive Order 11246 (affirmative action on the basis of race, color, sex, or national origin) or under sections 501 and 503 of the Rehabilitation Act of 1973.

Paragraph (b) of § 104.11 sets forth the specific aspects of employment covered by the regulation. Paragraph (c) provides that inconsistent provisions of collective bargaining agreements do not excuse noncompliance.

16. *Reasonable accommodation.* The reasonable accommodation requirement of § 104.12 generated a substantial number of comments. The Department remains convinced that its approach is both fair and effective. Moreover, the Department of Labor reports that it has experienced little difficulty in administering the requirements of reasonable accommodation. The provision therefore remains basically unchanged from the proposed regulation.

Section 104.12 requires a recipient to make reasonable accommodation to the known physical or mental limitations of a handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program. Where a handicapped person is not qualified to perform a particular job, where reasonable accommodation does not overcome the effects of a person's handicap, or where reasonable accommodation causes undue hardship to the employer, failure to hire or promote the handicapped person will not be considered discrimination.

Section 104.12(b) lists some of the actions that constitute reasonable accommodation. The list is neither all-inclusive nor meant to suggest that employers must follow all of the actions listed.

Reasonable accommodation includes modification of work schedules, including part-time employment, and job restructuring. Job restructuring may entail shifting nonessential duties to other employees. In other cases, reasonable accommodation may include physical modifications or relocation of particular offices or jobs so that they are in facilities or parts of facilities that are accessible to and usable by handicapped persons. If such accommodations would cause undue hardship to the employer, they need not be made.

Paragraph (c) of this section sets forth the factors that the Office for Civil Rights will consider in determining whether an accommodation necessary to enable an applicant or employee to perform the duties of a job would impose an undue hardship. The weight given to each of these factors in making the determination as to whether an accommodation constitutes undue hardship will vary depending on the facts of a particular situation. Thus, a small day-care center might not be required to expend more than a nominal sum, such as that necessary to equip a telephone for use by a secretary with impaired hearing, but a large school district might be required to make available a teacher's aide to a blind applicant for a teaching job. The reasonable accommodation standard in § 104.12 is similar to the obligation imposed upon Federal contractors in the regulation implementing section 503 of the Rehabilitation Act of 1973, administered by the Department of Labor. Although the wording of the reasonable accommodation provisions of the two regulations is not identical, the obligation that the two regulations impose is the same, and the Federal Government's policy in implementing the two sections will be uniform. The Department adopted the factors listed in paragraph (c) instead of the "business necessity" standard of the Labor regulation because that term seemed inappropriate to the nature of the programs operated by the majority of institutions subject to this regulation, e.g., public school systems, colleges and universities. The factors listed in paragraph (c) are intended to make the rationale underlying the business necessity standard applicable to an understandable by recipients of ED funds.

17. *Tests and selection criteria.* Revised § 104.13(a) prohibits employers from using test or other selection criteria that screen out or tend to screen out handicapped persons unless the test or criterion is shown to be job-related and alternative tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Assistant Secretary to be available. This paragraph is an application of the principle established under title VII of the Civil Rights Act of 1964 in *Griggs* v. *Duke Power Company,* 401 U.S. 424 (1971).

Under the proposed section, a statistical showing of adverse impact on handicapped persons was required to trigger an employer's obligation to show that employment criteria and qualifications relating to handicap were necessary. This requirement was changed because the small number of handicapped persons taking tests would make statistical showings of "disproportionate, adverse effect" difficult and burdensome. Under the altered, more workable provision, once it is shown that an employment test substantially limits the opportunities of handicapped persons, the employer must show the test to be job-related. A recipient is no longer limited to using predictive validity studies as the method for demonstrating that a test or other selection criterion is in fact job-related. Nor, in all cases, are predictive validity studies sufficient to demonstrate that a test or criterion is job-related. In addition, § 104.13(a) has been revised to place the burden on the Assistant Secretary, rather than the recipient, to identify alternate tests.

Section 104.13(b) requires that a recipient take into account that some tests and criteria depend upon sensory, manual, or speaking skills that may not themselves be necessary to the job in question but that may make the handicapped person unable to pass the test. The recipient must select and administer tests so as best to ensure that the test will measure the handicapped person's ability to perform on the job rather than the person's ability to see, hear, speak, or perform manual tasks, except, of course, where such skills are the factors that the test purports to measure. For example, a person with a speech impediment may be perfectly qualified for jobs that do not or need not, with reasonable accommodation, require ability to speak clearly. Yet, if given an oral test, the person will be unable to perform in a satisfactory manner. The test results will not, therefore, predict job performance but instead will reflect impaired speech.

18. *Preemployment inquiries.* Section 104.14, concerning preemployment inquiries, generated a large number of comments. Commenters representing handicapped persons strongly favored a ban on preemployment inquiries on the ground that such inquiries are often used to discriminate against handicapped persons and are not necessary to serve any legitimate interests of employers. Some recipients, on the other hand, argued that preemployment inquiries are necessary to determine qualifications of the applicant, safety hazards caused by a particular handicapping condition, and accommodations that might be required.

The Secretary has concluded that a general prohibition of preemployment inquiries is appropriate. However, a sentence has been added to paragraph (a) to make clear that an employer may inquire into an applicant's ability to perform job-related tasks but may not ask if the person has a handicap. For example, an employer may not ask on an employment form if an applicant is visually impaired but may ask if the person has a current driver's license (if that is a necessary qualification for the position in question). Similarly, employers may make inquiries about an applicant's ability to perform a job safely. Thus, an employer may not ask if an applicant is an epileptic but may ask whether the person can perform a particular job without endangering other employees.

Section 104.14(b) allows preemployment inquiries only if they are made in conjunction with required remedial action to correct past discrimination, with voluntary action to overcome past conditions that have limited the participation of handicapped persons, or with obligations under section 503 of the Rehabilitation Act of 1973. In these instances, paragraph (b) specifies certain safeguards that must be followed by the employer.

Finally, the revised provision allows an employer to condition offers of employment to handicapped persons on the results of medical examinations, so long as the examinations are administered to all employees in a nondiscriminatory manner and the results are treated on a confidential basis.

19. *Specific acts of Discrimination.* Sections 104.15 (recruitment), 104.16 (compensation), 104.17 (job classification and structure) and 104.18 (fringe benefits) have been deleted from the regulation as unnecessarily duplicative of § 104.11 (discrimination prohibited). The deletion of these sections in no way changes the substantive obligations of employers subject to this regulation from those set forth in the July 16 proposed regulation. These deletions bring the regulation closer in form to the Department of Labor's section 503 regulation.

A proposed section, concerning fringe benefits, had allowed for differences in benefits or contributions between handicapped and nonhandicapped persons in situations only where such differences could be justified on an actuarial basis. Section 104.11 simply bars discrimination in providing fringe benefits and does not address the issue of actuarial differences. The Department believes that currently available data and experience do not demonstrate a basis for promulgating a regulation specifically allowing for differences in benefits or contributions.

SUBPART C—PROGRAM ACCESSIBILITY

In general, Subpart C prohibits the exclusion of qualified handicapped persons from federally assisted programs or activities because a recipient's facilities are inaccessible or unusable.

20. *Existing facilities.* Section 104.22 maintains the same standard for nondiscrimination in regard to existing facilities as was included in the proposed regulation. The section states that a recipients program or activity, when viewed in its entirety, must be readily accessible to and usable by handicapped persons. Paragraphs (a) and (b) make clear that a recipient is not required to make each of its existing facilities accessible to handicapped persons if its program as a whole is accessible. Accessibility to the recipient's program or activity may be achieved by a number of means, including redesign of equipment, reassignment of classes or other services to accessible buildings, and making aides available to beneficiaries. In choosing among methods of compliance, recipients are required to give priority consideration to methods that will be consistent with provision of services in the most appropriate integrated setting. Structural changes in existing facilities are required only where there is no other feasible way to make the recipient's program accessible.

Under § 104.22, a university does not have to make all of its existing classroom buildings accessible to handicapped students if some of its buildings are already accessible and if it is possible to reschedule or relocate enough classes so as to offer all required courses and a reasonable selection of elective courses in accessible facilities. If sufficient relocation of classes is not possible using existing facilities, enough alterations to ensure program accessibility are required. A university may not exclude a handicapped student from a specifically requested course offering because it is not offered in an accessible location, but it need not make every section of that course accessible.

Commenters representing several institutions of higher education have suggested that it would be appropriate for one postsecondary institution in a geographical area to be made accessible to handicapped persons and for other colleges and universities in that area to participate in that school's program, thereby developing an educational consortium for the postsecondary education of handicapped students. The Department believes that such a consortium, when developed and applied only to handicapped persons, would not constitute compliance with § 104.22, but would discriminate against qualified handicapped persons by restricting their choice in selecting institutions of higher education and would, therefore, be inconsistent with the basic objectives of the statute.

Nothing in this regulation, however, should be read as prohibiting institutions from forming consortia for the benefit of all students. Thus, if three colleges decide that it would be cost-efficient for one college to offer biology, the second physics, and the third chemistry to all students at the three colleges, the arrangement would not violate section 504. On the other hand, it would violate the regulation if the same institutions set up a consortium under which one college undertook to make its biology lab accessible, another its physics lab, and a third its chemistry lab, and under which mobility-impaired handicapped students (but not other students) were required to attend the particular college that is accessible for the desired courses.

Similarly, while a public school district need not make each of its buildings completely accessible, it may not make only one facility or part of a facility accessible if the result is to segregate handicapped students in a single setting.

All recipients that provide health, welfare, or other social services may also comply with § 104.22 by delivering services at alternate accessible sites or making home visits. Thus, for example, a pharmacist might arrange to make home deliveries of drugs. Under revised § 104.22(c), small providers of health, welfare, and social services (those with fewer than fifteen employees) may refer a beneficiary to an accessible provider of the desired service, but only if no means of meeting the program accessibility requirement other than a significant alteration in existing facilities is available. The referring recipient has the responsibility of determining that the other provider is in fact accessible and willing to provide the service.

A recent change in the tax law may assist some recipients in meeting their obligations under this section. Under section 2122 of the Tax Reform Act of 1976, recipients that pay federal income tax are eligible to claim a tax deduction of up to $25,000 for architectural and transportation modifications made to improve accessibility for handicapped persons. See 42 FR 17870 (April 4, 1977), adopting 26 CFR 7.190.

Several commenters expressed concern about the feasibility of compliance with the program accessibility standard. The Secretary believes that the standard is flexible enough to permit recipients to devise ways to make their programs accessible short of extremely expensive or impractical physical changes in facilities. Accordingly, the section does not allow for waivers. The Department is ready at all times to provide technical assistance to recipients in meeting their program accessibility responsibilities. For this purpose, the Department is establishing a special technical assistance unit. Recipients are encouraged to call upon the unit staff for advice and guidance both on structural modifications and on other ways of meeting the program accessibility requirement.

Paragraph (d) has been amended to require recipients to make all nonstructural adjustments necessary for meeting the program accessibility standard within sixty days. Only where structural changes in facilities are necessary will a recipient be permitted up to three years to accomplish program accessibility. It should be emphasized that the three-year time period is not a waiting period and that all changes must be accomplished as expeditiously as possible. Further, it is the Department's belief, after consultation with experts in the field, that outside ramps to buildings can be constructed quickly and at relatively low cost. Therefore, it will be expected that such structural additions will be made promptly to comply with § 104.22(d).

The regulation continues to provide, as did the proposed version, that a recipient planning to achieve program accessibility by making structural changes must develop a transition plan for such changes within six months of the effective date of the regulation. A number of commenters suggested extending that period to one year. The secretary believes that such an extension is unnecessary and unwise. Planning for any necessary structural changes should be undertaken promptly to ensure that they can be completed within the three-year period. The elements of the transition plan as required by the regulation remain virtually unchanged from the proposal but § 104.22(d) now includes a requirement that the recipient make the plan available for public inspection.

Several commenters expressed concern that the program accessibility standard would result in the segregation of handicapped persons in educational institutions. The regulation will not be applied to permit such a result. See § 104.4(c)(2)(iv), prohibiting unnecessarily separate treatment; § 104.35, requiring that students in elementary and secondary schools be educated in the most integrated setting appropriate to their needs; and new § 104.43(d), applying the same standard to postsecondary education.

We have received some comments from organizations of handicapped persons on the subject of requiring, over an extended period of time, a barrier-free environment—that is, requiring the removal of all architectural barriers in existing facilities. The Department has considered these comments but has decided to take no further action at this time concerning these suggestions, believing that such action should only be considered in light of experience in implementing the program accessibility standard.

21. *New construction.* Section 104.23 requires that all new facilities, as well as alterations that could affect access to and use of existing facilities, be designed and constructed in a manner so as to make the facility accessible to and usable by handicapped persons. Section 104.23(a) has been amended so that it applies to each newly constructed facility if the construction was commenced after the effective date of the regulation. The words "if construction has commenced" will be considered to mean "if groundbreaking has taken place." Thus, a

recipient will not be required to alter the design of a facility that has progressed beyond groundbreaking prior to the effective date of the regulation.

Paragraph (b) requires certain alterations to conform to the requirement of physical accessibility in paragraph (a). If an alteration is undertaken to a portion of a building the accessibility of which could be improved by the manner in which the alteration is carried out, the alteration must be made in that manner. Thus, if a doorway or wall is being altered, the door or other wall opening must be made wide enough to accommodate wheelchairs. On the other hand, if the alteration consists of altering ceilings, the provisions of this section are not applicable because this alteration cannot be done in a way that affects the accessibility of that portion of the building. The phrase "to the maximum extent feasible" has been added to allow for the occasional case in which the nature of an existing facility is such as to make it impractical or prohibitively expensive to renovate the building in a manner that results in its being entirely barrier-free. In all such cases, however, the alteration should provide the maximum amount of physical accessibility feasible.

As proposed, § 104.23(c) required compliance with the American National Standards Institute (ANSI) standard on building accessibility as the minimum necessary for compliance with the accessibility requirement of §§104.23 (a) and (b). The reference to the ANSI standard created some ambiguity, since the standard itself provides for waivers where other methods are equally effective in providing accessibility to the facility. Moreover, the Secretary does not wish to discourage innovation in barrier-free construction by requiring absolute adherence to a rigid design standard. Accordingly, § 104.23 (c) has been revised to permit departures from particular requirements of the ANSI standard where the recipient can demonstrate that equivalent access to the facility is provided.

Section 104.23(d) of the proposed regulation, providing for a limited deferral of action concerning facilities that are subject to section 502 as well as section 504 of the Act, has been deleted. The Secretary believes that the provision is unnecessary and inappropriate to this regulation. The Department will, however, seek to coordinate enforcement activities under this regulation with those of the Architectural and Transportation Barriers Compliance Board.

SUBPART D—PRESCHOOL, ELEMENTARY, AND SECONDARY EDUCATION

Subpart D sets forth requirements for nondiscrimination in preschool, elementary, secondary, and adult education programs and activities, including secondary vocational education programs. In this context, the term "adult education" refers only to those educational programs and activities for adults that are operated by elementary and secondary schools.

The provisions of Subpart D apply to state and local educational agencies. Although the subpart applies, in general, to both public and private education programs and activities that are federally assisted, §§ 104.32 and 104.33 apply only to public programs and § 104.39 applies only to private programs; §§ 104.35 and 104.36 apply both to public programs and to those private programs that include special services for handicapped students.

Subpart B generally conforms to the standards established for the education of handicapped persons in *Mills* v. *Board of Education of the District of Columbia*, 348 F. Supp. 866 (D.D.C. 1972), *Pennsylvania Association for Retarded Children* v. *Commonwealth of Pennsylvania*, 344 F. Supp. 1257 (E.D. 1971), 343 F. Supp. 279 (E.D. Pa. 1972), and *Lebanks* v. *Spears*, 60, F.R.D. 135 (E.D. La. 1973), as well as in the Education of the Handicapped Act, as amended by Pub. L. 94-142 (the EHA).

The basic requirements common to those cases, to the EHA, and to this regulation are (1) that handicapped persons, regardless of the nature or severity of their handicap, be provided a free appropriate public education, (2) that handicapped students be educated with nonhandicapped students to the maximum extent appropriate to their needs, (3) that educational agencies undertake to identify and locate all unserved handicapped children, (4) that evaluation procedures be improved in order to avoid the inappropriate education that results from the misclassification of students, and (5) that procedural safeguard be established to enable parents and guardians to influence decisions regarding the evaluation and placement of their children. These requirements are designed to ensure that no handicapped child is excluded from school on the basis of handicap and, if a recipient demonstrates that placement in a regular educational setting cannot be achieved satisfactorily, that the student is provided with adequate alternative services suited to the student's needs without additional cost to the student's parents or guardian. Thus, a recipient that operates a public school system must either educate handicapped children in its regular program or provide such children with an appropriate alternative education at public expense.

It is not the intention of the Department, except in extraordinary circumstances, to review the result of individual placement and other educational decisions, so long as the school district complies with the "process" requirements of this subpart (concerning identification and location, evaluation, and due process procedures). However, the Department will place a high priority on investigating cases which may involve exclusion of a child from the education system or a pattern or practice of discriminatory placements or education.

22. *Location and notification.* Section 104.32 requires public schools to take steps annually to identify and locate handicapped children who are not receiving an education and to publicize to handicapped children and their parents the rights and duties established by section 504 and this regulation. This section has been shortened without substantive change.

23. *Free appropriate public education.* Under § 104.33(a), a recipient is responsible for providing a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction. The word "in" encompasses the concepts of both domicile and actual residence. If a recipient places a child in a program other than its own, it remains financially responsible for the child, whether or not the other program is operated by another recipient or educational agency. Moreover, a recipient may not place a child in a program that is inappropriate or that otherwise violates the requirements of Subpart D. And in no case may a recipient refuse to provide services to a handicapped child in its jurisdiction because of another person's or entity's failure to assume financial responsibility.

Section 104.33(b) concerns the provision of appropriate educational services to handicapped children. To be appropriate, such services must be designed to meet handicapped children's individual educational needs to the same extent that those of nonhandicapped children are met. An appropriate education could consist of education in regular classes, education in regular classes with the use of supplementary services, or special education and related services. Special education may include specially designed instruction in classrooms, at home, or in private or public institutions and may be accompanied by such related services as developmental, corrective, and other supportive services (including psychological, counseling, and medical diagnostic services). The placement of the child must however, be consistent with the requirements of § 104.34 and be suited to his or her educational needs.

The quality of the educational services provided to handicapped students must equal that of the services provided to nonhandicapped students; thus, handicapped student's teachers must be trained in the instruction of persons with the handicap in question and appropriate materials and equipment must be available. The Department is aware that the supply of adequately trained teachers may, at least at the outset of the imposition of this requirement, be insufficient to meet the demand of all recipients. This factor will be considered in determining the appropriateness of the remedy for noncompliance with this section. A new § 104.33(b)(2) has been added, which allows this requirement to be met through the full implementation of an individualized education program developed in accordance with the standards of the EHA.

Paragraph (c) of § 104.33 sets forth the specific financial obligations of a recipient. If a recipient does not itself provide handicapped persons with the requisite services, it must assume the cost of any alternate placement. If, however, a recipient offers adequate services and if alternate placement is chosen by a student's parent or guardian, the recipient need not assume the cost of the outside services. (If the parent or guardian believes that his or her child cannot be suitably educated in the recipient's program, he or she may make use of the procedures established in § 104.36.) Under this paragraph, a recipient's obligation extends beyond the provision of tuition payments in the case of placement outside the regular program. Adequate transportation must also be provided. Recipients must also pay for psychological services and those medical services necessary for diagnostic and evaluative purposes.

If the recipient places a student, because of his or her handicap, in a program that necessitates his or her being away from home, the payments must also cover room and board and nonmedical care (including custodial and supervisory care). When residential care is necessitated not by the student's handicap but by factors such as the student's home conditions, the recipient is not required to pay the cost of room and board.

Two new sentences have been added to paragraph (c)(1) to make clear that a recipient's financial obligations need not be met solely through its own funds. Recipients may rely on funds from any public or private source including insurers and similar third parties.

The EHA requires a free appropriate education to be provided to handicapped children "no later than September 1, 1978," but section 504 contains no authority for delaying enforcement. To resolve this problem, a new paragraph (d) has been added to § 104.33. Section 104.33(d) requires recipients to achieve full compliance with the free appropriate public education requirements of § 104.33 as expeditiously as possible, but in no event later than September 1, 1978. The provision also makes clear that, as of the effective date of this regulation, no recipient may exclude a qualified handicapped child from its educational program. This provision against exclusion is consistent with the order of providing services set forth in section 612(3) of the EHA, which places the highest priority on providing services to handicapped children who are not receiving an education.

24. *Educational setting.* Section 104.34 prescribes standards for educating handicapped persons with nonhandicapped persons to the maximum extent appropriate to the needs of the handicapped person in question. A handicapped student may be removed from the regular educational setting only where the recipient can show that the needs of the student would, on balance, be served by placement in another setting.

Although under § 104.34, the needs of the handicapped person are determinative as to proper placement, it should be stressed that, where a handicapped student is so disruptive in a regular classroom that the education of other students is significantly impaired, the needs of the handicapped child cannot be met in that environment. Therefore, regular placement would not be appropriate to his or her needs and would not be required by § 104.34.

Among the factors to be considered in placing a child is the need to place the child as close to home as possible. A new sentence has been added to paragraph (a) requiring recipients to take this factor into account. As pointed out in several comments, the parents' right under § 104.36 to challenge the placement of their child extends not only to placement in special classes or separate schools but also to placement in a distant school and, in particular, to residential placement. An equally appropriate educational program may exist closer to home; this issue may be raised by the parent or guardian under §§ 104.34 and 104.36.

New paragraph (b) specified that handicapped children must also be provided nonacademic services in as integrated a setting as possible. This requirement is especially important for children whose educational needs necessitate their being solely with other handicapped children during most of each day. To the maximum extent appropriate, children in residential settings are also to be provided opportunities for participation with other children.

Section 104.34(c) requires that any facilities that are identifiable as being for handicapped students be comparable in quality to other facilities of the recipient. A number of comments objected to this section on the basis that it encourages the creation and maintenance of such facilities. This is not the intent of the provision. A separate facility violates section 504 unless it is indeed necessary to the provision of an appropriate education to certain handicapped students. In those instances in which such facilities are necessary (as might be the case, for example, for severely retarded persons), this provision requires that the educational services provided be comparable to those provided in the facilities of the recipient that are not identifiable as being *for* handicapped persons.

25. *Evaluation and placement.* Because the failure to provide handicapped persons with an appropriate education is so frequently the result of misclassification or misplacement, § 104.33(b)(1) makes compliance with its provisions contingent upon adherence to certain procedures designed to ensure appropriate classification and placement. These procedures, delineated in §§ 104.35 and 104.36, are concerned with testing and other evaluation methods and with procedural due process rights.

Section 104.35(a) requires that an individual evaluation be conducted before any action is taken with respect either to the initial placement of a handicapped child in a regular or special education program or to any subsequent significant change in that placement. Thus, a full reevaluation is not required every time an adjustment in placement is made. "Any action" includes denials of placement.

Paragraphs (b) and (c) of § 104.35 establishes procedures designed to ensure that children are not misclassified, unnecessarily labeled as being handicapped, or incorrectly placed because of inappropriate selection, administration, or interpretation of evaluation materials. This problem has been extensively documented in "Issues in the Classification of Children," a report by the Project on Classification of Exceptional Children, in which the HEW Interagency Task Force participated. The provisions of these paragraphs are aimed primarily at abuses in the placement process that result from misuse of, or undue or misplaced reliance on, standardized scholastic aptitude tests.

Paragraph (b) has been shortened but not substantively changed. The requirement in former subparagraph (1) that recipients provide and administer evaluation materials in the native language of the student has been deleted as unnecessary, since the same requirement already exists under title VI and is more appropriately covered under that statute. Paragraphs (1) and (2) are, in general, intended to prevent misinterpretation and similar misuse of test scores and, in particular, to avoid undue reliance on general intelligence tests. Subparagraph (3) requires a recipient to administer tests to a student with impaired sensory, manual, or speaking skills in whatever manner is necessary to avoid distortion of the test results by the impairment. Former subparagraph (4) has been deleted as unnecessarily repetitive of the other provisions of this paragraph.

Paragraph (c) requires a recipient to draw upon a variety of sources in the evaluation process so that the possibility of error in classification is minimized. In particular, it requires that all significant factors relating to the learning process, including adaptive behavior, be considered. (Adaptive behavior is the effectiveness with which the individual meets the standards of personal independence and social responsibility expected of his or her age and cultural group.) Information from all sources must be documented and considered by a group of persons, and the procedure must ensure that the child is placed in the most integrated setting appropriate.

The proposed regulation would have required a complete individual reevaluation of the student each year. The Department has concluded that it is inappropriate in the section 504 regulation to require full reevaluations on such a rigid schedule. Accordingly, § 104.35(c) requires periodic reevaluations and specifies that reevaluations in accordance with the EHA will constitute compliance. The proposed regulation implementing the EHA allows reevaluation at three-year intervals except under certain specified circumstances.

Under § 104.36, a recipient must establish a system of due process procedures to be afforded to parents or guardians before the recipient takes any action regarding the identification, evaluation, or educational placement of a person who, because of handicap, needs or is believed to need special education or related services. This section has been revised. Because the due process procedures of the EHA, incorporated by reference in the proposed section 504 regulation, are inappropriate for some recipients not subject to that Act, the section now specifies minimum necessary procedures: notice, a right to inspect records, an impartial hearing with a right to representation by counsel, and a review procedure. The EHA procedures remain one means of meeting the regulation's due process requirements, however, and are recommended to recipients as a model.

26. *Nonacademic services.* Section 104.37 requires a recipient to provide nonacademic and extracurricular services and activities in such manner as is necessary to afford handicapped students an equal opportunity for participation. Because these services and activities are part of a recipient's education program, they must, in accordance with the provisions of § 104.34, be provided in the most integrated setting appropriate.

Revised paragraph (c)(2) does permit separation or differentiation with respect to the provision of physical education and athletics activities, but only if qualified handicapped students are also allowed the opportunity to compete for regular teams or participate in regular activities. Most handicapped students are able to participate in one or more regular physical education and athletics activities. For example, a student in a wheelchair can participate in regular archery course, as can a deaf student in a wrestling course.

Finally, the one-year transition period provided in a proposed section was deleted in response to the almost unanimous objection of commenters to that provision.

27. *Preschool and adult education.* Section 104.38 prohibits discrimination on the basis of handicap in preschool and adult education programs. Former paragraph (b), which emphasized that compensatory programs for disadvantaged children are subject to section 504, has been deleted as unnecessary, since it is comprehended by paragraph (a).

28. *Private education.* Section 104.39 sets forth the requirements applicable to recipients that operate private education programs and activities. The obligations of these recipients have been changed in two significant respects: first, private schools are subject to the evaluation and due process provisions of the subpart only if they operate special education programs; second, under § 104.39(b), they may charge more for providing services to handicapped students than to nonhandicapped students to the extent that additional charges can be justified by increased costs.

Paragraph (a) of § 104.39 is intended to make clear that recipients that operate private education programs and activities are not required to provide an appropriate education to handicapped students with special educational needs if the recipient does not offer programs designed to meet those needs. Thus, a private school that has no program for mentally retarded persons is neither required to admit such a person into its program nor to arrange or pay for the provision of the person's education in another program. A private recipient without a special program for blind students, however, would not be permitted to exclude, on the basis of blindness, a blind applicant who is able to participate in the regular program with minor adjustments in the manner in which the program is normally offered.

Subpart E—Postsecondary Education

Subpart E prescribes requirements for nondiscrimination in recruitment, admission, and treatment of students in postsecondary education programs and activities, including vocational education.

29. *Admission and recruitment.* In addition to a general prohibition of discrimination on the basis of handicap in § 104.42(a), the regulation delineates, in § 104.42(b), specific prohibitions concerning the establishment of limitations on admission of handicapped students, the use of tests or selection criteria, and preadmission inquiry. Several changes have been made in this provision.

Section 104.42(b) provides that postsecondary educational institutions may not use

BEST COPY AVAILABLF

any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons unless it has been validated as a predictor of academic success and alternate tests or criteria with a less disproportionate, adverse effect are shown by the Department to be available. There are two significant changes in this approach from the July 16 proposed regulation.

First, many commenters expressed concern that § 104.42(b)(2)(ii) could be interpreted to require a "global search" for alternate tests that do not have a disproportionate, adverse impact on handicapped persons. This was not the intent of the provision and, therefore, it has been amended to place the burden on the Assistant Secretary for Civil Rights, rather than on the recipient, to identify alternate tests.

Second, a new paragraph (d), concerning validity studies, has been added. Under the proposed regulation, overall success in an education program, not just first-year grades, was the criterion against which admissions tests were to be validated. This approach has been changed to reflect the comment of professional testing services that use of first year grades would be less disruptive of present practice and that periodic validity studies against overall success in the education program would be sufficient check on the reliability of first-year grades.

Section 104.42(b)(3) also requires a recipient to assure itself that admissions tests are selected and administered to applicants with impaired sensory, manual, or speaking skills in such manner as is necessary to avoid unfair distortion of test results. Methods have been developed for testing the aptitude and achievement of persons who are not able to take written tests or even to make the marks required for mechanically scored objective tests; in addition, methods for testing persons with visual or hearing impairments are available. A recipient, under this paragraph, must assure itself that such methods are used with respect to the selection and administration of any admissions tests that it uses.

Section 104.42(b)(3)(iii) has been amended to require that admissions tests be administered in facilities that, on the whole, are accessible. In this context, "on the whole" means that not all of the facilities need be accessibile so long as a sufficient number of facilities are available to handicapped persons.

Revised § 104.42(b)(4) generally prohibits preadmission inquiries as to whether an applicant has a handicap. The considerations that led to this revision are similar to those underlying the comparable revision of § 104.14 on preemployment inquiries. The regulation does, however, allow inquiries to be made, after admission but before enrollment, as to handicaps that may require accommodation.

New paragraph (c) parallels the section on preemployment inquiries and allows postsecondary institutions to inquire about applicants' handicaps before admission, subject to certain safeguards, if the purpose of the inquiry is to take remedial action to correct past discrimination or to take voluntary action to overcome the limited participation of handicapped persons in postsecondary educational institutions.

Proposed § 104.42(c), which would have allowed different admissions criteria in certain cases for handicapped persons, was widely misinterpreted in comments from both handicapped persons and recipients. We have concluded that the section is unnecessary, and it has been deleted.

30. *Treatment of students.* Section 104.43 contains general provisions prohibiting the discriminatory treatment of qualified handicapped applicants. Paragraph (b) requires recipients to ensure that equal opportunities are provided to its handicapped students in education programs and activities that are not operated by the recipient. The recipient must be satisfied that the outside education program or activity as a whole is nondiscriminatory. For example, a college must ensure that discrimination on the basis of handicap does not occur in connection with teaching assignments of student teachers in elementary or secondary schools not operated by the college. Under the "as a whole" wording, the college could continue to use elementary or secondary school systems that discriminate if, and only if, the college's student teaching program, when viewed in its entirety, offered handicapped student teachers the same range and quality of choice in student teaching assignments afforded nonhandicapped students.

Paragraph (c) of this section prohibits a recipient from excluding qualified handicapped students from any course, course of study, or other part of its education program or activity. This paragraph is designed to eliminate the practice of excluding handicapped persons from specific courses and from areas of concentration because of factors such as ambulatory difficulties of the student or assumptions by the recipient that no job would be available in the area in question for a person with that handicap.

New paragraph (d) requires postsecondary institutions to operate their programs and activities so that handicapped students are provided services in the most integrated setting appropriate. Thus, if a college had several elementary physics classes and had moved one such class to the first floor of the science building to accommodate students in wheelchairs, it would be a violation of this paragraph for the college to concentrate handicapped students with no mobility impairments in the same class.

31. *Academic adjustments.* Paragraph (a) of § 104.44 requires that a recipient make certain adjustments to academic requirements and practices that discriminate or have the effect of discriminating on the basis of handicap. This requirement, like its predecessor in the proposed regulation, does not obligate an institution to waive course or other academic requirements. But such institutions must accommodate those requirements to the needs of individual handicapped students. For example, an institution might permit an otherwise qualified handicapped student who is deaf to substitute an art appreciation or music history course for a required course in music appreciation or could modify the manner in which the music appreciation course is conducted for the deaf student. It shoud be stressed that academic requirements that can be demonstrated by the recipient to be essential to its program of instruction or to particular degrees need not be changed.

Paragraph (b) provides that postsecondary institutions may not impose rules that have the effect of limiting the participation of handicapped students in the education program. Such rules include prohibition of tape recorders or braillers in classrooms and dog guides in campus buildings. Several recipients expressed concern about allowing students to tape record lectures because the professor may later want to copyright the lectures. This problem may be solved by requiring students to sign agreements that they will not release the tape recording or transcription or otherwise hinder the professor's ability to obtain a copyright.

Paragraph (c) of this section, concerning the administration of course examinations to students with impaired sensory, manual, or speaking skills, parallels the regulation's provisions on admissions testing (§ 104.42(b)) and will be similarly interpreted.

Under § 104.44(d), a recipient must ensure that no handicapped student is subject to discrimination in the recipient's program because of the absence of necessary auxiliary educational aids. Colleges and universities expressed concern about the costs of compliance with this provision.

The Department emphasizes that recipients can usually meet this obligation by assisting students in using existing resources for auxiliary aids such as state vocational rehabilitation agencies and private charitable organizations. Indeed, the Department anticipates that the bulk of auxiliary aids will be paid for by state and private agencies, not by colleges or universities. In those circumstances where the recipient institution must provide the educational auxiliary aid, the institution has flexibility in choosing the methods by which the aids will be supplied. For example, some universities have used students to work with the institution's handicapped students. Other institutions have used existing private agencies that tape texts for handicapped students free of charge in order to reduce the number of readers needed for visually impaired students.

As long as no handicapped person is excluded from a program because of the lack of an appropriate aid, the recipient need not have all such aids on hand at all times. Thus, readers need not be available in the recipient's library at all times so long as the schedule of times when a reader is available is established, is adhered to, and is sufficient. Of course, recipients are not required to maintain a complete braille library.

32. *Housing.* Section 104.45(a) requires postsecondary institutions to provide housing to handicapped students at the same cost as they provide it to other students and in a convenient, accessible, and comparable manner. Commenters, particularly blind persons pointed out that some handicapped persons can live in any college housing and need not wait to the end of the transition period in Subpart C to be offered the same variety and scope of housing accommodations given to nonhandicapped persons. The Department concurs with this position and will interpret this section accordingly.

A number of colleges and universities reacted negatively to paragraph (b) of this section. It provides that, if a recipient assists in making off-campus housing available to its students, it should develop and implement procedures to assure itself that off-campus housing, as a whole, is available to handicapped students. Since postsecondary institutions are presently required to assure themselves that off-campus housing is provided in a manner that does not discriminate on the basis of sex (§ 106.32 of the title IX regulation), they may use the procedures developed under title IX in order to comply with § 104.45(b). It should be emphasized that not every off-campus living accommodation need be made accessible to handicapped persons.

33. *Health and insurance.* A proposed section, providing that recipients may not discriminate on the basis of handicap in the provision of health related services, has been deleted as duplicative of the general provisions of § 104.43. This deletion represents no change in the obligation of recipients to provide nondiscriminatory health and insurance plans. The Department will continue to require that nondiscriminatory health services be provided to handicapped students. Recipients are not required, however, to provide specialized services and aids to handicapped persons in health programs. If, for example, a college infirmary treats only simple disorders such as cuts, bruises, and colds, its obligation to handicapped persons is to treat such disorders for them.

34. *Financial assistance.* Section 104.46(a), prohibiting discrimination in providing financial assistance, remains substantively the same. It provides that recipients may not provide less assistance to or limit the eligibility of qualified handicapped persons for such assistance, whether the assistance is provided directly by the recipient or by another entity through the recipient's sponsorship. Awards that are made under wills, trusts, or similar legal instruments in a discriminatory manner are permissible, but only if the overall effect of the recipient's provision of financial assistance is not discriminatory on the basis of handicap.

It will not be considered discriminatory to deny, on the basis of handicap, an athletic scholarship to a handicapped person if the handicap renders the person unable to qualify for the award. For example, a student who has a neurological disorder might be denied a varsity football scholarship on the basis of his inability to play football, but a deaf person could not, on the basis of handicap, be denied a scholarship for the school's diving team. The deaf person could, however, be denied a scholarship on the basis of comparative diving ability.

Commenters on § 104.46(b), which applies to assistance in obtaining outside employment for students, expressed similar concerns to those raised under § 104.43(b), concerning cooperative programs. This paragraph has been changed in the same manner as § 104.43(b) to include the "as a whole" concept and will be interpreted in the same manner as § 104.43(b).

35. *Nonacademic services.* Section 104.47 establishes nondiscrimination standards for physical education and athletics counseling and placement services, and social organizations. This section sets the same standards as does § 104.38 of Subpart D, discussed above, and will be interpreted in a similar fashion.

SUBPART F—HEALTH, WELFARE, AND SOCIAL SERVICES

Subpart F applies to recipients that operate health, welfare, and social service programs. The Department received fewer comments on this subpart than on others.

Although many commented that Subpart F lacked specificity, these commenters provided neither concrete suggestions nor additions. Nevertheless, some changes have been made, pursuant to comment, to clarify the obligations of recipients in specific areas. In addition, in an effort to reduce duplication in the regulation, the section governing recipients providing health services has been consolidated with the section regulating providers of welfare and social services. Since the separate provisions that appeared in the proposed regulation were almost identical, no substantive change should be inferred from their consolidation.

Several commenters asked whether Subpart F applies to vocational rehabilitation agencies whose purpose is to assist in the rehabilitation of handicapped persons. To the extent that such agencies receive financial assistance from the Department, they are covered by Subpart F and all other relevant subparts of the regulation. Nothing in this regulation, however, precludes such agencies from servicing only handicapped persons. Indeed, § 104.4(c) permits recipients to offer services or benefits that are limited by federal law to handicapped persons or classes of handicapped persons.

Many comments suggested requiring state social service agencies to take an active role in the enforcement of section 504 with regard to local social service providers. The Department believes that the possibility for federal-state cooperation in the administration and enforcement of section 504 warrants further consideration.

A number of comments also discussed whether section 504 should be read to require payment of compensation to institutionalized handicapped patients who perform services for the institution in which they reside. The Department of Labor has recently issued a proposed regulation under the Fair Labor Standards Act (FLSA) that covers the question of compensation for institutionalized persons. 42 FR 15224 (March 18, 1977). This Department will seek information and comment from the Department of Labor concerning that agency's experience administering the FLSA regulation.

36. *Health, welfare, and other social service providers.* Section 104.52(a) has been expanded in several respects. The addition of new paragraph (a)(2) is intended to make clear the basic requirement of equal opportunity to receive benefits or services in the health, welfare, and social service areas. The paragraph parallels §§ 104.4(b)(ii) and 104.43(b). New paragaph (a)(3) requires the provision of effective benefits or services, as defined in § 104.4(b)(2) (i.e., benefits or services which "afford handicapped persons equal opportunity to obtain the same result (or) to gain the same benefit * * *").

Section 104.52(a) also includes provisions concerning the limitation of benefits or services to handicapped persons and the subjection of handicapped persons to different eligibility standards. One common misconception about the regulation is that it would require specialized hospitals and other health care providers to treat all handicapped persons. The regulation makes no such requirement. Thus, a burn treatment center need not provide other types of medical treatment to handicapped persons unless it provides such medical services to nonhandicapped persons. It could not, however, refuse to treat the burns of a deaf person because of his or her deafness.

Commenters had raised the question of whether the prohibition against different standards of eligibility might preclude recipients from providing special services to handicapped persons or classes of handicapped persons. The regulation will not be so interpreted, and the specific section in question has been eliminated. Section 104.4(c) makes clear that special programs for handicapped persons are permitted.

A new paragraph (a)(5) concerning the provision of different or separate services or benefits has been added. This provision prohibits such treatment unless necessary to provide qualified handicapped persons with benefits and services that are as effective as those provided to others.

Section 104.52(b) has been amended to cover written material concerning waivers of rights or consent to treatment as well as general notices concerning health benefits or services. The section requires the recipient to ensure that qualified handicapped persons are not denied effective notice because of their handicap. For example, recipients could use several different types of notice in order to reach persons with impaired vision or hearing, such as brailled messages, radio spots, and tacticle devices on cards or envelopes to inform blind persons of the need to call the recipient for further information.

Section 104.52(c) is a new section requiring recipient hospitals to establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care. Although it would be appropriate for a hospital to fulfill its responsibilities under this section by having a full-time interpreter for the deaf on staff, there may be other means of accomplishing the desired result of assuring that some means of communication is immediately available for deaf persons needing emergency treatment.

Section 104.52(c), also a new provision, requires recipients with fifteen or more employees to provide appropriate auxiliary aids for persons with impaired sensory, manual, or speaking skills. Further, the Assistant Secretary may require a small provider to furnish auxiliary aids where the provision of aids would not adversely affect the ability of the recipient to provide its health benefits or service.

37. *Treatment of Drug Addicts and Alcoholics.* Section 104.53 is a new section that prohibits discrimination in the treatment and admission of drug and alcohol addicts to hospitals and outpatient facilities. Section 104.53 prohibits discrimination against drug abusers by operators of outpatient facilities, despite the fact that section 407 pertains only to hospitals, because of the broader application of section 504. This provision does not mean that all hospitals and outpatient facilities must treat drug addiction and alcoholism. It simply means, for example, that a cancer clinic may not refuse to treat cancer patients simply because they are also alcoholics.

38. *Education of institutionalized persons.* The regulation retains § 104.54 of the proposed regulation that requires that an appropriate education be provided to qualified handicapped persons who are confined to residential institutions or day care centers.

SUBPART G—PROCEDURES

In § 104.61, the Secretary has adopted the title VI complaint and enforcement procedures for use in implementing section 504 until such time as they are superseded by the issuance of a consolidated procedureal regulation applicable to all of the civil rights statutes and executive orders administered by the Department.

APPENDIX B TO PART 104—GUIDELINES FOR ELIMINATING DISCRIMINATION AND DENIAL OF SERVICES ON THE BASIS OF RACE, COLOR, NATIONAL ORIGIN, SEX, AND HANDICAP IN VOCATIONAL EDUCATION PROGRAMS

EDITORIAL NOTE: For the text of these guidelines, see 34 CFR Part 100, Appendix B.

PART 106—NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS AND ACTIVITIES RECEIVING OR BENEFITING FROM FEDERAL FINANCIAL ASSISTANCE

Subpart A—Introduction

Sec.
106.1 Purpose and effective date.
106.2 Definitions.
106.3 Remedial and affirmative action and self-evaluation.
106.4 Assurance required.
106.5 Transfers of property.
106.6 Effect of other requirements.
106.7 Effect of employment opportunities.
106.8 Designation of responsible employee and adoption of grievance procedures.
106.9 Dissemination of policy.

Subpart B—Coverage

106.11 Application.
106.12 Educational institutions controlled by religious organizations.
106.13 Military and merchant marine educational institutions.
106.14 Membership practices of certain organizations.

S. Ct. 2101 (1986), the Supreme Court upheld the action of a United States District Court, 585 F. Supp. 541 (S.D.N.Y. 1984), declaring invalid and enjoining enforcement of provisions under this section, promulgated January 12, 1984.

(Information collection requirements contained in paragraph (c) have been approved by the Office of Management and Budget under control number 0990–0114)

[49 FR 1651, Jan. 12, 1984, as amended at 52 FR 3012, Jan. 30, 1987]

§§ 84.56—84.60 [Reserved]

Subpart G—Procedures

§ 84.61 Procedures.

The procedural provisions applicable to title VI of the Civil Rights Act of 1964 apply to this part. These procedures are found in §§ 80.6 through 80.10 and Part 81 of this Title.

[42 FR 22377, May 4, 1977; 42 FR 22888, May 5, 1977]

APPENDIX A—ANALYSIS OF FINAL REGULATION

SUBPART A—GENERAL PROVISIONS

Definitions—1. *"Recipient"*. Section 84.23 contains definitions used throughout the regulation. Most of the comments concerning § 84.3(f), which contains the definition of "recipient," commended the inclusion of recipient whose sole source of Federal financial assistance is Medicaid. The Secretary believes that such Medicaid providers should be regarded as recipients under the statute and the regulation and should be held individually responsible for administering services in a nondiscriminatory fashion. Accordingly, § 84.3(f) has not been changed. Small Medicaid providers, however, are exempt from some of the regulation's administrative provisions (those that apply to recipients with fifteen or more employees). And such recipients will be permitted to refer patients to accessible facilities in certain limited circumstances under revised § 84.22(b). The Secretary recognizes the difficulties involved in Federal enforcement of this regulation with respect to thousands of individual Medicaid providers. As in the case of title VI of the Civil Rights Act of 1964, the Office for Civil Rights will concentrate its compliance efforts on the state Medicaid agencies and will look primarily to them to ensure compliance by individual providers.

One other comment requested that the regulation specify that nonpublic elementary and secondary schools that are not otherwise recipients do not become recipients by virtue of the fact their students participate in certain federally funded programs. The Secretary believes it unnecessary to amend the regulation in this regard, because almost identical language in the Department's regulations implementing title VI and Title IX of the Education Amendments of 1972 has consistently been interpreted so as not to render such schools recipients. These schools, however, are indirectly subject to the substantive requirements of this regulation through the application of § 84.4(b)(iv), which prohibits recipients from assisting agencies that discriminate on the basis of handicap in providing services to beneficiairies of the recipients' programs.

2. *"Federal financial assistance"*. In § 84.3(h), defining Federal financial assistance, a clarifying change has been made: procurement contracts are specifically excluded. They are covered, however, by the Department of Labor's regulation under section 503. The Department has never considered such contracts to be contracts of assistance; the explicit exemption has been added only to avoid possible confusion.

The proposed regulation's exemption of contracts of insurance or guaranty has been retained. A number of comments argued for its deletion on the ground that section 504, unlike title VI and title IX, contains no statutory exemption for such contracts. There is no indication, however, in the legislative history of the Rehabilitation Act of 1973 or of the amendments to that Act in 1974, that Congress intended section 504 to have a broader application, in terms of Federal financial assistance, than other civil rights statutes. Indeed, Congress directed that section 504 be implemented in the same manner as titles VI and IX. In view of the long established exemption of contracts of insurance or guaranty under title VI, we think it unlikely that Congress intended section 504 to apply to such contracts.

In its May 1976 Notice of Intent, the Department suggested that the arrangement under which individual practitioners, hospitals, and other facilities receive reimbursement for providing services to beneficiaries under Part B of title XVIII of the Social Security Act (Medicare) constitutes a contract of insurance or guaranty and thus falls within the exemption from the regulation. This explanation oversimplified the Department's view of whether Medicare Part B constitutes Federal financial assistance. The Department's position has consistently been that, whether or not Medicare Part B arrangements involve a contract of insurance or guaranty, no Federal financial assistance flows from the Department to the doctor or other practitioner under the program, since Medicare Part B—like other social security capped person." The Department believes that the omission of the word "otherwise" is necessary in order to comport with the intent of the statute because, read literally, "otherwise" qualified handicapped persons include persons who are qualified except for their handicap, rather than in spite of their handicap. Under such a literal reading, a blind person possessing all the qualifications for driving a bus except sight could be said to be "otherwise qualified" for the job of driving. Clearly, such a result was not intended by Congress. In all other respects, the terms "qualified" and "otherwise qualified" are intended to be interchangeable.

Section 84.3(k)(1) defines a qualified handicapped person with respect to employment as a handicapped person who can, with reasonable accommodation, perform the essential functions of the job in question. The term "essential functions" does not appear in the corresponding provision of the Department of Labor's section 503 regulation, and a few commenters objected to its inclusion on the ground that a handicapped person should be able to perform all job tasks. However, the Department believes that inclusion of the phrase is useful in emphasizing that handicapped persons should not be disqualified simply because they may have difficulty in performing tasks that bear only a marginal relationship to a particular job. Further, we are convinced that inclusion of the phrase is not inconsistent with the Department of Labor's application of its definition.

Certain commenters urged that the definition of qualified handicapped person be amended so as explicitly to place upon the employer the burden of showing that a particular mental or physical characteristic is essential. Because the same result is achieved by the requirement contained in paragraph (a) of § 84.13, which requires an employer to establish that any selection criterion that tends to screen out handicapped persons is job-related, that recommendation has not been followed.

Section 84.3(k)(2) (formerly § 84.3(k)(3)) defines qualified handicapped person, with respect to preschool, elementary, and secondary programs, in terms of age. Several commenters recommended that eligibility for the services be based upon the standard of substantial benefit, rather than age, because of the need of many handicapped children for early or extended services if they are to have an equal opportunity to benefit from education programs. No change has been made in this provision, again because of the extreme difficulties in administration that would result from the choice of the former standard. Under the remedial action provisions of § 84.6(a)(3), however, persons beyond the age limits prescribed in § 84.3(k)(2) may in appropriate cases be required to be provided services that they were formerly denied because of a recipient's violation of section 504.

Section 84.3(k)(2) states that a handicapped person is qualified for preschool, elementary, or secondary services if the person is of an age at which nonhandicapped persons are eligible for such services or at which state law mandates the provision of educational services to handicapped persons. In addition, the extended age ranges for which recipients must provide full educational opportunity to all handicapped persons in order to be eligible for assistance under the Education of the Handicapped Act—generally, 3-18 as of September 1978, and 3-21 as of September 1980 are incorporated by reference in this paragraph.

Section 84.3(k)(3) formerly § 84.3(k)(2)) defines qualified handicapped person with respect to postsecondary educational programs. As revised, the paragraph means that both academic and technical standards must be met by applicants to these programs. The term "technical standards" refers to all nonacademic admissions criteria that are essential to participation in the program in question.

6. *General prohibitions against discrimination.* Section 84.4 contains general prohibitions against discrimination applicable to all recipients of assistance from this Department.

Paragraph (b)(1)(i) prohibits the exclusion of qualified handicapped persons from aids, benefits, or services, and paragraph (ii) requires that equal opportunity to participate or benefit be provided. Paragraph (iii) requires that services provided to handicapped persons be as effective as those provided to the nonhandicapped. In paragraph (iv), different or separate services are prohibited except when necessary to provide equally effective benefits.

In this context, the term "equally effective," defined in paragraph (b)(2), is intended to encompass the concept of equivalent, as opposed to identical, services and to acknowledge the fact that in order to meet the individual needs of handicapped persons to the same extent that the corresponding needs of nonhandicapped persons are met, adjustments to regular programs or the provision of different programs may sometimes be necessary. For example, a welfare office that uses the telephone for communicating with its clients must provide alternative modes of communicating with its deaf clients. This standard parallels the one established under title VI of Civil Rights Act of 1964 with respect to the provision of educational services to students whose primary language is not English. See *Lau* v. *Nichols*, 414 U.S. 563 (1974). To be equally effective, however, an aid, benefit, or service need not produce equal results; it merely must afford an equal opportunity to achieve equal results.

It must be emphasized that, although separate services must be required in some instances, the provision of unnecessarily separate or different services is discriminatory. The addition to paragraph (b)(2) of the phrase "in the most integrated setting appropriate to the person's needs" is intended to reinforce this general concept. A new paragraph (b)(3) has also been added to § 84.4, requiring recipients to give qualified handicapped persons the option of participating in regular programs despite the existence of permissibly separate or different programs. The requirement has been reiterated in §§ 84.38 and 84.47 in connection with physical education and athletics programs.

Section 84.4(b)(1)(v) prohibits a recipient from supporting another entity or person that subjects participants or employees in the recipient's program to discrimination on the basis of handicap. This section would, for example, prohibit financial support by a recipient to a community recreational group or to a professional or social organization that discriminates against handicapped persons. Among the criteria to be considered in each case are the substantiality of the relationship between the recipient and the other entity, including financial support by the recipient, and whether the other entity's activities relate so closely to the recipient's program or activity that they fairly should be considered activities of the recipient itself. Paragraph (b)(1)(vi) was added in response to comment in order to make explicit the prohibition against denying qualified handicapped persons the opportunity to serve on planning and advisory boards responsible for guiding federally assisted programs or activities.

Several comments appeared to interpret § 84.4(b)(5), which proscribes discriminatory site selection, to prohibit a recipient that is located on hilly terrain from erecting any new buildings at its present site. That, of course, is not the case. This paragraph is not intended to apply to construction of additional buildings at an existing site. Of course, any such facilities must be made accessible in accordance with the requirements of § 84.23.

7. *Assurances of compliance.* Section 84.5(a) requires a recipient to submit to the Director an assurance that each of its programs and activities receiving or benefiting from Federal financial assistance from this Department will be conducted in compliance with this regulation. To facilitate the submission of assurances by thousands of Medicaid providers, the Department will follow the title VI procedures of accepting, in lieu of assurances, certification on Medicaid vouchers. Many commenters also sought relief from the paperwork requirements imposed by the Department's enforcement of its various civil rights responsibilities by requesting the Department to issue one form incorporating title VI, title IX, and section 504 assurances. The Secretary is sympathetic to this request. While it is not feasible to adopt a single civil rights assurance form at this time, the Office for Civil Rights will work toward that goal.

8. *Private rights of action.* Several comments urged that the regulation incorporate provision granting beneficiaries a private right of action against recipients under section 504. To confer such a right is beyond the authority of the executive branch of Government. There is, however, case law holding that such a right exists. *Lloyd* v. *Regional Transportation Authority,* 548 F. 2d 1277 (7th Cir. 1977); *see Hairston* v. *Drosick,* Civil No. 75-0691 (S.D. W. Va., Jan. 14, 1976); *Gurmankin* v. *Castanzo,* 411 F. Supp. 982 (E.D. Pa. 1976); *cf. Lau* v. *Nichols, supra.*

9. *Remedial action.* Where there has been a finding of discrimination, § 84.6 requires a recipient to take remedial action to overcome the effects of the discrimination. Actions that might be required under paragraph (a)(1) include provision of services to persons previously discriminated against, reinstatement of employees and development of a remedial action plan. Should a recipient fail to take required remedial action, the ultimate sanctions of court action or termination of Federal financial assistance may be imposed.

Paragraph (a)(2) extends the responsibility for taking remedial action to a recipient that exercises control over a noncomplying recipient. Paragraph (a)(3) also makes clear that handicapped persons who are not in the program at the time that remedial action is required to be taken may also be the subject of such remedial action. This paragraph has been revised in response to comments in order to include persons who would have been in the program if discriminatory practices had not existed. Paragraphs (a) (1), (2), and (3) have also been amended in response to comments to make plain that, in appropriate cases, remedial action might be required to redress clear violations of the statute itself that occurred before the effective date of this regulation.

10. *Voluntary action.* In § 84.6(b), the term "voluntary action" has been substituted for the term "affirmative action" because the use of the latter term led to some confusion. We believe the term "voluntary action" more accurately reflects the purpose of the paragraph. This provision allows action, beyond that required by the regulation, to overcome conditions that led to limited participation by handicapped persons, whether or not the limited participation was caused by any discriminatory actions on the part of the recipient. Several commenters

urged that paragraphs (a) and (b) be revised to require remedial action to overcome effects of prior discriminatory practices regardless of whether there has been an express finding of discrimination. The self-evaluation requirement in paragraph (c) accomplishes much the same purpose.

11. *Self-evaluation.* Paragraph (c) requires recipients to conduct a self-evaluation in order to determine whether their policies or practices may discriminate against handicapped persons and to take steps to modify any discriminatory policies and practices and their effects. The Department received many comments approving of the addition to paragraph (c) of a requirement that recipients seek the assistance of handicapped persons in the self-evaluation process. This paragraph has been further amended to require consultation with handicapped persons or organizations representing them before recipients undertake the policy modifications and remedial steps prescribed in paragraphs (c) (1)(ii) and (iii).

Paragraph (c)(2), which sets forth the recordkeeping requirements concerning self-evaluation, now applies only to recipients with fifteen or more employees. This change was made as part of an effort to reduce unnecessary or counterproductive administrative obligations on small recipients. For those recipients required to keep records, the requirements have been made more specific; records must include a list of persons consulted and a description of areas examined, problems identified, and corrective steps taken. Moreover, the records must be made available for public inspection.

12. *Grievance procedure.* Section 84.7 (formerly § 84.8) requires recipients with fifteen or more employees to designate an individual responsible for coordinating its compliance efforts and to adopt a grievance procedure. Two changes were made in the section in response to comment. A general requirement that appropriate due process procedures be followed has been added. It was decided that the details of such procedures could not at this time be specified because of the varied nature of the persons and entities who must establish the procedures and of the programs to which they apply. A sentence was also added to make clear that grievance procedures are not required to be made available to unsuccessful applicants for employment or to applicants for admission to colleges and universities.

The regulation does not require that grievance procedures be exhausted before recourse is sought from the Department. However, the Secretary believes that it is desirable and efficient in many cases for complainants to seek resolution of their complaints and disputes at the local level and therefore encourages them to use available grievance procedures.

A number of comments asked whether compliance with this section or the notice requirements of § 84.8 could be coordinated with comparable action required by the title IX regulation. The Department encourages such efforts.

13. *Notice.* Section 84.8 (formerly § 84.9) sets forth requirements for dissemination of statements of nondicrimination policy by recipients.

It is important that both handicapped persons and the public at large be aware of the obligations of recipients under section 504. Both the Department and recipients have responsibilities in this regard. Indeed the Department intends to undertake a major public information effort to inform persons of their rights under section 504 and this regulation. In § 84.8 the Department has sought to impose a clear obligation on major recipients to notify beneficiaries and employees of the requirements of section 504, without dictating the precise way in which this notice must be given. At the same time, we have avoided imposing requirements on small recipients (those with fewer than fifteen employees) that would create unnecessary and counterproductive paper work burdens on them and unduly stretch the enforcement resources of the Department.

Section 84.8(a), as simplified, requires recipients with fifteen or more employees to take appropriate steps to notify beneficiaries and employees of the recipient's obligations under section 504. The last sentence of § 84.8(a) has been revised to list possible, rather than required, means of notification. Section 84.8(b) requires recipients to include a notification of their policy of nondiscrimination in recruitment and other general information materials.

In response to a number of comments, § 84.8 has been revised to delete the requirements of publication in local newspapers, which has proved to be both troublesome and ineffective. Several commenters suggested that notification on separate forms be allowed until present stocks of publications and forms are depleted. The final regulation explicitly allows this method of compliance. The separate form should, however, be included with each significant publication or form that is distributed.

Former § 84.9(b)(2), which prohibited the use of materials that might give the impression that a recipient excludes qualified handicapped persons from its program, has been deleted. The Department is convinced by the comments that this provision is unnecessary and difficult to apply. The Department encourages recipients, however, to include in their recuitment and other general information materials photographs of handicapped persons and ramps and other features of accessible buildings.

Under new § 84.9 the Director may, under certain circumstances, require recipients with fewer than fifteen employees to comply with one or more of these requirements. Thus, if experience shows a need for imposing notice or other requirements on particular recipients or classes of small recipients, the Department is prepared to expand the coverage of these sections.

14. *Inconsistent State laws.* Section 84.10(a) states that compliance with the regulation is not excused by state or local laws limiting the eligibility of qualified handicapped persons to receive services or to practice an occupation. The provision thus applies only with respect to state or local laws that unjustifiably differentiate on the basis of handicap.

Paragraph (b) further points out that the presence of limited employment opportunities in a particular profession, does not excuse a recipient from complying with the regulation. Thus, a law school could not deny admission to a blind applicant because blind laywers may find it more difficult to find jobs that do nonhandicapped lawyers.

SUBPART B—EMPLOYMENT PRACTICES

Subpart B prescribes requirements for nondiscrimination in the employment practices of recipients of Federal financial assistance administered by the Department. This subpart is consistent with the employment provisions of the Department's regulation implementing title IX of the Education Amendments of 1972 (45 CFR Part 86) and the regulation of the Department of Labor under section 503 of the Rehabilitation Act, which requries certain Federal contractors to take affirmative action in the employment and advancement of qualified handicapped persons. All recipients subject to title IX are also subject to this regulation. In addition, many recipients subject to this regulation receive Federal procurement contracts in excess of $2,500 and are therefore also subject to section 503.

15. *Discriminatory practices.* Section 84.11 sets forth general provisions with respect to discrimination in employment. A new paragraph (a)(2) has been added to clarify the employment obligations of recipients that receive Federal funds under Part B of the Education of the Handicapped Act, as amended (EHA). Section 606 of the EHA obligates elementary or secondary school systems that receive EHA funds to take positive steps to employ and advance in employment qualified handicapped persons. This obligation is similar to the nondiscrimination requirement of section 504 but requires recipients to take additional steps to hire and promote handicapped persons. In enacting section 606 Congress chose the words "positive steps" instead of "affirmative action" advisedly and did not intend section 606 to incorporate the types of activities required under Executive Order 11246 (affirmative action on the basis of race, color, sex, or national origin) or under sections 501 and 503 of the Rehabilitation Act of 1973.

Paragraph (b) of § 84.11 sets forth the specific aspects of employment covered by the regulation. Paragraph (c) provides that inconsistent provisions of collective bargaining agreements do not excuse noncompliance.

16. *Reasonable accommodation.* The reasonable accommodation requirement of § 84.12 generated a substantial number of comments. The Department remains convinced that its approach is both fair and effective. Moreover, the Department of Labor reports that it has experienced little difficulty in administering the requirements of reasonable accommodation. The provision therefore remains basically unchanged from the proposed regulation.

Section 84.12 requires a recipient to make reasonable accommodation to the known physical or mental limitations of a handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program. Where a handicapped person is not qualified to perform a particular job, where reasonable accommodation does not overcome the effects of a person's handicap, or where reasonable accommodation causes undue hardship to the employer, failure to hire or promote the handicapped person will not be considered discrimination.

Section 84.12(b) lists some of the actions that constitute reasonable accommodation. The list is neither all-inclusive nor meant to suggest that employers must follow all of the actions listed.

Reasonable accommodation includes modification of work schedules, including part-time employment, and job restructuring. Job restructuring may entail shifting nonessential duties to other employees. In other cases, reasonable accommodation may include physical modifications or relocation of particular offices or jobs so that they are in facilities or parts of facilities that are accessible to and usable by handicapped persons. If such accommodations would cause undue hardship to the employer, they need not be made.

Paragraph (c) of this section sets forth the factors that the Office for Civil Rights will consider in determining whether an accommodation necessary to enable an applicant or employee to perform the duties of a job would impose an undue hardship. The weight given to each of these factors in making the determination as to whether an accommodation constitutes undue hardship will vary depending on the facts of a particular situation. Thus, a small day-care

BEST COPY AVAILABLE

center might not be required to expend more than a nominal sum, such as that necessary to equip a telephone for use by a secretary with impaired hearing, but a large school district might be required to make available a teacher's aide to a blind applicant for a teaching job. Further, it might be considered reasonable to require a state welfare agency to accommodate a deaf employee by providing an interpreter, while it would constitute an undue hardship to impose that requirement on a provider of foster home care services. The reasonable accommodation standard in § 84.12 is similar to the obligation imposed upon Federal contractors in the regulation implementing section 503 of the Rehabilitation Act of 1973, administered by the Department of Labor. Although the wording of the reasonable accommodation provisions of the two regulations is not identical, the obligation that the two regulations impose is the same, and the Federal Government's policy in implementing the two sections will be uniform. The Department adopted the factors listed in paragraph (c) instead of the "business necessity" standard of the Labor regulation because that term seemed inappropriate to the nature of the programs operated by the majority of institutions subject to this regulation, e.g., public school systems, hospitals, colleges and universities, nursing homes, day-care centers, and welfare offices. The factors listed in paragraph (c) are intended to make the rationale underlying the business necessity standard applicable to an understandable by recipients of HHS funds.

17. *Tests and selection criteria.* Revised § 84.13(a) prohibits employers from using test or other selection criteria that screen out or tend to screen out handicapped persons unless the test or criterion is shown to be job-related and alternative tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Director to be available. This paragraph is an application of the principle established under title VII of the Civil Rights Act of 1964 in *Griggs* v. *Duke Power Company*, 401 U.S. 424 (1971).

Under the proposed section, a statistical showing of adverse impact on handicapped persons was required to trigger an employer's obligation to show that employment criteria and qualifications relating to handicap were necessary. This requirement was changed because the small number of handicapped persons taking tests would make statistical showings of "disproportionate, adverse effect" difficult and burdensome. Under the altered, more workable provision, once it is shown that an employment test substantially limits the opportunities of handicapped persons, the employer must show the test to be job-related. A recipient is no longer limited to using predictive validity studies as the method for demonstrating that a test or other selection criterion is in fact job-related. Nor, in all cases, are predictive validity studies sufficient to demonstrate that a test or criterion is job-related. In addition, § 84.13(a) has been revised to place the burden on the Director, rather than the recipient, to identify alternate tests.

Section 84.13(b) requires that a recipient take into account that some tests and criteria depend upon sensory, manual, or speaking skills that may not themselves be necessary to the job in question but that may make the handicapped person unable to pass the test. The recipient must select and administer tests so as best to ensure that the test will measure the handicapped person's ability to perform on the job rather than the person's ability to see, hear, speak, or perform manual tasks, except, of course, where such skills are the factors that the test purports to measure. For example, a person with a speech impediment may be perfectly qualified for jobs that do not or need not, with reasonable accommodation, require ability to speak clearly. Yet, if given an oral test, the person will be unable to perform in a satisfactory manner. The test results will not, therefore, predict job performance but instead will reflect impaired speech.

18. *Preemployment inquiries.* Section 84.14, concerning preemployment inquiries, generated a large number of comments. Commenters representing handicapped persons strongly favored a ban on preemployment inquiries on the ground that such inquiries are often used to discriminate against handicapped persons and are not necessary to serve any legitimate interests of employers. Some recipients, on the other hand, argued that preemployment inquiries are necessary to determine qualifications of the applicant, safety hazards caused by a particular handicapping condition, and accommodations that might required.

The Secretary has concluded that a general prohibition of preemployment inquiries is appropriate. However, a sentence has been added to paragraph (a) to make clear that an employer may inquire into an applicant's ability to perform job-related tasks but may not ask if the person has a handicap. For example, an employer may not ask on an employment form if an applicant is visually impaired but may ask if the person has a current driver's license (if that is a necessary qualification for the position in question). Similarly, employers may make inquiries about an applicant's ability to perform a job safely. Thus, an employer may not ask if an applicant is an epileptic but may ask whether the person can perform a particular job without endangering other employees.

BEST COPY AVAILABLE

Section 84.14(B) allows preemployment inquiries only if they are made in conjunction with required remedial action to correct past discrimination, with voluntary action to overcome past conditions that have limited the participation of handicapped persons, or with obligations under section 503 of the Rehabilitation Act of 1973. In these instances, paragraph (b) specifies certain safeguards that must be followed by the employer.

Finally, the revised provision allows an employer to condition offers of employment to handicapped persons on the results of medical examinations, so long as the examinations are administered to all employees in a nondiscriminatory manner and the results are treated on a confidential basis.

19. *Specific acts of Discrimination.* Sections 84.15 (recruitment), 84.16 (compensation), 84.17 (job classification and structure) and 84.18 (fringe benefits) have been deleted from the regulation as unnecessarily duplicative of § 84.11 (discrimination prohibited). The deletion of these sections in no way changes the substantive obligations of employers subject to this regulation from those set forth in the July 16 proposed regulation. These deletions bring the regulation closer in form to the Department of Labor's section 503 regulation.

Proposed § 84.18, concerning fringe benefits, had allowed for differences in benefits or contributions between handicapped and nonhandicapped persons in situations only where such differences could be justified on an actuarial basis. Section 84.11 simply bars discrimination in providing fringe benefits and does not address the issue of actuarial differences. The Department believes that currently available data and experience do not demonstrate a basis for promulgating a regulation specifically allowing for differences in benefits or contributions.

SUBPART C—PROGRAM ACCESSIBILITY

In general, Subpart C prohibits the exclusion of qualified handicapped persons from federally assisted programs or activities because a recipient's facilities are inaccessible or unusable.

20. *Existing facilities.* Section 84.22 maintains the same standard for nondiscrimination in regard to existing facilities as was included in the proposed regulation. The section states that a recipients program or activity, when viewed in its entirety, must be readily accessible to and usable by handicapped persons. Paragraphs (a) and (b) make clear that a recipient is not required to make each of its existing facilities accessible to handicapped persons if its program as a whole is accessible. Accessibility to the recipient's program or activity may be achieved by a number of means, including redesign of equipment, reassignment of classes or other services to accessible buildings, and making aides available to beneficiaries. In choosing among methods of compliance, recipients are required to give priority consideration to methods that will be consistent with provision of services in the most appropriate integrated setting. Structural changes in existing facilities are required only where there is no other feasible way to make the recipient's program accessible.

Under § 84.22, a university does not have to make all of its existing classroom buildings accessible to handicapped students if some of its buildings are already accessible and if it is possible to reschedule or relocate enough classes so as to offer all required courses and a reasonable selection of elective courses in accessible facilities. If sufficient relocation of classes is not possible using existing facilities, enough alterations to ensure program accessibility are required. A university may not exclude a handicapped student from a specifically requested course offering because it is not offered in an accessible location, but it need not make every section of that course accessible.

Commenters representing several institutions of higher education have suggested that it would be appropriate for one postsecondary institution in a geographical area to be made accessible to handicapped persons and for other colleges and universities in that area to participate in that school's program, thereby developing an educational consortium for the postsecondary education of handicapped students. The Department believes that such a consortium, when developed and applied only to handicapped persons, would not constitute compliance with § 84.22, but would discriminate against qualified handicapped persons by restricting their choice in selecting institutions of higher education and would, therefore, be inconsistent with the basic objectives of the statute.

Nothing in this regulation, however, should be read as prohibiting institutions from forming consortia for the benefit of all students. Thus, if three colleges decide that it would be cost-efficient for one college to offer biology, the second physics, and the third chemistry to all students at the three colleges, the arrangement would not violate section 504. On the other hand, it would violate the regulation if the same institutions set up a consortium under which one college undertook to make its biology lab accessible, another its physics lab, and a third its chemistry lab, and under which mobility-impaired handicapped students (but not other students) were required to attend the particular college that is accessible for the desired courses.

Similarly, while a public school district need not make each of its buildings completely accessible, it may not make only one facility or part of a facility accessible if the result is to segregate handicapped students in a single setting.

All recipients that proivde health, welfare, or other social services may also comply with § 84.22 by delivering services at alternate accessible sites or making home visits. Thus, for example, a pharmacist might arrange to make home deliveries of drugs. Under revised § 84.22(c), small providers of health, welfare, and social services (those with fewer than fifteen employees) may refer a beneficiary to an accessible provider of the desired service, but only if no means of meeting the program accessibility requirement other than a significant alteration in existing facilties is available. The referring recipient has the responsibility of determining that the other provider is in fact accessible and willing to provide the service. The Secretary believes this "last resort" referral provision is appropriate to avoid imposition of additional costs in the health care area, to encourage providers to remain in the Medicaid program, and to avoid imposing significant costs on small, low-budget providers such as day-care centers or foster homes.

A recent change in the tax law may assist some recipients in meeting their obligations under this section. Under section 2122 of the Tax Reform Act of 1976, recipients that pay federal income tax are eligible to claim a tax deduction of up to $25,000 for architectural and transportation modifications made to improve accessibility for handicapped persons. Many physicians and dentists, among others, may be eligible for this tax deduction. See 42 FR 17870 (April 4, 1977), adopting 26 CFR 7.190.

Several commenters expressed concern about the feasibility of compliance with the program accessibility standard. The Secretary believes that the standard is flexible enough to permit recipients to devise ways to make their programs accessible short of extremely expensive or impractical physical changes in facilities. Accordingly, the section does not allow for waivers. The Department is ready at all times to provide technical assistance to recipients in meeting their program accessibility responsibilities. For this purpose, the Department is establishing a special technical assistance unit. Recipients are encouraged to call upon the unit staff for advice and guidance both on structural modifications and on other ways of meeting the program accessibility requirement.

Paragraph (d) has been amended to require recipients to make all nonstructural adjustments necessary for meeting the program accessibility standard within sixty days. Only where structural changes in facilities are necessary will a recipient be permitted up to three years to accomplish program accessibility. It should be emphasized that the three-year time period is not a waiting period and that all changes must be accomplished as expeditiously as possible. Further, it is the Department's belief, after consultation with experts in the field, that outside ramps to buildings can be constructed quickly and at relatively low cost. Therefore, it will be expected that such structural additions will be made promptly to comply with § 84.22(d).

The regulation continues to provide, as did the proposed version, that a recipient planning to achieve program accessibility by making structural changes must develop a transition plan for such changes within six months of the effective date of the regulation. A number of commenters suggested extending that period to one year. The secretary believes that such an extension is unnecessary and unwise. Planning for any necessary structural changes should be undertaken promptly to ensure that they can be completed within the three-year period. The elements of the transition plan as required by the regulation remain virtually unchanged from the proposal but § 84.22(d) now includes a requirement that the recipient make the plan available for public inspection.

Several commenters expressed concern that the program accessibility standard would result in the segregation of handicapped persons in educational institutions. The regulation will not be applied to permit such a result. See § 84.4(c)(2)(iv), prohibiting unnecessarily separate treatment; § 84.35, requiring that students in elementary and secondary schools be educated in the most integrated setting appropriate to their needs; and new § 84.43(d), applying the same standard to postsecondary education.

We have received some comments from organizations of handicapped persons on the subject of requiring, over an extended period of time, a barrier-free environment—that is, requiring the removal of all architectural barriers in existing facilities. The Department has considered these comments but has decided to take no further action at this time concerning these suggestions, believing that such action should only be considered in light of experience in implementing the program accessibility standard.

21. *New construction.* Section 84.23 requires that all new facilities, as well as alterations that could affect access to and use of existing facilities, be designed and constructed in a manner so as to make the facility accessible to and usable by handicapp persons. Section 84.23(a) has been amend so that it applies to each newly construct facility if the construction was commenc after the effective date of the regulati The words "if construction has commenc will be considered to mean "if groundbre ing has takenplace." Thus, a recipient w

BEST COPY AVAILABLE

703

not be required to alter the design of a facility that has progressed beyond groundbreaking prior to the effective date of the regulation.

Paragraph (b) requires certain alterations to conform to the requirement of physical accessibility in paragraph (a). If an alteration is undertaken to a portion of a building the accessibility of which could be improved by the manner in which the alteration is carried out, the alteration must be made in that manner. Thus, if a doorway or wall is being altered, the door or other wall opening must be made wide enough to accommodate wheelchairs. On the other hand, if the alteration consists of altering ceilings, the provisions of this section are not applicable because this alteration cannot be done in a way that affects the accessibility of that portion of the building. The phrase "to the maximum extent feasible" has been added to allow for the occasional case in which the nature of an existing facility is such as to make it impractical or prohibitively expensive to renovate the building in a manner that results in its being entirely barrier-free. In all such cases, however, the alteration should provide the maximum amount of physical accessibility feasible.

As proposed, § 84.23(c) required compliance with the American National Standards Institute (ANSI) standard on building accessibility as the minimum necessary for compliance with the accessibility requirement of § 84.23 (a) and (b). The regerence to the ANSI standard created some ambiguity, since the standard itself provides for waivers where other methods are equally effective in providing accessibility to the facility. Moreover, the Secretary does not wish to discourage innovation in barrier-free construction by requiring absolute adherence to a rigid design standard. Accordingly, § 84.23 (c) has been revised to permit departures from particular requirements of the ANSI standard where the recipient can demonstrate that equivalent access to the facility is provided.

Section 84.23(d) of the proposed regulation, providing for a limited deferral of action concerning facilities that are subject to section 502 as well as section 504 of the Act, has been deleted. The Secretary believes that the provision is unnecessary and inappropriate to this regulation. The Department will, however, seek to coordinate enforcement activities under this regulation with those of the Architectural and Transportation Barriers Compliance Board.

SUBPART D—PRESCHOOL, ELEMENTARY, AND SECONDARY EDUCATION

Subpart D sets forth requirements for nondiscrimination in preschool, elementary, secondary, and adult education programs and activities, including secondary vocational education programs. In this context, the term "adult education" refers only to those educational programs and activities for adults that are operated by elementary and secondary schools.

The provisions of Subpart D apply to state and local educational agencies. Although the subpart applies, in general, to both public and private education programs and activities that are federally assisted, §§ 84.32 and 84.33 apply only to public programs and § 84.39 applies only to private programs; §§ 84.35 and 84.36 apply both to public programs and to those private programs that include special services for handicapped students.

Subpart B generally conforms to the standards established for the education of handicapped persons in *Mills* v. *Board of Education of the District of Columbia*, 348 F. Supp. 866 (D.D.C. 1972), *Pennsylvania Association for Retarded Children* v. *Commonwealth of Pennsylvania*, 344 F. Supp. 1257 (E.D. 1971), 343 F. Supp. 279 (E.D. Pa. 1972), and *Lebanks* v. *Spears*, 60, F.R.D. 135 (E.D. La. 1973), as well as in the Education of the Handicapped Act, as amended by Pub. L. 94-142 (the EHA).

The basic requirements common to those cases, to the EHA, and to this regulation are (1) that handicapped persons, regardless of the nature or severity of their handicap, be provided a free appropriate public education, (2) that handicapped students be educated with nonhandicapped students to the maximum extent appropriate to their needs, (3) that educational agencies undertake to identify and locate all unserved handicapped children, (4) that evaluation procedures be improved in order to avoid the inappropriate education that results from the misclassification of students, and (5) that procedural safeguard be established to enable parents and guardians to influence decisions regarding the evaluation and placement of their children. These requirements are designed to ensure that no handicapped child is excluded from school on the basis of handicap and, if a recipient demonstrates that placement in a regular educational setting cannot be achieved satisfactorily, that the student is provided with adequate alternative services suited to the student's needs without additional cost to the student's parents or guardian. Thus, a recipient that operates a public school system must either educate handicapped children in its regular program or provide such children with an appropriate alternative education at public expense.

It is not the intention of the Department, except in extraordinary circumstances, to review the result of individual placement and other educational decisions, so long as the school district complies with the "process" requirements of this subpart (concerning identification and location, evaluation, and due process procedures). However, the Department will place a high priority on investigating cases which may involve exclusion of a child from the education system or a pattern or practice of discriminatory placements or education.

22. *Location and notification.* Section 84.32 requires public schools to take steps annually to identify and locate handicapped children who are not receiving an education and to publicize to handicapped children and their parents the rights and duties established by section 504 and this regulation. This section has been shortened without substantive change.

23. *Free appropriate public education.* Former §§ 84.34 ("Free education") and 84.36(a) ("Suitable education") have been consolidated and revised in new § 84.33. Under § 84.34(a), a recipient is responsible for providing a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction. The word "in" encompasses the concepts of both domicile and actual residence. If a recipient places a child in a program other than its own, it remains financially responsible for the child, whether or not the other program is operated by another recipient or educational agency. Moreover, a recipient may not place a child in a program that is inappropriate or that otherwise violates the requirements of Subpart D. And in no case may a recipient refuse to provide services to a handicapped child in its jurisdiction because of another person's or entity's failure to assume financial responsibility.

Section 84.33(b) concerns the provision of appropriate educational services to handicapped children. To be appropriate, such services must be designed to meet handicapped children's individual educational needs to the same extent that those of nonhandicapped children are met. An appropriate education could consist of education in regular classes, education in regular classes with the use of supplementary services, or special education and related services. Special education may include specially designed instruction in classrooms, at home, or in private or public institutions and may be accompanied by such related services as developmental, corrective, and other supportive services (including psychological, counseling, and medical diagnostic services). The placement of the child must however, be consistent with the requirements of § 84.34 and be suited to his or her educational needs.

The quality of the educational services provided to handicapped students must equal that of the services provided to nonhandicapped students; thus, handicapped student's teachers must be trained in the instruction of persons with the handicap in question and appropriate materials and equipment must be available. The Department is aware that the supply of adequately trained teachers may, at least at the outset of the imposition of this requirement, be insufficient to meet the demand of all recipients. This factor will be considered in determining the appropriateness of the remedy for noncompliance with this section. A new § 84.33(b)(2) has been added, which allows this requirement to be met through the full implementation of an individualized education program developed in accordance with the standards of the EHA.

Paragraph (c) of § 84.33 sets forth the specific financial obligations of a recipient. If a recipient does not itself provide handicapped persons with the requisite services, it must assume the cost of any alternate placement. If, however, a recipient offers adequate services and if alternate placement is chosen by a student's parent or guardian, the recipient need not assume the cost of the outside services. (If the parent or guardian believes that his or her child cannot be suitably educated in the recipient's program, he or she may make use of the procedures established in § 84.36.) Under this paragraph, a recipient's obligation extends beyond the provision of tuition payments in the case of placement outside the regular program. Adequate transportation must also be provided. Recipients must also pay for psychological services and those medical services necessary for diagnostic and evaluative purposes.

If the recipient places a student, because of his or her handicap, in a program that necessitates his or her being away from home, the payments must also cover room and board and nonmedical care (including custodial and supervisory care). When residential care is necessitated not by the student's handicap but by factors such as the student's home conditions, the recipient is not required to pay the cost of room and board.

Two new sentences have been added to paragraph (c)(1) to make clear that a recipient's financial obligations need not be met solely through its own funds. Recipients may rely on funds from any public or private source including insurers and similar third parties.

The EHA requires a free appropriate education to be provided to handicapped children "no later than September 1, 1978," but section 504 contains no authority for delaying enforcement. To resolve this problem, a new paragraph (d) has been added to § 84.33. Section 84.33(d) requires recipients to achieve full compliance with the free appropriate public education requirements of § 84.33 as expeditiously as possible, but in no event later than September 1, 1978. The provision also makes clear that, as of the effective date of this regulation, no recipient may exclude a qualified handicapped child from its educational program. This provision against exclusion is consistent with the order of providing services set forth in section 612(3) of the EHA, which places the highest priority on providing services to handicapped children who are not receiving an education.

24. *Educational setting.* Section 84.34 prescribes standards for educating handicapped persons with nonhandicapped persons to the maximum extent appropriate to the needs of the handicapped person in question. A handicapped student may be removed from the regular educational setting only where the recipient can show that the needs of the student would, on balance, be served by placement in another setting.

Although under § 84.34, the needs of the handicapped person are determinative as to proper placement, it should be stressed that, where a handicapped student is so disruptive in a regular classroom that the education of other students is significantly impaired, the needs of the handicapped child cannot be met in that environment. Therefore, regular placement would not be appropriate to his or her needs and would not be required by § 84.34.

Among the factors to be considered in placing a child is the need to place the child as close to home as possible. A new sentence has been added to paragraph (a) requiring recipients to take this factor into account. As pointed out in several comments, the parents' right under § 84.36 to challenge the placement of their child extends not only to placement in special classes or separate schools but also to placement in a distant school and, in particular, to residential placement. An equally appropriate educational program may exist closer to home; this issue may be raised by the parent or guardian under §§ 84.34 and 84.36.

New paragraph (b) specified that handicapped children must also be provided nonacademic services in as integrated a setting as possible. This requirement is especially important for children whose educational needs necessitate their being solely with other handicapped children during most of each day. To the maximum extent appropriate, children in residential settings are also to be provided opportunities for participation with other children.

Section 84.34(c) (formerly § 84.38) requires that any facilities that are identifiable as being for handicapped students be comparable in quality to other facilities of the recipient. A number of comments objected to this section on the basis that it encourages the creation and maintenance of such facilities. This is not the intent of the provision. A separate facility violates section 504 unless it is indeed necessary to the provision of an appropriate education to certain handicapped students. In those instances in which such facilities are necessary (as might be the case, for example, for severely retarded persons), this provision requires that the educational services provided be comparable to those provided in the facilities of the recipient that are not identifiable as being for handicapped persons.

25. *Evaluation and placement.* Because the failure to provide handicapped persons with an appropriate education is so frequently the result of misclassification or misplacement, § 84.33(b)(1) makes compliance with its provisions contingent upon adherence to certain procedures designed to ensure appropriate classification and placement. These procedures, delineated in §§ 84.35 and 84.36, are concerned with testing and other evaluation methods and with procedural due process rights.

Section 84.35(a) requires that an individual evaluation be conducted before any action is taken with respect either to the initial placement of a handicapped child in a regular or special education program or to any subsequent significant change in that placement. Thus, a full reevaluation is not required every time an adjustment in placement is made. "Any action" includes denials of placement.

Paragraphs (b) and (c) of § 84.35 establishes procedures designed to ensure that children are not misclassified, unnecessarily labeled as being handicapped, or incorrectly placed because of inappropriate selection, administration, or interpretation of evaluation materials. This problem has been extensively documented in "Issues in the Classification of Children," a report by the Project on Classification of Exceptional Children, in which the HHS Interagency Task Force participated. The provisions of these paragraphs are aimed primarily at abuses in the placement process that result from misuse of, or undue or misplaced reliance on, standardized scholastic aptitude tests.

Paragraph (b) has been shortened but not substantively changed. The requirement in former subparagraph (1) that recipients provide and administer evaluation materials in the native language of the student has been deleted as unnecessary, since the same requirement already exists under title VI and is more appropriately covered under that statute. Subparagraphs (1) and (2) are, in general, intended to prevent misinterpretation and similar misuse of test scores and, in particular, to avoid undue reliance on general intelligence tests. Subparagraph (3) requires a recipient to administer tests to a student with impaired sensory, manual, or speaking skills in whatever manner is necessary to avoid distortion of the test results by the impairment. Former subparagraph (4) has been deleted as unnecessarily repetitive of the other provisions of this paragraph.

Paragraph (c) requires a recipient to draw upon a variety of sources in the evaluation process so that the possibility of error in classification is minimized. In particular, it requires that all significant factors relating to the learning process, including adaptive behavior, be considered. (Adaptive behavior is the effectiveness with which the individual meets the standards of personal independence and social responsibility expected of his or her age and cultural group.) Information from all sources must be documented and considered by a group of persons, and the procedure must ensure that the child is placed in the most integrated setting appropriate.

The proposed regulation would have required a complete individual reevaluation of the student each year. The Department has concluded that it is inappropriate in the section 504 regulation to require full reevaluations on such a rigid schedule. Accordingly, § 84.35(c) requires periodic reevaluations and specifies that reevaluations in accordance with the EHA will constitute compliance. The proposed regulation implementing the EHA allows reevaluation at three-year intervals except under certain specified circumstances.

Under § 84.36, a recipient must establish a system of due process procedures to be afforded to parents or guardians before the recipient takes any action regarding the identification, evaluation, or educational placement of a person who, because of handicap, needs or is believed to need special education or related services. This section has been revised. Because the due process procedures of the EHA, incorporated by reference in the proposed section 504 regulation, are inappropriate for some recipients not subject to that Act, the section now specifies minimum necessary procedures: notice, a right to inspect records, an impartial hearing with a right to representation by counsel, and a review procedure. The EHA procedures remain one means of meeting the regulation's due process requirements, however, and are recommended to recipients as a model.

26. *Nonacademic services.* Section 84.37 requires a recipient to provide nonacademic and extracurricular services and activities in such manner as is necessary to afford handicapped students an equal opportunity for participation. Because these services and activities are part of a recipient's education program, they must, in accordance with the provisions of § 84.34, be provided in the most integrated setting appropriate.

Revised paragraph (c)(2) does permit separation or differentiation with respect to the provision of physical education and athletics activities, but only if qualified handicapped students are also allowed the opportunity to compete for regular teams or participate in regular activities. Most handicapped students are able to participate in one or more regular physical education and athletics activities. For example, a student in a wheelchair can participate in regular archery course, as can a deaf student in a wrestling course.

Finally, the one-year transition period provided in former § 84.37(a)(3) was deleted in response to the almost unanimous objection of commenters to that provision.

27. *Preschool and adult education.* Section 84.38 prohibits discrimination on the basis of handicap in preschool and adult education programs. Former paragraph (b), which emphasized that compensatory programs for disadvantaged children are subject to section 504, has been deleted as unnecessary, since it is comprehended by paragraph (a).

28. *Private education.* Section 84.39 sets forth the requirements applicable to recipients that operate private education programs and activities. The obligations of these recipients have been changed in two significant respects: first, private schools are subject to the evaluation and due process provisions of the subpart only if they operate special education programs; second, under § 84.39(b), they may charge more for providing services to handicapped students than to nonhandicapped students to the extent that additional charges can be justified by increased costs.

Paragraph (a) of § 84.39 is intended to make clear that recipients that operate private education programs and activities are not required to provide an appropriate education to handicapped students with special educational needs if the recipient does not offer programs designed to meet those needs. Thus, a private school that has no program for mentally retarded persons is neither required to admit such a person into its program nor to arrange or pay for the provision of the person's education in another program. A private recipient without a special program for blind students, however, would not be permitted to exclude, on the basis of blindness, a blind applicant who is able to participate in the regular program with minor adjustments in the manner in which the program is normally offered.

SUBPART E—POSTSECONDARY EDUCATION

Subpart E prescribes requirements for nondiscrimination in recruitment, admission, and treatment of students in postsecondary education programs and activities, including vocational education.

29. *Admission and recruitment.* In addition to a general prohibition of discrimination on the basis of handicap in § 84.42(a), the regulation delineates, in § 84.42(b), specific prohibitions concerning the establishment of limitations on admission of handicapped students, the use of tests or selection

iteria, and preadmission inquiry. Several hanges have been made in this provision.

Section 84.42(b) provides that postsecond-y educational institutions may not use ay test or criterion for admission that has disproportionate, adverse effect on handi-apped persons unless it has been validated a predictor of academic success and alter-ate tests or criteria with a less dispropor-ionate, adverse effect are shown by the De-artment to be available. There are two sig-ificant changes in this approach from the July 16 proposed regulation.

First, many commenters expressed con-cern that § 84.42(b)(2)(ii) could be interpret-ed to require a "global search" for alternate tests that do not have a disproportionate, adverse impact on handicapped persons. this was not the intent of the provision and, therefore, it has been amended to place the burden on the Director of the Office for Civil Rights, rather than on the recipient, to identify alternate tests.

Second, a new paragraph (d), concerning validity studies, has been added. Under the proposed regulation, overall success in an education program, not just first-year grades, was the criterion against which admissions tests were to be validated. This approach has been changed to reflect the comment of professional testing services that use of first year grades would be less disruptive of present practice and that periodic validity studies against overall success in the education program. would be sufficient check on the reliability of first-year grades.

Section 84.42(b)(3) also requires a recipient to assure itself that admissions tests are selected and administered to applicants with impaired sensory, manual, or speaking skills in such manner as is necessary to avoid unfair distortion of test results. Methods have been developed for testing the aptitude and achievement of persons who are not able to take written tests or even to make the marks required for mechanically scored objective tests; in addition, methods for testing persons with visual or hearing impairments are available. A recipient, under this paragraph, must assure itself that such methods are used with respect to the selection and administration of any admissions tests that it uses.

Section 84.42(b)(3)(iii) has been amended to require that admissions tests be administered in facilities that, on the whole, are accessible. In this context, "on the whole" means that not all of the facilities need be accessibile so long as a sufficient number of facilities are available to handicapped persons.

Revised § 84.42(b)(4) generally prohibits preadmission inquiries as to whether an applicant has a handicap. The considerations that led to this revision are similar to those underlying the comparable revision of § 84.14 on preemployment inquiries. The regulation does, however, allow inquiries to be made, after admission but before enrollment, as to handicaps that may require accommodation.

New paragraph (c) parallels the section on preemployment inquiries and allows postsecondary institutions to inquire about applicants' handicaps before admission, subject to certain safeguards, if the purpose of the inquiry is to take remedial action to correct past discrimination or to take voluntary action to overcome the limited participation of handicapped persons in postsecondary educational institutions.

Proposed § 84.42(c), which would have allowed different admissions criteria in certain cases for handicapped persons, was widely misinterpreted in comments from both handicapped persons and recipients. We have concluded that the section is unnecessary, and it has been deleted.

30. *Treatment of students.* Section 84.43 contains general provisions prohibiting the discriminatory treatment of qualified handicapped applicants. Paragraph (b) requires recipients to ensure that equal opportunities are provided to its handicapped students in education programs and activities that are not operated by the recipient. The recipient must be satisfied that the outside education program or activity as a whole is nondiscriminatory. For example, a college must ensure that discrimination on the basis of handicap does not occur in connection with teaching assignments of student teachers in elementary or secondary schools not operated by the college. Under the "as a whole" wording, the college could continue to use elementary or secondary school systems that discriminate if, and only if, the college's student teaching program, when viewed in its entirety, offered handicapped student teachers the same range and quality of choice in student teaching assignments afforded nonhandicapped students.

Paragraph (c) of this section prohibits a recipient from excluding qualified handicapped students from any course, course of study, or other part of its education program or activity. This paragraph is designed to eliminate the practice of excluding handicapped persons from specific courses and from areas of concentration because of factors such as ambulatory difficulties of the student or assumptions by the recipient that no job would be available in the area in question for a person with that handicap.

New paragraph (d) requires postsecondary institutions to operate their programs and activities so that handicapped students are provided services in the most integrated setting appropriate. Thus, if a college had several elementary physics classes and had moved one such class to the first floor of the science building to accommodate students in wheelchairs, it would be a violation

713

BEST COPY AVAILABLE

of this paragraph for the college to concentrate handicapped students with no mobility impairments in the same class.

31. *Academic adjustments.* Paragraph (a) of § 84.44 requires that a recipient make certain adjustments to academic requirements and practices that discriminate or have the effect of discriminating on the basis of handicap. This requirement, like its predecessor in the proposed regulation, does not obligate an institution to waive course or other academic requirements. But such institutions must accommodate those requirements to the needs of individual handicapped students. For example, an institution might permit an otherwise qualified handicapped student who is deaf to substitute an art appreciation or music history course for a required course in music appreciation or could modify the manner in which the music appreciation course is conducted for the deaf student. It shoud be stressed that academic requirements that can be demonstrated by the recipient to be essential to its program of instruction or to particular degrees need not be changed.

Paragraph (b) provides that postsecondary institutions may not impose rules that have the effect of limiting the participation of handicapped students in the education program. Such rules include prohibition of tape recorders or braillers in classrooms and dog guides in campus buildings. Several recipients expressed concern about allowing students to tape record lectures because the professor may later want to copyright the lectures. This problem may be solved by requiring students to sign agreements that they will not release the tape recording or transcription or otherwise hinder the professor's ability to obtain a copyright.

Paragraph (c) of this section, concerning the administration of course examinations to students with impaired sensory, manual, or speaking skills, parallels the regulation's provisions on admissions testing (§ 84.42(b)) and will be similarly interpreted.

Under § 84.44(d), a recipient must ensure that no handicapped student is subject to discrimination in the recipient's program because of the absence of necessary auxiliary educational aids. Colleges and universities expressed concern about the costs of compliance with this provision.

The Department emphasizes that recipients can usually meet this obligation by assisting students in using existing resources for auxiliary aids such as state vocational rehabilitation agencies and private charitable organizations. Indeed, the Department anticipates that the bulk of auxiliary aids will be paid for by state and private agencies, not by colleges or universities. In those circumstances where the recipient institution must provide the educational auxiliary aid, the institution has flexibility in choosing the methods by which the aids will be supplied. For example, some universities have used students to work with the institution's handicapped students. Other institutions have used existing private agencies that tape texts for handicapped students free of charge in order to reduce the number of readers needed for visually impaired students.

As long as no handicapped person is excluded from a program because of the lack of an appropriate aid, the recipient need not have all such aids on hand at all times. Thus, readers need not be available in the recipient's library at all times so long as the schedule of times when a reader is available is established, is adhered to, and is sufficient. Of course, recipients are not required to maintain a complete braille library.

32. *Housing.* Section 84.45(a) requires postsecondary institutions to provide housing to handicapped students at the same cost as they provide it to other students and in a convenient, accessible, and comparable manner. Commenters, particularly blind persons pointed out that some handicapped persons can live in any college housing and need not wait to the end of the transition period in Subpart C to be offered the same variety and scope of housing accommodations given to nonhandicapped persons. The Department concurs with this position and will interpret this section accordingly.

A number of colleges and universities reacted negatively to paragraph (b) of this section. It provides that, if a recipient assists in making off-campus housing available to its students, it should develop and implement procedures to assure itself that off-campus housing, as a whole, is available to handicapped students. Since postsecondary institutions are presently required to assure themselves that off-campus housing is provided in a manner that does not discriminate on the basis of sex (§ 86.32 of the title IX regulation), they may use the procedures developed under title IX in order to comply with § 84.45(b). It should be emphasized that not every off-campus living accommodation need be made accessible to handicapped persons.

33. *Health and insurance.* Section 84.46 of the proposed regulation, providing that recipients may not discriminate on the basis of handicap in the provision of health related services, has been deleted as duplicative of the general provisions of § 84.43. This deletion represents no change in the obligation of recipients to provide nondiscriminatory health and insurance plans. The Department will continue to require that nondiscriminatory health services be provided to handicapped students. Recipients are not required, however, to provide specialized services and aids to handicapped persons in health programs. If, for example, a college infirmary treats only simple disorders such

as cuts, bruises, and colds, its obligation to handicapped persons is to treat such disorders for them.

34. *Financial assistance.* Section 84.46(a) (formerly § 84.47), prohibiting discrimination in providing financial assistance, remains substantively the same. It provides that recipients may not provide less assistance to or limit the eligibility of qualified handicapped persons for such assistance, whether the assistance is provided directly by the recipient or by another entity through the recipient's sponsorship. Awards that are made under wills, trusts, or similar legal instruments in a discriminatory manner are permissible, but only if the overall effect of the recipient's provision of financial assistance is not discriminatory on the basis of handicap.

It will not be considered discriminatory to deny, on the basis of handicap, an athletic scholarship to a handicapped person if the handicap renders the person unable to qualify for the award. For example, a student who has a neurological disorder might be denied a varsity football scholarship on the basis of his inability to play football, but a deaf person could not, on the basis of handicap, be denied a scholarship for the school's diving team. The deaf person could, however, be denied a scholarship on the basis of comparative diving ability.

Commenters on § 84.46(b), which applies to assistance in obtaining outside employment for students, expressed similar concerns to those raised under § 84.43(b), concerning cooperative programs. This paragraph has been changed in the same manner as § 84.43(b) to include the "as a whole" concept and will be interpreted in the same manner as § 84.43(b).

35. *Nonacademic services.* Section 84.47 (formerly § 84.48) establishes nondiscrimination standards for physical education and athletics counseling and placement services, and social organizations. This section sets the same standards as does § 84.38 of Subpart D, discussed above, and will be interpreted in a similar fashion.

SUBPART F—HEALTH, WELFARE, AND SOCIAL SERVICES

Subpart F applies to recipients that operate health, welfare, and social service programs. The Department received fewer comments on this subpart than on others.

Although many commented that Subpart F lacked specificity, these commenters provided neither concrete suggestions nor additions. Nevertheless, some changes have been made, pursuant to comment, to clarify the obligations of recipients in specific areas. In addition, in an effort to reduce duplication in the regulation, the section governing recipients providing health services (proposed § 84.52) has been consolidated with the section regulating providers of welfare and social services (proposed § 84.53). Since the separate provisions that appeared in the proposed regulation were almost identical, no substantive change should be inferred from their consolidation.

Several commenters asked whether Subpart F applies to vocational rehabilitation agencies whose purpose is to assist in the rehabilitation of handicapped persons. To the extent that such agencies receive financial assistance from the Department, they are covered by Subpart F and all other relevant subparts of the regulation. Nothing in this regulation, however, precludes such agencies from servicing only handicapped persons. Indeed, § 84.4(c) permits recipients to offer services or benefits that are limited by federal law to handicapped persons or classes of handicapped persons.

Many comments suggested requiring state health, welfare, and social service agencies to take an active role in the enforcement of section 504 with regard to local health and social service providers. The Department believes that the possibility for federal-state cooperation in the administration and enforcement of section 504 warrants further consideration. Moreover, the Department will rely largely on state Medicaid agencies, as it has under title VI, for monitoring compliance by individual Medicaid providers.

A number of comments also discussed whether section 504 should be read to require payment of compensation to institutionalized handicapped patients who perform services for the institution in which they reside. The Department of Labor has recently issued a proposed regulation under the Fair Labor Standards Act (FLSA) that covers the question of compensation for institutionalized persons. 42 FR 15224 (March 18, 1977). This Department will seek information and comment from the Department of Labor concerning that agency's experience administering the FLSA regulation.

36. *Health, welfare, and other social service providers.* As already noted, § 84.53 has been combined with proposed § 84.53 into a single section covering health, welfare, and other social services. Section 84.52(a) has been expanded in several respects. The addition of new paragraph (a)(2) is intended to make clear the basic requirement of equal opportunity to receive benefits or services in the health, welfare, and social service areas. The paragraph parallels §§ 84.4(b)(ii) and 84.43(b). New paragaph (a)(3) requires the provision of effective benefits or services, as defined in § 84.4(b)(2) (i.e., benefits or services which "afford handicapped persons equal opportunity to obtain the same result (or) to gain the same benefit * * *").

Section 84.52(a) also includes provisions concerning the limitation of benefits or services to handicapped persons and the subjection of handicapped persons to different eligibility standards. (These provisions were previously included in the welfare recipient section (§ 84.53(a)).) One common misconception about the regulation is that it would require specialized hospitals and other health care providers to treat all handicapped persons. The regulation makes no such requirement. Thus, a burn treatment center need not provide other types of medical treatment to handicapped persons unless it provides such medical services to nonhandicapped persons. It could not, however, refuse to treat the burns of a deaf person because of his or her deafness.

Commenters had raised the question of whether the prohibition against different standards of eligibility might preclude recipients from providing special services to handicapped persons or classes of handicapped persons. The regulation will not be so interpreted, and the specific section in question has been eliminated. Section 84.4(c) makes clear that special programs for handicapped persons are permitted.

A new paragraph (a)(5) concerning the provision of different or separate services or benefits has been added. This provision prohibits such treatment unless necessary to provide qualified handicapped persons with benefits and services that are as effective as those provided to others.

Section 84.52(a)(2) of the proposed regulation has been omitted as duplicative of revised § 84.22 (b) and (c) in Subpart C. As discussed above, these sections permit health care providers to arrange to meet patients in accessible facilities and to make referrals in carefully limited circumstances.

Section 84.52(a)(3) of the proposed regulation has been redesignated § 84.52(b) and has been amended to cover written material concerning waivers of rights or consent to treatment as well as general notices concerning health benefits or services. The section requires the recipient to ensure that qualified handicapped persons are not denied effective notice because of their handicap. For example, recipients could use several different types of notice in order to reach persons with impaired vision or hearing, such as brailled messages, radio spots, and tacticle devices on cards or envelopes to inform blind persons of the need to call the recipient for further information.

Sections 84.52(a)(4), 84.52(a)(5), and 84.52(b) have been omitted from the regulation as unnecessary. They are clearly comprehended by the more general sections banning discrimination.

Section 84.52(c) is a new section requiring recipient hospitals to establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care. Although it would be appropriate for a hospital to fulfill its responsibilities under this section by having a full-time interpreter for the deaf on staff, there may be other means of accomplishing the desired result of assuring that some means of communication is immediately available for deaf persons needing emergency treatment.

Section 84.52(d), also a new provision, requires recipients with fifteen or more employees to provide appropriate auxiliary aids for persons with impaired sensory, manual, or speaking skills. Further, the Director may require a small provider to furnish auxiliary aids where the provision of aids would not adversely affect the ability of the recipient to provide its health benefits or service. Thus although a small nonprofit neighborhood clinic might not be obligated to have available an interpreter for deaf persons, the Director may require provision of such aids as may be reasonably available to ensure that qualified handicapped persons are not denied appropriate benefits or services because of their handicaps.

37. *Treatment of Drug Addicts and Alcoholics.* Section 84.53 is a new section that prohibits discrimination in the treatment and admission of drug and alcohol addicts to hospitals and outpatient facilities. This section is included pursuant to section 407, Pub. L. 92—255, the Drug Abuse Office and Treatment Act of 1972 (21 U.S.C. 1174), as amended, and section 321, Pub. L. 91-616, the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970 (42 U.S.C. 4581), as amended, and section 321, Pub. L. 93-282. Section 504 itself also prohibits such discriminatory treatment and, in addition, prohibits similar discriminatory treatment by other types of health providers. Section 84.53 prohibits discrimination against drug abusers by operators of outpatient facilities, despite the fact that section 407 pertains only to hospitals, because of the broader application of section 504. This provision does not mean that all hospitals and outpatient facilities must treat drug addiction and alcoholism. It simply means, for example, that a cancer clinic may not refuse to treat cancer patients simply because they are also alcoholics.

38. *Education of institutionalized persons.* The regulation retains § 84.54 of the proposed regulation that requires that an appropriate education be provided to qualified handicapped persons who are confined to residential institutions or day care centers.

SUBPART G—PROCEDURES

In § 84.61, the Secretary has adopted the title VI complaint and enforcement procedures for use in implementing section 504 until such time as they are superseded by the issuance of a consolidated procedureal regulation applicable to all of the civil rights statutes and executive orders administered by the Department.

APPENDIX B—GUIDELINES FOR ELIMINATING DISCRIMINATION AND DENIAL OF SERVICES ON THE BASIS OF RACE, COLOR, NATIONAL ORIGIN, SEX, AND HANDICAP IN VOCATIONAL EDUCATION PROGRAMS

EDITORIAL NOTE: For the text of these guidelines, see 45 CFR Part 80, Appendix B.

[44 FR 17168, Mar. 21, 1979]

APPENDIX C—GUIDELINES RELATING TO HEALTH CARE FOR HANDICAPPED INFANTS

(a) *Interpretative guidelines relating to the applicability of this part to health care for handicapped infants.* The following are interpretative guidelines of the Department set forth here to assist recipients and the public in understanding the Department's interpretation of section 504 and the regulations contained in this part as applied to matters concerning health care for handicapped infants. These interpretative guidelines are illustrative; they do not independently establish rules of conduct.

(1) With respect to programs and activities receiving Federal financial assistance, health care providers may not, solely on the basis of present or anticipated physical or mental impairments of an infant, withhold treatment or nourishment from the infant who, in spite of such impairments, will medically benefit from the treatment or nourishment.

(2) Futile treatment or treatment that will do no more than temporarily prolong the act of dying of a terminally ill infant is not considered treatment that will medically benefit the infant.

(3) In determining whether certain possible treatments will be medically beneficial to an infant, reasonable medical judgments in selecting among alternative courses of treatment will be respected.

(4) Section 504 and the provisions of this part are not applicable to parents (who are not recipients of Federal financial assistance). However, each recipient health care provider must in all aspects of its health care programs receiving Federal financial assistance provide health care and related services in a manner consistent with the requirements of section 504 and this part. Such aspects includes decisions on whether to report, as required by State law or otherwise, to the appropriate child protective services agency a suspected instance of medical neglect of a child, or to take other action to seek review or parental decisions to withhold consent for medically indicated treatment. Whenever parents make a decision to withhold consent for medically beneficial treatment or nourishment, such recipient providers may not, solely on the basis of the infant's present or anticipated future mental or physical impairments, fail to follow applicable procedures on reporting such incidents to the child protective services agency or to seek judicial review.

(5) The following are examples of applying these interpretative guidelines. These examples are stated in the context of decisions made by recipient health care providers. Were these decisions made by parents, the guideline stated in section (a)(4) would apply. These examples assume no facts or complications other than those stated. Because every case must be examined on its individual facts, these are merely illustrative examples to assist in understanding the framework for applying the nondiscrimination requirements of section 504 and this part.

(i) Withholding of medically beneficial surgery to correct an intestinal obstruction in an infant with Down's Syndrome when the withholding is based upon the anticipated future mental retardation of the infant and there are no medical contraindications to the surgery that would otherwise justify withholding the surgery would constitute a discriminatory act, violative of section 504.

(ii) Withholding of treatment for medically correctable physical anomalies in children born with spina bifida when such denial is based on anticipated mental impairment paralysis or incontinence of the infant, rather than on reasonable medical judgments that treatment would be futile, too unlikely of success given complications in the particular case, or otherwise not of medical benefit to the infant, would constitute a discriminatory act, violative of section 504.

(iii) Withholding of medical treatment for an infant born with anencephaly, who will inevitably die within a short period of time, would not constitute a discriminatory act because the treatment would be futile and do no more than temporarily prolong the act of dying.

(iv) Withholding of certain potential treatments from a severely premature and low birth weight infant on the grounds of reasonable medical judgments concerning the improbability of success or risks of potential harm to the infant would not violate section 504.

(b) *Guidelines for HHS investigations relating to health care for handicapped infants.* The following are guidelines of the Department in conducting investigations relating to health care for handicapped infants. They are set forth here to assist recipients and the public in understanding applicable investigative procedures. These guidelines do not establish rules of conduct,

Subpart A—General Provisions

§ 84.1 Purpose.

The purpose of this part is to effectuate section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of handicap in any program or activity receiving Federal financial assistance.

§ 84.2 Application.

This part applies to each recipient of Federal financial assistance from the Department of Health and Human Services and to each program or activity that receives or benefits from such assistance.

§ 84.3 Definitions.

As used in this part, the term:

(a) "The Act" means the Rehabilitation Act of 1973, Pub. L. 93-112, as amended by the Rehabilitation Act Amendments of 1974, Pub. L. 93-516, 29 U.S.C. 794.

(b) "Section 504" means section 504 of the Act.

(c) "Education of the Handicapped Act" means that statute as amended by the Education for all Handicapped Children Act of 1975, Pub. L. 94-142, 20 U.S.C. 1401 et seq.

(d) "Department" means the Department of Health and Human Services.

(e) "Director" means the Director of the Office for Civil Rights of the Department.

(f) "Recipient" means any state or its political subdivision, any instrumentality of a state or its political subdivision, any public or private agency, institution, organization, or other entity, or any person to which Federal financial assistance is extended directly or through another recipient, including any successor, assignee, or transferee of a recipient, but excluding the ultimate beneficiary of the assistance.

(g) "Applicant for assistance" means one who submits an application, request, or plan required to be approved by a Department official or by a recipient as a condition to becoming a recipient.

(h) "Federal financial assistance" means any grant, loan, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the Department provides or otherwise makes available assistance in the form of:

(1) Funds;

(2) Services of Federal personnel; or

(3) Real and personal property or any interest in or use of such property, including:

(i) Transfers or leases of such property for less than fair market value or for reduced consideration; and

(ii) Proceeds from a subsequent transfer or lease of such property if the Federal share of its fair market value is not returned to the Federal Government.

(i) "Facility" means all or any portion of buildings, structures, equipment, roads, walks, parking lots, or other real or personal property or interest in such property.

(j) "Handicapped person." (1) "Handicapped persons" means any person who (i) has a physical or mental impairment which substantially limits one or more major life activities, (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment.

(2) As used in paragraph (j)(1) of this section, the phrase:

(i) "Physical or mental impairment" means (A) any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive, digestive, genito-urinary; hemic and lymphatic; skin; and endocrine; or (B) any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

(ii) "Major life activities" means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(iii) "Has a record of such an impairment" means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(iv) "Is regarded as having an impairment" means (A) has a physical or mental impairment that does not substantially limit major life activities but that is treated by a recipient as constituting such a limitation; (B) has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or (C) has none of the impairments defined in paragraph (j)(2)(i) of this section but is treated by a recipient as having such an impairment.

(k) "Qualified handicapped person" means:

(1) With respect to employment, a handicapped person who, with reasonable accommodation, can perform the essential functions of the job in question;

(2) With respect to public preschool elementary, secondary, or adult educational services, a handicappped person (i) of an age during which nonhandicapped persons are provided such services, (ii) of any age during which it is mandatory under state law to provide such services to handicapped persons, or (iii) to whom a state is required to provide a free appropriate public education under section 612 of the Education of the Handicapped Act; and

(3) With respect to postsecondary and vocational education services, a handicapped person who meets the academic and technical standards requisite to admission or participation in the recipient's education program or activity;

(4) With respect to other services, a handicapped person who meets the essential eligibility requirements for the receipt of such services.

(l) "Handicap" means any condition or characteristic that renders a person a handicapped person as defined in paragraph (j) of this section.

§ 84.4 Discrimination prohibited.

(a) *General.* No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which receives or benefits from Federal financial assistance.

(b) *Discriminatory actions prohibited.* (1) A recipient, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipients program;

(vi) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vii) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving an aid, benefit, or service.

(2) For purposes of this part, aids, benefits, and services, to be equally ef-

ective, are not required to produce he identical result or level of achieveent for handicapped and nonhandiapped persons, but must afford ndicapped persons equal opportuniy to obtain the same result, to gain he same benefit, or to reach the same evel of achievement, in the most interated setting appropriate to the peron's needs.

(3) Despite the existence of separate or different programs or activities provided in accordance with this part, a recipient may not deny a qualified handicapped person the opportunity to participate in such programs or activities that are not separate or different.

(4) A recipient may not, directly or through contractual or other arrangements, utilize criteria or methods of administration (i) that have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap, (ii) that have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the recipient's program with respect to handicapped persons, or (iii) that perpetuate the discrimination of another recipient if both recipients are subject to common administrative control or are agencies of the same State.

(5) In determining the site or location of a facility, an applicant for assistance or a recipient may not make selections (i) that have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives or benefits from Federal financial assistance or (ii) that have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(6) As used in this section, the aid, benefit, or service provided under a program or activity receiving or benefiting from Federal financial assistance includes any aid, benefit, or service provided in or through a facility that has been constructed, expanded, altered, leased or rented, or otherwise acquired, in whole or in part, with Federal financial assistance.

(c) *Programs limited by Federal law.* The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or executive order to a different class of handicapped persons is not prohibited by this part.

§ 84.5 Assurances required.

(a) *Assurances.* An applicant for Federal financial assistance for a program or activity to which this part applies shall submit an assurance, on a form specified by the Director, that the program will be operated in compliance with this part. An applicant may incorporate these assurances by reference in subsequent applications to the Department.

(b) *Duration of obligation.* (1) In the case of Federal financial assistance extended in the form of real property or to provide real property or structures on the property, the assurance will obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for the purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) In the case of Federal financial assistance extended to provide personal property, the assurance will obligate the recipient for the period during which it retains ownership or possession of the property.

(3) In all other cases the assurance will obligate the recipient for the period during which Federal financial assistance is extended.

(c) *Covenants.* (1) Where Federal financial assistance is provided in the form of real property or interest in the property from the Department, the instrument effecting or recording this transfer shall contain a covenant running with the land to assure nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for an-

BEST COPY AVAILABL

at least one person to coordinate its efforts to comply with this part.

(b) *Adoption of grievance procedures.* A recipient that employs fifteen or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by this part. Such procedures need not be established with respect to complaints from applicants for employment or from applicants for admission to postsecondary educational institutions.

§ 84.8 Notice.

(a) A recipient that employs fifteen or more persons shall take appropriate initial and continuing steps to notify participants, beneficiaries, applications, and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of handicap in violation of section 504 and this part. The notification shall state, where appropriate, that the recipient does not discriminate in admission or access to, or treatment or employment in, its programs and activities. The notification shall also include an identification of the responsible employee designated pursuant to § 84.7(a). A recipient shall make the initial notification required by this paragraph within 90 days of the effective date of this part. Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in recipients' publication, and distribution of memoranda or other written communications.

(b) If a recipient publishes or uses recruitment materials or publications containing general information that it makes available to participants, beneficiaries, applicants, or employees, it shall include in those materials or publications a statement of the policy described in paragraph (a) of this section. A recipient may meet the requirement of this paragraph either by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

§ 84.9 Administrative requirements for small recipients.

The Director may require any recipient with fewer than fifteen employees, or any class of such recipients, to comply with §§ 84.7 and 84.8, in whole or in part, when the Director finds a violation of this part or finds that such compliance will not significantly impair the ability of the recipient or class of recipients to provide benefits or services.

§ 84.10 Effect of state or local law or other requirements and effect of employment opportunities.

(a) The obligation to comply with this part is not obviated or alleviated by the existence of any state or local law or other requirement that, on the basis of handicap, imposes prohibitions or limits upon the eligibility of qualified handicapped persons to receive services or to practice any occupation or profession.

(b) The obligation to comply with this part is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for handicapped persons than for nonhandicapped persons.

Subpart B—Employment Practices

§ 84.11 Discrimination prohibited.

(a) *General.* (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity to which this part applies.

(2) A recipient that receives assistance under the Education of the Handicapped Act shall take positive steps to employ and advance in employment qualified handicapped persons in programs assisted under that Act.

(3) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may

not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(4) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

(b) *Specific activities.* The provisions of this subpart apply to:

(1) Recruitment, advertising, and the processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absense, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(7) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

(8) Employer sponsored activities, including social or recreational programs; and

(9) Any other term, condition, or privilege of employment.

(c) A recipient's obligation to comply with this subpart is not affected by any inconsistent term of any collective bargaining agreement to which it is a party.

§ 84.12 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

(b) Reasonable accommodation may include: (1) Making facilities used by employees readily accessible to and usable by handicapped persons, and (2) job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices, the provision of readers or interpreters, and other similar actions.

(c) In determining pursuant to paragraph (a) of this section whether an accommodation would impose an undue hardship on the operation of a recipient's program, factors to be considered include:

(1) The overall size of the recipient's program with respect to number of employees, number and type of facilities, and size of budget;

(2) The type of the recipient's operation, including the composition and structure of the recipient's workforce; and

(3) The nature and cost of the accommodation needed.

(d) A recipient may not deny any employment opportunity to a qualified handicapped employee or applicant if the basis for the denial is the need to make reasonable accommodation to the physical or mental limitations of the employee or applicant.

§ 84.13 Employment criteria.

(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless: (1) The test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question, and (2) alternative job-related tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Director to be available.

(b) A recipient shall select and administer tests concerning employment so as best to ensure that, when administered to an applicant or employee who has a handicap that impairs senry, manual, or speaking skills, the t results accurately reflect the ap- licant's or employee's job skills, apti- de, or whatever other factor the test rports to measure, rather than re- cting the applicant's or employee's paired sensory, manual, or speaking ills (except where those skills are he factors that the test purports to measure).

84.14 Preemployment inquiries.

(a) Except as provided in paragraphs (b) and (c) of this section, a recipient may not conduct a preemployment medical examination or may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.

(b) When a recipient is taking remedial action to correct the effects of past discrimination pursuant to § 84.6 (a), when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to § 84.6(b), or when a recipient is taking affirmative action pursuant to section 503 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped, *Provided*, That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty, *Provided*, That: (1) All entering employees are subjected to such an examination regardless of handicap, and (2) the results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(2) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and

(3) Government officials investigating compliance with the Act shall be provided relevant information upon request.

§§ 84.15—84.20 [Reserved]

Subpart C—Program Accessibility

§ 84.21 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 84.22 Existing facilities.

(a) *Program accessibility.* A recipient shall operate each program or activity to which this part applies so that the program or activity, when viewed in its entirety, is readily accessible to handicapped persons. This paragraph does not require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) *Methods.* A recipient may comply with the requirements of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to ac-

(ix) *Parking.* In addition to the requirements in the accessibility standards referenced in § 27.67(d) of this part the following requirements shall be met:

(A) Curb cuts or ramps with grades not exceeding 8.33 percent shall be provided at crosswalks between park areas and the terminal;

(B) Where multi-level parking is provided, ample and clearly marked space shall be reserved for ambulatory and semi-ambulatory handicapped persons on the level nearest the ticketing and boarding portion of the terminal facilities, and

(C) In multi-level parking areas, elevators, ramps, or other devices that can accommodate wheelchair users shall be easily available.

(x) *Waiting area/public space.* As the major public area of the airport terminal facility, the environment in the waiting area/public space should give the handicapped person confidence and security in using the facility. The space shall be designed to accommodate the handicapped providing clear direction about how to use all passenger facilities.

(xi) *Airport terminal information.* Airport terminal information systems shall take into consideration the needs of handicapped persons. The primary information mode shall be visual words and letters, or symbols, using lighting and color coding. Airport terminals shall also have facilities providing information orally.

(xii) *Public services.* Public service facilities such as public toilets, drinking fountains, telephones, travelers aid and first aid medical facilities shall be designed in accordance with accessibility standards referenced in § 27.67(d) of this part.

(b) *Fixed facilities; existing terminals*—(1) *Structural changes.* Where structural changes are necessary to make existing air carrier terminals which are owned and operated by recipients of Federal financial assistance accessible to and usable by handicapped persons, such changes shall be made in accordance with the ANSI standards as soon as practicable, but in no event later than three years after the effective date of this part.

(2) *Ongoing renovation.* In terminals that are undergoing structural changes involving entrances, exits, interior doors, elevators, stairs, baggage areas, drinking fountains, toilets, telephones, eating places, curbs, and parking areas, recipients shall begin immediately to incorporate accessibility features.

(3) *Transition.* Where extensive structural changes to existing facilities are necessary to meet accessibility requirements, recipients shall develop a transition plan in accordance with § 27.65(d) and submit it to the Federal Aviation Administration (FAA). Transition plans are reviewed and approved or disapproved by the FAA as expeditiously as possible after they are received.

(4) *Boarding.* Each operator at an airport receiving any Federal financial assistance shall assure that adequate assistance is provided incident to enplaning and deplaning handicapped persons. Within three years from the effective date of this part, recipients operating terminals at air carrier airports that are not equipped with jetways or passenger lounges for boarding and unboarding shall assure that there are lifts, ramps, or other suitable devices, not normally used for movement of freight, are available for enplaning and deplaning wheelchair users.

(5) *Passenger services.* Recipients operating terminals at air carrier airports shall assure that there are provisions for assisting handicapped passengers upon request in movement into, out of, and within the terminal, and in the use of terminal facilities, including baggage handling.

(6) *Guide dogs.* Seeing eye and hearing guide dogs shall be permitted to accompany their owners and shall be accorded all the privileges of the passengers whom they accompany in regard to access to terminals and facilities.

[44 FR 31468, May 31, 1979, as amended by Amdt. 27-3, 51 FR 19017, May 23, 1986]

§ 27.73 Federal Railroad Administration-railroads.

(a) *Fixed facilities*—(1) *New facilities.* (i) Every fixed facility or part of a facility—including every station, terminal, building, or other facility—designed or constructed by or for the use of a recipient of Federal financial assistance on or after the effective date of this part, the intended use of which will require it to be accessible to the public or may result in the employment therein of physically handicapped persons, shall be designed and constructed in accordance with the accessibility standards referenced in § 27.67(d) of this part. Where there is apparent ambiguity or contradiction between the definitions and the standards referenced in § 27.67(d) and the definitions and standards used in paragraph (a)(1)(ii) of this section, the terms in the standards referenced in § 27.67(d) should be interpreted in a manner that will make them consistent with the standards in paragraph (a)(1)(ii) of this section. If this cannot be done, the standards in paragraph (a)(1)(ii) of this section will prevail.

(ii) In addition to the accessibility standards referenced in § 27.67(d) of this part the following standards also apply to rail facilities;

(A) *Station circulation and flow.* The basic station design shall permit efficient entrance and movement of handicapped persons while at the same time giving consideration to their convenience, comfort, and safety. The design, especially concerning the location of elevators, escalators, and similar devices, shall minimize any extra distance that wheelchair users must travel, compared to nonhandicapped persons, to such ticket counters, baggage handling areas and boarding locations.

(B) *International accessibility symbol.* The international accessibility symbol shall be displayed at accessible entrances to buildings that meet ANSI standards.

(C) *Ticketing.* The ticketing system shall be designed to provide handicapped persons with the opportunity to use the primary fare collection area to obtain ticket issuance and make fare payment.

(D) *Baggage check-in and retrieval.* Baggage areas shall be accessible to handicapped persons. The facility shall be designed to provide for efficient handling and retrieval of baggage by all persons.

(E) *Boarding platforms.* All boarding platforms that are located more than two feet above ground or present any other dangerous condition, shall be marked with a warning device consisting of a string of floor material differing in color and texture from the remaining floor surface. The design of boarding platforms shall be coordinated with the vehicle design where possible in order to minimize the gap between platform and vehicle doorway and to permit safe passage by wheelchair users and other handicapped persons. Where level entry boarding is not provided, lifts, ramps or other suitable devices shall be available to permit boarding by wheelchair users.

(F) *Telephones.* At least one clearly marked telephone shall be equipped with a volume control or sound booster device and with a device available to handicapped persons that makes telephone communication possible for persons wearing hearing aids.

(G) *Teletypewriter.* Recipients shall make available a toll-free reservation and information number with teletypewriter (TTY) capabilities, to permit hearing-impaired persons using TTY equipment to readily obtain information or make reservations for any services provided by a recipient.

(H) *Vehicular loading and unloading areas.* Several spaces adjacent to the terminal entrance separated from the main flow of traffic and clearly marked shall be made available for the boarding and exiting of handicapped persons. The spaces shall allow individuals in wheelchairs or with braces or crutches to get in and out of vehicles onto a level surface suitable for wheeling or walking.

(I) *Parking.* Where parking facilities are provided, at least two spaces shall be set aside and identified for the exclusive use of handicapped persons. Curb cuts or ramps with grades not exceeding 8.33 percent shall be provided at crosswalks between parking areas and the terminal. Where multilevel parking is provided, ample space which is clearly marked shall be reserved for handicapped persons with limited mobility on the level which is most accessible to the ticketing and boarding portion of the terminal facilities; such level change shall be by elevator, ramp, or by other devices which can accommodate wheelchair users.

(J) *Waiting area/public space.* As the major public area of the rail facility, the environment in the waiting area/public space should give the handicapped persons confidence and security in using the facility. The space shall be designed to accommodate the handicapped by providing clear directions about how to use all passenger facilities.

(K) *Station information.* Station information systems shall take into consideration the needs of handicapped persons. The primary information mode shall be visual words and letters or symbols using lighting and color coding. Stations shall also have facilities for giving information orally. Scheduling information shall be available in a tactile format or through the use of a toll-free telephone number.

(L) *Public services.* Public service facilities, such as public toilets, drinking fountains, telephones, travelers aid and first aid medical facilities, shall be designed in accordance with accessibility standards referenced in § 27.67(d) of this part.

(2) *Existing facilities—Ongoing renovation.* (i) All recipients shall begin immediately to incorporate accessibility features in stations and terminals that are already undergoing structural changes involving entrances and exits, interior doors, elevators, stairs, baggage areas, drinking fountains, toilets, telephones, eating places, boarding platforms, curbs, and parking garages.

(ii) *Structural changes.* Existing stations shall be modified to ensure that the facilities, when viewed in their entirety, are readily accessible to and usable by handicapped persons.

(iii) *Scheduling of structural changes.* (A) Within five years from the effective date of this section, recipients shall make accessible no less than one station in each Standard Metropolitan Statistical Area (SMSA) served by the recipient. Where there is more than one station in an SMSA, recipients shall select the station with the greatest annual passenger volume for modification within five years.

(B) Within ten years of the effective date of this section, recipients shall make accessible all other stations in each SMSA.

(C) Within five years of the effective date of this section, recipients shall make accessible stations located outside of an SMSA and not located within 50 highway miles of an accessible station. Where there are two or more stations within 50 highway miles of one another, a recipient shall select the station with the greatest annual passenger volume for modification within five years.

(D) Within ten years of the effective date of this section, recipients shall make accessible all other stations located outside of an SMSA.

(iv) *Waiver procedure.* (A) Recipients may petition the Federal Railroad Administrator for a waiver from the requirement to make a particular station accessible under paragraph (a)(2)(iii) (B) and (D) of this section. Such petitions shall be submitted no later than six years after the effective date of this section.

(B) A request for a waiver shall be supported by a written justification to the Federal Railroad Administrator. The justification shall include a record of a community consultative process in the area served by the station for which a waiver is sought. This request shall include a transcript of a public hearing. Handicapped persons and organizations in the area concerned shall be involved in the consultative process.

(C) Factors that are applicable to the determination on a petition for waiver and the conditions that would apply to the waiver include, but are not limited to: (*1*) The utilization of the station; (*2*) the cost of making modifications to the station; (*3*) and the availability of alternative, accessible means of transportation for handicapped persons that meet the needs of those persons for efficient and timely service at a fare comparable to rail fare from the area served by the station to the nearest accessible station in each direction of travel.

(D) Within 30 days of the date the waiver request is filed with the FRA, representatives of the FRA will meet with representatives of the Interstate

Commerce Commission (ICC) to determine if the justification is adequate. The representatives will coordinate their efforts so that any changes requested by either FRA or ICC are consistent.

(E) If no agreement can be reached by the FRA and ICC on the adequacy of the justification within 60 days from the date the representatives first meet, the waiver request shall be denied.

(v) *Transition plan.* Where extensive changes to existing facilities are necessary to meet accessibility requirements, recipients shall develop a transition plan in accordance with § 27.65(d) and submit it, in duplicate, to the Federal Railroad Administration (FRA).

(vi) *Approval of transition plan.* (A) Transition plans are reviewed and approved or disapproved as expeditiously as possible after they are received. Within 30 days from the date the plan is filed with the FRA, representatives of the FRA meet with representatives of the ICC to determine if the plan is adequate. The representatives coordinate their efforts so that any changes requested by either the FRA or the ICC are consistent.

(B) If no agreement can be reached by the FRA and the ICC within 60 days from the date the representatives first meet, the transition plan shall be disapproved.

(vii) *Existing danger.* Every existing facility and piece of equipment shall be free of conditions which pose a danger to the life or safety of handicapped persons. Upon discovery of such conditions, the danger shall be immediately eliminated and all necessary steps taken to protect the handicapped, or a particular category of handicapped persons, from harm during the period that the facility or equipment is being made safe.

(b) *Rail vehicles.* (1) Within five years from the effective date of this part, on each passenger train:

(i) At least one coach car shall be accessible;

(ii) Where sleeping cars are provided, at least one sleeping car shall be accessible; and

(iii) At least one car in which food service is available shall be accessible to handicapped persons, or they shall be provided food service where they are seated.

In cases where the only accessible car is first class, first class seating for handicapped persons shall be provided at coach fare.

(2) In order for a passenger car to be accessible to handicapped persons, the following shall be available:

(i) Space to park and secure one or more wheelchairs to accommodate persons who wish to remain in their wheelchairs, and space to fold and store one or more wheelchairs to accommodate individuals who wish to sit in coach seats.

(ii) Accessible restrooms with wide doorways, bars to assist the individual in moving from wheelchair to toilet, low sinks, and other appropriate modifications. These restrooms should be large enough to accommodate wheelchairs.

(3) All new rail passenger vehicles for which solicitations are issued after the effective date of this part by recipients of Federal financial assistance shall be designed so as to be accessible to handicapped persons and shall display the international accessibility symbol at each entrance.

(c) *Rail passenger service.* (1) No recipient shall deny transportation to any person who meets the requirements of this regulation because that person cannot board a train without assistance, or use on-train facilities without assistance, except as provided in this regulation.

(2) Handicapped persons who require the assistance of an attendant shall not be denied transportation so long as they are accompanied by an attendant. Handicapped persons who require the service of an attendant, but who are unaccompanied, are not required under this part to be transported by the recipient. Handicapped persons requiring the assistance of an attendant shall include those who cannot take care of any one of their fundamental personal needs.

(3) All recipients at stations, except flag stops and closed stations, shall, on advance notice of 12 hours or more, provide assistance to handicapped persons, except that those handicapped

Title 45—Public Welfare

SUBTITLE A—DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE, GENERAL ADMINISTRATION

PART 84—NONDISCRIMINATION ON THE BASIS OF HANDICAP IN PROGRAMS AND ACTIVITIES RECEIVING OR BENEFITING FROM FEDERAL FINANCIAL ASSISTANCE

AGENCY: Department of Health, Education, and Welfare.

ACTION: Final rule.

SUMMARY: This regulation implements section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 706, with regard to federal financial assistance administered by the Department of Health, Education, and Welfare. Section 504 provides that "no otherwise qualified handicapped individual * * * shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance." The regulation, which applies to all recipients of federal assistance from HEW, is intended to ensure that their federally assisted programs and activities are operated without discrimination on the basis of handicap. The regulation defines and forbids acts of discrimination against qualified handicapped persons in employment and in the operation of programs and activities receiving assistance from the Department. As employers, recipients must make reasonable accommodation to the handicaps of applicants and employees unless the accommodation would cause the employer undue hardship. As providers of services, recipients are required to make programs operated in existing facilities accessible to handicapped persons, to ensure that new facilities are constructed so as to be readily accessible to handicapped persons, and to operate their programs in a nondiscriminatory manner.

EFFECTIVE DATE: June 3, 1977.

John Wodatch, Director, Office of New Programs, Office for Civil Rights, Department of Health, Education, and Welfare, Washington, D.C. 20201, 202-245-1821.

SUPPLEMENTARY INFORMATION:

BACKGROUND

As part of the Rehabilitation Act of 1973 (Public Law 93-112) Congress enacted section 504, which provides that "no otherwise qualified handicapped individual in the United States, as defined in section 7(6), shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financal assistance." In the same statute, Congress defined the term "handicapped individual" solely with relationship to employment; section 7(6) of the 1973 Act defined the term "handicapped individual" as "any individual who (a) has a physical or mental disability which for such individual constitutes or results in substantial handicap to employment and (b) can reasonably be expected to benefit in terms of employability from vocational rehabilitation services * * *." However, the following year, in section 111(a) of the Rehabilitation Act Amendments of 1974 (Public Law 93-516), Congress amended the definition of "handicapped individual" for purposes of section 504 and the other provisions of titles IV and V of the Rehabilitation Act so that the definition is no longer limited to the dimension of employability. For purposes of section 504 of the Act, a "handicapped individual" is defined as "any person who (A) has a physical or mental impairment which substantially limits one or more of such person's major life activities, (B) has a record of such an impairment, or (C) is regarded as having such an impairment." With this amended definition, it became clear that section 504 was intended to forbid discrimination against all handicapped individuals, regardless of their need for or ability to benefit from vocational rehabilitation services.

Section 504 thus represents the first Federal civil rights law protecting the rights of handicapped persons and reflects a national commitment to end discrimination on the basis of handicap. The language of section 504 is almost identical to the comparable nondiscrimination provisions of title VI of the Civil Rights Act of 1964 and title IX of the Education Amendments of 1972 (applying to racial discrimination and to discrimination in education on the basis of sex). It establishes a mandate to end discrimination and to bring handicapped persons into the mainstream of American life. The Secretary intends vigorously to implement and enforce that mandate.

THE PROBLEM OF DISCRIMINATION

From the outset, the Department has recognized that the problem of ending discrimination on the basis of handicap presents considerations that are extremely complex. The diversity of types of handicaps, as well as the wide variety of settings in which programs financed by the Department are offered, make the task of prescribing general rules of nondiscriminatory treatment a difficult one.

There is overwhelming evidence that in the past many handicapped persons have been excluded from programs entirely or denied equal treatment, simply because they are handicapped. But eliminating such gross exclusions and denials of equal treatment is not sufficient to assure genuine equal opportunity. In drafting a regulation to prohibit exclusion and discrimination, it became clear that different or special treatment of handicapped persons, because of their handicaps, may be necessary in a number of contexts in order to ensure equal opportunity. Thus, for example, it is meaningless to "admit" a handicapped person in a wheelchair to a program if the program is offered only on the third floor of a walk-up building. Nor is one providing equal educational opportunity to a deaf child by admitting him or her to a classroom but providing no means for the child to understand the teacher or receive instruction.

These problems have been compounded by the fact that ending discriminatory practices and providing equal access to programs may involve major burdens on some recipients. Those burdens and costs, to be sure, provide no basis for exemption from section 504 or this regulation: Congress' mandate to end discrimination is clear. But it is also clear that factors of burden and cost had to be taken into account in the regulation in prescribing the actions necessary to end discrimination and to bring handicapped persons into full participation in federally financed programs and activities.

The very general language of section 504 itself and the scant legislative history surrounding its enactment provide little guidance as to how these complex issues should be resolved. The rulemaking process in which the Department has engaged has, however, provided a basis for an initial resolution of those issues. The Secretary believes the resulting regulation offers genuine promise of providing an effective and workable program for ending discrimination against handicapped persons.

RULEMAKING HISTORY

On May 17, 1976, the Department published a Notice of Intent to Issue Proposed Rules, seeking public comment on fifteen identified critical issues. 41 FR 20296. A draft proposed rule was attached to the Notice of Intent, as was a statement of the estimated economic and inflationary impact of the draft proposal, prepared in accordance with the requirements of Executive Order 11821.

Over three hundred written comments were received in response to the Notice of Intent. The written comments were supplemented by a series of ten meetings conducted by the Office for Civil Rights at various locations across the country.

On July 16, 1976, the Department published a Notice of Proposed Rulemaking analyzing comments received on the critical issues identified in the Notice of Intent and setting forth a revised proposed regulation for public comment. 41 FR 29548. The initial 60-day comment period was extended in response to numerous requests until October 14, 1976. Additional comments received since that date have also been considered to the extent feasible. A total of more than 700 comments were received in response to the July 16 Notice of Proposed Rulemaking; they have been analyzed along with approximately 180 comments sent in response to May 17 Notice that were received too late to be analyzed during the first comment period. Finally, an additional twenty-two public meetings were held after publication of the July 16 Notice, again designed to inform interested persons and organizations of the proposed regulation and to solicit their comments and recommendations. Transcripts of all these meetings were made and analyzed along with the written comments. Copies of these transcripts, as well as the written comments, are available for public inspection in Room 5400, 330 Independence Avenue, S.W., Washington, D.C. 20201.

The Secretary believes that both the written comments and the views expressed at the public meetings have illuminated the complex issues involved in implementing section 504 in an effective and workable fashion. The Secretary's response to the comments of interested parties, and the explanation for changes in the proposed regulation, are set forth in the section-by-section analysis of each subpart of the regulation, which appears as Appendix A to the regulation. As that analysis explains, a number of provisions in the proposed regulation have been eliminated as duplicative or unnecessary; others have been shortened or clarified. The goal throughout has been to design a regulation that preserves the essential elements of a strong and effective program for ending discrimination, while avoiding the imposition of unnecessary or counterproductive administrative obligations on recipients.

OVERVIEW OF REGULATION

The regulation is divided into seven subparts. Subpart A (General Provisions) defines the important terms that are used throughout the regulation and states in general terms the discriminatory acts that are prohibited. It also sets forth what the Secretary believes is a simple, workable system of administration: assurances of compliance, self-evaluation by recipients, establishment of grievance procedures, and notification of employes and beneficiaries of the recipient's policy of nondiscrimination on the basis of handicap. The regulation covers all types of physical and mental impairments, including drug addition and alcoholism.

Subpart B, dealing with employment practices, bars discrimination by recipients of HEW assistance in recruitment, hiring, compensation, job assignment and classification, and fringe benefits. It also requires employers to make reasonable accommodation to qualified handicapped applicants or employees unless it can be demonstrated that the accommodation would impose an undue hardship on the employer.

Subpart C sets forth the central requirement of the regulation—program accessibility. All new facilities are required to be constructed so as to be readily accessible to and usable by handicapped persons. Every existing facility need not be made physically accessible, but all recipients must ensure that programs conducted in those facilities are made accessible. While flexibility is allowed in choosing methods that in fact make programs in existing facilities accessible, structural changes in such facilities must be undertaken if no other means of assuring program accessibility is available.

Subparts A, B, and C of the regulation, as well as subpart G—which incorporates by reference the Department's procedures under title VI of the Civil Rights Act of 1964—apply to all recipients of financial assistance from the Department. The remaining subparts of the regulation contain more specific requirements applicable to three major classes of recipients.

Subpart D is concerned with preschool, elementary, and secondary education. Its provisions have been closely coordinated with those of the Education for All Handicapped Children Act of 1975 (Pub. L. 94-142). They require, basically, that recipients operating public education programs provide a free appropriate education to each qualified handicapped child in the most normal setting appropriate. The regulation also sets forth evaluation requirements designed to ensure the proper classification and placement of handicapped children, and due process procedures for resolving disputes over placement of students. While the Department does not intend to review individual placement decisions, it does intend to ensure that testing and evaluation procedures required by the regulation are carried out, and that school systems provide an adequate opportunity for parents to challenge and seek review of these critical decisions. And the Department will place a high priority on pursuing cases in which a pattern or practice of discriminatory placements may be involved.

Subpart E deals with postsecondary education. It proscribes discrimination against handicapped persons in recruitment, admission and treatment after admission. Colleges and universities are required to make reasonable adjustments to permit handicapped persons to fulfill academic requirements, and to ensure that they are not effectively excluded from programs because of the absence of auxiliary aids. Groups of colleges may not establish consortia exclusively for handicapped students.

Finally, Subpart F deals with health, welfare and other social service programs. It forbids discrimination in providing such services and requires larger recipients to provide auxiliary aids to handicapped individuals where necessary. Specific provisions require hospitals not to discriminate against addicts or alcoholics who need medical services and to establish emergency room procedures for communication with persons with impaired hearing. Under Subpart C, health and social service providers may satisfy their program accessibility obligations with respect to existing facilities by arranging to meet beneficiaries in accessible locations. In addition, small providers may refer patients or other beneficiaries to accessible providers as a "last resort" alternative to making significant structural changes.

EXECUTIVE ORDER 11914

Under Executive Order 11914 (41 FR 17871, April 28, 1976), the Department is required to issue general standards for other departments and agencies of the Federal government to follow in promulgating regulations implementing Section 504. This responsibility will be fulfilled promptly and independently from this regulation. The Department does, however, expect to incorporate the definition of handicapped person adopted in § 84.3 (j) of this regulation in the standards for determining what persons are covered by the Act. The Secretary also anticipates that the relevant provisions of Subparts A, B and C of the regulation will be the basis for guidelines, pursuant to the Executive Order, as to what are discriminatory practices.

ECONOMIC IMPACT

The Department has previously certified, in issuing the Notice of Intent and the Notice of Proposed Rulemaking, that the economic and inflationary impact of the proposed regulation had been carefully evaluated in accordance with OMB Circular A-107. That analysis, which was printed at 41 FR 20312 (May 17, 1976), has been revised and updated, and is available on request.

SECTION-BY-SECTION ANALYSIS OF REGULATION

Appended to the final regulation is a section-by-section analysis of the regulation, which describes the basis and purpose of each section, discusses significant comments, and explains the basis for any changes made from the proposed regulation published in July 1976.

In consideration of the foregoing, Part 84, to read as set forth below, is hereby ordered to be added to Title 45 of the Code of Federal Regulations.

Dated: April 28, 1977.

JOSEPH A. CALIFANO, Jr.,
Secretary, Department of
Health, Education, and Welfare.

Subpart A—General Provisions

Sec.
84.1 Purpose.
84.2 Application.
84.3 Definitions.
84.4 Discrimination prohibited.
84.5 Assurances required.
84.6 Remedial action, voluntary action, and self-evaluation.
84.7 Designation of responsible employee and adoption of grievance procedures.
84.8 Notice.
84.9 Administrative requirements for small recipients.
84.10 Effect of state or local law or other requirements and effect of employment opportunities.

Subpart B—Employment Practices

84.11 Discrimination prohibited.
84.12 Reasonable accommodation.
84.13 Employment criteria.
84.14 Preemployment inquiries.
84.15–84.20 [Reserved]

Subpart C—Program Accessibility

84.21 Discrimination prohibited.
84.22 Existing facilities.
84.23 New construction.
84.24–84.30 [Reserved]

Subpart D—Preschool, Elementary, and Secondary Education

84.31 Application of this subpart.
84.32 Location and notification.
84.33 Free appropriate public education.
84.34 Educational setting.
84.35 Evaluation and placement.

Sec.
84.36 Procedural safeguards.
84.37 Nonacademic services.
84.38 Preschool and adult education programs.
84.39 Private education programs.

Subpart E—Postsecondary Education

84.41 Application of this subpart.
84.42 Admissions and recruitment.
84.43 Treatment of students; general.
84.44 Academic adjustments.
84.45 Housing.
84.46 Financial and employment assistance to students.
84.47 Nonacademic services.
84.48–84.50 [Reserved]

Subpart F—Health, Welfare, and Social Services

84.51 Application of this subpart.
84.52 Health, welfare, and other social services.
84.53 Drug and alcohol addicts.
84.54 Education of institutionalized persons.
84.55–84.60 [Reserved]

Subpart G—Procedures

84.61 Procedures.
84.62–99 [Reserved]
APPENDIX A—ANALYSIS OF FINAL REGULATION

AUTHORITY: Sec. 504, Rehabilitation Act of 1973, Pub. L. 93-112, 87 Stat. 394 (29 U.S.C. 794); sec. 111(a), Rehabilitation Act Amendments of 1974, Pub. L. 93-516, 88 Stat. 1619 (29 U.S.C. 706); sec. 606, Education of the Handicapped Act (20 U.S.C. 1405), as amended by Pub. L. 94-142, 89 Stat 795; sec. 321, Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970, 84 Stat. 182 (42 U.S.C. 4581), as amended; sec. 407, Drug Abuse Office and Treatment Act of 1972, 86 Stat. 78 (21 U.S.C. 1174), as amended.

Subpart A—General Provisions

§ 84.1 Purpose.

The purpose of this part is to effectuate section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of handicap in any program or activity receiving Federal financial assistance.

§ 84.2 Application.

This part applies to each recipient of Federal financial assistance from the Department of Health, Education, and Welfare and to each program or activity that receives or benefits from such assistance.

§ 84.3 Definitions.

As used in this part, the term:

(a) "The Act" means the Rehabilitation Act of 1973, Pub. L. 93-112, as amended by the Rehabilitation Act Amendments of 1974, Public Law 93-516, 29 U.S.C. 794.

(b) "Section 504" means section 504 of the Act.

(c) "Education of the Handicapped Act" means that statute as amended by the Education for all Handicapped Children Act of 1975, Pub. L. 94-142, 20 U.S.C. 1401 et seq.

(d) "Department" means the Department of Health, Education, and Welfare.

(e) "Director" means the Director of the Office for Civil Rights of the Department.

(f) "Recipient" means any state or its political subdivision, any instrumentality of a state or its political subdivision, any public or private agency, institution, organization, or other entity, or any person to which Federal financial assistance is extended directly or through another recipient, including any successor, assignee, or transferee of a recipient, but excluding the ultimate beneficiary of the assistance.

(g) "Applicant for assistance" means one who submits an application, request, or plan required to be approved by a Department official or by a recipient as a condition to becoming a recipient.

(h) "Federal financial assistance" means any grant, loan, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the Department provides or otherwise makes available assistance in the form of:

(1) Funds;

(2) Services of Federal personnel; or

(3) Real and personal property or any interest in or use of such property, including:

(i) Transfers or leases of such property for less than fair market value or for reduced consideration; and

(ii) Proceeds from a subsequent transfer or lease of such property if the Federal share of its fair market value is not returned to the Federal Government.

(i) "Facility" means all or any portion of buildings, structures, equipment, roads, walks, parking lots, or other real or personal property or interest in such property.

(j) "Handicapped person." (1) "Handicapped persons" means any person who (i) has a physical or mental impairment which substantially limits one or more major life activities, (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment.

(2) As used in paragraph (j)(1) of this section, the phrase:

(i) "Physical or mental impairment" means (A) any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive, digestive; genito-urinary; hemic and lymphatic; skin; and endocrine; or (B) any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

(ii) "Major life activities" means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(iii) "Has a record of such an impairment" means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(iv) "Is regarded as having an impairment" means (A) has a physical or mental impairment that does not substantially limit major life activities but that is treated by a recipient as constituting such a limitation; (B) has a physical or mental impairment that substantially limits major life acitivities only as a result of the attitudes of others toward such impairment; or (C) has none of the impairments defined in paragraph (j)(2)(i) of this section but is treated by a recipient as having such an impairment.

(k) "Qualified handicapped person" means:

(1) With respect to employment, a handicapped person who, with reasonable accommodation, can perform the essential functions of the job in question;

(2) With respect to public preschool elementary, secondary, or adult educational services, a handicapped person (i) of an age during which nonhandicapped persons are provided such services, (ii) of any age during which it is mandatory under state law to provide such services to handicapped persons, or (iii) to whom a state is required to provide a free appropriate public education under § 612 of the Education of the Handicapped Act; and

(3) With respect to postsecondary and vocational education services, a handicapped person who meets the academic and technical standards requisite to admission or participation in the recipient's education program or activity;

(4) With respect to other services, a handicapped person who meets the essential eligibility requirements for the receipt of such services.

(l) "Handicap" means any condition or characteristic that renders a person a handicapped person as defined in paragraph (j) of this section.

§ 84.4 Discrimination prohibited.

(a) *General.* No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which receives or benefits from Federal financial assistance.

(b) *Discriminatory actions prohibited.* (1) A recipient, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipients program;

(vi) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vii) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving an aid, benefit, or service.

(2) For purposes of this part, aids, benefits, and services, to be equally effective, are not required to produce the identical result or level of achievement for handicapped and nonhandicapped persons, but must afford handicapped persons equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement, in the most integrated setting appropriate to the person's needs.

(3) Despite the existence of separate or different programs or activities provided in accordance with this part, a recipient may not deny a qualified handicapped person the opportunity to participate in such programs or activities that are not separate or different.

(4) A recipient may not, directly or through contractual or other arrangements, utilize criteria or methods of administration (i) that have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap, (ii) that have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the recipient's program with respect to handicapped persons, or (iii) that perpetuate the discrimination of another recipient if both recipients are subject to common administrative control or are agencies of the same State.

(5) In determining the site or location of a facility, an applicant for assistance or a recipient may not make selections (i) that have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives or benefits from Federal financial assistance or (ii) that have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(6) As used in this section, the aid, benefit, or service provided under a program or activity receiving or benefiting from Federal financial assistance includes any aid, benefit, or service provided in or through a facility that has been constructed, expanded, altered, leased or rented, or otherwise acquired, in whole or in part, with Federal financial assistance.

(c) *Programs limited by Federal law.* The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or executive order to a different class of handicapped persons is not prohibited by this part.

§ 84.5 Assurances required.

(a) *Assurances.* An applicant for Federal financial assistance for a program or activity to which this part applies shall submit an assurance, on a form specified by the Director, that the program will be operated in compliance with this part. An applicant may incorporate these assurances by reference in subsequent applications to the Department.

(b) *Duration of obligation.* (1) In the case of Federal financial assistance extended in the form of real property or to provide real property or structures on the property, the assurance will obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for the purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) In the case of Federal financial assistance extended to provide personal property, the assurance will obligate the recipient for the period during which it retains ownership or possession of the property.

(3) In all other cases the assurance will obligate the recipient for the period during which Federal financial assistance is extended.

(c) *Covenants.* (1) Where Federal financial assistance is provided in the form of real property or interest in the property from the Department, the instrument effecting or recording this transfer shall contain a covenant running with the land to assure nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) Where no transfer of property is involved but property is purchased or improved with Federal financial assistance, the recipient shall agree to include the covenant described in paragraph (b)(2) of this section in the instrument effecting or recording any subsequent transfer of the property.

(3) Where Federal financial assistance is provided in the form of real property or interest in the property from the Department, the covenant shall also include a condition coupled with a right to be reserved by the Department to revert title to the property in the event of a breach of the covenant. If a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on the property for the purposes for which the property was transferred, the Director may, upon request of the transferee and if necessary to accomplish such financing and upon such conditions as he or she deems appropriate, agree to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

§ 84.6 Remedial action, voluntary action, and self-evaluation.

(a) *Remedial action.* (1) If the Director finds that a recipient has discriminated against persons on the basis of handicap in violation of section 504 or this part, the recipient shall take such remedial action as the Director deems necessary to overcome the effects of the discrimination.

(2) Where a recipient is found to have discriminated against persons on the basis of handicap in violation of section 504 or this part and where another recipient exercises control over the recipient that has discriminated, the Director, where appropriate, may require either or both recipients to take remedial action.

(3) The Director may, where necessary to overcome the effects of discrimination in violation of section 504 or this part, require a recipient to take remedial action (i) with respect to handicapped persons who are no longer participants in the recipient's program but who were participants in the program when such discrimination occurred or (ii) with respect to handicapped persons who would have been participants in the program had the discrimination not occurred.

(b) *Voluntary action.* A recipient may take steps, in addition to any action that is required by this part, to overcome the effects of conditions that resulted in limited participation in the recipient's program or activity by qualified handicapped persons.

(c) *Self-evaluation.* (1) A recipient shall, within one year of the effective date of this part:

(i) Evaluate, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, its current policies and practices and the effects thereof that do not or may not meet the requirements of this part;

(ii) Modify, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part; and

(iii) Take, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, appropriate remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices.

(2) A recipient that employs fifteen or more persons shall, for at least three years followed completion of the evaluation required under paragraph (c)(1) of this section, maintain on file, make available for public inspection, and provide to the Director upon request: (i) a list of the interested persons consulted, (ii) a description of areas examined and any problems identified, and (iii) a description of any modifications made and of any remedial steps taken.

§ 84.7 Designation of responsible employee and adoption of grievance procedures.

(a) *Designation of responsible employee.* A recipient that employs fifteen or more persons shall designate at least one person to coordinate its efforts to comply with this part.

(b) *Adoption of grievance procedures.* A recipient that employs fifteen or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by this part. Such procedures need not be established with respect to complaints from applicants for employment or from applicants for admission to postsecondary educational institutions.

§ 84.8 Notice.

(a) A recipient that employs fifteen or more persons shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of handicap in violation of section 504 and this part. The notification shall state, where appropriate, that the recipient does not discriminate in admission or access to, or treatment or employment in, its programs and activities. The notification shall also include an identification of the responsible employee designated pursuant to § 84.7(a). A recipient shall make the initial notification required by this paragraph within 90 days of the effective date of this part. Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in recipients' publication, and distribution of memoranda or other written communications.

(b) If a recipient publishes or uses recruitment materials or publications containing general information that it makes available to participants, beneficiaries, applicants, or employees, it shall include in those materials or publications a statement of the policy described in paragraph (a) of this section. A recipient may meet the requirement of this paragraph either by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

§ 84.9 Administrative requirements for small recipients.

The Director may require any recipient with fewer than fifteen employees, or any class of such recipients, to comply with §§ 84.7 and 84.8, in whole or in part, when the Director finds a violation of this part or finds that such compliance will not significantly impair the ability of the recipient or class of recipients to provide benefits or services.

§ 84.10 Effect of state or local law or other requirements and effect of employment opportunities.

(a) The obligation to comply with this part is not obviated or alleviated by the existence of any state or local law or other requirement that, on the basis of handicap, imposes prohibitions or limits upon the eligibility of qualified handicapped persons to receive services or to practice any occupation or profession.

(b) The obligation to comply with this part is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for handicapped persons than for nonhandicapped persons.

Subpart B—Employment Practices

§ 84.11 Discrimination prohibited.

(a) *General.* (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity to which this part applies.

(2) A recipient that receives assistance under the Education of the Handicapped Act shall take positive steps to employ and advance in employment qualified handicapped persons in programs assisted under that Act.

(3) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(4) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this subparagraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

(b) *Specific activities.* The provisions of this subpart apply to:

(1) Recruitment, advertising, and the processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absence, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(7) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

(8) Employer sponsored activities, including social or recreational programs; and

(9) Any other term, condition, or privilege of employment.

(c) A recipient's obligation to comply with this subpart is not affected by any inconsistent term of any collective bargaining agreement to which it is a party.

§ 84.12 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

(b) Reasonable accommodation may include: (1) making facilities used by employees readily accessible to and usable by handicapped persons, and (2) job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices, the provision of readers or interpreters, and other similar actions.

(c) In determining pursuant to paragraph (a) of this section whether an accommodation would impose an undue hardship on the operation of a recipient's program, factors to be considered include:

(1) The overall size of the recipient's program with respect to number of employees, number and type of facilities, and size of budget;

(2) The type of the recipient's operation, including the composition and structure of the recipient's workforce; and

(3) The nature and cost of the accommodation needed.

(d) A recipient may not deny any employment opportunity to a qualified handicapped employee or applicant if the basis for the denial is the need to make reasonable accommodation to the physical or mental limitations of the employee or applicant.

§ 84.13 Employment criteria.

(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless: (1) the test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question, and (2) alternative job-related tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Director to be available.

(b) A recipient shall select and administer tests concerning employment so as best to ensure that, when administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's or employee's job skills, aptitude, or whatever other factor the test purports to measure, rather than reflecting the applicant's or employee's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

§ 84.14 Preemployment inquiries.

(a) Except as provided in paragraphs (b) and (c) of this section, a recipient may not conduct a preemployment medical examination or may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.

(b) When a recipient is taking remedial action to correct the effects of past discrimination pursuant to § 84.6 (a), when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to § 84.6(b), or when a recipient is taking affirmative action pursuant to section 503 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped, *Provided*, That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty, *Provided*, That: (1) All entering employees are subjected to such an examination regardless of handicap, and (2) the results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(2) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and

(3) Government officials investigating compliance with the Act shall be provided relevant information upon request.

§§ 84.15—84.20 [Reserved]

Subpart C—Program Accessibility

§ 84.21 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 84.22 Existing facilities.

(a) *Program accessibility*. A recipient shall operate each program or activity to which this part applies so that the program or activity, when viewed in its entirety, is readily accessible to handicapped persons. This paragraph does not require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) *Methods*. A recipient may comply with the requirement of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of health, welfare, or other social services at alternate accessible sites, alteration of existing facilities and construction of new facilities in conformance with the requirements of § 84.23, or any other methods that result in making its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that offer programs and activities to handicapped persons in the most integrated setting appropriate.

(c) *Small health, welfare, or other social service providers*. If a recipient with fewer than fifteen employees that provides health, welfare, or other social services finds, after consultation with a handicapped person seeking its services, that there is no method of complying with paragraph (a) of this section other than making a significant alteration in its existing facilities, the recipient may, as an alternative, refer the handicapped person to other providers of those services that are accessible.

(d) *Time period*. A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes in facilities are necessary, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(e) *Transition plan*. In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within six months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve full program accessibility and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the person responsible for implementation of the plan.

(f) *Notice*. The recipient shall adopt and implement procedures to ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

§ 84.23 New construction.

(a) *Design and construction*. Each facility or part of a facility constructed by, on behalf of, or for the use of a recipient shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by handicapped persons, if the construction was commenced after the effective date of this part.

(b) *Alteration*. Each facility or part of a facility which is altered by, on behalf of, or for the use of a recipient after the effective date of this part in a manner that affects or could affect the usability of the facility or part of the facility shall, to the maximum extent feasible, be altered in such manner that the altered portion of the facility is readily accessible to and usable by handicapped persons.

(c) *American National Standards Institute accessibility standards*. Design, construction, or alteration of facilities in conformance with the "American National Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by, the Physically Handicapped," published by the American National Standards Institute, Inc. (ANSI A117.1-1961 (R1971)),[1] which is incorporated by reference in this part, shall constitute compliance with paragraphs (a) and (b) of this section. Departures from particular requirements of those standards by the use of other methods shall be permitted when it is clearly evident that equivalent access to the facility or part of the facility is thereby provided.

§§ 84.24–84.30 [Reserved]

Subpart D—Preschool, Elementary, and Secondary Education

§ 84.31 Application of this subpart.

Subpart D applies to preschool, elementary, secondary, and adult education programs and activities that receive or benefit from federal financial assistance and to recipients that operate, or that receive or benefit from federal financial assistance for the operation of, such programs or activities.

§ 84.32 Location and notification.

A recipient that operates a public elementary or secondary education program shall annually:

(a) Undertake to identify and locate every qualified handicapped person residing in the recipient's jurisdiction who is not receiving a public education; and

(b) Take appropriate steps to notify handicapped persons and their parents or guardians of the recipient's duty under this subpart.

§ 84.33 Free appropriate public education.

(a) *General.* A recipient that operates a public elementary or secondary education program shall provide a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction, regardless of the nature or severity of the person's handicap.

(b) *Appropriate education.* (1) For the purpose of this subpart, the provision of an appropriate education is the provision of regular or special education and related aids and services that (i) are designed to meet individual educational needs of handicapped persons as adequately as the needs of nonhandicapped persons are met and (ii) are based upon adherence to procedures that satisfy the requirements of §§ 84.34, 84.35, and 84.36.

(2) Implementation of an individualized education program developed in accordance with the Education of the the Handicapped Act is one means of meeting the standard established in paragraph (b)(1)(i) of this section.

(3) A recipient may place a handicapped person in or refer such person to a program other than the one that it operates as its means of carrying out the requirements of this subpart. If so, the recipient remains responsible for ensuring that the requirements of this subpart are met with respect to any handicapped person so placed or referred.

(c) *Free education*—(1) *General.* For the purpose of this section, the provision of a free education is the provision of educational and related services without cost to the handicapped person or to his or her parents or guardian, except for those fees that are imposed on nonhandicapped persons or their parents or guardian. It may consist either of the provision of free services or, if a recipient places a handicapped person in or refers such person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, of payment for the costs of the program. Funds available from any public or private agency may be used to meet the requirements of this subpart. Nothing in this section shall be construed to relieve an insurer or similar third party from an otherwise valid obligation to provide or pay for services provided to a handicapped person.

(2) *Transportation.* If a recipient places a handicapped person in or refers such person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, the recipient shall ensure that adequate transportation to and from the program is provided at no greater cost than would be incurred by the person or his or her parents or guardian if the person were placed in the program operated by the recipient.

(3) *Residential placement.* If placement in a public or private residential program is necessary to provide a free appropriate public education to a handicapped person because of his or her handicap, the program, including nonmedical care and room and board, shall be provided at no cost to the person or his or her parents or guardian.

(4) *Placement of handicapped persons by parents.* If a recipient has made available, in conformance with the requirements of this section and § 84.34, a free appropriate public education to a handicapped person and the person's parents or guardian choose to place the person in a private school, the recipient is not required to pay for the person's education in the private school. Disagreements between a parent or guardian and a recipient regarding whether the recipient has made such a program available or otherwise regarding the question of financial responsibility are subject to the due process procedures of § 84.36.

(d) *Compliance.* A recipient may not exclude any qualified handicapped person from a public elementary or secondary education after the effective date of this part. A recipient that is not, on the effective date of this regulation, in full compliance with the other requirements of the preceding paragraphs of this section shall meet such requirements at the earliest practicable time and in no event later than September 1, 1978.

§ 84.34 Educational setting.

(a) *Academic setting.* A recipient to which this subpart applies shall educate, or shall provide for the education of, each qualified handicapped person in its jurisdiction with persons who are not handicapped to the maximum extent appropriate to the needs of the handicapped person. A recipient shall place a handicapped person in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. Whenever a recipient places a person in a setting other than the regular educational environment pursuant to this paragraph, it shall take into account the proximity of the alternate setting to the person's home.

(b) *Nonacademic settings.* In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in § 84.37(a)(2), a recipient shall ensure that handicapped persons participate with nonhandicapped persons in such activities and services to the maximum extent appropriate to the needs of the handicapped person in question.

(c) *Comparable facilities.* If a recipient, in compliance with paragraph (a) of this section, operates a facility that is identifiable as being for handicapped persons, the recipient shall ensure that the facility and the services and activities provided therein are comparable to the other facilities, services, and activities of the recipient.

§ 84.35 Evaluation and placement.

(a) *Preplacement evaluation.* A recipient that operates a public elementary or secondary education program shall conduct an evaluation in accordance with the requirements of paragraph (b) of this section of any person who, because of handicap, needs or is believed to need special education or related services before taking any action with respect to the initial placement of the person in a regular or special education program and any subsequent significant change in placement.

(b) *Evaluation procedures.* A recipient to which this subpart applies shall establish standards and procedures for the evaluation and placement of persons who, because of handicap, need or are believed to need special education or related services which ensure that:

(1) Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer;

(2) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

(3) Tests are selected and administered so as best to ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

(c) *Placement procedures.* In interpreting evaluation data and in making placement decisions, a recipient shall (1) draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior, (2) establish procedures to ensure that information obtained from all such sources is documented and carefully considered, (3) ensure that the placement decision is made by a group of persons, including persons knowledgeable about the child, the meaning of the evaluation data, and the placement options, and (4) ensure that the placement decision is made in conformity with § 84.34.

(d) *Reevaluation.* A recipient to which this section applies shall establish procedures, in accordance with paragraph (b) of this section, for periodic reevaluation of students who have been provided special education and related services. A reevaluation procedure consistent with the Education for the Handicapped Act is one means of meeting this requirement.

§ 84.36 Procedural safeguards.

A recipient that operates a public elementary or secondary education program shall establish and implement, with respect to actions regarding the identification, evaluation, or educational placement of persons who, because of handicap, need or are believed to need special instruction or related services, a system of procedural safeguards that includes notice, an opportunity for the parents or guardian of the person to examine relevant records, an impartial hearing with opportunity for participation by the person's parents or guardian and representation by counsel, and a review procedure. Compliance with the procedural safeguards of section 615 of the Education of the Handicapped Act is one means of meeting this requirement.

§ 84.37 Nonacademic services.

(a) *General.* (1) A recipient to which this subpart applies shall provide nonacademic and extracurricular services and activities in such manner as is necessary to afford handicapped students an equal opportunity for participation in such services and activities.

(2) Nonacademic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the recipient, referrals to agencies which provide assistance to handicapped persons, and employment of students, including both employment by the recipient and assistance in making available outside employment.

(b) *Counseling services.* A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities.

(c) *Physical education and athletics.* (1) In providing physical education courses and athletics and similar programs and activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors interscholastic, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different from those offered to nonhandicapped students only if separation or differentiation is consistent with the requirements of § 84.34 and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

§ 84.38 Preschool and adult education programs.

A recipient to which this subpart applies that operates a preschool education or day care program or activity or an adult education program or activity may not, on the basis of handicap, exclude qualified handicapped persons from the program or activity and shall take into account the needs of such persons in determining the aid, benefits, or services to be provided under the program or activity.

§ 84.39 Private education programs.

(a) A recipient that operates a private elementary or secondary education program may not, on the basis of handicap, exclude a qualified handicapped person from such program if the person can, with minor adjustments, be provided an appropriate education, as defined in § 84.33(b)(1), within the recipient's program.

(b) A recipient to which this section applies may not charge more for the provision of an appropriate education to handicapped persons than to nonhandicapped persons except to the extent that any additional charge is justified by a substantial increase in cost to the recipient.

(c) A recipient to which this section applies that operates special education programs shall operate such programs in accordance with the provisions of §§ 84.35 and 84.36. Each recipient to which this section applies is subject to the provisions of §§ 84.34, 84.37, and 84.38.

§ 84.40 [Reserved]

Subpart E—Postsecondary Education

§ 84.41 Application of this subpart.

Subpart E applies to postsecondary education programs and activities, including postsecondary vocational education programs and activities, that receive or benefit from federal financial assistance and to recipients that operate, or that receive or benefit from federal financial assistance for the operation of, such programs or activities.

§ 84.42 Admissions and recruitment.

(a) *General.* Qualified handicapped persons may not, on the basis of handicap, be denied admission or be subjected to discrimination in admission or recruitment by a recipient to which this subpart applies.

(b) *Admissions.* In administering its admission policies, a recipient to which this subpart applies:

(1) May not apply limitations upon the number or proportion of handicapped persons who may be admitted;

(2) May not make use of any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons or any class of handicapped persons unless (i) the test or criterion, as used by the recipient, has been validated as a predictor of success in the education program or activity in question and (ii) alternate tests or criteria that have a less disproportionate, adverse effect are not shown by the Director to be available;

(3) Shall assure itself that (i) admissions tests are selected and administered so as best to ensure that, when a test is administered to an applicant who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the applicant's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure), (ii) admissions tests that are designed for persons with impaired sensory, manual, or speaking skills are offered as often and in as timely a manner as are other admissions tests; and (iii) admissions tests are administered in facilities that, on the whole, are accessible to handicapped persons; and

(4) Except as provided in paragraph (c) of this section, may not make preadmission inquiry as to whether an applicant for admission is a handicapped person but, after admission, may make inquiries on a confidential basis as to handicaps that may require accommodation.

(c) *Preadmission inquiry exception.* When a recipient is taking remedial action to correct the effects of past discrimination pursuant to § 84.6(a) or when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to § 84.6(b), the recipient may invite applicants for admission to indicate whether and to what extent they are handicapped, *Provided*, That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential, that refusal to provide it will not subject the applicant to any adverse treatment, and that it will be used only in accordance with this part.

(d) *Validity studies.* For the purpose of paragraph (b)(2) of this section, a recipient may base prediction equations on first year grades, but shall conduct periodic validity studies against the criterion of overall success in the education program or activity in question in order to monitor the general validity of the test scores.

§ 84.43 Treatment of students; general.

(a) No qualified handicapped student shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any academic, research, occupational training, housing, health, insurance, counseling, financial aid, physical education, athletics, recreation, transportation, other extracurricular, or other postsecondary education program or activity to which this subpart applies.

(b) A recipient to which this subpart applies that considers participation by students in education programs or activities not operated wholly by the recipient as part of, or equivalent to, an education program or activity operated by the recipient shall assure itself that the other education program or activity, as a whole, provides an equal opportunity for the participation of qualified handicapped persons.

(c) A recipient to which this subpart applies may not, on the basis of handicap, exclude any qualified handicapped student from any course, course of study, or other part of its education program or activity.

(d) A recipient to which this subpart applies shall operate its programs and activities in the most integrated setting appropriate.

§ 84.44 Academic adjustments.

(a) *Academic requirements.* A recipient to which this subpart applies shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, on the basis of handicap, against a qualified handicapped applicant or student. Academic requirements that the recipient can demonstrate are essential to the program of instruction being pursued by such student or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

(b) *Other rules.* A recipient to which this subpart applies may not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient's education program or activity.

(c) *Course examinations.* In its course examinations or other procedures for evaluating students' academic achievement in its program, a recipient to which this subpart applies shall provide such methods for evaluating the achievement of students who have a handicap that impair sensory, manual, or speaking skills as will best ensure that the results of the evaluation represents the student's achievement in the course, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where such skills are the factors that the test purports to measure).

(d) *Auxiliary aids.* (1) A recipient to which this subpart applies shall take such steps as are necessary to ensure that no handicapped student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under the education program or activity operated by the recipient because of the absence of educational auxiliary aids for students with impaired sensory, manual, or speaking skills.

(2) Auxiliary aids may include taped texts, interpreters or other effective methods of making orally delivered materials available to students with hearing impairments, readers in libraries for students with visual impairments, classroom equipment adapted for use by students with manual impairments, and other similar services and actions. Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

§ 84.45 Housing.

(a) *Housing provided by the recipient.* A recipient that provides housing to its nonhandicapped students shall provide comparable, convenient, and accessible housing to handicapped students at the same cost as to others. At the end of the transition period provided for in Subpart C, such housing shall be available in sufficient quantity and variety so that the scope of handicapped students' choice of living accommodations is, as a whole, comparable to that of nonhandicapped students.

(b) *Other housing.* A recipient that assists any agency, organization, or person in making housing available to any of its students shall take such action as may be necessary to assure itself that such housing is, as a whole, made available in a manner that does not result in discrimination on the basis of handicap.

§ 84.46 Financial and employment assistance to students.

(a) *Provision of financial assistance.* (1) In providing financial assistance to qualified handicapped persons, a recipient to which this subpart applies may not (i), on the basis of handicap, provide less assistance than is provided to nonhandicapped persons, limit eligibility for assistance, or otherwise discriminate or (ii) assist any entity or person that provides assistance to any of the recipient's students in a manner that discriminates against qualified handicapped persons on the basis of handicap.

(2) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established under wills, trusts, bequests, or similar legal instruments that require awards to be made on the basis of factors that discriminate or have the effect of discriminating on the basis of handicap only if the overall effect of the award of scholarships, fellowships, and other forms of financial assistance is not discriminatory on the basis of handicap.

(b) *Assistance in making available outside employment.* A recipient that assists any agency, organization, or person in providing employment opportunities to any of its students shall assure itself that such employment opportunities, as a whole, are made available in a manner that would not violate Subpart B if they were provided by the recipient.

(c) *Employment of students by recipients.* A recipient that employs any of its students may not do so in a manner that violates Subpart B.

§ 84.47 Nonacademic services.

(a) *Physical education and athletics.* (1) In providing physical education courses and athletics and similar programs and activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors intercollegiate, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different only if separation or differentiation is consistent with the requirements of §84.43(d) and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

(b) *Counseling and placement services.* A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities. This requirement does not preclude a recipient from providing factual information about licensing and certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.

(c) *Social organizations.* A recipient that provides significant assistance to fraternities, sororities, or similar organizations shall assure itself that the membership practices of such organizations do not permit discrimination otherwise prohibited by this subpart.

§§ 84.48—84.50 [Reserved]

Subpart F—Health, Welfare, and Social Services

§ 84.51 Application of this subpart.

Subpart F applies to health, welfare, and other social service programs and activities that receive or benefit from federal financial assistance and to recipients that operate, or that receive or benefit from federal financial assistance for the operation of, such programs or activities.

73

§ 84.52 Health, welfare, and other social services.

(a) *General.* In providing health, welfare, or other social services or benefits, a recipient may not, on the basis of handicap:

(1) Deny a qualified handicapped person these benefits or services;

(2) Afford a qualified handicapped person an opportunity to receive benefits or services that is not equal to that offered nonhandicapped persons;

(3) Provide a qualified handicapped person with benefits or services that are not as effective (as defined in § 84.4(b)) as the benefits or services provided to others;

(4) Provide benefits or services in a manner that limits or has the effect of limiting the participation of qualified handicapped persons; or

(5) Provide different or separate benefits or services to handicapped persons except where necessary to provide qualified handicapped persons with benefits and services that are as effective as those provided to others.

(b) *Notice.* A recipient that provides notice concerning benefits or services or written material concerning waivers of rights or consent to treatment shall take such steps as are necessary to ensure that qualified handicapped persons, including those with impaired sensory or speaking skills, are not denied effective notice because of their handicap.

(c) *Emergency treatment for the hearing impaired.* A recipient hospital that provides health services or benefits shall establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care.

(d) *Auxiliary aids.* (1) A recipient to which this subpart applies that employs fifteen or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills, where necessary to afford such persons an equal opportunity to benefit from the service in question.

(2) The Director may require recipients with fewer than fifteen employees to provide auxiliary aids where the provision of aids would not significantly impair the ability of the recipient to provide its benefits or services.

(3) For the purpose of this paragraph, auxiliary aids may include brailled and taped material, interpreters, and other aids for persons with impaired hearing or vision.

§ 84.53 Drug and alcohol addicts.

A recipient to which this subpart applies that operates a general hospital or outpatient facility may not discriminate in admission or treatment against a drug or alcohol abuser or alcoholic who is suffering from a medical condition, because of the person's drug or alcohol abuse or alcoholism.

§ 84.54 Education of institutionalized persons.

A recipient to which this subpart applies and that operates or supervises a program or activity for persons who are institutionalized because of handicap shall ensure that each qualified handicapped person, as defined in § 84.3(k)(2), in its program or activity is provided an appropriate education, as defined in § 84.33(b). Nothing in this section shall be interpreted as altering in any way the obligations of recipients under Subpart D.

§§ 84.55–84.60 [Reserved]

Subpart G—Procedures

§ 84.61 Procedures.

NOTE: Incorporation by reference provisions approved by the Director of the Federal Register, May 27, 1975. Incorporated documents are on file at the Office of the Federal Register.

The procedural provisions applicable to title VI of the Civil Rights Act of 1964 apply to this part. These procedures are found in §§ 80.6–80.10 and Part 81 of this Title.

§§ 84.62–84.99 [Reserved]

APPENDIX A—ANALYSIS OF FINAL REGULATION

SUBPART A—GENERAL PROVISIONS

Definitions—1. *"Recipient".* Section 84.3 contains definitions used throughout the regulation. Most of the comments concerning § 84.3(f), which contains the definition of "recipient," commended the inclusion of recipients whose sole source of federal financial assistance is Medicaid. The Secretary believes that such Medicaid providers should be regarded as recipients under the statute and the regulation and should be held individually responsible for administering services in a nondiscriminatory fashion. Accordingly, § 84.3(f) has not been changed. Small Medicaid providers, however, are exempt from some of the regulation's administrative provisions (those that apply to recipients with fifteen or more employees). And such recipients will be permitted to refer patients to accessible facilities in certain limited circumstances under revised § 84.22(b). The Secretary recognizes the difficulties involved in federal enforcement of this regulation with respect to thousands of individual Medicaid providers. As in the case of title VI of the Civil Rights Act of 1964, the Office for Civil Rights will concentrate its compliance efforts on the state Medicaid agencies and will look primarily to them to ensure compliance by individual providers.

One other comment requested that the regulation specify that nonpublic elementary and secondary schools that are not otherwise recipients do not become recipients by virtue of the fact their students participate in certain federally funded programs. The Secretary believes it unnecessary to amend the regulation in this regard, because almost identical language in the Department's regulations implementing title VI and title IX of the Education Amendments of 1972 has consistently been interpreted so as not to render such schools recipients. These schools, however, are indirectly subject to the substantive requirements of this regulation through the application of § 84.4(b)(iv), which prohibits recipients from assisting agencies that discriminate on the basis of handicap in providing services to beneficiaries of the recipients' programs.

2. *"Federal financial assistance".* In § 84.3(h), defining federal financial assistance, a clarifying change has been made: procurement contracts are specifically excluded. They are covered, however, by the Department of Labor's regulation under section 503. The Department has never considered such contracts to be contracts of assistance; the explicit exemption has been added only to avoid possible confusion.

The proposed regulation's exemption of contracts of insurance or guaranty has been retained. A number of comments argued for its deletion on the ground that section 504, unlike title VI and title IX, contains no statutory exemption for such contracts. There is no indication, however, in the legislative history of the Rehabilitation Act of 1973 or of the amendments to that Act in 1974, that Congress intended section 504 to have a broader application, in terms of federal financial assistance, than other civil rights statutes. Indeed, Congress directed that section 504 be implemented in the same manner as titles VI and IX. In view of the long established exemption of contracts of insurance or guaranty under title VI, we think it unlikely that Congress intended section 504 to apply to such contracts.

In its May 1976 Notice of Intent, the Department suggested that the arrangement under which individual practitioners, hospitals, and other facilities receive reimbursement for providing services to beneficiaries under Part B of title XVIII of the Social Security Act (Medicare) constitutes a contract of insurance or guaranty and thus falls within the exemption from the regulation. This explanation oversimplified the Department's view of whether Medicare Part B constitutes Federal financial assistance. The Department's position has consistently been that, whether or not Medicare Part B arrangements involve a contract of insurance or guaranty, no Federal financial assistance flows from the Department to the doctor or other practitioner under the program, since Medicare Part B—like other social security programs—is basically a program of payments to direct beneficiaries.

3. *"Handicapped person".* Section 84.3(j), which defines the class of persons protected under the regulation, has not been substantially changed. The definition of handicapped person in paragraph (j)(1) conforms to the statutory definition of handicapped person that is applicable to section 504, as set forth in section 111(a) of the Rehabilitation Act Amendments of 1974, Pub. L. 93-516.

The first of the three parts of the statutory and regulatory definition includes any person who has a physical or mental impairment that substantially limits one or more major life activities. Paragraph (j)(2)(i) further defines physical or mental impairments. The definition does not set forth a list of specific diseases and conditions that constitute physical or mental impairments because of the difficulty of ensuring the comprehensiveness of any such list. The term includes, however, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and, as discussed below, drug addiction and alcoholism.

It should be emphasized that a physical or mental impairment does not constitute a handicap for purposes of section 504 unless its severity is such that it results in a substantial limitation of one or more major life activities. Several comments observed the lack of any definition in the proposed regulation of the phrase "substantially limits." The Department does not believe that a definition of this term is possible at this time.

A related issue raised by several comments is whether the definition of handicapped person is unreasonably broad. Comments suggested narrowing the definition in various ways. The most common recommendation was that only "traditional" handicaps be covered. The Department continues to believe, however, that it has no flexibility within the statutory definition to limit the term to persons who have those severe, permanent, or progressive conditions that are most commonly regarded as handicaps. The Department intends, however, to give particular attention in its enforcement of section 504 to eliminating discrimination against persons with the severe handicaps that were the focus of concern in the Rehabilitation Act of 1973.

The definition of handicapped person also includes specific limitations on what persons are classified as handicapped under the regulation. The first of the three parts of the definition specifies that only physical and mental handicaps are included. Thus, environmental, cultural, and economic disadvantage are not in themselves covered, nor are prison records, age, or homosexuality. Of course, if a person who has any of these characteristics also has a physical or mental handicap, the person is included within the definition of handicapped person.

In paragraph (j)(2)(i), physical or mental impairment is defined to include, among other impairments, specific learning disabilities. The Department will interpret the term as it is used in section 602 of the Education of the Handicapped Act, as amended. Paragraph (15) of section 602 uses the term "specific learning disabilities" to describe such conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia.

Paragraph (j)(2)(i) has been shortened, but not substantively changed, by the deletion of clause (C), which made explicit the inclusion of any condition which is mental or physical but whose precise nature is not at present known. Clauses (A) and (B) clearly comprehend such conditions.

The second part of the statutory and regulatory definition of handicapped person includes any person who has a record of a physical or mental impairment that substantially limits a major life activity. Under the definition of "record" in paragraph (j)(2)(iii), persons who have a history of a handicapping condition but no longer have the condition, as well as persons who have been incorrectly classified as having such a condition, are protected from discrimination under section 504. Frequently occurring examples of the first group are persons with histories of mental or emotional illness, heart disease, or cancer; of the second group, persons who have been misclassified as mentally retarded.

The third part of the statutory and regulatory definition of handicapped person includes any person who is regarded as having a physical or mental impairment that substantially limits one or more major life activities. It includes many persons who are ordinarily considered to be handicapped but who do not technically fall within the first two parts of the statutory definition, such as persons with a limp. This part of the definition also includes some persons who might not ordinarily be considered handicapped, such as persons with disfiguring scars, as well as persons who have no physical or mental impairment but are treated by a recipient as if they were handicapped.

4. *Drug addicts and alcoholics.* As was the case during the first comment period, the issue of whether to include drug addicts and alcoholics within the definition of handicapped person was of major concern to many commenters. The arguments presented on each side of the issue were similar during the two comment periods, as was the preference of commenters for exclusion of this group of persons. While some comments reflected misconceptions about the implications of including alcoholics and drug addicts within the scope of the regulation, the Secretary understands the concerns that underlie the comments on this question and recognizes that application of section 504 to active alcoholics and drug addicts presents sensitive and difficult questions that must be taken into account in interpretation and enforcement.

The Secretary has carefully examined the issue and has obtained a legal opinion from the Attorney General. That opinion concludes that drug addiction and alcoholism are "physical or mental impairments" within the meaning of section 7(6) of the Rehabilitation Act of 1973, as amended, and that drug addicts and alcoholics are therefore handicapped for purposes of section 504 if their impairment substantially limits one of their major life activities. The Secretary therefore believes that he is without authority to exclude these conditions from the definition. There is a medical and legal consensus that alcoholism and drug addiction are diseases, although there is disagreement as to whether they are primarily mental or physical. In addition, while Congress did not focus specifically on the problems of drug addiction and alcoholism in enacting section 504, the committees that considered the Rehabilitation Act of 1973 were made aware of the Department's long-standing practice of treating addicts and alcoholics as handicapped individuals eligible for rehabilitation services under the Vocational Rehabilitation Act.

The Secretary wishes to reassure recipients that inclusion of addicts and alcoholics within the scope of the regulation will not lead to the consequences feared by many commenters. It cannot be emphasized too strongly that the statute and the regulation apply only to discrimination against qualified handicapped persons solely by reason of their handicap. The fact that drug addiction and alcoholism may be handicaps does not mean that these conditions must be ignored in determining whether an individual is qualified for services or employment opportunities. On the contrary, a recipient may hold a drug addict or alcoholic to the same standard of performance and behavior to which it holds others, even if any unsatisfactory performance or behavior is related to the person's drug addiction or alcoholism. In other words, while an alcoholic or drug addict may not be denied services or disqualified from employment solely because of his or her condition, the behavioral manifestations of the condition may be taken into account in determining whether he or she is qualified.

With respect to the employment of a drug addict or alcoholic, if it can be shown that the addiction or alcoholism prevents successful performance of the job, the person need not be provided the employment opportunity in question. For example, in making employment decisions, a recipient may judge addicts and alcoholics on the same basis it judges all other applicants and employees. Thus, a recipient may consider—for all applicants including drug addicts and alcoholics—past personnel records, absenteeism, disruptive, abusive, or dangerous behavior, violations of rules and unsatisfactory work performance. Moreover, employers may enforce rules prohibiting the possession or use of alcohol or drugs in the work-place, provided that such rules are enforced against all employees.

With respect to services, there is evidence that drug addicts and alcoholics are often denied treatment at hospitals for conditions unrelated to their addiction or alcoholism. In addition, some addicts and alcoholics have been denied emergency treatment. These practices have been specifically prohibited by section 407 of the Drug Abuse Office and Treatment Act of 1972 (21 U.S.C. 1174) and section 321 of the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (42 U.S.C. 4581), as amended. These statutory provisions are also administered by the Department's Office for Civil Rights and are implemented in § 84.53 of this regulation.

With respect to other services, the implications of coverage of alcoholics and drug addicts are two-fold: first, no person may be excluded from services solely by reason of the presence or history of these conditions; second, to the extent that the manifestations of the condition prevent the person from meeting the basic eligibility requirements of the program or cause substantial interference with the operation of the program, the condition may be taken into consideration. Thus, a college may not exclude an addict or alcoholic as a student, on the basis of addiction or alcoholism, if the person can successfully participate in the education program and complies with the rules of the college and if his or her behavior does not impede the performance of other students.

Of great concern to many commenters was the question of what effect the inclusion of drug addicts and alcoholics as handicapped persons would have on school disciplinary rules prohibiting the use or possession of drugs or alcohol by students. Neither such rules nor their application to drug addicts or alcoholics is prohibited by this regulation, provided that the rules are enforced evenly with respect to all students.

5. *"Qualified handicapped person."* Paragraph (k) of § 84.3 defines the term "qualified handicapped person." Throughout the regulation, this term is used instead of the statutory term "otherwise qualified handicapped person." The Department believes that the omission of the word "otherwise" is necessary in order to comport with the intent of the statute because, read literally, "otherwise" qualified handicapped persons include persons who are qualified except for their handicap, rather than in spite of their handicap. Under such a literal reading, a blind person possessing all the qualifications for driving a bus except sight could be said to be "otherwise qualified" for the job of driving. Clearly, such a result was not intended by Congress. In all other respects, the terms "qualified" and "otherwise qualified" are intended to be interchangeable.

Section 84.3(k)(1) defines a qualified handicapped person with respect to employment as a handicapped person who can, with reasonable accommodation, perform the essential functions of the job in question. The term "essential functions" does not appear in the corresponding provision of the Department of Labor's section 503 regulation, and a few commenters objected to its inclusion on the ground that a handicapped person should be able to perform all job tasks. However, the Department believes that inclusion of the phrase is useful in emphasizing that handicapped persons should not be disqualified simply because they may have difficulty in performing tasks that bear only a marginal relationship to a particular job. Further, we are convinced that inclusion of the phrase is not inconsistent with the Department of Labor's application of its definition.

Certain commenters urged that the definition of qualified handicapped person be amended so as explicitly to place upon the employer the burden of showing that a particular mental or physical characteristic is essential. Because the same result is achieved by the requirement contained in paragraph (a) of § 84.13, which requires an employer to establish that any selection criterion that tends to screen out handicapped persons is job-related, that recommendation has not been followed.

Section 84.3(k)(2) (formerly § 84.3(k)(3)) defines qualified handicapped person, with respect to preschool, elementary, and secondary programs, in terms of age. Several

7 11

commenters recommended that eligibility for the services be based upon the standard of substantial benefit, rather than age, because of the need of many handicapped children for early or extended services if they are to have an equal opportunity to benefit from education programs. No change has been made in this provision, again because of the extreme difficulties in administration that would result from the choice of the former standard. Under the remedial action provisions of § 84.6(a)(3), however, persons beyond the age limits prescribed in § 84.3(k)(2) may in appropriate cases be required to be provided services that they were formerly denied because of a recipient's violation of section 504.

Section 84.3(k)(2) states that a handicapped person is qualified for preschool, elementary, or secondary services if the person is of an age at which nonhandicapped persons are eligible for such services or at which state law mandates the provision of educational services to handicapped persons. In addition, the extended age ranges for which recipients must provide full educational opportunity to all handicapped persons in order to be eligible for assistance under the Education of the Handicapped Act—generally, 3-18 as of September 1978, and 3-21 as of September 1980 are incorporated by reference in this paragraph.

Section 84.3(k)(3) (formerly § 84.3(k)(2)) defines qualified handicapped person with respect to postsecondary educational programs. As revised, the paragraph means that both academic and technical standards must be met by applicants to these programs. The term "technical standards" refers to all nonacademic admissions criteria that are essential to participation in the program in question.

6. *General prohibitions against discrimination.* Section 84.4 contains general prohibitions against discrimination applicable to all recipients of assistance from this Department.

Paragraph (b)(1)(i) prohibits the exclusion of qualified handicapped persons from aids, benefits, or services, and paragraph (ii) requires that equal opportunity to participate or benefit be provided. Paragraph (iii) requires that services provided to handicapped persons be as effective as those provided to the nonhandicapped. In paragraph (iv), different or separate services are prohibited except when necessary to provide equally effective benefits.

In this context, the term "equally effective," defined in paragraph (b)(2), is intended to encompass the concept of equivalent, as opposed to identical, services and to acknowledge the fact that, in order to meet the individual needs of handicapped persons to the same extent that the corresponding needs of nonhandicapped persons are met, adjustments to regular programs or the provision of different programs may sometimes be necessary. For example, a welfare office that uses the telephone for communicating with its clients must provide alternative modes of communicating with its deaf clients. This standard parallels the one established under title VI of Civil Rights Act of 1964 with respect to the provision of educational services to students whose primary language is not English. See *Lau* v. *Nichols*, 414 U.S. 563 (1974). To be equally effective, however, an aid, benefit, or service need not produce equal results; it merely must afford an equal opportunity to achieve equal results.

It must be emphasized that, although separate services must be required in some instances, the provision of unnecessarily separate or different services is discriminatory. The addition to paragraph (b)(2) of the phrase "in the most integrated setting appropriate to the person's needs" is intended to reinforce this general concept. A new paragraph (b)(3) has also been added to § 84.4, requiring recipients to give qualified handicapped persons the option of participating in regular programs despite the existence of permissibly separate or different programs. The requirement has been reiterated in §§ 84.38 and 84.47 in connection with physical education and athletics programs.

Section 84.4(b)(1)(v) prohibits a recipient from supporting another entity or person that subjects participants or employees in the recipient's program to discrimination on the basis of handicap. This section would, for example, prohibit financial support by a recipient to a community recreational group or to a professional or social organization that discriminates against handicapped persons. Among the criteria to be considered in each case are the substantiality of the relationship between the recipient and the other entity, including financial support by the recipient, and whether the other entity's activities relate so closely to the recipient's program or activity that they fairly should be considered activities of the recipient itself. Paragraph (b)(1)(vi) was added in response to comment in order to make explicit the prohibition against denying qualified handicapped persons the opportunity to serve on planning and advisory boards responsible for guiding federally assisted programs or activities.

Several comments appeared to interpret § 84.4(b)(5), which proscribes discriminatory site selection, to prohibit a recipient that is located on hilly terrain from erecting any new buildings at its present site. That, of course, is not the case. This paragraph is not intended to apply to construction of additional buildings at an existing site. Of course, any such facilities must be made accessible in accordance with the requirements of § 84.23.

7. *Assurances of compliance.* Section 84.5(a) requires a recipient to submit to the Director an assurance that each of its programs and activities receiving or benefiting from federal financial assistance from this Department will be conducted in compliance with this regulation. To facilitate the submission of assurances by thousands of Medicaid providers, the Department will follow the title VI procedures of accepting, in lieu of assurances, certification on Medicaid vouchers. Many commenters also sought relief from the paperwork requirements imposed by the Department's enforcement of its various civil rights responsibilities by requesting the Department to issue one form incorporating title VI, title IX, and section 504 assurances. The Secretary is sympathetic to this request. While it is not feasible to adopt a single civil rights assurance form at this time, the Office for Civil Rights will work toward that goal.

8. *Private rights of action.* Several comments urged that the regulation incorporate provision granting beneficiaries a private right of action against recipients under section 504. To confer such a right is beyond the authority of the executive branch of government. There is, however, case law holding that such a right exists. *Lloyd* v. *Regional Transportation Authority*, 548 F. 2d 1277 (7th Cir. 1977); *see Hairston* v. *Drosick*, Civil No. 75-0691 (S.D. W. Va., Jan. 14, 1976); *Gurmankin* v. *Castanzo*, 411 F. Supp. 982 (E.D. Pa. 1976); *cf. Lau* v. *Nichols*, *supra*.

9. *Remedial action.* Where there has been a finding of discrimination, § 84.6 requires a recipient to take remedial action to overcome the effects of the discrimination. Actions that might be required under paragraph (a)(1) include provision of services to persons previously discriminated against, reinstatement of employees, and development of a remedial action plan. Should a recipient fail to take required remedial action, the ultimate sanctions of court action or termination of federal financial assistance may be imposed.

Paragraph (a)(2) extends the responsibility for taking remedial action to a recipient that exercises control over a noncomplying recipient. Paragraph (a)(3) also makes clear that handicapped persons who are not in the program at the time that remedial action is required to be taken may also be the subject of such remedial action. This paragraph has been revised in response to comments in order to include persons who would have been in the program if discriminatory practices had not existed. Paragraphs (a) (1), (2), and (3) have also been amended in response to comments to make plain that, in appropriate cases, remedial action might be required to redress clear violations of the statute itself that occurred before the effective date of this regulation.

10. *Voluntary action.* In § 84.6(b) the term "voluntary action" has been substituted for the term "affirmative action" because the use of the latter term led to some confusion. We believe the term "voluntary action" more accurately reflects the purpose of the paragraph. This provision allows action, beyond that required by the regulation, to overcome conditions that led to limited participation by handicapped persons, whether or not the limited participation was caused by any discriminatory actions on the part of the recipient. Several commenters urged that paragraphs (a) and (b) be revised to require remedial action to overcome effects of prior discriminatory practices regardless of whether there has been an express finding of discrimination. The self-evaluation requirement in paragraph (c) accomplishes much the same purpose.

11. *Self-evaluation.* Paragraph (c) requires recipients to conduct a self-evaluation in order to determine whether their policies or practices may discriminate against handicapped persons and to take steps to modify any discriminatory policies and practices and their effects. The Department received many comments approving of the addition to paragraph (c) of a requirement that recipients seek the assistance of handicapped persons in the self-evaluation process. This paragraph has been further amended to require consultation with handicapped persons or organizations representing them before recipients undertake the policy modifications and remedial steps prescribed in paragraphs (c)(ii) and (iii).

Paragraph (c)(2), which sets forth the recordkeeping requirements concerning self-evaluation, now applies only to recipients with fifteen or more employees. This change was made as part of an effort to reduce unnecessary or counterproductive administrative obligations on small recipients. For those recipients required to keep records, the requirements have been made more specific; records must include a list of persons consulted and a description of areas examined, problems identified, and corrective steps taken. Moreover, the records must be made available for public inspection.

12. *Grievance procedure.* Section 84.7 (formerly § 84.8) requires recipients with fifteen or more employees to designate an individual responsible for coordinating its compliance efforts and to adopt a grievance procedure. Two changes were made in the section in response to comment. A general requirement that appropriate due process procedures be followed has been added. It was decided that the details of such procedures could not at this time be specified because of the varied nature of the persons and entities who must establish the procedures and of the programs to which they apply. A sentence was also added to make clear that

grievance procedures are not required to be made available to unsuccessful applicants for employment or to applicants for admission to colleges and universities.

The regulation does not require that grievance procedures be exhausted before recourse is sought from the Department. However, the Secretary believes that it is desirable and efficient in many cases for complainants to seek resolution of their complaints and disputes at the local level and therefore encourages them to use available grievance procedures.

A number of comments asked whether compliance with this section or the notice requirements of § 84.8 could be coordinated with comparable action required by the title IX regulation. The Department encourages such efforts.

13. *Notice.* Section 84.8 (formerly § 84.9) sets forth requirements for dissemination of statements of nondiscrimination policy by recipients.

It is important that both handicapped persons and the public at large be aware of the obligations of recipients under section 504. Both the Department and recipients have responsibilities in this regard. Indeed the Department intends to undertake a major public information effort to inform persons of their rights under section 504 and this regulation. In § 84.8 the Department has sought to impose a clear obligation on major recipients to notify beneficiaries and employees of the requirements of section 504, without dictating the precise way in which this notice must be given. At the same time, we have avoided imposing requirements on small recipients (those with fewer than fifteen employees) that would create unnecessary and counterproductive paperwork burdens on them and unduly stretch the enforcement resources of the Department.

Section 84.8(a), as simplified, requires recipients with fifteen or more employees to take appropriate steps to notify beneficiaries and employees of the recipient's obligations under section 504. The last sentence of § 84.8(a) has been revised to list possible, rather than required, means of notification. Section 84.8(b) requires recipients to include a notification of their policy of nondiscrimination in recruitment and other general information materials.

In response to a number of comments, § 84.8 has been revised to delete the requirements of publication in local newspapers, which has proved to be both troublesome and ineffective. Several commenters suggested that notification on separate forms be allowed until present stocks of publications and forms are depleted. The final regulation explicitly allows this method of compliance. The separate form should, however, be included with each significant publication or form that is distributed.

Former § 84.9(b)(2), which prohibited the use of materials that might give the impression that a recipient excludes qualified handicapped persons from its program, has been deleted. The Department is convinced by the comments that this provision is unnecessary and difficult to apply. The Department encourages recipients, however, to include in their recruitment and other general information materials photographs of handicapped persons and ramps and other features of accessible buildings.

Under new § 84.9 the Director may, under certain circumstances, require recipients with fewer than fifteen employees to comply with one or more of these requirements. Thus, if experience shows a need for imposing notice or other requirements on particular recipients or classes of small recipients, the Department is prepared to expand the coverage of these sections.

14. *Inconsistent State laws.* Section 84.10(a) states that compliance with the regulation is not excused by state or local laws limiting the eligibility of qualified handicapped persons to receive services or to practice an occupation. The provision thus applies only with respect to state or local laws that unjustifiably differentiate on the basis of handicap.

Paragraph (b) further points out that the presence of limited employment opportunities in a particular profession does not excuse a recipient from complying with the regulation. Thus, a law school could not deny admission to a blind applicant because blind lawyers may find it more difficult to find jobs than do nonhandicapped lawyers.

SUBPART B—EMPLOYMENT PRACTICES

Subpart B prescribes requirements for nondiscrimination in the employment practices of recipients of federal financial assistance administered by the Department. This subpart is consistent with the employment provisions of the Department's regulation implementing title IX of the Education Amendments of 1972 (45 CFR Part 86) and the regulation of the Department of Labor under section 503 of the Rehabilitation Act, which requires certain Federal contractors to take affirmative action in the employment and advancement of qualified handicapped persons. All recipients subject to title IX are also subject to this regulation. In addition, many recipients subject to this regulation receive federal procurement contracts in excess of $2500 and are therefore also subject to section 503.

15. *Discriminatory practices.* Section 84.11 sets forth general provisions with respect to discrimination in employment. A new paragraph (a)(2) has been added to clarify the employment obligations of recipients that receive federal funds under Part B of the Education of the Handicapped Act, as amended (EHA). Section 606 of the EHA obligates elementary or secondary school systems that receive EHA funds to take positive steps to employ and advance in employment qualified handicapped persons. This obligation is similar to the nondiscrimination requirement of section 504 but requires recipients to take additional steps to hire and promote handicapped persons. In enacting section 606 Congress chose the words "positive steps" instead of "affirmative action" advisedly and did not intend section 606 to incorporate the types of activities required under Executive Order 11246 (affirmative action on the basis of race, color, sex, or national origin) or under sections 501 and 503 of the Rehabilitation Act of 1973.

Paragraph (b) of § 84.11 sets forth the specific aspects of employment covered by the regulation. Paragraph (c) provides that inconsistent provisions of collective bargaining agreements do not excuse noncompliance.

16. *Reasonable accommodation.* The reasonable accommodation requirement of § 84.12 generated a substantial number of comments. The Department remains convinced that its approach is both fair and effective. Moreover, the Department of Labor reports that it has experienced little difficulty in administering the requirement of reasonable accommodation. The provision therefore remains basically unchanged from the proposed regulation.

Section 84.12 requires a recipient to make reasonable accommodation to the known physical or mental limitations of a handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program. Where a handicapped person is not qualified to perform a particular job, where reasonable accommodation does not overcome the effects of a person's handicap, or where reasonable accommodation causes undue hardship to the employer, failure to hire or promote the handicapped person will not be considered discrimination.

Section 84.12(b) lists some of the actions that constitute reasonable accommodation. The list is neither all-inclusive nor meant to suggest that employers must follow all of the actions listed.

Reasonable accommodation includes modification of work schedules, including part-time employment, and job restructuring. Job restructuring may entail shifting nonessential duties to other employees. In other cases, reasonable accommodation may include physical modifications or relocation of particular offices or jobs so that they are in facilities or parts of facilities that are accessible to and usable by handicapped persons. If such accommodations would cause undue hardship to the employer, they need not be made.

Paragraph (c) of this section sets forth the factors that the Office for Civil Rights will consider in determining whether an accommodation necessary to enable an applicant or employee to perform the duties of a job would impose an undue hardship. The weight given to each of these factors in making the determination as to whether an accommodation constitutes undue hardship will vary depending on the facts of a particular situation. Thus, a small day-care center might not be required to expend more than a nominal sum, such as that necessary to equip a telephone for use by a secretary with impaired hearing, but a large school district might be required to make available a teacher's aide to a blind applicant for a teaching job. Further, it might be considered reasonable to require a state welfare agency to accommodate a deaf employee by providing an interpreter, while it would constitute an undue hardship to impose that requirement on a provider of foster home care services.

The reasonable accommodation standard in § 84.12 is similar to the obligation imposed upon federal contractors in the regulation implementing section 503 of the Rehabilitation Act of 1973, administered by the Department of Labor. Although the wording of the reasonable accommodation provisions of the two regulations is not identical, the obligation that the two regulations impose is the same, and the federal government's policy in implementing the two sections will be uniform. The Department adopted the factors listed in paragraph (c) instead of the "business necessity" standard of the Labor regulation because that term seemed inappropriate to the nature of the programs operated by the majority of institutions subject to this regulation, e.g., public school systems, hospitals, colleges and universities, nursing homes, day-care centers, and welfare offices. The factors listed in paragraph (c) are intended to make the rationale underlying the business necessity standard applicable to and understandable by recipients of HEW funds.

17. *Tests and selection criteria.* Revised § 84.13(a) prohibits employers from using test or other selection criteria that screen out or tend to screen out handicapped persons unless the test or criterion is shown to be job-related and alternative tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Director to be available. This paragraph is an application of the principle established under title VII of the Civil Rights Act of 1964 in *Griggs* v. *Duke Power Company*, 401 U.S. 424 (1971).

Under the proposed section, a statistical showing of adverse impact on handicapped persons was required to trigger an employer's obligation to show that employment criteria and qualifications relating to handicap were necessary. This requirement was changed because the small number of handicapped persons taking tests would make statistical showings of "disproportionate, adverse effect" difficult and burdensome. Under the altered, more workable provision, once it is shown that an employment test substantially limits the opportunities of handicapped persons, the employer must show the test to be job-related. A recipient is no longer limited to using predictive validity studies as the method for demonstrating that a test or other selection criterion is in fact job-related. Nor, in all cases, are predictive validity studies sufficient to demonstrate that a test or criterion is job-related. In addition, § 84.13(a) has been revised to place the burden on the Director, rather than the recipient, to identify alternate tests.

Section 84.13(b) requires that a recipient take into account that some tests and criteria depend upon sensory, manual, or speaking skills that may not themselves be necessary to the job in question but that may make the handicapped person unable to pass the test. The recipient must select and administer tests so as best to ensure that the test will measure the handicapped person's ability to perform on the job rather than the person's ability to see, hear, speak, or perform manual tasks, except, of course, where such skills are the factors that the test purports to measure. For example, a person with a speech impediment may be perfectly qualified for jobs that do not or need not, with reasonable accommodation, require ability to speak clearly. Yet, if given an oral test, the person will be unable to perform in a satisfactory manner. The test results will not, therefore, predict job performance but instead will reflect impaired speech.

18. *Preemployment inquiries*. Section 84.14, concerning preemployment inquiries, generated a large number of comments. Commenters representing handicapped persons strongly favored a ban on preemployment inquiries on the ground that such inquiries are often used to discriminate against handicapped persons and are not necessary to serve any legitimate interests of employers. Some recipients, on the other hand, argued that preemployment inquiries are necessary to determine qualifications of the applicant, safety hazards caused by a particular handicapping condition, and accommodations that might be required.

The Secretary has concluded that a general prohibition of preemployment inquiries is appropriate. However, a sentence has been added to paragraph (a) to make clear that an employer may inquire into an applicant's ability to perform job-related tasks but may not ask if the person has a handicap. For example, an employer may not ask on an employment form if an applicant is visually impaired but may ask if the person has a current driver's license (if that is a necessary qualification for the position in question). Similarly, employers may make inquiries about an applicant's ability to perform a job safely. Thus, an employer may not ask if an applicant is an epileptic but may ask whether the person can perform a particular job without endangering other employees.

Section 84.14(b) allows preemployment inquiries only if they are made in conjunction with required remedial action to correct past discrimination, with voluntary action to overcome past conditions that have limited the participation of handicapped persons, or with obligations under section 503 of the Rehabilitation Act of 1973. In these instances, paragraph (b) specifies certain safeguards that must be followed by the employer.

Finally, the revised provision allows an employer to condition offers of employment to handicapped persons on the results of medical examinations, so long as the examinations are administered to all employees in a nondiscriminatory manner and the results are treated on a confidential basis.

19. *Specific acts of Discrimination*. Sections 84.15 (recruitment), 84.16 (compensation), 84.17 (job classification and structure) and 84.18 (fringe benefits) have been deleted from the regulation as unnecessarily duplicative of § 84.11 (discrimination prohibited). The deletion of these sections in no way changes the substantive obligations of employers subject to this regulation from those set forth in the July 16 proposed regulation. These deletions bring the regulation closer in form to the Department of Labor's section 503 regulation.

Proposed § 84.18, concerning fringe benefits, had allowed for differences in benefits or contributions between handicapped and nonhandicapped persons in situations only where such differences could be justified on an actuarial basis. Section 84.11 simply bars discrimination in providing fringe benefits and does not address the issue of actuarial differences. The Department believes that currently available data and experience do not demonstrate a basis for promulgating a regulation specifically allowing for differences in benefits or contributions.

SUBPART C—PROGRAM ACCESSIBILITY

In general, Subpart C prohibits the exclusion of qualified handicapped persons from federally assisted programs or activities because a recipient's facilities are inaccessible or unusable.

20. *Existing facilities*. Section 84.22 maintains the same standard for nondiscrimination in regard to existing facilities as was included in the proposed regulation. The section states that a recipient's program or activity, when viewed in its entirety, must be readily accessible to and usable by handicapped persons. Paragraphs (a) and (b) make clear that a recipient is not required to make each of its existing facilities accessible to handicapped persons if its program as a whole is accessible. Accessibility to the recipient's program or activity may be achieved by a number of means, including redesign of equipment, reassignment of classes or other services to accessible buildings, and making aides available to beneficiaries. In choosing among methods of compliance, recipients are required to give priority consideration to methods that will be consistent with provision of services in the most appropriate integrated setting. Structural changes in existing facilities are required only where there is no other feasible way to make the recipient's program accessible.

Under § 84.22, a university does not have to make all of its existing classroom buildings accessible to handicapped students if some of its buildings are already accessible and if it is possible to reschedule or relocate enough classes so as to offer all required courses and a reasonable selection of elective courses in accessible facilities. If sufficient relocation of classes is not possible using existing facilities, enough alterations to ensure program accessibility are required. A university may not exclude a handicapped student from a specifically requested course offering because it is not offered in an accessible location, but it need not make every section of that course accessible.

Commenters representing several institutions of higher education have suggested that it would be appropriate for one postsecondary institution in a geographical area to be made accessible to handicapped persons and for other colleges and universities in that area to participate in that school's program, thereby developing an educational consortium for the postsecondary education of handicapped students. The Department believes that such a consortium, when developed and applied only to handicapped persons, would not constitute compliance with § 84.22, but would discriminate against qualified handicapped persons by restricting their choice in selecting institutions of higher education and would, therefore, be inconsistent with the basic objectives of the statute.

Nothing in this regulation, however, should be read as prohibiting institutions from forming consortia for the benefit of all students. Thus, if three colleges decide that it would be cost-efficient for one college to offer biology, the second physics, and the third chemistry to all students at the three colleges, the arrangement would not violate section 504. On the other hand, it would violate the regulation if the same institutions set up a consortium under which one college undertook to make its biology lab accessible, another its physics lab, and a third its chemistry lab, and under which mobility-impaired handicapped students (but not other students) were required to attend the particular college that is accessible for the desired courses.

Similarly, while a public school district need not make each of its buildings completely accessible, it may not make only one facility or part of a facility accessible if the result is to segregate handicapped students in a single setting.

All recipients that provide health, welfare, or other social services may also comply with § 84.22 by delivering services at alternate accessible sites or making home visits. Thus, for example, a pharmacist might arrange to make home deliveries of drugs. Under revised § 84.22(c), small providers of health, welfare, and social services (those with fewer than fifteen employees) may refer a beneficiary to an accessible provider of the desired service, but only if no means of meeting the program accessibility requirement other than a significant alteration in existing facilities is available. The referring recipient has the responsibility of determining that the other provider is in fact accessible and willing to provide the service. The Secretary believes this "last resort" referral provision is appropriate to avoid imposition of additional costs in the health care area, to encourage providers to remain in the Medicaid program, and to avoid imposing significant costs on small, low-budget providers such as day-care centers or foster homes.

A recent change in the tax law may assist some recipients in meeting their obligations under this section. Under section 2122 of the Tax Reform Act of 1976, recipients that pay federal income tax are eligible to claim a tax deduction of up to $25,000 for architectural and transportation modifications made to improve accessibility for handicapped persons. Many physicians and dentists, among others, may be eligible for this tax deduction. See 42 FR 17870 (April 4, 1977), adopting 26 CFR 7.190.

Several commenters expressed concern about the feasibility of compliance with the program accessibility standard. The Secretary believes that the standard is flexible enough to permit recipients to devise ways to make their programs accessible short of extremely expensive or impractical physical changes in facilities. Accordingly, the section does not allow for waivers. The Department is ready at all times to provide technical assistance to recipients in meeting their program accessibility responsibilities. For this purpose, the Department is establishing a special technical assistance unit. Recipients are encouraged to call upon the unit

staff for advice and guidance both on structural modifications and on other ways of meeting the program accessibility requirement.

Paragraph (d) has been amended to require recipients to make all nonstructural adjustments necessary for meeting the program accessibility standard within sixty days. Only where structural changes in facilities are necessary will a recipient be permitted up to three years to accomplish program accessibility. It should be emphasized that the three-year time period is not a waiting period and that all changes must be accomplished as expeditiously as possible. Further, it is the Department's belief, after consultation with experts in the field, that outside ramps to buildings can be constructed quickly and at relatively low cost. Therefore, it will be expected that such structural additions will be made promptly to comply with § 84.22(d).

The regulation continues to provide, as did the proposed version, that a recipient planning to achieve program accessibility by making structural changes must develop a transition plan for such changes within six months of the effective date of the regulation. A number of commenters suggested extending that period to one year. The Secretary believes that such an extension is unnecessary and unwise. Planning for any necessary structural changes should be undertaken promptly to ensure that they can be completed within the three-year period. The elements of the transition plan as required by the regulation remain virtually unchanged from the proposal but § 84.22(d) now includes a requirement that the recipient make the plan available for public inspection.

Several commenters expressed expressed concern that the program accessibility standard would result in the segregation of handicapped persons in educational institutions. The regulation will not be applied to permit such a result. See § 84.4(c)(2)(iv), prohibiting unnecessarily separate treatment; § 84.35, requiring that students in elementary and secondary schools be educated in the most integrated setting appropriate to their needs, and new § 84.43(d), applying the same standard to postsecondary education.

We have received some comments from organizations of handicapped persons on the subject of requiring, over an extended period of time, a barrier-free environment—that is, requiring the removal of all architectural barriers in existing facilities. The Department has considered these comments but has decided to take no further action at this time concerning these suggestions, believing that such action should only be considered in light of experience in implementing the program accessibility standard.

21. *New construction.* Section 84.23 requires that all new facilities, as well as alterations that could affect access to and use of existing facilities, be designed and constructed in a manner so as to make the facility accessible to and usable by handicapped persons. Section 84.23(a) has been amended so that it applies to each newly constructed facility if the construction was commenced after the effective date of the regulation. The words "if construction has commenced" will be considered to mean "if groundbreaking has taken place." Thus, a recipient will not be required to alter the design of a facility that has progressed beyond groundbreaking prior to the effective date of the regulation.

Paragraph (b) requires certain alterations to conform to the requirement of physical accessibility in paragraph (a). If an alteration is undertaken to a portion of a building the accessibility of which could be improved by the manner in which the alteration is carried out, the alteration must be made in that manner. Thus, if a doorway or wall is being altered, the door or other wall opening must be made wide enough to accommodate wheelchairs. On the other hand, if the alteration consists of altering ceilings, the provisions of this section are not applicable because this alteration cannot be done in a way that affects the accessibility of that portion of the building. The phrase "to the maximum extent feasible" has been added to allow for the occasional case in which the nature of an existing facility is such as to make it impractical or prohibitively expensive to renovate the building in a manner that results in its being entirely barrier-free. In all such cases, however, the alteration should provide the maximum amount of physical accessibility feasible.

As proposed, § 84.23(c) required compliance with the American National Standards Institute (ANSI) standard on building accessibility as the minimum necessary for compliance with the accessibility requirement of §§ 84.23 (a) and (b). The reference to the ANSI standard created some ambiguity, since the standard itself provides for waivers where other methods are equally effective in providing accessibility to the facility. Moreover, the Secretary does not wish to discourage innovation in barrier-free construction by requiring absolute adherence to a rigid design standard. Accordingly, § 84.23(c) has been revised to permit departures from particular requirements of the ANSI standard where the recipient can demonstrate that equivalent access to the facility is provided.

Section 84.23(d) of the proposed regulation, providing for a limited deferral of action concerning facilities that are subject to section 502 as well as section 504 of the Act, has been deleted. The Secretary believes that the provision is unnecessary and inappropriate to this regulation. The Department will, however, seek to coordinate enforcement activities under this regulation with those of the Architectural and Transportation Barriers Compliance Board.

SUBPART D—PRESCHOOL, ELEMENTARY, AND SECONDARY EDUCATION

Subpart D sets forth requirements for nondiscrimination in preschool, elementary, secondary, and adult education programs and activities, including secondary vocational education programs. In this context, the term "adult education" refers only to those educational programs and activities for adults that are operated by elementary and secondary schools.

The provisions of Subpart D apply to state and local educational agencies. Although the subpart applies, in general, to both public and private education programs and activities that are federally assisted, §§ 84.32 and 84.33 apply only to public programs and § 84.39 applies only to private programs; §§ 84.35 and 84.36 apply both to public programs and to those private programs that include special services for handicapped students.

Subpart B generally conforms to the standards established for the education of handicapped persons in *Mills v. Board of Education of the District of Columbia*, 348 F. Supp. 866 (D.D.C. 1972), *Pennsylvania Association for Retarded Children v. Commonwealth of Pennsylvania*, 334 F. Supp. 1257 (E.D. 1971), 343 F. Supp. 279 (E.D.Pa. 1972), and *Lebanks v. Spears*, 60, F.R.D. 135 (E.D. La. 1973), as well as in the Education of the Handicapped Act, as amended by Public Law 94-142 (the EHA).

The basic requirements common to those cases, to the EHA, and to this regulation are (1) that handicapped persons, regardless of the nature or severity of their handicap, be provided a free appropriate public education, (2) **that handicapped students be educated with nonhandicapped students to the maximum extent appropriate to their needs**, (3) **that educational agencies undertake to identify and locate all unserved handicapped children**, (4) **that evaluation procedures be improved in order to avoid the inapproriate education that results from the misclassification of students**, and (5) that procedural safeguard be established to enable parents and guardians to influence decisions regarding the evaluation and placement of their children. These requirements are designed to ensure that no handicapped child is excluded from school on the basis of handicap and, if a recipient demonstrates that placement in a regular educational setting cannot be achieved satisfactorily, that the student is provided with adequate alternative services suited to the student's needs without additional cost to the student's parents or guardian. Thus, a recipient that operates a public school system must either educate handicapped children in its regular program or provide such children with an appropriate alternative education at public expense.

It is not the intention of the Department, except in extraordinary circumstances, to review the result of individual placement and other educational decisions, so long as the school district complies with the "process" requirements of this subpart (concerning identification and location, evaluation, and due process precedures). However, the Department will place a high priority on investigating cases which may involve exclusion of a child from the education system or a pattern or practice of discriminatory placements or education.

22. *Location and notification.* Section 84.32 requires public schools to take steps annually to identify and locate handicapped children who are not receiving an education and to publicize to handicapped children and their parents the rights and duties established by section 504 and this regulation. This section has been shortened without substantive change.

23. *Free appropriate public education.* Former §§ 84.34 ("Free education") and 84.36(a) ("Suitable education") have been consolidated and revised in new § 84.33. Under § 84.34(a), a recipient is responsible for providing a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction. The word "in" encompasses the concepts of both domicile and actual residence. If a recipient places a child in a program other than its own, it remains financially responsible for the child, whether or not the other program is operated by another recipient or educational agency. Moreover, a recipient may not place a child in a program that is inappropriate or that otherwise violates the requirements of Subpart D. And in no case may a recipient refuse to provide services to a handicapped child in its jurisdiction because of another person's or entity's failure to assume financial responsibility.

Section 84.33(b) concerns the provision of appropriate educational services to handicapped children. To be appropriate, such services must be designed to meet handicapped children's individual educational needs to the same extent that those of nonhandicapped children are met. An appropriate education could consist of education in regular classes, education in regular classes with the use of supplementary services, or special education and related services. Special education may include specially designed instruction in classrooms, at home, or in private or public institutions and may be accompanied by such related services as developmental, corrective, and other supportive services (including psychological, counseling, and medical diagnostic services). The placement of the child must however, be consistent with the requirements of § 84.34 and be suited to his or her educational needs.

The quality of the educational services provided to handicapped students must equal that of the services provided to nonhandicapped students; thus, handicapped student's teachers must be trained in the instruction of persons with the handicap in question and appropriate materials and equipment must be available. The Department is aware that the supply of adequately trained teachers may, at least at the outset of the imposition of this requirement, be insufficient to meet the demand of all recipients. This factor will be considered in determining the appropriateness of the remedy for noncompliance with this section. A new § 84.33(b)(2) has been added, which allows this requirements to be met through the full implementation of an individualized education program developed in accordance with the standards of the EHA.

Paragraph (c) of § 84.33 sets forth the specific financial obligations of a recipient. If a recipient does not itself provide handicapped persons with the requisite services, it must assume the cost of any alternate placement. If, however, a recipient offers adequate services and if alternate placement is chosen by a student's parent or guardian, the recipient need not assume the cost of the outside services. (If the parent or guardian believes that his or her child cannot be suitably educated in the recipient's program, he or she may make use of the procedures established in § 84.36.) Under this paragraph, a recipient's obligation extends beyond the provision of tuition payments in the case of placement outside the regular program. Adequate transportation must also be provided. Recipients must also pay for psychological services and those medical services necessary for diagnostic and evaluative purposes.

If the recipient places a student, because of his or her handicap, in a program that necessitates his or her being away from home, the payments must also cover room and board and nonmedical care (including custodial and supervisory care). When residential care is necessitated not by the student's handicap but by factors such as the student's home conditions, the recipient is not required to pay the cost of room and board.

Two new sentences have been added to paragraph (c)(1) to make clear that a recipient's financial obligations need not be met solely through its own funds. Recipients may rely on funds from any public or private source including insurers and similar third parties.

The EHA requires a free appropriate education to be provided to handicapped children "no later than September 1, 1978," but section 504 contains no authority for delaying enforcement. To resolve this problem, a new paragraph (d) has been added to § 84.33. Section 84.33(d) requires recipients to achieve full compliance with the free appropriate public education requirements of § 84.33 as expeditiously as possible, but in no event later than September 1, 1978. The provision also makes clear that, as of the effective date of this regulation, no recipient may exclude a qualified handicapped child from its educational program. This provision against exclusion is consistent with the order of providing services set forth in section 612(3) of the EHA, which places the highest priority on providing services to handicapped children who are not receiving an education.

24. *Educational setting.* Section 84.34 prescribes standards for educating handicapped persons with nonhandicapped persons to the maximum extent appropriate to the needs of the handicapped person in question. A handicapped student may be removed from the regular educational setting only where the recipient can show that the needs of the student would, on balance, be served by placement in another setting.

Although under § 84.34, the needs of the handicapped person are determinative as to proper placement, it should be stressed that, where a handicapped student is so disruptive in a regular classroom that the education of other students is significantly impaired, the needs of the handicapped child cannot be met in that environment. Therefore, regular placement would not be appropriate to his or her needs and would not be required by § 84.34.

Among the factors to be considered in placing a child is the need to place the child as close to home as possible. A new sentence has been added to paragraph (a) requiring recipients to take this factor into account. As pointed out in several comments, the parents' right under § 84.36 to challenge the placement of their child extends not only to placement in special classes or separate schools but also to placement in a distant school and, in particular, to residential placement. An equally appropriate educational program may exist closer to home; this issue may be raised by the parent or guardian under §§ 84.34 and 84.36.

New paragraph (b) specifies that handicapped children must also be provided nonacademic services in as integrated a setting as possible. This requirement is especially important for children whose educational needs necessitate their being solely with other handicapped children during most of each day. To the maximum extent appropriate, children in residential settings are also to be provided opportunities for participation with other children.

Section 84.34(c) (formerly § 84.38) requires that any facilities that are identifiable as being for handicapped students be comparable in quality to other facilities of the recipient. A number of comments objected to this section on the basis that it encourages the creation and maintenance of such facilities. This is not the intent of the provision. A separate facility violates section 504 unless it is indeed necessary to the provision of an appropriate education to certain handicapped students. In those instances in which such facilities are necessary (as might be the case, for example, for severely retarded persons), this provision requires that the educational services provided be comparable to those provided in the facilities of the recipient that are not identifiable as being for handicapped persons.

25. *Evaluation and placement.* Because the failure to provide handicapped persons with an appropriate education is so frequently the result of misclassification or misplacement, section 84.33(b)(1) makes compliance with its provisions contingent upon adherence to certain procedures designed to ensure appropriate classification and placement. These procedures, delineated in §§ 84.35 and 84.36, are concerned with testing and other evaluation methods and with procedural due process rights.

Section 84.35(a) requires that an individual evaluation be conducted before any action is taken with respect either to the initial placement of a handicapped child in a regular or special education program or to any subsequent significant change in that placement. Thus, a full reevaluation is not required every time an adjustment in placement is made. "Any action" includes denials of placement.

Paragraphs (b) and (c) of § 84.35 establishes procedures designed to ensure that children are not misclassified, unnecessarily labeled as being handicapped, or incorrectly placed because of inappropriate selection, administration, or interpretation of evaluation materials. This problem has been extensively documented in "Issues in the Classification of Children," a report by the Project on Classification of Exceptional Children, in which the HEW Interagency Task Force participated. The provisions of these paragraphs are aimed primarily at abuses in the placement process that result from misuse of, or undue or misplaced reliance on, standardized scholastic aptitude tests.

Paragraph (b) has been shortened but not substantively changed. The requirement in former subparagraph (1) that recipients provide and administer evaluation materials in the native language of the student has been deleted as unnecessary, since the same requirement already exists under title VI and is more appropriately covered under that statute. Subparagraphs (1) and (2) are, in general, intended to prevent misinterpretation and similar misuse of test scores and, in particular, to avoid undue reliance on general intelligence tests. Subparagraph (3) requires a recipient to administer tests to a student with impaired sensory, manual, or speaking skills in whatever manner is necessary to avoid distortion of the test results by the impairment. Former subparagraph (4) has been deleted as unnecessarily repetitive of the other provisions of this paragraph.

Paragraph (c) requires a recipient to draw upon a variety of sources in the evaluation process so that the possibility of error in classification is minimized. In particular, it requires that all significant factors relating to the learning process, including adaptive behavior, be considered. (Adaptive behavior is the effectiveness with which the individual meets the standards of personal independence and social responsibility expected of his or her age and cultural group.) Information from all sources must be documented and considered by a group of persons, and the procedure must ensure that the child is placed in the most integrated setting appropriate.

The proposed regulation would have required a complete individual reevaluation of the student each year. The Department has concluded that it is inappropriate in the section 504 regulation to require full reevaluations on such a rigid schedule. Accordingly, § 84.35(c) requires periodic reevaluations and specifies that reevaluations in accordance with the EHA will constitute compliance. The proposed regulation implementing the EHA allows reevaluation at three-year intervals except under certain specified circumstances.

Under § 84.36, a recipient must establish a system of due process procedures to be afforded to parents or guardians before the recipient takes any action regarding the identification, evaluation, or educational placement of a person who, because of handicap, needs or is believed to need special education or related services. This section has been revised. Because the due process procedures of the EHA, incorporated by reference in the proposed section 504 regulation, are inappropriate for some recipients not subject to that Act, the section now specifies minimum necessary procedures: notice, a right to inspect records, an impartial hearing with a right to representation by counsel, and a review procedure. The EHA procedures remain one means of meeting the regulation's due process requirements, however, and are recommended to recipients as a model.

26. *Nonacademic services.* Section 84.37 requires a recipient to provide nonacademic and extracurricular services and activities in such manner as is necessary to afford handicapped students an equal opportunity for participation. Because these services and activities are part of a recipient's education program, they must, in accordance with the

provisions of § 84.34, be provided in the most integrated setting appropriate.

Revised paragraph (c)(2) does permit separation or differentiation with respect to the provision of physical education and athletics activities, but only if qualified handicapped students are also allowed the opportunity to compete for regular teams or participate in regular activities. Most handicapped students are able to participate in one or more regular physical education and athletics activities. For example, a student in a wheelchair can participate in regular archery course, as can a deaf student in a wrestling course.

Finally, the one-year transition period provided in former § 84.37(a)(3) was deleted in response to the almost unanimous objection of commenters to that provision.

27. *Preschool and adult education.* Section 84.38 prohibits discrimination on the basis of handicap in preschool and adult education programs. Former paragraph (b), which emphasized that compensatory programs for disadvantaged children are subject to section 504, has been deleted as unnecessary, since it is comprehended by paragraph (a).

28. *Private education.* Section 84.39 sets forth the requirements applicable to recipients that operate private education programs and activities. The obligations of these recipients have been changed in two significant respects: first, private schools are subject to the evaluation and due process provisions of the subpart only if they operate special education programs; second, under § 84.39(b), they may charge more for providing services to handicapped students than to nonhandicapped students to the extent that additional charges can be justified by increased costs.

Paragraph (a) of § 84.39 is intended to make clear that recipients that operate private education programs and activities are not required to provide an appropriate education to handicapped students with special educational needs if the recipient does not offer programs designed to meet those needs. Thus, a private school that has no program for mentally retarded persons is neither required to admit such a person into its program nor to arrange or pay for the provision of the person's education in another program. A private recipient without a special program for blind students, however, would not be permitted to exclude, on the basis of blindness, a blind applicant who is able to participate in the regular program with minor adjustments in the manner in which the program is normally offered.

SUBPART E—POSTSECONDARY EDUCATION

Subpart E prescribes requirements for nondiscrimination in recruitment, admission, and treatment of students in postsecondary education programs and activities, including vocational education.

29. *Admission and recruitment.* In addition to a general prohibition of discrimination on the basis of handicap in § 84.42(a), the regulation delineates, in § 84.42(b), specific prohibitions concerning the establishment of limitations on admission of handicapped students, the use of tests or selection criteria, and preadmission inquiry. Several changes have been made in this provision.

Section 84.42(b) provides that postsecondary educational institutions may not use any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons unless it has been validated as a predictor of academic success and alternate tests or criteria with a less disproportionate, adverse effect are shown by the Department to be available. There are two significant changes in this approach from the July 16 proposed regulation.

First, many commenters expressed concern that § 84.42(b)(2)(ii) could be interpreted to require a "global search" for alternate tests that do not have a disproportionate, adverse impact on handicapped persons. This was not the intent of the provision and, therefore, it has been amended to place the burden on the Director of the Office for Civil Rights, rather than on the recipient, to identify alternate tests.

Second, a new paragraph (d), concerning validity studies, has been added. Under the proposed regulation, overall success in an education program, not just first-year grades, was the criterion against which admissions tests were to be validated. This approach has been changed to reflect the comment of professional testing services that use of first-year grades would be less disruptive of present practice and that periodic validity studies against overall success in the education program would be sufficient check on the reliability of first-year grades.

Section 84.42(b)(3) also requires a recipient to assure itself that admissions tests are selected and administered to applicants with impaired sensory, manual, or speaking skills in such manner as is necessary to avoid unfair distortion of test results. Methods have been developed for testing the aptitude and achievement of persons who are not able to take written tests or even to make the marks required for mechanically scored objective tests; in addition, methods for testing persons with visual or hearing impairments are available. A recipient, under this paragraph, must assure itself that such methods are used with respect to the selection and administration of any admissions tests that it uses.

Section 84.42(b)(3)(iii) has been amended to require that admissions tests be administered in facilities that, on the whole, are accessible. In this context, "on the whole" means that not all of the facilities need be accessible so long as a sufficient number of facilities are available to handicapped persons.

Revised § 84.42(b)(4) generally prohibits preadmission inquiries as to whether an applicant has a handicap. The considerations that led to this revision are similar to those underlying the comparable revision of § 84.14 on preemployment inquiries. The regulation does, however, allow inquiries to be made, after admission but before enrollment, as to handicaps that may require accommodation.

New paragraph (c) parallels the section on preemployment inquiries and allows postsecondary institutions to inquire about applicants' handicaps before admission, subject to certain safeguards, if the purpose of the inquiry is to take remedial action to correct past discrimination or to take voluntary action to overcome the limited participation of handicapped persons in postsecondary educational institutions.

Proposed § 84.42(c), which would have allowed different admissions criteria in certain cases for handicapped persons, was widely misinterpreted in comments from both handicapped persons and recipients. We have concluded that the section is unnecessary, and it has been deleted.

30. *Treatment of students.* Section 84.43 contains general provisions prohibiting the discriminatory treatment of qualified handicapped applicants. Paragraph (b) requires recipients to ensure that equal opportunities are provided to its handicapped students in education programs and activities that are not operated by the recipient. The recipient must be satisfied that the outside education program or activity as a whole is nondiscriminatory. For example, a college must ensure that discrimination on the basis of handicap does not occur in connection with teaching assignments of student teachers in elementary or secondary schools not operated by the college. Under the "as a whole" wording, the college could continue to use elementary or secondary school systems that discriminate if, and only if, the college's student teaching program, when viewed in its entirety, offered handicapped student teachers the same range and quality of choice in student teaching assignments afforded nonhandicapped students.

Paragraph (c) of this section prohibits a recipient from excluding qualified handicapped students from any course, course of study, or other part of its education program or activity. This paragraph is designed to eliminate the practice of excluding handicapped persons from specific courses and from areas of concentration because of factors such as ambulatory difficulties of the student or assumptions by the recipient that no job would be available in the area in question for a person with that handicap.

New paragraph (d) requires postsecondary institutions to operate their programs and activities so that handicapped students are provided services in the most integrated setting appropriate. Thus, if a college had several elementary physics classes and had moved one such class to the first floor of the science building to accommodate students in wheelchairs, it would be a violation of this paragraph for the college to concentrate handicapped students with no mobility impairments in the same class.

31. *Academic adjustments.* Paragraph (a) of § 84.44 requires that a recipient make certain adjustments to academic requirements and practices that discriminate or have the effect of discriminating on the basis of handicap. This requirement, like its predecessor in the proposed regulation, does not obligate an institution to waive course or other academic requirements. But such institutions must accommodate those requirements to the needs of individual handicapped students. For example, an institution might permit an otherwise qualified handicapped student who is deaf to substitute an art appreciation or music history course for a required course in music appreciation or could modify the manner in which the music appreciation course is conducted for the deaf student. It should be stressed that academic requirements that can be demonstrated by the recipient to be essential to its program of instruction or to particular degrees need not be changed.

Paragraph (b) provides that postsecondary institutions may not impose rules that have the effect of limiting the participation of handicapped students in the education program. Such rules include prohibition of tape recorders or braillers in classrooms and dog guides in campus buildings. Several recipients expressed concern about allowing students to tape record lectures because the professor may later want to copyright the lectures. This problem may be solved by requiring students to sign agreements that they will not release the tape recording or transcription or otherwise hinder the professor's ability to obtain a copyright.

Paragraph (c) of this section, concerning the administration of course examinations to students with impaired sensory, manual, or speaking skills, parallels the regulation's provisions on admissions testing (§ 84.42(b)) and will be similarly interpreted.

Under § 84.44(d), a recipient must ensure that no handicapped student is subject to discrimination in the recipient's program because of the absence of necessary auxiliary educational aids. Colleges and universities expressed concern about the costs of compliance with this provision.

The Department emphasizes that recipients can usually meet this obligation by assisting students in using existing resources for auxiliary aids such as state vocational rehabilitation agencies and private charitable organizations. Indeed, the Department anticipates that the bulk of auxiliary aids will be paid for by state and private agencies, not by colleges or universities. In those circumstances where the recipient institution must provide the educational auxiliary aid, the institution has flexibility in choosing the methods by which the aids will be supplied. For example, some universities have used students to work with the institution's handicapped students. Other institutions have used existing private agencies that tape texts for handicapped students free of charge in order to reduce the number of readers needed for visually impaired students.

As long as no handicapped person is excluded from a program because of the lack of an appropriate aid, the recipient need not have all such aids on hand at all times. Thus, readers need not be available in the recipient's library at all times so long as the schedule of times when a reader is available is established, is adhered to, and is sufficient. Of course, recipients are not required to maintain a complete braille library.

32. *Housing.* Section 84.45(a) requires postsecondary institutions to provide housing to handicapped students at the same cost as they provide it to other students and in a convenient, accessible, and comparable manner. Commenters, particularly blind persons, pointed out that some handicapped persons can live in any college housing and need not wait to the end of the transition period in Subpart C to be offered the same variety and scope of housing accommodations given to nonhandicapped persons. The Department concurs with this position and will interpret this section accordingly.

A number of colleges and universities reacted negatively to paragraph (b) of this section. It provides that, if a recipient assists in making off-campus housing available to its students, it should develop and implement procedures to assure itself that off-campus housing, as a whole, is available to handicapped students. Since postsecondary institutions are presently required to assure themselves that off-campus housing is provided in a manner that does not discriminate on the basis of sex (§ 86.32 of the title IX regulation), they may use the procedures developed under title IX in order to comply with § 84.45(b). It should be emphasized that not every off-campus living accommodation need be made accessible to handicapped persons.

33. *Health and insurance.* Section 84.46 of the proposed regulation, providing that recipients may not discriminate on the basis of handicap in the provision of health and related services, has been deleted as duplicative of the general provisions of section 84.43. This deletion represents no change in the obligation of recipients to provide nondiscriminatory health and insurance plans. The Department will continue to require that nondiscriminatory health services be provided to handicapped students. Recipients are not required, however, to provide specialized services and aids to handicapped persons in health programs. If, for example, a college infirmary treats only simple disorders such as cuts, bruises, and colds, its obligation to handicapped persons is to treat such disorders for them.

34. *Financial assistance.* Section 84.46(a) (formerly § 84.47), prohibiting discrimination in providing financial assistance, remains substantively the same. It provides that recipients may not provide less assistance to or limit the eligibility of qualified handicapped persons for such assistance, whether the assistance is provided directly by the recipient or by another entity through the recipient's sponsorship. Awards that are made under wills, trusts, or similar legal instruments in a discriminatory manner are permissible, but only if the overall effect of the recipient's provision of financial assistance is not discriminatory on the basis of handicap.

It will not be considered discriminatory to deny, on the basis of handicap, an athletic scholarship to a handicapped person if the handicap renders the person unable to qualify for the award. For example, a student who has a neurological disorder might be denied a varsity football scholarship on the basis of his inability to play football, but a deaf person could not, on the basis of handicap, be denied a scholarship for the school's diving team. The deaf person could, however, be denied a scholarship on the basis of comparative diving ability.

Commenters on § 84.46(b), which applies to assistance in obtaining outside employment for students, expressed similar concerns to those raised under § 84.43(b), concerning cooperative programs. This paragraph has been changed in the same manner as § 84.43(b) to include the "as a whole" concept and will be interpreted in the same manner as § 84.43(b).

35. *Nonacademic services.* Section 84.47 (formerly § 84.48) establishes nondiscrimination standards for physical education and athletics counseling and placement services, and social organizations. This section sets the same standards as does § 84.38 of Subpart D, discussed above, and will be interpreted in a similar fashion.

SUBPART F—HEALTH WELFARE AND SOCIAL SERVICES

Subpart F applies to recipients that operate health, welfare, and social service programs. The Department received fewer comments on this subpart than on others.

Although many commented that Subpart F lacked specificity, these commenters provided neither concrete suggestions nor additions. Nevertheless, some changes have been made, pursuant to comment, to clarify the obligations of recipients in specific areas. In addition, in an effort to reduce duplication in the regulation, the section governing recipients providing health services (proposed § 84.52) has been consolidated with the section regulating providers of welfare and social services (proposed § 84.53). Since the separate provisions that appeared in the proposed regulation were almost identical, no substantive change should be inferred from their consolidation.

Several commenters asked whether Subpart F applies to vocational rehabilitation agencies whose purpose is to assist in the rehabilitation of handicapped persons. To the extent that such agencies receive financial assistance from the Department, they are covered by Subpart F and all other relevant subparts of the regulation. Nothing in this regulation, however, precludes such agencies from servicing only handicapped persons. Indeed, § 84.4(c) permits recipients to offer services or benefits that are limited by federal law to handicapped persons or classes of handicapped persons.

Many comments suggested requiring state health, welfare, and social service agencies to take an active role in the enforcement of section 504 with regard to local health and social service providers. The Department believes that the possibility for federal-state cooperation in the administration and enforcement of section 504 warrants further consideration. Moreover, the Department will rely largely on state Medicaid agencies, as it has under title VI, for monitoring compliance by individual Medicaid providers.

A number of comments also discussed whether section 504 should be read to require payment of compensation to institutionalized handicapped patients who perform services for the institution in which they reside. The Department of Labor has recently issued a proposed regulation under the Fair Labor Standards Act (FLSA) that covers the question of compensation for institutionalized persons. 42 FR 15224 (March 18, 1977). This Department will seek information and comment from the Department of Labor concerning that agency's experience administering the FLSA regulation.

36. *Health, welfare, and other social service providers.* As already noted, § 84.53 has been combined with proposed § 84.53 into a single section covering health, welfare, and other social services. Section 84.52(a) has been expanded in several respects. The addition of new paragraph (a)(2) is intended to make clear the basic requirement of equal opportunity to receive benefits or services in the health, welfare, and social service areas. The paragraph parallels §§ 84.4(b)(ii) and 84.43(b). New paragraph (a)(3) requires the provision of effective benefits or services, as defined in § 84.4(b)(2) (i.e., benefits or services which "afford handicapped persons equal opportunity to obtain the same result (or) to gain the same benefit * * *").

Section 84.52(a) also includes provisions concerning the limitation of benefits or services to handicapped persons and the subjection of handicapped persons to different eligibility standards. (These provisions were previously included in the welfare recipient section (§ 84.53(a)).) One common misconception about the regulation is that it would require specialized hospitals and other health care providers to treat all handicapped persons. The regulation makes no such requirement. Thus, a burn treatment center need not provide other types of medical treatment to handicapped persons unless it provides such medical services to nonhandicapped persons. It could not, however, refuse to treat the burns of a deaf person because of his or her deafness.

Commenters had raised the question of whether the prohibition against different standards of eligibility might preclude recipients from providing special services to handicapped persons or classes of handicapped persons. The regulation will not be so interpreted, and the specific section in question has been eliminated. Section 84.4(c) makes clear that special programs for handicapped persons are permitted.

A new paragraph (a)(5) concerning the provision of different or separate services or benefits has been added. This provision prohibits such treatment unless necessary to provide qualified handicapped persons with benefits and services that are as effective as those provided to others.

Section 84.52(a)(2) of the proposed regulation has been omitted as duplicative of revised § 84.22 (b) and (c) in Subpart C. As discussed above, these sections permit health care providers to arrange to meet patients in accessible facilities and to make referrals in carefully limited circumstances.

Section 84.52(a)(3) of the proposed regulation has been redesignated § 84.52(b) and has been amended to cover written material concerning waivers of rights or consent to treatment as well as general notices concerning health benefits or services. The section requires the recipient to ensure that qualified handicapped persons are not denied effective notice because of their handicap. For Example, recipients could use several different types of notice in order to reach persons with impaired vision or hearing, such as brailled messages, radio spots, and tactile devices on cards or envelopes to inform blind persons of the need to call the recipient for further information.

Sections 84.52(a)(4), 84.52(a)(5), and 84.52(b) have been omitted from the regulation as unnecessary. They are clearly comprehended by the more general sections banning discrimination.

Section 84.52(c) is a new section requiring recipient hospitals to establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care. Although it would be appropriate for a hospital to fulfill its responsibilities under this section by having a full-time interpreter for the deaf on staff, there may be other means of accomplishing the desired result of assuring that some means of communication is immediately available for deaf persons needing emergency treatment.

Section 84.52(d), also a new provision, requires recipients with fifteen or more employees to provide appropriate auxiliary aids for persons with impaired sensory, manual, or speaking skills. Further, the Director may require a small provider to furnish auxiliary aids where the provision of aids would not adversely affect the ability of the recipient to provide its health benefits or services. Thus, although a small nonprofit neighborhood clinic might not be obligated to have available an interpreter for deaf persons, the Director may require provision of such aids as may be reasonably available to ensure that qualified handicapped persons are not denied appropriate benefits or services because of their handicaps.

37. *Treatment of Drug Addicts and Alcoholics.* Section 84.53 is a new section that prohibits discrimination in the treatment and admission of drug and alcohol addicts to hospitals and outpatient facilities. This section is included pursuant to section 407, Public Law 92-255, the Drug Abuse Office and Treatment Act of 1972 (21 U.S.C. 1174), as amended, and section 321, Public Law 91-616, the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970 (42 U.S.C. 4581), as amended, and section 321, Public Law 93-282. Section 504 itself also prohibits such discriminatory treatment and, in addition, prohibits similar discriminatory treatment by other types of health providers. Section 84.53 prohibits discrimination against drug abusers by operators of outpatient facilities, despite the fact that section 407 pertains only to hospitals, because of the broader application of section 504. This provision does not mean that all hospitals and outpatient facilities must treat drug addiction and alcoholism. It simply means, for example, that a cancer clinic may not refuse to treat cancer patients simply because they are also alcoholics.

38. *Education of institutionalized persons.* The regulation retains § 84.54 of the proposed regulation that requires that an appropriate education be provided to qualified handicapped persons who are confined to residential institutions or day care centers.

SUBPART G—PROCEDURES

In § 84.61, the Secretary has adopted the title VI complaint and enforcement procedures for use in implementing section 504 until such time as they are superseded by the issuance of a consolidated procedural regulation applicable to all of the civil rights statutes and executive orders administered by the Department.

APPENDIX B—ENFORCEMENT PROCEDURES

Sections 80.6–80.10 and Part 81 of Title 45 of the Code of Federal Regulations are reprinted here without change for the convenience of the reader.

under this subchapter if he is satisfied that such action is consistent with the policies and goals of the executive branch.

(Pub. L. 96-247, § 10, May 23, 1980, 94 Stat. 354.)

§ 1997i. Disclaimer respecting standards of care

Provisions of this subchapter shall not authorize promulgation of regulations defining standards of care.

(Pub. L. 96-247, § 11, May 23, 1980, 94 Stat. 354.)

§ 1997j. Disclaimer respecting private litigation

The provisions of this subchapter shall in no way expand or restrict the authority of parties other than the United States to enforce the legal rights which they may have pursuant to existing law with regard to institutionalized persons. In this regard, the fact that the Attorney General may be conducting an investigation or contemplating litigation pursuant to this subchapter shall not be grounds for delay of or prejudice to any litigation on behalf of parties other than the United States.

(Pub. L. 96-247, § 12, May 23, 1980, 94 Stat. 354.)

SUBCHAPTER II—PUBLIC ACCOMMODATIONS

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in section 2000h of this title.

[redacted] Prohibition against discrimination or segregation in places of public accommodation

(a) Equal access

All persons shall be entitled to the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of any place of public accommodation, as defined in this section, without discrimination or segregation on the ground of race, color, religion, or national origin.

(b) Establishments affecting interstate commerce or supported in their activities by State action as places of public accommodation; lodgings; facilities principally engaged in selling food for consumption on the premises; gasoline stations; places of exhibition or entertainment; other covered establishments

Each of the following establishments which serves the public is a place of public accommodation within the meaning of this subchapter if its operations affect commerce, or if discrimination or segregation by it is supported by State action:

(1) any inn, hotel, motel, or other establishment which provides lodging to transient guests, other than an establishment located within a building which contains not more than five rooms for rent or hire and which is actually occupied by the proprietor of such establishment as his residence;

(2) any restaurant, cafeteria, lunchroom, lunch counter, soda fountain, or other facility principally engaged in selling food for consumption on the premises, including, but not limited to, any such facility located on the premises of any retail establishment; or any gasoline station;

(3) any motion picture house, theater, concert hall, sports arena, stadium or other place of exhibition or entertainment; and

(4) any establishment (A)(i) which is physically located within the premises of any establishment otherwise covered by this subsection, or (ii) within the premises of which is physically located any such covered establishment, and (B) which holds itself out as serving patrons of such covered establishment.

(c) Operations affecting commerce; criteria; "commerce" defined

The operations of an establishment affect commerce within the meaning of this subchapter if (1) it is one of the establishments described in paragraph (1) of subsection (b) of this section; (2) in the case of an establishment described in paragraph (2) of subsection (b) of this section, it serves or offers to serve interstate travelers of a substantial portion of the food which it serves, or gasoline or other products which it sells, has moved in commerce; (3) in the case of an establishment described in paragraph (3) of subsection (b) of this section, it customarily presents films, performances, athletic teams, exhibitions, or other sources of entertainment which move in commerce; and (4) in the case of an establishment described in paragraph (4) of subsection (b) of this section, it is physically located within the premises of, or there is physically located within its premises, an establishment the operations of which affect commerce within the meaning of this subsection. For purposes of this section, "commerce" means travel, trade, traffic, commerce, transportation, or communication among the several States, or between the District of Columbia and any State, or between any foreign country or any territory or possession and any State or the District of Columbia, or between points in the same State but through any other State or the District of Columbia or a foreign country.

(d) Support by State action

Discrimination or segregation by an establishment is supported by State action within the meaning of this subchapter if such discrimination or segregation (1) is carried on under color of any law, statute, ordinance, or regulation; or (2) is carried on under color of any custom or usage required or enforced by officials of the State or political subdivision thereof; or (3) is required by action of the State or political subdivision thereof.

(e) Private establishments

The provisions of this subchapter shall not apply to a private club or other establishment not in fact open to the public, except to the extent that the facilities of such establishment are made available to the customers or patrons of an establishment within the scope of subsection (b) of this section.

(Pub. L. 88-352, title II, § 201, July 2, 1964, 78 Stat. 243.)

Short Title of 1972 Amendment

Pub. L. 92-261, § 1, Mar. 24, 1972, 86 Stat. 103, provided: "That this Act [enacting sections 2000e-16 and 2000e-17 of this title, amending sections 5108 and 5314 to 5316 of Title 5, Government Organization and Employees, and sections 2000e to 2000e-6, 2000e-8, 2000e-9, 2000e-13, and 2000e-14 of this title, and enacting provisions set out as a note under section 2000e-5 of this title] may be cited as the 'Equal Employment Opportunity Act of 1972'."

Short Title

Section 1 of Pub. L. 88-352 provided: "That this Act [enacting subchapters II to IX of this chapter, amending sections 2204 and 2205 of former Title 5, Executive Departments and Government Officers and Employees, section 1447(d) of Title 28, Judiciary and Judicial Procedure, and sections 1971 and 1975a to 1975d of this title, and enacting provisions set out as a note under section 2000e of this title] may be cited as the 'Civil Rights Act of 1964'."

Act Referred to in Other Sections

The Civil Rights Act of 1964 [subchapters II to IX of this chapter] is referred to in sections 1437o, 1490m, 5304, 5306, 5307, 6727, 11111 of this title; title 20 sections 1221, 1221-3; title 43 section 1626.

Section Referred to in Other Sections

This section is referred to in section 2000a-2 of this title.

§ 2000a-1. Prohibition against discrimination or segregation required by any law, statute, ordinance, regulation, rule or order of a State or State agency

All persons shall be entitled to be free, at any establishment or place, from discrimination or segregation of any kind on the ground of race, color, religion, or national origin, if such discrimination or segregation is or purports to be required by any law, statute, ordinance, regulation, rule, or order of a State or any agency or political subdivision thereof.

(Pub. L. 88-352, title II, § 202, July 2, 1964, 78 Stat. 244.)

Section Referred to in Other Sections

This section is referred to in section 2000a-2 of this title.

§ 2000a-2. Prohibition against deprivation of, interference with, and punishment for exercising rights and privileges secured by section 2000a or 2000a-1 of this title

No person shall (a) withhold, deny, or attempt to withhold or deny, or deprive or attempt to deprive any person of any right or privilege secured by section 2000a or 2000a-1 of this title, or (b) intimidate, threaten, or coerce, or attempt to intimidate, threaten, or coerce any person with the purpose of interfering with any right or privilege secured by section 2000a or 2000a-1 of this title, or (c) punish or attempt to punish any person for exercising or attempting to exercise any right or privilege secured by section 2000a or 2000a-1 of this title.

(Pub. L. 88-352, title II, § 203, July 2, 1964, 78 Stat. 244.)

Section Referred to in Other Sections

This section is referred to in section 2000a-3 of this title.

§ 2000a-3. Civil actions for injunctive relief

(a) Persons aggrieved; intervention by Attorney General; legal representation; commencement of action without payment of fees, costs, or security

Whenever any person has engaged or there are reasonable grounds to believe that any person is about to engage in any act or practice prohibited by section 2000a-2 of this title, a civil action for preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order, may be instituted by the person aggrieved and, upon timely application, the court may, in its discretion, permit the Attorney General to intervene in such civil action if he certifies that the case is of general public importance. Upon application by the complainant and in such circumstances as the court may deem just, the court may appoint an attorney for such complainant and may authorize the commencement of the civil action without the payment of fees, costs, or security.

(b) Attorney's fees; liability of United States for costs

In any action commenced pursuant to this subchapter, the court, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee as part of the costs, and the United States shall be liable for costs the same as a private person.

(c) State or local enforcement proceedings; notification of State or local authority; stay of Federal proceedings

In the case of an alleged act or practice prohibited by this subchapter which occurs in a State, or political subdivision of a State, which has a State or local law prohibiting such act or practice and establishing or authorizing a State or local authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, no civil action may be brought under subsection (a) of this section before the expiration of thirty days after written notice of such alleged act or practice has been given to the appropriate State or local authority by registered mail or in person, provided that the court may stay proceedings in such civil action pending the termination of State or local enforcement proceedings.

(d) References to Community Relations Service to obtain voluntary compliance; duration of reference; extension of period

In the case of an alleged act or practice prohibited by this subchapter which occurs in a State, or political subdivision of a State, which has no State or local law prohibiting such act or practice, a civil action may be brought under subsection (a) of this section: *Provided*, That the court may refer the matter to the Community Relations Service established by subchapter VIII of this chapter for as long as the court believes there is a reasonable possibility of obtaining voluntary compliance, but for not more than sixty days: *Provided further*, That upon expiration of such sixty-day period, the court may extend such period for an additional period, not to exceed a cumulative total of one hundred and twenty days, if it believes there then exists a reasonable possibility of securing voluntary compliance.

(Pub. L. 88-352, title II, § 204, July 2, 1964, 78 Stat. 244.)

Section Referred to in Other Sections

This section is referred to in section 2000a-4 of this title.

§ 2000a-4. Community Relations Service; investigations and hearings; executive session; release of testimony; duty to bring about voluntary settlements

The Service is authorized to make a full investigation of any complaint referred to it by the court under section 2000a-3(d) of this title and may hold such hearings with respect thereto as may be necessary. The Service shall conduct any hearings with respect to any such complaint in executive session, and shall not release any testimony given therein except by agreement of all parties involved in the complaint with the permission of the court, and the Service shall endeavor to bring about a voluntary settlement between the parties.

(Pub. L. 88-352, title II, § 205, July 2, 1964, 78 Stat. 244.)

Section Referred to in Other Sections

This section is referred to in section 2000g-3 of this title.

§ 2000a-5. Civil actions by the Attorney General

(a) Complaint

Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights secured by this subchapter, and that the pattern or practice is of such a nature and is intended to deny the full exercise of the rights herein described, the Attorney General may bring a civil action in the appropriate district court of the United States by filing with it a complaint (1) signed by him (or in his absence the Acting Attorney General), (2) setting forth facts pertaining to such pattern or practice, and (3) requesting such preventive relief, including an application for a permanent or temporary injunction, restraining order or other order against the person or persons responsible for such pattern or practice, as he deems necessary to insure the full enjoyment of the rights herein described.

(b) Three-judge district court for cases of general public importance: hearing, determination, expedition of action, review by Supreme Court; single judge district court: hearing, determination, expedition of action

In any such proceeding the Attorney General may file with the clerk of such court a request that a court of three judges be convened to hear and determine the case. Such request by the Attorney General shall be accompanied by a certificate that, in his opinion, the case is of general public importance. A copy of the certificate and request for a three-judge court shall be immediately furnished by such clerk to the chief judge of the circuit (or in his absence, the presiding circuit judge of the circuit) in which the case is pending. Upon receipt of the copy of such request it shall be the duty of the chief judge of the circuit or the presiding circuit judge, as the case may be, to designate immediately three judges in such circuit, of whom at least one shall be a circuit judge and another of whom shall be a district judge of the court in which the proceeding was instituted, to hear and determine such case, and it shall be the duty of the judges so designated to assign the case for hearing at the earliest practicable date, to participate in the hearing and determination thereof, and to cause the case to be in every way expedited. An appeal from the final judgment of such court will lie to the Supreme Court.

In the event the Attorney General fails to file such a request in any such proceeding, it shall be the duty of the chief judge of the district (or in his absence, the acting chief judge) in which the case is pending immediately to designate a judge in such district to hear and determine the case. In the event that no judge in the district is available to hear and determine the case, the chief judge of the district, or the acting chief judge, as the case may be, shall certify this fact to the chief judge of the circuit (or in his absence, the acting chief judge) who shall then designate a district or circuit judge of the circuit to hear and determine the case.

It shall be the duty of the judge designated pursuant to this section to assign the case for hearing at the earliest practicable date and to cause the case to be in every way expedited.

(Pub. L. 88-352, title II, § 206, July 2, 1964, 78 Stat. 245.)

§ 2000a-6. Jurisdiction; exhaustion of other remedies; exclusiveness of remedies; assertion of rights based on other Federal or State laws and pursuit of remedies for enforcement of such rights

(a) The district courts of the United States shall have jurisdiction of proceedings instituted pursuant to this subchapter and shall exercise the same without regard to whether the aggrieved party shall have exhausted any administrative or other remedies that may be provided by law.

(b) The remedies provided in this subchapter shall be the exclusive means of enforcing the rights based on this subchapter, but nothing in this subchapter shall preclude any individual or any State or local agency from asserting any right based on any other Federal or State law not inconsistent with this subchapter, including any statute or ordinance requiring nondiscrimination in public establishments or accommodations, or from pursuing any remedy, civil or criminal, which may be available for the vindication or enforcement of such right.

(Pub. L. 88-352, title II, § 207, July 2, 1964, 78 Stat. 245.)

TRANSFER OF FUNCTIONS

"Secretary of Education" was substituted for "Department of Health, Education, and Welfare" in subsec. (d) pursuant to sections 301 and 507 of Pub. L. 96-88, which are classified to sections 3441 and 3507 of Title 20, Education, and which transferred functions and offices (relating to education) of the Department and Secretary of Health, Education, and Welfare to the Secretary of Education.

§ 2000d-7. Civil rights remedies equalization

(a) General provision

(1) A State shall not be immune under the Eleventh Amendment of the Constitution of the United States from suit in Federal court for a violation of section 504 of the Rehabilitation Act of 1973 [29 U.S.C. 794], title IX of the Education Amendments of 1972 [20 U.S.C. 1681 et seq.], the Age Discrimination Act of 1975 [42 U.S.C. 6101 et seq.], title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.], or the provisions of any other Federal statute prohibiting discrimination by recipients of Federal financial assistance.

(2) In a suit against a State for a violation of a statute referred to in paragraph (1), remedies (including remedies both at law and in equity) are available for such a violation to the same extent as such remedies are available for such a violation in the suit against any public or private entity other than a State.

(b) Effective date

The provisions of subsection (a) of this section shall take effect with respect to violations that occur in whole or in part after October 21, 1986.

(Pub. L. 99-506, title X, § 1003, Oct. 21, 1986, 100 Stat. 1845.)

REFERENCES IN TEXT

The Education Amendments of 1972, referred to in subsec. (a)(1), is Pub. L. 92-318, June 23, 1972, 86 Stat. 235, as amended. Title IX of the Education Amendments of 1972 is classified principally to chapter 38 (§ 1681 et seq.) of Title 20, Education. For complete classification of this Act to the Code, see Short Title of 1972 Amendment note set out under section 1001 of Title 20 and Tables.

The Age Discrimination Act of 1975, referred to in subsec. (a)(1), is title III of Pub. L. 94-135, Nov. 28, 1975, 89 Stat. 728, as amended, which is classified generally to chapter 76 (§ 6101 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 6101 of this title and Tables.

The Civil Rights Act of 1964, referred to in subsec. (a)(1), is Pub. L. 88-352, July 2, 1964, 78 Stat. 241, as amended. Title VI of the Civil Rights Act of 1964 is classified generally to this subchapter (§ 2000d et seq.). For complete classification of this Act to the Code, see Short Title note set out under section 2000a of this title and Tables.

CODIFICATION

Section was enacted as part of the Rehabilitation Act Amendments of 1986, and not as part of the Civil Rights Act of 1964, title VI of which comprises this subchapter.

SUBCHAPTER VI—EQUAL EMPLOYMENT OPPORTUNITIES

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in sections 2000h, 11111 of this title; title 8 section 1324b; title 21 section 848; title 43 section 1863.

§ 2000e. Definitions

For the purposes of this subchapter—

(a) The term "person" includes one or more individuals, governments, governmental agencies, political subdivisions, labor unions, partnerships, associations, corporations, legal representatives, mutual companies, joint-stock companies, trusts, unincorporated organizations, trustees, trustees in cases under title 11, or receivers.

(b) The term "employer" means a person engaged in an industry affecting commerce who has fifteen or more employees for each working day in each of twenty or more calendar weeks in the current or preceding calendar year, and any agent of such a person, but such term does not include (1) the United States, a corporation wholly owned by the Government of the United States, an Indian tribe, or any department or agency of the District of Columbia subject by statute to procedures of the competitive service (as defined in section 2102 of title 5), or (2) a bona fide private membership club (other than a labor organization) which is exempt from taxation under section 501(c) of title 26, except that during the first year after March 24, 1972, persons having fewer than twenty-five employees (and their agents) shall not be considered employers.

(c) The term "employment agency" means any person regularly undertaking with or without compensation to procure employees for an employer or to procure for employees opportunities to work for an employer and includes an agent of such a person.

(d) The term "labor organization" means a labor organization engaged in an industry affecting commerce, and any agent of such an organization, and includes any organization of any kind, any agency, or employee representation committee, group, association, or plan so engaged in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours, or other terms or conditions of employment, and any conference, general committee, joint or system board, or joint council so engaged which is subordinate to a national or international labor organization.

(e) A labor organization shall be deemed to be engaged in an industry affecting commerce if (1) it maintains or operates a hiring hall or hiring office which procures employees for an employer or procures for employees opportunities to work for an employer, or (2) the number of its members (or, where it is a labor organization composed of other labor organizations or their representatives, if the aggregate number of the members of such other labor organization) is (A) twenty-five or more during the first year after March 24, 1972, or (B) fifteen or more thereafter, and such labor organization—

(1) is the certified representative of employees under the provisions of the National Labor Relations Act, as amended [29 U.S.C. 151 et seq.], or the Railway Labor Act, as amended [45 U.S.C. 151 et seq.];

(2) although not certified, is a national or international labor organization or a local labor organization recognized or acting as the representative of employees of an employer or employers engaged in an industry affecting commerce; or

(3) has chartered a local labor organization or subsidiary body which is representing or actively seeking to represent employees of employers within the meaning of paragraph (1) or (2); or

(4) has been chartered by a labor organization representing or actively seeking to represent employees within the meaning of paragraph (1) or (2) as the local or subordinate body through which such employees may enjoy membership or become affiliated with such labor organization; or

(5) is a conference, general committee, joint or system board, or joint council subordinate to a national or international labor organization, which includes a labor organization engaged in an industry affecting commerce within the meaning of any of the preceding paragraphs of this subsection.

(f) The term "employee" means an individual employed by an employer, except that the term "employee" shall not include any person elected to public office in any State or political subdivision of any State by the qualified voters thereof, or any person chosen by such officer to be on such officer's personal staff, or an appointee on the policy making level or an immediate adviser with respect to the exercise of the constitutional or legal powers of the office. The exemption set forth in the preceding sentence shall not include employees subject to the civil service laws of a State government, governmental agency or political subdivision.

(g) The term "commerce" means trade, traffic, commerce, transportation, transmission, or communication among the several States; or between a State and any place outside thereof; or within the District of Columbia, or a possession of the United States; or between points in the same State but through a point outside thereof.

(h) The term "industry affecting commerce" means any activity, business, or industry in commerce or in which a labor dispute would hinder or obstruct commerce or the free flow of commerce and includes any activity or industry "affecting commerce" within the meaning of the Labor-Management Reporting and Disclosure Act of 1959 [29 U.S.C. 401 et seq.], and further includes any governmental industry, business, or activity.

(i) The term "State" includes a State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa, Guam, Wake Island, the Canal Zone, and Outer Continental Shelf lands defined in the Outer Continental Shelf Lands Act [43 U.S.C. 1331 et seq.].

(j) The term "religion" includes all aspects of religious observance and practice, as well as belief, unless an employer demonstrates that he is unable to reasonably accommodate to an employee's or prospective employee's religious observance or practice without undue hardship on the conduct of the employer's business.

(k) The terms "because of sex" or "on the basis of sex" include, but are not limited to, because of or on the basis of pregnancy, childbirth, or related medical conditions; and women affected by pregnancy, childbirth, or related medical conditions shall be treated the same for all employment-related purposes, including receipt of benefits under fringe benefit programs, as other persons not so affected but similar in their ability or inability to work, and nothing in section 2000e-2(h) of this title shall be interpreted to permit otherwise. This subsection shall not require an employer to pay for health insurance benefits for abortion, except where the life of the mother would be endangered if the fetus were carried to term, or except where medical complications have arisen from an abortion: *Provided*, That nothing herein shall preclude an employer from providing abortion benefits or otherwise affect bargaining agreements in regard to abortion.

L. 95-555, § 1, Oct. 31, 1978, 92 Stat. 2076; Pub. L. 95-598, title III, § 330, Nov. 6, 1978, 92 Stat. 2679; Pub. L. 99-514, § 2, Oct. 22, 1986, 100 Stat. 2095.)

REFERENCES IN TEXT

The National Labor Relations Act, as amended, referred to in subsec. (e)(1), is act July 5, 1935, ch. 372, 49 Stat. 449, as amended, which is classified generally to subchapter II (§ 151 et seq.) of chapter 7 of Title 29, Labor. For complete classification of this Act to the Code, see section 167 of Title 29 and Tables.

The Railway Labor Act, referred to in subsec. (e)(1), is act May 20, 1926, ch. 347, 44 Stat. 577, as amended, which is classified principally to chapter 8 (§ 151 et seq.) of Title 45, Railroads. For complete classification of this Act to the Code, see section 151 of Title 45 and Tables.

The Labor-Management Reporting and Disclosure Act of 1959, referred to in subsec. (h), is Pub. L. 86-257, Sept. 14, 1959, 73 Stat. 519, as amended, which is classified principally to chapter 11 (§ 401 et seq.) of Title 29, Labor. For complete classification of this Act to the Code, see Short Title note set out under section 401 of Title 29 and Tables.

For definition of Canal Zone, referred to in subsec. (i), see section 3602(b) of Title 22, Foreign Relations and Intercourse.

The Outer Continental Shelf Lands Act, referred to in subsec. (i), is act Aug. 7, 1953, ch. 345, 67 Stat. 462, as amended, which is classified generally to subchapter III (§ 1331 et seq.) of chapter 29 of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1331 of Title 43 and Tables.

Amendments

1986—Subsec. (b). Pub. L. 99-514 substituted "Internal Revenue Code of 1986" for "Internal Revenue Code of 1954", which for purposes of codification was translated as "title 26" thus requiring no change in text.

1978—Subsec. (a). Pub. L. 95-598 substituted "trustees in cases under title 11" for "trustees in bankruptcy".

Subsec. (k). Pub. L. 95-555 added subsec. (k).

1972—Subsec. (a). Pub. L. 92-261, § 2(1), included within "person" governments, governmental agencies, and political subdivisions.

Subsec. (b). Pub. L. 92-261, § 2(2), substituted "fifteen or more employees" for "twenty-five or more employees", extended coverage to include State and local governments, excepted from coverage any department or agency of the District of Columbia subject by statute to procedures of the competitive service, as defined in section 2102 of title 5, and substituted provisions under which persons having fewer than twenty-five employees during the first year after March 24, 1972, were not to be considered employers, for provisions under which persons having fewer than a specified number of employees during the first year after the effective date of this section, and the second and third years after such date were not to be considered employers.

Subsec. (c). Pub. L. 92-261, § 2(3), struck out from term "employment agency" exemption from coverage for agencies of the United States, States or political subdivisions of States, other than the United States Employment Service and the system of State and local employment services receiving Federal assistance.

Subsec. (e). Pub. L. 92-261, § 2(4), substituted provisions which set forth the number of members for a labor organization to be deemed to be engaged in an industry affecting commerce as twenty-five or more during the first year after March 24, 1972, and fifteen or more thereafter, for provisions which set forth the number of members for a labor organization to be deemed to be engaged in an industry affecting commerce as one hundred or more during the first year after the effective date of this section, seventy-five or more during the second year after such date, fifty or more during the third year after such date, and twenty-five or more thereafter.

Subsec. (f). Pub. L. 92-261, § 2(5), inserted provisions enumerating persons excepted from term "employee".

Subsec. (h). Pub. L. 92-261, § 2(6), inserted ", and further includes any governmental industry, business, or activity" after "Labor-Management Reporting and Disclosure Act of 1959".

Subsec. (j). Pub. L. 92-261, § 2(7), added subsec. (j).

1966—Subsec. (b). Pub. L. 89-554 struck out proviso which stated that it shall be the policy of the United States to insure equal employment opportunities for Federal employees without discrimination because of race, color, religion, sex, or national origin and directed the President to utilize his existing authority to effectuate this policy.

Effective Date of 1978 Amendment

Amendment by Pub. L. 95-598 effective Oct. 1, 1979, see section 402(a) of Pub. L. 95-598, set out as Effective Date note preceding section 101 of Title 11, Bankruptcy.

Effective Date of 1978 Amendment; Exceptions to Application

Section 2 of Pub. L. 95-555 provided that:

"(a) Except as provided in subsection (b), the amendment made by this Act [amending this section] shall be effective on the date of enactment [Oct. 31, 1978].

"(b) The provisions of the amendment made by the first section of this Act [amending this section] shall not apply to any fringe benefit program or fund, or insurance program which is in effect on the date of enactment of this Act [Oct. 31, 1978] until 180 days after enactment of this Act."

Effective Date

Subsecs. (a), (b) of section 716 of Pub. L. 88-352 provided that:

"(a) This title [enacting this section and sections 2000e-1, 2000e-4, 2000e-7 to 2000e-15 of this title, and amending sections 2204 and 2205(a)(45) of former Title 5, Executive Departments and Government Officers and Employees] shall become effective one year after the date of its enactment [July 2, 1964].

"(b) Notwithstanding subsection (a), sections of this title other than sections 703, 704, 706, and 707 [sections 2000e-2, 2000e-3, 2000e-5, and 2000e-6 of this title] shall become effective immediately [July 2, 1964]."

Readjustment of Benefits

Section 3 of Pub. L. 95-555 provided that: "Until the expiration of a period of one year from the date of enactment of this Act [Oct. 31, 1978] or, if there is an applicable collective-bargaining agreement in effect on the date of enactment of this Act, until the termination of that agreement, no person who, on the date of enactment of this Act is providing either by direct payment or by making contributions to a fringe benefit fund or insurance program, benefits in violation with this Act [amending this section and enacting provisions set out above] shall, in order to come into compliance with this Act, reduce the benefits or the compensation provided any employee on the date of enactment of this Act, either directly or by failing to provide sufficient contributions to a fringe benefit fund or insurance program: *Provided*, That where the costs of such benefits on the date of enactment of this Act are apportioned between employers and employees, the payments or contributions required to comply with this Act may be made by employers and employees in the same proportion: *And provided further*, That nothing in this section shall prevent the readjustment of benefits or compensation for reasons unrelated to compliance with this Act."

Executive Order No. 11126

Ex. Ord. No. 11126, Nov. 1, 1963, 28 F.R. 11717, as amended by Ex. Ord. No. 11221, May 6, 1965, 30 F.R. 6427; Ex. Ord. No. 12007, Aug. 22, 1977, 42 F.R. 42839, which related to the Interdepartmental Committee on the Status of Women and the Citizens' Advisory Council on the Status of Women, was revoked by Ex. Ord. No. 12050, Apr. 4, 1978, 43 F.R. 14431, formerly set out as a note below.

Ex. Ord. No. 11246. Equal Opportunity in Federal Employment

Ex. Ord. No. 11246, Sept. 24, 1965, 30 F.R. 12319, as amended by Ex. Ord. No. 11375, Oct. 13, 1967, 32 F.R. 14303; Ex. Ord. No. 11478, Aug. 8, 1969, 34 F.R. 12985; Ex. Ord. No. 12086, Oct. 5, 1978, 43 F.R. 46501, provided:

Under and by virtue of the authority vested in me as President of the United States by the Constitution and statutes of the United States, it is ordered as follows:

Part I—Nondiscrimination in Government Employment

[Superseded. Ex. Ord. No. 11478, eff. Aug. 8, 1969, 34 F.R. 12985.]

Part II—Nondiscrimination in Employment by Government Contractors and Subcontractors

SUBPART A—DUTIES OF THE SECRETARY OF LABOR

Sec. 201. The Secretary of Labor shall be responsible for the administration and enforcement of Parts II and III of this Order. The Secretary shall adopt such rules and regulations and issue such orders as are deemed necessary and appropriate to achieve the purposes of Parts II and III of this Order.

SUBPART B—CONTRACTORS' AGREEMENTS

Sec. 202. Except in contracts exempted in accordance with Section 204 of this Order, all Government contracting agencies shall include in every Government contract hereafter entered into the following provisions:

"During the performance of this contract, the contractor agrees as follows:

"(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

"(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.

"(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

"(4) The contractor will comply with all provisions of Executive Order No. 11246 of Sept. 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

"(5) The contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

"(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of Sept. 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

"(7) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965 [section 204 of this Order] so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: *Provided, however*, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States."

Sec. 203. (a) Each contractor having a contract containing the provisions prescribed in Section 202 shall file, and shall cause each of his subcontractors to file, Compliance Reports with the contracting agency or the Secretary of Labor as may be directed. Compliance Reports shall be filed within such times and shall contain such information as to the practices, policies, programs, and employment policies, programs, and employment statistics of the contractor and each subcontractor, and shall be in such form, as the Secretary of Labor may prescribe.

(b) Bidders or prospective contractors or subcontractors may be required to state whether they have participated in any previous contract subject to the provisions of this Order, or any preceding similar Executive Orders, and in that event to submit, on behalf of themselves and their proposed subcontractors, Compliance Reports prior to or as an initial part of their bid or negotiation of a contract.

(c) Whenever the contractor or subcontractor has a collective bargaining agreement or other contract or understanding with a labor union or an agency referring workers or providing or supervising apprenticeship or training for such workers, the Compliance Report shall include such information as to such labor union's or agency's practices and policies affecting compliance as the Secretary of Labor may prescribe: *Provided*, That to the extent such information is within the exclusive possession of a labor union or any agency referring workers or providing or supervising apprenticeship or training and such labor union or agency shall refuse to furnish such information to the contractor, the contractor shall so certify to the Secretary of Labor as part of its Compliance Report and shall set forth what efforts he has made to obtain such information.

(d) The Secretary of Labor may direct that any bidder or prospective contractor or subcontractor shall submit, as part of his Compliance Report, a statement in writing, signed by an authorized officer or agent on behalf of any labor union or any agency referring workers or providing or supervising apprenticeship or other training, with which the bidder or prospective contractor deals, with supporting information, to the effect that the signer's practices and policies do not discriminate on the grounds of race, color, religion, sex or national origin, and that the signer either will affirmatively cooperate in the implementation of the policy and provisions of this order or that it consents and agrees that recruitment, employment, and the terms and conditions of employment under the proposed contract shall be in accordance with the purposes and provisions of the order. In the event that the union, or the agency shall refuse to execute such a statement, the Compliance Report shall so certify and set forth what efforts have been made to secure such a statement and such additional factual material as the Secretary of Labor may require.

Sec. 204. The Secretary of Labor may, when he deems that special circumstances in the national interest so require, exempt a contracting agency from the requirement of including any or all of the provisions of Section 202 of this Order in any specific contract, subcontract, or purchase order. The Secretary of Labor may, by rule or regulation, also exempt certain classes of contracts, subcontracts, or purchase orders (1) whenever work is to be or has been performed outside the United States and no recruitment of workers within the limits of the United States is involved; (2) for standard commercial supplies or raw materials; (3) involving less than specified amounts of money or specified numbers of workers; or (4) to the extent that they involve subcontracts below a specified tier. The Secretary of Labor may also provide, by rule, regulation, or order, for the exemption of facilities of a contractor which are in all respects separate and distinct

BEST COPY AVAILABLE

from activities of the contractor related to the performance of the contract: *Provided*, That such an exemption will not interfere with or impede the effectuation of the purposes of this order: *And provided further*, That in the absence of such an exemption all facilities shall be covered by the provisions of this Order.

SUBPART C—POWERS AND DUTIES OF THE SECRETARY OF LABOR AND THE CONTRACTING AGENCIES

Sec. 205. The Secretary of Labor shall be responsible for securing compliance by all Government contractors and subcontractors with this Order and any implementing rules or regulations. All contracting agencies shall comply with the terms of this Order and any implementing rules, regulations, or orders of the Secretary of Labor. Contracting agencies shall cooperate with the Secretary of Labor and shall furnish such information and assistance as the Secretary may require.

Sec. 206. (a) The Secretary of Labor may investigate the employment practices of any Government contractor or subcontractor to determine whether or not the contractual provisions specified in Section 202 of this Order have been violated. Such investigation shall be conducted in accordance with the procedures established by the Secretary of Labor.

(b) The Secretary of Labor may receive and investigate complaints by employees or prospective employees of a Government contractor or subcontractor which allege discrimination contrary to the contractual provisions specified in Section 202 of this Order.

Sec. 207. The Secretary of Labor shall use his best efforts, directly and through interested Federal, State, and local agencies, contractors, and all other available instrumentalities to cause any labor union engaged in work under Government contracts or any agency referring workers or providing or supervising apprenticeship or training for or in the course of such work to cooperate in the implementation of the purposes of this Order. The Secretary of Labor shall, in appropriate cases, notify the Equal Employment Opportunity Commission, the Department of Justice, or other appropriate Federal agencies whenever it has reason to believe that the practices of any such labor organization or agency violate Title VI or Title VII of the Civil Rights Act of 1964 [sections 2000d to 2000d-4 of this title and this subchapter] or other provision of Federal law.

Sec. 208. (a) The Secretary of Labor, or any agency, officer, or employee in the executive branch of the Government designated by rule, regulation, or order of the Secretary, may hold such hearings, public or private, as the Secretary may deem advisable for compliance, enforcement, or educational purposes.

(b) The Secretary of Labor may hold, or cause to be held, hearings in accordance with Subsection (a) of this Section prior to imposing, ordering, or recommending the imposition of penalties and sanctions under this Order. No order for debarment of any contractor from further Government contracts under Section 209(a)(6) shall be made without affording the contractor an opportunity for a hearing.

SUBPART D—SANCTIONS AND PENALTIES

Sec. 209. (a) In accordance with such rules, regulations, or orders as the Secretary of Labor may issue or adopt, the Secretary may:

(1) Publish, or cause to be published, the names of contractors or unions which it has concluded have complied or have failed to comply with the provisions of this Order or of the rules, regulations, and orders of the Secretary of Labor.

(2) Recommend to the Department of Justice that, in cases in which there is substantial or material violation or the threat of substantial or material violation of the contractual provisions set forth in Section 202 of this Order, appropriate proceedings be brought to enforce those provisions, including the enjoining, within the limitations of applicable law, of organizations, individuals, or groups who prevent directly or indirectly, or seek to prevent directly or indirectly, compliance with the provisions of this Order.

(3) Recommend to the Equal Employment Opportunity Commission or the Department of Justice that appropriate proceedings be instituted under Title VII of the Civil Rights Act of 1964 [this subchapter].

(4) Recommend to the Department of Justice that criminal proceedings be brought for the furnishing of false information to any contracting agency or to the Secretary of Labor as the case may be.

(5) After consulting with the contracting agency, direct the contracting agency to cancel, terminate, suspend, or cause to be cancelled, terminated, or suspended, any contract, or any portion or portions thereof, for failure of the contractor or subcontractor to comply with equal employment opportunity provisions of the contract. Contracts may be cancelled, terminated, or suspended absolutely or continuance of contracts may be conditioned upon a program for future compliance approved by the Secretary of Labor.

(6) Provide that any contracting agency shall refrain from entering into further contracts, or extensions or other modifications of existing contracts, with any noncomplying contractor, until such contractor has satisfied the Secretary of Labor that such contractor has established and will carry out personnel and employment policies in compliance with the provisions of this Order.

(b) Pursuant to rules and regulations prescribed by the Secretary of Labor, the Secretary shall make reasonable efforts, within a reasonable time limitation, to secure compliance with the contract provisions of this Order by methods of conference, conciliation, mediation, and persuasion before proceedings shall be instituted under subsection (a)(2) of this Section, or before a contract shall be cancelled or terminated in whole or in part under subsection (a)(5) of this Section.

Sec. 210. Whenever the Secretary of Labor makes a determination under Section 209, the Secretary shall promptly notify the appropriate agency. The agency shall take the action directed by the Secretary and shall report the results of the action it has taken to the Secretary of Labor within such time as the Secretary shall specify. If the contracting agency fails to take the action directed within thirty days, the Secretary may take the action directly.

Sec. 211. If the Secretary of Labor shall so direct, contracting agencies shall not enter into contracts with any bidder or prospective contractor unless the bidder or prospective contractor has satisfactorily complied with the provisions of this Order or submits a program for compliance acceptable to the Secretary of Labor.

Sec. 212. When a contract has been cancelled or terminated under Section 209(a)(5) or a contractor has been debarred from further Government contracts under Section 209(a)(6) of this Order, because of noncompliance with the contract provisions specified in Section 202 of this Order, the Secretary of Labor shall promptly notify the Comptroller General of the United States.

SUBPART E—CERTIFICATES OF MERIT

Sec. 213. The Secretary of Labor may provide for issuance of a United States Government Certificate of Merit to employers or labor unions, or other agencies which are or may hereafter be engaged in work under Government contracts, if the Secretary is satisfied that the personnel and employment practices of the employer, or that the personnel, training, apprenticeship, membership, grievance and representation, upgrading, and other practices, and policies of the labor union or other agency conform to the purposes and provisions of this Order.

Sec. 214. Any Certificate of Merit may at any time be suspended or revoked by the Secretary of Labor if the holder thereof, in the judgment of the Secretary, has failed to comply with the provisions of this Order.

Sec. 215. The Secretary of Labor may provide for the exemption of any employer, labor union, or other agency from any reporting requirements imposed under or pursuant to this Order if such employer, labor union, or other agency has been awarded a Certificate of Merit which has not been suspended or revoked.

Part III—Nondiscrimination Provisions in Federally Assisted Construction Contracts

Sec. 301. Each executive department and agency which administers a program involving Federal financial assistance shall require as a condition for the approval of any grant, contract, loan, insurance, or guarantee thereunder, which may involve a construction contract, that the applicant for Federal assistance undertake and agree to incorporate, or cause to be incorporated, into all construction contracts paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to such grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance or guarantee, the provisions prescribed for Government contracts by Section 202 of this Order or such modification thereof, preserving in substance the contractor's obligations thereunder, as may be approved by the Secretary of Labor, together with such additional provisions as the Secretary deems appropriate to establish and protect the interest of the United States in the enforcement of those obligations. Each such applicant shall also undertake and agree (1) to assist and cooperate actively with the Secretary of Labor in obtaining the compliance of contractors and subcontractors with those contract provisions and with the rules, regulations and relevant orders of the Secretary, (2) to obtain and to furnish to the Secretary of Labor such information as the Secretary may require for the supervision of such compliance, (3) to carry out sanctions and penalties for violation of such obligations imposed upon contractors and subcontractors by the Secretary of Labor pursuant to Part II, Subpart D, of this Order, and (4) to refrain from entering into any contract subject to this Order, or extension or other modification of such a contract with a contractor debarred from Government contracts under Part II, Subpart D, of this Order.

Sec. 302. (a) "Construction contract," as used in this Order means any contract for the construction, rehabilitation, alteration, conversion, extension, or repair of buildings, highways, or other improvements to real property.

(b) The provisions of Part II of this Order shall apply to such construction contracts, and for purposes of such application the administering department or agency shall be considered the contracting agency referred to therein.

(c) The term "applicant" as used in this Order means an applicant for Federal assistance or, as determined by agency regulation, other program participant, with respect to whom an application for any grant, contract, loan, insurance, or guarantee is not finally acted upon prior to the effective date of this Part, and it includes such an applicant after he becomes a recipient of such Federal assistance.

Sec. 303(a) The Secretary of Labor shall be responsible for obtaining the compliance of such applicants with their undertakings under this Order. Each administering department and agency is directed to cooperate with the Secretary of Labor and to furnish the Secretary such information and assistance as the Secretary may require in the performance of the Secretary's functions under this Order.

(b) In the event an applicant fails and refuses to comply with the applicant's undertakings pursuant to this Order, the Secretary of Labor may, after consulting with the administering department or agency, take any or all of the following actions: (1) direct any administering department or agency to cancel, terminate, or suspend in whole or in part the agreement, contract or other arrangement with such applicant with respect to which the failure or refusal occurred; (2) direct any administering department or agency to refrain from extending any further assistance to the applicant under the program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received by the Secretary of Labor from such applicant; and (3) refer the case to the Department of Justice or the Equal Employment Opportunity Commission for appropriate law enforcement or other proceedings.

(c) In no case shall action be taken with respect to an applicant pursuant to clause (1) or (2) of subsection (b) without notice and opportunity for hearing.

Sec. 304. Any executive department or agency which imposes by rule, regulation, or order requirements of nondiscrimination in employment, other than requirements imposed pursuant to this Order, may delegate to the Secretary of Labor by agreement such responsibilities with respect to compliance standards, reports, and procedures as would tend to bring the administration of such requirements into conformity with the administration of requirements imposed under this Order: *Provided*, That actions to effect compliance by recipients of Federal financial assistance with requirements imposed pursuant to Title VI of the Civil Rights Act of 1964 [sections 2000d to 2000d-4 of this title] shall be taken in conformity with the procedures and limitations prescribed in Section 602 thereof [section 2000d-1 of this title] and the regulations of the administering department or agency issued thereunder.

Part IV—Miscellaneous

Sec. 401. The Secretary of Labor may delegate to any officer, agency, or employee in the Executive branch of the Government, any function or duty of the Secretary under Parts II and III of this Order.

Sec. 402. The Secretary of Labor shall provide administrative support for the execution of the program known as the "Plans for Progress."

Sec. 403. (a) Executive Orders Nos. 10590 (January 19, 1955), 10722 (August 5, 1957), 10925 (March 6, 1961), 11114 (June 22, 1963), and 11162 (July 28, 1964), are hereby superseded and the President's Committee on Equal Employment Opportunity established by Executive Order No. 10925 is hereby abolished. All records and property in the custody of the Committee shall be transferred to the Civil Service Commission and the Secretary of Labor, as appropriate.

(b) Nothing in this Order shall be deemed to relieve any person of any obligation assumed or imposed under or pursuant to any Executive Order superseded by this Order. All rules, regulations, orders, instructions, designations, and other directives issued by the President's Committee on Equal Employment Opportunity and those issued by the heads of various departments or agencies under or pursuant to any of the Executive orders superseded by this Order, shall, to the extent that they are not inconsistent with this Order, remain in full force and effect unless and until revoked or superseded by appropriate authority. References in such directives to provisions of the superseded orders shall be deemed to be references to the comparable provisions of this Order.

Sec. 404. The General Services Administration shall take appropriate action to revise the standard Government contract forms to accord with the provisions of this Order and of the rules and regulations of the Secretary of Labor.

Sec. 405. This Order shall become effective thirty days after the date of this Order.

EX. ORD. NO. 11478. EQUAL EMPLOYMENT OPPORTUNITY IN FEDERAL GOVERNMENT

Ex. Ord. No. 11478, Aug. 8, 1969, 34 F.R. 12985, as amended by Ex. Ord. No. 11590, Apr. 23, 1971, 36 F.R. 7831; Ex. Ord. No. 12106, Dec. 26, 1978, 44 F.R. 1053, provided:

NOW THEREFORE, under and by virtue of the authority vested in me as President of the United States by the Constitution and statutes of the United States, it is ordered as follows:

SECTION 1. It is the policy of the Government of the United States to provide equal opportunity in Federal employment for all persons, to prohibit discrimination in employment because of race, color, religion, sex, national origin, handicap, or age, and to promote the full realization of equal employment opportunity through a continuing affirmative program in each executive department and agency. This policy of equal opportunity applies to and must be an integral part of every aspect of personnel policy and practice in the employment, development, advancement, and treatment of civilian employees of the Federal Government.

SEC. 2. The head of each executive department and agency shall establish and maintain an affirmative program of equal employment opportunity for all civilian employees and applicants for employment within his jurisdiction in accordance with the policy set forth in section 1. It is the responsibility of each department and agency head, to the maximum extent possible, to provide sufficient resources to administer such a program in a positive and effective manner; assure that recruitment activities reach all sources of job candidates; utilize to the fullest extent the present skills of each employee; provide the maximum feasible opportunity to employees to enhance their skills so they may perform at their highest potential and advance in accordance with their abilities; provide training and advice to managers and supervisors to assure their understanding and implementation of the policy expressed in this Order; assure participation at the local level with other employers, schools, and public or private groups in cooperative efforts to improve community conditions which affect employability; and provide for a system within the department or agency for periodically evaluating the effectiveness with which the policy of this Order is being carried out.

SEC. 3. The Equal Employment Opportunity Commission shall be responsible for directing and furthering the implementation of the policy of the Government of the United States to provide equal opportunity in Federal employment for all employees or applicants for employment (except with regard to aliens employed outside the limits of the United States) and to prohibit discrimination in employment because of race, color, religion, sex, national origin, handicap, or age.

SEC. 4. The Equal Employment Opportunity Commission, after consultation with all affected departments and agencies, shall issue such rules, regulations, orders, and instructions and request such information from the affected departments and agencies as it deems necessary and appropriate to carry out this Order.

SEC. 5. All departments and agencies shall cooperate with and assist the Equal Employment Opportunity Commission in the performance of its functions under this Order and shall furnish the Commission such reports and information as it may request. The head of each department or agency shall comply with rules, regulations, orders and instructions issued by the Equal Employment Opportunity Commission pursuant to Section 4 of this Order.

SEC. 6. This Order applies (a) to military departments as defined in section 102 of title 5, United States Code, and executive agencies (other than the General Accounting Office) as defined in section 105 of title 5, United States Code, and to the employees thereof (including employees paid from nonappropriated funds), and (b) to those portions of the legislative and judicial branches of the Federal Government and of the Government of the District of Columbia having positions in the competitive service and to the employees in those positions. This Order does not apply to aliens employed outside the limits of the United States.

SEC. 7. Part I of Executive Order No. 11246 of September 24, 1965, and those parts of Executive Order No. 11375 of October 13, 1967, which apply to Federal employment, are hereby superseded.

SEC. 8. This Order shall be applicable to the United States Postal Service and to the Postal Rate Commission established by the Postal Reorganization Act of 1970 [Title 39, Postal Service].

EXECUTIVE ORDER NO. 12050

Ex. Ord. No. 12050, Apr. 4, 1978, 43 F.R. 14431, as amended by Ex. Ord. No. 12057, May 8, 1978, 43 F.R. 19811; Ex. Ord. No. 12135, May 9, 1979, 44 F.R. 27639; Ex. Ord. No. 12336, Dec. 21, 1981, 46 F.R. 62239, which established a National Advisory Committee for Women, was omitted in view of the revocation of sections 1 to 5 and 7 and 8 by Ex. Ord. No. 12135, May 9, 1979, 44 F.R. 27639 and the revocation of section 6 by Ex. Ord. No. 12336, Dec. 21, 1981, 46 F.R. 62239.

EX. ORD. NO. 12067. COORDINATION OF FEDERAL EQUAL EMPLOYMENT OPPORTUNITY PROGRAMS

Ex. Ord. No. 12067, June 30, 1978, 43 F.R. 28967, as amended by Ex. Ord. No. 12107, Dec. 28, 1978, 44 F.R. 1055, provided:

By virtue of the authority vested in me as President of the United States by the Constitution and statutes of the United States, including Section 9 of Reorganization Plan Number 1 of 1978 (43 FR 19807) [set out under section 2000e-4 of this title and in the Appendix to Title 5, Government Organizations and Employees], it is ordered as follows:

1-1. IMPLEMENTATION OF REORGANIZATION PLAN

1-101. The transfer to the Equal Employment Opportunity Commission of all the functions of the Equal Employment Opportunity Coordinating Council, and the termination of that Council, as provided by Section 6 of Reorganization Plan Number 1 of 1978 (43 FR 19807) [set out under section 2000e-4 of this title and in the Appendix to Title 5, Government Organization and Employees] shall be effective on July 1, 1978.

1-2. RESPONSIBILITIES OF EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

1-201. The Equal Employment Opportunity Commission shall provide leadership and coordination to the efforts of Federal departments and agencies to enforce all Federal statutes, Executive orders, regulations, and policies which require equal employment opportunity without regard to race, color, religion, sex, national origin, age or handicap. It shall strive to maximize effort, promote efficiency, and eliminate conflict, competition, duplication and inconsistency among the operations, functions and jurisdictions of the Federal departments and agencies having responsibility for enforcing such statutes, Executive orders, regulations and policies.

1-202. In carrying out its functions under this order the Equal Employment Opportunity Commission shall consult with and utilize the special expertise of Federal departments and agencies with equal employment opportunity responsibilities. The Equal Employment Opportunity Commission shall cooperate with such departments and agencies in the discharge of their equal employment responsibilities.

1-203. All Federal departments and agencies shall cooperate with and assist the Equal Employment Opportunity Commission in the performance of its functions under this order and shall furnish the Commission such reports and information as it may request.

1-3. SPECIFIC RESPONSIBILITIES

1-301. To implement its responsibilities under Section 1-2, the Equal Employment Opportunity Commission shall, where feasible:

(a) develop uniform standards, guidelines, and policies defining the nature of employment discrimination on the ground of race, color, religion, sex, national origin, age or handicap under all Federal statutes, Executive orders, regulations, and policies which require equal employment opportunity;

(b) develop uniform standards and procedures for investigations and compliance reviews to be conducted by Federal departments and agencies under any Federal statute, Executive order, regulation or policy requiring equal employment opportunity;

(c) develop procedures with the affected agencies, including the use of memoranda of understanding, to minimize duplicative investigations or compliance reviews of particular employers or classes of employers or others covered by Federal statutes, Executive orders, regulations or policies requiring equal employment opportunity;

(d) ensure that Federal departments and agencies develop their own standards and procedures for undertaking enforcement actions when compliance with equal employment opportunity requirements of any Federal statute, Executive order, regulation or policy cannot be secured by voluntary means;

(e) develop uniform record-keeping and reporting requirements concerning employment practices to be utilized by all Federal departments and agencies having equal employment enforcement responsibilities;

(f) provide for the sharing of compliance records, findings, and supporting documentation among Federal departments and agencies responsible for ensuring equal employment opportunity;

(g) develop uniform training programs for the staff of Federal departments and agencies with equal employment opportunity responsibilities;

(h) assist all Federal departments and agencies with equal employment opportunity responsibilities in developing programs to provide appropriate publications and other information for those covered and those protected by Federal equal employment opportunity statutes, Executive orders, regulations, and policies; and

(i) initiate cooperative programs, including the development of memoranda of understanding between agencies, designed to improve the coordination of equal employment opportunity compliance and enforcement.

1-302. The Equal Employment Opportunity Commission shall assist the Office of Personnel Management, or its successor, in establishing uniform job-related qualifications and requirements for job classifications and descriptions for Federal employees involved in enforcing all Federal equal employment opportunity provisions.

1-303. The Equal Employment Opportunity Commission shall issue such rules, regulations, policies, procedures or orders as it deems necessary to carry out its responsibilities under this order. It shall advise and offer to consult with the affected Federal departments and agencies during the development of any proposed rules, regulations, policies, procedures or orders and shall formally submit such proposed issuances to affected departments and agencies at least 15 working days prior to public announcement. The Equal Employment Opportunity Commission shall use its best efforts to reach agreement with the agencies on matters in dispute. Departments and agencies shall comply with all final rules, regulations, policies, procedures or orders of the Equal Employment Opportunity Commission.

1-304. All Federal departments and agencies shall advise and offer to consult with the Equal Employment Opportunity Commission during the development of any proposed rules, regulations, policies, procedures or orders concerning equal employment opportunity. Departments and agencies shall formally submit such proposed issuances to the Equal Employment Opportunity Commission and other interested Federal departments and agencies at least 15 working days prior to public announcement. The Equal Employment Opportunity Commission shall review such proposed rules, regulations, policies, procedures or orders to ensure consistency among the operations of the various Federal departments and agencies. Issuances related to internal management and administration are exempt from this clearance process. Case handling procedures unique to a single program also are exempt, although the Equal Employment Opportunity Commission may review such procedures in order to assure maximum consistency within the Federal equal employment opportunity program.

1-305. Before promulgating significant rules, regulations, policies, procedures or orders involving equal employment opportunity, the Commission and affected departments and agencies shall afford the public an opportunity to comment.

1-306. The Equal Employment Opportunity Commission may make recommendations concerning staff size and resource needs of the Federal departments and agencies having equal employment opportunity responsibilities to the Office of Management and Budget.

1-307. (a) It is the intent of this order that disputes between or among agencies concerning matters covered by this order shall be resolved through good faith efforts of the affected agencies to reach mutual agreement. Use of the dispute resolution mechanism contained in Subsections (b) and (c) of this Section should be resorted to only in extraordinary circumstances.

(b) Whenever a dispute which cannot be resolved through good faith efforts arises between the Equal Employment Opportunity Commission and another Federal department or agency concerning the issuance of an equal employment opportunity rule, regulation, policy, procedure, order or any matter covered by this Order, the Chairman of the Equal Employment Opportunity Commission or the head of the affected department or agency may refer the matter to the Executive Office of the President. Such reference must be in writing and may not be made later than 15 working days following receipt of the initiating agency's notice of intent publicly to announce an equal employment opportunity rule, regulation, policy, procedure or order. If no reference is made within the 15 day period, the decision of the agency which initiated the proposed issuance will become effective.

(c) Following reference of a disputed matter to the Executive Office of the President, the Assistant to the President for Domestic Affairs and Policy (or such other official as the President may designate) shall designate an official within the Executive Office of the President to meet with the affected agencies to resolve the dispute within a reasonable time.

1-4. ANNUAL REPORT

1-401. The Equal Employment Opportunity Commission shall include in the annual report transmitted to the President and the Congress pursuant to Section 715 of Title VII of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000e-14), a statement of the progress that has been made in achieving the purpose of this order. The Equal Employment Opportunity Commission shall provide Federal departments and agencies an opportunity to comment on the report prior to formal submission.

1-5. GENERAL PROVISIONS

1-501. Nothing in this order shall relieve or lessen the responsibilities or obligations imposed upon any person or entity by Federal equal employment law, Executive order, regulation or policy.

1-502. Nothing in this order shall limit the Attorney General's role as legal adviser to the Executive Branch.

JIMMY CARTER.

EX. ORD. NO. 12086. CONSOLIDATION OF CONTRACT COMPLIANCE FUNCTIONS FOR EQUAL EMPLOYMENT OPPORTUNITY

Ex. Ord. No. 12086, Oct. 5, 1978, 43 F.R. 46501, as amended by Ex. Ord. No. 12608, Sept. 9, 1987, 52 F.R. 34617, provided:

By the authority vested in me as President by the Constitution and statutes of the United States of America, including Section 202 of the Budget and Accounting Procedures Act of 1950 (31 U.S.C. 581c) [31 U.S.C. 1531], in order to provide for the transfer to the Department of Labor of certain contract compliance functions relating to equal employment opportunity, it is hereby ordered as follows:

1-1. TRANSFER OF FUNCTIONS

1-101. The functions concerned with being primarily responsible for the enforcement of the equal employment opportunity provisions under Parts II and III of Executive Order No. 11246, as amended [set out as a note above], are transferred or reassigned to the Secretary of Labor from the following agencies:

(a) Department of the Treasury.
(b) Department of Defense.
(c) Department of the Interior.
(d) Department of Commerce.
(e) Department of Health and Human Services.
(f) Department of Housing and Urban Development.
(g) Department of Transportation.
(h) Department of Energy.
(i) Environmental Protection Agency.
(j) General Services Administration.
(k) Small Business Administration.

1-102. The records, property, personnel and positions, and unexpended balances of appropriations or funds related to the functions transferred or reassigned by this Order, that are available and necessary to finance or discharge those functions, are transferred to the Secretary of Labor.

1-103. The Director of the Office of Management and Budget shall make such determinations, issue such orders, and take all actions necessary or appropriate to effectuate the transfers or reassignments provided by this Order, including the transfer of funds, records, property, and personnel.

1-2. CONFORMING AMENDMENTS TO EXECUTIVE ORDER No. 11246

1-201(a). In order to reflect the transfer of enforcement responsibility to the Secretary of Labor, Section 201 of Executive Order No. 11246, as amended, is amended to read:

"SEC. 201. The Secretary of Labor shall be responsible for the administration and enforcement of Parts II and III of this Order. The Secretary shall adopt such rules and regulations and issue such orders as are deemed necessary and appropriate to achieve the purposes of Parts II and III of this Order.".

(b) Paragraph (7) of the contract clauses specified in Section 202 of Executive Order No. 11246, as amended, is amended to read:

"(7) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: *Provided, however*, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.".

1-202. In subsection (c) of Section 203 of Executive Order No. 11246, as amended, delete "contracting agency" in the proviso and substitute "Secretary of Labor" therefor.

1-203. In both the beginning and end of subsection (d) of Section 203 of Executive Order No. 11246, as amended, delete "contracting agency or the" in the phrase "contracting agency or the Secretary".

1-204. Section 205 of Executive Order No. 11246, as amended, is amended by deleting the last two sentences, which dealt with agency designation of compliance officers, and revising the rest of that Section to read:

"SEC. 205. The Secretary of Labor shall be responsible for securing compliance by all Government contractors and subcontractors with this Order and any implementing rules or regulations. All contracting agencies shall comply with the terms of this Order and any implementing rules, regulations, or orders of the Secretary of Labor. Contracting agencies shall cooperate with the Secretary of Labor and shall furnish such information and assistance as the Secretary may require.".

1-205. In order to delete references to the contracting agencies conducting investigations, Section 206 of Executive Order No. 11246, as amended, is amended to read:

"SEC. 206. (a) The Secretary of Labor may investigate the employment practices of any Government contractor or subcontractor to determine whether or not the contractual provisions specified in Section 202 of this Order have been violated. Such investigation shall be conducted in accordance with the procedures established by the Secretary of Labor.".

"(b) The Secretary of Labor may receive and investigate complaints by employees or prospective employees of a Government contractor or subcontractor which allege discrimination contrary to the contractual provisions specified in Section 202 of this Order.".

1-206. In Section 207 of Executive Order No. 11246, as amended, delete "contracting agencies, other" in the first sentence.

1-207. The introductory clause in Section 209(a) of Executive Order No. 11246, as amended, is amended by deleting "or the appropriate contracting agency" from "In accordance with such rules, regulations, or orders as the Secretary of Labor may issue or adopt, the Secretary or the appropriate contracting agency may:".

1-208. In paragraph (5) of Section 209(a) of Executive Order No. 11246, as amended, insert at the beginning the phrase "After consulting with the contracting agency, direct the contracting agency to", and at the end of paragraph (5) delete "contracting agency" and substitute therefor "Secretary of Labor" so that paragraph (5) is amended to read:

"(5) After consulting with the contracting agency, direct the contracting agency to cancel, terminate, suspend, or cause to be cancelled, terminated, or suspended, any contract, or any portion or portions thereof, for failure of the contractor or subcontractor to comply with equal employment opportunity provisions of the contract. Contracts may be cancelled, terminated, or suspended absolutely or continuance of contracts may be conditioned upon a program for future compliance approved by the Secretary of Labor.".

1-209. In order to reflect the transfer from the agencies to the Secretary of Labor of the enforcement functions, substitute "Secretary of Labor" for "each contracting agency" in Section 209(b) of Executive Order No. 11246, as amended, so that Section 209(b) is amended to read:

"(b) Pursuant to rules and regulations prescribed by the Secretary of Labor, the Secretary shall make reasonable efforts, within a reasonable time limitation, to secure compliance with the contract provisions of this Order by methods of conference, conciliation, mediation, and persuasion before proceedings shall be instituted under subsection (a)(2) of this Section, or before a contract shall be cancelled or terminated in whole or in part under subsection (a)(5) of this Section.".

1-210. In order to reflect the responsibility of the contracting agencies for prompt compliance with the directions of the Secretary of Labor, Sections 210 and 211 of Executive Order No. 11246, as amended, are amended to read:

"Sec. 210. Whenever the Secretary of Labor makes a determination under Section 209, the Secretary shall promptly notify the appropriate agency. The agency shall take the action directed by the Secretary and shall report the results of the action it has taken to the Secretary of Labor within such time as the Secretary shall specify. If the contracting agency fails to take the action directed within thirty days, the Secretary may take the action directly.".

"Sec. 211. If the Secretary of Labor shall so direct, contracting agencies shall not enter into contracts with any bidder or prospective contractor unless the bidder or prospective contractor has satisfactorily complied with the provisions of this Order or submits a program for compliance acceptable to the Secretary of Labor.".

1-211. Section 212 of Executive Order No. 11246, as amended, is amended to read:

"Sec. 212. When a contract has been cancelled or terminated under Section 209(a)(5) or a contractor has been debarred from further Government contracts under Section 209(a)(6) of this Order, because of noncompliance with the contract provisions specified in Section 202 of this Order, the Secretary of Labor shall promptly notify the Comptroller General of the United States.".

1-212. In order to reflect the transfer of enforcement responsibility to the Secretary of Labor, references to the administering department or agency are deleted in clauses (1), (2), and (3) of Section 301 of Executive Order No. 11246, as amended, and those clauses are amended to read:

"(1) to assist and cooperate actively with the Secretary of Labor in obtaining the compliance of contractors and subcontractors with those contract provisions and with the rules, regulations and relevant orders of the Secretary, (2) to obtain and to furnish to the Secretary of Labor such information as the Secretary may require for the supervision of such compliance, (3) to carry out sanctions and penalties for violation of such obligations imposed upon contractors and subcontractors by the Secretary of Labor pursuant to Part II, Subpart D, of this Order.".

1-213. In order to reflect the transfer from the agencies to the Secretary of Labor of the enforcement functions "Secretary of Labor" shall be substituted for "administering department or agency" in Section 303 of Executive Order No. 11246, as amended, and Section 303 is amended to read:

"Sec. 303(a) The Secretary of Labor shall be responsible for obtaining the compliance of such applicants with their undertakings under this Order. Each administering department and agency is directed to cooperate with the Secretary of Labor and to furnish the Secretary such information and assistance as the Secretary may require in the performance of the Secretary's functions under this Order.".

"(b) In the event an applicant fails and refuses to comply with the applicant's undertakings pursuant to this Order, the Secretary of Labor may, after consulting with the administering department or agency, take any or all of the following actions: (1) direct any administering department or agency to cancel, terminate, or suspend in whole or in part the agreement, contract or other arrangement with such applicant with respect to which the failure or refusal occurred; (2) direct any administering department or agency to refrain from extending any further assistance to the applicant under the program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received by the Secretary of Labor from such applicant; and (3) refer the case to the Department of Justice or the Equal Employment Opportunity Commission for appropriate law enforcement or other proceedings.".

"(c) In no case shall action be taken with respect to an applicant pursuant to clause (1) or (2) of subsection (b) without notice and opportunity for hearing.".

1-214. Section 401 of Executive Order No. 11246, as amended, is amended to read:

"Sec. 401. The Secretary of Labor may delegate to any officer, agency, or employee in the Executive branch of the Government, any function or duty of the Secretary under Parts II and III of this Order.".

1-3. General Provisions

1-301. The transfers or reassignments provided by Section 1-1 of this Order shall take effect at such time or times as the Director of the Office of Management and Budget shall determine. The Director shall ensure that all such transfers or reassignments take effect within 60 days.

1-302. The conforming amendments provided by Section 1-2 of this Order shall take effect on October 8, 1978; except that, with respect to those agencies identified in Section 1-101 of this Order, the conforming amendments shall be effective on the effective date of the transfer or reassignment of functions as specified pursuant to Section 1-301 of this Order.

Executive Order No. 12135

Ex. Ord. No. 12135, May 9, 1979, 44 F.R. 27639, which established the President's Advisory Committee for Women, was revoked by Ex. Ord. No. 12336, Dec. 21, 1981, 46 F.R. 62239, set out as a note below.

Ex. Ord. No. 12336. Task Force on Legal Equity for Women

Ex. Ord. No. 12336, Dec. 21, 1981, 46 F.R. 62239, as amended by Ex. Ord. No. 12355, Apr. 1, 1982, 47 F.R. 14479, provided:

By the authority vested in me as President by the Constitution of the United States of America, and in order to provide for the systematic elimination of regulatory and procedural barriers which have unfairly precluded women from receiving equal treatment from Federal activities, it is hereby ordered as follows:

Section 1. *Establishment.* (a) There is established the Task Force on Legal Equity for Women.

(b) The Task Force members shall be appointed by the President from among nominees by the heads of the following Executive agencies, each of which shall have one representative on the Task Force:

(1) Department of State.
(2) Department of The Treasury.
(3) Department of Defense.
(4) Department of Justice.
(5) Department of The Interior.
(6) Department of Agriculture.
(7) Department of Commerce.
(8) Department of Labor.
(9) Department of Health and Human Services.
(10) Department of Housing and Urban Development.
(11) Department of Transportation.
(12) Department of Energy.
(13) Department of Education.
(14) Agency for International Development.
(15) Veterans Administration.
(16) Office of Management and Budget.
(17) International Communication Agency.
(18) Office of Personnel Management.
(19) Environmental Protection Agency.
(20) ACTION.
(21) Small Business Administration.

(c) The President shall designate one of the members to chair the Task Force. Other agencies may be invited to participate in the functions of the Task Force.

SEC. 2. *Functions.* (a) The members of the Task Force shall be responsible for coordinating and facilitating in their respective agencies, under the direction of the head of their agency, the implementation of changes ordered by the President in sex-discriminatory Federal regulations, policies, and practices.

(b) The Task Force shall periodically report to the President on the progress made throughout the Government in implementing the President's directives.

(c) The Attorney General shall complete the review of Federal laws, regulations, policies, and practices which contain language that unjustifiably differentiates, or which effectively discriminates, on the basis of sex. The Attorney General or his designee shall, on a quarterly basis, report his findings to the President through the Cabinet Council on Legal Policy.

SEC. 3. *Administration.* (a) The head of each Executive agency shall, to the extent permitted by law, provide the Task Force with such information and advice as the Task Force may identify as being useful to fulfill its functions.

(b) The agency with its representative chairing the Task Force shall, to the extent permitted by law, provide the Task Force with such administrative support as may be necessary for the effective performance of its functions.

(c) The head of each agency represented on the Task Force shall, to the extent permitted by law, furnish its representative such administrative support as is necessary and appropriate.

SEC. 4. *General Provisions.* (a) Section 1-101(h) of Executive Order No. 12258, as amended, is revoked.

(b) Executive Order No. 12135 is revoked.

(c) Section 6 of Executive Order No. 12050, as amended, is revoked.

RONALD REAGAN.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in title 43 section 1626.

§ 2000e-1. Subchapter not applicable to employment of aliens outside State and individuals for performance of activities of religious corporations, associations, educational institutions, or societies

This subchapter shall not apply to an employer with respect to the employment of aliens outside any State, or to a religious corporation, association, educational institution, or society with respect to the employment of individuals of a particular religion to perform work connected with the carrying on by such corporation, association, educational institution, or society of its activities.

(Pub. L. 88-352, title VII, § 702, July 2, 1964, 78 Stat. 255; Pub. L. 92-261, § 3, Mar. 24, 1972, 86 Stat. 103.)

AMENDMENTS

1972—Pub. L. 92-261 struck out exemption for employment of individuals engaged in educational activities of nonreligious educational institutions.

§ 2000e-2. Unlawful employment practices

(a) Employer practices

It shall be an unlawful employment practice for an employer—

(1) to fail or refuse to hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, terms, conditions, or privileges of employment, because of such individual's race, color, religion, sex, or national origin; or

(2) to limit, segregate, or classify his employees or applicants for employment in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's race, color, religion, sex, or national origin.

(b) Employment agency practices

It shall be an unlawful employment practice for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, any individual because of his race, color, religion, sex, or national origin, or to classify or refer for employment any individual on the basis of his race, color, religion, sex, or national origin.

(c) Labor organization practices

It shall be an unlawful employment practice for a labor organization—

(1) to exclude or to expel from its membership, or otherwise to discriminate against, any individual because of his race, color, religion, sex, or national origin;

(2) to limit, segregate, or classify its membership or applicants for membership, or to classify or fail or refuse to refer for employment any individual, in any way which would deprive or tend to deprive any individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect his status as an employee or as an applicant for employment, because of such individual's race, color, religion, sex, or national origin; or

(3) to cause or attempt to cause an employer to discriminate against an individual in violation of this section.

(d) Training programs

It shall be an unlawful employment practice for any employer, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs to discriminate against any individual because of his race, color, religion, sex, or national origin in admission to, or employment in, any program established to provide apprenticeship or other training.

(e) Businesses or enterprises with personnel qualified on basis of religion, sex, or national origin; educational institutions with personnel of particular religion

Notwithstanding any other provision of this subchapter, (1) it shall not be an unlawful employment practice for an employer to hire and employ employees, for an employment agency to classify, or refer for employment any individual, for a labor organization to classify its membership or to classify or refer for employment any individual, or for an employer, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining programs to admit or employ any individual in any such program, on the basis of his religion, sex, or national origin in those certain instances where religion, sex, or national origin is a bona fide occupational qualification reasonably necessary to the normal operation of that particular business or enterprise, and (2) it shall not be an unlawful employment practice for a school, college, university, or other educational institution or institution of learning to hire and employ employees of a particular religion if such school, college, university, or other educational institution or institution of learning is, in whole or in substantial part, owned, supported, controlled, or managed by a particular religion or by a particular religious corporation, association, or society, or if the curriculum of such school, college, university, or other educational institution or institution of learning is directed toward the propagation of a particular religion.

(f) Members of Communist Party or Communist-action or Communist-front organizations

As used in this subchapter, the phrase "unlawful employment practice" shall not be deemed to include any action or measure taken by an employer, labor organization, joint labor-management committee, or employment agency with respect to an individual who is a member of the Communist Party of the United States or of any other organization required to register as a Communist-action or Communist-front organization by final order of the Subversive Activities Control Board pursuant to the Subversive Activities Control Act of 1950 [50 U.S.C. 781 et seq.].

(g) National security

Notwithstanding any other provision of this subchapter, it shall not be an unlawful employment practice for an employer to fail or refuse to hire and employ any individual for any position, for an employer to discharge any individual from any position, or for an employment agency to fail or refuse to refer any individual for employment in any position, or for a labor organization to fail or refuse to refer any individual for employment in any position, if—

(1) the occupancy of such position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any statute of the United States or any Executive order of the President; and

(2) such individual has not fulfilled or has ceased to fulfill that requirement.

(h) Seniority or merit system; quantity or quality of production; ability tests; compensation based on sex and authorized by minimum wage provisions

Notwithstanding any other provision of this subchapter, it shall not be an unlawful employment practice for an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment pursuant to a bona fide seniority or merit system, or a system which measures earnings by quantity or quality of production or to employees who work in different locations, provided that such diffeerences are not the result of an intention to discriminate because of race, color, religion, sex, or national origin, nor shall it be an unlawful employment practice for an employer to give and to act upon the results of any professionally developed ability test provided that such test, its administration or action upon the results is not designed, intended or used to discriminate because of race, color, religion, sex or national origin. It shall not be an unlawful employment practice under this subchapter for any employer to differentiate upon the basis of sex in determining the amount of the wages or compensation paid or to be paid to employees of such employer if such differentiation is authorized by the provisions of section 206(d) of title 29.

(i) Businesses or enterprises extending preferential treatment to Indians

Nothing contained in this subchapter shall apply to any business or enterprise on or near an Indian reservation with respect to any publicly announced employment practice of such business or enterprise under which a preferential treatment is given to any individual because he is an Indian living on or near a reservation.

(j) Preferential treatment not to be granted on account of existing number or percentage imbalance

Nothing contained in this subchapter shall be interpreted to require any employer, employment agency, labor organization, or joint labor-management committee subject to this subchapter to grant preferential treatment to any individual or to any group because of the race, color, religion, sex, or national origin of such individual or group on account of an imbalance which may exist with respect to the total number or percentage of persons of any race, color, religion, sex, or national origin employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to, or employed in, any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, sex, or national origin in any community, State, section, or other area, or in the available work force in any community, State, section, or other area.

(Pub. L. 88-352, title VII, § 703, July 2, 1964, 78 Stat. 255; Pub. L. 92-261, § 8(a), (b), Mar. 24, 1972, 86 Stat. 109.)

REFERENCES IN TEXT

The Subversive Activities Control Act of 1950, referred to in subsec. (f), is title I of act Sept. 23, 1950, ch. 1024, 64 Stat. 987, as amended, which is classified principally to subchapter I (§ 781 et seq.) of chapter 23 of Title 50, War and National Defense. For complete classification of this Act to the Code, see Short Title note set out under section 781 of Title 50 and Tables.

AMENDMENTS

1972—Subsec. (a)(2). Pub. L. 92-261, § 8(a), inserted "or applicants for employment" after "his employees".

Subsec. (c)(2). Pub. L. 92-261, § 8(b), inserted "or applicants for membership" after "membership".

SUBVERSIVE ACTIVITIES CONTROL BOARD

The Subversive Activities Control Board was established by act Sept. 23, 1950, ch. 1024, § 12, 64 Stat. 977, and ceased to operate on June 30, 1973.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 2000e, 2000e–5 of this title, title 8 section 1324b, title 23 section 140.

§ 2000e–3. Other unlawful employment practices

(a) Discrimination for making charges, testifying, assisting, or participating in enforcement proceedings

It shall be an unlawful employment practice for an employer to discriminate against any of his employees or applicants for employment, for an employment agency, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs, to discriminate against any individual, or for a labor organization to discriminate against any member thereof or applicant for membership, because he has opposed any practice made an unlawful employment practice by this subchapter, or because he has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this subchapter.

(b) Printing or publication of notices or advertisements indicating prohibited preference, limitation, specification, or discrimination; occupational qualification exception

It shall be an unlawful employment practice for an employer, labor organization, employment agency, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs, to print or publish or cause to be printed or published any notice or advertisement relating to employment by such an employer or membership in or any classification or referral for employment by such a labor organization, or relating to any classification or referral for employment by such an employment agency, or relating to admission to, or employment in, any program established to provide apprenticeship or other training by such a joint labor-management committee, indicating any preference, limitation, specification, or discrimination, based on race, color, religion, sex, or national origin, except that such a notice or advertisement may indicate a preference, limitation, specification, or discrimination based on religion, sex, or national origin when religion, sex, or national origin is a bona fide occupational qualification for employment.

(Pub. L. 88-352, title VII, § 704, July 2, 1964, 78 Stat. 257; Pub. L. 92-261, § 8(c), Mar. 24, 1972, 86 Stat. 109.)

AMENDMENTS

1972—Subsec. (a). Pub. L. 92-261, § 8(c)(1), inserted provision making it an unlawful employment practice for a joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs, to discriminate against the specified individuals.

Subsec. (b). Pub. L. 92-261, § 8(c)(2), inserted provisions making prohibitions applicable to joint labor-management committees controlling apprenticeship or other training or retraining, including on-the-job training programs, and notices or advertisements of such joint labor-management committees relating to admission to, or employment in, any program established to provide apprenticeship or other training.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 2000e–5 of this title.

§ 2000e–4. Equal Employment Opportunity Commission

(a) Creation; composition; political representation; appointment; term; vacancies; Chairman and Vice Chairman; duties of Chairman; appointment of personnel; compensation of personnel

There is hereby created a Commission to be known as the Equal Employment Opportunity Commission, which shall be composed of five members, not more than three of whom shall be members of the same political party. Members of the Commission shall be appointed by the President by and with the advice and consent of the Senate for a term of five years. Any individual chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he shall succeed, and all members of the Commission shall continue to serve until their successors are appointed and qualified, except that no such member of the Commission shall continue to serve (1) for more than sixty days when the Congress is in session unless a nomination to fill such vacancy shall have been submitted to the Senate, or (2) after the adjournment sine die of the session of the Senate in which such nomination was submitted. The President shall designate one member to serve as Chairman of the Commission, and one member to serve as Vice Chairman. The Chairman shall be responsible on behalf of the Commission for the administrative operations of the Commission, and, except as provided in subsection (b) of this section, shall appoint, in accordance with the provisions of title 5 governing appointments in the competitive service, such officers, agents, attorneys, administrative law judges, and employees as he deems necessary to assist it in the performance of its functions and to fix their compensation in accordance with the provisions of chapter 51 and subchapter III of chapter 53 of title 5, relating to classification and General Schedule pay rates: *Provided*, That assignment, removal, and compensation of administrative law judges shall be in accordance with sections 3105, 3344, 5372, and 7521 of title 5.

(b) General Counsel; appointment; term; duties; representation by attorneys and Attorney General

(1) There shall be a General Counsel of the Commission appointed by the President, by and with the advice and consent of the Senate, for a term of four years. The General Counsel shall have responsibility for the conduct of litigation as provided in sections 2000e-5 and 2000e-6 of this title. The General Counsel shall have such other duties as the Commission may prescribe or as may be provided by law and shall concur with the Chairman of the Commission on the appointment and supervision of regional attorneys. The General Counsel of the Commission on the effective date of this Act shall continue in such position and perform the functions specified in this subsection until a successor is appointed and qualified.

(2) Attorneys appointed under this section may, at the direction of the Commission, appear for and represent the Commission in any case in court, provided that the Attorney General shall conduct all litigation to which the Commission is a party in the Supreme Court pursuant to this subchapter.

(c) Exercise of powers during vacancy; quorum

A vacancy in the Commission shall not impair the right of the remaining members to exercise all the powers of the Commission and three members thereof shall constitute a quorum.

(d) Seal; judicial notice

The Commission shall have an official seal which shall be judicially noticed.

(e) Reports to Congress and the President

The Commission shall at the close of each fiscal year report to the Congress and to the President concerning the action it has taken and the moneys it has disbursed. It shall make such further reports on the cause of and means of eliminating discrimination and such recommendations for further legislation as may appear desirable.

(f) Principal and other offices

The principal office of the Commission shall be in or near the District of Columbia, but it may meet or exercise any or all its powers at any other place. The Commission may establish such regional or State offices as it deems necessary to accomplish the purpose of this subchapter.

(g) Powers of Commission

The Commission shall have power—

(1) to cooperate with and, with their consent, utilize regional, State, local, and other agencies, both public and private, and individuals;

(2) to pay to witnesses whose depositions are taken or who are summoned before the Commission or any of its agents the same witness and mileage fees as are paid to witnesses in the courts of the United States;

(3) to furnish to persons subject to this subchapter such technical assistance as they may request to further their compliance with this subchapter or an order issued thereunder;

(4) upon the request of (i) any employer, whose employees or some of them, or (ii) any labor organization, whose members or some of them, refuse or threaten to refuse to cooperate in effectuating the provisions of this subchapter, to assist in such effectuation by conciliation or such other remedial action as is provided by this subchapter;

(5) to make such technical studies as are appropriate to effectuate the purposes and policies of this subchapter and to make the results of such studies available to the public;

(6) to intervene in a civil action brought under section 2000e-5 of this title by an aggrieved party against a respondent other than a government, governmental agency or political subdivision.

(h) Cooperation with other departments and agencies in performance of educational or promotional activities

The Commission shall, in any of its educational or promotional activities, cooperate with other departments and agencies in the performance of such educational and promotional activities.

(i) Personnel subject to political activity restrictions

All officers, agents, attorneys, and employees of the Commission shall be subject to the provisions of section 7324 of title 5, notwithstanding any exemption contained in such section.

(Pub. L. 88-352, title VII, § 705, July 2, 1964, 78 Stat. 258; Pub. L. 92-261, § 8(d)-(f), Mar. 24, 1972, 86 Stat. 109, 110; Pub. L. 93-608, § 3(1), Jan. 2, 1975, 88 Stat. 1972; Pub. L. 95-251, § 2(a)(11), Mar. 27, 1978, 92 Stat. 183.)

REFERENCES IN TEXT

The provisions of title 5 governing appointments in the competitive service, referred to in subsec. (a), are classified to section 3301 et seq. of Title 5, Government Organization and Employees.

The General Schedule, referred to in subsec. (a), is set out under section 5332 of Title 5.

The effective date of this Act, referred to in subsec. (b)(1), probably means the date of enactment of Pub. L. 92-261, which was approved Mar. 24, 1972.

CODIFICATION

In subsec. (a), reference to section 5372 of title 5 was substituted for section 5362 on authority of Pub. L. 95-454, § 801(a)(3)(A)(ii), Oct. 13, 1978, 92 Stat. 1221, which redesignated sections 5361 through 5365 of title 5 as sections 5371 through 5375.

In subsec. (i), "section 7324 of title 5" was substituted for "section 9 of the Act of August 2, 1939, as amended (the Hatch Act)" on authority of Pub. L. 89-554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees. Prior to the enactment of Title 5, section 9 of the Act of August 2, 1939, as amended, was classified to section 118i of Title 5.

AMENDMENTS

1978—Subsec. (a). Pub. L. 95-251 substituted "administrative law judges" for "hearing examiners" wherever appearing.

1975—Subsec. (e). Pub. L. 93-608 struck out reporting requirement of names, salaries, and duties of all individuals in employ of Commission.

1972—Subsec. (a). Pub. L. 92-261, § 8(d), struck out provisions setting forth length of terms of original members of Commission and provisions authorizing Vice Chairman to act as Chairman in certain circumstances, inserted provisions relating to continuation in office of all members of Commission, and substituted provisions requiring appointment of officers, etc., in accordance with provisions of title 5, fixing compensation of such officers, etc., in accordance with provisions of chapter 51 and subchapter III of chapter 53 of title 5, relating to classification and General Schedule pay rates, and requiring assignment, removal, and compensation of hearing examiners in accordance with specified sections, for provisions requiring appointment of officers, etc., in accordance with civil service laws, and fixing compensation of such officers, etc., in accordance with the Classification Act of 1949, as amended.

Subsecs. (b) to (e). Pub. L. 92-261, § 8(e), added subsec. (b), struck out subsec. (e) which amended sections 2204 and 2205 of former Title 5, Executive Departments and Government Officers and Employees.

and redesignated existing subsecs. (b), (c), and (d) as (c), (d), and (e), respectively.

Subsec. (g)(6). Pub. L. 92-261, § 8(f), substituted provisions which authorized Commission to intervene in a civil action brought under section 2000e-5 of this title where respondent is other than a government, governmental agency, or political subdivision for provisions which authorized Commission to refer matters to Attorney General with recommendations to intervene or institute civil actions.

Subsecs. (h) to (j). Pub. L. 92-261, § 8(e)(2), (3), struck out subsec. (h) which provided for legal representation for Commission, and redesignated subsecs. (i) and (j) as (h) and (i), respectively.

Reorganization Plan No. 1 of 1978 Superseded by Civil Service Reform Act of 1978

Section 905 of Pub. L. 95-454, Oct. 13, 1978, 92 Stat. 1224, provided in part that any provision in Reorganization Plan No. 1 of 1978 [set out below] inconsistent with any provision of that Act [see Tables for classification] was superseded thereby.

REORGANIZATION PLAN NO. 1 OF 1978

43 F.R. 19807, 92 Stat. 3781

Prepared by the President and transmitted to the Senate and the House of Representatives in Congress assembled, February 23, 1978, pursuant to the provisions of Chapter 9 of Title 5 of the United States Code.

EQUAL EMPLOYMENT OPPORTUNITY

Section 1. Transfer of Equal Pay Enforcement Functions

All functions related to enforcing or administering Section 6(d) of the Fair Labor Standards Act, as amended, (29 U.S.C. 206(d)) are hereby transferred to the Equal Employment Opportunity Commission. Such functions include, but shall not be limited to, the functions relating to equal pay administration and enforcement now vested in the Secretary of Labor, the Administrator of the Wage and Hour Division of the Department of Labor, and the Civil Service Commission pursuant to Sections 4(d)(1); 4(f); 9; 11(a), (b), and (c); 16(b) and (c) and 17 of the Fair Labor Standards Act, as amended, (29 U.S.C. 204(d)(1); 204(f); 209; 211(a), (b), and (c); 216(b) and (c) and 217) and Section 10(b)(1) of the Portal-to-Portal Act of 1947, as amended, (29 U.S.C. 259).

Sec. 2. Transfer of Age Discrimination Enforcement Functions

All functions vested in the Secretary of Labor or in the Civil Service Commission pursuant to Sections 2, 4, 7, 8, 9, 10, 11, 12, 13, 14, and 15 of the Age Discrimination in Employment Act of 1967, as amended, (29 U.S.C. 621, 623, 626, 627, 628, 629, 630, 631, 632, 633, and 633a) are hereby transferred to the Equal Employment Opportunity Commission. All functions related to age discrimination administration and enforcement pursuant to Sections 6 and 16 of the Age Discrimination in Employment Act of 1967, as amended, (29 U.S.C. 625 and 634) are hereby transferred to the Equal Employment Opportunity Commission.

Sec. 3. Transfer of Equal Opportunity in Federal Employment Enforcement Functions

(a) All equal opportunity in Federal employment enforcement and related functions vested in the Civil Service Commission pursuant to Section 717(b) and (c) of the Civil Rights Act of 1964, as amended, (42 U.S.C. 2000e-16(b) and (c)), are hereby transferred to the Equal Employment Opportunity Commission.

(b) The Equal Employment Opportunity Commission may delegate to the Civil Service Commission or its successor the function of making a preliminary determination on the issue of discrimination whenever, as a part of a complaint or appeal before the Civil Service Commission on other grounds, a Federal employee alleges a violation of Section 717 of the Civil Rights Act of 1964, as amended, (42 U.S.C. 2000e-16) provided that the Equal Employment Opportunity Commission retains the function of making the final determination concerning such issue of discrimination.

Sec. 4. Transfer of Federal Employment of Handicapped Individuals Enforcement Functions

All Federal employment of handicapped individuals enforcement functions and related functions vested in the Civil Service Commission pursuant to Section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791) are hereby transferred to the Equal Employment Opportunity Commission. The function of being co-chairman of the Interagency Committee on Handicapped Employees now vested in the Chairman of the Civil Service Commission pursuant to Section 501 is hereby transferred to the Chairman of the Equal Employment Opportunity Commission.

Sec. 5. Transfer of Public Sector 707 Functions

Any function of the Equal Employment Opportunity Commission concerning initiation of litigation with respect to State or local government, or political subdivisions under Section 707 of Title VII of the Civil Rights Act of 1964, as amended, (42 U.S.C. 2000e-6) and all necessary functions related thereto, including investigation, findings, notice and an opportunity to resolve the matter without contested litigation, are hereby transferred to the Attorney General, to be exercised by him in accordance with procedures consistent with said Title VII. The Attorney General is authorized to delegate any function under Section 707 of said Title VII to any officer or employee of the Department of Justice.

Sec. 6. Transfer of Functions and Abolition of the Equal Employment Opportunity Coordinating Council

All functions of the Equal Employment Opportunity Coordinating Council, which was established pursuant to Section 715 of the Civil Rights Act of 1964, as amended, (42 U.S.C. 2000e-14), are hereby transferred to the Equal Employment Opportunity Commission. The Equal Employment Opportunity Coordinating Council is hereby abolished.

Sec. 7. Savings Provision

Administrative proceedings including administrative appeals from the acts of an executive agency (as defined by Section 105 of Title 5 of the United States Code) commenced or being conducted by or against such executive agency will not abate by reason of the taking effect of this Plan. Consistent with the provisions of this Plan, all such proceedings shall continue before the Equal Employment Opportunity Commission otherwise unaffected by the transfers provided by this Plan. Consistent with the provisions of this Plan, the Equal Employment Opportunity Commission shall accept appeals from those executive agency actions which occurred prior to the effective date of this Plan in accordance with law and regulations in effect on such effective date. Nothing herein shall affect any right of any person to judicial review under applicable law.

Sec. 8. Incidental Transfers

So much of the personnel, property, records and unexpended balances of appropriations, allocations and other funds employed, used, held, available, or to be made available in connection with the functions transferred under this Plan, as the Director of the Office of Management and Budget shall determine, shall be transferred to the appropriate department, agency, or component at such time or times as the Director of the Office of Management and Budget shall provide.

except that no such unexpended balances transferred shall be used for purposes other than those for which the appropriation was originally made. The Director of the Office of Management and Budget shall provide for terminating the affairs of the Council abolished herein and for such further measures and dispositions as such Director deems necessary to effectuate the purposes of this Reorganization Plan.

SEC. 9. EFFECTIVE DATE

This Reorganization Plan shall become effective at such time or times, on or before October 1, 1979, as the President shall specify, but not sooner than the earliest time allowable under Section 906 of Title 5 of the United States Code.

[Pursuant to Ex. Ord. No. 12106, Dec. 26, 1978, 44 F.R. 1053, the transfer to the Equal Employment Opportunity Commission of certain functions of the Civil Service Commission relating to enforcement of equal employment opportunity programs as provided by sections 1 to 4 of this Reorg. Plan is effective Jan. 1, 1979.]

[Pursuant to Ex. Ord. No. 12144, June 22, 1979, 44 F.R. 37193, sections 1 and 2 of this Reorg. Plan are effective July 1, 1979, except for transfer of functions already effective Jan. 1, 1979, under Ex. Ord. No. 12106 above.]

[Pursuant to Ex. Ord. No. 12068, June 30, 1978, 43 F.R. 28971, section 5 of this Reorg. Plan is effective July 1, 1978.]

[Pursuant to Ex. Ord. No. 12067, June 30, 1978, 43 F.R. 28967, section 6 of this Reorg. Plan is effective July 1, 1978.]

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I am submitting to you today Reorganization Plan No. 1 of 1978. This Plan makes the Equal Employment Opportunity Commission the principal Federal agency in fair employment enforcement. Together with actions I shall take by Executive Order, it consolidates Federal equal employment opportunity activities and lays, for the first time, the foundation of a unified, coherent Federal structure to combat job discrimination in all its forms.

In 1940 President Roosevelt issued the first Executive Order forbidding discrimination in employment by the Federal government. Since that time the Congress, the courts and the Executive Branch—spurred by the courage and sacrifice of many people and organizations—have taken historic steps to extend equal employment opportunity protection throughout the private as well as public sector. But each new prohibition against discrimination unfortunately has brought with it a further dispersal of Federal equal employment opportunity responsibility. This fragmentation of authority among a number of Federal agencies has meant confusion and ineffective enforcement for employees, regulatory duplication and needless expense for employers.

Fair employment is too vital for haphazard enforcement. My Administration will aggressively enforce our civil rights laws. Although discrimination in any area has severe consequences, limiting economic opportunity affects access to education, housing and health care. I, therefore, ask you to join with me to reorganize administration of the civil rights laws and to begin that effort by reorganizing the enforcement of those laws which ensure an equal opportunity to a job.

Eighteen government units now exercise important responsibilities under statutes, Executive Orders and regulations relating to equal employment opportunity:

The Equal Employment Opportunity Commission (EEOC) enforces Title VII of the Civil Rights Act of 1964, [section 2000e et seq. of this title] which bans employment discrimination based on race, national origin, sex or religion. The EEOC acts on individual complaints and also initiates private sector cases involving a "pattern or practice" of discrimination.

The Department of Labor and 11 other agencies enforce Executive Order 11246 [set out as a note under section 2000e of this title]. This prohibits discrimination in employment on the basis of race, national origin, sex, or religion and requires affirmative action by government contractors. While the Department now coordinates enforcement of this "contract compliance" program, it is actually administered by eleven other departments and agencies. The Department also administers those statutes requiring contractors to take affirmative action to employ handicapped people, disabled veterans and Vietnam veterans.

In addition, the Labor Department enforces the Equal Pay Act of 1963 [section 206(d) of Title 29, Labor], which prohibits employers from paying unequal wages based on sex, and the Age Discrimination in Employment Act of 1967 [section 621 et seq. of Title 29], which forbids age discrimination against persons between the ages of 40 and 65.

The Department of Justice litigates Title VII cases involving public sector employers—State and local governments. The Department also represents the Federal government in lawsuits against Federal contractors and grant recipients who are in violation of Federal nondiscrimination prohibitions.

The Civil Service Commission (CSC) enforces Title VII and all other nondiscrimination and affirmative action requirements for Federal employment. The CSC rules on complaints filed by individuals and monitors affirmative action plans submitted annually by other Federal agencies.

The Equal Employment Opportunity Coordinating Council includes representatives from EEOC, Labor, Justice, CSC and the Civil Rights Commission. It is charged with coordinating the Federal equal employment opportunity enforcement effort and with eliminating overlap and inconsistent standards.

In addition to these major government units, other agencies enforce various equal employment opportunity requirements which apply to specific grant programs. The Department of Treasury, for example, administers the anti-discrimination prohibitions applicable to recipients of revenue sharing funds.

These programs have had only limited success. Some of the past deficiencies include:

- —inconsistent standards of compliance;
- —duplicative, inconsistent paperwork requirements and investigative efforts;
- —conflicts within agencies between their program responsibilities and their responsibility to enforce the civil rights laws;
- —confusion on the part of workers about how and where to seek redress;
- —lack of accountability.

I am proposing today a series of steps to bring coherence to the equal employment enforcement effort. These steps, to be accomplished by the Reorganization Plan and Executive Orders, constitute an important step toward consolidation of equal employment opportunity enforcement. They will be implemented over the next two years, so that the agencies involved may continue their internal reform.

Its experience and broad scope make the EEOC suitable for the role of principal Federal agency in fair employment enforcement. Located in the Executive Branch and responsible to the President, the EEOC has developed considerable expertise in the field of employment discrimination since Congress created it by the Civil Rights Act of 1964 [section 2000e-4 of this title]. The Commission has played a pioneer role in defining both employment discrimination and its appropriate remedies.

While it has had management problems in past administrations, the EEOC's new leadership is making substantial progress in correcting them. In the last seven months the Commission has redesigned its internal structures and adopted proven management techniques. Early experience with these procedures indicates a high degree of success in reducing and expediting new cases. At my direction, the Office of Management and Budget is actively assisting the EEOC to ensure that these reforms continue.

The Reorganization Plan I am submitting will accomplish the following:

On July 1, 1978, abolish the Equal Employment Opportunity Coordinating Council (42 U.S.C. 2000e-14) and transfer its duties to the EEOC (no positions or funds shifted).

On October 1, 1978, shift enforcement of equal employment opportunity for Federal employees from the CSC to the EEOC (100 positions and $6.5 million shifted).

On July 1, 1979, shift responsibility for enforcing both the Equal Pay Act and the Age Discrimination in Employment Act from the Labor Department to the EEOC (198 positions and $5.3 million shifted for Equal Pay; 119 positions and $3.5 million for Age Discrimination).

Clarify the Attorney General's authority to initiate "pattern or practice" suits under Title VII in the public sector.

In addition, I will issue an Executive Order on October 1, 1978, to consolidate the contract compliance program—now the responsibility of Labor and eleven "compliance agencies"—into the Labor Department (1,517 positions and $33.1 million shifted).

These proposed transfers and consolidations reduce from fifteen to three the number of Federal agencies having important equal employment opportunity responsibilities under Title VII of the Civil Rights Act of 1964 and Federal contract compliance provisions.

Each element of my Plan is important to the success of the entire proposal.

By abolishing the Equal Employment Opportunity Coordinating Council and transferring its responsibilities to the EEOC, this plan places the Commission at the center of equal employment opportunity enforcement. With these new responsibilities, the EEOC can give coherence and direction to the government's efforts by developing strong uniform enforcement standards to apply throughout the government: standardized data collection procedures, joint training programs, programs to ensure the sharing of enforcement related data among agencies, and methods and priorities for complaint and compliance reviews. Such direction has been absent in the Equal Employment Opportunity Coordinating Council.

It should be stressed, however, that affected agencies will be consulted before EEOC takes any action. When the Plan has been approved, I intend to issue an Executive Order which will provide for consultation, as well as a procedure for reviewing major disputed issues within the Executive Office of the President. The Attorney General's responsibility to advise the Executive Branch on legal issues will also be preserved.

Transfer of the Civil Service Commission's equal employment opportunity responsibilities to EEOC is needed to ensure that: (1) Federal employees have the same rights and remedies as those in the private sector and in State and local government; (2) Federal agencies meet the same standards as are required of other employers; and (3) potential conflicts between an agency's equal employment opportunity and personnel management functions are minimized. The Federal government must not fall below the standard of performance it expects of private employers.

The Civil Service Commission has in the past been lethargic in enforcing fair employment requirements within the Federal government. While the Chairman and other Commissioners I have appointed have already demonstrated their personal commitment to expanding equal employment opportunity, responsibility for ensuring fair employment for Federal employees should rest ultimately with the EEOC.

We must ensure that the transfer in no way undermines the important objectives of the comprehensive civil service reorganization which will be submitted to Congress in the near future. When the two plans take effect; I will direct the EEOC and the CSC to coordinate their procedures to prevent any duplication and overlap.

The Equal Pay Act now administered by the Labor Department, prohibits employers from paying unequal wages based on sex. Title VII of the Civil Rights Act, which is enforced by EEOC, contains a broader ban on sex discrimination. The transfer of Equal Pay responsibility from the Labor Department to the EEOC will minimize overlap and centralize enforcement of statutory prohibitions against sex discrimination in employment.

The transfer will strengthen efforts to combat sex discrimination. Such efforts would be enhanced still further by passage of the legislation pending before you, which I support, that would prohibit employers from excluding women disabled by pregnancy from participating in disability programs.

There is now virtually complete overlap in the employers, labor organizations, and employment agencies covered by Title VII and by the Age Discrimination in Employment Act. This overlap is burdensome to employers and confusing to victims of discrimination. The proposed transfer of the age discrimination program from the Labor Department to the EEOC will eliminate the duplication.

The Plan I am proposing will not affect the Attorney General's responsibility to enforce Title VII against State or local governments or to represent the Federal government in suits against Federal contractors and grant recipients. In 1972, the Congress determined that the Attorney General should be involved in suits against State and local governments. This proposal reinforces that judgment and clarifies the Attorney General's authority to initiate litigation against State or local governments engaged in a "pattern or practice" of discrimination. This in no way diminishes the EEOC's existing authority to investigate complaints filed against State or local governments and, where appropriate, to refer them to the Attorney General. The Justice Department and the EEOC will cooperate so that the Department sues on valid referrals, as well as on its own "pattern or practice" cases.

A critical element of my proposals will be accomplished by Executive Order rather than by the Reorganization Plan. This involves consolidation in the Labor Department of the responsibility to ensure that Federal contractors comply with Executive Order 11246. Consolidation will achieve the following: promote consistent standards, procedures, and reporting requirements; remove contractors from the jurisdiction of multiple agencies; prevent an agency's equal employment objectives from being outweighed by its procurement and construction objectives; and produce more effective law enforcement through unification of planning, training and sanctions. By 1981, after I have had an opportunity to review the manner in which both the EEOC and the Labor Department are exercising their new responsibilities, I will determine whether further action is appropriate.

Finally, the responsibility for enforcing grant-related equal employment provisions will remain with the agencies administering the grant programs. With the EEOC acting as coordinator of Federal equal employment programs, we will be able to bring overlap and duplication to a minimum. We will be able, for example, to see that a university's employment practices are not subject to duplicative investigations under both Title IX of the Education Amendments of 1972 [section 1681 et seq. of Title 20, Education] and the contract compliance program. Because of the similarities between the Executive Order program and those statutes requiring Federal contractors to take affirmative action to employ handicapped individuals and disabled and Vietnam veterans, I have determined that enforcement of these statues should remain in the Labor Department.

Each of the changes set forth in the Reorganization Plan accompanying this message is necessary to accomplish one or more of the purposes set forth in Section 901(a) of Title 5 of the United States Code. I have taken care to determine that all functions abolished by the Plan are done only under the statutory authority provided by Section 903(b) of Title 5 of the United States Code.

I do not anticipate that the reorganizations contained in this Plan will result in any significant change in expenditures. They will result in a more efficient and manageable enforcement program.

The Plan I am submitting is moderate and measured. It gives the Equal Employment Opportunity Commission—an agency dedicated solely to this purpose—the primary Federal responsibility in the area of job discrimination, but it is designed to give this agency sufficient time to absorb its new responsibilities. This reorganization will produce consistent agency standards, as well as increased accountability. Combined with the intense commitment of those charged with these responsibilites, it will become possible for us to accelerate this nation's progress in ensuring equal job opportunities for all our people.

JIMMY CARTER.

THE WHITE HOUSE, February 23, 1978.

EX. ORD. NO. 12106. TRANSFER OF CERTAIN EQUAL EMPLOYMENT ENFORCEMENT FUNCTIONS

Ex. Ord. No. 12106, Dec. 26, 1978, 44 F.R. 1053, provided:

By the authority vested in me as President of the United States of America by Section 9 of Reorganization Plan No. 1 of 1978 (43 FR 19807) [set out above], in order to effectuate the transfer of certain functions relating to the enforcement of equal employment programs, and in order to make certain technical amendments in other Orders to reflect this transfer of functions, it is hereby ordered as follows:

1-101. The transfer to the Equal Employment Opportunity Commission of certain functions of the Civil Service Commission, relating to enforcement of equal employment opportunity programs as provided by Sections 1, 2, 3 and 4 of Reorganization Plan No. 1 of 1978 (43 FR 19807) shall be effective on January 1, 1979.

1-102. Executive Order No. 11478, as amended [set out as a note under section 2000e of this title], is further amended by deleting the preamble, by substituting "national origin, handicap, or age" for "or national origin" in the first sentence of Section 1, and revising Sections 3, 4, and 5 to read as follows:

"SEC. 3. The Equal Employment Opportunity Commission shall be responsible for directing and furthering the implementation of the policy of the Government of the United States to provide equal opportunity in Federal employment for all employees or applicants for employment (except with regard to aliens employed outside the limits of the United States) and to prohibit discrimination in employment because of race, color, religion, sex, national origin, handicap, or age.

"SEC. 4. The Equal Employment Opportunity Commission, after consultation with all affected departments and agencies, shall issue such rules, regulations, orders, and instructions and request such information from the affected departments and agencies as it deems necessary and appropriate to carry out this Order.

"SEC. 5. All departments and agencies shall cooperate with and assist the Equal Employment Opportunity Commission in the performance of its functions under this Order and shall furnish the Commission such reports and information as it may request. The head of each department or agency shall comply with rules, regulations, orders and instructions issued by the Equal Employment Opportunity Commission pursuant to Section 4 of this Order."

1-103. Executive Order No. 11022, as amended [set out as a note under section 3001 of this title], is further amended by revising Section 1(b) to read as follows:

"(b) The Council shall be composed of the Secretary of Health, Education, and Welfare [now Health and Human Services], who shall be Chairman, the Secretary of the Treasury, the Secretary of Agriculture, the Secretary of Commerce, the Secretary of Labor, the Secretary of Housing and Urban Development, the Secretary of Transportation, the Administrator of Veterans Affairs, the Director of the Office of Personnel Management, the Director of the Community Services Administration, and the Chairman of the Equal Employment Opportunity Commission."

1-104. Executive Order No. 11480 of September 9, 1969 [set out as a note under section 791 of Title 29, Labor], is amended by deleting "and the Chairman of the United States Civil Service Commission" in Section 4 and substituting therefor "Director of the Office of Personnel Management, and the Chairman of the Equal Employment Opportunity Commission".

1-105. Executive Order No. 11830 of January 9, 1975 [set out as a note under section 791 of Title 29, Labor], is amended by deleting Section 2 and revising Section 1 to read as follows:

"In accord with Section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791) and Section 4 of Reorganization Plan No. 1 of 1978 (43 FR 19808) the Interagency Committee on Handicapped Employees is enlarged and composed of the following, or their designees whose positions are Executive level IV or higher:

"(1) Secretary of Defense.

"(2) Secretary of Labor.

"(3) Secretary of Health, Education, and Welfare [now Health and Human Services], Co-Chairman.

"(4) Director of the Office of Personnel Management.

"(5) Administrator of Veterans Affairs.

"(6) Administrator of General Services.

"(7) Chairman of the Federal Communications Commission.

"(8) Chairman of the Equal Employment Opportunity Commission, Co-Chairman.

"(9) Such other members as the President may designate."

1-106. This Order shall be effective on January 1, 1979.

JIMMY CARTER.

EX. ORD. NO. 12144. TRANSFER OF CERTAIN EQUAL PAY AND AGE DISCRIMINATION IN EMPLOYMENT ENFORCEMENT FUNCTIONS

Ex. Ord. No. 12144, June 22, 1979, 44 F.R. 37193, provided:

By the authority vested in me as President of the United States of America by the Constitution and laws of the United States, including Section 9 of Reorganization Plan No. 1 of 1978 (43 FR 19807) [set out as a note above], in order to effectuate the transfer of certain functions relating to the enforcement of equal pay and age discrimination in employment programs from the Department of Labor to the Equal Employment Opportunity Commission, it is hereby ordered as follows:

1-101. Sections 1 and 2 of Reorganization Plan No. 1 of 1978 (43 FR 19807) [set out as a note above] shall become effective on July 1, 1979, with the exception of the transfer of functions from the Civil Service Commission, already effective January 1, 1979 (Executive Order No. 12106 [set out as a note above]).

1-102. The records, property, personnel and positions, and unexpended balances of appropriations or funds, available or to be made available, which relate to the functions transferred as provided in this Order are hereby transferred from the Department of Labor to the Equal Employment Opportunity Commission.

1-103. The Director of the Office of Management and Budget shall make such determinations, issue such Orders, and take all actions necessary or appropriate to effectuate the transfers provided in this

BEST COPY AVAILABLF

Order, including the transfer of funds, records, property, and personnel.

1-104. This Order shall be effective July 1, 1979.

JIMMY CARTER.

§ 2000e–5. Enforcement provisions

(a) Power of Commission to prevent unlawful employment practices

The Commission is empowered, as hereinafter provided, to prevent any person from engaging in any unlawful employment practice as set forth in section 2000e-2 or 2000e-3 of this title.

(b) Charges by persons aggrieved or member of Commission of unlawful employment practices by employers, etc.; filing; allegations; notice to respondent; contents of notice; investigation by Commission; contents of charges; prohibition on disclosure of charges; determination of reasonable cause; conference, conciliation, and persuasion for elimination of unlawful practices; prohibition on disclosure of informal endeavors to end unlawful practices; use of evidence in subsequent proceedings; penalties for disclosure of information; time for determination of reasonable cause

Whenever a charge is filed by or on behalf of a person claiming to be aggrieved, or by a member of the Commission, alleging that an employer, employment agency, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs, has engaged in an unlawful employment practice, the Commission shall serve a notice of the charge (including the date, place and circumstances of the alleged unlawful employment practice) on such employer, employment agency, labor organization, or joint labor-management committee (hereinafter referred to as the "respondent") within ten days, and shall make an investigation thereof. Charges shall be in writing under oath or affirmation and shall contain such information and be in such form as the Commission requires. Charges shall not be made public by the Commission. If the Commission determines after such investigation that there is not reasonable cause to believe that the charge is true, it shall dismiss the charge and promptly notify the person claiming to be aggrieved and the respondent of its action. In determining whether reasonable cause exists, the Commission shall accord substantial weight to final findings and orders made by State or local authorities in proceedings commenced under State or local law pursuant to the requirements of subsections (c) and (d) of this section. If the Commission determines after such investigation that there is reasonable cause to believe that the charge is true, the Commission shall endeavor to eliminate any such alleged unlawful employment practice by informal methods of conference, conciliation, and persuasion. Nothing said or done during and as a part of such informal endeavors may be made public by the Commission, its officers or employees, or used as evidence in a subsequent proceeding without the written consent of the persons concerned. Any person who makes public information in violation of this subsection shall be fined not more than $1,000 or imprisoned for not more than one year, or both. The Commission shall make its determination on reasonable cause as promptly as possible and, so far as practicable, not later than one hundred and twenty days from the filing of the charge or, where applicable under subsection (c) or (d) of this section, from the date upon which the Commission is authorized to take action with respect to the charge.

(c) State or local enforcement proceedings; notification of State or local authority; time for filing charges with Commission; commencement of proceedings

In the case of an alleged unlawful employment practice occurring in a State, or political subdivision of a State, which has a State or local law prohibiting the unlawful employment practice alleged and establishing or authorizing a State or local authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, no charge may be filed under subsection (a)[1] of this section by the person aggrieved before the expiration of sixty days after proceedings have been commenced under the State or local law, unless such proceedings have been earlier terminated, provided that such sixty-day period shall be extended to one hundred and twenty days during the first year after the effective date of such State or local law. If any requirement for the commencement of such proceedings is imposed by a State or local authority other than a requirement of the filing of a written and signed statement of the facts upon which the proceeding is based, the proceeding shall be deemed to have been commenced for the purposes of this subsection at the time such statement is sent by registered mail to the appropriate State or local authority.

(d) State or local enforcement proceedings; notification of State or local authority; time for action on charges by Commission

In the case of any charge filed by a member of the Commission alleging an unlawful employment practice occurring in a State or political subdivision of a State which has a State or local law prohibiting the practice alleged and establishing or authorizing a State or local authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, the Commission shall, before taking any action with respect to such charge, notify the appropriate State or local officials and, upon request, afford them a reasonable time, but not less than sixty days (provided that such sixty-day period shall be extended to one hundred and twenty days during the first year after the effective day of such State or local law), unless a shorter period is requested, to act under such State or local law to remedy the practice alleged.

---

[1] So in original. Probably should be subsection "(b)".

(e) Time for filing charges; time for service of notice of charge on respondent; filing of charge by Commission with State or local agency

A charge under this section shall be filed within one hundred and eighty days after the alleged unlawful employment practice occurred and notice of the charge (including the date, place and circumstances of the alleged unlawful employment practice) shall be served upon the person against whom such charge is made within ten days thereafter, except that in a case of an unlawful employment practice with respect to which the person aggrieved has initially instituted proceedings with a State or local agency with authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, such charge shall be filed by or on behalf of the person aggrieved within three hundred days after the alleged unlawful employment practice occurred, or within thirty days after receiving notice that the State or local agency has terminated the proceedings under the State or local law, whichever is earlier, and a copy of such charge shall be filed by the Commission with the State or local agency.

(f) Civil action by Commission, Attorney General, or person aggrieved; preconditions; procedure; appointment of attorney; payment of fees, costs, or security; intervention; stay of Federal proceedings; action for appropriate temporary or preliminary relief pending final disposition of charge; jurisdiction and venue of United States courts; designation of judge to hear and determine case; assignment of case for hearing; expedition of case; appointment of master

(1) If within thirty days after a charge is filed with the Commission or within thirty days after expiration of any period of reference under subsection (c) or (d) of this section, the Commission has been unable to secure from the respondent a conciliation agreement acceptable to the Commission, the Commission may bring a civil action against any respondent not a government, governmental agency, or political subdivision named in the charge. In the case of a respondent which is a government, governmental agency, or political subdivision, if the Commission has been unable to secure from the respondent a conciliation agreement acceptable to the Commission, the Commission shall take no further action and shall refer the case to the Attorney General who may bring a civil action against such respondent in the appropriate United States district court. The person or persons aggrieved shall have the right to intervene in a civil action brought by the Commission or the Attorney General in a case involving a government, governmental agency, or political subdivision. If a charge filed with the Commission pursuant to subsection (b) of this section, is dismissed by the Commission, or if within one hundred and eighty days from the filing of such charge or the expiration of any period of reference under subsection (c) or (d) of this section, whichever is later, the Commission has not filed a civil action under this section or the Attorney General has not filed a civil action in a case involving a government, governmental agency, or political subdivision, or the Commission has not entered into a conciliation agreement to which the person aggrieved is a party, the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, shall so notify the person aggrieved and within ninety days after the giving of such notice a civil action may be brought against the respondent named in the charge (A) by the person claiming to be aggrieved or (B) if such charge was filed by a member of the Commission, by any person whom the charge alleges was aggrieved by the alleged unlawful employment practice. Upon application by the complainant and in such circumstances as the court may deem just, the court may appoint an attorney for such complainant and may authorize the commencement of the action without the payment of fees, costs, or security. Upon timely application, the court may, in its discretion, permit the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, to intervene in such civil action upon certification that the case is of general public importance. Upon request, the court may, in its discretion, stay further proceedings for not more than sixty days pending the termination of State or local proceedings described in subsection (c) or (d) of this section or further efforts of the Commission to obtain voluntary compliance.

(2) Whenever a charge is filed with the Commission and the Commission concludes on the basis of a preliminary investigation that prompt judicial action is necessary to carry out the purposes of this Act, the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, may bring an action for appropriate temporary or preliminary relief pending final disposition of such charge. Any temporary restraining order or other order granting preliminary or temporary relief shall be issued in accordance with rule 65 of the Federal Rules of Civil Procedure. It shall be the duty of a court having jurisdiction over proceedings under this section to assign cases for hearing at the earliest practicable date and to cause such cases to be in every way expedited.

(3) Each United States district court and each United States court of a place subject to the jurisdiction of the United States shall have jurisdiction of actions brought under this subchapter. Such an action may be brought in any judicial district in the State in which the unlawful employment practice is alleged to have been committed, in the judicial district in which the employment records relevant to such practice are maintained and administered, or in the judicial district in which the aggrieved person would have worked but for the alleged unlawful employment practice, but if the respondent is not found within any such district, such an action may be brought within the judicial district in which the respondent has his principal office. For purposes of sections 1404 and 1406 of title 28, the judicial district in which the respondent has his principal office shall in all cases be considered a district in which the action might have been brought.

(4) It shall be the duty of the chief judge of the district (or in his absence, the acting chief judge) in which the case is pending immediately to designate a judge in such district to hear and determine the case. In the event that no judge in the district is available to hear and determine the case, the chief judge of the district, or the acting chief judge, as the case may be, shall certify this fact to the chief judge of the circuit (or in his absence, the acting chief judge) who shall then designate a district or circuit judge of the circuit to hear and determine the case.

(5) It shall be the duty of the judge designated pursuant to this subsection to assign the case for hearing at the earliest practicable date and to cause the case to be in every way expedited. If such judge has not scheduled the case for trial within one hundred and twenty days after issue has been joined, that judge may appoint a master pursuant to rule 53 of the Federal Rules of Civil Procedure.

(g) Injunctions; appropriate affirmative action; equitable relief; accrual of back pay; reduction of back pay; limitations on judicial orders

If the court finds that the respondent has intentionally engaged in or is intentionally engaging in an unlawful employment practice charged in the complaint, the court may enjoin the respondent from engaging in such unlawful employment practice, and order such affirmative action as may be appropriate, which may include, but is not limited to, reinstatement or hiring of employees, with or without back pay (payable by the employer, employment agency, or labor organization, as the case may be, responsible for the unlawful employment practice), or any other equitable relief as the court deems appropriate. Back pay liability shall not accrue from a date more than two years prior to the filing of a charge with the Commission. Interim earnings or amounts earnable with reasonable diligence by the person or persons discriminated against shall operate to reduce the back pay otherwise allowable. No order of the court shall require the admission or reinstatement of an individual as a member of a union, or the hiring, reinstatement, or promotion of an individual as an employee, or the payment to him of any back pay, if such individual was refused admission, suspended, or expelled, or was refused employment or advancement or was suspended or discharged for any reason other than discrimination on account of race, color, religion, sex, or national origin or in violation of section 2000e-3(a) of this title.

(h) Provisions of chapter 6 of title 29 not applicable to civil actions for prevention of unlawful practices

The provisions of chapter 6 of title 29 shall not apply with respect to civil actions brought under this section.

(i) Proceedings by Commission to compel compliance with judicial orders

In any case in which an employer, employment agency, or labor organization fails to comply with an order of a court issued in a civil action brought under this section, the Commission may commence proceedings to compel compliance with such order.

(j) Appeals

Any civil action brought under this section and any proceedings brought under subsection (i) of this section shall be subject to appeal as provided in sections 1291 and 1292, title 28.

(k) Attorney's fee; liability of Commission and United States for costs

In any action or proceeding under this subchapter the court, in its discretion, may allow the prevailing party, other than the Commission or the United States, a reasonable attorney's fee as part of the costs, and the Commission and the United States shall be liable for costs the same as a private person.

REFERENCES IN TEXT

This Act, referred to in subsec. (f)(2), means Pub. L. 88-352, July 2, 1964, 78 Stat. 241, as amended, known as the Civil Rights Act of 1964, which is classified principally to subchapters II to IX of this chapter (§ 2000a et seq.). For complete classification of this Act to the Code, see Short Title note set out under section 2000a of this title and Tables.

Rules 65 and 53 of the Federal Rules of Civil Procedure, referred to in subsec. (f)(2), (5), are set out in the Appendix to Title 28, Judiciary and Judicial Procedure.

Chapter 6 (§ 101 et seq.) of title 29, referred to in subsec. (h), is a reference to act Mar. 23, 1932, ch. 90, 47 Stat. 70, as amended, popularly known as the Norris-LaGuardia Act. For complete classification of this Act to the Code, see Tables.

AMENDMENTS

1972—Subsec. (a). Pub. L. 92-261, § 4(a), added subsec. (a). Former subsec. (a) redesignated (b) and amended generally.

Subsec. (b). Pub. L. 92-261, § 4(a), redesignated former subsec. (a) as (b), modified the procedure for the filing and consideration of charges by the Commission, subjected to coverage unlawful employment practices of joint labor-management committees controlling apprenticeship or other training or retraining, including on-the-job training programs, required the Commission to accord substantial weight to final findings and orders made by State or local authorities in proceedings commenced under State or local law in its determination of reasonable cause, and inserted provision setting forth the time period, after charges have been filed, allowed to the Commission to determine reasonable cause. Former subsec. (b) redesignated (c).

Subsecs. (c), (d). Pub. L. 92-261, § 4(a), redesignated former subsecs. (b) and (c) as (c) and (d), respectively. Former subsec. (d) redesignated (e).

Subsec. (e). Pub. L. 92-261, § 4(a), redesignated former subsec. (d) as (e), extended from ninety to one hundred and eighty days after the occurrence of the alleged unlawful employment practice the time for filing charges under this section and from two hundred and ten to three hundred days the time for filing such charges where the person aggrieved initially instituted proceedings with a State or local agency, and inserted requirement that notice of the charge be served on the respondent within ten days after filing. Former subsec. (e) redesignated (f)(1).

Subsec. (f). Pub. L. 92-261, § 4(a), redesignated former subsec. (e) as par. (1), substituted provisions setting forth the procedure for civil actions where the Commission was unable to secure from the respondents a conciliation agreement to prevent further unlawful employment practices for provisions setting forth the procedure for civil actions where the Commission was unable to obtain voluntary compliance with this subchapter and inserted provisions setting forth the procedure for civil action where the respondent is a government, governmental agency, or political subdivision and the Commission could not secure a conciliation agreement, added par. (2), redesignated former subsec. (f) as par. (3), substituted "aggrieved person" for "plaintiff", and added pars. (4) and (5).

Subsec. (g). Pub. L. 92-261, § 4(a), inserted provisions which authorized the court to order affirmative action not limited solely to the enumerated affirmative acts and such other equitable relief as deemed appropriate, and provisions which set forth the accrual date for back pay.

Subsecs. (i), (j). Pub. L. 92-261, § 4(b)(1), (2), substituted "this section" for "subsection (e) of this section".

EFFECTIVE DATE OF 1972 AMENDMENT

Section 14 of Pub. L. 92-261 provided that: "The amendments made by this Act to section 706 of the Civil Rights Act of 1964 [this section] shall be applicable with respect to charges pending with the Commission on the date of enactment of this Act [Mar. 24, 1972] and all charges filed thereafter."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 2000e-4, 2000e-6, 2000e-8, 2000e-16 of this title; title 5 section 7701; title 29 section 794a; title 31 section 755.

§ 2000e–6. Civil actions by the Attorney General

(a) Complaint

Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights secured by this subchapter, and that the pattern or practice is of such a nature and is intended to deny the full exercise of the rights herein described, the Attorney General may bring a civil action in the appropriate district court of the United States by filing with it a complaint (1) signed by him (or in his absence the Acting Attorney General), (2) setting forth facts pertaining to such pattern or practice, and (3) requesting such relief, including an application for a permanent or temporary injunction, restraining order or other order against the person or persons responsible for such pattern or practice, as he deems necessary to insure the full enjoyment of the rights herein described.

(b) Jurisdiction; three-judge district court for cases of general public importance: hearing, determination, expedition of action, review by Supreme Court; single judge district court: hearing, determination, expedition of action

The district courts of the United States shall have and shall exercise jurisdiction of proceedings instituted pursuant to this section, and in any such proceeding the Attorney General may file with the clerk of such court a request that a court of three judges be convened to hear and determine the case. Such request by the Attorney General shall be accompanied by a certificate that, in his opinion, the case is of general public importance. A copy of the certificate and request for a three-judge court shall be immediately furnished by such clerk to the chief judge of the circuit (or in his absence, the presiding circuit judge of the circuit) in which the case is pending. Upon receipt of such request it shall be the duty of the chief judge of the circuit or the presiding circuit judge, as the case may be, to designate immediately three judges in such circuit, of whom at least one shall be a circuit judge and another of whom shall be a district judge of the court in which the proceeding was instituted, to hear and determine such case, and it shall be the duty of the judges so designated to assign the case for hearing at the earliest practicable date, to participate in the hearing and determination thereof, and to cause the case to be in every way expedited. An appeal from the final judgment of such court will lie to the Supreme Court.

In the event the Attorney General fails to file such a request in any such proceeding, it shall be the duty of the chief judge of the district (or in his absence, the acting chief judge) in which the case is pending immediately to designate a judge in such district to hear and determine the case. In the event that no judge in the district is available to hear and determine the case, the chief judge of the district, or the acting chief judge, as the case may be, shall certify this fact to the chief judge of the circuit (or in his absence, the acting chief judge) who shall then designate a district or circuit judge of the circuit to hear and determine the case.

It shall be the duty of the judge designated pursuant to this section to assign the case for hearing at the earliest practicable date and to cause the case to be in every way expedited.

(c) Transfer of functions, etc., to Commission; effective date; prerequisite to transfer; execution of functions by Commission

Effective two years after March 24, 1972, the functions of the Attorney General under this section shall be transferred to the Commission, together with such personnel, property, records, and unexpended balances of appropriations, allocations, and other funds employed, used, held, available, or to be made available in connection with such functions unless the President submits, and neither House of Congress vetoes, a reorganization plan pursuant to chapter 9 of title 5, inconsistent with the provisions of this subsection. The Commission shall carry out such functions in accordance with subsections (d) and (e) of this section.

(d) Transfer of functions, etc., not to affect suits commenced pursuant to this section prior to date of transfer

Upon the transfer of functions provided for in subsection (c) of this section, in all suits commenced pursuant to this section prior to the date of such transfer, proceedings shall continue without abatement, all court orders and decrees shall remain in effect, and the Commission shall be substituted as a party for the United States of America, the Attorney General, or the Acting Attorney General, as appropriate.

(e) Investigation and action by Commission pursuant to filing of charge of discrimination; procedure

Subsequent to March 24, 1972, the Commission shall have authority to investigate and act on a charge of a pattern or practice of discrimination, whether filed by or on behalf of a person claiming to be aggrieved or by a member of the Commission. All such actions shall be conducted in accordance with the procedures set forth in section 2000e-5 of this title.

(Pub. L. 88-352, title VII, § 707, July 2, 1964, 78 Stat. 261; Pub. L. 92-261, § 5, Mar. 24, 1972, 86 Stat. 107.)

AMENDMENTS

1972—Subsecs. (c) to (e). Pub. L. 92-261 added subsecs. (c) to (e).

TRANSFER OF FUNCTIONS

Any function of the Equal Employment Opportunity
Commission concerning initiation of litigation with re-
spect to State or local government, or political subdivi-
sions under this section, and all necessary functions
related thereto, including investigation, findings,
notice and an opportunity to resolve the matter with-
out contested litigation, were transferred to the Attor-
ney General, to be exercised by him in accordance
with procedures consistent with this subchapter, and
with the Attorney General authorized to delegate any
function under this section to any officer or employee
of the Department of Justice, by Reorg. Plan No. 1 of
1978, § 5, 43 F.R. 19807, 92 Stat. 3781, set out as a note
under section 2000e-4 of this title.

EX. ORD. NO. 12068. TRANSFER OF CERTAIN FUNCTIONS TO ATTORNEY GENERAL

Ex. Ord. No. 12068, June 30, 1978, 43 F.R. 28971, provided:

By virtue of the authority vested in me as President
of the United States by the Constitution and laws of
the United States, including Section 9 of Reorganiza-
tion Plan Number 1 of 1978 (43 FR 19807) [set out as a
note under section 2000e-4 of this title], in order to
clarify the Attorney General's authority to initiate
public sector litigation under Section 707 of Title VII
of the Civil Rights Act of 1964, as amended (42 U.S.C.
2000e-6), it is ordered as follows:

1-1. SECTION 707 FUNCTIONS OF THE ATTORNEY GENERAL

1-101. Section 5 of Reorganization Plan Number 1 of
1978 (43 FR 19807) [set out as a note under section
2000e-4 of this title] shall become effective on July 1,
1978.

1-102. The functions transferred to the Attorney
General by Section 5 of Reorganization Plan Number
1 of 1978 [set out as a note under section 2000e-4 of
this title] shall, consistent with Section 707 of Title
VII of the Civil Rights Act of 1964, as amended [this
section], be performed in accordance with Department
of Justice procedures heretofore followed under Sec-
tion 707.

JIMMY CARTER

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 2000e-4 of this title.

§ 2000e-7. Effect on State laws

Nothing in this subchapter shall be deemed to exempt or relieve any person from any liability, duty, penalty, or punishment provided by any present or future law of any State or political subdivision of a State, other than any such law which purports to require or permit the doing of any act which would be an unlawful employment practice under this subchapter.

(Pub. L. 88-352, title VII, § 708, July 2, 1964, 78 Stat. 262.)

§ 2000e-8. Investigations

(a) Examination and copying of evidence related to unlawful employment practices

In connection with any investigation of a
charge filed under section 2000e-5 of this title,
the Commission or its designated representa-
tive shall at all reasonable times have access to,
for the purposes of examination, and the right
to copy any evidence of any person being inves-
tigated or proceeded against that relates to un-
lawful employment practices covered by this
subchapter and is relevant to the charge under
investigation.

(b) Cooperation with State and local agencies administering State fair employment practices laws; participation in and contribution to research and other projects; utilization of services; payment in advance or reimbursement; agreements and rescission of agreements

The Commission may cooperate with State
and local agencies charged with the administra-
tion of State fair employment practices laws
and, with the consent of such agencies, may,
for the purpose of carrying out its functions
and duties under this subchapter and within
the limitation of funds appropriated specifical-
ly for such purpose, engage in and contribute to
the cost of research and other projects of
mutual interest undertaken by such agencies,
and utilize the services of such agencies and
their employees, and, notwithstanding any
other provision of law, pay by advance or reim-
bursement such agencies and their employees
for services rendered to assist the Commission
in carrying out this subchapter. In furtherance
of such cooperative efforts, the Commission
may enter into written agreements with such
State or local agencies and such agreements
may include provisions under which the Com-
mission shall refrain from processing a charge
in any cases or class of cases specified in such
agreements or under which the Commission
shall relieve any person or class of persons in
such State or locality from requirements im-
posed under this section. The Commission shall
rescind any such agreement whenever it deter-
mines that the agreement no longer serves the
interest of effective enforcement of this sub-
chapter.

(c) Execution, retention, and preservation of records; reports to Commission; training program records; appropriate relief from regulation or order for undue hardship; procedure for exemption; judicial action to compel compliance

Every employer, employment agency, and
labor organization subject to this subchapter
shall (1) make and keep such records relevant
to the determinations of whether unlawful em-
ployment practices have been or are being com-
mitted, (2) preserve such records for such peri-
ods, and (3) make such reports therefrom as
the Commission shall prescribe by regulation or
order, after public hearing, as reasonable, nec-
essary, or appropriate for the enforcement of
this subchapter or the regulations or orders
thereunder. The Commission shall, by regula-
tion, require each employer, labor organization,
and joint labor-management committee subject

to this subchapter which controls an apprenticeship or other training program to maintain such records as are reasonably necessary to carry out the purposes of this subchapter, including, but not limited to, a list of applicants who wish to participate in such program, including the chronological order in which applications were received, and to furnish to the Commission upon request, a detailed description of the manner in which persons are selected to participate in the apprenticeship or other training program. Any employer, employment agency, labor organization, or joint labor-management committee which believes that the application to it of any regulation or order issued under this section would result in undue hardship may apply to the Commission for an exemption from the application of such regulation or order, and, if such application for an exemption is denied, bring a civil action in the United States district court for the district where such records are kept. If the Commission or the court, as the case may be, finds that the application of the regulation or order to the employer, employment agency, or labor organization in question would impose an undue hardship, the Commission or the court, as the case may be, may grant appropriate relief. If any person required to comply with the provisions of this subsection fails or refuses to do so, the United States district court for the district in which such person is found, resides, or transacts business, shall, upon application of the Commission, or the Attorney General in a case involving a government, governmental agency or political subdivision, have jurisdiction to issue to such person an order requiring him to comply.

(d) Consultation and coordination between Commission and interested State and Federal agencies in prescribing recordkeeping and reporting requirements; availability of information furnished pursuant to recordkeeping and reporting requirements; conditions on availability

In prescribing requirements pursuant to subsection (c) of this section, the Commission shall consult with other interested State and Federal agencies and shall endeavor to coordinate its requirements with those adopted by such agencies. The Commission shall furnish upon request and without cost to any State or local agency charged with the administration of a fair employment practice law information obtained pursuant to subsection (c) of this section from any employer, employment agency, labor organization, or joint labor-management committee subject to the jurisdiction of such agency. Such information shall be furnished on condition that it not be made public by the recipient agency prior to the institution of a proceeding under State or local law involving such information. If this condition is violated by a recipient agency, the Commission may decline to honor subsequent requests pursuant to this subsection.

(e) Prohibited disclosures; penalties

It shall be unlawful for any officer or employee of the Commission to make public in any manner whatever any information obtained by the Commission pursuant to its authority under this section prior to the institution of any proceeding under this subchapter involving such information. Any officer or employee of the Commission who shall make public in any manner whatever any information in violation of this subsection shall be guilty, of a misdemeanor and upon conviction thereof, shall be fined not more than $1,000, or imprisoned not more than one year.

(Pub. L. 88-352, title VII, § 709, July 2, 1964, 78 Stat. 262; Pub. L. 92-261, § 6, Mar. 24, 1972, 86 Stat. 107.)

AMENDMENTS

1972—Subsec. (b). Pub. L. 92-261 inserted provisions authorizing the Commission to engage in and contribute to the cost of research and other projects undertaken by State and local agencies and provisions authorizing the Commission to make advance payments to State and local agencies and their employees for services rendered to the Commission, and struck out provisions relating to agreements between the Commission and State and local agencies prohibiting private civil actions under section 2000e-5 of this title in specified cases.

Subsec. (c). Pub. L. 92-261 struck out "Except as provided in subsection (d) of this section," before "every employer, employment agency, and labor organization subject to this subchapter shall (1)", required the party seeking an exemption to bring an action in the district court only after the Commission denied the application for the exemption, and inserted provision which authorized the Commission, or the Attorney General in a case involving a government, etc., to apply for a court order compelling compliance with the recordkeeping and reporting obligations set out in this subsection.

Subsec. (d). Pub. L. 92-261 substituted provisions requiring consultation and coordination between Federal and State agencies in prescribing recordkeeping and reporting requirements pursuant to subsec. (c) of this section, and authorizing the Commission to furnish information obtained pursuant to subsec. (c) of this section to interested State and local agencies, for provisions exempting from recordkeeping and reporting requirements employers, etc., required to keep records and make reports under State or local fair employment practice laws, except for the maintenance of notations by such employers, etc., which reflect the differences in coverage or enforcement between State or local laws and the provisions of this subchapter, and dispensing with recordkeeping and reporting requirements where the employer reports under some Executive Order prescribing fair employment practices for Government contractors or subcontractors.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 2000e-9 of this title.

§ 2000e-9. Conduct of hearings and investigations pursuant to section 161 of title 29

For the purpose of all hearings and investigations conducted by the Commission or its duly authorized agents or agencies, section 161 of title 29 shall apply.

(Pub. L. 88-352, title VII, § 710, July 2, 1964, 78 Stat. 264; Pub. L. 92-261, § 7, Mar. 24, 1972, 86 Stat. 109.)

AMENDMENTS

1972—Pub. L. 92-261 substituted provisions making applicable section 161 of title 29 to all hearings and investigations conducted by the Commission or its authorized agents or agencies, for provisions enumerating the investigatory powers of the Commission and the procedure for their enforcement.

§ 2000e-10. Posting of notices; penalties

(a) Every employer, employment agency, and labor organization, as the case may be, shall post and keep posted in conspicuous places upon its premises where notices to employees, applicants for employment, and members are customarily posted a notice to be prepared or approved by the Commission setting forth excerpts, from or, summaries of, the pertinent provisions of this subchapter and information pertinent to the filing of a complaint.

(b) A willful violation of this section shall be punishable by a fine of not more than $100 for each separate offense.

(Pub. L. 88-352, title VII, § 711, July 2, 1964, 78 Stat. 265.)

§ 2000e-11. Veterans' special rights or preference

Nothing contained in this subchapter shall be construed to repeal or modify any Federal, State, territorial, or local law creating special rights or preference for veterans.

(Pub. L. 88-352, title VII, § 712, July 2, 1964, 78 Stat. 265.)

§ 2000e-12. Regulations; conformity of regulations with administrative procedure provisions; reliance on interpretations and instructions of Commission

(a) The Commission shall have authority from time to time to issue, amend, or rescind suitable procedural regulations to carry out the provisions of this subchapter. Regulations issued under this section shall be in conformity with the standards and limitations of subchapter II of chapter 5 of title 5.

(b) In any action or proceeding based on any alleged unlawful employment practice, no person shall be subject to any liability or punishment for or on account of (1) the commission by such person of an unlawful employment practice if he pleads and proves that the act or omission complained of was in good faith, in conformity with, and in reliance on any written interpretation or opinion of the Commission, or (2) the failure of such person to publish and file any information required by any provision of this subchapter if he pleads and proves that he failed to publish and file such information in good faith, in conformity with the instructions of the Commission issued under this subchapter regarding the filing of such information. Such a defense, if established, shall be a bar to the action or proceeding, notwithstanding that (A) after such act or omission, such interpretation or opinion is modified or rescinded or is determined by judicial authority to be invalid or of no legal effect, or (B) after publishing or filing the description and annual reports, such publication or filing is determined by judicial authority not to be in conformity with the requirements of this subchapter.

(Pub. L. 88-352, title VII, § 713, July 2, 1964, 78 Stat. 265.)

CODIFICATION

In subsec. (a), "subchapter II of chapter 5 of title 5" was substituted for "the Administrative Procedure Act" on authority of Pub. L. 89-554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

§ 2000e-13. Application to personnel of Commission of sections 111 and 1114 of title 18; punishment for violation of section 1114 of title 18

The provisions of sections 111 and 1114, title 18, shall apply to officers, agents, and employees of the Commission in the performance of their official duties. Notwithstanding the provisions of sections 111 and 1114 of title 18, whoever in violation of the provisions of section 1114 of such title kills a person while engaged in or on account of the performance of his official functions under this Act shall be punished by imprisonment for any term of years or for life.

(Pub. L. 88-352, title VII, § 714, July 2, 1964, 78 Stat. 265; Pub. L. 92-261, § 8(g), Mar. 24, 1972, 86 Stat. 110.)

REFERENCES IN TEXT

This Act, referred to in text, means Pub. L. 88-352, July 2, 1964, 78 Stat. 241, as amended, known as the Civil Rights Act of 1964, which is classified principally to subchapters II to IX of this chapter (§ 2000a et seq.). For complete classification of this Act to the Code, see Short Title note set out under section 2000a of this title and Tables.

AMENDMENTS

1972—Pub. L. 92-261 inserted provisions which made section 1114 of title 18 applicable to officers, etc., of the Commission and set forth punishment for violation of such section 1114.

§ 2000e-14. Equal Employment Opportunity Coordinating Council; establishment; composition; duties; report to President and Congress

The Equal Employment Opportunity Commission shall have the responsibility for developing and implementing agreements, policies and practices designed to maximize effort, promote efficiency, and eliminate conflict, competition, duplication and inconsistency among the operations, functions and jurisdictions of the various departments, agencies and branches of the Federal Government responsible for the implementation and enforcement of equal employment opportunity legislation, orders, and policies. On or before October 1 of each year, the Equal Employment Opportunity Commission shall transmit to the President and to the Congress a report of its activities, together with such recommendations for legislative or administrative changes as it concludes are desirable to further promote the purposes of this section.

(Pub. L. 88-352, title VII, § 715, July 2, 1964, 78 Stat. 265; Pub. L. 92-261, § 10, Mar. 24, 1972, 86 Stat. 111; Pub. L. 94-273, § 3(24), Apr. 21, 1976, 90 Stat. 377; 1978 Reorg. Plan No. 1, § 6, eff. July 1, 1978, 43 F.R. 19807, 92 Stat. 3781.)

CODIFICATION

The first sentence of this section, which read "There shall be established an Equal Employment Opportunity Coordinating Council (hereinafter referred to in

(iii) the period or periods when, or with respect to which, the applicant or participant actually received such wages or benefits.

(C) Such applicant or participant shall be informed by the agency or owner of the findings made by the agency or owner on the basis of such verified information, and shall be given an opportunity to contest such findings, in the same manner as applies to other information and findings relating to eligibility factors under the program.

(3) Penalty

(A) Any person who knowingly and willfully requests or obtains any information concerning an applicant or participant pursuant to the authority contained in section 503(i) of this title under false pretenses, or any person who knowingly and willfully discloses any such information in any manner to any individual not entitled under any law to receive it, shall be guilty of a misdemeanor and fined not more than $5,000. The term "person" as used in this paragraph shall include an officer or employee of the Department of Housing and Urban Development, an officer or employee of any public housing agency, and any owner responsible for determining eligibility for or level of benefits (or employee thereof).

(B) Any applicant or participant affected by (i) a negligent or knowing disclosure of information referred to in this section or in section 503(i) of this title about such person by an officer or employee of any public housing agency or owner (or employee thereof), which disclosure is not authorized by this section, such section 503(i), or any regulation implementing this section or such section 503(i), or (ii) any other negligent or knowing action that is inconsistent with this section, such section 503(i), or any such implementing regulation may bring a civil action for damages and such other relief as may be appropriate against any officer or employee of any public housing agency or owner (or employee thereof) responsible for any such unauthorized action. The district court of the United States in the district in which the affected applicant or participant resides, in which such unauthorized action occurred, or in which the applicant or participant alleged to be responsible for any such unauthorized action resides, shall have jurisdiction in such matters. Appropriate relief that may be ordered by such district courts shall include reasonable attorney's fees and other litigation costs.

(d) Effective date

(1) In general

Except as provided in paragraphs (2) and (3), the provisions of this section shall take effect on September 30, 1989.

(2) Optional early implementation

At the initiative of a State or an agency of the State, and with the approval of the Secretary of Labor, the amendments made by subsection (c)(1) may be made effective in such State on any date before September 30, 1989, which is more than 90 days after November 7, 1988.

(3) Requirements for State agencies

In the case of any State the legislature of which has not been in session for at least 30 calendar days (whether or not consecutive) between November 7, 1988, and September 30, 1989, the amendments made by subsection (c)(1) shall take effect 30 calendar days after the first day on which such legislature is in session on or after September 30, 1989.

(Pub. L. 100-628, title IX, § 904, Nov. 7, 1988, 102 Stat. 3259.)

REFERENCES IN TEXT

The amendments made by subsection (c)(1), referred to in subsec. (d)(2), (3), mean the amendments made by section 904(c)(1) of Pub. L. 100-628, which enacted section 503(i) and amended section 504(a)(2) of this title. See Codification note below.

CODIFICATION

Section is comprised of section 904 of Pub. L. 100-628. Subsec. (c)(1) of section 904 of Pub. L. 100-628 amended sections 503 and 504 of this title.

Section was enacted as part of the Stewart B. McKinney Homeless Assistance Amendments Act of 1988, and not as part of the Department of Housing and Urban Development Act which comprises this chapter.

§ 3601. Declaration of policy

It is the policy of the United States to provide, within constitutional limitations, for fair housing throughout the United States.

(Pub. L. 90-284, title VIII, § 801, Apr. 11, 1968, 82 Stat. 81.)

EFFECTIVE DATE OF 1988 AMENDMENT

Pub. L. 100-430, § 13(a), Sept. 13, 1988, 102 Stat. 1636, provided that: "This Act and the amendments made by this Act [see Short Title of 1988 Amendment note below] shall take effect on the 180th day beginning after the date of the enactment of this Act [Sept. 13, 1988]."

SHORT TITLE OF 1988 AMENDMENT

Pub. L. 100-430, § 1, Sept. 13, 1988, 102 Stat. 1619, provided that: "This Act [enacting sections 3610 to 3614a of this title, amending sections 3602, 3604 to 3608, 3615 to 3619, and 3631 of this title and sections 2341 and 2342 of Title 28, Judiciary and Judicial Procedure, repealing former sections 3610 to 3613 of this title, and enacting provisions set out as notes under sections 3601 and 3602 of this title] may be cited as the 'Fair Housing Amendments Act of 1988'."

SHORT TITLE

Section 1 of Pub. L. 90-284, as added by Pub. L. 100-430, § 2, Sept. 13, 1988, 102 Stat. 1619, provided: "That this Act [enacting this chapter, sections 231 to 233, 245, 2101, and 2102 of Title 18, Crimes and Criminal Procedure, and sections 1301 to 1303, 1311, 1312, 1321 to 1326, 1331, and 1341 of Title 25, Indians, amending sections 1973j, 3533, 3535 of this title, and sections 241, 242, and 1153 of Title 18, enacting provisions set out as notes under sections 231 and 245 of Title 18, and repealing provisions set out as notes under section 1360 of Title 28, Judiciary and Judicial Procedure] may be cited as the 'Civil Rights Act of 1968'."

Section 800 of Pub. L. 90-284, title VIII, as added by Pub. L. 100-430, § 4, Sept. 13, 1988, 102 Stat. 1619, provided that: "This title [enacting this subchapter and amending sections 3533 and 3535 of this title] may be cited as the 'Fair Housing Act'."

SEPARABILITY OF PROVISIONS

Pub. L. 100-430, § 14, Sept. 13, 1988, 102 Stat. 1636, provided that: "If any provision of this Act [see Short Title of 1988 Amendment note above] or the application thereof to any person or circumstances is held invalid, the remainder of the Act and the application of the provision to other persons not similarly situated or to other circumstances shall not be affected thereby."

DISCLAIMER OF PREEMPTIVE EFFECT ON OTHER ACTS

Pub. L. 100-430, § 12, Sept. 13, 1988, 102 Stat. 1636, provided that: "Nothing in the Fair Housing Act [this subchapter] as amended by this Act [see Short Title of 1988 Amendment note above] limits any right, procedure, or remedy available under the Constitution or any other Act of the Congress not so amended."

INITIAL RULEMAKING

Pub. L. 100-430, § 13(b), Sept. 13, 1988, 102 Stat. 1636, provided that: "In consultation with other appropriate Federal agencies, the Secretary shall, not later than the 180th day after the date of the enactment of this Act [Sept. 13, 1988], issue rules to implement title VIII [this subchapter] as amended by this Act [see Short Title of 1988 Amendment note above]. The Secretary shall give public notice and opportunity for comment with respect to such rules."

Federally Protected Activities; Penalties

Penalties for violations respecting federally protected activities not applicable to and not affecting activities under this subchapter, see section 101(b) of Pub. L. 90-284, set out as a note under section 245 of Title 18, Crimes and Criminal Procedure.

§ 3602. Definitions

As used in this subchapter—

(a) "Secretary" means the Secretary of Housing and Urban Development.

(b) "Dwelling" means any building, structure, or portion thereof which is occupied as, or designed or intended for occupancy as, a residence by one or more families, and any vacant land which is offered for sale or lease for the construction or location thereon of any such building, structure, or portion thereof.

(c) "Family" includes a single individual.

(d) "Person" includes one or more individuals, corporations, partnerships, associations, labor organizations, legal representatives, mutual companies, joint-stock companies, trusts, unincorporated organizations, trustees, trustees in cases under title 11, receivers, and fiduciaries.

(e) "To rent" includes to lease, to sublease, to let and otherwise to grant for a consideration the right to occupy premises not owned by the occupant.

(f) "Discriminatory housing practice" means an act that is unlawful under section 3604, 3605, 3606, or 3617 of this title.

(g) "State" means any of the several States, the District of Columbia, the Commonwealth of Puerto Rico, or any of the territories and possessions of the United States.

(h) "Handicap" means, with respect to a person—

(1) a physical or mental impairment which substantially limits one or more of such person's major life activities,

(2) a record of having such an impairment, or

(3) being regarded as having such an impairment,

but such term does not include current, illegal use of or addiction to a controlled substance (as defined in section 802 of title 21).

(i) "Aggrieved person" includes any person who—

(1) claims to have been injured by a discriminatory housing practice; or

(2) believes that such person will be injured by a discriminatory housing practice that is about to occur.

(j) "Complainant" means the person (including the Secretary) who files a complaint under section 3610 of this title.

(k) "Familial status" means one or more individuals (who have not attained the age of 18 years) being domiciled with—

(1) a parent or another person having legal custody of such individual or individuals; or

(2) the designee of such parent or other person having such custody, with the written permission of such parent or other person.

The protections afforded against discrimination on the basis of familial status shall apply to any person who is pregnant or is in the process of securing legal custody of any individual who has not attained the age of 18 years.

(*l*) "Conciliation" means the attempted resolution of issues raised by a complaint, or by the investigation of such complaint, through informal negotiations involving the aggrieved person, the respondent, and the Secretary.

(m) "Conciliation agreement" means a written agreement setting forth the resolution of the issues in conciliation.

(n) "Respondent" means—

(1) the person or other entity accused in a complaint of an unfair housing practice; and

(2) any other person or entity identified in the course of investigation and notified as required with respect to respondents so identified under section 3610(a) of this title.

(*o*) "Prevailing party" has the same meaning as such term has in section 1988 of this title.

(Pub. L. 90-284, title VIII, § 802, Apr. 11, 1968, 82 Stat. 81; Pub. L. 95-598, title III, § 331, Nov. 6, 1978, 92 Stat. 2679; Pub. L. 100-430, § 5, Sept. 13, 1988, 102 Stat. 1619.)

Amendments

1988—Subsec. (f). Pub. L. 100-430, § 5(a), substituted "3606, or 3617" for "or 3606".

Subsecs. (h) to (*o*). Pub. L. 100-430, § 5(b), added subsecs. (h) to (*o*).

1978—Subsec. (d). Pub. L. 95-598 substituted "trustees in cases under title 11" for "trustees in bankruptcy".

Effective Date of 1988 Amendment

Amendment by Pub. L. 100-430 effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as a note under section 3601 of this title.

Effective Date of 1978 Amendment

Amendment by Pub. L. 95-598 effective Oct. 1, 1979, see section 402(a) of Pub. L. 95-598, set out as an Effective Date note preceding section 101 of Title 11, Bankruptcy.

Transvestism

Section 6(b)(3) of Pub. L. 100-430 provided that: "For the purposes of this Act [see Short Title of 1988 Amendment note set out under section 3601 of this title] as well as chapter 16 of title 29 of the United States Code [29 U.S.C. 701 et seq.], neither the term 'individual with handicaps' nor the term 'handicap' shall apply to an individual solely because that individual is a transvestite."

§ 3603. Effective dates of certain prohibitions

(a) Application to certain described dwellings

Subject to the provisions of subsection (b) of this section and section 3607 of this title, the prohibitions against discrimination in the sale or rental of housing set forth in section 3604 of this title shall apply:

(1) Upon enactment of this subchapter, to—

(A) dwellings owned or operated by the Federal Government;

(B) dwellings provided in whole or in part with the aid of loans, advances, grants, or contributions made by the Federal Government, under agreements entered into after November 20, 1962, unless payment due thereon has been made in full prior to April 11, 1968;

(C) dwellings provided in whole or in part by loans insured, guaranteed, or otherwise secured by the credit of the Federal Government, under agreements entered into after November 20, 1962, unless payment thereon has been made in full prior to April 11, 1968: *Provided*, That nothing contained in subparagraphs (B) and (C) of this subsection shall be applicable to dwellings solely by virtue of the fact that they are subject to mortgages held by an FDIC or FSLIC institution; and

(D) dwellings provided by the development or the redevelopment of real property purchased, rented, or otherwise obtained from a State or local public agency receiving Federal financial assistance for slum clearance or urban renewal with respect to such real property under loan or grant contracts entered into after November 20, 1962.

(2) After December 31, 1968, to all dwellings covered by paragraph (1) and to all other dwellings except as exempted by subsection (b) of this section.

(b) Exemptions

Nothing in section 3604 of this title (other than subsection (c)) shall apply to—

(1) any single-family house sold or rented by an owner: *Provided*, That such private individual owner does not own more than three such single-family houses at any one time: *Provided further*, That in the case of the sale of any such single-family house by a private individual owner not residing in such house at the time of such sale or who was not the most recent resident of such house prior to such sale, the exemption granted by this subsection shall apply only with respect to one such sale within any twenty-four month period: *Provided further*, That such bona fide private individual owner does not own any interest in, nor is there owned or reserved on his behalf, under any express or voluntary agreement, title to or any right to all or a portion of the proceeds from the sale or rental of, more than three such single-family houses at any one time: *Provided further*, That after December 31, 1969, the sale or rental of any such single-family house shall be excepted from the application of this subchapter only if such house is sold or rented (A) without the use in any manner of the sales or rental facilities or the sales or rental services of any real estate broker, agent, or salesman, or of such facilities or services of any person in the business of selling or renting dwellings, or of any employee or agent of any such broker, agent, salesman, or person and (B) without the publication, posting or mailing, after notice, of any advertisement or written notice in violation of section 3604(c) of this title; but nothing in this proviso shall prohibit the use of attorneys, escrow agents, abstractors, title companies, and other such professional assistance as necessary to perfect or transfer the title, or

(2) rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his residence.

(c) Business of selling or renting dwellings defined

For the purposes of subsection (b) of this section, a person shall be deemed to be in the business of selling or renting dwellings if—

(1) he has, within the preceding twelve months, participated as principal in three or more transactions involving the sale or rental of any dwelling or any interest therein, or

(2) he has, within the preceding twelve months, participated as agent, other than in the sale of his own personal residence in providing sales or rental facilities or sales or rental services in two or more transactions involving the sale or rental of any dwelling or any interest therein, or

(3) he is the owner of any dwelling designed or intended for occupancy by, or occupied by, five or more families.

(Pub. L. 90-284, title VIII, § 803, Apr. 11, 1968, 82 Stat. 82.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 3604, 3617 of this title.

§ 3604. Discrimination in the sale or rental of housing and other prohibited practices

As made applicable by section 3603 of this title and except as exempted by sections 3603(b) and 3607 of this title, it shall be unlawful—

(a) To refuse to sell or rent after the making of a bona fide offer, or to refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny, a dwelling to any person because of race, color, religion, sex, familial status, or national origin.

(b) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith, because of race, color, religion, sex, familial status, or national origin.

(c) To make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination based on race, color, religion, sex, handicap, familial status, or national origin, or an intention to make any such preference, limitation, or discrimination.

(d) To represent to any person because of race, color, religion, sex, handicap, familial status, or national origin that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available.

(e) For profit, to induce or attempt to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, sex, handicap, familial status, or national origin.

(f)(1) To discriminate in the sale or rental, or to otherwise make unavailable or deny, a dwelling to any buyer or renter because of a handicap of—

(A) that buyer or renter,[1]

(B) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(C) any person associated with that buyer or renter.

(2) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection with such dwelling, because of a handicap of—

(A) that person; or

(B) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(C) any person associated with that person.

(3) For purposes of this subsection, discrimination includes—

(A) a refusal to permit, at the expense of the handicapped person, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises except that, in the case of a rental, the landlord may where it is reasonable to do so condition permission for a modification on the renter agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted.[2]

(B) a refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or

(C) in connection with the design and construction of covered multifamily dwellings for first occupancy after the date that is 30 months after September 13, 1988, a failure to design and construct those dwellings in such a manner that—

(i) the public use and common use portions of such dwellings are readily accessible to and usable by handicapped persons;

(ii) all the doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by handicapped persons in wheelchairs; and

(iii) all premises within such dwellings contain the following features of adaptive design:

(I) an accessible route into and through the dwelling;

(II) light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;

(III) reinforcements in bathroom walls to allow later installation of grab bars; and

(IV) usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space.

(4) Compliance with the appropriate requirements of the American National Standard for buildings and facilities providing accessibility and usability for physically handicapped people (commonly cited as "ANSI A117.1") suffices to satisfy the requirements of paragraph (3)(C)(iii).

(5)(A) If a State or unit of general local government has incorporated into its laws the requirements set forth in paragraph (3)(C), compliance with such laws shall be deemed to satisfy the requirements of that paragraph.

(B) A State or unit of general local government may review and approve newly constructed covered multifamily dwellings for the purpose of making determinations as to whether the design and construction requirements of paragraph (3)(C) are met.

(C) The Secretary shall encourage, but may not require, States and units of local government to include in their existing procedures for the review and approval of newly constructed covered multifamily dwellings, determinations as to whether the design and construction of such dwellings are consistent with paragraph (3)(C), and shall provide technical assistance to States and units of local government and other persons to implement the requirements of paragraph (3)(C).

(D) Nothing in this subchapter shall be construed to require the Secretary to review or approve the plans, designs or construction of all covered multifamily dwellings, to determine whether the design and construction of such dwellings are consistent with the requirements of paragraph 3(C).

(6)(A) Nothing in paragraph (5) shall be construed to affect the authority and responsibility of the Secretary or a State or local public agency certified pursuant to section 3610(f)(3) of this title to receive and process complaints or otherwise engage in enforcement activities under this subchapter.

(B) Determinations by a State or a unit of general local government under paragraphs (5)(A) and (B) shall not be conclusive in enforcement proceedings under this subchapter.

(7) As used in this subsection, the term "covered multifamily dwellings" means—

(A) buildings consisting of 4 or more units if such buildings have one or more elevators; and

(B) ground floor units in other buildings consisting of 4 or more units.

(8) Nothing in this subchapter shall be construed to invalidate or limit any law of a State or political subdivision of a State, or other jurisdiction in which this subchapter shall be effective, that requires dwellings to be designed and constructed in a manner that affords handicapped persons greater access than is required by this subchapter.

(9) Nothing in this subsection requires that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others.

(Pub. L. 90-284, title VIII, § 804, Apr. 11, 1968, 82 Stat. 83; Pub. L. 93-383, title VIII, § 808(b)(1), Aug. 22, 1974, 88 Stat. 729; Pub. L.

---

[1] So in original. The comma probably should be a semicolon.

[2] So in original. The period probably should be a semicolon.

100-430, §§ 6(a)-(b)(2), (e), 15, Sept. 13, 1988, 102 Stat. 1620, 1622, 1623, 1636.)

AMENDMENTS

1988—Pub. L. 100-430, § 6(e), inserted "and other prohibited practices" in section catchline.

Subsecs. (a), (b). Pub. L. 100-430, § 6(b)(2), inserted "familial status," after "sex,".

Subsecs. (c) to (e). Pub. L. 100-430, § 6(b)(1), inserted "handicap, familial status," after "sex,".

Subsec. (f). Pub. L. 100-430, § 6(a), added subsec. (f).

Subsec. (f)(3)(A). Pub. L. 100-430, § 15, which directed the substitution of "except that, in the case of a rental, the landlord may where it is reasonable to do so condition permission for a modification on the renter agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted." for the period at the end of subpar. (A) was executed by making the substitution for a semicolon as the probable intent of Congress because subpar. (A) ended with a semicolon, not a period.

1974—Pub. L. 93-383 inserted ", sex" after "religion" wherever appearing in cls. (a) to (e).

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-430 effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as a note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 3602, 3603, 3617 of this title.

§ 3605. Discrimination in residential real estate-related transactions

(a) In general

It shall be unlawful for any person or other entity whose business includes engaging in residential real estate-related transactions to discriminate against any person in making available such a transaction, or in the terms or conditions of such a transaction, because of race, color, religion, sex, handicap, familial status, or national origin.

(b) "Residential real estate-related transaction" defined

As used in this section, the term "residential real estate-related transaction" means any of the following:

(1) The making or purchasing of loans or providing other financial assistance—

(A) for purchasing, constructing, improving, repairing, or maintaining a dwelling; or

(B) secured by residential real estate.

(2) The selling, brokering, or appraising of residential real property.

(c) Appraisal exemption

Nothing in this subchapter prohibits a person engaged in the business of furnishing appraisals of real property to take into consideration factors other than race, color, religion, national origin, sex, handicap, or familial status.

(Pub. L. 90-284, title VIII, § 805, Apr. 11, 1968, 82 Stat. 83; Pub. L. 93-383, title VIII, § 808(b)(2), Aug. 22, 1974, 88 Stat. 729; Pub. L. 100-430, § 6(c), Sept. 13, 1988, 102 Stat. 1622.)

AMENDMENTS

1988—Pub. L. 100-430 amended section generally. Prior to amendment, section read as follows: "After December 31, 1968, it shall be unlawful for any bank, building and loan association, insurance company or other corporation, association, firm or enterprise whose business consists in whole or in part in the making of commercial real estate loans, to deny a loan or other financial assistance to a person applying therefor for the purpose of purchasing, constructing, improving, repairing, or maintaining a dwelling, or to discriminate against him in the fixing of the amount, interest rate, duration, or other terms or conditions of such loan or other financial assistance, because of the race, color, religion, sex, or national origin of such person or of any person associated with him in connection with such loan or other financial assistance or the purposes of such loan or other financial assistance, or of the present or prospective owners, lessees, tenants, or occupants of the dwelling or dwellings in relation to which such loan or other financial assistance is to be made or given: *Provided*, That nothing contained in this section shall impair the scope or effectiveness of the exception contained in section 3603(b) of this title."

1974—Pub. L. 93-383 inserted ", sex" after "religion".

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-430 effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as a note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 3602, 3617 of this title; title 15 section 1691e.

§ 3606. Discrimination in the provision of brokerage services

After December 31, 1968, it shall be unlawful to deny any person access to or membership or participation in any multiple-listing service, real estate brokers' organization or other service, organization, or facility relating to the business of selling or renting dwellings, or to discriminate against him in the terms or conditions of such access, membership, or participation, on account of race, color, religion, sex, handicap, familial status, or national origin.

(Pub. L. 90-284, title VIII, § 806, Apr. 11, 1968, 82 Stat. 84; Pub. L. 93-383, title VIII, § 808(b)(3), Aug. 22, 1974, 88 Stat. 729; Pub. L. 100-430, § 6(b)(1), Sept. 13, 1988, 102 Stat. 1622.)

AMENDMENTS

1988—Pub. L. 100-430 inserted "handicap, familial status," after "sex,".

1974—Pub. L. 93-383 inserted ", sex" after "religion".

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-430 effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as a note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 3602, 3617 of this title.

§ 3607. Religious organization or private club exemption

(a) Nothing in this subchapter shall prohibit a religious organization, association, or society, or any nonprofit institution or organization operated, supervised or controlled by or in conjunction with a religious organization, association, or society, from limiting the sale, rental or occupancy of dwellings which it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preference to such persons, unless membership in such religion is restricted on account of race, color, or national origin. Nor shall anything in this subchapter prohibit a private club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodgings which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or from giving preference to its members.

(b)(1) Nothing in this subchapter limits the applicability of any reasonable local, State, or Federal restrictions regarding the maximum number of occupants permitted to occupy a dwelling. Nor does any provision in this subchapter regarding familial status apply with respect to housing for older persons.

(2) As used in this section, "housing for older persons" means housing—

(A) provided under any State or Federal program that the Secretary determines is specifically designed and operated to assist elderly persons (as defined in the State or Federal program); or

(B) intended for, and solely occupied by, persons 62 years of age or older; or

(C) intended and operated for occupancy by at least one person 55 years of age or older per unit. In determining whether housing qualifies as housing for older persons under this subsection, the Secretary shall develop regulations which require at least the following factors:

(i) the existence of significant facilities and services specifically designed to meet the physical or social needs of older persons, or if the provision of such facilities and services is not practicable, that such housing is necessary to provide important housing opportunities for older persons; and

(ii) that at least 80 percent of the units are occupied by at least one person 55 years of age or older per unit; and

(iii) the publication of, and adherence to, policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons 55 years of age or older.

(3) Housing shall not fail to meet the requirements for housing for older persons by reason of:

(A) persons residing in such housing as of September 13, 1988, who do not meet the age requirements of subsections[3] (2)(B) or (C): *Provided*, That new occupants of such housing meet the age requirements of subsections[3] (2)(B) or (C); or

(B) unoccupied units: *Provided*, That such units are reserved for occupancy by persons who meet the age requirements of subsections[3] (2)(B) or (C).

(4) Nothing in this subchapter prohibits conduct against a person because such person has been convicted by any court of competent jurisdiction of the illegal manufacture or distribution of a controlled substance as defined in section 802 of title 21.

(Pub. L. 90-284, title VIII, § 807, Apr. 11, 1968, 82 Stat. 84; Pub. L. 100-430, § 6(d), Sept. 13, 1988, 102 Stat. 1622.)

CODIFICATION

September 13, 1988, referred to in subsec. (b)(3)(A), was in the original "the date of enactment of this Act", which was translated as meaning the date of enactment of Pub. L. 100-430, which enacted subsec. (b) of this section, to reflect the probable intent of Congress.

AMENDMENTS

1988—Pub. L. 100-430 designated existing provisions as subsec. (a) and added subsec. (b).

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-430 effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as a note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 3603, 3604 of this title.

§ 3608. Administration

(a) Authority and responsibility

The authority and responsibility for administering this Act shall be in the Secretary of Housing and Urban Development.

(b) Assistant Secretary

The Department of Housing and Urban Development shall be provided an additional Assistant Secretary.

(c) Delegation of authority; appointment of administrative law judges; location of conciliation meetings; administrative review

The Secretary may delegate any of his functions, duties, and powers to employees of the Department of Housing and Urban Development or to boards of such employees, including functions, duties, and powers with respect to investigating, conciliating, hearing, determining, ordering, certifying, reporting, or otherwise acting as to any work, business, or matter under this subchapter. The person to whom such delegations are made with respect to hearing functions, duties, and powers shall be appointed and shall serve in the Department of Housing and Urban Development in compliance with sections 3105, 3344, 5372, and 7521 of title 5. Insofar as possible, conciliation meetings shall be held in the cities or other localities where the discriminatory housing practices allegedly occurred. The Secretary shall by rule prescribe

---

BEST COPY AVAILABLF

such rights of appeal from the decisions of his administrative law judges to other administrative law judges or to other officers in the Department, to boards of officers or to himself, as shall be appropriate and in accordance with law.

(d) Cooperation of Secretary and executive departments and agencies in administration of housing and urban development programs and activities to further fair housing purposes

All executive departments and agencies shall administer their programs and activities relating to housing and urban development (including any Federal agency having regulatory or supervisory authority over financial institutions) in a manner affirmatively to further the purposes of this subchapter and shall cooperate with the Secretary to further such purposes.

(e) Functions of Secretary

The Secretary of Housing and Urban Development shall—

(1) make studies with respect to the nature and extent of discriminatory housing practices in representative communities, urban, suburban, and rural, throughout the United States;

(2) publish and disseminate reports, recommendations, and information derived from such studies, including an annual report to the Congress—

(A) specifying the nature and extent of progress made nationally in eliminating discriminatory housing practices and furthering the purposes of this subchapter, obstacles remaining to achieving equal housing opportunity, and recommendations for further legislative or executive action; and

(B) containing tabulations of the number of instances (and the reasons therefor) in the preceding year in which—

(i) investigations are not completed as required by section 3610(a)(1)(B) of this title;

(ii) determinations are not made within the time specified in section 3610(g) of this title; and

(iii) hearings are not commenced or findings and conclusions are not made as required by section 3612(g) of this title;

(3) cooperate with and render technical assistance to Federal, State, local, and other public or private agencies, organizations, and institutions which are formulating or carrying on programs to prevent or eliminate discriminatory housing practices;

(4) cooperate with and render such technical and other assistance to the Community Relations Service as may be appropriate to further its activities in preventing or eliminating discriminatory housing practices;

(5) administer the programs and activities relating to housing and urban development in a manner affirmatively to further the policies of this subchapter; and

(6) annually report to the Congress, and make available to the public, data on the race, color, religion, sex, national origin, age, handicap, and family characteristics of persons and households who are applicants for, participants in, or beneficiaries or potential beneficiaries of, programs administered by the Department to the extent such characteristics are within the coverage of the provisions of law and Executive orders referred to in subsection (f) of this section which apply to such programs (and in order to develop the data to be included and made available to the public under this subsection, the Secretary shall, without regard to any other provision of law, collect such information relating to those characteristics as the Secretary determines to be necessary or appropriate).

(f) Provisions of law applicable to Department programs

The provisions of law and Executive orders to which subsection (e)(6) of this section applies are—

(1) title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.];

(2) this subchapter;

(3) section 794 of title 29;

(4) the Age Discrimination Act of 1975 [42 U.S.C. 6101 et seq.];

(5) the Equal Credit Opportunity Act [15 U.S.C. 1691 et seq.];

(6) section 1982 of this title;

(7) section 637(a) of title 15;

(8) section 1735f-5 of title 12;

(9) section 5309 of this title;

(10) section 1701u of title 12;

(11) Executive orders 11063, 11246, 11625, 12250, 12259, and 12432; and

(12) any other provision of law which the Secretary specifies by publication in the Federal Register for the purpose of this subsection.

(Pub. L. 90-294, title VIII, § 808, Apr. 11, 1968, 82 Stat. 84; Pub. L. 95-251, § 3, Mar. 27, 1978, 92 Stat. 184; Pub. L. 95-454, title VIII, § 801(a)(3)(J), Oct. 13, 1978, 92 Stat. 1222; Pub. L. 100-430, § 7, Sept. 13, 1988, 102 Stat. 1623.)

REFERENCES IN TEXT

This Act, referred to in subsec. (a), means Pub. L. 90-284, Apr. 11, 1968, 82 Stat. 73, as amended, known as the Civil Rights Act of 1968, which enacted this chapter, sections 231 to 233, 245, 2101, and 2102 of Title 18, Crimes and Criminal Procedure, and sections 1301 to 1303, 1311, 1312, 1321 to 1326, 1331, and 1341 of Title 25, Indians, amended sections 1973j, 3533, 3535 of this title, and sections 241, 242, and 1153 of Title 18, enacted provisions set out as notes under sections 231 and 245 of Title 18, and repealed provisions set out as notes under section 1360 of Title 28, Judiciary and Judicial Procedure. For complete classification of this Act to the Code, see Tables.

The Civil Rights Act of 1964, referred to in subsec. (f)(1), is Pub. L. 88-352, July 2, 1964, 78 Stat. 241, as amended. Title VI of the Civil Rights Act of 1964 is classified generally to subchapter V (§ 2000d et seq.) of chapter 21 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 2000a of this title and Tables.

The Age Discrimination Act of 1975, referred to in subsec. (f)(4), is title III of Pub. L. 94-135, Nov. 28, 1975, 78 Stat. 728, as amended, which is classified generally to chapter 76 (§ 6101 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 6101 of this title and Tables.

The Equal Credit Opportunity Act, referred to in subsec. (f)(5), is title VII of Pub. L. 90-321, as added by Pub. L. 93-495, title V, § 503, Oct. 28, 1974, 88 Stat. 1521, as amended, which is classified generally to subchapter IV (§ 1691 et seq.) of chapter 41 of Title 15, Commerce and Trade. For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 15 and Tables.

The Executive orders referred to in subsec. (f)(11) are set out as notes under sections of the Code as follows:

Ex. Ord. 11246. 42 U.S.C. 2000e.
Ex. Ord. 11625. 15 U.S.C. 631.
Ex. Ord. 12250. 42 U.S.C. 2000d-1.
Ex. Ord. 12259. 42 U.S.C. 3608, and
Ex. Ord. 12432. 15 U.S.C. 631.

CODIFICATION

The second sentence of subsec. (b) of this section has been omitted as it amended sections 3533(a) and 3535(c) of this title.

AMENDMENTS

1988—Subsec. (d). Pub. L. 100-430, § 7(a), inserted "(including any Federal agency having regulatory or supervisory authority over financial institutions)" after "urban development".

Subsec. (e)(2). Pub. L. 100-430, § 7(b)(1)(A), inserted provisions relating to annual report to Congress.

Subsec. (e)(6). Pub. L. 100-430, § 7(b)(1)(B)-(D), added par. (6).

Subsec. (f). Pub. L. 100-430, § 7(b)(2), added subsec. (f).

1978—Subsec. (c). Pub. L. 95-251 substituted "administrative law judges" for "hearing examiners".

Pub. L. 95-454 substituted "5372" for "5362".

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-430 effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as a note under section 3601 of this title.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95-454 effective on the first day of the first applicable pay period beginning on or after the 90th day after Oct. 13, 1978, see section 801(a)(4)(A) of Pub. L. 95-454, set out as an Effective Date note under section 5361 of Title 5, Government Organization and Employees.

EX. ORD. NO. 12259. LEADERSHIP AND COORDINATION OF FAIR HOUSING IN FEDERAL PROGRAMS

Ex. Ord. No. 12259, Dec. 31, 1980, 46 F.R. 1253, provided:

By the authority vested in me as President by the Constitution of the United States of America, and in order to provide under the leadership of the Secretary of Housing and Urban Development, in accordance with Section 808 of the Act of April 11, 1968, as amended (sometimes referred to as the Federal Fair Housing Act or as Title VIII of the Civil Rights Act of 1968), 42 U.S.C. 3608, for the administration of all Federal programs and activities relating to housing and urban development in a manner affirmatively to further fair housing throughout the United States, it is hereby ordered as follows:

1-1. ADMINISTRATION OF PROGRAMS AND ACTIVITIES RELATING TO HOUSING AND URBAN DEVELOPMENT

1-101. All programs and activities of Executive agencies, including agencies which exercise regulatory responsibility, relating to housing and urban development shall be administered in a manner affirmatively to further fair housing.

1-2. RESPONSIBILITIES OF EXECUTIVE AGENCIES

1-201. The authority and responsibility for administering the Federal Fair Housing Act is vested in the Secretary of Housing and Urban Development.

1-202. The head of each Executive agency is responsible for ensuring that its programs and activities relating to housing and urban development are administered in a manner affirmatively to further the goal of fair housing as required by Section 808 of the Act of April 11, 1968, as amended (Title VIII of the Civil Rights Act of 1968) [this section], and for cooperating with the Secretary of Housing and Urban Development, who shall be responsible for exercising leadership in furthering the purposes of the Act. As used in this Order, the terms "programs and activities" include programs and activities operated, administered, or undertaken by the Federal government; grants; loans; contracts; insurance; guarantees; and Federal supervision or exercise of regulatory responsibility.

1-203. In carrying out the responsibilities in this Order the head of each Executive agency shall take appropriate steps to require that all persons or other entities who are applicants for, or participants in, or who are supervised or regulated under, agency programs and activities relating to housing and urban development comply with this Order.

1-3. SPECIFIC RESPONSIBILITIES

1-301. In implementing the responsibilities under Section 1-2 the Secretary of Housing and Urban Development shall:

(a) Develop guidelines for determining the categories of programs and activities relating to housing and urban development which are operated, administered, undertaken, controlled or regulated by Executive agencies.

(b) Promulgate regulations regarding programs and activities of Executive agencies related to housing and urban development which shall:

(1) describe an institutionalized method for analyzing the impact of housing and urban development programs and activities in promoting the goal of fair housing.

(2) describe the responsibilities and obligations in assuring that programs and activities are administered and executed in a manner affirmatively to further fair housing; and

(3) describe the responsibilities and obligations of applicants, participants and other persons and entities involved in housing and urban development programs and activities affirmatively to further the goal of fair housing.

(c) Coordinate Executive agency implementation of the requirements of this Order and issue standards and procedures regarding the administration of programs and activities relating to housing and urban development in a manner affirmatively to further fair housing.

1-302. Upon publication of guidelines by the Secretary of Housing and Urban Development under Section 1-301(a), each Executive agency shall provide the Secretary with a description of all programs and activities relating to housing and urban development within its jurisdiction.

1-303. Within 180 days of the publication of final regulations by the Secretary of Housing and Urban Development under Section 1-301(a) the head of each Executive agency shall publish proposed regulations providing for the administration of programs and activities relating to housing and urban development in a manner affirmatively to further fair housing, consistent with the Secretary of Housing and Urban Development regulations, and with the standards and procedures issued pursuant to Section 1-301(c). As soon as practicable, each Executive agency shall issue its final regulations. All Executive agencies shall formally submit all such proposed and final regulations, and any related issuances or standards to the Secretary of Housing and Urban Development at least 30 days prior to public announcement.

1-304. The Secretary of Housing and Urban Development shall review regulations, standards and actions under Sections 1-302 and 1-303 to ensure conformity with the purposes of the Federal Fair Housing Act [this chapter] and consistency among the operations of the various Executive agencies and shall make any comments with respect thereto on a timely basis.

1-305. In addition to the regulations and guidelines described in Section 1-301, the Secretary of Housing and Urban Development shall implement the Secretary's authority and responsibility for administering the Federal Fair Housing Act [this chapter] by promulgating regulations describing the nature and scope of coverage and the conduct prohibited.

1-4. COOPERATIVE EFFORTS

1-401. The Secretary of Housing and Urban Development shall:

(a) Cooperate with, and render assistance to, the heads of all Executive agencies in the formulation of policies and procedures to implement this Order and to provide information and guidance on the affirmative administration of programs and activities relating to housing and urban development and the protection of rights accorded persons by the Federal Fair Housing Act [this chapter], and

(b) initiate cooperative efforts, including the development of memoranda of understanding between Executive agencies designed to provide for consultation and the coordination of Federal efforts to further fair housing through the affirmative administration of programs and activities relating to housing and urban development.

1-402. In connection with carrying out functions under this Order the Secretary of Housing and Urban Development is authorized to request from any Executive agency such information and assistance deemed necessary. Each agency shall, to the extent permitted by law, furnish such information and assistance to the Secretary.

1-5. ADMINISTRATIVE ENFORCEMENT

1-501. Each Executive agency shall be responsible for enforcement of this Order and, to the extent permitted by law, shall cooperate and provide records, data and documentation in connection with any other agency's investigation of compliance with provisions of this Order.

1-502. If any Executive agency concludes that any person or entity (including any State or local public agency) applying for or participating in, or supervised or regulated under, a program or activity relating to housing and urban development has not complied with this Order or any applicable rule, regulation or procedure issued or adopted pursuant to this Order, it shall endeavor to end and remedy such violation by informal means, including conference, conciliation and persuasion. An Executive agency need not pursue informal resolution of matters where similar efforts made by another Executive agency have been unsuccessful. In event of failure of such informal means, the Executive agency, in conformity with rules, regulations, procedures or policies issued or adopted by it pursuant to Section 1-3 hereof, shall impose such sanctions as may be authorized by law. To the extent authorized by law, such sanctions may include:

(a) cancellation or termination of agreements or contracts with such person, entity, or State or local public agency;

(b) refusal to extend any further aid under any program or activity administered by it and affected by this Order until it is satisfied that the affected person, entity, or State or local public agency will comply with the rules, regulations, and procedures issued or adopted pursuant to this Order.

(c) refusal to grant supervisory or regulatory approval to such person, entity, or State or local public agency under any program or activity administered by it which is affected by this Order or revoke such approval if previously given;

(d) any other action as may be appropriate under its governing laws.

1-503. Findings of any violation under Section 1-502 shall be promptly reported to the Secretary of Housing and Urban Development. The Secretary of Housing and Urban Development shall forward this information to all other Executive agencies.

1-504. Any Executive agency shall also consider invoking appropriate sanctions against any person or entity where any other Executive department or agency has initiated action against that person or entity pursuant to Section 1-502 of this Order.

1-505. Each Executive agency shall seek the advice of the Secretary of Housing and Urban Development in this regard prior to a decision to initiate actions to invoke sanctions. Each such decision and the reasons therefor, shall be documented and shall be provided to the Secretary of Housing and Urban Development in a timely manner.

1-6. GENERAL PROVISIONS

1-601. Nothing in this Order shall limit the authority of the Attorney General to provide for the coordinated enforcement of nondiscrimination requirements in Federal assistance programs under Executive Order No. 12250 [set out as a note under section 2000d-1 of this title].

1-602. All provisions of regulations, guidelines and procedures proposed to be issued by Executive agencies pursuant to this Order which implement nondiscrimination requirements of laws covered by Executive Order No. 12250 [set out as a note under section 2000d-1 of this title] shall be submitted to the Attorney General for review in accordance with that Executive Order. In addition, the Secretary will consult with the Attorney General regarding all regulations, guidelines and procedures proposed to be issued under Sections 1-301, 1-302 and 1-303 of this Order to assure consistency with coordinated Federal efforts to enforce nondiscrimination requirements in programs of Federal financial assistance pursuant to Executive Order No. 12250.

1-603. Nothing in this Order shall affect the authority and responsibility of the Attorney General to commence civil actions in cases involving a pattern or practice of discrimination or raising an issue of general public importance under the Federal Fair Housing Act [this chapter].

1-604. (a) Part IV and Sections 501 and 503 of Executive Order No. 11063 [set out as a note under section 1982 of this title] are revoked. The activities and functions of the President's Commission on Equal Opportunity in Housing described in that Executive Order shall be performed by the Secretary of Housing and Urban Development.

(b) Sections 101 and 502(a) of Executive Order No. 11063 [set out as a note under section 1982 of this title] are revised to apply to discrimination because of "race, color, religion (creed), sex or national origin." All departments and agencies shall revise regulations, guidelines and procedures issued pursuant to Part II of Executive Order No. 11063 [set out as a note under section 1982 of this title] to reflect this amendment to coverage.

(c) Section 102 of Executive Order No. 11063 [set out as a note under section 1982 of this title] is revised by deleting the term "Housing and Home Finance Agency" and inserting in lieu thereof the term "Department of Housing and Urban Development."

1-605. Nothing in this Order shall affect any requirement imposed under the Equal Credit Opportunity Act (15 U.S.C. 1691 et seq.), the Home Mortgage Disclosure Act (12 U.S.C. 2901 et seq.) [12 U.S.C. 2801 et seq.] or the Community Reinvestment Act (12 U.S.C. 2810 et seq.) [12 U.S.C. 2901 et seq.].

1-7. REPORT

1-701. The Secretary of Housing and Urban Development shall submit to the President an annual report commenting on the progress the Department of Housing and Urban Development and other Executive agencies have made in carrying out requirements and responsibilities under this Executive Order.

JIMMY CARTER.

§ 3608a. Collection of certain data

(a) In general

To assess the extent of compliance with Federal fair housing requirements (including the requirements established under title VI of Public Law 88-352 [42 U.S.C. 2000d et seq.] and title VIII of Public Law 90-284 [42 U.S.C. 3601 et seq.]), the Secretary of Housing and Urban Development and the Secretary of Agriculture shall each collect, not less than annually, data on the racial and ethnic characteristics of persons eligible for, assisted, or otherwise benefiting under each community development, housing assistance, and mortgage and loan insurance and guarantee program administered by such Secretary. Such data shall be collected on a building by building basis if the Secretary involved determines such collection to be appropriate.

(b) Reports to Congress

The Secretary of Housing and Urban Development and the Secretary of Agriculture shall each include in the annual report of such Secretary to the Congress a summary and evaluation of the data collected by such Secretary under subsection (a) of this section during the preceding year.

(Pub. L. 100-242, title V, § 562, Feb. 5, 1988, 101 Stat. 1944.)

REFERENCES IN TEXT

Public Law 88-352, referred to in subsec. (a), is Pub. L. 88-352, July 2, 1964, 78 Stat. 241, as amended, known as the Civil Rights Act of 1964. title VI of the Civil Rights Act of 1964 is classified generally to subchapter V (§ 2000d et seq.) of chapter 21 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 2000a of this title and Tables.

Title VIII of Public Law 90-284, referred to in subsec. (a), is title VIII of Pub. L. 90-284, Apr. 11, 1968, 82 Stat. 81, as amended, popularly known as the Fair Housing Act of 1968, which is classified principally to subchapter I (§ 3601 et seq.) of this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 3601 of this title and Tables.

CODIFICATION

Section was enacted as part of the Housing and Community Development Act of 1987, and not as part of title VIII of Pub. L. 90-284, popularly known as the Fair Housing Act of 1968, which comprises this subchapter.

§ 3609. Education and conciliation; conferences and consultations; reports

Immediately after April 11, 1968, the Secretary shall commence such educational and conciliatory activities as in his judgment will further the purposes of this subchapter. He shall call conferences of persons in the housing industry and other interested parties to acquaint them with the provisions of this subchapter and his suggested means of implementing it, and shall endeavor with their advice to work out programs of voluntary compliance and of enforcement. He may pay per diem, travel, and transportation expenses for persons attending such conferences as provided in section 5703 of title 5. He shall consult with State and local officials and other interested parties to learn the extent, if any, to which housing discrimination exists in their State or locality, and whether and how State or local enforcement programs might be utilized to combat such discrimination in connection with or in place of, the Secretary's enforcement of this subchapter. The Secretary shall issue reports on such conferences and consultations as he deems appropriate.

(Pub. L. 90-284, title VIII, § 809, Apr. 11, 1968, 82 Stat. 85.)

§ 3610. Administrative enforcement; preliminary matters

(a) Complaints and answers

(1)(A)(i) An aggrieved person may, not later than one year after an alleged discriminatory housing practice has occurred or terminated, file a complaint with the Secretary alleging such discriminatory housing practice. The Secretary, on the Secretary's own initiative, may also file such a complaint.

(ii) Such complaints shall be in writing and shall contain such information and be in such form as the Secretary requires.

(iii) The Secretary may also investigate housing practices to determine whether a complaint should be brought under this section.

(B) Upon the filing of such a complaint—

(i) the Secretary shall serve notice upon the aggrieved person acknowledging such filing and advising the aggrieved person of the time limits and choice of forums provided under this subchapter;

(ii) the Secretary shall, not later than 10 days after such filing or the identification of an additional respondent under paragraph (2), serve on the respondent a notice identifying the alleged discriminatory housing practice and advising such respondent of the procedural rights and obligations of respondents under this subchapter, together with a copy of the original complaint;

(iii) each respondent may file, not later than 10 days after receipt of notice from the Secretary, an answer to such complaint; and

(iv) the Secretary shall make an investigation of the alleged discriminatory housing practice and complete such investigation within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), unless it is impracticable to do so.

(C) If the Secretary is unable to complete the investigation within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), the Secretary shall notify the complainant and respondent in writing of the reasons for not doing so.

(D) Complaints and answers shall be under oath or affirmation, and may be reasonably and fairly amended at any time.

(2)(A) A person who is not named as a respondent in a complaint, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon written notice, under paragraph (1), to such person, from the Secretary.

(B) Such notice, in addition to meeting the requirements of paragraph (1), shall explain the basis for the Secretary's belief that the person to whom the notice is addressed is properly joined as a respondent.

(b) Investigative report and conciliation

(1) During the period beginning with the filing of such complaint and ending with the filing of a charge or a dismissal by the Secretary, the Secretary shall, to the extent feasible, engage in conciliation with respect to such complaint.

(2) A conciliation agreement arising out of such conciliation shall be an agreement between the respondent and the complainant, and shall be subject to approval by the Secretary.

(3) A conciliation agreement may provide for binding arbitration of the dispute arising from the complaint. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(4) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the Secretary determines that disclosure is not required to further the purposes of this subchapter.

(5)(A) At the end of each investigation under this section, the Secretary shall prepare a final investigative report containing—

(i) the names and dates of contacts with witnesses;

(ii) a summary and the dates of correspondence and other contacts with the aggrieved person and the respondent;

(iii) a summary description of other pertinent records;

(iv) a summary of witness statements; and

(v) answers to interrogatories.

(B) A final report under this paragraph may be amended if additional evidence is later discovered.

(c) Failure to comply with conciliation agreement

Whenever the Secretary has reasonable cause to believe that a respondent has breached a conciliation agreement, the Secretary shall refer the matter to the Attorney General with a recommendation that a civil action be filed under section 3614 of this title for the enforcement of such agreement.

(d) Prohibitions and requirements with respect to disclosure of information

(1) Nothing said or done in the course of conciliation under this subchapter may be made public or used as evidence in a subsequent proceeding under this subchapter without the written consent of the persons concerned.

(2) Notwithstanding paragraph (1), the Secretary shall make available to the aggrieved person and the respondent, at any time, upon request following completion of the Secretary's investigation, information derived from an investigation and any final investigative report relating to that investigation.

(e) Prompt judicial action

(1) If the Secretary concludes at any time following the filing of a complaint that prompt judicial action is necessary to carry out the purposes of this subchapter, the Secretary may authorize a civil action for appropriate temporary or preliminary relief pending final disposition of the complaint under this section. Upon receipt of such an authorization, the Attorney General shall promptly commence and maintain such an action. Any temporary restraining order or other order granting preliminary or temporary relief shall be issued in accordance with the Federal Rules of Civil Procedure. The commencement of a civil action under this subsection does not affect the initiation or continuation of administrative proceedings under this section and section 3612 of this title.

(2) Whenever the Secretary has reason to believe that a basis may exist for the commencement of proceedings against any respondent under sections 3614(a) and 3614(c) of this title or for proceedings by any governmental licensing or supervisory authorities, the Secretary shall transmit the information upon which such belief is based to the Attorney General, or to such authorities, as the case may be.

(f) Referral for State or local proceedings

(1) Whenever a complaint alleges a discriminatory housing practice—

(A) within the jurisdiction of a State or local public agency; and

(B) as to which such agency has been certified by the Secretary under this subsection;

the Secretary shall refer such complaint to that certified agency before taking any action with respect to such complaint.

(2) Except with the consent of such certified agency, the Secretary, after that referral is made, shall take no further action with respect to such complaint unless—

(A) the certified agency has failed to commence proceedings with respect to the complaint before the end of the 30th day after the date of such referral;

(B) the certified agency, having so commenced such proceedings, fails to carry forward such proceedings with reasonable promptness; or

(C) the Secretary determines that the certified agency no longer qualifies for certification under this subsection with respect to the relevant jurisdiction.

(3)(A) The Secretary may certify an agency under this subsection only if the Secretary determines that—

(i) the substantive rights protected by such agency in the jurisdiction with respect to which certification is to be made;

(ii) the procedures followed by such agency;

(iii) the remedies available to such agency; and

(iv) the availability of judicial review of such agency's action;

are substantially equivalent to those created by and under this subchapter.

(B) Before making such certification, the Secretary shall take into account the current practices and past performance, if any, of such agency.

(4) During the period which begins on September 13, 1988, and ends 40 months after September 13, 1988, each agency certified (including an agency certified for interim referrals pursuant to 24 CFR 115.11, unless such agency is subsequently denied recognition under 24 CFR 115.7) for the purposes of this subchapter on the day before September 13, 1988, shall for the purposes of this subsection be considered certified under this subsection with respect to those matters for which such agency was certified on September 13, 1988. If the Secretary determines in an individual case that an agency has not been able to meet the certification requirements within this 40-month period due to exceptional circumstances, such as the infrequency of legislative sessions in that jurisdiction, the Secretary may extend such period by not more than 8 months.

(5) Not less frequently than every 5 years, the Secretary shall determine whether each agency certified under this subsection continues to qualify for certification. The Secretary shall take appropriate action with respect to any agency not so qualifying.

(g) Reasonable cause determination and effect

(1) The Secretary shall, within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), determine based on the facts whether reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, unless it is impracticable to do so, or unless the Secretary has approved a conciliation agreement with respect to the complaint. If the Secretary is unable to make the determination within 100 days after the filing of the complaint (or, when the Secretary takes further action under subsection (f)(2) of this section with respect to a complaint, within 100 days after the commencement of such further action), the Secretary shall notify the complainant and respondent in writing of the reasons for not doing so.

(2)(A) If the Secretary determines that reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the Secretary shall, except as provided in subparagraph (C), immediately issue a charge on behalf of the aggrieved person, for further proceedings under section 3612 of this title.

(B) Such charge—

(i) shall consist of a short and plain statement of the facts upon which the Secretary has found reasonable cause to believe that a discriminatory housing practice has occurred or is about to occur;

(ii) shall be based on the final investigative report; and

(iii) need not be limited to the facts or grounds alleged in the complaint filed under subsection (a) of this section.

(C) If the Secretary determines that the matter involves the legality of any State or local zoning or other land use law or ordinance, the Secretary shall immediately refer the matter to the Attorney General for appropriate action under section 3614 of this title, instead of issuing such charge.

(3) If the Secretary determines that no reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the Secretary shall promptly dismiss the complaint. The Secretary shall make public disclosure of each such dismissal.

(4) The Secretary may not issue a charge under this section regarding an alleged discriminatory housing practice after the beginning of the trial of a civil action commenced by the aggrieved party under an Act of Congress or a State law, seeking relief with respect to that discriminatory housing practice.

(h) Service of copies of charge

After the Secretary issues a charge under this section, the Secretary shall cause a copy thereof, together with information as to how to make an election under section 3612(a) of this title and the effect of such an election, to be served—

(1) on each respondent named in such charge, together with a notice of opportunity for a hearing at a time and place specified in the notice, unless that election is made; and

(2) on each aggrieved person on whose behalf the complaint was filed.

(Pub. L. 90-284, title VIII, § 810, as added Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1625.)

REFERENCES IN TEXT

The Federal Rules of Civil Procedure, referred to in subsec. (e)(1), are set out in the Appendix to Title 28, Judiciary and Judicial Procedure.

PRIOR PROVISIONS

A prior section 3610, Pub. L. 90-284, title VIII, § 810, Apr. 11, 1968, 82 Stat. 85, which related to enforcement, was repealed by Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1625.

EFFECTIVE DATE

Section effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as an Effective Date of 1988 Amendment note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 3602, 3604, 3608, 3613, 3614 of this title.

§ 3611. Subpoenas; giving of evidence

(a) In general

The Secretary may, in accordance with this subsection, issue subpoenas and order discovery in aid of investigations and hearings under this subchapter. Such subpoenas and discovery may be ordered to the same extent and subject to the same limitations as would apply if the subpoenas or discovery were ordered or served in aid of a civil action in the United States district court for the district in which the investigation is taking place.

(b) Witness fees

Witnesses summoned by a subpoena under this subchapter shall be entitled to the same witness and mileage fees as witnesses in proceedings in United States district courts. Fees payable to a witness summoned by a subpoena issued at the request of a party shall be paid by that party or, where a party is unable to pay the fees, by the Secretary.

(c) Criminal penalties

(1) Any person who willfully fails or neglects to attend and testify or to answer any lawful inquiry or to produce records, documents, or other evidence, if it is in such person's power to do so, in obedience to the subpoena or other lawful order under subsection (a) of this section, shall be fined not more than $100,000 or imprisoned not more than one year, or both.

(2) Any person who, with intent thereby to mislead another person in any proceeding under this subchapter—

(A) makes or causes to be made any false entry or statement of fact in any report, account, record, or other document produced pursuant to subpoena or other lawful order under subsection (a) of this section;

(B) willfully neglects or fails to make or to cause to be made full, true, and correct entries in such reports, accounts, records, or other documents; or

(C) willfully mutilates, alters, or by any other means falsifies any documentary evidence;

shall be fined not more than $100,000 or imprisoned not more than one year, or both.

(Pub. L. 90-284, title VIII, § 811, as added Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1628.)

PRIOR PROVISIONS

A prior section 3611, Pub. L. 90-284, title VIII, § 811, Apr. 11, 1968, 82 Stat. 87, which related to evidence, was repealed by Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1625.

EFFECTIVE DATE

Section effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as an Effective Date of 1988 Amendment note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 3612 of this title.

§ 3612. Enforcement by Secretary

(a) Election of judicial determination

When a charge is filed under section 3610 of this title, a complainant, a respondent, or an aggrieved person on whose behalf the complaint was filed, may elect to have the claims asserted in that charge decided in a civil action under subsection (o) of this section in lieu of a hearing under subsection (b) of this section. The election must be made not later than 20 days after the receipt by the electing person of service under section 3610(h) of this title or, in the case of the Secretary, not later than 20 days after such service. The person making such election shall give notice of doing so to the Secretary and to all other complainants and respondents to whom the charge relates.

(b) Administrative law judge hearing in absence of election

If an election is not made under subsection (a) of this section with respect to a charge filed under section 3610 of this title, the Secretary shall provide an opportunity for a hearing on the record with respect to a charge issued under section 3610 of this title. The Secretary shall delegate the conduct of a hearing under this section to an administrative law judge appointed under section 3105 of title 5. The administrative law judge shall conduct the hearing at a place in the vicinity in which the discriminatory housing practice is alleged to have occurred or to be about to occur.

(c) Rights of parties

At a hearing under this section, each party may appear in person, be represented by counsel, present evidence, cross-examine witnesses, and obtain the issuance of subpoenas under section 3611 of this title. Any aggrieved person may intervene as a party in the proceeding. The Federal Rules of Evidence apply to the presentation of evidence in such hearing as they would in a civil action in a United States district court.

(d) Expedited discovery and hearing

(1) Discovery in administrative proceedings under this section shall be conducted as expeditiously and inexpensively as possible, consistent with the need of all parties to obtain relevant evidence.

(2) A hearing under this section shall be conducted as expeditiously and inexpensively as possible, consistent with the needs and rights of the parties to obtain a fair hearing and a complete record.

(3) The Secretary shall, not later than 180 days after September 13, 1988, issue rules to implement this subsection.

(e) Resolution of charge

Any resolution of a charge before a final order under this section shall require the consent of the aggrieved person on whose behalf the charge is issued.

(f) Effect of trial of civil action on administrative proceedings

An administrative law judge may not continue administrative proceedings under this section regarding any alleged discriminatory housing practice after the beginning of the trial of a civil action commenced by the aggrieved party under an Act of Congress or a State law, seeking relief with respect to that discriminatory housing practice.

(g) Hearings, findings and conclusions, and order

(1) The administrative law judge shall commence the hearing under this section no later than 120 days following the issuance of the

charge, unless it is impracticable to do so. If the administrative law judge is unable to commence the hearing within 120 days after the issuance of the charge, the administrative law judge shall notify the Secretary, the aggrieved person on whose behalf the charge was filed, and the respondent, in writing of the reasons for not doing so.

(2) The administrative law judge shall make findings of fact and conclusions of law within 60 days after the end of the hearing under this section, unless it is impracticable to do so. If the administrative law judge is unable to make findings of fact and conclusions of law within such period, or any succeeding 60-day period thereafter, the administrative law judge shall notify the Secretary, the aggrieved person on whose behalf the charge was filed, and the respondent, in writing of the reasons for not doing so.

(3) If the administrative law judge finds that a respondent has engaged or is about to engage in a discriminatory housing practice, such administrative law judge shall promptly issue an order for such relief as may be appropriate, which may include actual damages suffered by the aggrieved person and injunctive or other equitable relief. Such order may, to vindicate the public interest, assess a civil penalty against the respondent—

(A) in an amount not exceeding $10,000 if the respondent has not been adjudged to have committed any prior discriminatory housing practice;

(B) in an amount not exceeding $25,000 if the respondent has been adjudged to have committed one other discriminatory housing practice during the 5-year period ending on the date of the filing of this charge; and

(C) in an amount not exceeding $50,000 if the respondent has been adjudged to have committed 2 or more discriminatory housing practices during the 7-year period ending on the date of the filing of this charge;

except that if the acts constituting the discriminatory housing practice that is the object of the charge are committed by the same natural person who has been previously adjudged to have committed acts constituting a discriminatory housing practice, then the civil penalties set forth in subparagraphs (B) and (C) may be imposed without regard to the period of time within which any subsequent discriminatory housing practice occurred.

(4) No such order shall affect any contract, sale, encumbrance, or lease consummated before the issuance of such order and involving a bona fide purchaser, encumbrancer, or tenant without actual notice of the charge filed under this subchapter.

(5) In the case of an order with respect to a discriminatory housing practice that occurred in the course of a business subject to a licensing or regulation by a governmental agency, the Secretary shall, not later than 30 days after the date of the issuance of such order (or, if such order is judicially reviewed, 30 days after such order is in substance affirmed upon such review)—

(A) send copies of the findings of fact, conclusions of law, and the order, to that governmental agency; and

(B) recommend to that governmental agency appropriate disciplinary action (including, where appropriate, the suspension or revocation of the license of the respondent).

(6) In the case of an order against a respondent against whom another order was issued within the preceding 5 years under this section, the Secretary shall send a copy of each such order to the Attorney General.

(7) If the administrative law judge finds that the respondent has not engaged or is not about to engage in a discriminatory housing practice, as the case may be, such administrative law judge shall enter an order dismissing the charge. The Secretary shall make public disclosure of each such dismissal.

(h) Review by Secretary; service of final order

(1) The Secretary may review any finding, conclusion, or order issued under subsection (g) of this section. Such review shall be completed not later than 30 days after the finding, conclusion, or order is so issued; otherwise the finding, conclusion, or order becomes final.

(2) The Secretary shall cause the findings of fact and conclusions of law made with respect to any final order for relief under this section, together with a copy of such order, to be served on each aggrieved person and each respondent in the proceeding.

(i) Judicial review

(1) Any party aggrieved by a final order for relief under this section granting or denying in whole or in part the relief sought may obtain a review of such order under chapter 158 of title 28.

(2) Notwithstanding such chapter, venue of the proceeding shall be in the judicial circuit in which the discriminatory housing practice is alleged to have occurred, and filing of the petition for review shall be not later than 30 days after the order is entered.

(j) Court enforcement of administrative order upon petition by Secretary

(1) The Secretary may petition any United States court of appeals for the circuit in which the discriminatory housing practice is alleged to have occurred or in which any respondent resides or transacts business for the enforcement of the order of the administrative law judge and for appropriate temporary relief or restraining order, by filing in such court a written petition praying that such order be enforced and for appropriate temporary relief or restraining order.

(2) The Secretary shall file in court with the petition the record in the proceeding. A copy of such petition shall be forthwith transmitted by the clerk of the court to the parties to the proceeding before the administrative law judge.

(k) Relief which may be granted

(1) Upon the filing of a petition under subsection (i) or (j) of this section, the court may—

(A) grant to the petitioner, or any other party, such temporary relief, restraining order, or other order as the court deems just and proper;

(B) affirm, modify, or set aside, in whole or in part, the order, or remand the order for further proceedings; and

(C) enforce such order to the extent that such order is affirmed or modified.

(2) Any party to the proceeding before the administrative law judge may intervene in the court of appeals.

(3) No objection not made before the administrative law judge shall be considered by the court, unless the failure or neglect to urge such objection is excused because of extraordinary circumstances.

(*l*) Enforcement decree in absence of petition for review

If no petition for review is filed under subsection (i) of this section before the expiration of 45 days after the date the administrative law judge's order is entered, the administrative law judge's findings of fact and order shall be conclusive in connection with any petition for enforcement—

(1) which is filed by the Secretary under subsection (j) of this section after the end of such day; or

(2) under subsection (m) of this section.

(m) Court enforcement of administrative order upon petition of any person entitled to relief

If before the expiration of 60 days after the date the administrative law judge's order is entered, no petition for review has been filed under subsection (i) of this section, and the Secretary has not sought enforcement of the order under subsection (j) of this section, any person entitled to relief under the order may petition for a decree enforcing the order in the United States court of appeals for the circuit in which the discriminatory housing practice is alleged to have occurred.

(n) Entry of decree

The clerk of the court of appeals in which a petition for enforcement is filed under subsection (*l*) or (m) of this section shall forthwith enter a decree enforcing the order and shall transmit a copy of such decree to the Secretary, the respondent named in the petition, and to any other parties to the proceeding before the administrative law judge.

(o) Civil action for enforcement when election is made for such civil action

(1) If an election is made under subsection (a) of this section, the Secretary shall authorize, and not later than 30 days after the election is made the Attorney General shall commence and maintain, a civil action on behalf of the aggrieved person in a United States district court seeking relief under this subsection. Venue for such civil action shall be determined under chapter 87 of title 28.

(2) Any aggrieved person with respect to the issues to be determined in a civil action under this subsection may intervene as of right in that civil action.

(3) In a civil action under this subsection, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may grant as relief any relief which a court could grant with respect to such discriminatory housing practice in a civil action under section 3613 of this title. Any relief so granted that would accrue to an aggrieved person in a civil action commenced by that aggrieved person under section 3613 of this title shall also accrue to that aggrieved person in a civil action under this subsection. If monetary relief is sought for the benefit of an aggrieved person who does not intervene in the civil action, the court shall not award such relief if that aggrieved person has not complied with discovery orders entered by the court.

(p) Attorney's fees

In any administrative proceeding brought under this section, or any court proceeding arising therefrom, or any civil action under this section, the administrative law judge or the court, as the case may be, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee and costs. The United States shall be liable for such fees and costs to the extent provided by section 504 of title 5 or by section 2412 of title 28.

(Pub. L. 90-284, title VIII, § 812, as added Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1629.)

REFERENCES IN TEXT

The Federal Rules of Evidence, referred to in subsec. (c), are set out in the Appendix to Title 28, Judiciary and Judicial Procedure.

PRIOR PROVISIONS

A prior section 3612, Pub. L. 90-284, title VIII, § 812, Apr. 11, 1968, 82 Stat. 88, which related to enforcement by private persons, was repealed by Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1625.

EFFECTIVE DATE

Section effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as an Effective Date of 1988 Amendment note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 3608 of this title; title 28 sections 2341, 2342.

§ 3613. Enforcement by private persons

(a) Civil action

(1)(A) An aggrieved person may commence a civil action in an appropriate United States district court or State court not later than 2 years after the occurrence or the termination of an alleged discriminatory housing practice, or the breach of a conciliation agreement entered into under this subchapter, whichever occurs last, to obtain appropriate relief with respect to such discriminatory housing practice or breach.

(B) The computation of such 2-year period shall not include any time during which an administrative proceeding under this subchapter was pending with respect to a complaint or charge under this subchapter based upon such discriminatory housing practice. This subparagraph does not apply to actions arising from a breach of a conciliation agreement.

(2) An aggrieved person may commence a civil action under this subsection whether or not a

complaint has been filed under section 3610(a) of this title and without regard to the status of any such complaint, but if the Secretary or a State or local agency has obtained a conciliation agreement with the consent of an aggrieved person, no action may be filed under this subsection by such aggrieved person with respect to the alleged discriminatory housing practice which forms the basis for such complaint except for the purpose of enforcing the terms of such an agreement.

(3) An aggrieved person may not commence a civil action under this subsection with respect to an alleged discriminatory housing practice which forms the basis of a charge issued by the Secretary if an administrative law judge has commenced a hearing on the record under this subchapter with respect to such charge.

(b) Appointment of attorney by court

Upon application by a person alleging a discriminatory housing practice or a person against whom such a practice is alleged, the court may—

(1) appoint an attorney for such person; or

(2) authorize the commencement or continuation of a civil action under subsection (a) of this section without the payment of fees, costs, or security, if in the opinion of the court such person is financially unable to bear the costs of such action.

(c) Relief which may be granted

(1) In a civil action under subsection (a) of this section, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may award to the plaintiff actual and punitive damages, and subject to subsection (d) of this section, may grant as relief, as the court deems appropriate, any permanent or temporary injunction, temporary restraining order, or other order (including an order enjoining the defendant from engaging in such practice or ordering such affirmative action as may be appropriate).

(2) In a civil action under subsection (a) of this section, the court, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee and costs. The United States shall be liable for such fees and costs to the same extent as a private person.

(d) Effect on certain sales, encumbrances, and rentals

Relief granted under this section shall not affect any contract, sale, encumbrance, or lease consummated before the granting of such relief and involving a bona fide purchaser, encumbrancer, or tenant, without actual notice of the filing of a complaint with the Secretary or civil action under this subchapter.

(e) Intervention by Attorney General

Upon timely application, the Attorney General may intervene in such civil action, if the Attorney General certifies that the case is of general public importance. Upon such intervention the Attorney General may obtain such relief as would be available to the Attorney General under section 3614(e) of this title in a civil action to which such section applies.

(Pub. L. 90-284, title VIII, § 813, as added Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1633.)

PRIOR PROVISIONS

A prior section 3613, Pub. L. 90-284, title VIII, § 813, Apr. 11, 1968, 82 Stat. 88, which related to enforcement by Attorney General by bringing civil action requesting preventive relief, was repealed by Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1625.

EFFECTIVE DATE

Section effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as an Effective Date of 1988 Amendment note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 3612, 3614 of this title.

§ 3614. Enforcement by Attorney General

(a) Pattern or practice cases

Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights granted by this subchapter, or that any group of persons has been denied any of the rights granted by this subchapter and such denial raises an issue of general public importance, the Attorney General may commence a civil action in any appropriate United States district court.

(b) On referral of discriminatory housing practice or conciliation agreement for enforcement

(1)(A) The Attorney General may commence a civil action in any appropriate United States district court for appropriate relief with respect to a discriminatory housing practice referred to the Attorney General by the Secretary under section 3610(g) of this title.

(B) A civil action under this paragraph may be commenced not later than the expiration of 18 months after the date of the occurrence or the termination of the alleged discriminatory housing practice.

(2)(A) The Attorney General may commence a civil action in any appropriate United States district court for appropriate relief with respect to breach of a conciliation agreement referred to the Attorney General by the Secretary under section 3610(c) of this title.

(B) A civil action may be commenced under this paragraph not later than the expiration of 90 days after the referral of the alleged breach under section 3610(c) of this title.

(c) Enforcement of subpoenas

The Attorney General, on behalf of the Secretary, or other party at whose request a subpoena is issued, under this subchapter, may enforce such subpoena in appropriate proceedings in the United States district court for the district in which the person to whom the subpoena was addressed resides, was served, or transacts business.

(d) Relief which may be granted in civil actions under subsections (a) and (b)

(1) In a civil action under subsection (a) or (b) of this section, the court—

(A) may award such preventive relief, including a permanent or temporary injunction, restraining order, or other order against the person responsible for a violation of this subchapter as is necessary to assure the full enjoyment of the rights granted by this subchapter;

(B) may award such other relief as the court deems appropriate, including monetary damages to persons aggrieved; and

(C) may, to vindicate the public interest, assess a civil penalty against the respondent—

(i) in an amount not exceeding $50,000, for a first violation; and

(ii) in an amount not exceeding $100,000, for any subsequent violation.

(2) In a civil action under this section, the court, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee and costs. The United States shall be liable for such fees and costs to the extent provided by section 2412 of title 28.

(e) Intervention in civil actions

Upon timely application, any person may intervene in a civil action commenced by the Attorney General under subsection (a) or (b) of this section which involves an alleged discriminatory housing practice with respect to which such person is an aggrieved person or a conciliation agreement to which such person is a party. The court may grant such appropriate relief to any such intervening party as is authorized to be granted to a plaintiff in a civil action under section 3613 of this title.

(Pub. L. 90-284, title VIII, § 814, as added Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1634.)

Prior Provisions

A prior section 3614, Pub. L. 90-284, title VIII, § 814, Apr. 11, 1968, 82 Stat. 88, which related to expedition of court proceedings under section 3612 or 3613 of this title, was repealed by Pub. L. 98-620, title IV, § 402(40), Nov. 8, 1984, 98 Stat. 3360.

Effective Date

Section effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as an Effective Date of 1988 Amendment note under section 3601 of this title.

Section Referred to in Other Sections

This section is referred to in sections 3610, 3613 of this title.

§ 3614a. Rules to implement subchapter

The Secretary may make rules (including rules for the collection, maintenance, and analysis of appropriate data) to carry out this subchapter. The Secretary shall give public notice and opportunity for comment with respect to all rules made under this section.

(Pub. L. 90-284, title VIII, § 815, as added Pub. L. 100-430, § 8(2), Sept. 13, 1988, 102 Stat. 1635.)

Prior Provisions

A prior section 815 of Pub. L. 90-284 was renumbered section 816 and is classified to section 3615 of this title.

Effective Date

Section effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as an Effective Date of 1988 Amendment note under section 3601 of this title.

Initial Rulemaking

Secretary to issue rules to implement this subchapter as amended by Pub. L. 100-430 not later than the 180th day after Sept. 13, 1988, see section 13(b) of Pub. L. 100-430, set out as a note under section 3601 of this title.

§ 3615. Effect on State laws

Nothing in this subchapter shall be construed to invalidate or limit any law of a State or political subdivision of a State, or of any other jurisdiction in which this subchapter shall be effective, that grants, guarantees, or protects the same rights as are granted by this subchapter; but any law of a State, a political subdivision, or other such jurisdiction that purports to require or permit any action that would be a discriminatory housing practice under this subchapter shall to that extent be invalid.

(Pub. L. 90-284, title VIII, § 816, formerly § 815, Apr. 11, 1968, 82 Stat. 89; renumbered § 816, Pub. L. 100-430, § 8(1), Sept. 13, 1988, 102 Stat. 1625.)

Prior Provisions

A prior section 816 of Pub. L. 90-284 was renumbered section 817 and is classified to section 3616 of this title.

§ 3616. Cooperation with State and local agencies administering fair housing laws; utilization of services and personnel; reimbursement; written agreements; publication in Federal Register

The Secretary may cooperate with State and local agencies charged with the administration of State and local fair housing laws and, with the consent of such agencies, utilize the services of such agencies and their employees and, notwithstanding any other provision of law, may reimburse such agencies and their employees for services rendered to assist him in carrying out this subchapter. In furtherance of such cooperative efforts, the Secretary may enter into written agreements with such State or local agencies. All agreements and terminations thereof shall be published in the Federal Register.

(Pub. L. 90-284, title VIII, § 817, formerly § 816, Apr. 11, 1968, 82 Stat. 89; renumbered § 817, Pub. L. 100-430, § 8(1), Sept. 13, 1988, 102 Stat. 1625.)

Prior Provisions

A prior section 817 of Pub. L. 90-284 was renumbered section 818 and is classified to section 3617 of this title.

Fair Housing Initiatives Program

Pub. L. 100-242, title V, § 561, Feb. 5, 1988, 101 Stat. 1942, provided that:

"(a) In General.—The Secretary of Housing and Urban Development (in this section referred to as the 'Secretary') may make grants to, or (to the extent of amounts provided in appropriation Acts) enter into contracts or cooperative agreements with, State or local governments or their agencies, public or private nonprofit organizations or institutions, or other public or private entities that are formulating or carrying out programs to prevent or eliminate discriminatory housing practices, to develop, implement, carry out, or coordinate—

"(1) programs or activities designed to obtain enforcement of the rights granted by title VIII of the Act of April 11, 1968 [42 U.S.C. 3601 et seq.] (commonly referred to as the Civil Rights Act of 1968), or by State or local laws that provide rights and remedies for alleged discriminatory housing practices that are substantially equivalent to the rights and remedies provided in such title VIII, through such appropriate judicial or administrative proceedings (including informal methods of conference, conciliation, and persuasion) as are available therefor; and

"(2) education and outreach programs designed to inform the public concerning rights and obligations under the laws referred to in paragraph (1).

"(b) PROGRAM ADMINISTRATION.—

"(1) Not less than 30 days before providing a grant or entering into any contract or cooperative agreement to carry out activities authorized by this section, the Secretary shall submit notification of such proposed grant, contract, or cooperative agreement (including a description of the geographical distribution of such contracts) to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Banking, Finance and Urban Affairs of the House of Representatives.

"(2) The Secretary shall provide to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Banking, Finance and Urban Affairs of the House of Representatives a quarterly report that summarizes the activities funded under this section and describes the geographical distribution of grants, contracts, or cooperative agreements funded under this section.

"(c) REGULATIONS.—

"(1) The Secretary shall issue such regulations as may be necessary to carry out the provisions of this section.

"(2) The Secretary shall, for use during the demonstration authorized in this section, establish guidelines for testing activities funded under the private enforcement initiative of the fair housing initiatives program. The purpose of such guidelines shall be to ensure that investigations in support of fair housing enforcement efforts described in subsection (a)(1) shall develop credible and objective evidence of discriminatory housing practices. Such guidelines shall apply only to activities funded under this section, shall not be construed to limit or otherwise restrict the use of facts secured through testing not funded under this section in any legal proceeding under Federal fair housing laws, and shall not be used to restrict individuals or entities, including those participating in the fair housing initiatives program, from pursuing any right or remedy guaranteed by Federal law. Not later than 6 months after the end of the demonstration period authorized in this section, the Secretary shall submit to Congress the evaluation of the Secretary of the effectiveness of such guidelines in achieving the purposes of this section.

"(3) Such regulations shall include provisions governing applications for assistance under this section, and shall require each such application to contain—

"(A) a description of the assisted activities proposed to be undertaken by the applicant, together with the estimated costs and schedule for completion of such activities;

"(B) a description of the experience of the applicant in formulating or carrying out programs to prevent or eliminate discriminatory housing practices;

"(C) available information, including studies made by or available to the applicant, indicating the nature and extent of discriminatory housing practices occurring in the general location where the applicant proposes to conduct its assisted activities, and the relationship of such activities to such practices;

"(D) an estimate of such other public or private resources as may be available to assist the proposed activities;

"(E) a description of proposed procedures to be used by the applicant for monitoring conduct and evaluating results of the proposed activities; and

"(F) any additional information required by the Secretary.

"(4) Regulations issued under this subsection shall not become effective prior to the expiration of 90 days after the Secretary transmits such regulations, in the form such regulations are intended to be published, to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Banking, Finance and Urban Affairs of the House of Representatives.

"(5) The Secretary shall not obligate or expend any amount under this section before the effective date of the regulations required under this subsection.

"(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out the provisions of this section, including any program evaluations, $5,000,000 for fiscal year 1988, and $5,000,000 for fiscal year 1989, of which not more than $3,000,000 in each year shall be for the private enforcement initiative demonstration. Any amount appropriated under this section shall remain available until expended.

"(e) SUNSET.—The demonstration period authorized in this section shall end on September 30, 1989."

§ 3617. Interference, coercion, or intimidation

It shall be unlawful to coerce, intimidate, threaten, or interfere with any person in the exercise or enjoyment of, or on account of his having exercised or enjoyed, or on account of his having aided or encouraged any other person in the exercise or enjoyment of, any right granted or protected by section 3603, 3604, 3605, or 3606 of this title.

(Pub. L. 90-284, title VIII, § 818, formerly § 817, Apr. 11, 1968, 82 Stat. 89; renumbered § 818 and amended Pub. L. 100-430, §§ 8(1), 10, Sept. 13, 1988, 102 Stat. 1625, 1635.)

PRIOR PROVISIONS

A prior section 818 of Pub. L. 90-284 was renumbered section 819 and is classified to section 3618 of this title.

AMENDMENTS

1988—Pub. L. 100-430 struck out at end "This section may be enforced by appropriate civil action."

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-430 effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as a note under section 3601 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 3602 of this title.

§ 3618. Authorization of appropriations

There are hereby authorized to be appropriated such sums as are necessary to carry out the purposes of this subchapter.

(Pub. L. 90-284, title VIII, § 819, formerly § 818, Apr. 11, 1968, 82 Stat. 89; renumbered § 819, Pub. L. 100-430, § 8(1), Sept. 13, 1988, 102 Stat. 1625.)

PRIOR PROVISIONS

A prior section 819 of Pub. L. 90-284 was renumbered section 820 and is classified to section 3619 of this title.

§ 3619. Separability of provisions

If any provision of this subchapter or the application thereof to any person or circumstances is held invalid, the remainder of the subchapter and the application of the provision to other persons not similarly situated or to other circumstances shall not be affected thereby.

(Pub. L. 90-284, title VIII, § 820, formerly § 819, Apr. 11, 1968, 82 Stat. 89; renumbered § 820, Pub. L. 100-430, § 8(1), Sept. 13, 1988, 102 Stat. 1625.)

SUBCHAPTER II—PREVENTION OF INTIMIDATION

§ 3631. Violations; bodily injury; death; penalties

Whoever, whether or not acting under color of law, by force or threat of force willfully injuries, intimidates or interferes with, or attempts to injure, intimidate or interfere with—

(a) any person because of his race, color, religion, sex, handicap (as such term is defined in section 3602 of this title), familial status (as such term is defined in section 3602 of this title), or national origin and because he is or has been selling, purchasing, renting, financing, occupying, or contracting or negotiating for the sale, purchase, rental, financing or occupation of any dwelling, or applying for or participating in any service, organization, or facility relating to the business of selling or renting dwellings; or

(b) any person because he is or has been, or in order to intimidate such person or any other person or any class of persons from—

(1) participating, without discrimination on account of race, color, religion, sex, handicap (as such term is defined in section 3602 of this title), familial status (as such term is defined in section 3602 of this title), or national origin, in any of the activities, services, organizations or facilities described in subsection (a) of this section; or

(2) affording another person or class of persons opportunity or protection so to participate; or

(c) any citizen because he is or has been, or in order to discourage such citizen or any other citizen from lawfully aiding or encouraging other persons to participate, without discrimination on account of race, color, religion, sex, handicap (as such term is defined in section 3602 of this title), familial status (as such term is defined in section 3602 of this title), or national origin, in any of the activities, services, organizations or facilities described in subsection (a) of this section, or participating lawfully in speech or peaceful assembly opposing any denial of the opportunity to so participate—

shall be fined not more than $1,000, or imprisoned not more than one year, or both; and if bodily injury results shall be fined not more than $10,000, or imprisoned not more than ten years, or both; and if death results shall be subject to imprisonment for any term of years or for life.

(Pub. L. 90-284, title IX, § 901, Apr. 11, 1968, 82 Stat. 89; Pub. L. 93-383, title VIII, § 808(b)(4), Aug. 22, 1974, 88 Stat. 729; Pub. L. 100-430, § 9, Sept. 13, 1988, 102 Stat. 1635.)

AMENDMENTS

1988—Cls. (a), (b)(1), (c). Pub. L. 100-430 inserted ", handicap (as such term is defined in section 3602 of this title), familial status (as such term is defined in section 3602 of this title)," after "sex".

1974—Pub. L. 93-383 inserted ", sex" after "religion" wherever appearing in cls. (a), (b)(1), and (c).

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-430 effective on the 180th day beginning after Sept. 13, 1988, see section 13(a) of Pub. L. 100-430, set out as a note under section 3601 of this title.

FEDERALLY PROTECTED ACTIVITIES; PENALTIES

Penalties for violations respecting federally protected activities not applicable to and not affecting activities under fair housing provisions of subchapter I of this chapter, see section 101(b) of Pub. L. 90-284, set out as a note under section 245 of Title 18, Crimes and Criminal Procedure.

CHAPTER 46—JUSTICE SYSTEM IMPROVEMENT

Sec.
3701. Repealed.

SUBCHAPTER I—OFFICE OF JUSTICE PROGRAMS

3711. Establishment of Office of Justice Programs.
3712. Duties and functions of Assistant Attorney General.
    (a) Specific, general and delegated powers.
    (b) Annual report to President and Congress.
3713. Omitted.

SUBCHAPTER II—NATIONAL INSTITUTE OF JUSTICE

3721. Statement of purpose.
3722. National Institute of Justice.
    (a) Establishment; general authority of Attorney General over Institute.
    (b) Director of Institute; appointment by President; authority; restrictions.
    (c) Duties and functions.
    (d) Criminal and civil justice research.
3723. Authority for 100 per centum grants.
3724. Repealed.

SUBCHAPTER III—BUREAU OF JUSTICE STATISTICS

3731. Statement of purpose.
3732. Bureau of Justice Statistics.
    (a) Establishment.
    (b) Appointment of Director; experience; authority; restrictions.
    (c) Duties and functions of Bureau.
    (d) Justice statistical collection, analysis, and dissemination.
    (e) Furnishing of information, data, or reports by Federal agencies.
    (f) Consultation with representatives of State and local government and judiciary.

minent hazard to the public safety, only those factors set forth in paragraphs (4), (5), and (6) of subsection (c) of this section, including actual abuse, diversion from legitimate channels, and clandestine importation, manufacture, or distribution.

(4) The Attorney General shall transmit notice of an order proposed to be issued under paragraph (1) to the Secretary of Health and Human Services. In issuing an order under paragraph (1), the Attorney General shall take into consideration any comments submitted by the Secretary in response to a notice transmitted pursuant to this paragraph.

(5) An order issued under paragraph (1) with respect to a substance shall be vacated upon the conclusion of a subsequent rulemaking proceeding initiated under subsection (a) of this section with respect to such substance.

(6) An order issued under paragraph (1) is not subject to judicial review.

(Pub. L. 91-513, title II, § 201, Oct. 27, 1970, 84 Stat. 1245; Pub. L. 95-633, title I, § 102(a), Nov. 10, 1978, 92 Stat. 3769; Pub. L. 96-88, title V, § 509(b), Oct. 17, 1979, 93 Stat. 695; Pub. L. 98-473, title II, §§ 508, 509(a), Oct. 12, 1984, 98 Stat. 2071, 2072.)

REFERENCES IN TEXT

This subchapter, referred to in subsecs. (a), (c)(8), (d)(3), (4)(A), (B), and (g)(2), (3), was in the original "this title", meaning title II of Pub. L. 91-513, Oct. 27, 1970, 84 Stat. 1242, as amended, and is popularly known as the "Controlled Substances Act". For complete classification of title II to the Code, see second paragraph of Short Title note set out under section 801 of this title and Tables.

The Federal Food, Drug, and Cosmetic Act, referred to in subsecs. (d)(3) and (g)(1), is act June 25, 1938, ch. 675, 52 Stat. 1040, as amended, which is classified generally to chapter 9 (§ 301 et seq.) of this title. For complete classification of this Act to the Code, see section 301 of this title and Tables.

Schedules I, IV, and V, referred to in subsecs. (d)(4)(A), (B), and (h)(1), are set out in section 812(c) of this title.

The Psychotropic Substances Act of 1978, referred to in subsec. (d)(5), is Pub. L. 95-633, Nov. 10, 1978, 92 Stat. 3768, which enacted sections 801a, 830, and 852 of this title, amended sections 352, 802, 811, 812, 823, 827, 841 to 843, 872, 881, 952, 953, and 965 of this title and section 242a of Title 42, The Public Health and Welfare, repealed section 830 of this title effective Jan. 1, 1981, and enacted provisions set out as notes under sections 801, 801a, 812, and 830 of this title. For complete classification of the Act to the Code, see Short Title of 1978 Amendment note set out under section 801 of this title and Tables.

AMENDMENTS

1984—Subsec. (g)(3). Pub. L. 98-473, § 509(a), added par. (3).

Subsec. (h). Pub. L. 98-473, § 508, added subsec. (h).

1978—Subsec. (d). Pub. L. 95-633 designated existing provisions as par. (1) and added pars. (2) to (5).

CHANGE OF NAME

"Secretary of Health and Human Services" was substituted for "Secretary of Health, Education, and Welfare" in subsec. (d)(2), (3), (4)(A), (B), (5) pursuant to section 509(b) of Pub. L. 96-88 which is classified to section 3508(b) of Title 20, Education.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95-633 effective on the date the Convention on Psychotropic Substances enters into force in the United States [July 15, 1980], see section 112 of Pub. L. 95-633, set out as an Effective Date note under section 801a of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 812, 872, 1115 of this title.

~~§ 812.~~ Schedules of controlled substances

(a) Establishment

There are established five schedules of controlled substances, to be known as schedules I, II, III, IV, and V. Such schedules shall initially consist of the substances listed in this section. The schedules established by this section shall be updated and republished on a semiannual basis during the two-year period beginning one year after October 27, 1970, and shall be updated and republished on an annual basis thereafter.

(b) Placement on schedules; findings required

Except where control is required by United States obligations under an international treaty, convention, or protocol, in effect on October 27, 1970, and except in the case of an immediate precursor, a drug or other substance may not be placed in any schedule unless the findings required for such schedule are made with respect to such drug or other substance. The findings required for each of the schedules are as follows:

(1) SCHEDULE I.—

(A) The drug or other substance has a high potential for abuse.

(B) The drug or other substance has no currently accepted medical use in treatment in the United States.

(C) There is a lack of accepted safety for use of the drug or other substance under medical supervision.

(2) SCHEDULE II.—

(A) The drug or other substance has a high potential for abuse.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States or a currently accepted medical use with severe restrictions.

(C) Abuse of the drug or other substances may lead to severe psychological or physical dependence.

(3) SCHEDULE III.—

(A) The drug or other substance has a potential for abuse less than the drugs or other substances in schedules I and II.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

(C) Abuse of the drug or other substance may lead to moderate or low physical dependence or high psychological dependence.

(4) SCHEDULE IV.—

(A) The drug or other substance has a low potential for abuse relative to the drugs or other substances in schedule III.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

BEST COPY AVAILABLF

(C) Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in schedule III.

(5) Schedule V.—

(A) The drug or other substance has a low potential for abuse relative to the drugs or other substances in schedule IV.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

(C) Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in schedule IV.

(c) Initial schedules of controlled substances

Schedules I, II, III, IV, and V shall, unless and until amended pursuant to section 811 of this title, consist of the following drugs or other substances, by whatever official name, common or usual name, chemical name, or brand name designated:

Schedule I

(a) Unless specifically excepted or unless listed in another schedule, any of the following opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation:

(1) Acetylmethadol.
(2) Allylprodine.
(3) Alphacetylmathadol.
(4) Alphameprodine.
(5) Alphamethadol.
(6) Benzethidine.
(7) Betacetylmethadol.
(8) Betameprodine.
(9) Betamethadol.
(10) Betaprodine.
(11) Clonitazene.
(12) Dextromoramide.
(13) Dextrorphan.
(14) Diampromide.
(15) Diethylthiambutene.
(16) Dimenoxadol.
(17) Dimepheptanol.
(18) Dimethylthiambutene.
(19) Dioxaphetyl butyrate.
(20) Dipipanone.
(21) Ethylmethylthiambutene.
(22) Etonitazene.
(23) Etoxeridine.
(24) Furethidine.
(25) Hydroxypethidine.
(26) Ketobemidone.
(27) Levomoramide.
(28) Levophenacylmorphan.
(29) Morpheridine.
(30) Noracymethadol.
(31) Norlevorphanol.
(32) Normethadone.
(33) Norpipanone.
(34) Phenadoxone.
(35) Phenampromide.
(36) Phenomorphan.
(37) Phenoperidine.
(38) Piritramide.
(39) Propheptazine.
(40) Properidine.
(41) Racemoramide.
(42) Trimeperidine.

(b) Unless specifically excepted or unless listed in another schedule, any of the following opium derivatives, their salts, isomers, and salt of isomers whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Acetorphine.
(2) Acetyldihydrocodeine.
(3) Benzylmorphine.
(4) Codeine methylbromide.
(5) Codeine-N-Oxide.
(6) Cyprenorphine.
(7) Desomorphine.
(8) Dihydromorphine.
(9) Etorphine.
(10) Heroin.
(11) Hydromorphinol.
(12) Methyldesorphine.
(13) Methylhydromorphine.
(14) Morphine methylbromide.
(15) Morphine methylsulfonate.
(16) Morphine-N-Oxide.
(17) Myrophine.
(18) Nicocodeine.
(19) Nicomorphine.
(20) Normorphine.
(21) Pholcodine.
(22) Thebacon.

(c) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation, which contains any quantity of the following hallucinogenic substances, or which contains any of their salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) 3,4-methylenedioxy amphetamine.
(2) 5-methoxy-3,4-methylenedioxy amphetamine.
(3) 3,4,5-trimethoxy amphetamine.
(4) Bufotenine.
(5) Diethyltryptamine.
(6) Dimethyltryptamine.
(7) 4-methyl-2,5-diamethoxyamphetamine.
(8) Ibogaine.
(9) Lysergic acid diethylamide.
(10) Marihuana.
(11) Mescaline.
(12) Peyote.
(13) N-ethyl-3-piperidyl benzilate.
(14) N-methyl-3-piperidyl benzilate.
(15) Psilocybin.
(16) Psilocyn.
(17) Tetrahydrocannabinols.

Schedule II

(a) Unless specifically excepted or unless listed in another schedule, any of the following substances whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(1) Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate.

(2) Any salt, compound, derivative, or preparation thereof which is chemically equivalent or identical with any of the substances referred to in clause (1), except that these substances shall not include the isoquinoline alkaloids of opium.

(3) Opium poppy and poppy straw.

(4) coca [3] leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed; cocaine, its salts, optical and geometric isomers, and salts of isomers; ecgonine, its derivatives, their salts, isomers, and salts of isomers; or any compound, mixture, or preparation which contains any quantity of any of the substances referred to in this paragraph.

(b) Unless specifically excepted or unless listed in another schedule, any of the following opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters and ethers, whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation:

(1) Alphaprodine.
(2) Anileridine.
(3) Bezitramide.
(4) Dihydrocodeine.
(5) Diphenoxylate.
(6) Fentanyl.
(7) Isomethadone.
(8) Levomethorphan.
(9) Levorphanol.
(10) Metazocine.
(11) Methadone.
(12) Methadone-Intermediate, 4-cyano-2-dimethylamino-4,4-diphenyl butane.
(13) Moramide-Intermediate, 2-methyl-3-morpholino-1, 1-diphenylpropane-carboxylic acid.
(14) Pethidine.
(15) Pethidine-Intermediate-A, 4-cyano-1-methyl-4-phenylpiperidine.
(16) Pethidine-Intermediate-B, ethyl-4-phenylpiperidine-4-carboxylate.
(17) Pethidine-Intermediate-C, 1-methyl-4-phenylpiperidine-4-carboxylic acid.
(18) Phenazocine.
(19) Piminodine.
(20) Racemethorphan.
(21) Racemorphan.

(c) Unless specifically excepted or unless listed in another schedule, any injectable liquid which contains any quantity of methamphetamine, including its salts, isomers, and salts of isomers.

SCHEDULE III

(a) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system:

(1) Amphetamine, its salts, optical isomers, and salts of its optical isomers.

(2) Phenmetrazine and its salts.

(3) Any substance (except an injectable liquid) which contains any quantity of methamphetamine, including its salts, isomers, and salts of isomers.

(4) Methylphenidate.

(b) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system:

(1) Any substance which contains any quantity of a derivative of barbituric acid, or any salt of a derivative of barbituric acid.
(2) Chorhexadol.
(3) Glutehimide.
(4) Lysergic acid.
(5) Lysergic acid amide.
(6) Methyprylon.
(7) Phencyclidine.
(8) Sulfondiethylmethane.
(9) Sulfonethylmethane.
(10) Sulfonmethane.

(c) Nalorphine.

(d) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation containing limited quantities of any of the following narcotic drugs, or any salts thereof:

(1) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with an equal or greater quantity of an isoquinoline alkaloid of opium.

(2) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(3) Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with a fourfold or greater quantity of an isoquinoline alkaloid of opium.

(4) Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(5) Not more than 1.8 grams of dihydrocodeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(6) Not more than 300 milligrams of ethylmorphine per 100 milliliters or not more than 15 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(7) Not more than 500 milligrams of opium per 100 milliliters or per 100 grams, or not more than 25 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(8) Not more than 50 milligrams of morphine per 100 milliliters or per 100 grams

---

[3] So in original. Probably should be "Coca".

with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

SCHEDULE IV

(1) Barbital.
(2) Chloral betaine.
(3) Chloral hydrate.
(4) Ethchlorvynol.
(5) Ethinamate.
(6) Methohexital.
(7) Meprobamate.
(8) Methylphenobarbital.
(9) Paraldehyde.
(10) Petrichloral.
(11) Phenobarbital.

SCHEDULE V

Any compound, mixture, or preparation containing any of the following limited quantities of narcotic drugs, which shall include one or more nonnarcotic active medicinal ingredients in sufficient proportion to confer upon the compound, mixture, or preparation valuable medicinal qualities other than those possessed by the narcotic drug alone:

(1) Not more than 200 milligrams of codeine per 100 milliliters or per 100 grams.

(2) Not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams.

(3) Not more than 100 milligrams of ethylmorphine per 100 milliliters or per 100 grams.

(4) Not more than 2.5 milligrams of diphenoxylate and not less than 25 micrograms of atropine sulfate per dosage unit.

(5) Not more than 100 milligrams of opium per 100 milliliters or per 100 grams.

(d) Repealed. Pub. L. 98–473, title II, § 509(b), Oct. 12, 1984, 98 Stat. 2072

(Pub. L. 91-513, title II, § 202, Oct. 27, 1970, 84 Stat. 1247; Pub. L. 95-633, title I, § 103, Nov. 10, 1978, 92 Stat. 3772; Pub. L. 98-473, title II, §§ 507(c), 509(b), Oct. 12, 1984, 98 Stat. 2071, 2072; Pub. L. 99-570, title I, § 1867, Oct. 27, 1986, 100 Stat. 3207-55; Pub. L. 99-646, § 84, Nov. 10, 1986, 100 Stat. 3619.)

AMENDMENTS

1986—Subsec. (c). Pub. L. 99-646 amended schedule II(a)(4) generally. Prior to amendment, schedule II(a)(4) read as follows: "Coca leaves (except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed); cocaine, its salts, optical and geometric isomers, and salts of isomers; and ecgonine, its derivatives, their salts, isomers, and salts of isomers."

Pub. L. 99-570 amended schedule II(a)(4) generally. Prior to amendment, schedule II(a)(4) read as follows: "Coca leaves and any salt, compound, derivative, or preparation of coca leaves (including cocaine and ecgonine and their salts, isomers, derivatives, and salts of isomers and derivatives), and any salt, compound, derivative, or preparation thereof which is chemically equivalent or identical with any of these substances, except that the substances shall not include decocainized coca leaves or extraction of coca leaves, which extractions do not contain cocaine or ecgonine."

1984—Subsec. (c). Pub. L. 98-473, § 507(c), in schedule II(a)(4) added applicability to cocaine and ecgonine and their salts, isomers, etc.

Subsec. (d). Pub. L. 98-473, § 509(b), struck out subsec. (d) which related to authority of Attorney General to except stimulants or depressants containing active medicinal ingredients.

1978—Subsec. (d)(3). Pub. L. 95-633 added cl. (3).

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95-633 effective on the date the Convention on Psychotropic Substances enters into force in the United States [July 15, 1980], see section 112 of Pub. L. 95-633, set out as an Effective Date note under section 801a of this title.

PLACEMENT OF PIPRADROL AND SPA IN SCHEDULE IV TO CARRY OUT OBLIGATION UNDER CONVENTION ON PSYCHOTROPIC SUBSTANCES

Section 102(c) of Pub. L. 95-633 provided that: "For the purpose of carrying out the minimum United States obligations under paragraph 7 of article 2 of the Convention on Psychotropic Substances, signed at Vienna, Austria, on February 21, 1971, with respect to pipradrol and SPA (also known as (-)-1-dimethylamino-1,2-diphenylethane), the Attorney General shall by order, made without regard to sections 201 and 202 of the Controlled Substances Act [this section and section 811 of this title], place such drugs in schedule IV of such Act [see subsec. (c) of this section]."

Provision of section 102(c) of Pub. L. 95-633, set out above, effective on the date the Convention on Psychotropic Substances enters into force in the United States [July 15, 1980], see section 112 of Pub. L. 95-633, set out as an Effective Date note under section 801a of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 811, 1115 of this title; title 10 section 912a; title 19 section 2484; title 29 section 2006.

§ 813. Treatment of controlled substance analogues

A controlled substance analogue shall, to the extent intended for human consumption, be treated, for the purposes of any Federal law as a controlled substance in schedule I.

(Pub. L. 91-513, title II, § 203, as added Pub. L. 99-570, title I, § 1202, Oct. 27, 1986, 100 Stat. 3207-13, and amended Pub. L. 100-690, title VI, § 6470(c), Nov. 18, 1988, 102 Stat. 4378.)

REFERENCES IN TEXT

Schedule I, referred to in text, is set out in section 812(c) of this title.

AMENDMENTS

1988—Pub. L. 100-690 substituted "any Federal law" for "this subchapter and subchapter II of this chapter".

PART C—REGISTRATION OF MANUFACTURERS, DISTRIBUTORS, AND DISPENSERS OF CONTROLLED SUBSTANCES

PART REFERRED TO IN OTHER SECTIONS

This part is referred to in section 811 of this title.

§ 821. Rules and regulations

The Attorney General is authorized to promulgate rules and regulations and to charge reasonable fees relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances.

(Pub. L. 91-513, title II, § 301, Oct. 27, 1970, 84 Stat. 1253.)

[redacted] Drug-free workplace requirements for Federal contractors

(a) Drug-free workplace requirement

(1) Requirement for persons other than individuals

No person, other than an individual, shall be considered a responsible source, under the meaning of such term as defined in section 403(8) of this title, for the purposes of being awarded a contract for the procurement of any property or services of a value of $25,000 or more from any Federal agency unless such person has certified to the contracting agency that it will provide a drug-free workplace by—

(A) publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the person's workplace and specifying the actions that will be taken against employees for violations of such prohibition;

(B) establishing a drug-free awareness program to inform employees about—

(i) the dangers of drug abuse in the workplace;

(ii) the person's policy of maintaining a drug-free workplace;

(iii) any available drug counseling, rehabilitation, and employee assistance programs; and

(iv) the penalties that may be imposed upon employees for drug abuse violations;

(C) making it a requirement that each employee to be engaged in the performance of such contract be given a copy of the statement required by subparagraph (A);

(D) notifying the employee in the statement required by subparagraph (A), that as a condition of employment on such contract, the employee will—

(i) abide by the terms of the statement; and

(ii) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction;

(E) notifying the contracting agency within 10 days after receiving notice under subparagraph (D)(ii) from an employee or otherwise receiving actual notice of such conviction;

(F) imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program by, any employee who is so convicted, as required by section 703 of this title; and

(G) making a good faith effort to continue to maintain a drug-free workplace through implementation of subparagraphs (A), (B), (C), (D), (E), and (F).

(2) Requirement for individuals

No Federal agency shall enter into a contract with an individual unless such contract includes a certification by the individual that the individual will not engage in the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance in the performance of the contract.

(b) Suspension, termination, or debarment of contractor

(1) Grounds for suspension, termination, or debarment

Each contract awarded by a Federal agency shall be subject to suspension of payments under the contract or termination of the contract, or both, and the contractor thereunder or the individual who entered the contract with the Federal agency, as applicable, shall be subject to suspension or debarment in accordance with the requirements of this section if the head of the agency determines that—

(A) the contractor or individual has made a false certification under subsection (a) of this section;

(B) the contractor violates such certification by failing to carry out the requirements of subparagraph (A), (B), (C), (D), (E), or (F) of subsection (a)(1) of this section; or

(C) such a number of employees of such contractor have been convicted of violations of criminal drug statutes for violations occurring in the workplace as to indicate that the contractor has failed to make a good faith effort to provide a drug-free workplace as required by subsection (a) of this section.

(2) Conduct of suspension, termination, and debarment proceedings

(A) If a contracting officer determines, in writing, that cause for suspension of payments, termination, or suspension or debarment exists, an appropriate action shall be initiated by a contracting officer of the agency, to be conducted by the agency concerned in accordance with the Federal Acquisition Regulation and applicable agency procedures.

(B) The Federal Acquisition Regulation shall be revised to include rules for conducting suspension and debarment proceedings under this subsection, including rules providing notice, opportunity to respond in writing or in person, and such other procedures as may be necessary to provide a full and fair proceeding to a contractor or individual in such proceeding.

(3) Effect of debarment

Upon issuance of any final decision under this subsection requiring debarment of a contractor or individual, such contractor or individual shall be ineligible for award of any contract by any Federal agency, and for participation in any future procurement by any Federal agency, for a period specified in the decision, not to exceed 5 years.

(Pub. L. 100–690, title V, § 5152, Nov. 18, 1988, 102 Stat. 4304.)

EFFECTIVE DATE

Section 5160 of Pub. L. 100–690 provided that: "Sections 5152 and 5153 [enacting sections 701 and 702 of this title] shall be effective 120 days after the date of the enactment of this subtitle [Nov. 18, 1988]."

SHORT TITLE

Section 5151 of Pub. L. 100–690 provided that: "This subtitle [subtitle D (§§ 5151–5160) of title V of Pub. L. 100–690, enacting this chapter] may be cited as the 'Drug-Free Workplace Act of 1988'."

CONSISTENCY OF REGULATIONS WITH INTERNATIONAL OBLIGATIONS OF UNITED STATES; EXTRATERRITORIAL APPLICATION

Section 4804 of Pub. L. 100–690 provided that:

"(a) In prescribing regulations under subtitle D of title V of this Act [this chapter], the head of the appropriate agency—

"(1) shall only establish requirements that are consistent with the international obligations of the United States, and

"(2) shall take into consideration any applicable laws and regulations of foreign countries.

"(b) Section 5152 [enacting this section] shall not be construed as conferring extraterritorial application of the provisions of such section."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 703, 704, 706 of this title.

§ 702. Drug-free workplace requirements for Federal grant recipients

(a) Drug-free workplace requirement

(1) Persons other than individuals

No person, other than an individual, shall receive a grant from any Federal agency unless such person has certified to the granting agency that it will provide a drug-free workplace by—

(A) publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violations of such prohibition;

(B) establishing a drug-free awareness program to inform employees about—

(i) the dangers of drug abuse in the workplace;

(ii) the grantee's policy of maintaining a drug-free workplace;

(iii) any available drug counseling, rehabilitation, and employee assistance programs; and

(iv) the penalties that may be imposed upon employees for drug abuse violations;

(C) making it a requirement that each employee to be engaged in the performance of such grant be given a copy of the statement required by subparagraph (A);

(D) notifying the employee in the statement required by subparagraph (A), that as a condition of employment in such grant, the employee will—

(i) abide by the terms of the statement; and

(ii) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction;

(E) notifying the granting agency within 10 days after receiving notice of a conviction under subparagraph (D)(ii) from an employee or otherwise receiving actual notice of such conviction;

(F) imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program by, any employee who is so convicted, as required by section 703 of this title; and

(G) making a good faith effort to continue to maintain a drug-free workplace through implementation of subparagraphs (A), (B), (C), (D), (E), and (F).

(2) Individuals

No Federal agency shall make a grant to any individual unless such individual certifies to the agency as a condition of such grant that the individual will not engage in the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance in conducting any activity with such grant.

(b) Suspension, termination, or debarment of grantee

(1) Grounds for suspension, termination, or debarment

Each grant awarded by a Federal agency shall be subject to suspension of payments under the grant or termination of the grant, or both, and the grantee thereunder shall be subject to suspension or debarment, in accordance with the requirements of this section if the agency head of the granting agency or his official designee determines, in writing, that—

(A) the grantee has made a false certification under subsection (a) of this section;

(B) the grantee violates such certification by failing to carry out the requirements of subparagraph (A), (B), (C), (D), (E), (F), or (G) of subsection (a)(1) of this section; or

(C) such a number of employees of such grantee have been convicted of violations of criminal drug statutes for violations occurring in the workplace as to indicate that the grantee has failed to make a good faith effort to provide a drug-free workplace as required by subsection (a)(1) of this section.

(2) Conduct of suspension, termination, and debarment proceedings

A suspension of payments, termination, or suspension or debarment proceeding subject to this subsection shall be conducted in accordance with applicable law, including Executive Order 12549 or any superseding Executive order and any regulations promulgated to implement such law or Executive order.

(3) Effect of debarment

Upon issuance of any final decision under this subsection requiring debarment of a grantee, such grantee shall be ineligible for award of any grant from any Federal agency and for participation in any future grant from any Federal agency for a period specified in the decision, not to exceed 5 years.

(Pub. L. 100-690, title V, § 5153, Nov. 18, 1988, 102 Stat. 4306.)

REFERENCES IN TEXT

Executive Order 12549, referred to in subsec. (b)(2), is set out as a note under section 6101 of Title 31, Money and Finance.

EFFECTIVE DATE

Section effective 120 days after Nov. 18, 1988, see section 5160 of Pub. L. 100-690, set out as a note under section 701 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 703, 706 of this title.

§ 703. Employee sanctions and remedies

A grantee or contractor shall, within 30 days after receiving notice from an employee of a conviction pursuant to section 701(a)(1)(D)(ii) or 702(a)(1)(D)(ii) of this title—

(1) take appropriate personnel action against such employee up to and including termination; or

(2) require such employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

(Pub. L. 100-690, title V, § 5154, Nov. 18, 1988, 102 Stat. 4307.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 701, 702 of this title.

§ 704. Waiver

(a) In general

A termination, suspension of payments, or suspension or debarment under this chapter may be waived by the head of an agency with respect to a particular contract or grant if—

(1) in the case of a waiver with respect to a contract, the head of the agency determines under section 701(b)(1) of this title, after the issuance of a final determination under such section, that suspension of payments, or termination of the contract, or suspension or debarment of the contractor, or refusal to permit a person to be treated as a responsible source for a contract, as the case may be, would severely disrupt the operation of such agency to the detriment of the Federal Government or the general public; or

(2) in the case of a waiver with respect to a grant, the head of the agency determines that suspension of payments, termination of the grant, or suspension or debarment of the grantee would not be in the public interest.

(b) Exclusive authority

The authority of the head of an agency under this section to waive a termination, suspension, or debarment shall not be delegated.

(Pub. L. 100-690, title V, § 5155, Nov. 18, 1988, 102 Stat. 4307.)

§ 705. Regulations

Not later than 90 days after November 18, 1988, the governmentwide regulations governing actions under this chapter shall be issued pursuant to the Office of Federal Procurement Policy Act (41 U.S.C. 401 et seq.).

(Pub. L. 100-690, title V, § 5156, Nov. 18, 1988, 102 Stat. 4308.)

REFERENCES IN TEXT

The Office of Federal Procurement Policy Act, referred to in text, is Pub. L. 93-400, Aug. 30, 1974, 88 Stat. 796, as amended, which is classified principally to chapter 7 (§ 401 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 401 of this title and Tables.

§ 706. Definitions

For purposes of this chapter—

(1) the term "drug-free workplace" means a site for the performance of work done in connection with a specific grant or contract described in section 701 or 702 of this title of an entity at which employees of such entity are prohibited from engaging in the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance in accordance with the requirements of this Act;

(2) the term "employee" means the employee of a grantee or contractor directly engaged in the performance of work pursuant to the provisions of the grant or contract described in section 701 or 702 of this title;

(3) the term "controlled substance" means a controlled substance in schedules I through V of section 812 of title 21;

(4) the term "conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

(5) the term "criminal drug statute" means a criminal statute involving manufacture, distribution, dispensation, use, or possession of any controlled substance;

(6) the term "grantee" means the department, division, or other unit of a person responsible for the performance under the grant;

(7) the term "contractor" means the department, division, or other unit of a person responsible for the performance under the contract; and

(8) the term "Federal agency" means an agency as that term is defined in section 552(f) of title 5.

(Pub. L. 100-690, title V, § 5157, Nov. 18, 1988, 102 Stat. 4308.)

REFERENCES IN TEXT

This Act, referred to in par. (1), is Pub. L. 100-690, Nov. 18, 1988, 102 Stat. 4181, known as the Anti-Drug Abuse Act of 1988. For complete classification of this Act to the Code, see Short Title note set out under section 1501 of Title 21, Food and Drugs, and Tables.

§ 707. Construction of chapter

Nothing in this chapter shall be construed to require law enforcement agencies, if the head of the agency determines it would be inappropriate in connection with the agency's undercover operations, to comply with the provisions of this chapter.

(Pub. L. 100-690, title V, § 5158, Nov. 18, 1988, 102 Stat. 4308.)

[illegible]

(2) "Amtrak Commuter" means the Amtrak Commuter Services Corporation created under subchapter V of this chapter.

(3) "Auto-ferry service" means intercity rail passenger service characterized by transportation of automobiles or recreational vehicles and their occupants, and, when space is available, of used unoccupied vehicles.

(4) "Avoidable loss" means the avoidable costs of providing passenger service, less revenues attributable thereto, as determined by the Interstate Commerce Commission under the provisions of section 553 of title 5.

(5) "Basic system" means (A) prior to October 1, 1979, the system of intercity rail passenger service designated by the Secretary under subchapter II of this chapter and section 563(a) of this title, and (B) on and after October 1, 1979, the system of intercity rail passenger service designated by the Secretary under section 4 of the Amtrak Improvement Act of 1978 (Public Law 95-421) and approved by the Congress, and service required to be operated under sections 564(d) and 564(e)[1] of this title and under section 4(g) of the Amtrak Improvement Act of 1978, including changes to such system or service made by the Corporation using the Route and Service Criteria.

(6) "Center" means the Performance Evaluation Center established under section 545 of this title.

(7) "Commission" means the Interstate Commerce Commission.

[illegible] "Commuter authority" means any State, local, or regional authority, corporation, or other entity established for purposes of providing commuter service, and includes the Metropolitan Transportation Authority, the Connecticut Department of Transportation, the Maryland Department of Transportation, the Southeastern Pennsylvania Transportation Authority, the New Jersey Transit Corporation, the Massachusetts Bay Transportation Authority, the Port Authority Trans-Hudson Corporation, any successor agencies, and any entity created by one or more such agencies for the purpose of operating, or contracting for the operation of, commuter service.

(9) "Commuter service" means short-haul rail passenger service operated in metropolitan and suburban areas, whether within or across the geographical boundaries of a State, usually characterized by reduced fare, multiple-ride, and commutation tickets and by morning and evening peak period operations.

(10) "Corporation" means the National Railroad Passenger Corporation created under subchapter III of this chapter.

(11) "Intercity rail passenger service" means all rail passenger service other than commuter service.

(12) "Model Program" means a program carried out by the Corporation under section 646 or section 648 of this title and the employee assistance program established by the Corporation.

(13) "Panel" means a Technical Assistance Panel established under section 563(b) of this title.

(14) "Rail carrier" and "railroad" mean a person providing railroad transportation for compensation.

(15) "Regional transportation agency" means an authority, corporation, or other entity established for the purpose of providing passenger service within a region.

(16) "Route and Service Criteria" means the Criteria and Procedures for Making Route and Service Decisions established pursuant to section 564(c) of this title.

(17) "Secretary" means the Secretary of Transportation or his delegate unless the context indicates otherwise.

(Pub. L. 91-518, title I, § 103, formerly § 102, Oct. 30, 1970, 84 Stat. 1328; amended Pub. L. 93-146, § 2, Nov. 3, 1973, 87 Stat. 548; renumbered and amended Pub. L. 96-73, title I, §§ 103(a), 104, Sept. 29, 1979, 93 Stat. 537, 538; Pub. L. 97-35, title XI, § 1173, Aug. 13, 1981, 95 Stat. 689; Pub. L. 99-272, title IV, § 4012, Apr. 7, 1986, 100 Stat. 109.)

References in Text

Section 4 of the Amtrak Improvement Act of 1978 (Public Law 95-421), referred to in par. (5), is Pub. L. 95-421, § 4, Oct. 5, 1978, 92 Stat. 923, as amended, which is set out as a note under section 521 of this title.

Section 564(e) of this title, referred to in par. (5), was repealed by Pub. L. 97-35, title XI, § 1183(d), Aug. 13, 1981, 95 Stat. 697.

Amendments

1986—Par. (3). Pub. L. 99-272 inserted ", and, when space is available, of used unoccupied vehicles".

1981—Pars. (2) to (6). Pub. L. 97-35, § 1173(1), (2), added par. (2) and redesignated former pars. (2) to (5) as (3) to (6), respectively.

Par. (7). Pub. L. 97-35, § 1173(1), redesignated former par. (6) as (7). Former par. (7) redesignated (10).

Pars. (8), (9). Pub. L. 97-35, § 1173(1), (3), added pars. (8) and (9) and redesignated former pars. (8) and (9) as (11) and (12), respectively.

Par. (10). Pub. L. 97-35, § 1173(1), redesignated former par. (7) as (10).

Par. (11). Pub. L. 97-35, § 1173(1), (4), redesignated former par. (8) as (11) and substituted "commuter service" for "commuter and other short-haul service in metropolitan and suburban areas, usually characterized by reduced fare, multiple-ride and commutation tickets, and by morning and evening peak period operations".

Pars. (12) to (17). Pub. L. 97-35, § 1173(1), redesignated former pars. (9) to (14) as (12) to (17), respectively.

1979—Par. (1). Pub. L. 96-73, § 104, added par. (1). Former par. (1) redesignated (11).

Par. (2). Pub. L. 96-73, § 104, redesignated former par. (9) as (2) and included transportation of recreational vehicles. Former par. (2) redesignated (14).

Par. (3). Pub. L. 96-73, § 104, redesignated former par. (6) as (3) and substituted "under" for "pursuant to". Former par. (3) redesignated (6).

Par. (4). Pub. L. 96-73, § 104, designated existing provision as cl. (A), provided that cl. (A) be applicable to service prior to Oct. 1, 1979, and added cl. (B).

Par. (5). Pub. L. 96-73, § 104, added par. (5). Former par. (5) redesignated (8).

Par. (6). Pub. L. 96-73, § 104, redesignated former par. (3) as (6). Former par. (6) redesignated (3).

[1] See References in Text note below.

regulations, orders, and standards relating to qualifications of employees, except such qualifications as are specifically related to safety.

(b) Hearings

Hearings shall be conducted in accordance with the provisions of section 553 of title 5 for all rules, regulations, orders, or standards issued by the Secretary including those establishing, amending, revoking, or waiving compliance with a railroad safety rules, regulation, order, or standard under this subchapter, and an opportunity shall be provided for oral presentations.

(c) Waiver of compliance; authority of Secretary

The Secretary may, after hearing in accordance with subsection (b) of this section, waive in whole or in part compliance with any rule, regulation, order, or standard established under this subchapter, if he determines that such waiver of compliance is in the public interest and is consistent with railroad safety. The Secretary shall make public his reasons for granting any such waiver.

(d) Consideration by Secretary of relevant existing safety data and standards; development and publication of rules of practice applicable to proceedings

In prescribing rules, regulations, orders, and standards under this section, the Secretary shall consider relevant existing safety data and standards and shall, within 180 days after July 8, 1976, take such action as may be necessary to develop and publish rules of practice applicable to all proceedings under this chapter. Such rules of practice shall take into consideration the varying nature of proceedings under this chapter and shall include specific time limits upon the disposition of all proceedings initiated under this chapter. In no event shall the time limit for any such proceeding extend for more than 12 months after the date such proceeding is initiated.

(e) "Railroad" defined

The term "railroad" as used in this subchapter means all forms of non-highway ground transportation that run on rails or electromagnetic guideways, including (1) commuter or other short-haul rail passenger service in a metropolitan or suburban area, as well as any commuter rail service which was operated by the Consolidated Rail Corporation as of January 1, 1979, and (2) high speed ground transportation systems that connect metropolitan areas, without regard to whether they use new technologies not associated with traditional railroads. Such term does not include rapid transit operations within an urban area that are not connected to the general railroad system of transportation.

(f) Judicial review

Any final agency action taken under this section is subject to judicial review as provided in chapter 7 of title 5.

(g) Restricted access to rolling equipment during inspection, testing, etc. and visibility of rear car of trains; requirements; enforcement of State laws, etc.

The Secretary shall, within 180 days after July 8, 1976, issue such rules, regulations, orders, and standards as may be necessary to require that—

(1) in any case in which activities of railroad employees (other than train or yard crews) assigned to inspect, test, repair, or service rolling equipment require such employees to work on, under, or between such equipment, each manually operated switch, including any crossover switch, providing access to the track on which such equipment is located must be lined against movement to that track and secured by an effective locking device which may not be removed except by the class or craft of employees performing such inspection, testing, repair, or servicing.

(2) the rear car of all passenger and commuter trains shall have one or more highly visible markers which are lighted during periods of darkness or whenever weather conditions restrict clear visibility; and

(3) the rear car of all freight trains shall have highly visible markers during periods of darkness or whenever weather conditions restrict clear visibility.

Notwithstanding the provisions of section 434 of this title, nothing in paragraphs (2) and (3) of this subsection shall prohibit a State from continuing in force any law, rule, regulation, order or standard in effect on July 8, 1976, relating to lighted markers on the rear car of freight trains except to the extent that such law, rule, regulation, order, or standard would cause such cars to be in violation of this section.

(h) Safety of railroad passenger equipment

(1)(A) The Secretary shall, within one year after January 14, 1983, issue such initial rules, regulations, orders, and standards as may be necessary to insure that the construction, maintenance, and operation of railroad passenger equipment maximize safety to rail passengers. The Secretary shall, as a part of any such rulemaking, consider comparable Federal regulations and procedures which apply to other modes of transportation, especially those administered and enforced by the Federal Aviation Administration. The Secretary shall also consider relevant differences between commuter and intercity passenger service. The Secretary shall periodically review any such rules, regulations, orders, and standards and shall, after a hearing in accordance with subsection (b) of this section, make such revisions in any such rules, regulations, orders, and standards as may be necessary.

(B) The Secretary shall submit to the Congress a report within one year after January 14, 1983, with respect to rules, regulations, orders, and standards issued under subparagraph (A) of this paragraph which describes any rules, regulations, orders, and standards issued or to be issued under this subsection, explains the reasons for their issuance, and compares them without compensation. The Chairman and the Vice Chairmen of the President's Committee may receive transportation and per diem allowances as authorized by law for persons serving without compensation. Persons with disabilities serving as Chairman or Vice Chairmen may be compensated for attendant expenses, consistent with government procedures and practices.

(g) Employees of the President's Committee shall be appointed, subject to law, and shall be directed by the Chairman of the Committee. To such extent as may be mutually arranged by the Chairman of the Committee and the Secretary of Labor, employees of the Committee shall be subject to the administrative rules, regulations, and procedures of the Department of Labor.

(h) The Department of Labor is requested to make available to the President's Committee necessary office space and to furnish the Committee, under such arrangements respecting financing as may be appropriate, necessary equipment, supplies, and services. The estimates of appropriations for the operations of the Committee shall be included within the framework of the appropriations structure of the Department of Labor, in such manner as the Director of the Office of Management and Budget may prescribe. The Chairman of the Committee, in cooperation with the Assistant Secretary for Administration and Management of the Department of Labor, shall be responsible for the preparation and justification of the estimates of appropriations for the Committee.

Sec. 6. *Reporting*. The President's Committee shall report annually to the President, who may apprise the Congress, and other interested organizations and individuals on the progress and problems of maximizing employment opportunities for people with disabilities.

Sec. 7. *Prior Orders; Transition*. (a) To the extent that this Order is inconsistent with any provision of any prior order, or with any provisions of any regulation or other measure or disposition, heretofore issued, made, or taken by the President or by any other officer of the Executive branch of the Government, this Order shall control. Executive Order No. 11480 of September 9, 1969, as amended, is hereby superseded.

(b) Without further action by the President or the Chairman of the Committee, all members, employees, records, property, funds, and pending business of the President's Committee on Employment of the Handicapped provided for in Executive Order No. 11480 of September 9, 1969, as amended, shall on the date of this Order become members, employees, records, property, funds, and pending business of the Committee established by this Order.

(c) The tenure of persons as members of the Committee in pursuance of the provisions of Section 7(b) of this Order, (i), in the case of persons appointed to the predecessor Committee by the President, shall be at the pleasure of the President, and (ii), in the case of other members, shall be for periods equal to their respective unexpired terms under Executive Order No. 11480, as amended, but shall also be subject to the provisions of the last sentence of Section 1(b) of this Order.

Ronald Reagan.

Section Referred to in Other Sections

This section is referred to in section 794a of this title; title 5 sections 2302, 3102, 7702; title 22 section 3905; title 38 section 2014; title 42 section 5057.

[redacted] Architectural and Transportation Barriers Compliance Board

(a) Establishment; membership; chairperson; vice-chairperson; term of office; termination of membership; reappointment; compensation and travel expenses; bylaws; quorum requirements

(1) There is established within the Federal Government the Architectural and Transportation Barriers Compliance Board (hereinafter referred to as the "Board") which shall be composed as follows:

(A) Twelve members shall be appointed by the President from among members of the general public of whom six shall be individuals with handicaps.

(B) The remaining members shall be the heads of each of the following departments or agencies (or their designees whose positions are executive level IV or higher):

(i) Department of Health and Human Services.

(ii) Department of Transportation.

(iii) Department of Housing and Urban Development.

(iv) Department of Labor.

(v) Department of the Interior.

(vi) Department of Defense.

(vii) Department of Justice.

(viii) General Services Administration.

(ix) Veterans' Administration.

(x) United States Postal Service.

(xi) Department of Education.

The Chairperson[1] and vice-chairperson of the Board shall be elected by majority vote of the members of the Board to serve for terms of one year. When the chairperson is a member of the general public, the vice-chairperson shall be a Federal official; and when the chairperson is a Federal official, the vice-chairperson shall be a member of the general public. Upon the expiration of the term as chairperson of a member who is a Federal official, the subsequent chairperson shall be a member of the general public; and vice versa.

(2)(A) The term of office of each appointed member of the Board shall be three years. Each year, the terms of office of four appointed members of the board shall expire.

(B) A member whose term has expired may continue to serve until a successor has been appointed.

(C) A member appointed to fill a vacancy shall serve for the remainder of the term to which that member's predecessor was appointed.

(3) If any appointed member of the Board becomes a Federal employee, such member may continue as a member of the Board for not longer than the sixty-day period beginning on the date the member becomes such an employee.

(4) No individual appointed under paragraph (1)(A) of this subsection who has served as a member of the Board may be reappointed to the Board more than once unless such individual has not served on the Board for a period of two years prior to the effective date of such individual's appointment.

(5)(A) Members of the Board who are not regular full-time employees of the United States shall, while serving on the business of the Board, be entitled to receive compensation at rates fixed by the President, but not to exceed the daily rate prescribed for GS-18 under section 5332 of title 5, including travel time, for each day they are engaged in the performance of their duties as members of the Board; and shall be entitled to reimbursement for travel, subsistence, and other necessary expenses incurred by them in carrying out their duties under this section.

---

[1] So in original. Probably should not be capitalized.

(B) Members of the Board who are employed by the Federal Government shall serve without compensation, but shall be reimbursed for travel, subsistence, and other necessary expenses incurred by them in carrying out their duties under this section.

(6)(A) The Board shall establish such bylaws and other rules as may be appropriate to enable the Board to carry out its functions under this chapter.

(B) The bylaws shall include quorum requirements. The quorum requirements shall provide that (i) a proxy may not be counted for purposes of establishing a quorum, and (ii) not less than half the members required for a quorum shall be members of the general public appointed under paragraph (1)(A).

(b) Functions

It shall be the function of the Board to: (1) insure compliance with the standards prescribed pursuant to the Act of August 12, 1968, commonly known as the Architectural Barriers Act of 1968 (42 U.S.C. 4151 et seq.) (including the application of that Act to the United States Postal Service) including but not limited to enforcing all standards under that Act, and insuring that all waivers and modifications of standards are based upon findings of fact and are not inconsistent with the provisions of such Act and this section; (2) investigate and examine alternative approaches to the architectural, transportation, communication, and attitudinal barriers confronting individuals with handicaps, particularly with respect to telecommunication devices, public buildings and monuments, parks and parklands, public transportation (including air, water, and surface transportation, whether interstate, foreign, intrastate, or local), and residential and institutional housing; (3) determine what measures are being taken by Federal, State, and local governments and by other public or nonprofit agencies to eliminate the barriers described in clause (2) of this subsection; (4) promote the use of the International Accessibility Symbol in all public facilities that are in compliance with the standards prescribed by the Administrator of General Services, the Secretary of Defense, and the Secretary of Housing and Urban Development pursuant to the Architectural Barriers Act of 1968; (5) make to the President and to Congress reports which shall describe in detail the results of its investigations under clauses (2) and (3) of this subsection; (6) make to the President and to the Congress such recommendations for legislation and administration as it deems necessary or desirable to eliminate the barriers described in clause (2) of this subsection; (7) establish minimum guidelines and requirements for the standards issued pursuant to the Act of August 12, 1968, as amended, commonly known as the Architectural Barriers Act of 1968; and (8) insure that public conveyances, including rolling stock, are readily accessible to, and usable by, individuals with physical handicaps.

(c) Additional functions; transportation barriers and housing needs; transportation and housing plans and proposals

The Board shall also (1)(A) determine how and to what extent transportation barriers impede the mobility of individuals with handicaps and aged individuals with handicaps and consider ways in which travel expenses in connection with transportation to and from work for individuals with handicaps can be met or subsidized when such individuals are unable to use mass transit systems or need special equipment in private transportation, and (B) consider the housing needs of individuals with handicaps; (2) determine what measures are being taken, especially by public and other nonprofit agencies and groups having an interest in and a capacity to deal with such problems, (A) to eliminate barriers from public transportation systems (including vehicles used in such systems), and to prevent their incorporation in new or expanded transportation systems, and (B) to make housing available and accessible to individuals with handicaps or to meet sheltered housing needs; and (3) prepare plans and proposals for such further actions as may be necessary to the goals of adequate transportation and housing for individuals with handicaps, including proposals for bringing together in a cooperative effort, agencies, organizations, and groups already working toward such goals or whose cooperation is essential to effective and comprehensive action.

(d) Investigations; hearings; orders; administrative procedure applicable; final orders; judicial review; civil action; intervention; development of standards; technical assistance to persons or entities affected

(1) In carrying out its functions under this chapter, the Board shall, directly or through grants to public or private nonprofit organizations or contracts with private nonprofit or for profit organizations, carry out its functions under subsections (b) and (c) of this section, and shall conduct investigations, hold public hearings, and issue such orders as it deems necessary to insure compliance with the provisions of the Acts cited in subsection (b) of this section. Except as provided in paragraph (3) of subsection (e) of this section, the provisions of subchapter II of chapter 5, and chapter 7, of title 5 shall apply to procedures under this section, and an order of compliance issued by the Board shall be a final order for purposes of judicial review. Any such order affecting any Federal department, agency, or instrumentality of the United States shall be final and binding on such department, agency, or instrumentality. An order of compliance may include the withholding or suspension of Federal funds with respect to any building or public conveyance or rolling stock found not to be in compliance with standards enforced under this section. Pursuant to chapter 7 of title 5, any complainant or participant in a proceeding under this subsection may obtain review of a final order issued in such proceeding.

(2) The executive director is authorized, at the direction of the Board—

(A) to bring a civil action in any appropriate United States district court to enforce, in whole or in part, any final order of the Board under this subsection; and

(B) to intervene, appear, and participate, or to appear as amicus curiae, in any court of the United States or in any court of a State in civil actions that relate to this section or to the Architectural Barriers Act of 1968 [42 U.S.C. 4151 et seq.].

Except as provided in section 518(a) of title 28, relating to litigation before the Supreme Court, the executive director may appear for and represent the Board in any civil litigation brought under this section.

(3) The Board, in consultation and coordination with other concerned Federal departments and agencies and agencies within the Department of Education, shall develop standards and provide appropriate technical assistance to any public or private activity, person, or entity affected by regulations prescribed pursuant to this subchapter with respect to overcoming architectural, transportation, and communication barriers. Any funds appropriated to any such department or agency for the purpose of providing such assistance may be transferred to the Board for the purpose of carrying out this paragraph. The Board may arrange to carry out its responsibilities under this paragraph through such other departments and agencies for such periods as the Board determines is appropriate. In carrying out its technical assistance responsibilities under this paragraph, the Board shall establish a procedure to insure separation of its compliance and technical assistance responsibilities under this section.

(e) Appointment of executive director, administrative law judges, and other personnel; provisions applicable to administrative law judges; authority and duties of executive director; finality of orders of compliance

(1) There shall be appointed by the Board an executive director and such other professional and clerical personnel as are necessary to carry out its functions under this chapter. The Board is authorized to appoint as many administrative law judges as are necessary for proceedings required to be conducted under this section. The provisions applicable to administrative law judges appointed under section 3105 of title 5 shall apply to administrative law judges appointed under this subsection.

(2) The Executive Director shall exercise general supervision over all personnel employed by the Board (other than administrative law judges and their assistants). The Executive Director shall have final authority on behalf of the Board, with respect to the investigation of alleged noncompliance and in the issuance of formal complaints before the Board, and shall have such other duties as the Board may prescribe.

(3) For the purpose of this section, an order of compliance issued by an administrative law judge shall be deemed to be an order of the Board and shall be the final order for the purpose of judicial review.

(f) Technical, administrative, or other assistance; appointment, compensation, and travel expenses of advisory and technical experts and consultants

The departments or agencies specified in subsection (a) of this section shall make available to the Board such technical, administrative, or other assistance as it may require to carry out its functions under this section, and the Board may appoint such other advisers, technical experts, and consultants as it deems necessary to assist it in carrying out its functions under this section. Special advisory and technical experts and consultants appointed pursuant to this subsection shall, while performing their functions under this section, be entitled to receive compensation at rates fixed by the Secretary, but not exceeding the daily pay rate for a person employed as a GS-18 under section 5332 of title 5, including travel time, and while serving away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of such title 5 for persons in the Government service employed intermittently.

(g) Reports to Congress; reports on transportation barriers and housing needs

The Board shall, at the end of each fiscal year, report its activities during the preceding fiscal year to the Congress. Such report shall include an assessment of the extent of compliance with the Acts cited in subsection (b) of this section, along with a description and analysis of investigations made and actions taken by the Board, and the reports and recommendations described in clauses (5) and (6) of subsection (b) of this section. The Board shall prepare two final reports of its activities under subsection (c) of this section. One such report shall be on its activities in the field of transportation barriers facing individuals with handicaps, and the other such report shall be on its activities in the field of the housing needs of individuals with handicaps. The Board shall, not later than September 30, 1975, submit each such report, together with its recommendations, to the President and the Congress. The Board shall also prepare for such submission an interim report of its activities in each such field within 18 months after September 26, 1973. The Board shall prepare and submit two additional reports of its activities under subsection (c) of this section, one report on its activities in the field of transportation barriers facing individuals with handicaps and the other report on its activities in the field of the housing needs of individuals with handicaps. The two additional reports required by the previous sentence shall be submitted not later than February 1, 1988.

(h) Report to President and Congress on assessments of State expenditures to provide full access to programs and activities; grants and contracts to aid Board in carrying out its functions; report to Congressional committees on accessibility of Federally funded buildings; joint transmittal

(1) Within one year following November 6, 1978, the Board shall submit to the President and the Congress a report containing an assessment of the amounts required to be expended

8_0

by States and by political subdivisions thereof to provide individuals with handicaps with full access to all programs and activities receiving Federal assistance.

(2) The Board may make grants to, or enter into contracts with, public or private organizations to carry out its duties under subsections (b) and (c) of this section. The Board may also make grants to any designated State unit for the purpose of conducting studies to provide the cost assessments required by paragraph (1). Before including in such report the findings of any study conducted for the Board under a grant or contract to provide the Board with such cost assessments, the Board shall take all necessary steps to validate the accuracy of any such findings.

(3) The Board shall, at the same time that the Board transmits the report required under section 7(b) of the Act entitled "An Act to ensure that certain buildings financed with Federal funds are so designated and constructed as to be accessible to the physically handicapped", approved August 12, 1968 (commonly known as the Architectural Barriers Act of 1968) [42 U.S.C. 4157(b)] transmit that report to the Committee on Labor and Human Resources of the Senate and the Committee on Education and Labor of the House of Representatives.

(i) Authorization of appropriations

There are authorized to be appropriated for the purpose of carrying out the duties and functions of the Board under this section such sums as may be necessary for each of the fiscal years 1987, 1988, 1989, 1990, and 1991, but in no event shall the amount appropriated for any one fiscal year exceed $3,000,000.

L. 100-630, title II, § 206(b), Nov. 7, 1988, 102 Stat. 3311.)

REFERENCES IN TEXT

Executive level IV, referred to in subsec. (a)(1)(B), is set out in section 5315 of Title 5, Government Organization and Employees.

The Act of August 12, 1968, commonly known as the Architectural Barriers Act of 1968, referred to in subsecs. (b) and (d)(2)(B), is Pub. L. 90-480, Aug. 12, 1968, 82 Stat. 718, as amended, which is classified generally to chapter 51 (§ 4151 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 4151 of Title 42 and Tables.

CODIFICATION

For history of Pub. L. 93-651, which enacted amendments identical to Pub. L. 93-516, see Codification note set out under section 701 of this title.

AMENDMENTS

1988—Subsec. (a)(2). Pub. L. 100-630, § 206(b)(1), amended par. (2) generally. Prior to amendment, par. (2) read as follows: "The term of office of each appointed member of the Board shall be three years; except that (i) the members first taking office shall serve, as designated by the President at the time of appointment, four for a term of one year, four for a term of two years, and three for a term of three years, (ii) a member whose term has expired may continue to serve until a successor has been appointed, and (iii) a member appointed to fill a vacancy shall serve for the remainder of the term to which that member's predecessor was appointed."

Subsec. (a)(3). Pub. L. 100-630, § 206(b)(2), substituted "the member" for "he".

Subsec. (a)(5)(A). Pub. L. 100-630, § 206(b)(3), substituted "travel time" for "traveltime".

Subsec. (b). Pub. L. 100-630, § 206(b)(4)-(7), inserted a comma after "surface transportation" in cl. (2), and substituted "Administrator of General Services" for "Administrator of the General Services Administration" in cl. (4), "results of" for "results to" in cl. (5), and "individuals with physical handicaps" for "physically handicapped persons" in cl. (8).

Subsec. (c)(2)(A). Pub. L. 100-630, § 206(b)(8), inserted a comma after "expanded transportation systems".

Subsec. (d)(2)((B). Pub. L. 100-630, § 206(b)(9), substituted "that relate to" for "which related to".

Subsec. (f). Pub. L. 100-630, § 206(b)(10), substituted "daily pay rate for" for "daily pay rate, for", "section 5332 of title 5" for "section 5332 of title 45", and "travel time" for "traveltime".

Subsec. (g). Pub. L. 100-630, § 206(b)(11), substituted "transportation barriers facing individuals with handicaps" for "transportation barriers to individuals with handicaps" and for "transportation barriers of handicapped individuals" in fourth and seventh sentences, respectively, and "housing needs of individuals with handicaps" for "housing needs of handicapped individuals" in seventh sentence.

1986—Subsec. (a)(1)(A). Pub. L. 99-506, §§ 103(d)(2)(C), 601(a)(2), substituted "Twelve" for "Eleven", "six" for "five", and "individuals with handicaps" for "handicapped individuals".

Subsec. (a)(1)(B). Pub. L. 99-506, § 601(a)(1), substituted provision that Chairperson and vice-chairperson of Board shall be elected by majority vote of members of Board to serve for terms of one year, for provision that President had to appoint first Chairman of such Board who was to serve for term of not more than two years, with subsequent Chairmen to be elected by majority vote of Board for term of one year, and inserted provisions that positions of Chairperson and vice-chairperson each be held alternately in succession by Federal official and by member of general public, and that when either office is held by member of general public, the other will be held by Federal official.

Subsec. (a)(2)(ii), (iii). Pub. L. 99-506, § 601(a)(3), added cls. (ii) and (iii), and struck out former cl. (ii) which read as follows: "any member appointed to fill a vacancy shall serve for the remainder of the term for which his predecessor was appointed".

Subsec. (a)(6). Pub. L. 99-506, § 601(a)(4), added par. (6).

Subsecs. (b)(2), (c). Pub. L. 99-506, § 103(d)(2)(C), substituted "individuals with handicaps" for "handicapped individuals" wherever appearing.

Subsec. (d)(2)(A). Pub. L. 99-506, § 1002(e)(2)(B), substituted "any final order" for "any, final order".

Subsec. (d)(3). Pub. L. 99-506, § 1002(e)(2)(C), substituted "Department of Education" for "Department of Health, Education, and Welfare" and "with respect to overcoming" for "with respect overcoming to".

Subsec. (e)(2). Pub. L. 99-506, § 1002(e)(2)(D), substituted "alleged noncompliance and in" for "alleged noncompliance in".

Subsec. (g). Pub. L. 99-506, § 601(b), inserted provisions requiring the Board to submit, not later than Feb. 1, 1988, two additional reports on its activities under subsec. (c), one report to deal with its activities relating to transportation barriers to handicapped individuals, the other to deal with activities relating to the housing needs of handicapped individuals.

Pub. L. 99-506, § 103(d)(2)(C), substituted "individuals with handicaps" for "handicapped individuals" wherever appearing.

Subsec. (h)(1). Pub. L. 99-506, § 103(d)(2)(C), substituted reference to individuals with handicaps for reference to handicapped individuals.

Subsec. (i). Pub. L. 99-506, § 601(c), which directed the substitution of "of the fiscal years 1987, 1988, 1989, 1990, and 1991," for "fiscal year ending before October 1, 1986," was executed by making the substitution for "fiscal year ending before October 1, 1986.," as the probable intent of Congress. See 1984 Amendment note below.

1984—Subsec. (i). Pub. L. 98-221 substituted "October 1, 1986," for "October 1, 1982".

1980—Subsec. (a)(1)(B)(i). Pub. L. 96-374, § 1321(a)(1), substituted "Department of Health and Human Services" for "Department of Health, Education, and Welfare".

Subsec. (a)(1)(B)(xi). Pub. L. 96-374, § 1321(a)(2), added cl. (xi).

Subsec. (h)(3). Pub. L. 96-374, § 1321(b), added par. (3).

1978—Subsec. (a). Pub. L. 95-602, § 118(a), substituted provision permitting President to appoint eleven members of Board from general public of whom five are to be handicapped, adding head of the Department of Justice as a Board member, authorizing President to appoint the first chairman, and providing for the term of office, reappointment, and compensation of Board members for provision restricting Board membership to head of Department of Health, Education, and Welfare, Department of Transportation, Department of Housing and Urban Development, Department of Labor, Department of Interior, Department of Defense, General Services Administration, United States Postal Service, and Veterans' Administration, appointing Secretary of Health, Education, and Welfare as chairman, and authorizing appointment of a Consumer Advisory Panel, a majority of members of which were to be handicapped, to provide guidance, advice, and recommendations to Board.

Subsec. (b)(1). Pub. L. 95-602, § 118(b)(1), substituted provision requiring Board to insure compliance with standards of Architectural Barriers Act of 1968, including application to United States Postal Service, and to insure all waivers and modifications of standards are based on findings of fact and are not inconsistent with that Act or this section for provision requiring Board to insure compliance with the standards prescribed by General Services Administration, Department of Defense, and Department of Housing and Urban Development pursuant to Architectural Barriers Act of 1968.

Subsec. (b)(2). Pub. L. 95-602, § 118(b)(2), inserted "communication," before "and attitudinal" and "telecommunication devices," before "public buildings".

Subsec. (b)(7), (8). Pub. L. 95-602, § 118(b)(3), added pars. (7) and (8).

Subsec. (d). Pub. L. 95-602, § 118(c), designated existing provision as par. (1), substituted "public or private nonprofit organizations or contracts with private nonprofit or forprofit organizations" for "or contracts with public or private nonprofit organizations", "Except as provided in paragraph (3) of subsection (e) of this section, provisions" for "The provisions", "building or public conveyance or rolling stock found" for "building found", and "enforced under this section" for "prescribed pursuant to the Acts cited in subsection (b) of this section", inserted provision permitting a complainant or participant in a proceeding under this subsection to obtain review of a final order pursuant to chapter 7 of title 5, and added pars. (2) and (3).

Subsec. (e). Pub. L. 95-602, § 118(d), designated existing provisions as par. (1) and added pars. (2) and (3).

Pub. L. 95-251 substituted "administrative law judges" for "hearing examiners" wherever appearing. Such substitution was made in pars. (2) and (3) as the probable intent of Congress in view of the amendment to subsec. (e) by section 2(a)(8) of Pub. L. 95-251 (although prior in time to the amendment by Pub. L. 95-602) requiring such substitution wherever appearing in text.

Subsec. (h). Pub. L. 95-602, § 118(e), added subsec. (h). Former subsec. (h), which authorized appropriations for carrying out duties and functions of the Board of $1,000,000 for each of fiscal years ending June 30, 1974, and June 30, 1975, $1,500,000 for fiscal year ending June 30, 1976, and $1,500,000 for each of fiscal years ending Sept. 30, 1977 and Sept. 30, 1978, was struck out.

Subsec. (i). Pub. L. 95-602, § 118(e), added subsec. (i).

1976—Subsec. (h). Pub. L. 94-230, § 10, authorized appropriation of $1,500,000 for fiscal year ending Sept. 30, 1977.

Pub. L. 94-230, § 11(b)(13), authorized appropriation of $1,500,000 for fiscal year ending Sept. 30, 1978.

1974—Subsec. (a). Pub. L. 93-516, § 111(n), redesignated cls. (6), (7), and (8), as cls. (7), (8), and (9), added cl. (6), and following designated clauses, inserted provisions that Secretary of Health, Education, and Welfare shall be Chairman of Board, and that Board shall appoint, upon recommendation of Secretary, a Consumer Advisory Panel, a majority of members of which shall be handicapped individuals, to provide guidance, advice, and recommendations to Board in carrying out its functions.

Pub. L. 93-651, § 111(n), amended subsec. (a) in exactly the same manner as it was amended by Pub. L. 93-516.

Subsec. (d). Pub. L. 93-516, § 111(o), substituted "this chapter, the Board shall, directly or through grants to or contracts with public or private nonprofit organizations, carrying out its functions under subsections (b) and (c) of this section, and shall conduct" for "this section, the Board shall conduct", and inserted provisions that any such order affecting any Federal department, agency, or instrumentality of the United States shall be final and binding on such department, agency, or instrumentality, and that an order of compliance may include the withholding or suspension of Federal funds with respect to any building found not to be in compliance with standards prescribed pursuant to the Acts referred to in subsec. (b) of this section.

Pub. L. 93-651, 111(o), amended subsec. (d) in exactly the same manner as it was amended by Pub. L. 93-516.

Subsec. (e). Pub. L. 93-516, § 111(p), inserted provisions relating to appointment of an executive director and other professional and clerical personnel.

Pub. L. 93-651, § 111(p), amended subsec. (e) in exactly the same manner as it was amended by Pub. L. 93-516.

Subsec. (g). Pub. L. 93-516, § 111(q), substituted "not later than September 30, 1975" for "prior to January 1, 1975".

Pub. L. 93-651, § 111(q), amended subsec. (g) in exactly the same manner as it was amended by Pub. L. 93-516.

Subsec. (h). Pub. L. 93-516, § 110, authorized appropriation of $1,500,000 for fiscal year ending June 30, 1976.

Pub. L. 93-651, § 110, amended subsec. (h) in exactly the same manner as it was amended by Pub. L. 93-516.

CHANGE OF NAME

Reference to Veterans' Administration deemed to refer to Department of Veterans Affairs pursuant to section 10 of Pub. L. 100-527, set out as a Department of Veterans Affairs Act note under section 201 of Title 38, Veterans' Benefits.

EFFECTIVE DATE OF 1980 AMENDMENT

Amendment by Pub. L. 96-374 effective Oct. 1, 1980, see section 1393(a) of Pub. L. 96-374, set out as a note under section 1001 of Title 20, Education.

EXTENSION OF VOCATIONAL REHABILITATION PROGRAMS THROUGH FISCAL YEAR ENDING SEPTEMBER 30, 1978; EFFECTIVE DATE OF 1976 AMENDMENT

For contingency provisions relating to the extensions of program authorizations and to the effective date of such extensions, see section 11(a), (b)(1), and (c) of Pub. L. 94-230, set out as a note under section 720 of this title.

TERMINATION OF ADVISORY PANELS

Advisory panels established after Jan. 5, 1973, to terminate not later than the expiration of the two-year period beginning on the date of their establishment, unless, in the case of a panel established by the President or an officer of the Federal Government, such panel is renewed by appropriate action prior to the expiration of such two-year period, or in the case of a panel established by the Congress, its duration is otherwise provided for by law. See sections 3(2) and 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 776, 794b of this title; title 42 section 4157; title 49 App. section 1304.

§ 793. Employment under Federal contracts

(a) Amount of contracts or subcontracts; provision for employment and advancement of qualified individuals with handicaps; regulations

Any contract in excess of $2,500 entered into by any Federal department or agency for the procurement of personal property and nonpersonal services (including construction) for the United States shall contain a provision requiring that, in employing persons to carry out such contract, the party contracting with the United States shall take affirmative action to employ and advance in employment qualified individuals with handicaps as defined in section 706(8) of this title. The provisions of this section shall apply to any subcontract in excess of $2,500 entered into by a prime contractor in carrying out any contract for the procurement of personal property and nonpersonal services (including construction) for the United States. The President shall implement the provisions of this section by promulgating regulations within ninety days after September 26, 1973.

(b) Administrative enforcement; complaints; investigations; departmental action

If any individual with handicaps believes any contractor has failed or refused to comply with the provisions of a contract with the United States, relating to employment of individuals with handicaps, such individual may file a complaint with the Department of Labor. The Department shall promptly investigate such complaint and shall take such action thereon as the facts and circumstances warrant, consistent with the terms of such contract and the laws and regulations applicable thereto.

(c) Waiver by President; national interest special circumstances for waiver of particular agreements

The requirements of this section may be waived, in whole or in part, by the President with respect to a particular contract or subcontract, in accordance with guidelines set forth in regulations which the President shall prescribe, when the President determines that special circumstances in the national interest so require and states in writing the reasons for such determination.

(Pub. L. 93-112, title V, § 503, Sept. 26, 1973, 87 Stat. 393; Pub. L. 95-602, title I, § 122(d)(1), Nov. 6, 1978, 92 Stat. 2987; Pub. L. 99-506, title I, § 103(d)(2)(B), (C), title X, §§ 1001(f)(2), (3), 1002(e)(3), Oct. 21, 1986, 100 Stat. 1810, 1843, 1844; Pub. L. 100-630, title II, § 206(c), Nov. 7, 1988, 102 Stat. 3312.)

AMENDMENTS

1988—Subsec. (a). Pub. L. 100-630, § 206(c)(1), inserted a comma after "to carry out such contract".

Subsec. (b). Pub. L. 100-630, § 206(c)(2), substituted "refused" for "refuses".

Subsec. (c). Pub. L. 100-630, § 206(c)(3), substituted "which the President" for "which The President" and "when the President" for "when The President".

1986—Subsec. (a). Pub. L. 99-506, §§ 103(d)(2)(C), 1002(e)(3), substituted "individuals with handicaps" for "handicapped individuals" and "section 706(8) of this title" for "section 706(7) of this title".

Subsec. (b). Pub. L. 99-506, §§ 103(d)(2)(B), (C), 1001(f)(2), substituted "individual with handicaps" for "handicapped individual", "individuals with handicaps" for "handicapped individuals", and "a contract" for "his contract".

Subsec. (c). Pub. L. 99-506, § 1001(f)(3), substituted "The President" for "he" in two places and substituted "the reasons" for "his reasons".

1978—Subsec. (a). Pub. L. 95-602 substituted "section 706(7) of this title" for "section 706(6) of this title".

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 706, 721 of this title.

[redacted] Nondiscrimination under Federal grants and programs

(a) Promulgation of rules and regulations

No otherwise qualified individual with handicaps in the United States, as defined in section 706(8) of this title, shall, solely by reason of her or his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance or under any program or activity conducted by any Executive agency or by the United States Postal Service. The head of each such agency shall promulgate such regulations as may be necessary to carry out the amendments to this section made by the Rehabilitation, Comprehensive Services, and Developmental Disabilities Act of 1978. Copies of any proposed regulation shall be submitted to appropriate authorizing committees of the Congress, and such regulation may take effect no earlier than the thirtieth day after the date on which such regulation is so submitted to such committees.

(b) "Program or activity" defined

For the purposes of this section, the term "program or activity" means all of the operations of—

(1)(A) a department, agency, special purpose district, or other instrumentality of a State or of a local government; or

(B) the entity of such State or local government that distributes such assistance and each such department or agency (and each other State or local government entity) to which the assistance is extended, in the case of assistance to a State or local government;

(2)(A) a college, university, or other postsecondary institution, or a public system of higher education; or

(B) a local educational agency (as defined in section 2891(12) of title 20), system of vocational education, or other school system;

(3)(A) an entire corporation, partnership, or other private organization, or an entire sole proprietorship—

(i) if assistance is extended to such corporation, partnership, private organization, or sole proprietorship as a whole; or

(ii) which is principally engaged in the business of providing education, health care, housing, social services, or parks and recreation; or

(B) the entire plant or other comparable, geographically separate facility to which Federal financial assistance is extended, in the case of any other corporation, partnership, private organization, or sole proprietorship; or

(4) any other entity which is established by two or more of the entities described in paragraph (1), (2), or (3);

any part of which is extended Federal financial assistance.

(c) Significant structural alterations by small providers

Small providers are not required by subsection (a) of this section to make significant structural alterations to their existing facilities for the purpose of assuring program accessibility, if alternative means of providing the services are available. The terms used in this subsection shall be construed with reference to the regulations existing on March 22, 1988.

(Pub. L. 93-112, title V, § 504, Sept. 26, 1973, 87 Stat. 394; Pub. L. 95-602, title I, §§ 119, 122(d)(2), Nov. 6, 1978, 92 Stat. 2982, 2987; Pub. L. 99-506, title I, § 103(d)(2)(B), title X, § 1002(e)(4), Oct. 21, 1986, 100 Stat. 1810, 1844; Pub. L. 100-259, § 4, Mar. 22, 1988, 102 Stat. 29; Pub. L. 100-630, title II, § 206(d), Nov. 7, 1988, 102 Stat. 3312.)

REFERENCES IN TEXT

The amendments to this section made by the Rehabilitation, Comprehensive Services, and Developmental Disabilities Act of 1978, referred to in subsec. (a), mean the amendments made by Pub. L. 95-602. See 1978 Amendments note below.

AMENDMENTS

1988—Subsec. (a). Pub. L. 100-630, § 206(d)(1), substituted "her or his handicap" for "his handicap".

Pub. L. 100-259, § 4(1), designated existing provisions as subsec. (a).

Subsec. (b). Pub. L. 100-259, § 4(2), added subsec. (b).

Subsec. (b)(2)(B). Pub. L. 100-630, § 206(d)(2), substituted "section 2891(12) of title 20" for "section 2854(a)(10) of title 20".

Subsec. (c). Pub. L. 100-259, § 4(2), added subsec. (c).

1986—Pub. L. 99-506 substituted "individual with handicaps" for "handicapped individual" and "section 706(8) of this title" for "section 706(7) of this title".

1978—Pub. L. 95-602 substituted "section 706(7) of this title" for "section 706(6) of this title" and inserted provision prohibiting discrimination under any program or activity conducted by any Executive agency or by the United States Postal Service and requiring the heads of these agencies to promulgate regulations prohibiting discrimination.

EXCLUSION FROM COVERAGE

Amendment by Pub. L. 100-259 not to be construed to extend application of this chapter to ultimate beneficiaries of Federal financial assistance excluded from coverage before Mar. 22, 1988, see section 7 of Pub. L. 100-259, set out as a Construction note under section 1687 of Title 20, Education.

ABORTION NEUTRALITY

Amendment by Pub. L. 100-259 not to be construed to force or require any individual or hospital or any other institution, program, or activity receiving Federal funds to perform or pay for an abortion, see section 8 of Pub. L. 100-259, set out as a note under section 1688 of Title 20, Education.

CONSTRUCTION OF PROHIBITION AGAINST DISCRIMINATION UNDER FEDERAL GRANTS

Rights or protections of this section not affected by any provision of Pub. L. 98-457, see section 127 of Pub. L. 98-457, set out as a note under section 5101 of Title 42, The Public Health and Welfare.

COORDINATION OF IMPLEMENTATION AND ENFORCEMENT OF PROVISIONS

For provisions relating to the coordination of implementation and enforcement of the provisions of this section by the Attorney General, see section 1-201 of Ex. Ord. No. 12250, Nov. 2, 1980, 45 F.R. 72995, set out as a note under section 2000d-1 of Title 42, The Public Health and Welfare.

EXECUTIVE ORDER NO. 11914

Ex. Ord. No. 11914, Apr. 28, 1976, 41 F.R. 17871, which related to nondiscrimination in federally assisted programs, was revoked by Ex. Ord. No. 12250, Nov. 2, 1980, 45 F.R. 72995, set out as a note under section 2000d-1 of Title 42, The Public Health and Welfare.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 706, 774, 775, 794a, 1577 of this title; title 5 section 3102; title 12 section 1715z-1a; title 20 sections 1132a, 1232e; title 25 section 2005; title 42 sections 290cc-34, 300w-7, 300x-7, 708, 1437*l*, 2000d-7, 3608, 5057, 5309, 6727, 8625, 9849, 9906, 10406; title 49 App. section 1612.

§ 794a. Remedies and attorney fees

(a)(1) The remedies, procedures, and rights set forth in section 717 of the Civil Rights Act of 1964 (42 U.S.C. 2000e-16), including the application of sections 706(f) through 706(k) (42 U.S.C. 2000e-5(f) through (k)), shall be available, with respect to any complaint under section 791 of this title, to any employee or applicant for employment aggrieved by the final disposition of such complaint, or by the failure to take final action on such complaint. In fashioning an equitable or affirmative action remedy under such section, a court may take into account the reasonableness of the cost of any necessary work place accommodation, and the availability of alternatives therefor or other appropriate relief in order to achieve an equitable and appropriate remedy.

(2) The remedies, procedures, and rights set forth in title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.] shall be available to any person aggrieved by any act or failure to act by any recipient of Federal assistance or Federal provider of such assistance under section 794 of this title.

(b) In any action or proceeding to enforce or charge a violation of a provision of this subchapter, the court, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee as part of the costs.

(Pub. L. 93-112, title V, § 505, as added Pub. L. 95-602, title I, § 120(a), Nov. 6, 1978, 92 Stat. 2982.)

References in Text

The Civil Rights Act of 1964, referred to in subsec. (a)(2), is Pub. L. 88-352, July 2, 1964, 78 Stat. 241, as amended. Title VI of the Civil Rights Act of 1964 is classified generally to subchapter V (§ 2000d et seq.) of chapter 21 of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 2000a of Title 42 and Tables.

Section Referred to in Other Sections

This section is referred to in title 22 section 3905; title 42 section 10406.

§ 794b. Removal of architectural, transportation, or communication barriers; technical and financial assistance; compensation of experts or consultants; authorization of appropriations

(a) The Secretary may provide directly or by contract with State vocational rehabilitation agencies or experts or consultants or groups thereof, technical assistance—

(1) to persons operating rehabilitation facilities; and

(2) with the concurrence of the Board established by section 792 of this title, to any public or nonprofit agency, institution, or organization;

for the purpose of assisting such persons or entities in removing architectural, transportation, or communication barriers. Any concurrence of the Board under this paragraph shall reflect its consideration of the cost studies carried out by States under section 792(c)(1) of this title.

(b) Any such experts or consultants, while serving pursuant to such contracts, shall be entitled to receive compensation at rates fixed by the Secretary, but not exceeding the daily equivalent of the rate of basic pay payable for grade GS-18 of the General Schedule, under section 5332 of title 5, including travel time, and while so serving away from their homes or regular places of business, they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for persons in the Government service employed intermittently.

(c) The Secretary, with the concurrence of the Board and the President, may provide, directly or by contract, financial assistance to any public or nonprofit agency, institution, or organization for the purpose of removing architectural, transportation, and communication barriers. No assistance may be provided under this paragraph until a study demonstrating the need for such assistance has been conducted and submitted under section 792(h)(2) of this title.

(d) In order to carry out this section, there are authorized to be appropriated such sums as may be necessary.

(Pub. L. 93-112, title V, § 506, as added Pub. L. 95-602, title I, § 120(a), Nov. 6, 1978, 92 Stat. 2983, and amended Pub. L. 100-630, title II, § 206(e), Nov. 7, 1988, 102 Stat. 3312.)

Amendments

1988—Subsec. (a). Pub. L. 100-630, § 206(e)(1), (2), redesignated former par. (1) as subsec. (a) and former subpars. (A) and (B) as pars. (1) and (2), respectively.

Subsec. (b). Pub. L. 100-630, § 206(e)(1), (3), redesignated former par. (2) as subsec. (b) and substituted "travel time" for "traveltime".

Subsec. (c). Pub. L. 100-630, § 206(e)(1), (4), redesignated former par. (3) as subsec. (c) and inserted a comma after "the President".

Subsec. (d). Pub. L. 100-630, § 206(e)(1), redesignated former par. (4) as subsec. (d).

§ 794c. Interagency Coordinating Council; membership; duties; annual report to President and Congress

There shall be established an Interagency Coordinating Council (hereinafter referred to in this section as the "Council") composed of the Secretary of Education, the Secretary of Health and Human Services, the Secretary of Labor, the Assistant Secretary of the Interior for Indian Affairs, the Attorney General, the Chairman[1] of the Office of Personnel Management, the Chairman of the Equal Employment Opportunity Commission, and the Chairperson of the Architectural and Transportation Barriers Compliance Board. The Council shall have the responsibility for developing and implementing agreements, policies, and practices designed to maximize effort, promote efficiency, and eliminate conflict, competition, duplication, and inconsistencies among the operations, functions, and jurisdictions of the various departments, agencies, and branches of the Federal Government responsible for the implementation and enforcement of the provisions of this subchapter, and the regulations prescribed thereunder. On or before July 1 of each year, the Council shall transmit to the President and to the Congress a report of its activities, together with such recommendations for legislative or administrative changes as it concludes are desirable to further promote the purposes of this section. Nothing in this section shall impair any responsibilities assigned by any Executive Order to any Federal department, agency, or instrumentality to act as a lead Federal agency with respect to any provisions of this subchapter.

(Pub. L. 93-112, title V, § 507, as added Pub. L. 95-602, title I, § 120(a), Nov. 6, 1978, 92 Stat. 2983, and amended Pub. L. 96-88, title V, § 508(m)(2), Oct. 17, 1979, 93 Stat. 694; Pub. L.

---

[1] So in original. Probably should be "Director".

98-221, title I, § 104(b)(4), Feb. 22, 1984, 98 Stat. 18; Pub. L. 99-506, title VI, § 602, title X, § 1001(f)(4), Oct. 21, 1986, 100 Stat. 1830, 1843.)

AMENDMENTS

1986—Pub. L. 99-506, § 602, inserted reference to Assistant Secretary of the Interior for Indian Affairs.

Pub. L. 99-506, § 1001(f)(4), which directed the substitution of "Chairperson" for "Chairman" was executed by substituting "Chairperson of the Architectural and Transportation Barriers Compliance Board" for "Chairman of the Architectural and Transportation Barriers Compliance Board" to reflect the probable intent of Congress.

1984—Pub. L. 98-221 substituted "Chairman of the Office of Personnel Management" for "Chairman of the United States Civil Service Commission" and purported to substitute "Secretary of Education, the Secretary of Health and Human Services," for "Secretary of Health, Education, and Welfare" which amendment could not be executed in view of the previous amendment by Pub. L. 96-88. See 1979 Amendment note below.

1979—Pub. L. 96-88 substituted requirement that the Secretaries of Education and Health and Human Services be members of the Council for requirement that the Secretary of Health, Education, and Welfare be a member.

EFFECTIVE DATE OF 1979 AMENDMENT

Amendment by Pub. L. 96-88 effective May 4, 1980, with specified exceptions, see section 601 of Pub. L. 96-88, set out as an Effective Date note under section 3401 of Title 20, Education.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in title 42 section 5057.

§ 794d. Electronic equipment accessibility

(a) Guidelines; development, establishment, applicability, and revision

(1) The Secretary, through the Director of the National Institute on Disability and Rehabilitation Research and the Administrator of General Services, in consultation with the electronics industry, shall develop and establish guidelines for electronic equipment accessibility designed to insure that individuals with handicaps may use electronic office equipment with or without special peripherals.

(2) The guidelines established pursuant to paragraph (1) shall be applicable with respect to electronic equipment, whether purchased or leased.

(3) The initial guidelines shall be established not later than October 1, 1987, and shall be periodically revised by the Director of the National Institute on Disability and Rehabilitation Research and the Administrator of General Services in consultation with the electronics industry and the Interagency Committee for Computer Support of Handicapped Employees as technologies advance or change.

(b) Adoption of guidelines by Administrator of General Services; compliance by Federal agencies

Beginning after September 30, 1988, the Administrator of General Services shall adopt guidelines for electronic equipment accessibility established under subsection (a) of this section for Federal procurement of electronic equipment. Each agency shall comply with the guidelines adopted under this subsection.

(c) "Special peripherals" defined

For the purpose of this section, the term "special peripherals" means a special needs aid that provides access to electronic equipment that is otherwise inaccessible to an individual with handicaps.

(Pub. L. 93-112, title V, § 508, as added Pub. L. 99-506, title VI, § 603(a), Oct. 21, 1986, 100 Stat. 1830, and amended Pub. L. 100-630, title II, § 206(f), Nov. 7, 1988, 102 Stat. 3312.)

AMENDMENTS

1988—Subsec. (a)(1). Pub. L. 100-630, § 206(f)(1), inserted "the Director of" before "the National Institute", struck out "the" before "General Services", and substituted "individuals with handicaps" for "handicapped individuals".

Subsec. (a)(3). Pub. L. 100-630, § 206(f)(2), inserted "by the Director of the National Institute on Disability and Rehabilitation Research and the Administrator of General Services in consultation with the electronics industry and the Interagency Committee for Computer Support of Handicapped Employees" after "revised".

Subsec. (c). Pub. L. 100-630, § 206(f)(3), substituted "an individual with handicaps" for "a handicapped individual".

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 2213 of this title.

SUBCHAPTER VI—EMPLOYMENT OPPORTUNITIES FOR INDIVIDUALS WITH HANDICAPS

PART A—COMMUNITY SERVICE EMPLOYMENT PILOT PROGRAMS FOR INDIVIDUALS WITH HANDICAPS

PART REFERRED TO IN OTHER SECTIONS

This part is referred to in section 702 of this title.

§ 795. Pilot programs

(a) Establishment

In order to promote useful opportunities in community service activities for individuals with handicaps who have poor employment prospects, the Secretary of Labor (hereinafter in this part referred to as the "Secretary") is authorized to establish a community service employment pilot program for individuals with handicaps. For purposes of this part, the term "eligible individuals" means persons who are individuals with handicaps (as defined in section 706(8) of this title) and who are referred to programs under this part by designated State units.

(b) Agreements; factors determining eligibility for cost payments; rate of pay; certificate of exemption by Department of Labor

(1) The Secretary may enter into agreements with public or private nonprofit agencies or organizations, including national organizations, agencies of a State government or a political subdivision of a State (having elected or duly appointed governing officials), or a combination of such political subdivisions, or tribal organizations in order to carry out the pilot program referred to in subsection (a) of this section. Such

each agency. When the principal agency involved is the Rehabilitation Services Administration, it may waive any grant or contract requirement (as defined by such regulations) under or pursuant to any law other than this chapter, which requirement is inconsistent with the similar requirements of the administering agency under or pursuant to this chapter.

(Pub. L. 93-112, § 5, Sept. 26, 1973, 87 Stat. 359.)

DELEGATION OF FUNCTIONS

Authority of the President under this section delegated to Director of Office of Management and Budget by section 1 of Ex. Ord. No. 11893, Dec. 31, 1975, 41 F.R. 1040, set out as a note under section 7103 of Title 31, Money and Finance.

§ 705. Consolidated rehabilitation plan

(a) Election by State; agency concurrence

In order to secure increased flexibility to respond to the varying needs and local conditions within the State, and in order to permit more effective and interrelated planning and operation of its rehabilitation programs, the State may submit a consolidated rehabilitation plan which includes the State's plan under section 721(a) of this title and its program for persons with developmental disabilities under the Developmental Disabilities Assistance and Bill of Rights Act [42 U.S.C. 6000 et seq.]: *Provided*, That the agency administering such State's program under such Act concurs in the submission of such a consolidated rehabilitation plan.

(b) Approval by Secretary of consolidated rehabilitation plan meeting statutory requirements; submission by State of separate rehabilitation plans

Such a consolidated rehabilitation plan must comply with, and be administered in accordance with, all the requirements of this chapter and the Developmental Disabilities Assistance and Bill of Rights Act [42 U.S.C. 6000 et seq.]. If the Secretary finds that all such requirements are satisfied, the Secretary may—

(1) approve the plan to serve in all respects as the substitute for the separate plans which would otherwise be required with respect to each of the programs included therein; or

(2) advise the State to submit separate plans for such programs.

(c) Noncompliance; assistance termination procedures

Findings of noncompliance in the administration of an approved consolidated rehabilitation plan, and any reductions, suspensions, or terminations of assistance as a result thereof, shall be carried out in accordance with the procedures set forth in subsections (c) and (d) of section 721 of this title.

(Pub. L. 93-112, § 6, Sept. 26, 1973, 87 Stat. 359; Pub. L. 99-506, title X, § 1001(a)(2), Oct. 21, 1986, 100 Stat. 1841; Pub. L. 100-630, title II, § 201(b), Nov. 7, 1988, 102 Stat. 3303.)

REFERENCES IN TEXT

The Developmental Disabilities Assistance and Bill of Rights Act, referred to in subsecs. (a) and (b), is title I of Pub. L. 88-164, as added by Pub. L. 98-527, § 2, Oct. 19, 1984, 98 Stat. 2662, and amended, which is classified generally to chapter 75 (§ 6000 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 6000 of Title 42 and Tables.

AMENDMENTS

1988—Subsec. (a). Pub. L. 100-630, § 201(b)(1), substituted "Assistance and Bill of Rights Act" for "Services and Facilities Construction Amendments of 1970".

Subsec. (b). Pub. L. 100-630, § 201(b)(2), substituted "Assistance and Bill of Rights Act" for "Services and Facilities Construction Amendments of 1970" and "the Secretary may—" for "the Secretary may" in introductory provisions and substituted pars. (1) and (2) for "approve the plan to serve in all respects as the substitute for the separate plans which would otherwise be required with respect to each of the programs included therein, or may advise the State to submit separate plans for such programs".

1986—Subsec. (b). Pub. L. 99-506 substituted "the Secretary may approve" for "he may approve" and "or may advise" for "or he may advise".

§ [illegible] Definitions

For the purposes of this chapter:

(1) The term "construction" means the construction of new buildings, the acquisition, expansion, remodeling, alteration, and renovation of existing buildings, and initial equipment of such buildings, and the term "cost of construction" includes architects' fees and acquisition of land in connection with construction but does not include the cost of offsite improvements.

(2) The term "criminal act" means any crime, including an act, omission, or possession under the laws of the United States or a State or unit of general local government, which poses a substantial threat of personal injury, notwithstanding that by reason of age, insanity, intoxication or otherwise the person engaging in the act, omission, or possession was legally incapable of committing a crime.

(3) The term "designated State unit" means (A) any State agency unit required under section 721(a)(2)(A) of this title, or (B) in cases in which no such unit is so required, the State agency described in section 721(a)(B)(i) of this title.

(4) The term "establishment of a rehabilitation facility" means the acquisition, expansion, remodeling, or alteration of existing buildings necessary to adapt them to rehabilitation facility purposes or to increase their effectiveness for such purposes (subject, however, to such limitations as the Secretary may determine, in accordance with regulations the Secretary shall prescribe, in order to prevent inpairment of the objectives of, or duplication of, other Federal laws providing Federal assistance in the construction of such facilities), and may include such additional equipment and staffing as the Commissioner considers appropriate.

(5) The term "evaluation of rehabilitation potential" means, as appropriate in each case:

(A) a preliminary diagnostic study to determine that the individual has a substantial handicap to employment, and that vocational rehabilitation services are needed;

(B) a diagnostic study consisting of a comprehensive evaluation of pertinent medical, psychiatric, psychological, vocational, educational, cultural, social, recreational, and environmental factors which bear on the individual's handicap to employment and rehabilitation potential including, to the degree needed, an evaluation of the individual's employability, personality, intelligence level, educational achievements, work experience, vocational aptitudes and interests, personal and social adjustments, employment opportunities, and other pertinent data helpful in determining the nature and scope of services needed;

(C) an appraisal of the individual's patterns of work behavior and ability to acquire occupational skills, and to develop work attitudes, work habits, work tolerance, and social and behavior patterns suitable for successful job performance, including the utilization of work, simulated or real, to assess and develop the individual's capacities to perform adequately in a work environment;

(D) any other goods or services provided for the purpose of ascertaining the nature of the handicap and whether it may reasonably be expected that the individual can benefit from vocational rehabilitation services;

(E) referral;

(F) the administration of these evaluation services;

(G)(i) the provision of vocational rehabilitation services to any individual for a total period not in excess of eighteen months for the purpose of determining whether such individual is an individual with handicaps, an individual with handicaps for whom a vocational goal is not possible or feasible (as determined in accordance with section 722(c) of this title), or neither; and (ii) an assessment, at least once in every ninety-day period during which such services are provided, of the results of the provision of such services to an individual to ascertain whether any of the determinations described in subclause (i) may be made; and

(H) where appropriate, the provision of rehabilitation engineering services to any individual with a handicap to assess and develop the individual's capacities to perform adequately in a work environment.

(6) The term "employability", with respect to an individual, means a determination that, with the provision of vocational rehabilitation services, the individual is likely to enter or retain, as a primary objective, full-time employment, and when appropriate, part-time employment, consistent with the capacities or abilities of the individual in the competitive labor market or any other vocational outcome the Secretary may determine consistent with this chapter.

(7)(A) Subject to subparagraphs (B) and (C), the term "Federal share" means 80 percent.

(B) For any fiscal year for which payments to a State under section 731(a) of this title exceed such payments for fiscal year 1988, the Federal share for those payments in excess of the fiscal year 1988 amount shall be 79 percent for fiscal year 1989, 78 percent for fiscal year 1990, 77 percent for fiscal year 1991, 76 percent for fiscal year 1992, and 75 percent for fiscal year 1993.

(C) The term "Federal share" means 90 percent for the purposes of part C of subchapter I of this chapter and as specifically set forth in section 771(b)(3) of this title, except that with respect to payments pursuant to part B of subchapter I of this chapter to any State which are used to meet the costs of construction of those rehabilitation facilities identified in section 723(b)(2) of this title in such State, the Federal share shall be the percentages determined in accordance with the provisions of section 771(b)(3) of this title applicable with respect to the State.

(D) For the purpose of determining the non-Federal share with respect to a State, expenditures by a political subdivision thereof or by a local agency shall be regarded as expenditures by such State, subject to such limitations and conditions as the Secretary shall by regulation prescribe.

[illegible]A) Except as otherwise provided in subparagraph (B), the term "individual with handicaps" means any individual who (i) has a physical or mental disability which for such individual constitutes or results in a substantial handicap to employment and (ii) can reasonably be expected to benefit in terms of employability from vocational rehabilitation services provided pursuant to subchapters I and III of this chapter.

(B) Subject to the second sentence of this subparagraph, the term "individual with handicaps" means, for purposes of subchapters IV and V of this chapter, any person who (i) has a physical or mental impairment which substantially limits one or more of such person's major life activities, (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment. For purposes of sections 793 and 794 of this title as such sections relate to employment, such term does not include any individual who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents such individual from performing the duties of the job in question or whose employment, by reason of such current alcohol or drug abuse, would constitute a direct threat to property or the safety of others.

(C) For the purpose of sections 793 and 794 of this title, as such sections relate to employment, such term does not include an individual who has a currently contagious disease or infection and who, by reason of such disease or infection, would constitute a direct threat to the health or safety of other individuals or who, by reason of the currently contagious disease or infection, is unable to perform the duties of the job.

(9) The term "local agency" means an agency of a unit of general local government or of an Indian tribe (or combination of such units or tribes) which has an agreement with the State agency designated pursuant to section 721(a)(1) of this title to conduct a vocational rehabilitation program under the supervision of such State agency in accordance with the State plan approved under section 721 of this title. Nothing in the preceding sentence of this paragraph or in section 721 of this title shall be construed to prevent the local agency from utilizing another local public or nonprofit agency to provide vocational rehabilitation services: *Provided*, That such an arrangement is made part of the agreement specified in this paragraph.

BEST COPY AVAILABLF

(10) The term "nonprofit", when used with respect to a rehabilitation facility, means a rehabilitation facility owned and operated by a corporation or association, no part of the net earnings of which inures, or may lawfully inure, to the benefit of any private shareholder or individual and the income of which is exempt from taxation under section 501(c)(3) of title 26.

(11) The term "public safety officer" means a person serving the United States or a State or unit of general local government, with or without compensation, in any activity pertaining to—

(A) the enforcement of the criminal laws, including highway patrol, or the maintenance of civil peace by the National Guard or the Armed Forces,

(B) a correctional program, facility, or institution where the activity is potentially dangerous because of contact with criminal suspects, defendants, prisoners, probationers, or parolees,

(C) a court having criminal or juvenile delinquent jurisdiction where the activity is potentially dangerous because of contact with criminal suspects, defendants, prisoners, probationers, or parolees, or

(D) firefighting, fire prevention, or emergency rescue missions.

(12) The term "rehabilitation engineering" means the systematic application of technologies, engineering methodologies, or scientific principles to meet the needs of and address the barriers confronted by individuals with handicaps in areas which include education, rehabilitation, employment, transportation, independent living, and recreation.

(13) The term "rehabilitation facility" means a facility which is operated for the primary purpose of providing vocational rehabilitation services to individuals with handicaps, and which provides singly or in combination one or more of the following services for individuals with handicaps: (A) vocational rehabilitation services which shall include, under one management, medical, psychiatric, psychological, social, and vocational services, (B) testing, fitting, or training in the use of prosthetic and orthotic devices, (C) prevocational conditioning or recreational therapy, (D) physical and occupational therapy, (E) speech and hearing therapy, (F) psychiatric, psychological, and social services, (G) evaluation of rehabilitation potential, (H) personal and work adjustment, (I) vocational training with a view toward career advancement (in combination with other rehabilitation services), (J) evaluation or control of specific disabilities, (K) orientation and mobility services to the blind, (L) extended employment for those individuals with handicaps who cannot be readily absorbed in the competitive labor market, except that all medical and related health services must be prescribed by, or under the formal supervision of, persons licensed to prescribe or supervise the provision of such services in the State, and (M) psychosocial rehabilitation services for individuals with chronic mental illness.

(14) The term "Secretary", except when the context otherwise requires, means the Secretary of Education.

(15)(A) Except as provided in subparagraph (B)[1] the term "individual with severe handicaps" means an individual with handicaps (as defined in paragraph (8))—

(i) who has a severe physical or mental disability which seriously limits one or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of employability;

(ii) whose vocational rehabilitation can be expected to require multiple vocational rehabilitation services over an extended period of time; and

(iii) who has one or more physical or mental disabilities resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental retardation, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), paraplegia, quadriplegia, and other spinal cord conditions, sickle cell anemia, specific learning disability, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an evaluation of rehabilitation potential to cause comparable substantial functional limitation.

(B) For purposes of subchapter VII of this chapter the term "individual with severe handicaps" means an individual whose ability to function independently in family or community or whose ability to engage or continue in employment is so limited by the severity of his or her physical or mental disability that independent living rehabilitation services are required in order to achieve a greater level of independence in functioning in family or community or engaging or continuing in employment.

(16) The term "State" includes the District of Columbia, the Virgin Islands, Puerto Rico, Guam, American Samoa, and the Trust Territory of the Pacific Islands, and for the purposes of American Samoa and the Trust Territory of the Pacific Islands, the appropriate State agency designated as provided in section 721(a)(1) of this title shall be the Governor of American Samoa or the High Commissioner of the Trust Territory of the Pacific Islands, as the case may be.

(17) The term "vocational rehabilitation services" means those services identified in section 723 of this title which are provided to individuals with handicaps under this chapter.

(18) The term "supported employment" means competitive work in integrated work settings—

(A) for individuals with severe handicaps for whom competitive employment has not traditionally occurred, or

---

[1] So in original. Probably should be followed by a comma.

(B) for individuals for whom competitive employment has been interrupted or intermittent as a result of a severe disability, and who, because of their handicap, need on-going support services to perform such work. Such term includes transitional employment for individuals with chronic mental illness. For the purpose of this chapter, supported employment as defined in this paragraph may be considered an acceptable outcome for employability.

(19) The term "public or nonprofit agency or organization" shall include an Indian tribe.

(20) The terms "Indian", "American Indian", and "Indian American" mean an individual who is a member of an Indian tribe.

(21) The term "Indian tribe" means any Federal or State Indian tribe, band, rancheria, pueblo, colony, or community, including any Alaskan native village or regional village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.]).

(Pub. L. 93-112, § 7, Sept. 26, 1973, 87 Stat. 359; Pub. L. 93-516, title I, § 111(a), Dec. 7, 1974, 88 Stat. 1619; Pub. L. 93-651, title I, § 111(a), Nov. 21, 1974, 89 Stat. 2-5; Pub. L. 99-514, § 2, Oct. 22, 1986, 100 Stat. 2095; Pub. L. 100-259, § 9, Mar. 22, 1988, 102 Stat. 31; Pub. L. 100-630, title II, § 201(c), Nov. 7, 1988, 102 Stat. 3303.)

REFERENCES IN TEXT

Section 721(a)(B)(i) of this title, referred to in par. (3), was in the original "section 101(a)(B)(i) of this Act". As enacted the citation omitted a paragraph designation but is probably a reference to section 721(a)(1)(B)(i) of this title.

The Alaska Native Claims Settlement Act, referred to in par. (21), is Pub. L. 92-203, Dec. 18, 1971, 85 Stat. 688, as amended, which is classified generally to chapter 33 (§ 1601 et seq.) of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 43 and Tables.

CODIFICATION

For history of Pub. L. 93-651, which enacted amendments identical to Pub. L. 93-516, see note set out under section 701 of this title.

PRIOR PROVISIONS

Prior similar provisions were contained in former sections 41, 41a, 42-1, and 42a of this title.

AMENDMENTS

1988—Par. (2). Pub. L. 100-630, § 201(c)(1), inserted comma after "local government".

Par. (5)(B). Pub. L. 100-630, § 201(c)(2), inserted comma after "employability".

Par. (5)(C). Pub. L. 100-630, § 201(c)(3), substituted "skills" for "skill".

Par. (5)(G)(i). Pub. L. 100-630, § 201(c)(4), substituted "neither" for "neither such individual".

Par. (8)(C). Pub. L. 100-259 added subpar. (C).

Par. (13)(B). Pub. L. 100-630, § 201(c)(5), reenacted cl. (B). See 1986 Amendment note below.

Par. (13)(F). Pub. L. 100-630, § 201(c)(6), amended cl. (F) generally, inserting a comma after "psychological". See 1986 Amendment note below.

Par. (13)(L). Pub. L. 100-630, § 201(c)(7), which directed the substitution of "provision" for "provisions", could not be executed because the word "provisions" did not appear.

Par. (15)(A). Pub. L. 100-630, § 201(c)(8), struck out ", for purposes of this chapter" before "the term" in introductory provisions.

1986—Par. (3). Pub. L. 99-506, § 1002(a)(1), substituted "designated State unit" for "designated State units".

Par. (4). Pub. L. 99-506, § 1001(a)(3), substituted "the Secretary shall prescribe" for "he shall prescribe".

Par. (5)(B). Pub. L. 99-506, § 103(a)(1), (2), inserted "recreational," after "cultural, social," and "employability" after "an evaluation of the individual's".

Par. (5)(G). Pub. L. 99-506, § 103(d)(2)(A), substituted "an individual with handicaps" for "a handicapped individual" in two places.

Par. (5)(H). Pub. L. 99-506, § 103(a)(3)-(5), added subpar. (H).

Par. (6). Pub. L. 99-506, § 103(b), added par. (6) and redesignated former par. (6) as (7).

Par. (7). Pub. L. 99-506, § 103(c)(1), amended par. (7) generally. Prior to amendment, par. (7) read as follows: "The term 'Federal share' means 80 per centum, except that it shall mean 90 per centum for the purposes of part C of subchapter I of this chapter and as specifically set forth in section 771(b)(3) of this title: *Provided*, That with respect to payments pursuant to part B of subchapter I of this chapter to any State which are used to meet the costs of construction of those rehabilitation facilities identified in section 723(b)(2) of this title in such State, the Federal share shall be the percentages determined in accordance with the provisions of section 771(b)(3) of this title applicable with respect to that State and that, for the purpose of determining the non-Federal share with respect to any State, expenditures by a political subdivision thereof or by a local agency shall, subject to such limitations and conditions as the Secretary shall by regulation prescribe, be regarded as expenditures by such State."

Pub. L. 99-506, § 103(b), redesignated former par. (6) as (7). Former par. (7) redesignated (8).

Par. (8). Pub. L. 99-506, § 103(b), (d)(1), redesignated former par. (7) as (8) and substituted "individual with handicaps" for "handicapped individual" in subpars. (A) and (B). Former par. (8) redesignated (9).

Par. (9). Pub. L. 99-506, § 103(b), (e), redesignated former par. (8) as (9) and substituted "Indian tribe (or combination of such units or tribes)" for "Indian tribal organization (or combination of such units or organizations)". Former par. (9) redesignated (10).

Par. (10). Pub. L. 99-514 substituted "Internal Revenue Code of 1986" for "Internal Revenue Code of 1954", which for purposes of codification was translated as "title 26" thus requiring no change in text.

Pub. L. 99-506, § 103(b), redesignated former par. (9) as (10). Former par. (10) redesignated (11).

Par. (11). Pub. L. 99-506, § 103(b), redesignated former par. (10) as (11). Former par. (11) redesignated (13).

Par. (12). Pub. L. 99-506, § 103(f), added par. (12). Former par. (12) redesignated (14).

Par. (13). Pub. L. 99-506, § 1002(a)(2), which provided for the reenactment of cl. (B) of par. (11), and the amendment of cl. (F) of par. (11) by inserting "psychiatric," before "psychological", to correct amendment made by section 122(a)(7)(B) of Pub. L. 95-602 (see 1978 Amendment note below), was executed to cls. (B) and (F) of par. (13) to reflect the probable intent of Congress and the intervening redesignation of par. (11) as par. (13) by section 103(f) of Pub. L. 99-506. See note below.

Pub. L. 99-506, § 103(d)(2)(C), (f), (g), redesignated former par. (11) as (13) and substituted "individuals with handicaps" for "handicapped individuals" in three places and added cl. (M). Former par. (13) redesignated (15).

Par. (14). Pub. L. 99-506, § 103(f), redesignated former par. (12) as (14). Former par. (14) redesignated (16).

Par. (15). Pub. L. 99-506, § 103(f), (h)(1), redesignated former par. (13) as (15) and amended it generally, substituting definition of term "individual with severe handicaps" for definition of term "severe handicap". Former par. (15) redesignated (17).

Par. (16). Pub. L. 99-506, § 103(i)(1), redesignated former par. (14) as (16).

Par. (17). Pub. L. 99-506, § 103(d)(2)(C), (i)(1), redesignated former par. (15) as (17) and substituted "individuals with handicaps" for "handicapped individuals".

Pars. (18) to (21). Pub. L. 99-506, § 103(i)(2), (j), added pars. (18) to (21).

1984—Par. (12). Pub. L. 98-221 substituted "Secretary of Education" for "Secretary of Health, Education, and Welfare".

1978—Par. (3). Pub. L. 95-602, § 122(a)(8), added par. (3). Former par. (3) redesignated (4).

Par. (4). Pub. L. 95-602, § 122(a)(4), (8), redesignated former par. (3) as (4) and substituted "and may include such additional equipment and staffing as the Commissioner considers appropriate" for "and the initial equipment for such buildings, and may include the initial staffing thereof". Former par. (4) redesignated (5).

Par. (5). Pub. L. 95-602, § 122(a)(5), (8), redesignated former par. (4) as (5) and inserted in subpar. (B), "psychiatric" after "medical". Former par. (5) redesignated (6).

Par. (6). Pub. L. 95-602, § 122(a)(8), redesignated former par. (5) as (6). Former par. (6) redesignated (7).

Par. (7). Pub. L. 95-602, § 122(a)(6), (8), redesignated former par. (6) as (7), substituted "(A) Except as otherwise provided in subparagraph (B), the term" for "The term", redesignated cls. (A) and (B) as cls. (i) and (ii), respectively, struck out provision defining "handicapped individual" for purposes of subchapters IV and V of this chapter as any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such impairment, and added subpar. (B). Former par. (7) redesignated (8).

Pars. (8) to (10). Pub. L. 95-602, § 122(a)(8), redesignated former pars. (7) to (9) as (8) to (10), respectively.

Par. (11). Pub. L. 95-602, § 122(a)(7), (8), redesignated former par. (10) as (11) and inserted in cl. (A), ", psychiatric" after "medical" and in cl. (F), "psychiatric" before "psychological". Notwithstanding directory language that amendment be made to cl. (B) of par. (11), amendment was executed to cl. (F) of par. (11) to reflect the probable intent of Congress. Former par. (11) redesignated (12).

Pars. (12) to (15). Pub. L. 95-602, § 122(a)(8), redesignated former pars. (11) to (14) as (12) to (15), respectively.

1974—Par. (6). Pub. L. 93-516 expanded definition of handicapped individual to include for the purposes of subchapters IV and V of this chapter any person who has a physical or mental impairment which substantially limits one or more of such person's major life activities, has a record of such as impairment, or is regarded as having such an impairment.

Pub. L. 93-651 made identical amendment as made by Pub. L. 93-516.

EFFECTIVE DATE OF 1986 AMENDMENT

Section 103(c)(1) of Pub. L. 99-506 provided that the amendment made by section 103(c)(1) is effective Oct. 1, 1986.

EXCLUSION FROM COVERAGE

Amendment by Pub. L. 100-259 not to be construed to extend application of this chapter to ultimate beneficiaries of Federal financial assistance excluded from coverage before Mar. 22, 1988, see section 7 of Pub. L. 100-259, set out as a Construction note under section 1687 of Title 20, Education.

ABORTION NEUTRALITY

Amendment by Pub. L. 100-259 not to be construed to force or require any individual or hospital or any other institution, program, or activity receiving Federal funds to perform or pay for an abortion, see section 8 of Pub. L. 100-259, set out as a note under section 1688 of Title 20, Education.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 793, 794, 795, 795k, 1503, 1583, 1791a of this title; title 42 sections 1975c, 6862.

§ 707. Allotment percentage

(a) Percentage limitation; promulgation and computation; "United States" defined

(1) The allotment percentage for any State shall be 100 per centum less that percentage which bears the same ratio to 50 per centum as the per capita income of such State bears to the per capita income of the United States, except that (A) the allotment percentage shall in no case be more than 75 per centum or less than 33⅓ per centum, and (B) the allotment percentage for the District of Columbia, Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands shall be 75 per centum.

(2) The allotment percentages shall be promulgated by the Secretary between October 1 and December 31 of each even-numbered year, on the basis of the average of the per capita incomes of the States and of the United States for the three most recent consecutive years for which satisfactory data are available from the Department of Commerce. Such promulgation shall be conclusive for each of the two fiscal years in the period beginning on the October 1 next succeeding such promulgation.

(3) The term "United States" means (but only for purposes of this subsection) the fifty States and the District of Columbia.

(b) Population determination

The population of the several States and of the United States shall be determined on the basis of the most recent data available, to be furnished by the Department of Commerce by October 1 of the year preceding the fiscal year for which funds are appropriated pursuant to statutory authorizations.

(Pub. L. 93-112, § 8, Sept. 26, 1973, 87 Stat. 362; Pub. L. 94-273, § 10, Apr. 21, 1976, 90 Stat. 378.)

PRIOR PROVISIONS

Prior similar provisions were contained in former section 41 of this title.

AMENDMENTS

1976—Subsec. (a)(2). Pub. L. 94-273 substituted "October" for "July" wherever appearing, and "December 31" for "September 30".

Schedule of Charges—Continued

	Service	Fee amount
	e. Minor modifications and additional licenses	50.00
3	Rural Radio (Central Office, Interoffice or Relay Facilities)	
	a. Initial Construction Permit, Assignments & Transfers (Per transmitter)	90.00
	b. Renewals & Modifications (Per station)	20.00
4	Offshore Radio Service	
	a. Initial Construction Permit, Assignments & Transfers (Per transmitter)	90.00
	b. Renewals & Modifications (Per station)	20.00
5	Local Television or Point To Point Microwave Radio Service	
	a. Construction Permits, Modifications of Construction Permits, and Renewals of Licenses	135.00
	b. Assignments & Transfers of Control (Per Station)	45.00
	c. Initial License for New Frequency	135.00
6	International Fixed Public Radio (Public & Control Stations)	
	a. Initial Construction Permits, Assignments & Transfers	450.00
	b. Renewals & Modifications	325.00
7	Satellite Services	
	a. Transmit Earth Stations	
	(1) Initial Station Authorization	1,350.00
	(2) Assignments & Transfers of Station Authorizations	450.00
	(3) All Other Applications	90.00
	b. Small Transmit/Receive Earth Stations (2 meters or less)	
	(1) Lead Authorization	3,000.00
	(2) Routine Authorization	30.00
	(3) All Other Applications	90.00
	c. Receive Only Earth Stations	
	(1) Initial Station Authorization	200.00
	(2) All Other Applications	90.00
	d. Applications For Authority To Construct a Space Station	1,800.00
	e. Applications For Authority To Launch & Operate a Space Station	18,000.00
	f. Satellite System Application	
	(1) Initial Station Authorization	5,000.00
	(2) Assignments & Transfers of Systems	1,333.00
	(3) All Other Applications	90.00
8	Multipoint Distribution Service	
	a. Construction Permits, Renewals & Modifications of Construction Permits	135.00
	b. Assignments & Transfers of Control (Per station)	45.00
	c. Initial License (Per channel)	400.00
9	Section 214 Applications	
	a. Applications for Overseas Cable Construction	8,100.00
	b. Applications for Domestic Cable Construction	540.00
	c. All Other 214 Applications	540.00
10	Tariff Filings	
	a. Filing Fee	250.00
	b. Special Permission Filings	200.00
11	Telephone Equipment Registration	135.00
12.	Digital Electronic Message Service	
	a. Construction Permits, Renewals & Modifications of Construction Permits	135.00
	b. Assignments & Transfers of Control (Per station)	45.00
	c. Initial License (First License or License Adding a New Frequency)	135.00"

SUBCHAPTER II—COMMON CARRIERS

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in sections 153, 503, 504, 522, 533, 541, 741, 753 of this title.

[redacted]

(a) It shall be the duty of every common carrier engaged in interstate or foreign communication by wire or radio to furnish such communication service upon reasonable request therefor; and, in accordance with the orders of the Commission, in cases where the Commission, after opportunity for hearing, finds such action necessary or desirable in the public interest, to establish physical connections with other carriers, to establish through routes and charges applicable thereto and the divisions of such charges, and to establish and provide facilities and regulations for operating such through routes.

(b) All charges, practices, classifications, and regulations for and in connection with such communication service, shall be just and reasonable, and any such charge, practice, classification, or regulation that is unjust or unreasonable is declared to be unlawful: *Provided*, That communications by wire or radio subject to this chapter may be classified into day, night, repeated, unrepeated, letter, commercial, press, Government, and such other classes as the Commission may decide to be just and reasonable, and different charges may be made for the different classes of communications: *Provided further*, That nothing in this chapter or in any other provision of law shall be construed to prevent a common carrier subject to this chapter from entering into or operating under any contract with any common carrier not subject to this chapter, for the exchange of their services, if the Commission is of the opinion that such contract is not contrary to the public interest: *Provided further*, That nothing in this chapter or in any other provision of law shall prevent a common carrier subject to this chapter from furnishing reports of positions of ships at sea to newspapers of general circulation, either at a nominal charge or without charge, provided the name of such common carrier is displayed along with such ship position reports. The Commission may prescribe such rules and regulations as may be necessary in the public interest to carry out the provisions of this chapter.

(June 19, 1934, ch. 652, title II, § 201, 48 Stat. 1070; May 31, 1938, ch. 296, 52 Stat. 588.)

REFERENCES IN TEXT

This chapter, referred to in subsec. (b), was in the original "this Act", meaning act June 19, 1934, ch. 652, 48 Stat. 1064, as amended, known as the Communications Act of 1934, which is classified principally to this chapter. For complete classification of this Act to the Code, see section 609 of this title and Tables.

AMENDMENTS

1938—Subsec. (b). Act May 31, 1938, inserted proviso relating to reports of positions of ships at sea.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 152, 222 of this title.

§ 202. Discriminations and preferences

(a) Charges, services, etc.

It shall be unlawful for any common carrier to make any unjust or unreasonable discrimination in charges, practices, classifications, regulations, facilities, or services for or in connection with like communication service, directly or indirectly, by any means or device, or to make or give any undue or unreasonable preference or advantage to any particular person, class of persons, or locality, or to subject any particular person, class of persons, or locality to any undue or unreasonable prejudice or disadvantage.

(b) Charges or services included

Charges or services, whenever referred to in this chapter, include charges for, or services in connection with, the use of common carrier lines of communication, whether derived from wire or radio facilities, in chain broadcasting or incidental to radio communication of any kind.

(c) Penalty

Any carrier who knowingly violates the provisions of this section shall forfeit to the United States the sum of $500 for each such offense and $25 for each and every day of the continuance of such offense.

(June 19, 1934, ch. 652, title II, § 202, 48 Stat. 1070; Sept. 13, 1960, Pub. L. 86-751, 74 Stat. 888.)

AMENDMENTS

1960—Subsec. (b). Pub. L. 86-751 substituted "common carrier lines of communication, whether derived from wire or radio facilities," for "wires".

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 152 of this title.

§ 203. Schedules of charges

(a) Filing; public display

Every common carrier, except connecting carriers, shall, within such reasonable time as the Commission shall designate, file with the Commission and print and keep open for public inspection schedules showing all charges for itself and its connecting carriers for interstate and foreign wire or radio communication between the different points on its own system, and between points on its own system and points on the system of its connecting carriers or points on the system of any other carrier subject to this chapter when a through route has been established, whether such charges are joint or separate, and showing the classifications, practices, and regulations affecting such charges. Such schedules shall contain such other information, and be printed in such form, and be posted and kept open for public inspection in such places, as the Commission may by regulation require, and each such schedule shall give notice of its effective date; and such common carrier shall furnish such schedules to each of its connecting carriers, and such connecting carriers shall keep such schedules open for inspection in such public places as the Commission may require.

(b) Changes in schedule; discretion of Commission to modify requirements

(1) No change shall be made in the charges, classifications, regulations, or practices which have been so filed and published except after ninety days notice to the Commission and to the public, which shall be published in such form and contain such information as the Commission may by regulations prescribe.

(2) The Commission may, in its discretion and for good cause shown, modify any requirement made by or under the authority of this section either in particular instances or by general order applicable to special circumstances or conditions except that the Commission may not require the notice period specified in paragraph (1) to be more than ninety days.

(c) Overcharges and rebates

No carrier, unless otherwise provided by or under authority of this chapter, shall engage or participate in such communication unless schedules have been filed and published in accordance with the provisions of this chapter and with the regulations made thereunder; and no carrier shall (1) charge, demand, collect, or receive a greater or less or different compensation for such communication, or for any service in connection therewith, between the points named in any such schedule than the charges specified in the schedule then in effect, or (2) refund or remit by any means or device any portion of the charges so specified, or (3) extend to any person any privileges or facilities in such communication, or employ or enforce any classifications, regulations, or practices affecting such charges, except as specified in such schedule.

(d) Rejection or refusal

The Commission may reject and refuse to file any schedule entered for filing which does not provide and give lawful notice of its effective date. Any schedule so rejected by the Commission shall be void and its use shall be unlawful.

(e) Penalty for violations

In case of failure or refusal on the part of any carrier to comply with the provisions of this section or of any regulation or order made by the Commission thereunder, such carrier shall forfeit to the United States the sum of $500 for each such offense, and $25 for each and every day of the continuance of such offense.

(June 19, 1934, ch. 652, title II, § 203, 48 Stat. 1070; Aug. 4, 1976, Pub. L. 94-376, § 1, 90 Stat. 1080.)

AMENDMENTS

1976—Subsec. (b). Pub. L. 94-376 designated existing provisions as par. (1), substituted "after ninety days notice" for "after thirty days' notice", and struck out provision that the Commission may, in its discretion and for good cause shown, modify the requirements made by or under authority of this section in particular instances or by a general order applicable to special circumstances or conditions, and added par. (2).

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 152, 222 of this title.

§ 204. Hearings on new charges; suspension pending hearing; refunds; duration of hearing; appeal of order concluding hearing

(a)(1) Whenever there is filed with the Commission any new or revised charge, classification, regulation, or practice, the Commission may either upon complaint or upon its own initiative without complaint, upon reasonable notice, enter upon a hearing concerning the lawfulness thereof; and pending such hearing and the decision thereon the Commission, upon delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension, may suspend the operation of such charge, classification, regulation, or practice, in whole or in part but not for a longer period than five months beyond the time when it would otherwise go into effect; and after full hearing the Commission may make such order with reference thereto as would be proper in a proceeding initiated after such charge, classification, regulation, or practice had become effective. If the proceeding has not been concluded and an order made within the period of the suspension, the proposed new or revised charge, classification, regulation, or practice shall go into effect at the end of such period; but in case of a proposed charge for a new service or an increased charge, the Commission may by order require the interested carrier or carriers to keep accurate account of all amounts received by reason of such charge for a new service or increased charge, specifying by whom and in whose behalf such amounts are paid, and upon completion of the hearing and decision may by further order require the interested carrier or carriers to refund, with interest, to the persons in whose behalf such amounts were paid, such portion of such charge for a new service or increased charges as by its decision shall be found not justified. At any hearing involving a charge increased, or sought to be increased, the burden of proof to show that the increased charge, or proposed charge, is just and reasonable shall be upon the carrier, and the Commission shall give to the hearing and decision of such questions preference over all other questions pending before it and decide the same as speedily as possible.

(2)(A) Except as provided in subparagraph (B), the Commission shall, with respect to any hearing under this section, issue an order concluding such hearing within 12 months after the date that the charge, classification, regulation, or practice subject to the hearing becomes effective, or within 15 months after such date if the hearing raises questions of fact of such extraordinary complexity that the questions cannot be resolved within 12 months.

(B) The Commission shall, with respect to any such hearing initiated prior to November 3, 1988, issue an order concluding the hearing not later than 12 months after November 3, 1988.

(C) Any order concluding a hearing under this section shall be a final order and may be appealed under section 402(a) of this title.

(b) Notwithstanding the provisions of subsection (a) of this section, the Commission may allow part of a charge, classification, regulation, or practice to go into effect, based upon a written showing by the carrier or carriers affected, and an opportunity for written comment thereon by affected persons, that such partial authorization is just, fair, and reasonable. Additionally, or in combination with a partial authorization, the Commission, upon a similar showing, may allow all or part of a charge, classification, regulation, or practice to go into effect on a temporary basis pending further order of the Commission. Authorizations of temporary new or increased charges may include an accounting order of the type provided for in subsection (a) of this section.

(June 19, 1934, ch. 652, title II, § 204, 48 Stat. 1071; Aug. 4, 1976, Pub. L. 94-376, § 2, 90 Stat. 1080; Nov. 3, 1988, Pub. L. 100-594, § 8(b), 102 Stat. 3023.)

AMENDMENTS

1988—Subsec. (a). Pub. L. 100-594 designated existing provisions as par. (1) and added par. (2).

1976—Subsec. (a). Pub. L. 94-376 designated existing provisions as subsec. (a), substituted "any new or revised charge" for "any new charge", "in whole or in part but not for a longer period than five months" for "but not for a longer period than three months", "after such charge, classification, regulation, or practice had become effective" for "after it had become effective", "the proposed new or revised charge" for "the proposed change of charge", "but in case of a proposed charge for a new service or an increased charge" for "but in case of a proposed increased charge", "by reason of such charge for a new service or increased charge" for "by reason of such increase", "such portion of such charge for a new service or increased charges" for "such portion of such increased charges", "burden of proof to show that the increased charge, or proposed charge" for "burden of proof to show that the increased charge, or proposed increased charge", and struck out "after the organization of the Commission" before "the burden of proof."

Subsec. (b). Pub. L. 94-376 added subsec. (b).

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 152, 155, 405 of this title.

§ 205. Commission authorized to prescribe just and reasonable charges; penalties for violations

(a) Whenever, after full opportunity for hearing, upon a complaint or under an order for investigation and hearing made by the Commission on its own initiative, the Commission shall be of opinion that any charge, classification, regulation, or practice of any carrier or carriers is or will be in violation of any of the provisions of this chapter, the Commission is authorized and empowered to determine and prescribe what will be the just and reasonable charge or the maximum or minimum, or maximum and minimum, charge or charges to be thereafter observed, and what classification, regulation, or practice is or will be just, fair, and reasonable, to be thereafter followed, and to make an order that the carrier or carriers shall cease and desist from such violation to the extent that the Commission finds that the same does or will exist, and shall not thereafter publish, demand, or collect any charge other than the charge so prescribed, or in excess of the maximum or less than the minimum so prescribed, as the case may be, and shall adopt the classification and shall conform to and observe the regulation or practice so prescribed.

(b) Any carrier, any officer, representative, or agent of a carrier, or any receiver, trustee, lessee, or agent of either of them, who knowingly fails or neglects to obey any order made under the provisions of this section shall forfeit to the United States the sum of $1,000 for each offense. Every distinct violation shall be a separate offense, and in case of continuing violation each day shall be deemed a separate offense.

(June 19, 1934, ch. 652, title II, § 205, 48 Stat. 1072.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 152 of this title.

§ 206. Carriers' liability for damages

In case any common carrier shall do, or cause or permit to be done, any act, matter, or thing in this chapter prohibited or declared to be unlawful, or shall omit to do any act, matter, or thing in this chapter required to be done, such common carrier shall be liable to the person or persons injured thereby for the full amount of damages sustained in consequence of any such violation of the provisions of this chapter, together with a reasonable counsel or attorney's fee, to be fixed by the court in every case of recovery, which attorney's fee shall be taxed and collected as part of the costs in the case.

(June 19, 1934, ch. 652, title II, § 206, 48 Stat. 1072.)

FEDERAL RULES OF CIVIL PROCEDURE

Effect of rule 54 on this section, see note by Advisory Committee under rule 54, Title 28, Appendix, Judiciary and Judicial Procedure.

Judgment and costs, see rule 54.

§ 207. Recovery of damages

Any person claiming to be damaged by any common carrier subject to the provisions of this chapter may either make complaint to the Commission as hereinafter provided for, or may bring suit for the recovery of the damages for which such common carrier may be liable under the provisions of this chapter, in any district court of the United States of competent jurisdiction; but such person shall not have the right to pursue both such remedies.

(June 19, 1934, ch. 652, title II, § 207, 48 Stat. 1073.)

§ 208. Complaints to Commission; investigations; duration of investigation; appeal of order concluding investigation

(a) Any person, any body politic, or municipal organization, or State commission, complaining of anything done or omitted to be done by any common carrier subject to this chapter, in contravention of the provisions thereof, may apply to said Commission by petition which shall briefly state the facts, whereupon a statement of the complaint thus made shall be forwarded by the Commission to such common carrier, who shall be called upon to satisfy the complaint or to answer the same in writing within a reasonable time to be specified by the Commission. If such common carrier within the time specified shall make reparation for the injury alleged to have been caused, the common carrier shall be relieved of liability to the complainant only for the particular violation of law thus complained of. If such carrier or carriers shall not satisfy the complaint within the time specified or there shall appear to be any reasonable ground for investigating said complaint, it shall be the duty of the Commission to investigate the matters complained of in such manner and by such means as it shall deem proper. No complaint shall at any time be dismissed because of the absence of direct damage to the complaint.

(b)(1) Except as provided in paragraph (2), the Commission shall, with respect to any investigation under this section of the lawfulness of a charge, classification, regulation, or practice, issue an order concluding such investigation within 12 months after the date on which the complaint was filed, or within 15 months after such date if the investigation raises questions of fact of such extraordinary complexity that the questions cannot be resolved within 12 months.

(2) The Commission shall, with respect to any such investigation initiated prior to November 3, 1988, issue an order concluding the investigation not later than 12 months after November 3, 1988.

(3) Any order concluding an investigation under paragraph (1) or (2) shall be a final order and may be appealed under section 402(a) of this title.

(June 19, 1934, ch. 652, title II, § 208, 48 Stat. 1073; Nov. 3, 1988, Pub. L. 100-594, § 8(c), 102 Stat. 3023.)

AMENDMENTS

1988—Pub. L. 100-594 designated existing provisions as subsec. (a) and added subsec. (b).

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 155, 405 of this title.

§ 209. Orders for payment of money

If, after hearing on a complaint, the Commission shall determine that any party complainant is entitled to an award of damages under the provisions of this chapter, the Commission shall make an order directing the carrier to pay to the complainant the sum to which he is entitled on or before a day named.

(June 19, 1934, ch. 652, title II, § 209, 48 Stat. 1073.)

§ 210. Franks and passes; free service to governmental agencies in connection with national defense

(a) Nothing in this chapter or in any other provision of law shall be construed to prohibit common carriers from issuing or giving franks to, or exchanging franks with each other for the use of, their officers, agents, employees, and their families, or, subject to such rules as the Commission may prescribe, from issuing, giving, or exchanging franks and passes to or with other common carriers not subject to the provisions of this chapter, for the use of their officers, agents, employees, and their families. The term "employees", as used in this section, shall include furloughed, pensioned, and superannuated employees.

(b) Nothing in this chapter or in any other provision of law shall be construed to prohibit common carriers from rendering to any agency of the Government free service in connection with the preparation for the national defense: *Provided*, That such free service may be rendered only in accordance with such rules and regulations as the Commission may prescribe therefor.

(June 19, 1934, ch. 652, title II, § 210, 48 Stat. 1073; June 25, 1940, ch. 422, 54 Stat. 570.)

AMENDMENTS

1940—Act June 25, 1940, designated existing provisions as subsec. (a) and added subsec. (b).

§ 211. Contracts of carriers; filing with Commission

(a) Every carrier subject to this chapter shall file with the Commission copies of all contracts, agreements, or arrangements with other carriers, or with common carriers not subject to the provisions of this chapter, in relation to any traffic affected by the provisions of this chapter to which it may be a party.

(b) The Commission shall have authority to require the filing of any other contracts of any carrier, and shall also have authority to exempt any carrier from submitting copies of such minor contracts as the Commission may determine.

(June 19, 1934, ch. 652, title II, § 211, 48 Stat. 1073.)

§ 212. Interlocking directorates; officials dealing in securities

After sixty days from June 19, 1934, it shall be unlawful for any person to hold the position of officer or director of more than one carrier subject to this chapter, unless such holding shall have been authorized by order of the Commission, upon due showing in form and manner prescribed by the Commission, that neither public nor private interests will be adversely affected thereby: *Provided*, That the Commission may authorize persons to hold the position of officer or director in more than one such carrier, without regard to the requirements of this section, where it has found that one of the two or more carriers directly or indirectly owns more than 50 per centum of the stock of the other or others, or that 50 per centum or more of the stock of all such carriers is directly or indirectly owned by the same person. After this section takes effect it shall be unlawful for any officer or director of any carrier subject to this chapter to receive for his own benefit directly or indirectly, any money or thing of value in respect of negotiation, hypothecation, or sale of any securities issued or to be issued by such carrier, or to share in any of the proceeds thereof, or to participate in the making or paying of any dividends of such carriers from any funds properly included in capital account.

(June 19, 1934, ch. 652, title II, § 212, 48 Stat. 1074; Aug. 2, 1956, ch. 874, § 1, 70 Stat. 931.)

AMENDMENTS

1956—Act Aug. 2, 1956, inserted proviso that Commission may authorize persons to hold position of officer or director in more than one carrier, where carrier owns more than 50 percent of the stock of the other carriers, or that 50 percent or more of the stock of all such carriers is owned by the same person, struck out "such" before "carrier" in sentence after proviso, inserted "subject to this chapter" after that word, and substituted "carriers" for "carrier" toward end of said sentence.

§ 213. Valuation of property of carrier

(a) Hearing

The Commission may from time to time, as may be necessary for the proper administration of this chapter, and after opportunity for hearing, make a valuation of all or of any part of the property owned or used by any carrier subject to this chapter, as of such date as the Commission may fix.

(b) Inventory

The Commission may at any time require any such carrier to file with the Commission an inventory of all or of any part of the property owned or used by said carrier, which inventory shall show the units of said property classified in such detail, and in such manner, as the Commission shall direct, and shall show the estimated cost of reproduction new of said units, and their reproduction cost new less depreciation, as of such date as the Commission may direct; and such carrier shall file such inventory within such reasonable time as the Commission by order shall require.

(c) Original cost

The Commission may at any time require any such carrier to file with the Commission a statement showing the original cost at the time of dedication to the public use of all or of any part of the property owned or used by said carrier. For the showing of such original cost said property shall be classified, and the original cost shall be defined, in such manner as the Commission may prescribe; and if any part of such cost cannot be determined from accounting or other records, the portion of the property for which such cost cannot be determined shall be reported to the Commission; and, if the Commission shall so direct, the original cost thereof shall be estimated in such manner as the Commission may prescribe. If the carrier owning the property at the time such original cost is reported shall have paid more or less than the original cost to acquire the same, the amount of such cost of acquisition, and any facts which the Commission may require in connection therewith, shall be reported with such original cost. The report made by a carrier under this subsection shall show the source or sources from which the original cost reported was obtained, and such other information as to the manner in which the report was prepared, as the Commission shall require.

(d) Easement, license or franchise

Nothing shall be included in the original cost reported for the property of any carrier under subsection (c) of this section on account of any easement, license, or franchise granted by the United States or by any State or political subdivision thereof, beyond the reasonable necessary expense lawfully incurred in obtaining such easement, license, or franchise from the public authority aforesaid, which expense shall be reported separately from all other costs in such detail as the Commission may require; and nothing shall be included in any valuation of the property of any carrier made by the Commission on account of any such easement, license, or franchise, beyond such reasonable necessary expense lawfully incurred as aforesaid.

(e) Improvements; changes in condition

The Commission shall keep itself informed of all new construction, extensions, improvements, retirements, or other changes in the condition, quantity, use, and classification of the property of common carriers, and of the cost of all additions and betterments thereto and of all changes in the investment therein, and may keep itself informed of current changes in costs and values of carrier properties.

(f) Additional information; access to records and data

For the purpose of enabling the Commission to make a valuation of any of the property of any such carrier, or to find the original cost of such property, or to find any other facts concerning the same which are required for use by the Commission, it shall be the duty of each such carrier to furnish to the Commission, within such reasonable time as the Commission may order, any information with respect thereto which the Commission may by order require, including copies of maps, contracts, reports of engineers, and other data, records, and papers, and to grant to all agents of the Commission free access to its property and its accounts, records, and memoranda whenever and wherever requested by any such duly authorized agent, and to cooperate with and aid the Commission in the work of making any such valuation or finding in such manner and to such extent as the Commission may require and direct, and all rules and regulations made by the Commission for the purpose of administering this section shall have the full force and effect of law. Unless otherwise ordered by the Commission, with the reasons therefor, the records and data of the Commission shall be open to the inspection and examination of the public. The Commission, in making any such valuation, shall be free to adopt any method of valuation which shall be lawful.

(g) Interstate Commerce Commission

Notwithstanding any provision of this chapter the Interstate Commerce Commission, if requested to do so by the Commission, shall complete, at the earliest practicable date, such valuations of properties of carriers subject to this chapter as are now in progress, and shall thereafter transfer to the Commission the records relating thereto.

(h) State commissions

Nothing in this section shall impair or diminish the powers of any State commission.

(June 19, 1934, ch. 652, title II, § 213, 48 Stat. 1074.)

§ 214. Extension of lines or discontinuance of service; certificate of public convenience and necessity

(a) Exceptions; temporary or emergency service or discontinuance of service; changes in plant, operation or equipment

No carrier shall undertake the construction of a new line or of an extension of any line, or shall acquire or operate any line, or extension thereof, or shall engage in transmission over or by means of such additional or extended line, unless and until there shall first have been obtained from the Commission a certificate that the present or future public convenience and necessity require or will require the construction, or operation, or construction and operation, of such additional or extended line: *Provided*, That no such certificate shall be required under this section for the construction, acquisition, or operation of (1) a line within a single State unless such line constitutes part of an interstate line, (2) local, branch, or terminal lines not exceeding ten miles in length, or (3) any line acquired under section 221 or 222 [1] of this title: *Provided further*, That the Commission may, upon appropriate request being made, authorize temporary or emergency service, or the supplementing of existing facilities, without regard to the provisions of this section. No carrier shall discontinue, reduce, or impair service to a community, or part of a community, unless and until there shall first have been obtained from the Commission a certificate that neither the present nor future public convenience and necessity will be adversely affected thereby; except that the Commission may, upon appropriate request being made, authorize temporary or emergency discontinuance, reduction, or impairment of service, or partial discontinuance, reduction, or impairment of service, without regard to the provisions of this section. As used in this section the term "line" means any channel of communication established by the use of appropriate equipment, other than a channel of communication established by the interconnection of two or more existing channels: *Provided, however*, That nothing in this section shall be construed to require a certificate or other authorization from the Commission for any installation, replacement, or other changes in plant, operation, or equipment, other than new construction, which will not impair the adequacy or quality of service provided.

---

[1] See References in Text note below.

(b) Notification of Secretary of Defense, Secretary of State and State Governor

Upon receipt of an application for any such certificate, the Commission shall cause notice thereof to be given to, and shall cause a copy of such application to be filed with, the Secretary of Defense, the Secretary of State (with respect to such applications involving service to foreign points), and the Governor of each State in which such line is proposed to be constructed, extended, acquired, or operated, or in which such discontinuance, reduction, or impairment of service is proposed, with the right to those notified to be heard; and the Commission may require such published notice as it shall determine.

(c) Approval or disapproval; injunction

The Commission shall have power to issue such certificate as applied for, or to refuse to issue it, or to issue it for a portion or portions of a line, or extension thereof, or discontinuance, reduction, or impairment of service, described in the application, or for the partial exercise only of such right or privilege, and may attach to the issuance of the certificate such terms and conditions as in its judgment the public convenience and necessity may require. After issuance of such certificate, and not before, the carrier may, without securing approval other than such certificate, comply with the terms and conditions contained in or attached to the issuance of such certificate and proceed with the construction, extension, acquisition, operation, or discontinuance, reduction, or impairment of service covered thereby. Any construction, extension, acquisition, operation, discontinuance, reduction, or impairment of service contrary to the provisions of this section may be enjoined by any court of competent jurisdiction at the suit of the United States, the Commission, the State commission, any State affected, or any party in interest.

(d) Order of Commission; hearing; penalty

The Commission may, after full opportunity for hearing, in a proceeding upon complaint or upon its own initiative without complaint, authorize or require by order any carrier, party to such proceeding, to provide itself with adequate facilities for the expeditious and efficient performance of its service as a common carrier and to extend its line or to establish a public office; but no such authorization or order shall be made unless the Commission finds, as to such provision of facilities, as to such establishment of public offices, or as to such extension, that it is reasonably required in the interest of public convenience and necessity, or as to such extension or facilities that the expense involved therein will not impair the ability of the carrier to perform its duty to the public. Any carrier which refuses or neglects to comply with any order of the Commission made in pursuance of this subsection shall forfeit to the United States $100 for each day during which such refusal or neglect continues.

(June 19, 1934, ch. 652, title II, § 214, 48 Stat. 1075; Mar. 6, 1943, ch. 10, §§ 2-5, 57 Stat. 11; Nov. 30, 1974, Pub. L. 93-506, § 1, 88 Stat. 1577.)

REFERENCES IN TEXT

Section 222 of this title, referred to in subsec. (a), which related to consolidations and mergers of telegraph carriers, was amended generally by Pub. L. 97-130, § 2, Dec. 29, 1981, 95 Stat. 1687, and as so amended relates to competition among record carriers.

AMENDMENTS

1974—Subsec. (b). Pub. L. 93-506 substituted "the Secretary of Defense, the Secretary of State (with respect to such applications involving service to foreign points)," for "the Secretary of the Army, the Secretary of the Navy,".

1943—Subsec. (a). Act Mar. 6, 1943, § 2, among other changes inserted all after "no carrier shall discontinue", etc.

Subsec. (b). Act Mar. 6, 1943, § 3, among other changes provided notice should be filed with Secretary of War and the Secretary of the Navy.

Subsec. (c). Act Mar. 6, 1943, § 4, extended provisions to include discontinuance, reduction, or impairment of service.

Subsec. (d). Act Mar. 6, 1943, § 5, amended first sentence.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 222, 721 of this title.

§ 215. Examination of transactions relating to furnishing of services, equipment, etc.; reports to Congress

(a) Access to records and documents

The Commission shall examine into transactions entered into by any common carrier which relate to the furnishing of equipment, supplies, research, services, finances, credit, or personnel to such carrier and/or which may affect the charges made or to be made and/or the services rendered or to be rendered by such carrier, in wire or radio communication subject to this chapter, and shall report to the Congress whether any such transactions have affected or are likely to affect adversely the ability of the carrier to render adequate service to the public, or may result in any undue or unreasonable increase in charges or in the maintenance of undue or unreasonable charges for such service; and in order to fully examine into such transactions the Commission shall have access to and the right of inspection and examination of all accounts, records, and memoranda, including all documents, papers, and correspondence now or hereafter existing, of persons furnishing such equipment, supplies, research, services, finances, credit, or personnel. The Commission shall include in its report its recommendations for necessary legislation in connection with such transactions, and shall report specifically whether in its opinion legislation should be enacted (1) authorizing the Commission to declare any such transactions void or to permit such transactions to be carried out subject to such modification of their terms and conditions as the Commission shall deem desirable in the public interest; and/or (2) subjecting such transactions to the approval of the Commission where the person furnishing or seeking to furnish the equipment, supplies, research, services, finances, credit, or personnel is a person directly or indirectly controlling or controlled by, or under direct or indirect common control with such carrier; and/or (3) authorizing the Commission to require that all or any transactions of carriers involving the furnishing of equipment, supplies, research, services, finances, credit, or personnel to such carrier be upon competitive bids on such terms and conditions and subject to such regulations as it shall prescribe as necessary in the public interest.

(b) Wire telephone and telegraph services

The Commission shall investigate the methods by which and the extent to which wire telephone companies are furnishing wire telegraph service and wire telegraph companies are furnishing wire telephone service, and shall report its findings to Congress, together with its recommendations as to whether additional legislation on this subject is desirable.

(c) Exclusive dealing contracts

The Commission shall examine all contracts of common carriers subject to this chapter which prevent the other party thereto from dealing with another common carrier subject to this chapter, and shall report its findings to Congress, together with its recommendations as to whether additional legislation on this subject is desirable.

(June 19, 1934, ch. 652, title II, § 215, 48 Stat. 1076.)

§ 216. Receivers and trustees; application of chapter

The provisions of this chapter shall apply to all receivers and operating trustees of carriers subject to this chapter to the same extent that it applies to carriers.

(June 19, 1934, ch. 652, title II, § 216, 48 Stat. 1077.)

§ 217. Agents' acts and omissions; liability of carrier

In construing and enforcing the provisions of this chapter, the act, omission, or failure of any officer, agent, or other person acting for or employed by any common carrier or user, acting within the scope of his employment, shall in every case be also deemed to be the act, omission, or failure of such carrier or user as well as that of the person.

(June 19, 1934, ch. 652, title II, § 217, 48 Stat. 1077.)

§ 218. Management of business; inquiries by Commission

The Commission may inquire into the management of the business of all carriers subject to this chapter, and shall keep itself informed as to the manner and method in which the same is conducted and as to technical developments and improvements in wire and radio communication and radio transmisson of energy to the end that the benefits of new inventions and developments may be made available to the people of the United States. The Commission may obtain from such carriers and from persons directly or indirectly controlling or controlled by, or under direct or indirect common control with, such carriers full and complete information necessary to enable the Commission to perform the duties and carry out the objects for which it was created.

(June 19, 1934, ch. 652, title II, § 218, 48 Stat. 1077.)

§ 219. Reports by carriers; contents and requirements generally

(a) The Commission is authorized to require annual reports from all carriers subject to this chapter, and from persons directly or indirectly controlling or controlled by, or under direct or indirect common control with any such carrier, to prescribe the manner in which such reports shall be made, and to require from such persons specific answers to all questions upon which the Commission may need information. Except as otherwise required by the Commission, such annual reports shall show in detail the amount of capital stock issued, the amount and privileges of each class of stock, the amounts paid therefor, and the manner of payment for the same; the dividends paid and the surplus fund, if any; the number of stockholders (and the names of the thirty largest holders of each class of stock and the amount held by each); the funded and floating debts and the interest paid thereon; the cost and value of the carrier's property, franchises, and equipment; the number of employees and the salaries paid each class; the names of all officers and directors, and the amount of salary, bonus, and all other compensation paid to each; the amounts expended for improvements each year, how expended, and the character of such improvements; the earnings and receipts from each branch of business and from all sources; the operating and other expenses; the balances of profit and loss; and a complete exhibit of the financial operations of the carrier each year, including an annual balance sheet. Such reports shall also contain such information in relation to charges or regulations concerning charges, or agreements, arrangements, or contracts affecting the same, as the Commission may require.

(b) Such reports shall be for such twelve months' period as the Commission shall designate and shall be filed with the Commission at its office in Washington within three months after the close of the year for which the report is made, unless additional time is granted in any case by the Commission; and if any person subject to the provisions of this section shall fail to make and file said annual reports within the time above specified, or within the time extended by the Commission, for making and filing the same, or shall fail to make specific answer to any question authorized by the provisions of this section within thirty days from the time it is lawfully required so to do, such person shall forefeit to the United States the sum of $100 for each and every day it shall continue to be in default with respect thereto. The Commission may by general or special orders require any such carriers to file monthly reports of earnings and expenses and to file periodical and/or special reports concerning any matters with respect to which the Commission is authorized or required by law to act. If any such carrier shall fail to make and file any such periodical or special report within the time fixed by the Commission, it shall be subject to the forfeitures above provided.

(June 19, 1934, ch. 652, title II, § 219, 48 Stat. 1077; Aug. 2, 1956, ch. 874, § 2, 70 Stat. 931; Apr. 27, 1962, Pub. L. 87-444, §§ 1, 2, 76 Stat. 63.)

AMENDMENTS

1962—Subsec. (a). Pub. L. 87-444, § 1, struck out "under oath" after "require annual report".

Subsec. (b). Pub. L. 87-444, § 2, struck out provisions that the periodical or special reports be under oath whenever the Commission so required.

1956—Subsec. (a). Act Aug. 2, 1956, substituted "Except as otherwise required by the Commission, such" for "Such" at beginning of second sentence.

§ 220. Accounts, records, and memoranda

(a) Forms

The Commission may, in its discretion, prescribe the forms of any and all accounts, records, and memoranda to be kept by carriers subject to this chapter, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of moneys.

(b) Depreciation charges

The Commission shall, as soon as practicable, prescribe for such carriers the classes of property for which depreciation charges may be properly included under operating expenses, and the percentages of depreciation which shall be charged with respect to each of such classes of property, classifying the carriers as it may deem proper for this purpose. The Commission may, when it deems necessary, modify the classes and percentages so prescribed. Such carriers shall not, after the Commission has prescribed the clasess[2] of property for which depreciation charges may be included, charge to operating expenses any depreciation charges on classes of property other than those prescribed by the Commission, or after the Commission has prescribed percentages of depreciation, charge with respect to any class of property a percentage of depreciation other than that prescribed therefor by the Commission. No such carrier shall in any case include in any form under its operating or other expenses any depreciation or other charge or expenditure included elsewhere as a depreciation charge or otherwise under its operating or other expenses.

(c) Access to information; burden of proof

The Commission shall at all times have access to and the right of inspection and examination of all accounts, records, and memoranda, including all documents, papers, and correspondence now or hereafter existing, and kept or required to be kept by such carriers, and the provisions of this section respecting the preservation and destruction of books, papers, and documents shall apply thereto. The burden of proof to justify every accounting entry questioned by the Commission shall be on the person making, authorizing, or requiring such entry and the Commission may suspend a charge or credit pending submission of proof by such person. Any provision of law prohibiting the disclosure of the contents of messages or communications shall not be deemed to prohibit the disclosure of any matter in accordance with the provisions of this section.

(d) Penalty for failure to comply

In case of failure or refusal on the part of any such carrier to keep such accounts, records, and memoranda on the books and in the manner prescribed by the Commission, or to submit such accounts, records, memoranda, documents, papers, and correspondence as are kept to the inspection of the Commission or any of its authorized agents, such carrier shall forfeit to the United States the sum of $500 for each day of the continuance of each such offense.

(e) False entry; destruction; penalty

Any person who shall willfully make any false entry in the accounts of any book of accounts or in any record or memoranda kept by any such carrier, or who shall willfully destroy, mutilate, alter, or by any other means or device falsify any such account, record, or memoranda, or who shall willfully neglect or fail to make full, true, and correct entries in such accounts, records, or memoranda of all facts and transactions appertaining to the business of the carrier, shall be deemed guilty of a misdemeanor, and shall be subject, upon conviction, to a fine of not less than $1,000 or more than $5,000 or imprisonment for a term of not less than one year nor more than three years, or both such fine and imprisonment: *Provided*, That the Commission may in its discretion issue orders specifying such operating, accounting, or financial papers, records, books, blanks, or documents which may, after a reasonable time, be destroyed, and prescribing the length of time such books, papers, or documents shall be preserved.

(f) Confidentiality of information

No member, officer, or employee of the Commission shall divulge any fact or information which may come to his knowledge during the course of examination of books or other accounts, as hereinbefore provided, except insofar as he may be directed by the Commission or by a court.

(g) Use of other forms; alterations in prescribed forms

After the Commission has prescribed the forms and manner of keeping of accounts, records, and memoranda to be kept by any person as herein provided, it shall be unlawful for such person to keep any other accounts, records, or memoranda than those so prescribed or such as may be approved by the Commission or to keep the accounts in any other manner than that prescribed or approved by the Commission. Notice of alterations by the Commission in the required manner or form of keeping accounts shall be given to such persons by the Commission at least six months before the same are to take effect.

---

[2] So in original. Probably should be "classes".

(h) Exemption; regulation by State commission

The Commission may classify carriers subject to this chapter and prescribe different requirements under this section for different classes of carriers, and may, if it deems such action consistent with the public interest, except the carriers of any particular class or classes in any State from any of the requirements under this section in cases where such carriers are subject to State commission regulation with respect to matters to which this section relates.

(i) Consultation with State commissions

The Commission, before prescribing any requirements as to accounts, records, or memoranda, shall notify each State commission having jurisdiction with respect to any carrier involved, and shall give reasonable opportunity to each such commission to present its views, and shall receive and consider such views and recommendations.

(j) Report to Congress on need for further legislation

The Commission shall investigate and report to Congress as to the need for legislation to define further or harmonize the powers of the Commission and of State commissions with respect to matters to which this section relates.

(June 19, 1934, ch. 652, title II, § 220, 48 Stat. 1078.)

§ 221. Consolidations and mergers of telephone companies

(a) Notification of State Governor and State commission; public hearing; certification

Upon application of one or more telephone companies for authority to consolidate their properties or a part thereof into a single company, or for authority for one or more such companies to acquire the whole or any part of the property of another telephone company or other telephone companies or the control thereof by the purchase of securities or by lease or in any other like manner, when such consolidated company would be subject to this chapter, the Commission shall give reasonable notice in writing to the governor of each of the States in which the physical property affected, or any part thereof, is situated, and to the State commission having jurisdiction over telephone companies, and to such other persons as it may deem advisable, and shall afford such parties a reasonable opportunity to submit comments on the proposal. A public hearing shall be held in all cases where a request therefor is made by a telephone company, an association of telephone companies, a State commission, or local governmental authority. If the Commission finds that the proposed consolidation, acquisition, or control will be of advantage to the persons to whom service is to be rendered and in the public interest, it shall certify to that effect; and thereupon any Act or Acts of Congress making the proposed transaction unlawful shall not apply. Nothing in this subsection shall be construed as in anywise limiting or restricting the powers of the several States to control and regulate telephone companies.

(b) State jurisdiction over services

Subject to the provisions of section 301 of this title, nothing in this chapter shall be construed to apply, or to give the Commission jurisdiction, with respect to charges, classifications, practices, services, facilities, or regulations for or in connection with wire, mobile, or point-to-point radio telephone exchange service, or any combination thereof, even though a portion of such exchange service constitutes interstate or foreign communication, in any case where such matters are subject to regulation by a State commission or by local governmental authority.

(c) Determination of property used in interstate toll service

For the purpose of administering this chapter as to carriers engaged in wire telephone communication, the Commission may classify the property of any such carrier used for wire telephone communication, and determine what property of said carrier shall be considered as used in interstate or foreign telephone toll service. Such classification shall be made after hearing, upon notice to the carrier, the State commission (or the Governor, if the State has no State commission) of any State in which the property of said carrier is located, and such other persons as the Commission may prescribe.

(d) Valuation of property

In making a valuation of the property of any wire telephone carrier the Commission, after making the classification authorized in this section, may in its discretion value only that part of the property of such carrier determined to be used in interstate or foreign telephone toll service.

(June 19, 1934, ch. 652, title II, § 221, 48 Stat. 1080; Apr. 27, 1954, ch. 175, § 4, 68 Stat. 64; Aug. 2, 1956, ch. 874, § 3, 70 Stat. 932.)

AMENDMENTS

1956—Subsec. (a). Act Aug. 2, 1956, inserted provisions relating to submission of comments by parties and required a public hearing upon request, in lieu of former provisions requiring hearing upon application.

1954—Subsec. (b). Act Apr. 27, 1954, included mobile or point-to-point radio telephone exchange service within exclusions provided for in such subsection, where it is subject to regulation by a State commission or by local governmental authority, and made it clear that the Commission retains its licensing authority over the radio stations that might be involved in such service.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 214 of this title.

§ 222. Competition among record carriers

(a) Definitions

For purposes of this section:

(1) The term "primary existing international record carrier" means any record carrier which (A) derives a majority of its revenues during any calendar year from the provision of international record communications services between points of entry into or exit from the United States and points outside the

United States; (B) is eligible, on December 29, 1981, to obtain record traffic from a record carrier in the United States for delivery outside the United States; and (C) is engaged in the direct provision of record communications services between the United States and four or more continents.

(2) The term "record carrier" means a common carrier engaged in the offering for hire of any record communications service, including service on interstate network facilities between two points located in the same State. Such term does not include any common carrier which derives a majority of its revenues during any calendar year from the provision of services other than record communications service.

(3) The term "record communications service" means those services traditionally offered by telegraph companies, such as telegraph, telegram, telegram exchange, and similar services involving an interconnected network of teletypewriters.

(b) Exercise of authorities by Commission

(1) The Commission shall, to the maximum extent feasible, promote the development of fully competitive domestic and international markets in the provision of record communications service, so that the public may obtain record communications service and facilities (including terminal equipment) the variety and price of which are governed by competition. In order to meet the purposes of this section, the Commission shall forbear from exercising its authority under this chapter as the development of competition among record carriers reduces the degree of regulation necessary to protect the public.

(2) In furtherance of the purposes of this section, record carriers shall not impose upon users of any regulated record communications services the costs of any other services or facilities (including terminal equipment), whether regulated or unregulated.

(c) Implementation by Commission; procedures applicable

(1)(A)(i) In implementing its responsibilities under section 201(a) of this title, the Commission shall require each record carrier to make available to any other record carrier, upon reasonable request, full interconnection with any facility operated by such record carrier, and used primarily to provide record communications service. Such facility shall be made available, through written agreement, upon terms and conditions which are just, fair, and reasonable, and which are otherwise consistent with the purposes of this section.

(ii)(I) Subject to the provisions of subclause (II), if a request for interconnection under clause (i) is for the purpose of providing international record communications service, then the agreement entered into under clause (i) shall require that the allocation of record communications service between points outside the United States and points of entry in the United States shall be based upon a pro rata share of record communications service between points of exit out of the United States and points outside the United States provided by the carrier making such request for interconnection.

(II) The requirement established in subclause (I) shall not apply in any case in which the customer requesting any record communications service between a point outside the United States and a point of entry in the United States has the option to specify the international record carrier which will provide such record communications service.

(B) The Commission shall require that—

(i) if any record carrier engages both in the offering for hire of domestic record communications services and in the offering for hire of international record communications services, then such record carrier shall be treated as a separate domestic record carrier and a separate international record carrier for purposes of administering interconnection requirements;

(ii) in any case in which such separate domestic record carrier furnishes interconnection to such separate international record carrier, any interconnection which such separate domestic record carrier furnishes to other international record carriers shall be (I) equal in type and quality; and (II) made available at the same rates and upon the same terms and conditions; and

(iii) in any case in which such separate international record carrier furnishes interconnection to such separate domestic record carrier, any interconnection which such separate international record carrier furnishes to other domestic record carriers shall be (I) equal in type and quality; and (II) made available at the same rates and upon the same terms and conditions.

The requirements of clauses (i), (ii), and (iii) shall not apply to a record carrier if such record carrier does not have a significant share of the market for record communications services.

(2) If any request made by a record carrier under paragraph (1)(A)(i) will require an agreement under which any record communications service or facility operated by one of the parties to such agreement will be used by any other party to such agreement, then such agreement shall establish a nondiscriminatory formula for the equitable allocation of revenues derived from such use between the parties to such agreement, except that each party to such agreement shall have the right to establish the total price charged by such party to the public for any such service which is originated by such party, consistent with the provisions of section 203 of this title. To the extent possible, and consistent with the provisions of paragraph (3)(B)(ii), the Commission shall require that such equitable allocation of revenues be based upon the costs of the record communications service or facility employed as a result of such agreement.

(3)(A) The Commission, as soon as practicable (but not later than fifteen days) after December 29, 1981, shall convene a meeting among all record carriers which the Commission determines would be parties to any agreement required by paragraph (1)(A)(i). Such meeting shall be held for the purpose of negotiating any such agreement. Representatives of the Commission shall attend such meeting for purposes of monitoring and presiding over such negotitions.[5]

(B)(i) In the case of any such required agreement, if—

(I) the record carrier subject to the interconnection requirement; and

(II) a majority of the primary existing international record carriers involved in the meeting convened by the Commission under subparagraph (A);

fail to enter into an agreement before the end of the forty-five-day period following the beginning of such meeting, then the Commission shall issue an interim or final order which establishes a just, fair, reasonable, and nondiscriminatory agreement which is consistent with the purposes of this section. Any such agreement established by the Commission shall be binding upon such parties.

(ii) Such interim or final order shall be issued not later than ninety days after the date on which the Commission convenes the meeting under subparagraph (A). In the case of any such required agreement, if—

(I) the record carrier subject to the interconnection requirement; and

(II) a majority of the primary existing international record carriers involved in the meeting convened by the Commission under subparagraph (A);

reach an agreement which complies with the requirements of this section, and such agreement is entered into before the issuance of such order by the Commission under this subparagraph, then such agreement of the parties shall take effect and the Commission shall not be required to issue any such order.

(C) Any record carrier which is not subject to the agreement entered into, or established by the Commission, under this paragraph may elect to be subject to the terms of such agreement upon furnishing written notice to the Commission and to all existing parties to such agreement. After a carrier makes such an election, the terms and arrangements established by the agreement shall apply to such carrier to the extent practicable, as determined by the Commission.

(4) The Commission shall have authority to vacate or modify any agreement entered into by any record carriers under this section if the Commission determines that (A) such agreement is not consistent with the purposes of this section; or (B) such agreement unjustly or unreasonably discriminates against any record carrier.

(5) If the Western Union Telegraph Company submits an application to the Commission for authority to provide international record communications service, the Commission shall not have any authority to take any final action with respect to such application until the end of the one hundred and twenty-day period following the date a written agreement is entered into between such Company and other record carriers under paragraph (3), or following the effective date of any interim or final order issued by the Commission under paragraph (3)(B) with respect to such carriers. The limitation upon Commission authority established in this paragraph shall expire at the end of the two hundred and ten-day period following December 29, 1981.

(d) Domestic and international market service

Subject to the provisions of subsection (c)(5) of this section, each record carrier may provide record communications service in the United States domestic market and in the international market. Any record carrier seeking to provide domestic record communications service may provide such service without submitting an application to the Commission under section 214 of this title unless the Commission requires such a submission. The Commission shall act expeditiously upon any application submitted pursuant to section 214 of this title.

(e) Termination of certain statutory oversight authorities of Commission

(1) At the end of the 36-month period following December 29, 1981, the provisions of subsection (c) of this section, other than paragraph (1)(B) of such subsection, shall cease to have any force or effect.

(2) The provisions of paragraph (1) shall not be construed to affect the obligation of any carrier to interconnect with any other carrier pursuant to this chapter.

(June 19, 1934, ch. 652, title II, § 222, as added Mar. 6, 1943, ch. 10, § 1, 57 Stat. 5, and amended July 12, 1960, Pub. L. 86-624, § 36, 74 Stat. 421; Nov. 30, 1974, Pub. L. 93-506, § 2, 88 Stat. 1577; Dec. 24, 1980, Pub. L. 96-590, 94 Stat. 3414; Dec. 29, 1981, Pub. L. 97-130, § 2, 95 Stat. 1687.)

AMENDMENTS

1981—Subsec. (a). Pub. L. 97-130 substituted provisions defining terms applicable to authorities respecting competition among record carriers, for provisions defining terms applicable to consolidations and mergers of telegraph carriers.

Subsec. (b). Pub. L. 97-130 substituted provisions relating to exercise of authorities by Commission, for provisions relating to authorization of consolidations and mergers, and acquisition of facilities.

Subsec. (c). Pub. L. 97-130 substituted provisions relating to implementation of responsibilities by Commission and procedures applicable to agreements among parties, for provisions relating to procedures applicable to consolidation or merger applications.

Subsec. (d). Pub. L. 97-130 substituted provisions relating to service for the domestic and international markets, for provisions relating to alien ownership of capital stock.

Subsec. (e). Pub. L. 97-130 substituted provisions relating to termination of statutory oversight authorities of Commission, for provisions relating to distribution of telegraph traffic among international carriers, and procedures applicable.

Subsec. (f). Pub. L. 97-130 struck out subsec. (f) which related to protection of rights of employees of carriers involved in consolidations or mergers, procedures applicable for enforcement of rights, and exemptions.

Subsec. (g). Pub. L. 97-130 struck out subsec. (g) which related to applicability of provisions to Hawaii.

1980—Subsec. (a)(10). Pub. L. 96-590, § 1, struck out ", except Hawaii" after "Union".

Subsec. (g). Pub. L. 96-590, § 2, added subsec. (g).

---

[5] So in original. Probably should be "negotiations."

1974—Subsec. (c)(1). Pub. L. 93-506 inserted reference to Secretary of Defense and struck out references to Secretary of the Army and Secretary of the Navy.

1960—Subsec. (a)(10). Pub. L. 86-624 substituted "the District of Columbia and the States of the Union, except Hawaii" for "the several States and the District of Columbia".

SHORT TITLE OF 1981 AMENDMENT

For short title of Pub. L. 97-130 as the Record Carrier Competition Act of 1981, see section 1 of Pub. L. 97-130, set out as a note under section 609 of this title.

OVERSIGHT OF DISTRIBUTION FORMULAS BY COMMISSION; TERMINATION OF AUTHORITIES

Section 3 of Pub. L. 97-130 provided that:

"(a) Subject to the provisions of subsection (b), the Federal Communications Commission shall exercise its authority under the Communications Act of 1934 [this chapter] to continue its oversight of the establishment of just and reasonable distribution formulas for unrouted outbound telegraph traffic and the allocation of revenues with respect to such traffic, consistent with the purposes of section 222 of the Communications Act of 1934, as amended in section 2 [this section].

"(b) The provisions of subsection (a) shall cease to have any force or effect at the end of the 1-year period beginning on the date of the enactment of this Act [Dec. 29, 1981]."

VALIDITY OF CONTRACTS ENTERED INTO PRIOR TO JUNE 23, 1981

Section 4 of Pub. L. 97-130 provided that: "The amendment made in section 2 [amending this section] shall not affect the validity of the terms of any otherwise lawful contract relating to the distribution of outbound international record traffic between any domestic record carrier and any international record carrier if such contract was entered into before June 23, 1981."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 214 of this title; title 26 section 46.

§ 223. Obscene or harassing telephone calls in the District of Columbia or in interstate or foreign communications

(a) Whoever—

(1) in the District of Columbia or in interstate or foreign communication by means of telephone—

(A) makes any comment, request, suggestion or proposal which is obscene, lewd, lascivious, filthy, or indecent;

(B) makes a telephone call, whether or not conversation ensues, without disclosing his identity and with intent to annoy, abuse, threaten, or harass any person at the called number;

(C) makes or causes the telephone of another repeatedly or continuously to ring, with intent to harass any person at the called number; or

(D) makes repeated telephone calls, during which conversation ensues, solely to harass any person at the called number; or

(2) knowingly permits any telephone facility under his control to be used for any purpose prohibited by this section,

shall be fined not more than $50,000 or imprisoned not more than six months, or both.

(b)(1) Whoever knowingly—

(A) in the District of Columbia or in interstate or foreign communication, by means of telephone, makes (directly or by recording device) any obscene communication for commercial purposes to any person, regardless of whether the maker of such communication placed the call; or

(B) permits any telephone facility under such person's control to be used for an activity prohibited by clause (i);

shall be fined in accordance with title 18, or imprisoned not more than two years, or both.

(2) Whoever knowingly—

(A) in the District of Columbia or in interstate or foreign communication, by means of telephone, makes (directly or by recording device) any indecent communication for commercial purposes to any person, regardless of whether the maker of such communication placed the call; or

(B) permits any telephone facility under such person's control to be used for an activity prohibited by clause (i),

shall be fined not more than $50,000 or imprisoned not more than six months, or both.

(June 19, 1934, ch. 652, title II, § 223, as added May 3, 1968, Pub. L. 90-299, § 1, 82 Stat. 112, and amended Dec. 8, 1983, Pub. L. 98-214, § 8[illegible], (b), 97 Stat. 1469, 1470; Apr. 28, 1988, Pub. L. 100-297, title VI, § 6101, 102 Stat. 424; Nov. 18, 1988, Pub. L. 100-690, title VII, § 7524, 102 Stat. 4502.)

AMENDMENTS

1988—Subsec. (b). Pub. L. 100-690 amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows:

"(1) Whoever knowingly—

"(A) in the District of Columbia or in interstate or foreign communication, by means of telephone, makes (directly or by recording device) any obscene or indecent communication for commercial purposes to any person, regardless of whether the maker of such communication placed the call; or

"(B) permits any telephone facility under such person's control to be used for an activity prohibited by subparagraph (A),

shall be fined not more than $50,000 or imprisoned not more than six months, or both.

"(2) In addition to the penalties under paragraph (1), whoever, in the District of Columbia or in interstate or foreign communication, intentionally violates paragraph (1)(A) or (1)(B) shall be subject to a fine of not more than $50,000 for each violation. For purposes of this paragraph, each day of violation shall constitute a separate violation.

"(3)(A) In addition to the penalties under paragraphs (1) and (2), whoever, in the District of Columbia or in interstate or foreign communication, violates paragraph (1)(A) or (1)(B) shall be subject to a civil fine of not more than $50,000 for each violation. For purposes of this paragraph, each day of violation shall constitute a separate violation.

"(B) A fine under this paragraph may be assessed either—

"(i) by a court, pursuant to a civil action by the Commission or any attorney employed by the Commission who is designated by the Commission for such purposes, or

"(ii) by the Commission after appropriate administrative proceedings.

"(4) The Attorney General may bring a suit in the appropriate district court of the United States to

BEST COPY AVAILABLE

enjoin any act or practice which violates paragraph (1)(A) or (1)(B). An injunction may be granted in accordance with the Federal Rules of Civil Procedure."

Pub. L. 100-297, in par. (1)(A), struck out "under eighteen years of age or to any other person without that person's consent" after "to any person", redesignated par. (3) as (2) and struck out former par. (2) which read as follows: "It is a defense to a prosecution under this subsection that the defendant restricted access to the prohibited communication to persons eighteen years of age or older in accordance with procedures which the Commission shall prescribe by regulation.", redesignated par. (4) as (3) and substituted "under paragraphs (1) and (2)" for "under paragraphs (1) and (3)", and redesignated par. (5) as (4).

1983—Subsec. (a). Pub. L. 98-214, § 8(a)(1), (2), designated existing provisions as subsec. (a) and substituted "$50,000" for "$500" in provisions after par. (2).

Subsec. (a)(2). Pub. L. 98-214, § 8(b), inserted "facility" after "telephone".

Subsec. (b). Pub. L. 98-214, § 8(a)(3), added subsec. (b).

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-297 effective July 1, 1988, see section 6303 of Pub. L. 100-297, set out as a note under section 2701 of Title 20, Education.

REGULATIONS; DISPOSITION OF COMPLAINTS PENDING ON DECEMBER 8, 1983

Section 8(c), (d) of Pub. L. 98-214 provided that:

"(c) The Federal Communications Commission shall issue regulations pursuant to section 223(b)(2) of the Communications Act of 1934 (as added by subsection (a) of this section) [subsec. (b)(2) of this section] not later than one hundred and eighty days after the date of the enactment of this Act [Dec. 8, 1983].

"(d) The Commission shall act on all complaints alleging violation of section 223 of the Communications Act of 1934 [this section] which are pending on the date of the enactment of this Act [Dec. 8, 1983] within ninety days of such date of enactment."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 153 of this title.

§ 224. Pole attachments

(a) Definitions

As used in this section:

(1) The term "utility" means any person whose rates or charges are regulated by the Federal Government or a State and who owns or controls poles, ducts, conduits, or rights-of-way used, in whole or in part, for wire communication. Such term does not include any railroad, any person who is cooperatively organized, or any person owned by the Federal Government or any State.

(2) The term "Federal Government" means the Government of the United States or any agency or instrumentality thereof.

(3) The term "State" means any State, territory, or possession of the United States, the District of Columbia, or any political subdivision, agency, or instrumentality thereof.

(4) The term "pole attachment" means any attachment by a cable television system to a pole, duct, conduit, or right-of-way owned or controlled by a utility.

(b) Authority of Commission to regulate rates, terms, and conditions; enforcement powers; promulgation of regulations

(1) Subject to the provisions of subsection (c) of this section, the Commission shall regulate the rates, terms, and conditions for pole attachments to provide that such rates, terms, and conditions are just and reasonable, and shall adopt procedures necessary and appropriate to hear and resolve complaints concerning such rates, terms, and conditions. For purposes of enforcing any determinations resulting from complaint procedures established pursuant to this subsection, the Commission shall take such action as it deems appropriate and necessary, including issuing cease and desist orders, as authorized by section 312(b) of this title.

(2) Within 180 days from February 21, 1978, the Commission shall prescribe by rule regulations to carry out the provisions of this section.

(c) State regulatory authority over rates, terms, and conditions; preemption; certification; circumstances constituting State regulation

(1) Nothing in this section shall be construed to apply to, or to give the Commission jurisdiction with respect to rates, terms, and conditions for pole attachments in any case where such matters are regulated by a State.

(2) Each State which regulates the rates, terms, and conditions for pole attachments shall certify to the Commission that—

(A) it regulates such rates, terms, and conditions; and

(B) in so regulating such rates, terms, and conditions, the State has the authority to consider and does consider the interests of the subscribers of cable television services, as well as the interests of the consumers of the utility services.

(3) For purposes of this subsection, a State shall not be considered to regulate the rates, terms, and conditions for pole attachments—

(A) unless the State has issued and made effective rules and regulations implementing the State's regulatory authority over pole attachments; and

(B) with respect to any individual matter, unless the State takes final action on a complaint regarding such matter—

(i) within 180 days after the complaint is filed with the State, or

(ii) within the applicable period prescribed for such final action in such rules and regulations of the State, if the prescribed period does not extend beyond 360 days after the filing of such complaint.

(d) Determination of just and reasonable rates; "usable space" defined

(1) For purposes of subsection (b) of this section, a rate is just and reasonable if it assures a utility the recovery of not less than the additional costs of providing pole attachments, nor more than an amount determined by multiplying the percentage of the total usable space, or the percentage of the total duct or conduit capacity, which is occupied by the pole attachment by the sum of the operating expenses and actual capital costs of the utility attributable to the entire pole, duct, conduit, or right-of-way.

(2) As used in this subsection, the term "usable space" means the space above the minimum grade level which can be used for the at-

8.[illegible]

tachment of wires, cables, and associated equipment.

(June 19, 1934, ch. 652, title II, § 224, as added Feb. 21, 1978, Pub. L. 95-234, § 6, 92 Stat. 35, and amended Sept. 13, 1982, Pub. L. 97-259, title I, § 106, 96 Stat. 1091; Oct. 30, 1984, Pub. L. 98-549, § 4, 98 Stat. 2801.)

Amendments

1984—Subsec. (c)(3). Pub. L. 98-549 added par. (3).

1982—Subsec. (e). Pub. L. 97-259 struck out subsec. (e) which provided that, upon expiration of 5-year period that began on Feb. 21, 1978, provisions of subsec. (d) of this section would cease to have any effect.

Effective Date of 1984 Amendment

Amendment by Pub. L. 98-549 effective 60 days after Oct. 30, 1984, except where otherwise expressly provided, see section 9(a) of Pub. L. 98-549, set out as a note under section 521 of this title.

Effective Date

Section effective on thirtieth day after Feb. 21, 1978, see section 7 of Pub. L. 95-234, set out as an Effective Date of 1978 Amendment note under section 152 of this title.

Section Referred to in Other Sections

This section is referred to in section 152 of this title.

SUBCHAPTER III—SPECIAL PROVISIONS RELATING TO RADIO

Subchapter Referred to in Other Sections

This subchapter is referred to in sections 503, 741, 753 of this title.

Part I—General Provisions

§ 301. License for radio communication or transmission of energy

It is the purpose of this chapter, among other things, to maintain the control of the United States over all the channels of radio transmission; and to provide for the use of such channels, but not the ownership thereof, by persons for limited periods of time, under licenses granted by Federal authority, and no such license shall be construed to create any right, beyond the terms, conditions, and periods of the license. No person shall use or operate any apparatus for the transmission of energy or communications or signals by radio (a) from one place in any State, Territory, or possession of the United States or in the District of Columbia to another place in the same State, Territory, possession, or District; or (b) from any State, Territory, or possession of the United States, or from the District of Columbia to any other State, Territory, or possession of the United States; or (c) from any place in any State, Territory, or possession of the United States, or in the District of Columbia, to any place in any place in any foreign country or to any vessel; or (d) within any State when the effects of such use extend beyond the borders of said State, or when interference is caused by such use or operation with the transmission of such energy, communications, or signals from within said State to any place beyond its borders, or from any place beyond its borders to any place within said State, or with the transmission or reception of such energy, communications, or signals from and/or to places beyond the borders of said State; or (e) upon any vessel or aircraft of the United States (except as provided in section 303(t) of this title); or (f) upon any other mobile stations within the jurisdiction of the United States, except under and in accordance with this chapter and with a license in that behalf granted under the provisions of this chapter.

(June 19, 1934, ch. 652, title III, § 301, 48 Stat. 1081; Sept. 13, 1982, Pub. L. 97-259, title I, §§ 107, 111(b), 96 Stat. 1091, 1093.)

References in Text

This chapter, referred to in text, was in the original "this Act", meaning act June 19, 1934, ch. 652, 48 Stat. 1064, as amended, known as the Communications Act of 1934, which is classified principally to this chapter. For complete classification of this Act to the Code, see section 609 of this title and Tables.

Amendments

1982—Pub. L. 97-259 struck out "interstate and foreign" after "channels of" in first sentence, substituted "State, Territory," for "Territory" after "from one place in any" and inserted "State," after "to another place in the same" in cl. (a), and inserted "(except as provided in section 303(t) of this title)" in cl. (e).

Section Referred to in Other Sections

This section is referred to in sections 152, 221, 303, 305, 306, 510 of this title.

§ 302. Repealed. June 5, 1936, ch. 511, § 1, 49 Stat. 1475

Section, act June 19, 1934, ch. 652, title III, § 302, 48 Stat. 1081, divided United States into five zones for purposes of this subchapter.

§ 302a. Devices which interfere with radio reception

(a) Regulations

The Commission may, consistent with the public interest, convenience, and necessity, make reasonable regulations (1) governing the interference potential of devices which in their operation are capable of emitting radio frequency energy by radiation, conduction, or other means in sufficient degree to cause harmful interference to radio communications; and (2) establishing minimum performance standards for home electronic equipment and systems to reduce their susceptibility to interference from radio frequency energy. Such regulations shall be applicable to the manufacture, import, sale, offer for sale, or shipment of such devices and home electronic equipment and systems, and to the use of such devices.

(b) Restrictions

No person shall manufacture, import, sell, offer for sale, or ship devices or home electronic equipment and systems, or use devices, which fail to comply with regulations promulgated pursuant to this section.

(c) Exceptions

The provisions of this section shall not be applicable to carriers transporting such devices without trading in them, to devices or home electronic equipment and systems manufac-

Study of Telecommunications and Information Goals

Pub. L. 97-259, title II, § 202, Sept. 13, 1982, 96 Stat. 1099, provided that:

"(a) The National Telecommunications and Information Administration shall conduct a comprehensive study of the long-range international telecommunications and information goals of the United States, the specific international telecommunications and information policies necessary to promote those goals and the strategies that will ensure that the United States achieves them. The Administration shall further conduct a review of the structures, procedures, and mechanisms which are utilized by the United States to develop international telecommunications and information policy.

"(b) In any study or review conducted pursuant to this section, the National Telecommunications and Information Administration shall not make public information regarding usage or traffic patterns which would damage United States commercial interests. Any such study or review shall be limited to international telecommunications policies or to domestic telecommunications issues which *directly* affect such policies."

Commission on Governmental Use of International Telecommunications

Act July 29, 1954, ch. 647, 68 Stat. 587, established the Commission on Governmental Use of International Telecommunications to examine, study and report on the objectives, operations, and effectiveness of information programs with respect to the prompt development of techniques, methods, and programs for greatly expanded and far more effective operations in this vital area of foreign policy through the use of foreign telecommunications. The Commission was required to make a report of its findings and recommendations on or before Dec. 31, 1954, and the Commission ceased to exist 90 days after submission of its report to the Congress.

Communication Privileges to Participants in World Telecommunication Conferences

Act May 13, 1947, ch. 51, 61 Stat. 83, provided that nothing in this chapter, or in any other provision of law should be construed to prohibit United States communication common carriers from rendering free communication services to official participants in the world telecommunications conferences which were held in the United States in 1947.

Executive Order No. 10460

Ex. Ord. No. 10460, eff. June 16, 1953, 18 F.R. 3513, as amended by Ex. Ord. No. 10773, eff. July 1, 1958, 23 F.R. 5061; Ex. Ord. No. 10782, eff. Sept. 6, 1958, 23 F.R. 6971, which related to the performance of telecommunication functions by Director of the Office of Civil and Defense Mobilization, was revoked by section 4 of Ex. Ord. No. 10995, eff. Feb. 16, 1962, 27 F.R. 1519.

Section Referred to in Other Sections

This section is referred to in sections 332, 607 of this title.

§ 152. Application of chapter

(a) The provisions of this chapter shall apply to all interstate and foreign communication by wire or radio and all interstate and foreign transmission of energy by radio, which originates and/or is received within the United States, and to all persons engaged within the United States in such communication or such transmission of energy by radio, and to the licensing and regulating of all radio stations as hereinafter provided; but it shall not apply to persons engaged in wire or radio communication or transmission in the Canal Zone, or to wire or radio communication or transmission wholly within the Canal Zone. The provisions of this chapter shall apply with respect to cable service, to all persons engaged within the United States in providing such service, and to the facilities of cable operators which relate to such service, as provided in subchapter V-A.

([illegible] Except as provided in section 224 of this title and subject to the provisions of section 301 of this title and subchapter V-A of this chapter, nothing in this chapter shall be construed to apply or to give the Commission jurisdiction with respect to (1) charges, classifications, practices, services, facilities, or regulations for or in connection with intrastate communication service by wire or radio of any carrier, or (2) any carrier engaged in interstate or foreign communication solely through physical connection with the facilities of another carrier not directly or indirectly controlling or controlled by, or under direct or indirect common control with such carrier, or (3) any carrier engaged in interstate or foreign communication solely through connection by radio, or by wire and radio, with facilities, located in an adjoining State or in Canada or Mexico (where they adjoin the State in which the carrier is doing business), of another carrier not directly or indirectly controlling or controlled by, or under direct or indirect common control with such carrier, or (4) any carrier to which clause (2) or clause (3) of this subsection would be applicable except for furnishing interstate mobile radio communication service or radio communication service to mobile stations on land vehicles in Canada or Mexico; except that sections 201 to 205 of this title shall, except as otherwise provided therein, apply to carriers described in clauses (2), (3), and (4) of this subsection.

(June 19, 1934, ch. 652, title I, § 2, 48 Stat. 1064; Proc. No. 2695, eff. July 4, 1946, 11 F.R. 7517, 60 Stat. 1352; Apr. 27, 1954, ch. 175, § 1, 68 Stat. 63; Feb. 21, 1978, Pub. L. 95-234, § 5, 92 Stat. 35; Oct. 30, 1984, Pub. L. 98-549, § 3(a), 98 Stat. 2801.)

References in Text

For definition of Canal Zone, referred to in subsec. (a), see section 3602(b) of Title 22, Foreign Relations and Intercourse.

Codification

Words, "the Philippine Islands or", were omitted from this section on authority of Proc. No. 2695, issued pursuant to section 1394 of Title 22, Foreign Relations and Intercourse, which recognized the independence of the Philippine Islands as of July 4, 1946. Proc. No. 2695 is set out under section 1394 of Title 22.

Amendments

1984—Subsec. (a). Pub. L. 98-549, § 3(a)(1), inserted provision making this chapter applicable with respect to cable service, to all persons engaged within the United States in providing such service, and to the facilities of cable operators which relate to such service, as provided in subchapter V-A of this chapter.

Subsec. (b). Pub. L. 98-549, § 3(a)(2), inserted "and subchapter V-A of this chapter" after "section 301 of this title".

1978—Subsec. (b). Pub. L. 95-234 substituted "Except as provided in section 224 of this title and subject" for "Subject".

1954—Subsec. (b). Act Apr. 27, 1954, made it clear that intrastate communication service, whether by "wire or radio", would not be subject to the Commission's jurisdiction over charges, classifications, etc., and added cls. (3) and (4).

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-549 effective 60 days after Oct. 30, 1984, except where otherwise expressly provided, see section 9(a) of Pub. L. 98-549, set out as a note under section 521 of this title.

EFFECTIVE DATE OF 1978 AMENDMENT

Section 7 of Pub. L. 95-234 provided that "The amendments made by this Act [enacting section 224 of this title, amending this section and sections 503 and 504 of this title, repealing sections 510 of this title, and enacting provisions set out as a note under section 609 of this title] shall take effect on the thirtieth day after the date of enactment of this Act [Feb. 21, 1978]; except that the provisions of sections 503(b) and 510 of the Communications Act of 1934 [sections 503(b) and 510 of this title], as in effect on such date of enactment, shall continue to constitute the applicable law with the respect to any act or omission which occurs prior to such thirtieth day."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 153 of this title.

§ 153. Definitions

For the purposes of this chapter, unless the context otherwise requires—

(a) "Wire communication" or "communication by wire" means the transmission of writing, signs, signals, pictures, and sounds of all kinds by aid of wire, cable, or other like connection between the points of origin and reception of such transmission, including all instrumentalities, facilities, apparatus, and services (among other things, the receipt, forwarding, and delivery of communications) incidental to such transmission.

(b) "Radio communication" or "communication by radio" means the transmission by radio of writing, signs, signals, pictures, and sounds of all kinds, including all instrumentalities, facilities, apparatus, and services (among other things, the receipt, forwarding, and delivery of communications) incidental to such transmission.

(c) "Licensee" means the holder of a radio station license granted or continued in force under authority of this chapter.

(d) "Transmission of energy by radio" or "radio transmission of energy" includes both such transmission and all instrumentalities, facilities, and services incidental to such transmission.

(e) "Interstate communication" or "interstate transmission" means communication or transmission (1) from any State, Territory, or possession of the United States (other than the Canal Zone), or the District of Columbia, to any other State, Territory, or possession of the United States (other than the Canal Zone), or the District of Columbia, (2) from or to the United States to or from the Canal Zone, insofar as such communication or transmission takes place within the United States, or (3) between points within the United States but through a foreign country; but shall not, with respect to the provisions of subchapter II of this chapter (other than section 223 of this title), include wire or radio communication between points in the same State, Territory, or possession of the United States, or the District of Columbia, through any place outside thereof, if such communication is regulated by a State commission.

(f) "Foreign communication" or "foreign transmission" means communication or transmission from or to any place in the United States to or from a foreign country, or between a station in the United States and a mobile station located outside the United States.

(g) "United States" means the several States and Territories, the District of Columbia, and the possessions of the United States, but does not include the Canal Zone.

(h) "Common carrier" or "carrier" means any person engaged as a common carrier for hire, in interstate or foreign communication by wire or radio or interstate or foreign radio transmission of energy, except where reference is made to common carriers not subject to this chapter; but a person engaged in radio broadcasting shall not, insofar as such person is so engaged, be deemed a common carrier.

(i) "Person" includes an individual, partnership, association, joint-stock company, trust, or corporation.

(j) "Corporation" includes any corporation, joint-stock company, or association.

(k) "Radio station" or "station" means a station equipped to engage in radio communication or radio transmission of energy.

(*l*) "Mobile station" means a radio-communication station capable of being moved and which ordinarily does move.

(m) "Land station" means a station, other than a mobile station, used for radio communication with mobile stations.

(n) "Mobile service" means a radio communication service carried on between mobile stations or receivers and land stations, and by mobile stations communicating among themselves, and includes both one-way and two-way radio communication services.

(o) "Broadcasting" means the dissemination of radio communications intended to be received by the public, directly or by the intermediary of relay stations.

(p) "Chain broadcasting" means simultaneous broadcasting of an identical program by two or more connected stations.

(q) "Amateur station" means a radio station operated by a duly authorized person interested in radio technique solely with a personal aim and without pecuniary interest.

(r) "Telephone exchange service" means service within a telephone exchange, or within a connected system of telephone exchanges within the same exchange area operated to furnish to subscribers intercommunicating service of the character ordinarily furnished by a single exchange, and which is covered by the exchange service charge.

(s) "Telephone toll service" means telephone service between stations in different exchange areas for which there is made a separate charge by the Commission at least six months before the same are to take effect.

(h) Exemption; regulation by State commission

The Commission may classify carriers subject to this chapter and prescribe different requirements under this section for different classes of carriers, and may, if it deems such action consistent with the public interest, except the carriers of any particular class or classes in any State from any of the requirements under this section in cases where such carriers are subject to State commission regulation with respect to matters to which this section relates.

(i) Consultation with State commissions

The Commission, before prescribing any requirements as to accounts, records, or memoranda, shall notify each State commission having jurisdiction with respect to any carrier involved, and shall give reasonable opportunity to each such commission to present its views, and shall receive and consider such views and recommendations.

(j) Report to Congress on need for further legislation

The Commission shall investigate and report to Congress as to the need for legislation to define further or harmonize the powers of the Commission and of State commissions with respect to matters to which this section relates.

(June 19, 1934, ch. 652, title II, § 220, 48 Stat. 1078.)

[redacted] Consolidations and mergers of telephone companies

(a) Notification of State Governor and State commission; public hearing; certification

Upon application of one or more telephone companies for authority to consolidate their properties or a part thereof into a single company, or for authority for one or more such companies to acquire the whole or any part of the property of another telephone company or other telephone companies or the control thereof by the purchase of securities or by lease or in any other like manner, when such consolidated company would be subject to this chapter, the Commission shall give reasonable notice in writing to the governor of each of the States in which the physical property affected, or any part thereof, is situated, and to the State commission having jurisdiction over telephone companies, and to such other persons as it may deem advisable, and shall afford such parties a reasonable opportunity to submit comments on the proposal. A public hearing shall be held in all cases where a request therefor is made by a telephone company, an association of telephone companies, a State commission, or local governmental authority. If the Commission finds that the proposed consolidation, acquisition, or control will be of advantage to the persons to whom service is to be rendered and in the public interest, it shall certify to that effect; and thereupon any Act or Acts of Congress making the proposed transaction unlawful shall not apply. Nothing in this subsection shall be construed as in anywise limiting or restricting the powers of the several States to control and regulate telephone companies.

[redacted] State jurisdiction over services

Subject to the provisions of section 301 of this title, nothing in this chapter shall be construed to apply, or to give the Commission jurisdiction, with respect to charges, classifications, practices, services, facilities, or regulations for or in connection with wire, mobile, or point-to-point radio telephone exchange service, or any combination thereof, even though a portion of such exchange service constitutes interstate or foreign communication, in any case where such matters are subject to regulation by a State commission or by local governmental authority.

(c) Determination of property used in interstate toll service

For the purpose of administering this chapter as to carriers engaged in wire telephone communication, the Commission may classify the property of any such carrier used for wire telephone communication, and determine what property of said carrier shall be considered as used in interstate or foreign telephone toll service. Such classification shall be made after hearing, upon notice to the carrier, the State commission (or the Governor, if the State has no State commission) of any State in which the property of said carrier is located, and such other persons as the Commission may prescribe.

(d) Valuation of property

In making a valuation of the property of any wire telephone carrier the Commission, after making the classification authorized in this section, may in its discretion value only that part of the property of such carrier determined to be used in interstate or foreign telephone toll service.

(June 19, 1934, ch. 652, title II, § 221, 48 Stat. 1080; Apr. 27, 1954, ch. 175, § 4, 68 Stat. 64; Aug. 2, 1956, ch. 874, § 3, 70 Stat. 932.)

AMENDMENTS

1956—Subsec. (a). Act Aug. 2, 1956, inserted provisions relating to submission of comments by parties and required a public hearing upon request, in lieu of former provisions requiring hearing upon application.

1954—Subsec. (b). Act Apr. 27, 1954, included mobile or point-to-point radio telephone exchange service within exclusions provided for in such subsection, where it is subject to regulation by a State commission or by local governmental authority, and made it clear that the Commission retains its licensing authority over the radio stations that might be involved in such service.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 214 of this title.

§ 222. Competition among record carriers

(a) Definitions

For purposes of this section:

(1) The term "primary existing international record carrier" means any record carrier which (A) derives a majority of its revenues during any calendar year from the provision of international record communications services between points of entry into or exit from the United States and points outside the

able basis such administrative support services as the Commission may request.

(h) Reports

The Commission shall transmit an annual report to the President and to each House of Congress as soon as practicable after the end of each fiscal year. Each report shall include a detailed statement of the activities and accomplishments of the Commission during the preceding fiscal year and any recommendations by the Commission for legislation and administrative actions.

(Pub. L. 99-83, title XIII, § 1303, Aug. 8, 1985, 99 Stat. 280.)

REFERENCES IN TEXT

The provisions of title 5 governing appointments in the competitive service, referred to in subsec. (g)(2), are classified generally to section 3301 et seq. of Title 5, Government Organization and Employees.

The General Schedule, referred to in subsec. (g)(2), (3), is set out under section 5332 of Title 5.

EFFECTIVE DATE

Section effective Oct. 1, 1985, see section 1301 of Pub. L. 99-83, set out as an Effective Date of 1985 Amendment note under section 2151-1 of Title 22, Foreign Relations and Intercourse.

SUBCHAPTER II—NATIONAL HISTORIC PRESERVATION

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in sections 19dd, 398f, 410nn-1, 410pp-5, 460uu-41, 1247 of this title; title 20 section 4424; title 42 section 5320; title 43 section 1457a; title 45 sections 1116, 1212.

[illegible]. Short title; Congressional finding and declaration of policy

(a) This subchapter may be cited as the "National Historic Preservation Act".

(b) The Congress finds and declares that—

(1) the spirit and direction of the Nation are founded upon and reflected in its historic heritage;

(2) the historical and cultural foundations of the Nation should be preserved as a living part of our community life and development in order to give a sense of orientation to the American people;

(3) historic properties significant to the Nation's heritage are being lost or substantially altered, often inadvertently, with increasing frequency;

(4) the preservation of this irreplaceable heritage is in the public interest so that its vital legacy of cultural, educational, aesthetic, inspirational, economic, and energy benefits will be maintained and enriched for future generations of Americans;

(5) in the face of ever-increasing extensions of urban centers, highways, and residential, commercial, and industrial developments, the present governmental and nongovernmental historic preservation programs and activities are inadequate to insure future generations a genuine opportunity to appreciate and enjoy the rich heritage of our Nation;

(6) the increased knowledge of our historic resources, the establishment of better means of identifying and administering them, and the encouragement of their preservation will improve the planning and execution of Federal and federally assisted projects and will assist economic growth and development; and

(7) although the major burdens of historic preservation have been borne and major efforts initiated by private agencies and individuals, and both should continue to play a vital role, it is nevertheless necessary and appropriate for the Federal Government to accelerate its historic preservation programs and activities, to give maximum encouragement to agencies and individuals undertaking preservation by private means, and to assist State and local governments and the National Trust for Historic Preservation in the United States to expand and accelerate their historic preservation programs and activities.

(Pub. L. 89-665, § 1, Oct. 15, 1966, 80 Stat. 915; Pub. L. 96-515, title I, § 101(a), Dec. 12, 1980, 94 Stat. 2987.)

AMENDMENTS

1980—Pub. L. 96-515 added subsec. (a), designated existing provision as subsec. (b), and in subsec. (b) as so designated, redesignated pars. (a) to (d) as (1), (2), (5), and (7), respectively, in par. (1) as so redesignated, substituted "heritage" for "past", and added pars. (3), (4), and (6).

SHORT TITLE OF 1980 AMENDMENT

Section 1 of Pub. L. 96-515 provided: "That this Act [enacting sections 469c-2, 470-1 470a-1, 470a-2, 470h-2, 470h-3, 470u, 470v and 470w to 470w-6 of this title, amending sections 470, 470a, 470b, 470c, 470d, 470h to 470j, 470*l*, 470m, and 470r to 470t of this title and enacting provisions set out as notes under sections 470a, 470j and 470h of this title and section 874 of Title 40, Public Buildings, Property, and Works] may be cited as the 'National Historic Preservation Act Amendments of 1980'."

EX. ORD. NO. 11593. PROTECTION AND ENHANCEMENT OF THE CULTURAL ENVIRONMENT

Ex. Ord. No. 11593, May 13, 1971, 36 F.R. 8921, provided:

By virtue of the authority vested in me as President of the United States and in furtherance of the purposes and policies of the National Environmental Policy Act of 1969 (83 Stat. 852, 42 U.S.C. 4321 et seq.), the National Historic Preservation Act of 1966 (80 Stat. 915, 16 U.S.C. 470 et seq.), the Historic Sites Act of 1935 (49 Stat. 666, 16 U.S.C. 461 et seq.), and the Antiquities Act of 1906 (34 Stat. 225, 16 U.S.C. 431 et seq.), it is ordered as follows:

SECTION 1. *Policy.* The Federal Government shall provide leadership in preserving, restoring and maintaining the historic and cultural environment of the Nation. Agencies of the executive branch of the Government (hereinafter referred to as "Federal agencies") shall (1) administer the cultural properties under their control in a spirit of stewardship and trusteeship for future generations, (2) initiate measures necessary to direct their policies, plans and programs in such a way that federally owned sites, structures, and objects of historical, architectural or archaeological significance are preserved, restored and maintained for the inspiration and benefit of the people, and (3), in consultation with the Advisory Council on Historic Preservation (16 U.S.C. 470i), institute procedures to assure that Federal plans and programs contribute to the preservation and enhancement of non-federally owned sites, structures and objects of historical, architectural or archaeological significance.

Sec. 2. *Responsibilities of Federal agencies.* Consonant with the provisions of the acts cited in the first paragraph of this order, the heads of Federal agencies shall:

(a) no later than July 1, 1973, with the advice of the Secretary of the Interior, and in cooperation with the liaison officer for historic preservation for the State or territory involved, locate, inventory, and nominate to the Secretary of the Interior all sites, buildings, districts, and objects under their jurisdiction or control that appear to qualify for listing on the National Register of Historic Places.

(b) exercise caution during the interim period until inventories and evaluations required by subsection (a) are completed to assure that any federally owned property that might qualify for nomination is not inadvertently transferred, sold, demolished or substantially altered. The agency head shall refer any questionable actions to the Secretary of the Interior for an opinion respecting the property's eligibility for inclusion on the National Register of Historic Places. The Secretary shall consult with the liaison officer for historic preservation for the State or territory involved in arriving at his opinion. Where, after a reasonable period in which to review and evaluate the property, the Secretary determines that the property is likely to meet the criteria prescribed for listing on the National Register of Historic Places, the Federal agency head shall reconsider the proposal in light of national environmental and preservation policy. Where, after such reconsideration, the Federal agency head proposes to transfer, sell, demolish or substantially alter the property he shall not act with respect to the property until the Advisory Council on Historic Preservation shall have been provided an opportunity to comment on the proposal.

(c) initiate measures to assure that where as a result of Federal action or assistance a property listed on the National Register of Historic Places is to be substantially altered or demolished, timely steps be taken to make or have made records, including measured drawings, photographs and maps, of the property, and that copy of such records then be deposited in the Library of Congress as part of the Historic American Buildings Survey or Historic American Engineering Record for future use and reference. Agencies may call on the Department of the Interior for advice and technical assistance in the completion of the above records.

(d) initiate measures and procedures to provide for the maintenance, through preservation, rehabilitation, or restoration, of federally owned and registered sites at professional standards prescribed by the Secretary of the Interior.

(e) submit procedures required pursuant to subsection (d) to the Secretary of the Interior and to the Advisory Council on Historic Preservation no later than January 1, 1972, and annually thereafter, for review and comment.

(f) cooperate with purchasers and transferees of a property listed on the National Register of Historic Places in the development of viable plans to use such property in a manner compatible with preservation objectives and which does not result in an unreasonable economic burden to public or private interests.

Sec. 3. *Responsibilities of the Secretary of the Interior.* The Secretary of the Interior shall:

(a) encourage State and local historic preservation officials to evaluate and survey federally owned historic properties and, where appropriate, to nominate such properties for listing on the National Register of Historic Places.

(b) develop criteria and procedures to be applied by Federal agencies in the reviews and nominations required by section 2(a). Such criteria and procedures shall be developed in consultation with the affected agencies.

(c) expedite action upon nominations to the National Register of Historic Places concerning federally owned properties proposed for sale, transfer, demolition or substantial alteration.

(d) encourage State and Territorial liaison officers for historic preservation to furnish information upon request to Federal agencies regarding their properties which have been evaluated with respect to historic, architectural or archaeological significance and which as a result of such evaluations have not been found suitable for listing on the National Register of Historic Places.

(e) develop and make available to Federal agencies and State and local governments information concerning professional methods and techniques for preserving, improving, restoring and maintaining historic properties.

(f) advise Federal agencies in the evaluation, identification, preservation, improvement, restoration and maintenance of historic properties.

(g) review and evaluate the plans of transferees of surplus Federal properties transferred for historic monument purposes to assure that the historic character of such properties is preserved in rehabilitation, restoration, improvement, maintenance and repair of such properties.

(h) review and comment upon Federal agency procedures submitted pursuant to section 2(e) of this order.

RICHARD NIXON.

§ 470-1. Declaration of policy of the Federal Government

It shall be the policy of the Federal Government, in cooperation with other nations and in partnership with the States, local governments, Indian tribes, and private organizations and individuals to—

(1) use measures, including financial and technical assistance, to foster conditions under which our modern society and our prehistoric and historic resources can exist in productive harmony and fulfill the social, economic, and other requirements of present and future generations;

(2) provide leadership in the preservation of the prehistoric and historic resources of the United States and of the international community of nations;

(3) administer federally owned, administered, or controlled prehistoric and historic resources in a spirit of stewardship for the inspiration and benefit of present and future generations;

(4) contribute to the preservation of nonfederally owned prehistoric and historic resources and give maximum encouragement to organizations and individuals undertaking preservation by private means;

(5) encourage the public and private preservation and utilization of all usable elements of the Nation's historic built environment; and

(6) assist State and local governments and the National Trust for Historic Preservation in the United States to expand and accelerate their historic preservation programs and activities.

(Pub. L. 89-665, § 2, as added Pub. L. 96-515, title I, § 101(a), Dec. 12, 1980, 94 Stat. 2988.)

§ 470a. Historic preservation program

(a) National Register of Historic Places; designation of properties as historic landmarks; properties deemed included; criteria; nomination of properties by States, local governments or individuals; regulations

(1)(A) The Secretary of the Interior is authorized to expand and maintain a National Register of Historic Places composed of districts sites, buildings, structures, and objects significant in American history, architecture, archeology, engineering, and culture.

(B) Properties meeting the criteria for National Historic Landmarks established pursuant to paragraph (2) shall be designated as "National Historic Landmarks" and included on the National Register, subject to the requirements of paragraph (6). All historic properties included on the National Register on December 12, 1980, shall be deemed to be included on the National Register as of their initial listing for purposes of this subchapter. All historic properties listed in the Federal Register of February 6, 1979, as "National Historic Landmarks" or thereafter prior to the effective date of this Act are declared by Congress to be National Historic Landmarks of national historic significance as of their initial listing as such in the Federal Register for purposes of this subchapter and sections 461 to 467 of this title; except that in cases of National Historic Landmark districts for which no boundaries have been established, boundaries must first be published in the Federal Register and submitted to the Committee on Energy and Natural Resources of the United States Senate and to the Committee on Interior and Insular Affairs of the United States House of Representatives.

(2) The Secretary in consultation with national historical and archaeological associations, shall establish or revise criteria for properties to be included on the National Register and criteria for National Historic Landmarks, and shall also promulgate or revise regulations as may be necessary for—

(A) nominating properties for inclusion in, and removal from, the National Register and the recommendation of properties by certified local governments;

(B) designating properties as National Historic Landmarks and removing such designation;

(C) considering appeals from such recommendations, nominations, removals, and designations (or any failure or refusal by a nominating authority to nominate or designate);

(D) nominating historic properties for inclusion in the World Heritage List in accordance with the terms of the Convention concerning the Protection of the World Cultural and Natural Heritage;

(E) making determinations of eligibility of properties for inclusion on the National Register; and

(F) notifying the owner of a property, any appropriate local governments, and the general public, when the property is being considered for inclusion on the National Register, for designation as a National Historic Landmark or for nomination to the World Heritage List.

(3) Subject to the requirements of paragraph (6), any State which is carrying out a program approved under subsection (b) of this section, shall nominate to the Secretary properties which meet the criteria promulgated under subsection (a) of this section for inclusion on the National Register. Subject to paragraph (6), and any property nominated under this paragraph or under section 470h-2(a)(2) of this title shall be included on the National Register on the date forty-five days after receipt by the Secretary of the nomination and the necessary documentation, unless the Secretary disapproves such nomination within such forty-five day period or unless an appeal is filed under paragraph (5).

(4) Subject to the requirements of paragraph (6) the Secretary may accept a nomination directly from any person or local government for inclusion of a property on the National Register only if such property is located in a State where there is no program approved under subsection (b) of this section. The Secretary may include on the National Register any property for which such a nomination is made if he determines that such property is eligible in accordance with the regulations promulgated under paragraph (2). Such determination shall be made within ninety days from the date of the nomination unless the nomination is appealed under paragraph (5).

(5) Any person or local government may appeal to the Secretary a nomination of any historic property for inclusion on the National Register and may appeal to the Secretary the failure or refusal of a nominating authority to nominate a property in accordance with this subsection.

(6) The Secretary shall promulgate regulations requiring that before any property or district may be included on the National Register or designated as a National Historic Landmark, the owner or owners of such property, or a majority of the owners of the properties within the district in the case of an historic district, shall be given the opportunity (including a reasonable period of time) to concur in, or object to, the nomination of the property or district for such inclusion or designation. If the owner or owners of any privately owned property, or a majority of the owners of such properties within the district in the case of an historic district, object to such inclusion or designation, such property shall not be included on the National Register or designated as a National Historic Landmark until such objection is withdrawn. The Secretary shall review the nomination of the property or district where any such objection has been made and shall determine whether or not the property or district is eligible for such inclusion or designation, and if the Secretary determines that such property or district is eligible for such inclusion or designation, he shall inform the Advisory Council on Historic Preservation, the appropriate State Historic Preservation Officer, the appropriate chief elected local official and the owner or owners of such property, of his determination. The regulations under this paragraph shall include provisions to carry out the purposes of

this paragraph in the case of multiple ownership of a single property.

(7) The Secretary shall promulgate, or revise, regulations—

(A) ensuring that significant prehistoric and historic artifacts, and associated records, subject to section 470h-2 of this title, the Act of June 27, 1960 (16 U.S.C. 469c) [16 U.S.C. 469 et seq.], and the Archaeological Resources Protection Act of 1979 (16 U.S.C. 470aa and following) are deposited in an institution with adequate long-term curatorial capabilities;

(B) establishing a uniform process and standards for documenting historic properties by public agencies and private parties for purposes of incorporation into, or complementing, the national historical architectural and engineering records within the Library of Congress; and

(C) certifying local governments, in accordance with subsection (c)(1) of this section and for the allocation of funds pursuant to section 470c(c) of this title.

(b) Regulations for State Historic Preservation Programs; periodic evaluations and fiscal audits of State programs; administration of State programs; contracts and cooperative agreements with nonprofit or educational institutions; treatment of State programs as approved programs

(1) The Secretary, in consultation with the National Conference of State Historic Preservation Officers and the National Trust for Historic Preservation, shall promulgate or revise regulations for State Historic Preservation Programs. Such regulations shall provide that a State program submitted to the Secretary under this section shall be approved by the Secretary if he determines that the program—

(A) provides for the designation and appointment by the Governor of a "State Historic Preservation Officer" to administer such program in accordance with paragraph (3) and for the employment or appointment by such officer of such professionally qualified staff as may be necessary for such purposes;

(B) provides for an adequate and qualified State historic preservation review board designated by the State Historic Preservation Officer unless otherwise provided for by State law; and

(C) provides for adequate public participation in the State Historic Preservation Program, including the process of recommending properties for nomination to the National Register.

(2) Periodically, but not less than every four years after the approval of any State program under this subsection, the Secretary shall evaluate such program to make a determination as to whether or not it is in compliance with the requirements of this subchapter. If at any time, the Secretary determines that a State program does not comply with such requirements, he shall disapprove such program, and suspend in whole or in part assistance to such State under subsection (d)(1) of this section, unless there are adequate assurances that the program will comply with such requirements within a reasonable period of time. The Secretary may also conduct periodic fiscal audits of State programs approved under this section.

(3) It shall be the responsibility of the State Historic Preservation Officer to administer the State Historic Preservation Program and to—

(A) in cooperation with Federal and State agencies, local governments, and private organizations and individuals, direct and conduct a comprehensive statewide survey of historic properties and maintain inventories of such properties;

(B) identify and nominate eligible properties to the National Register and otherwise administer applications for listing historic properties on the National Register;

(C) prepare and implement a comprehensive statewide historic preservation plan;

(D) administer the State program of Federal assistance for historic preservation within the State;

(E) advise and assist, as appropriate, Federal and State agencies and local governments in carrying out their historic preservation responsibilities;

(F) cooperate with the Secretary, the Advisory Council on Historic Preservation, and other Federal and State agencies local governments, and organizations and individuals to ensure that historic properties are taken into consideration at all levels of planning and development;

(G) provide public information, education, and training and technical assistance relating to the Federal and State Historic Preservation Programs; and

(H) cooperate with local governments in the development of local historic preservation programs and assist local governments in becoming certified pursuant to subsection (c) of this section.

(4) Any State may carry out all or any part of its responsibilities under this subsection by contract or cooperative agreement with any qualified nonprofit organization or educational institution.

(5) Any State historic preservation program in effect under prior authority of law may be treated as an approved program for purposes of this subsection until the earlier of—

(A) the date on which the Secretary approves a program submitted by the State under this subsection, or

(B) three years after December 12, 1980.

(c) Certification of local governments by State Historic Preservation Officer; transfer of portion of grants; certification by Secretary; nomination of properties by local governments for inclusion on National Register

(1) Any State program approved under this section shall provide a mechanism for the certification by the State Historic Preservation Officer of local governments to carry out the purposes of this subchapter and provide for the transfer, in accordance with section 470c(c) of this title, of a portion of the grants received by the States under this subchapter, to such local governments. Any local government shall be certified to participate under the provisions of this section if the applicable State Historic

Preservation Officer, and the Secretary, certifies that the local government—

(A) enforces appropriate State or local legislation for the designation and protection of historic properties;

(B) has established an adequate and qualified historic preservation review commission by State or local legislation;

(C) maintains a system for the survey and inventory of historic properties that furthers the purposes of subsection (b) of this section;

(D) provides for adequate public participation in the local historic preservation program, including the process of recommending properties for nomination to the National Register; and

(E) satisfactorily performs the responsibilities delegated to it under this subchapter.

Where there is no approved State program, a local government may be certified by the Secretary if he determines that such local government meets the requirements of subparagraphs (A) through (E); and in any such case the Secretary may make grants-in-aid to the local government for purposes of this section.

(2)(A) Before a property within the jurisdiction of the certified local government may be considered by the State to be nominated to the Secretary for inclusion on the National Register, the State Historic Preservation Officer shall notify the owner, the applicable chief local elected official, and the local historic preservation commission. The commission, after reasonable opportunity for public comment, shall prepare a report as to whether or not such property, in its opinion, meets the criteria of the National Register. Within sixty days of notice from the State Historic Preservation Officer, the chief local elected official shall transmit the report of the commission and his recommendation to the State Historic Preservation Officer. Except as provided in subparagraph (B), after receipt of such report and recommendation, or if no such report and recommendation are received within sixty days, the State shall make the nomination pursuant to subsection (a) of this section. The State may expedite such process with the concurrence of the certified local government.

(B) If both the commission and the chief local elected official recommend that a property not be nominated to the National Register, the State Historic Preservation Officer shall take no further action, unless within thirty days of the receipt of such recommendation by the State Historic Preservation Officer an appeal is filed with the State. If such an appeal is filed, the State shall follow the procedures for making a nomination pursuant to subsection (a) of this section. Any report and recommendations made under this section shall be included with any nomination submitted by the State to the Secretary.

(3) Any local government certified under this section or which is making efforts to become so certified shall be eligible for funds under the provisions of section 470c(c) of this title, and shall carry out any responsibilities delegated to it in accordance with such terms and conditions as the Secretary deems necessary or advisable.

(d) Matching grants-in-aid to States for programs and projects; matching grant-in-aid to National Trust for Historic Preservation in the United States; program of direct grants for preservation of properties included on National Register; grants or loans to Indian tribes and ethnic or minority groups for preservation of cultural heritage

(1) The Secretary shall administer a program of matching grants-in-aid to the States for historic preservation projects, and State historic preservation programs, approved by the Secretary and having as their purpose the identification of historic properties and the preservation of properties included on the National Register.

(2) The Secretary shall administer a program of matching grant-in-aid to the National Trust for Historic Preservation in the United States, chartered by sections 468 to 468e of this title, for the purposes of carrying out the responsibilities of the National Trust.

(3)(A) In addition to the programs under paragraphs (1) and (2), the Secretary shall administer a program of direct grants for the preservation of properties included on the National Register. Funds to support such program annually shall not exceed 10 per centum of the amount appropriated annually for the fund established under section 470h of this title. These grants may be made by the Secretary, in consultation with the appropriate State Historic Preservation Officer—

(i) for the preservation of National Historic Landmarks which are threatened with demolition or impairment and for the preservation of historic properties of World Heritage significance,

(ii) for demonstration projects which will provide information concerning professional methods and techniques having application to historic properties,

(iii) for the training and development of skilled labor in trades and crafts, and in analysis and curation, relating to historic preservation;[1] and

(iv) to assist persons or small businesses within any historic district included in the National Register to remain within the district.

(B) The Secretary may also, in consultation with the appropriate State Historic preservation Officer, make grants or loans or both under this section to Indian tribes and to nonprofit organizations representing ethnic or minority groups for the preservation of their cultural heritage.

(C) Grants may be made under subparagraph (A)(i) and (iv) only to the extent that the project cannot be carried out in as effective a manner through the use of an insured loan under section 470d of this title.

(e) Prohibition of use of funds for compensation of intervenors in preservation program

No part of any grant made under this section may be used to compensate any person intervening in any proceeding under this subchapter.

---

[1] So in original. The semicolon probably should be a comma.

(f) Guidelines for Federal agency responsibility for agency-owned historic properties

In consultation with the Advisory Council on Historic Preservation, the Secretary shall promulgate guidelines for Federal agency responsibilities under section 470h-2 of this title.

(g) Professional standards for preservation of federally owned or controlled historic properties

Within one year after December 12, 1980, the Secretary shall establish, in consultation with the Secretaries of Agriculture and Defense, the Smithsonian Institution, and the Administrator of the General Services Administration, professional standards for the preservation of historic properties in Federal ownership or control.

(h) Dissemination of information concerning professional methods and techniques for preservation of historic properties

The Secretary shall develop and make available to Federal agencies, State and local governments, private organizations and individuals, and other nations and international organizations pursuant to the World Heritage Convention, training in, and information concerning, professional methods and techniques for the preservation of historic properties and for the administration of the historic preservation program at the Federal, State, and local level. The Secretary shall also develop mechanisms to provide information concerning historic preservation to the general public including students.

L. 96-95, Oct. 31, 1979, 93 Stat. 721, as amended, which is classified generally to chapter 1B (§ 470aa et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 470aa of this title and Tables.

Section 468e of this title, referred to in subsec. (d)(2), was repealed by Pub. L. 86-533, § 1(19), June 29, 1960, 74 Stat. 248.

Amendments

1980—Subsec. (a). Pub. L. 96-515 substituted provision designating certain properties as National Historical Landmarks, providing for establishment by the Secretary of Interior of criteria for inclusion on or removal from the National Register, designation of properties as National Historical Landmarks and removal of such designation, and nomination of properties for inclusion in the World Heritage List, authorizing any State, local government, or person to nominate properties for inclusion on the National Register and to appeal a nomination or refusal to nominate, requiring that before property be included on the National Register or designated as a National Historic Landmark, the owner or owners of the property be given an opportunity to concur in, or object to, its inclusion, and authorizing the Secretary to promulgate regulations to ensure that significant prehistoric and historic artifacts and records receive proper treatment, to establish standards for documenting historic properties for incorporation in the national historical, architectural, and engineering records within the Library of Congress, and to certify local governments for allocation of funds, for provision authorizing the Secretary to grant funds to States for preparing comprehensive statewide historic surveys and plans for preservation and acquisition of historic properties, to establish programs of matching grants-in-aid to States for the purpose of historical preservation and to the National Trust for Historic Preservation in the United States for the purpose of carrying out the responsibilities of the National Trust, and to withhold from disclosure to the public, information relating to the location of sites or objects listed on the National Register whenever he determines that disclosure of specific information would create a risk of destruction or harm to such sites or objects.

Pub. L. 96-205, § 608(a)(1), in par. (2) struck out "and" after "culture;", and in par. (3) substituted "Trust; and" for "Trust.".

Subsec. (b). Pub. L. 96-515 substituted provision authorizing the establishment of State Historic Preservation Programs, providing for periodic evaluation of these programs and periodic fiscal audits, prescribing the responsibilities of the State Historic Preservation Officer, and designating the period within which prior State historic preservation programs are to remain in effect for provision defining the terms "State", "project", "historic preservation", and "Secretary".

Pub. L. 96-205, § 608(a)(2), inserted reference to the Commonwealth of the Northern Mariana Islands.

Subsecs. (c) to (h). Pub. L. 96-515 added subsecs. (c) to (h).

1976—Subsec. (a)(4). Pub. L. 91-383, § 11, as added Pub. L. 94-458, § 2, added par. (4).

1973—Subsec. (b)(1). Pub. L. 93-54 defined "State" to include the Trust Territory of the Pacific Islands.

Preservation and Conservation of Intangible Aspects of American Cultural Heritage; Report to President and Congress

Section 502 of Pub. L. 96-515 directed the Secretary, in cooperation with the American Folklife Center of the Library of Congress to submit within two years after Dec. 12, 1980, a report to the President and the Congress on preserving and conserving the intangible elements of our cultural heritage such as arts, skills, folklife, and folkways, the report to take into account the view of other public and private organizations, as appropriate, and to include recommendations for legislative and administrative actions by the Federal Government in order to preserve, conserve, and encourage the continuation of the diverse traditional prehistoric, historic, ethnic, and folk cultural traditions that underlie and are a living expression of our American heritage.

Coordinated System of Cultural Parks and Historic Conservation Districts; Comprehensive Study and Formulation of Recommendations; Report to President and Congress

Section 506 of Pub. L. 96-515 directed the Secretary to undertake a comprehensive study and formulate recommendations for a coordinated system of cultural parks and historic conservation districts that provide for the preservation, interpretation, development, and use by public and private entities of the prehistoric, historic, architectural, cultural, and recreational resources found in definable urban areas throughout the Nation; the study to propose alternatives concerning the management and funding of such system by public and private entities and by various levels of government; and the Secretary to submit a report of his study and recommendations to the President and the Congress within two years after Dec. 12, 1980.

Fire in Historic Properties; Protective Measures; Report to President and Congress

Section 507 of Pub. L. 96-515 directed the Secretary, in cooperation with the Secretary of the Treasury, the Administrator of the United States Fire Administration, and the Administrator of the Federal Insurance Administration, to submit a report to the President and the Congress on fire in historic properties, such report to include a review of Federal laws to determine any relationship between these laws and arson or fire by 'suspicious origin', to make recommendations respecting amendments to such laws should a correlation be found to exist, to include the feasibility and necessity of establishing or developing protective measures at the Federal, State, or local level for the prevention, detection, and control of arson or fire by 'suspicious origin' in historic properties, to include recommendations regarding the Federal role in assisting the States and local governments with protecting historic properties from damage by fire, and to be submitted within eighteen months after Dec. 12, 1980.

Section Referred to in Other Sections

This section is referred to in sections 398f, 410cc-22, 410cc-32, 470b, 470c, 470d, 470h-1, 470h-2, 470w of this title; title 40 section 612a; title 43 section 2102.

§ 470a-1. World Heritage Convention

(a) United States participation

The Secretary of the Interior shall direct and coordinate United States participation in the Convention Concerning the Protection of the World Cultural and Natural Heritage, approved by the Senate on October 26, 1973, in cooperation with the Secretary of State, the Smithsonian Institution, and the Advisory Council on Historic Preservation. Whenever possible, expenditures incurred in carrying out activities in cooperation with other nations and international organizations shall be paid for in such excess currency of the country or area where the expense is incurred as may be available to the United States.

(b) Nomination of property to World Heritage Committee

The Secretary of the Interior shall periodically nominate properties he determines are of international significance to the World Heritage Committee on behalf of the United States. No property may be so nominated unless it has previously been determined to be of national significance. Each such nomination shall include evidence of such legal protections as may be necessary to ensure preservation of the property and its environment (including restrictive covenants, easements, or other forms of protection). Before making any such nomination, the Secretary shall notify the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate.

(c) Nomination of non-Federal property to World Heritage Committee

No non-Federal property may be nominated by the Secretary of the Interior to the World Heritage Committee for inclusion on the World Heritage List unless the owner of the property concurs in writing to such nomination.

(Pub. L. 96-515, title IV, § 401, Dec. 12, 1980, 94 Stat. 3000.)

Codification

Section was enacted as part of the National Historic Preservation Act Amendments of 1980, and not as part of the National Historic Preservation Act, Pub. L. 89-665, which is classified generally to this subchapter.

§ 470a-2. Federal undertakings outside United States; mitigation of adverse effects

Prior to the approval of any Federal undertaking outside the United States which may directly and adversely affect a property which is on the World Heritage List or on the applicable country's equivalent of the National Register, the head of a Federal agency having direct or indirect jurisdiction over such undertaking shall take into account the effect of the undertaking on such property for purposes of avoiding or mitigating any adverse effects.

(Pub. L. 96-515, title IV, § 402, Dec. 12, 1980, 94 Stat. 3000.)

Codification

Section was enacted as part of the National Historic Preservation Act Amendments of 1980, and not as part of the National Historic Preservation Act, Pub. L. 89-665, which is classified generally to this subchapter.

§ 470b. Requirements for awarding of grant funds

(a) Grant applications; amounts; reports; conditions

No grant may be made under this subchapter—

(1) unless application therefor is submitted to the Secretary in accordance with regulations and procedures prescribed by him;

(2) unless the application is in accordance with the comprehensive statewide historic preservation plan which has been approved by the Secretary after considering its relationship to the comprehensive statewide outdoor recreation plan prepared pursuant to the Land and Water Conservation Fund Act of 1965 (78 Stat. 897) [16 U.S.C. 460*l*-4 of this title];

(3) for more than 50 per centum of the aggregate cost of carrying out projects and programs specified in section 470a(d)(1) and (2) of this title in any one fiscal year, except that for the costs of State or local historic surveys or inventories the Secretary shall provide 70 per centum of the aggregate cost involved in any one fiscal year.

(4) unless the grantee has agreed to make such reports, in such form and containing such information as the Secretary may from time to time require;

(5) unless the grantee has agreed to assume, after completion of the project, the total cost

of the continued maintenance, repair, and administration of the property in a manner satisfactory to the Secretary; and

(6) until the grantee has complied with such further terms and conditions as the Secretary may deem necessary or advisable.

Except as permitted by other law, the State share of the costs referred to in paragraph (3) shall be contributed by non-Federal sources. Notwithstanding any other provision of law, no grant made pursuant to this subchapter shall be treated as taxable income for purposes of title 26.

(b) Waiver

The Secretary may in his discretion waive the requirements of subsection (a), paragraphs (2) and (5) of this section for any grant under this subchapter to the National Trust for Historic Preservation in the United States, in which case a grant to the National Trust may include funds for the maintenance, repair, and administration of the property in a manner satisfactory to the Secretary.

(c) Repealed. Pub. L. 96–515, title II, § 202(c), Dec. 12, 1980, 94 Stat. 2993

(d) Remaining cost of project

No State shall be permitted to utilize the value of real property obtained before October 15, 1966, in meeting the remaining cost of a project for which a grant is made under this subchapter.

(Pub. L. 89-665, title I, § 102, Oct. 15, 1966, 80 Stat. 916; Pub. L. 94-422, title II, § 201(1), Sept. 28, 1976, 90 Stat. 1319; Pub. L. 96-515, title IV, § 202, Dec. 12, 1980, 94 Stat. 2993; Pub. L. 99-514, § 2, Oct. 22, 1986, 100 Stat. 2095.)

REFERENCES IN TEXT

The Land and Water Conservation Fund Act of 1965, referred to in subsec. (a)(2), is Pub. L. 88-578, Sept. 3, 1964, 78 Stat. 897, as amended, which is classified generally to part B (§ 460*l*-4 et seq.) of subchapter LXIX of chapter 1 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 460*l*-4 of this title and Tables.

AMENDMENTS

1986—Subsec. (a). Pub. L. 99-514 substituted "Internal Revenue Code of 1986" for "Internal Revenue Code of 1954", which for purposes of codification was translated as "title 26" thus requiring no change in text.

1980—Subsec. (a). Pub. L. 96-515, § 202(a), (b), in par. (3) substituted provision directing that no grant be made for more than 50 per centum of the aggregate cost of carrying out projects and programs specified in section 470a(d)(1) and (2) of this title in any one fiscal year, except that for costs of State or local historic surveys or inventories the Secretary provide 70 per centum of the aggregate cost involved in any one fiscal year for provision directing that no grant be made for more than 50 per centum of the total cost involved, as determined by the Secretary, which determination was to be final, and inserted provision following cl. (6), that, except as otherwise permitted, the State share of the costs referred to in par. (3) be contributed by non-Federal sources and no grant made be treated as taxable income.

Subsec. (c). Pub. L. 96-515, § 202(c), struck out subsec. (c) which authorized the Secretary in his discretion to waive the requirements of subsec. (a)(3) of this section for the purposes of making grants for the preparation of statewide historic preservation plans and surveys and project plans and restricted any grant made pursuant to this subsection to not to exceed 70 per centum of the cost of the project, with the total cost of grants made pursuant to this subsection in any fiscal year not to exceed one-half of the funds appropriated for that fiscal year pursuant to section 470h of this title.

1976—Pub. L. 94-422 reenacted subsecs. (a) and (b) without change, added subsec. (c), and redesignated former subsec. (c) as (d).

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 470h-1 of this title.

§ 470b–1. Grants to National Trust for Historic Preservation

(a) Authority of Secretary of Housing and Urban Development; renovation or restoration costs; terms and conditions; amounts

The Secretary of Housing and Urban Development is authorized to make grants to the National Trust for Historic Preservation, on such terms and conditions and in such amounts (not exceeding $90,000 with respect to any one structure) as he deems appropriate, to cover the costs incurred by such Trust in renovating or restoring structures which it considers to be of historic or architectural value and which it has accepted and will maintain (after such renovation or restoration) for historic purposes.

(b) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary for the grants to be made under subsection (a) of this section.

(Pub. L. 89-754, title VI, § 603, Nov. 3, 1966, 80 Stat. 1278.)

CODIFICATION

Section was enacted as part of the Demonstration Cities and Metropolitan Development Act of 1966, and not as part of the National Historic Preservation Act, Pub. L. 89-665, which is classified generally to this subchapter.

§ 470c. Apportionment of grant funds

(a) Basis for apportionment

The amounts appropriated and made available for grants to the States for comprehensive statewide historic surveys and plans under this subchapter shall be apportioned among the States by the Secretary on the basis of needs as determined by him.

(b) Basis; notification to State; reapportionment

The amounts appropriated and made available for grants to the States for projects and programs under this subchapter for each fiscal year shall be apportioned among the States by the Secretary in accordance with needs as disclosed in approved statewide historic preservation plans.

The Secretary shall notify each State of its apportionment under this subsection within thirty days following the date of enactment of legislation appropriating funds under this subchapter. Any amount of any apportionment that has not been paid or obligated by the Secretary during the fiscal year in which such notification is given, and for two fiscal years thereafter, shall be reapportioned by the Secretary in accordance with this subsection.

(c) Transfer of funds to local governments

A minimum of 10 per centum of the annual apportionment distributed by the Secretary to each State for the purposes of carrying out this subchapter shall be transferred by the State, pursuant to the requirements of this subchapter, to local governments which are certified under section 470a(c) of this title for historic preservation projects or programs of such local governments. In any year in which the total annual apportionment to the States exceeds $65,000,000, one half of the excess shall also be transferred by the States to local governments certified pursuant to section 470a(c) of this title.

(d) Guidelines for use and distribution of funds to local governments

The Secretary shall establish guidelines for the use and distribution of funds under subsection (c) of this section to insure that no local government receives a disproportionate share of the funds available, and may include a maximum or minimum limitation on the amount of funds distributed to any single local government. The guidelines shall not limit the ability of any State to distribute more than 10 per centum of its annual apportionment under subsection (c) of this section, nor shall the Secretary require any State to exceed the 10 per centum minimum distribution to local governments.

(Pub. L. 89-665, title I, § 103, Oct. 15, 1966, 80 Stat. 916; Pub. L. 94-422, title II, § 201(2), Sept. 28, 1976, 90 Stat. 1319; Pub. L. 96-515, title II, § 203, Dec. 12, 1980, 94 Stat. 2993.)

AMENDMENTS

1980—Subsec. (b). Pub. L. 96-515, § 203(a), inserted "and programs" after "projects" and substituted provision directing the Secretary to notify each State of its apportionment under this subsection within thirty days following enactment of legislation appropriating funds for provision directing the Secretary to notify each State of its apportionment, with the amounts available thereafter for payment to such State.

Subsecs. (c), (d). Pub. L. 96-515, § 203(b), added subsecs. (c) and (d).

1976—Subsec. (a). Pub. L. 94-422 struck out proviso that amount granted to any one State shall not exceed 50 per centum of total cost of comprehensive statewide historic survey and plan for that State, as determined by Secretary.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 470a of this title.

§ 470d. Loan insurance program for preservation of property included on National Register

(a) Establishment

The Secretary shall establish and maintain a program by which he may, upon application of a private lender, insure loans (including loans made in accordance with a mortgage) made by such lender to finance any project for the preservation of a property included on the National Register.

(b) Loan qualifications

A loan may be insured under this section only if—

(1) the loan is made by a private lender approved by the Secretary as financially sound and able to service the loan properly;

(2) the amount of the loan, and interest rate charged with respect to the loan, do not exceed such amount, and such a rate, as is established by the Secretary, by rule;

(3) the Secretary has consulted the appropriate State Historic Preservation Officer concerning the preservation of the historic property;

(4) the Secretary has determined that the loan is adequately secured and there is reasonable assurance of repayment;

(5) the repayment period of the loan does not exceed the lesser of forty years or the expected life of the asset financed;

(6) the amount insured with respect to such loan does not exceed 90 per centum of the loss sustained by the lender with respect to the loan; and

(7) the loan, the borrower, and the historic property to be preserved meet other terms and conditions as may be prescribed by the Secretary, by rule, especially terms and conditions relating to the nature and quality of the preservation work.

The Secretary shall consult with the Secretary of the Treasury regarding the interest rate of loans insured under this section.

(c) Limitation on amount of unpaid principal balance of loans

The aggregate unpaid principal balance of loans insured under this section and outstanding at any one time may not exceed the amount which has been covered into the Historic Preservation Fund pursuant to section 470h of this title and subsections (g) and (i) of this section, as in effect on December 12, 1980, but which has not been appropriated for any purpose.

(d) Assignability of insurance contracts; contract as obligation of United States; contestability

Any contract of insurance executed by the Secretary under this section may be assignable, shall be an obligation supported by the full faith and credit of the United States, and shall be incontestable except for fraud or misrepresentation of which the holder had actual knowledge at the time it became a holder.

(e) Conditions and methods of payment as result of loss

The Secretary shall specify, by rule and in each contract entered into under this section, the conditions and method of payment to a private lender as a result of losses incurred by the lender on any loan insured under this section.

(f) Protection of financial interests of Federal Government

In entering into any contract to insure a loan under this section, the Secretary shall take steps to assure adequate protection of the financial interests of the Federal Government. The Secretary may—

(1) in connection with any foreclosure proceeding, obtain, on behalf of the Federal Government, the property securing a loan insured under sections 470a to 470h-3 of this title; and

(2) operate or lease such property for such period as may be necessary to protect the interest of the Federal Government and to carry out subsection (g) of this section.

(g) Conveyance to governmental or nongovernmental entity of property acquired by foreclosure

(1) In any case in which a historic property is obtained pursuant to subsection (f) of this section, the Secretary shall attempt to convey such property to any governmental or nongovernmental entity under such conditions as will ensure the property's continued preservation and use; except that if, after a reasonable time, the Secretary, in consultation with the Advisory Council on Historic Preservation, determines that there is no feasible and prudent means to convey such property and to ensure its continued preservation and use, then the Secretary may convey the property at the fair market value of its interest in such property to any entity without restriction.

(2) Any funds obtained by the Secretary in connection with the conveyance of any property pursuant to paragraph (1) shall be covered into the historic preservation fund, in addition to the amounts covered into such fund pursuant to section 470h of this title and subsection (i) of this section, and shall remain available in such fund until appropriated by the Congress to carry out the purposes of this subchapter.

(h) Assessment of fees in connection with loans

The Secretary may assess appropriate and reasonable fees in connection with insuring loans under this section. Any such fees shall be covered into the Historic Preservation Fund, in addition to the amounts covered into such fund pursuant to section 470h of this title and subsection (g) of this section, and shall remain available in such fund until appropriated by the Congress to carry out purposes of this subchapter.

(i) Treatment of loans as non-Federal funds

Notwithstanding any other provision of law, any loan insured under this section shall be treated as non-Federal funds for the purposes of satisfying any requirement of any other provision of law under which Federal funds to be used for any project or activity are conditioned upon the use of non-Federal funds by the recipient for payment of any portion of the costs of such project or activity.

(j) Authorization of appropriations for payment of losses

Effective after the fiscal year 1981 there are authorized to be appropriated, such sums as may be necessary to cover payments incurred pursuant to subsection (e) of this section.

(k) Eligibility of debt obligation for purchase, etc., by Federal Financing Bank

No debt obligation which is made or committed to be made, or which is insured or committed to be insured, by the Secretary under this section shall be eligible for purchase by, or commitment to purchase by, or sale or issuance to, the Federal Financing Bank.

(Pub. L. 89-665, title I, § 104, Oct. 15, 1966, 80 Stat. 917; Pub. L. 96-515, title II, § 204, Dec. 12, 1980, 94 Stat. 2994.)

CODIFICATION

In subsec. (c), "December 12, 1980" was substituted for "the date of enactment of this Act". "This Act" probably meant the National Historic Preservation Act Amendments of 1980 (Pub. L. 96-515) rather than the National Historic Preservation Act of 1966 (Pub. L. 89-665).

AMENDMENTS

1980—Subsec. (a). Pub. L. 96-515 substituted provision authorizing the Secretary to establish and maintain a program by which he, upon application of a private lender, insure loans made by such lender to finance any project for the preservation of a property included on the National Register for provision prohibiting grants to surveys or projects receiving assistance from any other Federal program or activity.

Subsec. (b). Pub. L. 96-515 substituted provision prescribing loan qualifications for provision authorizing the President, in order to assure consistency in policies and actions and coordination of planning, acquisition, and development assistance to States with other related Federal programs, to issue regulations as deemed desirable.

Subsecs. (c) to (k). Pub. L. 96-515 added subsecs. (c) to (k).

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Interior and such functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Department, related to compliance with historic preservation under sections 470 to 470a, 470b, and 470c to 470w-6 of this title with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§ 102(e), (f), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 470a of this title.

§ 470e. Recordkeeping; recipients of assistance; audit

The beneficiary of assistance under this subchapter shall keep such records as the Secretary shall prescribe, including records which fully disclose the disposition by the beneficiary of the proceeds of such assistance, the total cost of the project or undertaking in connection with which such assistance is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(Pub. L. 89-665, title I, § 105, Oct. 15, 1966, 80 Stat. 917.)

§ 470f. Effect of Federal undertakings upon property listed in National Register; comment by Advisory Council on Historic Preservation

The head of any Federal agency having direct or indirect jurisdiction over a proposed Federal or federally assisted undertaking in any State and the head of any Federal department or independent agency having authority to license any undertaking shall, prior to the approval of the expenditure of any Federal funds on the undertaking or prior to the issuance of any license, as the case may be, take into account the effect of the undertaking on any district, site, building, structure, or object that is included in or eligible for inclusion in the National Register. The head of any such Federal agency shall afford the Advisory Council on Historic Preservation established under sections 470i to 470v of this title a reasonable opportunity to comment with regard to such undertaking.

(Pub. L. 89-665, title I, § 106, Oct. 15, 1966, 80 Stat. 917; Pub. L. 94-422, title II, § 201(3), Sept. 28, 1976, 90 Stat. 1320.)

AMENDMENTS

1976—Pub. L. 94-422 inserted "or eligible for inclusion in" after "included in".

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Interior and such functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Department, related to compliance with historic preservation under sections 470 to 470a, 470b, and 470c to 470w-6 of this title with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§ 102(e), (f), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 407dd, 470d, 470s, 470w of this title; title 42 section 5320.

§ 470g. White House, United States Supreme Court building, and United States Capitol not included in program for preservation of historical properties

Nothing in this subchapter shall be construed to be applicable to the White House and its grounds, the Supreme Court building and its grounds, or the United States Capitol and its related buildings and grounds.

(Pub. L. 89-665, title I, § 107, Oct. 15, 1966, 80 Stat. 917.)

§ 470h. Historic Preservation Fund; establishment; appropriations; source of revenue

To carry out the provisions of this subchapter, there is hereby established the Historic Preservation Fund (hereafter referred to as the "fund") in the Treasury of the United States. There shall be covered into such fund $24,400,000 for fiscal year 1977, $100,000,000 for fiscal year 1978, $100,000,000 for fiscal year 1979, $150,000,000 for fiscal year 1980, and $150,000,000 for fiscal year 1981, and $150,000,000 for each of fiscal years 1982 through 1992, from revenues due and payable to the United States under the Outer Continental Shelf Lands Act (67 Stat. 462, 469), as amended (43 U.S.C. 338 [1]), and/or under section 7433(b) of title 10, notwithstanding any provision of law that such proceeds shall be credited to miscellaneous receipts of the Treasury. Such moneys shall be used only to carry out the purposes of this subchapter and shall be available for expenditure only when appropriated by the Congress. Any moneys not appropriated shall remain available in the fund until appropriated for said purposes: *Provided*, That appropriations made pursuant to this paragraph may be made without fiscal year limitation.

(Pub. L. 89-665, title I, § 108, Oct. 15, 1966, 80 Stat. 917; Pub. L. 91-243, § 1(a), May 9, 1970, 84 Stat. 204; Pub. L. 93-54, § 1(a), July 1, 1973, 87 Stat. 139; Pub. L. 94-422, title II, § 201(4), Sept. 28, 1976, 90 Stat. 1320; Pub. L. 96-515, title II, § 205, Dec. 12, 1980, 94 Stat. 2995; Pub. L. 100-127, Oct. 9, 1987, 101 Stat. 800.)

REFERENCES IN TEXT

The Outer Continental Shelf Lands Act, referred to in text, is act Aug. 7, 1953, ch. 345, 67 Stat. 462, as amended, which is classified generally to subchapter III (§ 1331 et seq.) of chapter 29 of Title 43, Public Lands. Section 9 of the Act (43 U.S.C. 1338) provides for the disposition of revenues. For complete classification of this Act to the Code, see Short Title note set out under section 1331 of Title 43 and Tables.

CODIFICATION

"Section 7433(b) of title 10" was substituted for "the Act of June 4, 1920 (41 Stat. 813), as amended (30 U.S.C. 191)", which was classified to section 524 of former Title 34, Navy, on authority of act Aug. 10, 1956, ch. 1041, § 49(b), 70A Stat. 640, the first section of which enacted Title 10, Armed Forces.

AMENDMENTS

1987—Pub. L. 100-127 substituted "1992" for "1987".

1980—Pub. L. 96-515 inserted "and $150,000,000 for each of fiscal years 1982 through 1987" after "1981".

1976—Pub. L. 94-422 substituted provisions establishing Historic Preservation Fund which contains appropriations obtained from revenues due and payable to United States pursuant to Outer Continental Shelf Lands Act and Act June 4, 1920 to carry out provisions of sections 470 to 470t of this title for provisions authorizing appropriations to carry out provisions of sections 470a, 470b, and 470c to 470h of this title of not more than $15,600,000 in fiscal year 1974, $20,000,000 in fiscal year 1975, and $24,400,000 in fiscal year 1976 to remain available until expended.

1973—Pub. L. 93-54 substituted appropriations authorization of $15,600,000, $20,000,000 and $24,400,000 for fiscal years 1974 through 1976, respectively, for such authorization of $7,000,000, $10,000,000, and $15,000,000 for fiscal years 1971 through 1973, respectively.

1970—Pub. L. 91-243 substituted provisions authorizing appropriations of not more than $7,000,000 for fiscal year 1971, and $10,000,000 and $15,000,000 for fiscal years 1972 and 1973, respectively, to carry out the provisions of sections 470a, 470b, and 470c, to 470h of this title for provisions authorizing the appropriation of not to exceed $2,000,000 for fiscal year 1967 and not more than $10,000,000 for the three succeeding fiscal years to carry out the provisions of sections 470 to 470b, and 470c to 470n of this title.

[1] So in original. Should be "1338".

REVIEW OF OPERATION OF HISTORIC PRESERVATION FUND AND NATIONAL HISTORIC PRESERVATION PROGRAM; REPORT TO PRESIDENT AND CONGRESS

Section 504 of Pub. L. 96-515 provided that: "The Secretary shall submit a report directly to the President and the Congress on or before June 1, 1986, reviewing the operation of the Historic Preservation Fund and the national historic preservation program since the enactment of this Act [Dec. 12, 1980] and recommending appropriate funding levels, the time period for the reauthorization for appropriations from the fund, and other appropriate legislative action to be undertaken upon the expiration of the current fund authorization."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 470a, 470d, 470h-1 of this title.

§ 470h-1. Acceptance of privately donated funds by Secretary

(a) Authorization; use of funds

In furtherance of the purposes of this subchapter, the Secretary may accept the donation of funds which may be expended by him for projects to acquire, restore, preserve, or recover data from any district, building, structure, site, or object which is listed on the National Register of Historic Places established pursuant to section 470a of this title, so long as the project is owned by a State, any unit of local government, or any nonprofit entity.

(b) Consideration of factors respecting expenditure of funds

In expending said funds, the Secretary shall give due consideration to the following factors: the national significance of the project; its historical value to the community; the imminence of its destruction or loss; and the expressed intentions of the donor. Funds expended under this subsection shall be made available without regard to the matching requirements established by section 470b of this title but the recipient of such funds shall be permitted to utilize them to match any grants from the Historic Preservation Fund established by section 470h of this title.

(c) Transfer of unobligated funds

The Secretary is hereby authorized to transfer unobligated funds previously donated to the Secretary for the purposes of the National Park Service, with the consent of the donor, and any funds so transferred shall be used or expended in accordance with the provisions of this subchapter.

(Pub. L. 89-665, title I, § 109, as added Pub. L. 96-244, § 1, May 19, 1980, 94 Stat. 346.)

§ 470h-2. Historic properties owned or controlled by Federal agencies

(a) Responsibilities of Federal agencies; program for location, inventory and nomination

(1) The heads of all Federal agencies shall assume responsibility for the preservation of historic properties which are owned or controlled by such agency. Prior to acquiring, constructing, or leasing buildings for purposes of carrying out agency responsibilities, each Federal agency shall use, to the maximum extent feasible, historic properties available to the agency. Each agency shall undertake, consistent with the preservation of such properties and the mission of the agency and the professional standards established pursuant to section 470a(f) of this title, any preservation, as may be necessary to carry out this section.

(2) With the advice of the Secretary and in cooperation with the State historic preservation officer for the State involved, each Federal agency shall establish a program to locate, inventory, and nominate to the Secretary all properties under the agency's ownership or control by the agency, that appear to qualify for inclusion on the National Register in accordance with the regulations promulgated under section 470a(a)(2)(A) of this title. Each Federal agency shall exercise caution to assure that any such property that might qualify for inclusion is not inadvertently transferred, sold, demolished, substantially altered, or allowed to deteriorate significantly.

(b) Records on historic properties to be altered or demolished; deposit in Library of Congress or other appropriate agency

Each Federal agency shall initiate measures to assure that where, as a result of Federal action or assistance carried out by such agency, an historic property is to be substantially altered or demolished, timely steps are taken to make or have made appropriate records, and that such records then be deposited, in accordance with section 470a(a) of this title, in the Library of Congress or with such other appropriate agency as may be designated by the Secretary, for future use and reference.

(c) Agency Preservation Officer; responsibilities; qualifications

The head of each Federal agency shall, unless exempted under section 470v of this title, designate a qualified official to be known as the agency's "preservation officer" who shall be responsible for coordinating that agency's activities under this subchapter. Each Preservation Officer may, in order to be considered qualified, satisfactorily complete an appropriate training program established by the Secretary under section 470a(g) of this title.

(d) Agency programs and projects

Consistent with the agency's missions and mandates, all Federal agencies shall carry out agency programs and projects (including those under which any Federal assistance is provided or any Federal license, permit, or other approval is required) in accordance with the purposes of this subchapter and, give consideration to programs and projects which will further the purposes of this subchapter.

(e) Review of plans of transferees of surplus federally owned historic properties

The Secretary shall review and approve the plans of transferees of surplus federally owned historic properties not later than ninety days after his receipt of such plans to ensure that the prehistorical, historical, architectural, or culturally significant values will be preserved or enhanced.

(f) Planning and actions to minimize harm to National Historic Landmarks

Prior to the approval of any Federal undertaking which may directly and adversely affect any National Historic Landmark, the head of the responsible Federal agency shall, to the maximum extent possible, undertake such planning and actions as may be necessary to minimize harm to such landmark, and shall afford the Advisory Council on Historic Preservation a reasonable opportunity to comment on the undertaking.

(g) Costs of preservation as eligible project costs

Each Federal agency may include the costs of preservation activities of such agency under this subchapter as eligible project costs in all undertakings of such agency or assisted by such agency. The eligible project costs may also include amounts paid by a Federal agency to any State to be used in carrying out such preservation responsibilities of the Federal agency under this subchapter, and reasonable costs may be charged to Federal licensees and permittees as a condition to the issuance of such license or permit.

(h) Annual preservation awards program

The Secretary shall establish an annual preservation awards program under which he may make monetary awards in amounts of not to exceed $1,000 and provide citations for special achievement to officers and employees of Federal, State, and certified local governments in recognition of their outstanding contributions to the preservation of historic resources. Such program may include the issuance of annual awards by the President of the United States to any citizen of the United States recommended for such award by the Secretary.

(i) Environmental impact statement

Nothing in this subchapter shall be construed to require the preparation of an environmental impact statement where such a statement would not otherwise be required under the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.], and nothing in this subchapter shall be construed to provide any exemption from any requirement respecting the preparation of such a statement under such Act.

(j) Waiver of provisions in event of natural disaster or imminent threat to national security

The Secretary shall promulgate regulations under which the requirements of this section may be waived in whole or in part in the event of a major natural disaster or an imminent threat to the national security.

(Pub. L. 89-665, title I, § 110, as added Pub. L. 96-515, title II, § 206, Dec. 12, 1980, 94 Stat. 2996.)

References in Text

The National Environmental Policy Act of 1969, referred to in subsec. (i), is Pub. L. 91-190, Jan. 1, 1970, 83 Stat. 852, as amended, which is classified generally to chapter 55 (§ 4321 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 4321 of Title 42 and Tables.

Section Referred to in Other Sections

This section is referred to in section 470a of this title.

§ 470h-3. Lease or exchange of historic property

(a) Authorization; consultation with Advisory Council on Historic Preservation

Notwithstanding any other provision of law, any Federal agency may, after consultation with the Advisory Council on Historic Preservation, lease an historic property owned by the agency to any person or organization, or exchange any property owned by the agency with comparable historic property, if the agency head determines that the lease or exchange will adequately insure the preservation of the historic property.

(b) Proceeds of lease for administration, etc., of property; deposit of surplus proceeds into Treasury

The proceeds of any lease under subsection (a) of this section may, notwithstanding any other provision of law, be retained by the agency entering into such lease and used to defray the costs of administration, maintenance, repair, and related expenses incurred by the agency with respect to such property or other properties which are on the National Register which are owned by, or are under the jurisdiction or control of, such agency. Any surplus proceeds from such leases shall be deposited into the Treasury of the United States at the end of the second fiscal year following the fiscal year in which such proceeds were received.

(c) Contracts for management of historic property

The head of any Federal agency having responsibility for the management of any historic property may, after consultation with the Advisory Council on Historic Preservation, enter into contracts for the management of such property. Any such contract shall contain such terms and conditions as the head of such agency deems necessary or appropriate to protect the interests of the United States and insure adequate preservation of the historic property.

(Pub. L. 89-665, title I, § 111, as added Pub. L. 96-515, title II, § 207, Dec. 12, 1980, 94 Stat. 2997.)

Section Referred to in Other Sections

This section is referred to in sections 19bb, 470d of this title.

§ 470i. Advisory Council on Historic Preservation

(a) Establishment; membership; Chairman

There is established as an independent agency of the United States Government an Advisory Council on Historic Preservation (hereinafter referred to as the "Council") which shall be composed of the following members:

(1) a Chairman appointed by the President selected from the general public;

(2) the Secretary of the Interior;

(3) the Architect of the Capitol;

(4) the Secretary of Agriculture and the heads of four other agencies of the United States (other than the Department of the Interior) the activities of which affect historic preservation, appointed by the President;

(5) one Governor appointed by the President;

(6) one mayor appointed by the President;

(7) the President of the National Conference of State Historic Preservation Officers;

(8) the Chairman of the National Trust for Historic Preservation;

(9) four experts in the field of historic preservation appointed by the President from the disciplines of architecture, history, archeology, and other appropriate disciplines; and

(10) three at-large members from the general public, appointed by the President.

(b) Designation of substitutes

Each member of the Council specified in paragraphs (2) through (8) other than (5) and (6) of subsection (a) of this section may designate another officer of his department, agency, or organization to serve on the Council in his stead, except that, in the case of paragraphs (2) and (4), no such officer other than an Assistant Secretary or an officer having major department-wide or agency-wide responsibilities may be so designated.

(c) Term of office

Each member of the Council appointed under paragraph (1), and under paragraphs (9) and (10) of subsection (a) of this section shall serve for a term of four years from the expiration of his predecessor's term; except that the members first appointed under that paragraph shall serve for terms of one to four years, as designated by the President at the time of appointment, in such manner as to insure that the terms of not more than two of them will expire in any one year. The members appointed under paragraphs (5) and (6) shall serve for the term of their elected office but not in excess of four years. An appointed member may not serve more than two terms. An appointed member whose term has expired shall serve until that member's successor has been appointed.

(d) Vacancies; term of office of members already appointed

A vacancy in the Council shall not affect its powers, but shall be filled, not later than sixty days after such vacancy commences, in the same manner as the original appointment (and for the balance of any unexpired terms). The members of the Advisory Council on Historic Preservation appointed by the President under this subchapter as in effect on the day before December 12, 1980, shall remain in office until all members of the Council, as specified in this section, have been appointed. The members first appointed under this section shall be appointed not later than one hundred and eighty days after December 12, 1980.

(e) Designation of Vice Chairman

The President shall designate a Vice Chairman, from the members appointed under paragraph (5), (6), (9), or (10). The Vice Chairman may act in place of the Chairman during the absence or disability of the Chairman or when the office is vacant.

(f) Quorum

Nine members of the Council shall constitute a quorum.

(Pub. L. 89-665, title II, § 201, Oct. 15, 1966, 80 Stat. 917; Pub. L. 91-243, § 1(b)-(e), May 9, 1970, 84 Stat. 204; Pub. L. 93-54, § 1(c), July 1, 1973, 87 Stat. 139; Pub. L. 94-422, title II, § 201(5), Sept. 28, 1976, 90 Stat. 1320; Pub. L. 96-515, title III, § 301(a)-(f), Dec. 12, 1980, 94 Stat. 2998, 2999.)

AMENDMENTS

1980—Subsec. (a). Pub. L. 96-515, § 301(a), revised the composition of the Council by reducing the membership from twenty-nine to eighteen members, provided flexibility for Federal agencies who will be represented, ensured that appropriate expertise will be available, and provided representation for State and local governments.

Subsec. (b). Pub. L. 96-515, § 301(b), substituted "(2) through (8) (other than (5) and (6))" and "(1) through (17)" and inserted ", except that, in the case of paragraphs (2) and (4), no such officer other than an Assistant Secretary or an officer having major department-wide or agency-wide reponsibilities may be so designated" following "in his stead".

Subsec. (c). Pub. L. 96-515, § 301(c), substituted provision that the Chairman appointed by the President from the general public, each of the four experts appointed by the President, and each of the three at-large members appointed by the President from the general public serve a term of four years from the expiration of his predecessor's term, except that the members first appointed serve terms of one to four years in such a manner as to insure that the terms of not more than two of them expire in any one year, the one Governor and the one mayor appointed by the President serve for the term of their elected office but not in excess of four years, an appointed member not serve for more than two terms, and an appointed member whose term expired serve until his successor has been appointed for provision that each of the twelve members appointed by the President from outside the Federal Government serve for a term of five years from expiration of his predecessor's term, except that the members first appointed serve for terms of one to five years in such a manner as to insure that the terms of not less than one nor more than two of them expire in any one year.

Subsec. (d). Pub. L. 96-515, § 301(d), inserted provision that a vacancy be filled not later than sixty days after it commences, members of the Council appointed by the President before Dec. 12, 1980 remain in office until all members of the Council, as specified by this section, have been appointed, and members first appointed be appointed not later than 180 days after Dec. 12, 1980.

Subsec. (e). Pub. L. 96-515, § 301(e), substituted provision authorizing the President to designate a Vice Chairman from among specified members of the Council for provision authorizing the President to designate a Chairman and Vice Chairman.

Subsec. (f). Pub. L. 96-515, § 301(f), substituted "Nine" for "Fifteen".

1976—Subsec. (a)(9) to (18). Pub. L. 94-422 added pars. (9) to (14) and (17), and redesignated former pars. (9), (10), and (11) as (15), (16), and (18), respectively, and in par. (18), as so redesignated, substituted "twelve" for "ten".

Subsec. (b). Pub. L. 94-422 substituted "(17)" for "(10)".

Subsec. (c). Pub. L. 94-422 substituted "(18)" for "(11)".

Subsec. (d). Pub. L. 94-422 reenacted subsec. (d) without change.

Subsec. (e). Pub. L. 94-422 enlarged Presidential authority to include designation of Vice Chairman, who shall act in place of Chairman during the absence or disability of Chairman or when the office is vacant.

Subsec. (f). Pub. L. 94-422 substituted "Fifteen" for "Eleven".

Subsec. (g). Pub. L. 94-422 struck out subsec. (g) which provided that the Council shall continue in existence until Dec. 31, 1985.

1973—Subsec. (g). Pub. L. 93-54 added subsec. (g).

1970—Subsec. (a). Pub. L. 91-243, § 1(b), enlarged the Council from seventeen to twenty members, added pars. (7) to (9), and redesignated former pars. (7) and (8) as (10) and (11), respectively.

Subsec. (b). Pub. L. 91-243, § 1(c), substituted "(10)" for "(6)".

Subsec. (c). Pub. L. 91-243, § 1(d), substituted "(11)" for "(8)".

Subsec. (f). Pub. L. 91-243, § 1(e), substituted "Eleven" for "Eight".

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 470f, 470k, 470*l*, 470m, 470t of this title; title 40 section 611.

§ 470j. Functions of Council; annual report to President and Congress; recommendations

(a) Duties

The Council shall—

(1) advise the President and the Congress on matters relating to historic preservation; recommend measures to coordinate activities of Federal, State, and local agencies and private institutions and individuals relating to historic preservation; and advise on the dissemination of information pertaining to such activities;

(2) encourage, in cooperation with the National Trust for Historic Preservation and appropriate private agencies, public interest and participation in historic preservation;

(3) recommend the conduct of studies in such areas as the adequacy of legislative and administrative statutes and regulations pertaining to historic preservation activities of State and local governments and the effects of tax policies at all levels of government on historic preservation;

(4) advise as to guidelines for the assistance of State and local governments in drafting legislation relating to historic preservation;

(5) encourage, in cooperation with appropriate public and private agencies and institutions, training and education in the field of historic preservation;

(6) review the policies and programs of Federal agencies and recommend to such agencies methods to improve the effectiveness, coordination, and consistency of those policies and programs with the policies and programs carried out under this subchapter; and

(7) inform and educate Federal agencies, State and local governments, Indian tribes, other nations and international organizations and private groups and individuals as to the Council's authorized activities.

(b) Annual report

The Council shall submit annually a comprehensive report of its activities and the results of its studies to the President and the Congress and shall from time to time submit such additional and special reports as it deems advisable. Each report shall propose such legislative enactments and other actions as, in the judgment of the Council, are necessary and appropriate to carry out its recommendations and shall provide the Council's assessment of current and emerging problems in the field of historic preservation and an evaluation of the effectiveness of the programs of Federal agencies, State and local governments, and the private sector in carrying out the purposes of this subchapter.

(Pub. L. 89-665, title II, § 202, Oct. 15, 1966, 80 Stat. 918; Pub. L. 96-515, title III, § 301(g), Dec. 12, 1980, 94 Stat. 2999.)

AMENDMENTS

1980—Subsec. (a)(6), (7). Pub. L. 96-515, § 301(g)(1), added pars. (6) and (7).

Subsec. (b). Pub. L. 96-515, § 301(g)(2), inserted provision requiring in the Council's report an assessment of current and emerging problems in the field of historic preservation and an evaluation of the effectiveness of the programs of Federal agencies, State and local governments, and the private sector.

RELATIONSHIP OF FEDERAL TAX LAWS TO HISTORIC PRESERVATION; REPORT TO PRESIDENT AND CONGRESS

Section 503 of Pub. L. 96-515 directed the Advisory Council on Historic Preservation to submit a report, within one year of Dec. 12, 1980, to the President and the Congress on Federal tax laws relating to historic preservation or affecting in any manner historic preservation.

§ 470k. Cooperation between Council and instrumentalities of executive branch of Federal Government

The Council is authorized to secure directly from any department, bureau, agency, board, commission, office, independent establishment or instrumentality of the executive branch of the Federal Government information, suggestions, estimates, and statistics for the purpose of sections 470i to 470v of this title; and each such department, bureau, agency, board, commission, office, independent establishment or instrumentality is authorized to furnish such information, suggestions, estimates, and statistics to the extent permitted by law and within available funds.

(Pub. L. 89-665, title II, § 203, Oct. 15, 1966, 80 Stat. 918.)

§ 470*l*. Compensation of members of Council

The members of the Council specified in paragraphs (2), (3), and (4) of section 470i(a) of this title shall serve without additional compensation. The other members of the Council shall receive $100 per diem when engaged in the performance of the duties of the Council. All members of the Council shall receive reimbursement for necessary traveling and subsistence expenses incurred by them in the performance of the duties of the Council.

(Pub. L. 89-665, title II, § 204, Oct. 15, 1966, 80 Stat. 918; Pub. L. 91-243, § 1(f), May 9, 1970, 84 Stat. 204; Pub. L. 94-422, title II, § 201(6), Sept. 28, 1976, 90 Stat. 1321; Pub. L. 96-515, title III, § 301(h), Dec. 12, 1980, 94 Stat. 2999.)

AMENDMENTS

1980—Pub. L. 96-515 substituted "paragraphs (2), (3), and (4)" for "paragraphs (1) and (17)" and "other members of the Council" for "members of the Council under paragraph (18) of section 470i(a) of this title".

1976—Pub. L. 94-422 substituted "(17)" for "(10)" and "(18)" for "(11)".

1970—Pub. L. 91-243 substituted "(10)" for "(7)" and "(11)" for "(8)".

§ 470m. Administration

(a) Executive Director of Council; appointment; functions and duties

There shall be an Executive Director of the Council who shall be appointed in the competitive service by the Chairman with the concurrence of the Council. The Executive Director shall report directly to the Council and perform such functions and duties as the Council may prescribe.

(b) General Counsel; appointment; functions and duties

The Council shall have a General Counsel, who shall be appointed by the Executive Director. The General Counsel shall report directly to the Executive Director and serve as the Council's legal advisor. The Executive Director shall appoint such other attorneys as may be necessary to assist the General Counsel, represent the Council in courts of law whenever appropriate, including enforcement of agreements with Federal agencies to which the Council is a party, assist the Department of Justice in handling litigation concerning the Council in courts of law, and perform such other legal duties and functions as the Executive Director and the Council may direct.

(c) Appointment and compensation of officers and employees

The Executive Director of the Council may appoint and fix the compensation of such officers and employees in the competitive service as are necessary to perform the functions of the Council at rates not to exceed that now or hereafter prescribed for the highest rate for grade 15 of the General Schedule under section 5332 of title 5: *Provided, however,* That the Executive Director, with the concurrence of the Chairman, may appoint and fix the compensation of not to exceed five employees in the competitive service at rates not to exceed that now or hereafter prescribed for the highest rate of grade 17 of the General Schedule under section 5332 of title 5.

(d) Appointment and compensation of additional personnel

The Executive Director shall have power to appoint and fix the compensation of such additional personnel as may be necessary to carry out its duties, without regard to the provisions of the civil service laws and chapter 51 and subchapter III of chapter 53 of title 5.

(e) Expert and consultant services; procurement

The Executive Director of the Council is authorized to procure expert and consultant services in accordance with the provisions of section 3109 of title 5.

(f) Financial and administrative services; Department of the Interior

Financial and administrative services (including those related to budgeting, accounting, financial reporting, personnel and procurement) shall be provided the Council by the Department of the Interior, for which payments shall be made in advance, or by reimbursement, from funds of the Council in such amounts as may be agreed upon by the Chairman of the Council and the Secretary of the Interior: *Provided,* That the regulations of the Department of the Interior for the collection of indebtedness of personnel resulting from erroneous payments (5 U.S.C. 5514(b)) shall apply to the collection of erroneous payments made to or on behalf of a Council employee, and regulations of said Secretary for the administrative control of funds (31 U.S.C. 1513(d), 1514) shall apply to appropriations of the Council: *And provided further,* That the Council shall not be required to prescribe such regulations.

(g) Use of funds, personnel, facilities, and services of Council members

The members of the Council specified in paragraphs (2) through (4) of section 470i(a) of this title shall provide the Council, with or without reimbursement as may be agreed upon by the Chairman and the members, with such funds, personnel, facilities, and services under their jurisdiction and control as may be needed by the Council to carry out its duties, to the extent that such funds, personnel, facilities, and services are requested by the Council and are otherwise available for that purpose. To the extent of available appropriations, the Council may obtain, by purchase, rental, donation, or otherwise, such additional property, facilities, and services as may be needed to carry out its duties and may also receive donations of moneys for such purpose, and the Executive Director is authorized, in his discretion, to accept, hold, use, expend, and administer the same for the purposes of this subchapter.

(Pub. L. 89-665, title II, § 205, Oct. 15, 1966, 80 Stat. 919; Pub. L. 91-243, § 1(g), May 9, 1970, 84 Stat. 204; Pub. L. 94-422, title II, § 201(7), Sept. 28, 1976, 90 Stat. 1321; Pub. L. 96-515, title III, § 301(i), (j), Dec. 12, 1980, 94 Stat. 2999.)

REFERENCES IN TEXT

The civil service laws, referred to in subsec. (d), are set out in Title 5, Government Organization and Employees. See, particularly, section 3301 et seq. of Title 5.

CODIFICATION

In subsecs. (d) and (f), "chapter 51 and subchapter III of chapter 53 of title 5" and "(5 U.S.C. 5514(b))", were substituted for "the Classification Act of 1949" and "(5 U.S.C. 46e)", respectively, on authority of Pub. L. 89-554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

In subsec. (f), "(31 U.S.C. 1513(d), 1514)" was substituted for "(31 U.S.C. 665(g))" on authority of Pub. L. 97-258, § 4(b), Sept. 13, 1982, 96 Stat. 1067, the first section of which enacted Title 31, Money and Finance.

AMENDMENTS

1980—Subsec. (b). Pub. L. 96-515, § 301(i), inserted ", including enforcement of agreements with Federal agencies to which the Council is a party" after "wherever appropriate".

Subsec. (g). Pub. L. 96-515, § 301(j), substituted "paragraphs (2) through (4)" for "paragraphs (1) through (16)" and inserted provision authorizing the Council to accept donations of moneys and the Executive Director, in his discretion, to accept, hold, use, expend, and administer such moneys.

1976—Subsec. (a). Pub. L. 94-422 substituted provisions authorizing appointment of the Executive Director by the Chairman and that the Executive Director shall report to the Council who shall prescribe his functions and duties for provisions designating the Director of the National Park Service or his designee as the Executive Director of the Council and incorporated provisions relating to furnishing of financial and administrative services by the Department of Interior in subsec. (f).

Subsec. (b). Pub. L. 94-422 substituted provisions authorizing appointment of a General Counsel by the Executive Director and such other attorneys as may be necessary to assist General Counsel for provisions authorizing Council to appoint and fix compensation of additional personnel as may be necessary to carry out its duties.

Subsec. (c). Pub. L. 94-422 substituted provisions authorizing Executive Director to appoint and fix the compensation of officers and employees for provisions authorizing Council to procure temporary and intermittent services to the same extent as is authorized by section 55a of title 5, but at rates not to exceed $50 per diem for individuals.

Subsec. (d). Pub. L. 94-422 substituted provisions authorizing Executive Director to appoint and fix compensation of additional personnel for provisions relating to members of Council furnishing, on a reimbursable basis, such facilities and services under their jurisdiction and control as may be needed by the Council.

Subsec. (e). Pub. L. 94-422 added subsec. (e).

Subsec. (f). Pub. L. 94-422 incorporated provisions of former subsec. (a).

Subsec. (g). Pub. L. 94-422 added subsec. (g).

1970—Subsec. (d). Pub. L. 91-243 substituted "(9)" for "(6)".

§ 470n. International Centre for Study of Preservation and Restoration of Cultural Property

(a) Authorization of participation

The participation of the United States as a member in the International Centre for the Study of the Preservation and Restoration of Cultural Property is hereby authorized.

(b) Official delegation

The Council shall recommend to the Secretary of State, after consultation with the Smithsonian Institution and other public and private organizations concerned with the technical problems of preservation, the members of the official delegation which will participate in the activities of the Centre on behalf of the United States. The Secretary of State shall appoint the members of the official delegation from the persons recommended to him by the Council.

(c) Authorization of appropriations and payments

For the purposes of this section there is authorized to be appropriated an amount equal to the assessment for United States membership in the Centre for fiscal years 1979, 1980, 1981, and 1982: *Provided*, That no appropriation is authorized and no payment shall be made to the Centre in excess of 25 per centum of the total annual assessment of such organization. Authorization for payment of such assessments shall begin in fiscal year 1981, but shall include earlier costs.

(Pub. L. 89-665, title II, § 206, as added Pub. L. 91-243, § 2, May 9, 1970, 84 Stat. 204, and amended Pub. L. 93-54, § 1(b), July 1, 1973, 87 Stat. 139; Pub. L. 94-422, title II, § 201(8), Sept. 28, 1976, 90 Stat. 1322; Pub. L. 96-199, title I, § 114, Mar. 5, 1980, 94 Stat. 71.)

AMENDMENTS

1980—Subsec. (c). Pub. L. 96-199 substituted "there is authorized to be appropriated an amount equal to the assessment for United States membership in the Centre for fiscal years 1979, 1980, 1981, and 1982" for "there are authorized to be appropriated not more than $175,000 per year for fiscal years 1977, 1978, and 1979" in the existing provisions and inserted provision that the authorization for the payment of assessments should begin in fiscal year 1981 but should include earlier costs.

1976—Subsec. (c). Pub. L. 94-422 substituted provisions authorizing appropriations of not more than $175,000 per year for fiscal years 1977, 1978, and 1979 for provisions authorizing appropriations of not more than $100,000 in fiscal year 1974, $100,000 in fiscal year 1975, and $125,000 in fiscal year 1976 and struck out "effective January 1, 1974," after "*Provided*, That".

1973—Subsec. (c). Pub. L. 93-54 added subsec. (c) and repealed former provisions authorizing appropriation of $100,000 annually for fiscal years 1971 through 1973.

§ 470o. Transfer of personnel, property, etc., by Department of the Interior to Council; time limit

So much of the personnel, property, records, and unexpended balances of appropriations, allocations, and other funds employed, held, used, programed, or available or to be made available by the Department of the Interior in connection with the functions of the Council, as the Director of the Office of Management and Budget shall determine, shall be transferred from the Department to the Council within 60 days of the effective date of this Act.

(Pub. L. 89-665, title II, § 207, as added Pub. L. 94-422, title II, § 201(9), Sept. 28, 1976, 90 Stat. 1322.)

REFERENCES IN TEXT

The effective date of this Act, referred to in text, probably means the effective date of Pub. L. 94-422, which was approved on Sept. 28, 1976.

§ 470p. Rights, benefits, and privileges of transferred employees

Any employee in the competitive service of the United States transferred to the Council under the provisions of this section shall retain all the rights, benefits, and privileges pertaining thereto held prior to such transfer.

(Pub. L. 89-665, title II, § 208, as added Pub. L. 94-422, title II, § 201(9), Sept. 28, 1976, 90 Stat. 1322.)

BEST COPY AVAILABLE

§ 470q. Operations of Council; exemption

The Council is exempt from the provisions of the Federal Advisory Committee Act (86 Stat. 770), and the provisions of subchapter II of chapter 5, and chapter 7, of title 5 shall govern the operations of the Council.

(Pub. L. 89-665, title II, § 209, as added Pub. L. 94-422, title II, § 201(9), Sept. 28, 1976, 90 Stat. 1322.)

REFERENCES IN TEXT

The Federal Advisory Committee Act (86 Stat. 770), referred to in text, is Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 770, as amended, which is classified to the Appendix of Title 5, Government Organization and Employees.

CODIFICATION

"Subchapter II of chapter 5, and chapter 7 of title 5" was substituted in text for "the Administrative Procedure Act (80 Stat. 381)" on authority of Pub. L. 89-554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

§ 470r. Transmittal of legislative recommendations, or testimony, or comments, to any officer or agency of the United States prior to submission thereof to Congress; prohibition

No officer or agency of the United States shall have any authority to require the Council to submit its legislative recommendations, or testimony, or comments on legislation to any officer or agency of the United States for approval, comments, or review, prior to the submission of such recommendations, testimony, or comments to the Congress. In instances in which the Council voluntarily seeks to obtain the comments or review of any officer or agency of the United States, the Council shall include a description of such actions in its legislative recommendations, testimony, or comments on legislation which it transmits to the Congress.

(Pub. L. 89-665, title II, § 210, as added Pub. L. 94-422, title II, § 201(9), Sept. 28, 1976, 90 Stat. 1322, and amended Pub. L. 96-515, title III, § 301(k), Dec. 12, 1980, 94 Stat. 2999.)

AMENDMENTS

1980—Pub. L. 96-515 struck out provision requiring the Council, whenever it transmits any legislative recommendations, or testimony, or comments on legislation to the President or Office of Management and Budget, to concurrently transmit copies thereof to the House Committee on Interior and Insular Affairs and the Senate Committee on Interior and Insular Affairs.

§ 470s. Rules and regulations; participation by local governments

The Council is authorized to promulgate such rules and regulations as it deems necessary to govern the implementation of section 470f of this title. The Council shall, by regulation, establish such procedures as may be necessary to provide for participation by local governments in proceedings and other actions taken by the Council with respect to undertakings referred to in section 470f of this title which affect such local governments.

(Pub. L. 89-665, title II, § 211, as added Pub. L. 94-422, title II, § 201(9), Sept. 28, 1976, 90 Stat. 1322, and amended Pub. L. 96-515, title III, § 301(*l*), Dec. 12, 1980, 94 Stat. 2999.)

AMENDMENTS

1980—Pub. L. 96-515 inserted provision authorizing the Council to establish procedures as necessary to provide for participation by local governments in proceedings and other actions taken by the Council with respect to undertakings referred to in section 470f of this title which affect such local governments.

§ 470t. Budget; authorization of appropriations

(a) Time of submission; related department; authorized appropriations

The Council shall submit its budget annually as a related agency of the Department of the Interior. To carry out the provisions of sections 470i to 470v of this title, there is authorized to be appropriated not more than $2,500,000 for each of the fiscal years 1985 through 1989.

(b) Transmittal of copies to Congressional committees

Whenever the Council submits any budget estimate or request to the President or the Office of Management and Budget, it shall concurrently transmit copies of that estimate or request to the House and Senate Appropriations Committees and the House Committee on Interior and Insular Affairs and the Senate Committee on Energy and Natural Resources.

(Pub. L. 89-665, title II, § 212, as added Pub. L. 94-422, title II, § 201(9), Sept. 28, 1976, 90 Stat. 1323, and amended Pub. L. 95-625, title VI, § 614, Nov. 10, 1978, 92 Stat. 3521; Pub. L. 96-205, title VI, § 608(a)(3), Mar. 12, 1980, 94 Stat. 92; Pub. L. 96-244, § 2, May 19, 1980, 94 Stat. 346; Pub. L. 96-515, title III, § 302(b), Dec. 12, 1980, 94 Stat. 3000; Pub. L. 98-483, Oct. 17, 1984, 98 Stat. 2258.)

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-483 substituted appropriations authorization of not more than $2,500,000 for each of the fiscal years 1985 through 1989 for prior appropriations authorizations of not more than $1,500,000 to $2,250,000 in increments of $250,000 for fiscal years 1977 through 1980, and not more than $2,500,000 for each of the fiscal years 1981 through 1983.

1980—Subsec. (a). Pub. L. 96-244 inserted "$2,500,000 in the fiscal year 1981, $2,500,000 in fiscal year 1982, and $2,500,000 in fiscal year 1983" after "in fiscal year 1980".

Subsec. (b). Pub. L. 96-515 substituted "Senate Committee on Energy and Natural Resources" for "Senate Committee on Interior and Insular Affairs", which amendment is identical to the amendment by section 608(a)(3) of Pub. L. 96-205, thereby requiring no change in text.

Pub. L. 96-205 substituted "Energy and Natural Resources" for "Interior and Insular Affairs".

1978—Subsec. (a). Pub. L. 95-625 authorized appropriation of $2,250,000 in fiscal year 1980.

§ 470u. Report by Secretary to Council

To assist the Council in discharging its responsibilities under this subchapter, the Secretary at the request of the Chairman, shall provide a report to the Council detailing the significance of any historic property, describing the effects of any proposed undertaking on the affected property, and recommending measures to avoid, minimize, or mitigate adverse effects.

(Pub. L. 89-665, title II, § 213, as added Pub. L. 96-515, title III, § 302(a), Dec. 12, 1980, 94 Stat. 3000.)

§ 470v. Exemption for Federal programs or undertakings; regulations

The Council, with the concurrence of the Secretary, shall promulgate regulations or guidelines, as appropriate, under which Federal programs or undertakings may be exempted from any or all of the requirements of subchapter when such exemption is determined to be consistent with the purposes of subchapter, taking into consideration the magnitude of the exempted undertaking or program and the likelihood of impairment of historic properties.

(Pub. L. 89-665, title II, § 214, as added Pub. L. 96-515, title III, § 302(a), Dec. 12, 1980, 94 Stat. 3000.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 470f, 470h-2, 470k, 470t, 470w, title 40 section 611.

§ 470w. Definitions

As used in this subchapter, the term—

(1) "Agency" means agency as such term is defined in section 551 of title 5, except that in the case of any Federal program exempted under section 470v of this title, the agency administering such program shall not be treated as an agency with respect to such program.

(2) "State" means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Trust Territories of the Pacific Islands.

(3) "Local government" means a city, county, parish, township, municipality, or borough, or any other general purpose political subdivision of any State.

(4) "Indian tribe" means the governing body of any Indian tribe, band, nation, or other group which is recognized as an Indian tribe by the Secretary of the Interior and for which the United States holds land in trust or restricted status for that entity or its members. Such term also includes any Native village corporation, regional corporation, and Native Group established pursuant to the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.].

(5) "Historic property" or "historic resource" means any prehistoric or historic district, site, building, structure, or object included in, or eligible for inclusion on the National Register; such term includes artifacts, records, and remains which are related to such a district, site, building, structure, or object.

(6) "National Register" or "Register" means the National Register of Historic Places established under section 470a of this title.

(7) "Undertaking" means any action as described in section 470f of this title.

(8) "Preservation" or "historic preservation" includes identification, evaluation, recordation, documentation, curation, acquisition, protection, management, rehabilitation, restoration, stabilization, maintenance and reconstruction, or any combination of the foregoing activities.

(9) "Cultural park" means a definable urban area which is distinguished by historic resources and land related to such resources and which constitutes an interpretive, educational, and recreational resource for the public at large.

(10) "Historic conservation district" means an urban area of one or more neighborhoods and which contains (A) historic properties, (B) buildings having similar or related architectural characteristics, (C) cultural cohesiveness, or (D) any combination of the foregoing.

(11) "Secretary" means the Secretary of the Interior except where otherwise specified.

(12) "State historic preservation review board" means a board, council, commission, or other similar collegial body established as provided in section 470a(b)(1)(B) of this title—

(A) the members of which are appointed by the State Historic Preservation Officer (unless otherwise provided for by State law),

(B) a majority of the members of which are professionals qualified in the following and related disciplines: history, prehistoric and historic archaeology, architectural history, and architecture, and

(C) which has the authority to—

(i) review National Register nominations and appeals from nominations;

(ii) review appropriate documentation submitted in conjunction with the Historic Preservation Fund;

(iii) provide general advice and guidance to the State Historic Preservation Officer,[3] and

(iv) perform such other duties as may be appropriate.

(13) "Historic preservation review commission" means a board, council, commission, or other similar collegial body which is established by State or local legislation as provided in section 470a(c)(1)(B) of this title, and the members of which are appointed, unless otherwise provided by State or local legislation, by the chief elected official of the jurisdiction concerned from among—

(A) professionals in the disciplines of architecture, history, architectural history, planning, archaeology, or related disciplines, to the extent such professionals are available in the community concerned, and

(B) such other persons as have demonstrated special interest, experience, or knowledge in history, architecture, or related disciplines and as will provide for an adequate and qualified commission.

---

[3] So in original. The comma probably should be a semicolon.

(Pub. L. 89-665, title III, § 301, as added Pub. L. 96-515, title V, § 501, Dec. 12, 1980, 94 Stat. 3001.)

REFERENCES IN TEXT

The Alaska Native Claims Settlement Act, referred to in par. (4), is Pub. L. 92-203, Dec. 18, 1971, 85 Stat. 688, as amended, which is classified generally to chapter 33 (§ 1601 et seq.) of Title 43, Public Lands. For complete classification of this Act of the Code, see Short Title note set out under section 1601 of Title 43 and Tables.

§ 470w-1. Authorization for expenditure of appropriated funds

Where appropriate, each Federal agency is authorized to expend funds appropriated for its authorized programs for the purposes of activities carried out pursuant to this subchapter, except to the extent appropriations legislation expressly provides otherwise.

(Pub. L. 89-665, title III, § 302, as added Pub. L. 96-515, title V, § 501, Dec. 12, 1980, 94 Stat. 3002.)

§ 470w-2. Donations and bequests of money, personal property and less than fee interests in historic property

(a) The Secretary is authorized to accept donations and bequests of money and personal property for the purposes of this subchapter and shall hold, use, expend, and administer the same for such purposes.

(b) The Secretary is authorized to accept gifts or donations of less than fee interests in any historic property where the acceptance of such interests will facilitate the conservation or preservation of such properties. Nothing in this section or in any provision of this subchapter shall be construed to affect or impair any other authority of the Secretary under other provision of law to accept or acquire any property for conservation or preservation or for any other purpose.

(Pub. L. 89-665, title III, § 303, as added Pub. L. 96-515, title V, § 501, Dec. 12, 1980, 94 Stat. 3002.)

§ 470w-3. Information relating to location or character of historic resources, disclosure to public

The head of any Federal agency, after consultation with the Secretary, shall withhold from disclosure to the public, information relating to the location or character of historic resources whenever the head of the agency or the Secretary determines that the disclosure of such information may create a substantial risk of harm, theft, or destruction to such resources or to the area or place where such resources are located.

(Pub. L. 89-665, title III, § 304, as added Pub. L. 96-515, title V, § 501, Dec. 12, 1980, 94 Stat. 3002.)

§ 470w-4. Attorneys' fees and costs to prevailing parties in civil actions

In any civil action brought in any United States district court by any interested person to enforce the provisions of this subchapter, if such person substantially prevails in such action, the court may award attorneys' fees, expert witness fees, and other costs of participating in such action, as the court deems reasonable.

(Pub. L. 89-665, title III, § 305, as added Pub. L. 96-515, title V, § 501, Dec. 12, 1980, 94 Stat. 3002.)

§ 470w-5. National Museum for the Building Arts

(a) Cooperative agreement between Secretary, Administrator of General Services Administration and Committee for National Museum of the Building Arts; purposes

In order to provide a national center to commemorate and encourage the building arts and to preserve and maintain a nationally significant building which exemplifies the great achievements of the building arts in the United States, the Secretary and the Administrator of the General Services Administration are authorized and directed to enter into a cooperative agreement with the Committee for a National Museum of the Building Arts, Incorporated, a nonprofit corporation organized and existing under the laws of the District of Columbia, or its successor, for the operation of a National Museum for the Building Arts in the Federal Building located in the block bounded by Fourth Street, Fifth Street, F Street, and G Street, Northwest in Washington, District of Columbia. Such museum shall—

(1) collect and disseminate information concerning the building arts, including the establishment of a national reference center for current and historic documents, publications, and research relating to the building arts;

(2) foster educational programs relating to the history, practice and contribution to society of the building arts, including promotion of imaginative educational approaches to enhance understanding and appreciation of all facets of the building arts;

(3) publicly display temporary and permanent exhibits illustrating, interpreting and demonstrating the building arts;

(4) sponsor or conduct research and study into the history of the building arts and their role in shaping our civilization; and

(5) encourage contributions to the building arts.

(b) Provisions of cooperative agreement

The cooperative agreement referred to in subsection (a) of this section shall include provisions which—

(1) make the site available to the Committee referred to in subsection (a) of this section without charge;

(2) provide, subject to available appropriations, such maintenance, security, information, janitorial and other services as may be necessary to assure the preservation and operation of the site; and

(3) prescribe reasonable terms and conditions by which the Committee can fulfill its responsibilities under this subchapter.

(c) Matching grants-in-aid to Committee; limitation on amounts

The Secretary is authorized and directed to provide matching grants-in-aid to the Committee referred to in subsection (a) of this section for its programs related to historic preservation. The Committee shall match such grants-in-aid in a manner and with such funds and services as shall be satisfactory to the Secretary, except that no more than $500,000 may be provided to the Committee in any one fiscal year.

(d) Renovation of site

The renovation of the site shall be carried out by the Administrator with the advice of the Secretary. Such renovation shall, as far as practicable—

(1) be commenced immediately,

(2) preserve, enhance, and restore the distinctive and historically authentic architectural character of the site consistent with the needs of a national museum of the building arts and other compatible use, and

(3) retain the availability of the central court of the building, or portions thereof, for appropriate public activities.

(e) Annual Committee report to Secretary and Administrator

The Committee shall submit an annual report to the Secretary and the Administrator concerning its activities under this section and shall provide the Secretary and the Administrator with such other information as the Secretary may, from time to time, deem necessary or advisable.

(f) "Building arts" defined

For purposes of this section, the term "building arts" includes, but shall not be limited to, all practical and scholarly aspects of prehistoric, historic, and contemporary architecture, archaeology, construction, building technology and skills, landscape architecture, preservation and conservation, building and construction, engineering, urban and community design and renewal, city and regional planning, and related professions, skills, trades, and crafts.

(Pub. L. 89-665, title III, § 306, as added Pub. L. 96-515, title V, § 501, Dec. 12, 1980, 94 Stat. 3002.)

§ 470w–6. Effective date of regulations

(a) Copy to Congress prior to publication in Federal Register; effective date of final regulations

At least thirty days prior to publishing in the Federal Register any proposed regulation required by this subchapter, the Secretary shall transmit a copy of the regulation to the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the Senate. The Secretary also shall transmit to such committees a copy of any final regulation prior to its publication in the Federal Register. Except as provided in subsection (b) of this section, no final regulation of the Secretary shall become effective prior to the expiration of thirty calendar days after it is published in the Federal Register during which either or both Houses of Congress are in session.

(b) Effective date of final regulation in case of emergency

In the case of an emergency, a final regulation of the Secretary may become effective without regard to the last sentence of subsection (a) of this section if the Secretary notified in writing the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate setting forth the reasons why it is necessary to make the regulation effective prior to the expiration of the thirty-day period.

(c) Disapproval of regulation by resolution of Congress

Except as provided in subsection (b) of this section, the regulation shall not become effective if, within ninety calendar days of continuous session of Congress after the date of promulgation, both Houses of Congress adopt a concurrent resolution, the matter after the resolving clause of which is as follows: "That Congress disapproves the regulation promulgated by the Secretary dealing with the matter of _______, which regulation was transmitted to Congress on _______.", the blank spaces therein being appropriately filled.

(d) Failure of Congress to adopt resolution of disapproval of regulation

If at the end of sixty calendar days of continuous session of Congress after the date of promulgation of a regulation, no committee of either House of Congress has reported or been discharged from further consideration of a concurrent resolution disapproving the regulation, and neither House has adopted such a resolution, the regulation may go into effect immediately. If, within such sixty calendar days, such a committee has reported or been discharged from further consideration of such a resolution, the regulation may go into effect not sooner than ninety calendar days of continuous session of Congress after its promulgation unless disapproved as provided for.

(e) Sessions of Congress

For the purposes of this section—

(1) continuity of session is broken only by an adjournment sine die; and

(2) the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of sixty and ninety calendar days of continuous session of Congress.

(f) Congressional inaction or rejection of resolution of disapproval not deemed approval of regulation

Congressional inaction on or rejection of a resolution of disapproval shall not be deemed an expression of approval of such regulation.

(Pub. L. 89-665, title III, § 307, as added Pub. L. 96-515, title V, § 501, Dec. 12, 1980, 94 Stat. 3004.)

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in sections 410pp-5, 460uu-41, 470a of this title; title 20 section 4424; title 43 section 2102.

§ 470aa. Congressional findings and declaration of purpose

(a) The Congress finds that—

(1) archaeological resources on public lands and Indian lands are an accessible and irreplaceable part of the Nation's heritage;

(2) these resources are increasingly endangered because of their commercial attractiveness;

(3) existing Federal laws do not provide adequate protection to prevent the loss and destruction of these archaeological resources and sites resulting from uncontrolled excavations and pillage; and

(4) there is a wealth of archaeological information which has been legally obtained by private individuals for noncommercial purposes and which could voluntarily be made available to professional archaeologists and institutions.

(b) The purpose of this chapter is to secure, for the present and future benefit of the American people, the protection of archaeological resources and sites which are on public lands and Indian lands, and to foster increased cooperation and exchange of information between governmental authorities, the professional archaeological community, and private individuals having collections of archaeological resources and data which were obtained before October 31, 1979.

(Pub. L. 96-95, § 2, Oct. 31, 1979, 93 Stat. 721.)

SHORT TITLE

Section 1 of Pub. L. 96-95 provided that: "This Act [enacting this chapter] may be cited as the 'Archaeological Resources Protection Act of 1979'."

§ 470bb. Definitions

As used in this chapter—

(1) The term "archaeological resource" means any material remains of past human life or activities which are of archaeological interest, as determined under uniform regulations promulgated pursuant to this chapter. Such regulations containing such determination shall include, but not be limited to: pottery, basketry, bottles, weapons, weapon projectiles, tools, structures or portions of structures, pit houses, rock paintings, rock carvings, intaglios, graves, human skeletal materials, or any portion or piece of any of

the foregoing items. Nonfossilized and fossilized paleontological specimens, or any portion or piece thereof, shall not be considered archaeological resources, under the regulations under this paragraph, unless found in archaeological context. No item shall be treated as an archaeological resource under regulations under this paragraph unless such item is at least 100 years of age.

(2) The term "Federal land manager" means, with respect to any public lands, the Secretary of the department, or the head of any other agency or instrumentality of the United States, having primary management authority over such lands. In the case of any public lands or Indian lands with respect to which no department, agency, or instrumentality has primary management authority, such term means the Secretary of the Interior. If the Secretary of the Interior consents, the responsibilities (in whole or in part) under this chapter of the Secretary of any department (other than the Department of the Interior) or the head of any other agency or instrumentality may be delegated to the Secretary of the Interior with respect to any land managed by such other Secretary or agency head, and in any such case, the term "Federal land manager" means the Secretary of the Interior.

(3) The term "public lands" means—

(A) lands which are owned and administered by the United States as part of—

(i) the national park system,

(ii) the national wildlife refuge system, or

(iii) the national forest system, and

(B) all other lands the fee title to which is held by the United States, other than lands on the Outer Continental Shelf and lands which are under the jurisdiction of the Smithsonian Institution.

(4) The term "Indian lands" means lands of Indian tribes, or Indian individuals, which are either held in trust by the United States or subject to a restriction against alienation imposed by the United States, except for any subsurface interests in lands not owned or controlled by an Indian tribe or an Indian individual.

(5) The term "Indian tribe" means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in, or established pursuant to, the Alaska Native Claims Settlement Act (85 Stat. 688) [43 U.S.C. 1601 et seq.].

(6) The term "person" means an individual, corporation, partnership, trust, institution, association, or any other private entity or any officer, employee, agent, department, or instrumentality of the United States, of any Indian tribe, or of any State or political subdivision thereof.

(7) The term "State" means any of the fifty States, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands.

(Pub. L. 96-95, § 3, Oct. 31, 1979, 93 Stat. 721; Pub. L. 100-588, § 1(a), Nov. 3, 1988, 102 Stat. 2983.)

REFERENCES IN TEXT

The Alaska Native Claims Settlement Act, referred to in par. (5), is Pub. L. 92-203, Dec. 18, 1971, 85 Stat. 688, as amended, which is classified generally to chapter 33 (§ 1601 et seq.) of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 43 and Tables.

AMENDMENTS

1988—Par. (3). Pub. L. 100-588 substituted a period for semicolon at end.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 470ii of this title.

§ 470cc. Excavation and removal

(a) Application for permit

Any person may apply to the Federal land manager for a permit to excavate or remove any archaeological resource located on public lands or Indian lands and to carry out activities associated with such excavation or removal. The application shall be required, under uniform regulations under this chapter, to contain such information as the Federal land manager deems necessary, including information concerning the time, scope, and location and specific purpose of the proposed work.

(b) Determinations by Federal land manager prerequisite to issuance of permit

A permit may be issued pursuant to an application under subsection (a) of this section if the Federal land manager determines, pursuant to uniform regulations under this chapter, that—

(1) the applicant is qualified, to carry out the permitted activity,

(2) the activity is undertaken for the purpose of furthering archaeological knowledge in the public interest,

(3) the archaeological resources which are excavated or removed from public lands will remain the property of the United States, and such resources and copies of associated archaeological records and data will be preserved by a suitable university, museum, or other scientific or educational institution, and

(4) the activity pursuant to such permit is not inconsistent with any management plan applicable to the public lands concerned.

(c) Notification to Indian tribes of possible harm to or destruction of sites having religious or cultural importance

If a permit issued under this section may result in harm to, or destruction of, any religious or cultural site, as determined by the Federal land manager, before issuing such permit, the Federal land manager shall notify any Indian tribe which may consider the site as having religious or cultural importance. Such notice shall not be deemed a disclosure to the public for purposes of section 470hh of this title.

(d) Terms and conditions of permit

Any permit under this section shall contain such terms and conditions, pursuant to uniform regulations promulgated under this chapter, as the Federal land manager concerned deems necessary to carry out the purposes of this chapter.

(e) Identification of individuals responsible for complying with permit terms and conditions and other applicable laws

Each permit under this section shall identify the individual who shall be responsible for carrying out the terms and conditions of the permit and for otherwise complying with this chapter and other law applicable to the permitted activity.

(f) Suspension or revocation of permits; grounds

Any permit issued under this section may be suspended by the Federal land manager upon his determination that the permittee has violated any provision of subsection (a), (b), or (c) of section 470ee of this title. Any such permit may be revoked by such Federal land manager upon assessment of a civil penalty under section 470ff of this title against the permittee or upon the permittee's conviction under section 470ee of this title.

(g) Excavation or removal by Indian tribes or tribe members; excavation or removal of resources located on Indian lands

(1) No permit shall be required under this section or under the Act of June 8, 1906 (16 U.S.C. 431), for the excavation or removal by any Indian tribe or member thereof of any archaeological resource located on Indian lands of such Indian tribe, except that in the absence of tribal law regulating the excavation or removal of archaeological resources on Indian lands, an individual tribal member shall be required to obtain a permit under this section.

(2) In the case of any permits for the excavation or removal of any archaelogical resource located on Indian lands, the permit may be granted only after obtaining the consent of the Indian or Indian tribe owning or having jurisdiction over such lands. The permit shall include such terms and conditions as may be requested by such Indian or Indian tribe.

(h) Permits issued under Antiquities Act of 1906

(1) No permit or other permission shall be required under the Act of June 8, 1906 (16 U.S.C. 431-433), for any activity for which a permit is issued under this section.

(2) Any permit issued under the Act of June 8, 1906 [16 U.S.C. 431-433], shall remain in effect according to its terms and conditions following the enactment of this chapter. No permit under this chapter shall be required to carry out any activity under a permit issued under the Act of June 8, 1906, before October 31, 1979, which remains in effect as provided in this paragraph, and nothing in this chapter shall modify or affect any such permit.

(i) Compliance with provisions relating to undertakings on property listed in the National Register not required

Issuance of a permit in accordance with this section and applicable regulations shall not require compliance with section 470f of this title.

(j) Issuance of permits to State Governors for archaeological activities on behalf of States or their educational institutions

Upon the written request of the Governor of any State, the Federal land manager shall issue a permit, subject to the provisions of subsections (b)(3), (b)(4), (c), (e), (f), (g), (h), and (i) of this section for the purpose of conducting archaeological research, excavation, removal, and curation, on behalf of the State or its educational institutions, to such Governor or to such designee as the Governor deems qualified to carry out the intent of this chapter.

(Pub. L. 96-95, § 4, Oct. 31, 1979, 93 Stat. 722.)

REFERENCES IN TEXT

The Act of June 8, 1906, referred to in subsecs. (g)(1) and (h), is act June 8, 1906, ch. 3060, 34 Stat. 225, known as the Antiquities Act of 1906, which is classified generally to sections 431, 432, and 433 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 431 of this title and Tables.

Following the enactment of this chapter, referred to in subsec. (h)(2), means following the enactment of Pub. L. 96-95, approved Oct. 31, 1979.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 470ee of this title.

§ 470dd. Custody of archaeological resources

The Secretary of the Interior may promulgate regulations providing for—

(1) the exchange, where appropriate, between suitable universities, museums, or other scientific or educational institutions, of archaeological resources removed from public lands and Indian lands pursuant to this chapter, and

(2) the ultimate disposition of such resources and other resources removed pursuant to the Act of June 27, 1960 (16 U.S.C. 469-469c) [16 U.S.C. 469-469c-1] or the Act of June 8, 1906 (16 U.S.C. 431-433).

Any exchange or ultimate disposition under such regulation of archaeological resources excavated or removed from Indian lands shall be subject to the consent of the Indian or Indian tribe which owns or has jurisdiction over such lands. Following promulgation of regulations under this section, notwithstanding any other provision of law, such regulations shall govern the disposition of archaeological resources removed from public lands and Indian lands pursuant to this chapter.

(Pub. L. 96-95, § 5, Oct. 31, 1979, 93 Stat. 724.)

Act of June 27, 1960 (16 U.S.C. 469-469c), referred to in par. (2), is act June 27, 1960, Pub. L. 86-523, 74 Stat. 220, as amended, which is classified generally to sections 469 to 469c-1 of this title. For complete classification of this Act to the Code, see Tables.

Act of June 8, 1906 (16 U.S.C. 431-433), referred to in par. (2), is act June 8, 1906, ch. 3060, 34 Stat. 225, known as the Antiquities Act of 1906, which is classified generally to sections 431, 432, and 433 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 431 of this title and Tables.

§ 470ee. Prohibited acts and criminal penalties

(a) Unauthorized excavation, removal, damage, alteration, or defacement of archaeological resources

No person may excavate, remove, damage, or otherwise alter or deface, or attempt to excavate, remove, damage, or otherwise alter or deface any archaeological resource located on public lands or Indian lands unless such activity is pursuant to a permit issued under section 470cc of this title, a permit referred to in section 470cc(h)(2) of this title, or the exemption contained in section 470cc(g)(1) of this title.

(b) Trafficking in archaeological resources the excavation or removal of which was wrongful under Federal law

No person may sell, purchase, exchange, transport, receive, or offer to sell, purchase, or exchange any archaeological resource if such resource was excavated or removed from public lands or Indian lands in violation of—

(1) the prohibition contained in subsection (a) of this section, or

(2) any provision, rule, regulation, ordinance, or permit in effect under any other provision of Federal law.

(c) Trafficking in interstate or foreign commerce in archaeological resources the excavation, removal, sale, purchase, exchange, transportation or receipt of which was wrongful under State or local law

No person may sell, purchase, exchange, transport, receive, or offer to sell, purchase, or exchange, in interstate or foreign commerce, any archaeological resource excavated, removed, sold, purchased, exchanged, transported, or received in violation of any provision, rule, regulation, ordinance, or permit in effect under State or local law.

(d) Penalties

Any person who knowingly violates, or counsels, procures, solicits, or employs any other person to violate, any prohibition contained in subsection (a), (b), or (c) of this section shall, upon conviction, be fined not more than $10,000 or imprisoned not more than one year, or both: *Provided, however*, That if the commercial or archaeological value of the archaeological resources involved and the cost of restoration and repair of such resources exceeds the sum of $500, such person shall be fined not more than $20,000 or imprisoned not more than two years, or both. In the case of a second or subsequent such violation upon conviction such person shall be fined not more than $100,000, or imprisoned not more than five years, or both.

(e) Effective date

The prohibitions contained in this section shall take effect on October 31, 1979.

(f) Prospective application

Nothing in subsection (b)(1) of this section shall be deemed applicable to any person with respect to an archaeological resource which was in the lawful possession of such person prior to October 31, 1979.

(g) Removal of arrowheads located on ground surface

Nothing in subsection (d) of this section shall be deemed applicable to any person with respect to the removal of arrowheads located on the surface of the ground.

(Pub. L. 96-95, § 6, Oct. 31, 1979, 93 Stat. 724; Pub. L. 100-588, § 1(b), (c), Nov. 3, 1988, 102 Stat. 2983.)

AMENDMENTS

1988—Subsec. (a). Pub. L. 100-588, § 1(b), inserted ", or attempt to excavate, remove, damage, or otherwise alter or deface" after "deface".

Subsec. (d). Pub. L. 100-588, § 1(c), substituted "$500" for "$5,000".

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 470ee, 470gg of this title.

§ 470ff. Civil penalties

(a) Assessment by Federal land manager

(1) Any person who violates any prohibition contained in an applicable regulation or permit issued under this chapter may be assessed a civil penalty by the Federal land manager concerned. No penalty may be assessed under this subsection unless such person is given notice and opportunity for a hearing with respect to such violation. Each violation shall be a separate offense. Any such civil penalty may be remitted or mitigated by the Federal land manager concerned.

(2) The amount of such penalty shall be determined under regulations promulgated pursuant to this chapter, taking into account, in addition to other factors—

(A) the archaeological or commercial value of the archaeological resource involved, and

(B) the cost of restoration and repair of the resource and the archaeological site involved.

Such regulations shall provide that, in the case of a second or subsequent violation by any person, the amount of such civil penalty may be double the amount which would have been assessed if such violation were the first violation by such person. The amount of any penalty assessed under this subsection for any violation shall not exceed an amount equal to double the cost of restoration and repair of resources and archaeological sites damaged and double the fair market value of resources destroyed or not recovered.

(3) No penalty shall be assessed under this section for the removal of arrowheads located on the surface of the ground.

(b) Judicial review of assessed penalties; collection of unpaid assessments

(1) Any person aggrieved by an order assessing a civil penalty under subsection (a) of this section may file a petition for judicial review of such order with the United States District Court for the District of Columbia or for any other district in which such a person resides or transacts business. Such a petition may only be filed within the 30-day period beginning on the date the order making such assessment was issued. The court shall hear such action on the record made before the Federal land manager and shall sustain his action if it is supported by substantial evidence on the record considered as a whole.

(2) If any person fails to pay an assessment of a civil penalty—

(A) after the order making the assessment has become a final order and such person has not filed a petition for judicial review of the order in accordance with paragraph (1), or

(B) after a court in an action brought under paragraph (1) has entered a final judgment upholding the assessment of a civil penalty,

the Federal land managers may request the Attorney General to institute a civil action in a district court of the United States for any district in which such person is found, resides, or transacts business to collect the penalty and such court shall have jurisdiction to hear and decide any such action. In such action, the validity and amount of such penalty shall not be subject to review.

(c) Hearings

Hearings held during proceedings for the assessment of civil penalties authorized by subsection (a) of this section shall be conducted in accordance with section 554 of title 5. The Federal land manager may issue subpenas for the attendance and testimony of witnesses and the production of relevant papers, books, and documents, and administer oaths. Witnesses summoned shall be paid the same fees and mileage that are paid to witnesses in the courts of the United States. In case of contumacy or refusal to obey a subpena served upon any person pursuant to this paragraph, the district court of the United States for any district in which such person is found or resides or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony before the Federal land manager or to appear and produce documents before the Federal land manager, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

(Pub. L. 96-95, § 7, Oct. 31, 1979, 93 Stat. 725.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 470cc, 470gg of this title.

§ 470gg. Enforcement

(a) Rewards

Upon the certification of the Federal land manager concerned, the Secretary of the Treasury is directed to pay from penalties and fines collected under sections 470ee and 470ff of this title an amount equal to one-half of such penalty or fine, but not to exceed $500, to any person who furnishes information which leads to the finding of a civil violation, or the conviction of criminal violation, with respect to which such penalty or fine was paid. If several persons provided such information, such amount shall be divided among such persons. No officer or employee of the United States or of any State or local government who furnishes information or renders service in the performance of his official duties shall be eligible for payment under this subsection.

(b) Forfeitures

All archaeological resources with respect to which a violation of subsection (a), (b), or (c) of section 470ee of this title occurred and which are in the possession of any person, and all vehicles and equipment of any person which were used in connection with such violation, may be (in the discretion of the court or administrative law judge, as the case may be) subject to forfeiture to the United States upon—

(1) such person's conviction of such violation under section 470ee of this title,

(2) assessment of a civil penalty against such person under section 470ff of this title with respect to such violation, or

(3) a determination by any court that such archaeological resources, vehicles, or equipment were involved in such violation.

(c) Disposition of penalties collected and items forfeited in cases involving archaeological resources excavated or removed from Indian lands

In cases in which a violation of the prohibition contained in subsection (a), (b), or (c) of section 470ee of this title involve archaeological resources excavated or removed from Indian lands, the Federal land manager or the court, as the case may be, shall provide for the payment to the Indian or Indian tribe involved of all penalties collected pursuant to section 470ff of this title and for the transfer to such Indian or Indian tribe of all items forfeited under this section.

(Pub. L. 96-95, § 8, Oct. 31, 1979, 93 Stat. 726.)

§ 470hh. Confidentiality of information concerning nature and location of archaeological resources

(a) Disclosure of information

Information concerning the nature and location of any archaeological resource for which the excavation or removal requires a permit or other permission under this chapter or under any other provision of Federal law may not be made available to the public under subchapter II of chapter 5 of title 5 or under any other provision of law unless the Federal land manager concerned determines that such disclosure would—

(1) further the purposes of this chapter or the Act of June 27, 1960 (16 U.S.C. 469-469c) [16 U.S.C. 469-469c-1], and

(2) not create a risk of harm to such resources or to the site at which such resources are located.

(b) Request for disclosure by Governors

Notwithstanding the provisions of subsection (a) of this section, upon the written request of the Governor of any State, which request shall state—

(1) the specific site or area for which information is sought,

(2) the purpose for which such information is sought,

(3) a commitment by the Governor to adequately protect the confidentiality of such information to protect the resource from commercial exploitation,

the Federal land manager concerned shall provide to the Governor information concerning the nature and location of archaeological resources within the State of the requesting Governor.

(Pub. L. 96-95, § 9, Oct. 31, 1979, 93 Stat. 727.)

REFERENCES IN TEXT

Act of June 27, 1960 (16 U.S.C. 469-469c), referred to in subsec. (a)(1), is act June 27, 1960, Pub. L. 86-523, 74 Stat. 220, as amended, which is classified generally to sections 469 to 469c-1 of this title. For complete classification of this Act to the Code, see Tables.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 470cc of this title.

§ 470ii. Rules and regulations; intergovernmental coordination

(a) Promulgation; effective date

The Secretaries of the Interior, Agriculture and Defense and the Chairman of the Board of the Tennessee Valley Authority, after consultation with other Federal land managers, Indian tribes, representatives of concerned State agencies, and after public notice and hearing, shall promulgate such uniform rules and regulations as may be appropriate to carry out the purposes of this chapter. Such rules and regulations may be promulgated only after consideration of the provisions of the American Indian Religious Freedom Act (92 Stat. 469; 42 U.S.C. 1996). Each uniform rule or regulation promulgated under this chapter shall be submitted on the same calendar day to the Committee on Energy and Natural Resources of the United States Senate and to the Committee on Interior and Insular Affairs of the United States House of Representatives, and no such uniform rule or regulation may take effect before the expiration of a period of ninety calendar days following the date of its submission to such Committees.

(b) Federal land managers' rules

Each Federal land manager shall promulgate such rules and regulations, consistent with the uniform rules and regulations under subsection (a) of this section, as may be appropriate for the carrying out of his functions and authorities under this chapter.

(c) Federal land managers' public awareness program of archaeological resources on public lands and Indian lands; report

Each Federal land manager shall establish a program to increase public awareness of the significance of the archaeological resources located on public lands and Indian lands and the need to protect such resources. Each such land manager shall submit an annual report to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate regarding the actions taken under such program.

(Pub. L. 96-95, § 10, Oct. 31, 1979, 93 Stat. 727; Pub. L. 100-588, § 1(d), Nov. 3, 1988, 102 Stat. 2983.)

AMENDMENTS

1988—Subsec. (c). Pub. L. 100-588 added subsec. (c).

§ 470jj. Cooperation with private individuals

The Secretary of the Interior shall take such action as may be necessary, consistent with the purposes of this chapter, to foster and improve the communication, cooperation, and exchange of information between—

(1) private individuals having collections of archaeological resources and data which were obtained before the date of the enactment of this chapter, and

(2) Federal authorities responsible for the protection of archaeological resources on the public lands and Indian lands and professional archaeologists and associations of professional archaeologists.

In carrying out this section, the Secretary shall, to the extent practicable and consistent with the provisions of this chapter, make efforts to expand the archaeological data base for the archaeological resources of the United States through increased cooperation between private individuals referred to in paragraph (1) and professional archaeologists and archaeological organizations.

(Pub. L. 96-95, § 11, Oct. 31, 1979, 93 Stat. 727.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 470*ll* of this title.

§ 470kk. Savings provisions

(a) Mining, mineral leasing, reclamation, and other multiple uses

Nothing in this chapter shall be construed to repeal, modify, or impose additional restrictions on the activities permitted under existing laws and authorities relating to mining, mineral leasing, reclamation, and other multiple uses of the public lands.

(b) Private collections

Nothing in this chapter applies to, or requires a permit for, the collection for private purposes of any rock, coin, bullet, or mineral which is not an archaeological resource, as determined under uniform regulations promulgated under section 470bb(1) of this title.

(c) Lands within chapter

Nothing in this chapter shall be construed to affect any land other than public land or Indian land or to affect the lawful recovery, collection, or sale of archaeological resources from land other than public land or Indian land.

(Pub. L. 96-95, § 12, Oct. 31, 1979, 93 Stat. 728.)

§ 470*ll*. Annual report to Congress

As part of the annual report required to be submitted to the specified committees of the Congress pursuant to section 469a-3(c) of this title, the Secretary of the Interior shall comprehensively report as a separate component on the activities carried out under the provisions of this chapter, and he shall make such recommendations as he deems appropriate as to changes or improvements needed in the provisions of this chapter. Such report shall include a brief summary of the actions undertaken by the Secretary under section 470jj of this title, relating to cooperation with private individuals.

(Pub. L. 96-95, § 13, Oct. 31, 1979, 93 Stat. 728.)

§ 470mm. Surveying of lands; reporting of violations

The Secretaries of the Interior, Agriculture, and Defense and the Chairman of the Board of the Tennessee Valley Authority shall—

(a) develop plans for surveying lands under their control to determine the nature and extent of archeological resources on those lands;

(b) prepare a schedule for surveying lands that are likely to contain the most scientifically valuable archeological resources; and

(c) develop documents for the reporting of suspected violations of this chapter and establish when and how those documents are to be completed by officers, employees, and agents of their respective agencies.

(Pub. L. 96-95, § 14, as added Pub. L. 100-555, Oct. 28, 1988, 102 Stat. 2778.)

CHAPTER 2—NATIONAL FORESTS

SUBCHAPTER I—ESTABLISHMENT AND ADMINISTRATION

Sec.
471. Repealed.
471a. Forest reserves in Nea Mexico and Arizona restricted.
471b. Repealed.
471c. Lands in California set aside as reserved forest lands.
471d. Additional forest reserves in California.
471e. Extension of boundaries of Sequoia National Forest.
471f. Cradle of Forestry in America in Pisgah National Forest; establishment, statement of purposes, publication in Federal Register.
471g. Administration, protection, and development; use of natural resources.
471h. Cooperation with public and private agencies, organizations, and individuals; acceptance of contributions and gifts.
471i. Pine Barrens Area, New Jersey.
  (a) Congressional findings.
  (b) Purposes.
  (c) Pinelands National Reserve and Federal Project Review Area; establishment; map, availability.
  (d) State planning entity for development of comprehensive management plan; membership; representation of interests; assistance and grants to State.
  (e) Planning entity consultations; public hearings.
  (f) Comprehensive management plan; terms and provisions; resource assessment; boundary map, delineations; land use map and policy statement; coordination and consistency, public use, and financial components; programs; water implementation plan.
Sec.
  (g) Comprehensive management plan and revisions; approval by Secretary; submission to Congress; approval considerations; disapproval and revision recommendations, notification; resubmission and consideration; Federal assistance, termination; modifications and revisions; reimbursement.
  (h) Grants for State acquisition of property; Secretary's acquisition and administration of property; conveyance by Secretary, terms and conditions; State reimbursement; grant authorization and applications; limitation.
  (i) Applications for Federal construction assistance; review by planning entity; notifications; commencement of review process.
  (j) Federal action pursuant to Federal court or agency orders related to public health or safety, national security or defense, or environmental values unaffected.
  (k) Authorization of appropriations; sources for appropriations; acquisitions consistent with management plan.
  (*l*) Pinelands interpretative and educational program; Interior Department study and recommendations.
472. Laws affecting national forest lands.
472a. Timber sales on National Forest System lands.
  (a) Authorization; rules and regulations; appraised value as minimum sale price.
  (b) Designation on map; prospectus.
  (c) Terms and conditions of contract.
  (d) Advertisement of sales; exceptions.
  (e) Bidding methods; purposes; oral auction procedures; monitoring and enforcement for prevention of collusive practices.
  (f) Research and demonstration projects.
  (g) Designation, marking, and supervision of harvesting; personnel.
  (h) Utilization standards, methods of measurement, and harvesting practices; monetary deposits by purchasers of salvage harvests; nature, purposes and availability of designated fund; return of surplus to Treasury.
  (i) Purchaser credit for permanent road construction; right of election of small business concerns; estimated cost; date of completion; use of funds for construction; effective date.
473. Revocation, modification, or vacation of orders or proclamations establishing national forests.

§ 1131. National Wilderness Preservation System

(a) Establishment; Congressional declaration of policy; wilderness areas; administration for public use and enjoyment, protection, preservation, and gathering and dissemination of information; provisions for designation as wilderness areas

In order to assure that an increasing population, accompanied by expanding settlement and growing mechanization, does not occupy and modify all areas within the United States and its possessions, leaving no lands designated for preservation and protection in their natural condition, it is hereby declared to be the policy of the Congress to secure for the American people of present and future generations the benefits of an enduring resource of wilderness. For this purpose there is hereby established a National Wilderness Preservation System to be composed of federally owned areas designated by Congress as "wilderness areas", and these shall be administered for the use and enjoyment of the American people in such manner as will leave them unimpaired for future use and enjoyment as wilderness, and so as to provide for the protection of these areas, the preservation of their wilderness character, and for the gathering and dissemination of information regarding their use and enjoyment as wilderness; and no Federal lands shall be designated as "wilderness areas" except as provided for in this chapter or by a subsequent Act.

(b) Management of area included in System; appropriations

The inclusion of an area in the National Wilderness Preservation System notwithstanding, the area shall continue to be managed by the Department and agency having jurisdiction thereover immediately before its inclusion in the National Wilderness Preservation System unless otherwise provided by Act of Congress. No appropriation shall be available for the payment of expenses or salaries for the administration of the National Wilderness Preservation System as a separate unit nor shall any appropriations be available for additional personnel stated as being required solely for the purpose of managing or administering areas solely because they are included within the National Wilderness Preservation System.

(c) "Wilderness" defined

A wilderness, in contrast with those areas where man and his own works dominate the landscape, is hereby recognized as an area where the earth and its community of life are untrammeled by man, where man himself is a visitor who does not remain. An area of wilderness is further defined to mean in this chapter an area of underdeveloped Federal land retaining its primeval character and influence, without permanent improvements or human habitation, which is protected and managed so as to preserve its natural conditions and which (1) generally appears to have been affected primarily by the forces of nature, with the imprint of man's work substantially unnoticeable; (2) has outstanding opportunities for solitude or a primitive and unconfined type of recreation; (3) has at least five thousand acres of land or is of sufficient size as to make practicable its preservation and use in an unimpaired condition; and (4) may also contain ecological, geological, or other features of scientific, educational, scenic, or historical value.

(Pub. L. 88-577, § 2, Sept. 3, 1964, 78 Stat. 890.)

SHORT TITLE

Section 1 of Pub. L. 88-577 provided that: "This Act [enacting this chapter] may be cited as the 'Wilderness Act'."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in title 43 section 1702.

§ 1132. Extent of System

(a) Designation of wilderness areas; filing of maps and descriptions with Congressional committees; correction of errors; public records; availability of records in regional offices

All areas within the national forests classified at least 30 days before September 3, 1964 by the Secretary of Agriculture or the Chief of the Forest Service as "wilderness", "wild", or "canoe" are hereby designated as wilderness areas. The Secretary of Agriculture shall—

(1) Within one year after September 3, 1964, file a map and legal description of each wilderness area with the Interior and Insular Affairs Committees of the United States Senate and the House of Representatives, and such descriptions shall have the same force and effect as if included in this chapter: *Provided, however*, That correction of clerical and typographical errors in such legal descriptions and maps may be made.

(2) Maintain, available to the public, records pertaining to said wilderness areas, including maps and legal descriptions, copies of regulations governing them, copies of public notices of, and reports submitted to Congress regarding pending additions, eliminations, or modifications. Maps, legal descriptions, and regulations pertaining to wilderness areas within their respective jurisdictions also shall be available to the public in the offices of regional foresters, national forest supervisors, and forest rangers.

(b) Review by Secretary of Agriculture of classifications as primitive areas; Presidential recommendations to Congress; approval of Congress; size of primitive areas; Gore Range-Eagles Nest Primitive Area, Colorado

The Secretary of Agriculture shall, within ten years after September 3, 1964, review, as to its suitability or nonsuitability for preservation as wilderness, each area in the national forests classified on September 3, 1964 by the Secretary of Agriculture or the Chief of the Forest Service as "primitive" and report his findings to the President. The President shall advise the United States Senate and House of Representatives of his recommendations with respect to the designation as "wilderness" or other reclassification of each area on which review has been completed, together with maps and a definition of boundaries. Such advice shall be given with respect to not less than one-third of all the areas now classified as "primitive" within three years after September 3, 1964, not less than two-thirds within seven years after September 3, 1964, and the remaining areas within ten years after September 3, 1964. Each recommendation of the President for designation as "wilderness" shall become effective only if so provided by an Act of Congress. Areas classified as "primitive" on September 3, 1964 shall continue to be administered under the rules and regulations affecting such areas on September 3, 1964 until Congress has determined otherwise. Any such area may be increased in size by the President at the time he submits his recommendations to the Congress by not more than five thousand acres with no more than one thousand two hundred and eighty acres of such increase in any one compact unit; if it is proposed to increase the size of any such area by more than five thousand acres or by more than one thousand two hundred and eighty acres in any one compact unit the increase in size shall not become effective until acted upon by Congress. Nothing herein contained shall limit the President in proposing, as part of his recommendations to Congress, the alteration of existing boundaries of primitive areas or recommending the addition of any contiguous area of national forest lands predominantly of wilderness value. Notwithstanding any other provisions of this chapter, the Secretary of Agriculture may complete his review and delete such area as may be necessary, but not to exceed seven thousand acres, from the southern tip of the Gore Range-Eagles Nest Primitive Area, Colorado, if the Secretary determines that such action is in the public interest.

(c) Review by Secretary of the Interior of roadless areas of national park system and national wildlife refuges and game ranges and suitability of areas for preservation as wilderness; authority of Secretary of the Interior to maintain roadless areas in national park system unaffected

Within ten years after September 3, 1964 the Secretary of the Interior shall review every roadless area of five thousand contiguous acres or more in the national parks, monuments and other units of the national park system and every such area of, and every roadless island within the national wildlife refuges and game ranges, under his jurisdiction on September 3, 1964 and shall report to the President his recommendation as to the suitability or nonsuitability of each such area or island for preservation as wilderness. The President shall advise the President of the Senate and the Speaker of the House of Representatives of his recommendation with respect to the designation as wilderness of each such area or island on which review has been completed, together with a map thereof and a definition of its boundaries. Such advice shall be given with respect to not less than one-third of the areas and islands to be reviewed under this subsection within three years after September 3, 1964, not less than two-thirds within seven years of September 3, 1964 and the remainder within ten years of September 3, 1964. A recommendation of the President for designation as wilderness shall become effective only if so provided by an Act of Congress. Nothing contained herein shall, by implication or otherwise, be construed to lessen the present statutory authority of the Secretary of the Interior with respect to the maintenance of roadless areas within units of the national park system.

(d) Conditions precedent to administrative recommendations of suitability of areas for preservation as wilderness; publication in Federal Register; public hearings; views of State, county, and Federal officials; submission of views to Congress

(1) The Secretary of Agriculture and the Secretary of the Interior shall, prior to submitting any recommendations to the President with respect to the suitability of any area for preservation as wilderness—

(A) give such public notice of the proposed action as they deem appropriate, including publication in the Federal Register and in a newspaper having general circulation in the area or areas in the vicinity of the affected land;

(B) hold a public hearing or hearings at a location or locations convenient to the area affected. The hearings shall be announced through such means as the respective Secretaries involved deem appropriate, including notices in the Federal Register and in newspapers of general circulation in the area: *Provided*, That if the lands involved are located in more than one State, at least one hearing shall be held in each State in which a portion of the land lies;

(C) at least thirty days before the date of a hearing advise the Governor of each State and the governing board of each county, or in Alaska the borough, in which the lands are located, and Federal departments and agencies concerned, and invite such officials and Federal agencies to submit their views on the proposed action at the hearing or by no later than thirty days following the date of the hearing.

(2) Any views submitted to the appropriate Secretary under the provisions of (1) of this subsection with respect to any area shall be included with any recommendations to the President and to Congress with respect to such area.

(e) Modification or adjustment of boundaries; public notice and hearings; administrative and executive recommendations to Congress; approval of Congress

Any modification or adjustment of boundaries of any wilderness area shall be recommended by the appropriate Secretary after public notice of such proposal and public hearing or hearings as provided in subsection (d) of this section. The proposed modification or adjustment shall then be recommended with map and description thereof to the President. The President shall advise the United States Senate and the House of Representatives of his recommendations with respect to such modification or adjustment and such recommendations shall become effective only in the same manner as provided for in subsections (b) and (c) of this section.

(Pub. L. 88-577, § 3, Sept. 3, 1964, 78 Stat. 891.)

CHANGE OF NAME

The Committee on Interior and Insular Affairs of the Senate was abolished and replaced by the Committee on Energy and Natural Resources of the Senate, effective Feb. 11, 1977. See Rule XXV of the Standing Rules of the Senate, as amended by Senate Resolution 4 (popularly cited as the "Committee System Reorganization Amendments of 1977"), approved Feb. 4, 1977.

Yosemite Wilderness, Yosemite National Park Wilderness, California.—Pub. L. 98-425, title I, § 106(a)(1), Sept. 28, 1984, 98 Stat. 1626.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 90e-3, 228i-1, 271e, 272d, 273d, 410ff-5, 410gg-3, 459g-6, 459h-7, 459i-8, 459j-7, 460m-13, 460x-5, 460x-15, 460z-11, 460aa-4, 460dd-8, 460gg-5, 698d, 698*l*, 3205 of this title; title 43 section 1782.

§ 1133. Use of wilderness areas

(a) Purposes of national forests, national park system, and national wildlife refuge system; other provisions applicable to national forests, Superior National Forest, and national park system

The purposes of this chapter are hereby declared to be within and supplemental to the purposes for which national forests and units of the national park and national wildlife refuge systems are established and administered and—

(1) Nothing in this chapter shall be deemed to be in interference with the purpose for which national forests are established as set forth in the Act of June 4, 1897 (30 Stat. 11), and the Multiple-Use Sustained-Yield Act of

June 12, 1960 (74 Stat. 215) [16 U.S.C. 528-531].

(2) Nothing in this chapter shall modify the restrictions and provisions of the Shipstead-Nolan Act (Public Law 539, Seventy-first Congress, July 10, 1930; 46 Stat. 1020), the Thye-Blatnik Act (Public Law 733, Eightieth Congress, June 22, 1948; 62 Stat. 568), and the Humphrey-Thye-Blatnik-Andresen Act (Public Law 607, Eighty-Fourth Congress, June 22, 1956; 70 Stat. 326), as applying to the Superior National Forest or the regulations of the Secretary of Agriculture.

(3) Nothing in this chapter shall modify the statutory authority under which units of the national park system are created. Further, the designation of any area of any park, monument, or other unit of the national park system as a wilderness area pursuant to this chapter shall in no manner lower the standards evolved for the use and preservation of such park, monument, or other unit of the national park system in accordance with sections 1 and 2 to 4 of this title, the statutory authority under which the area was created, or any other Act of Congress which might pertain to or affect such area, including, but not limited to, the Act of June 8, 1906 (34 Stat. 225; 16 U.S.C. 432 et seq.); section 3(2) of the Federal Power Act (16 U.S.C. 796(2)); and the Act of August 21, 1935 (49 Stat. 666; 16 U.S.C. 461 et seq.).

(b) Agency responsibility for preservation and administration to preserve wilderness character; public purposes of wilderness areas

Except as otherwise provided in this chapter, each agency administering any area designated as wilderness shall be responsible for preserving the wilderness character of the area and shall so administer such area for such other purposes for which it may have been established as also to preserve its wilderness character. Except as otherwise provided in this chapter, wilderness areas shall be devoted to the public purposes of recreational, scenic, scientific, educational, conservation, and historical use.

(c) Prohibition provisions: commercial enterprise, permanent or temporary roads, mechanical transports, and structures or installations; exceptions: area administration and personal health and safety emergencies

Except as specifically provided for in this chapter, and subject to existing private rights, there shall be no commercial enterprise and no permanent road within any wilderness area designated by this chapter and, except as necessary to meet minimum requirements for the administration of the area for the purpose of this chapter (including measures required in emergencies involving the health and safety of persons within the area), there shall be no temporary road, no use of motor vehicles, motorized equipment or motorboats, no landing of aircraft, no other form of mechanical transport, and no structure or installation within any such area.

(d) Special provisions

The following special provisions are hereby made:

(1) Aircraft or motorboats; fire, insects, and diseases

Within wilderness areas designated by this chapter the use of aircraft or motorboats, where these uses have already become established, may be permitted to continue subject to such restrictions as the Secretary of Agriculture deems desirable. In addition, such measures may be taken as may be necessary in the control of fire, insects, and diseases, subject to such conditions as the Secretary deems desirable.

(2) Mineral activities, surveys for mineral value

Nothing in this chapter shall prevent within national forest wilderness areas any activity, including prospecting, for the purpose of gathering information about mineral or other resources, if such activity is carried on in a manner compatible with the preservation of the wilderness environment. Furthermore, in accordance with such program as the Secretary of the Interior shall develop and conduct in consultation with the Secretary of Agriculture, such areas shall be surveyed on a planned, recurring basis consistent with the concept of wilderness preservation by the Geological Survey and the Bureau of Mines to determine the mineral values, if any, that may be present; and the results of such surveys shall be made available to the public and submitted to the President and Congress.

(3) Mining and mineral leasing laws; leases, permits, and licenses; withdrawal of minerals from appropriation and disposition

Notwithstanding any other provisions of this chapter, until midnight December 31, 1983, the United States mining laws and all laws pertaining to mineral leasing shall, to the same extent as applicable prior to September 3, 1964, extend to those national forest lands designated by this chapter as "wilderness areas"; subject, however, to such reasonable regulations governing ingress and egress as may be prescribed by the Secretary of Agriculture consistent with the use of the land for mineral location and development and exploration, drilling, and production, and use of land for transmission lines, waterlines, telephone lines, or facilities necessary in exploring, drilling, producing, mining, and processing operations, including where essential the use of mechanized ground or air equipment and restoration as near as practicable of the surface of the land disturbed in performing prospecting, location, and, in oil and gas leasing, discovery work, exploration, drilling, and production, as soon as they have served their purpose. Mining locations lying within the boundaries of said wilderness areas shall be held and used solely for mining or processing operations and uses reasonably incident thereto; and hereafter, subject to valid existing rights, all patents issued under the mining laws of the United States affecting national forest lands designated by this chapter as wilderness areas shall convey title to the mineral deposits within the claim, together with the right to cut and use so much of the mature timber therefrom as may be needed in the extraction, removal, and beneficiation of the mineral deposits, if needed timber is not otherwise reasonably available, and if the timber is cut under sound principles of forest management as defined by the national forest rules and regulations, but each such patent shall reserve to the United States all title in or to the surface of the lands and products thereof, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining or prospecting shall be allowed except as otherwise expressly provided in this chapter: *Provided*, That, unless hereafter specifically authorized, no patent within wilderness areas designated by this chapter shall issue after December 31, 1983, except for the valid claims existing on or before December 31, 1983. Mining claims located after September 3, 1964, within the boundaries of wilderness areas designated by this chapter shall create no rights in excess of those rights which may be patented under the provisions of this subsection. Mineral leases, permits, and licenses covering lands within national forest wilderness areas designated by this chapter shall contain such reasonable stipulations as may be prescribed by the Secretary of Agriculture for the protection of the wilderness character of the land consistent with the use of the land for the purposes for which they are leased, permitted, or licensed. Subject to valid rights then existing, effective January 1, 1984, the minerals in lands designated by this chapter as wilderness areas are withdrawn from all forms of appropriation under the mining laws and from disposition under all laws pertaining to mineral leasing and all amendments thereto.

(4) Water resources, reservoirs, and other facilities; grazing

Within wilderness areas in the national forests designated by this chapter, (1) the President may, within a specific area and in accordance with such regulations as he may deem desirable, authorize prospecting for water resources, the establishment and maintenance of reservoirs, water-conservation works, power projects, transmission lines, and other facilities needed in the public interest, including the road construction and maintenance essential to development and use thereof, upon his determination that such use or uses in the specific area will better serve the interests of the United States and the people thereof than will its denial; and (2) the grazing of livestock, where established prior to September 3, 1964, shall be permitted to continue subject to such reasonable regulations as are deemed necessary by the Secretary of Agriculture.

(5) Commercial services

Commercial services may be performed within the wilderness areas designated by this chapter to the extent necessary for activities which are proper for realizing the recreational or other wilderness purposes of the areas.

(6) State water laws exemption

Nothing in this chapter shall constitute an express or implied claim or denial on the part of the Federal Government as to exemption from State water laws.

(7) State jurisdiction of wildlife and fish in national forests

Nothing in this chapter shall be construed as affecting the jurisdiction or responsibilities of the several States with respect to wildlife and fish in the national forests.

(Pub. L. 88-577, § 4, Sept. 3, 1964, 78 Stat. 893; Pub. L. 95-495, § 4(b), Oct. 21, 1978, 92 Stat. 1650.)

Act of August 21, 1935, referred to in subsec. (a)(3), is act Aug. 21, 1935, ch. 593, 49 Stat. 666, as amended, known as the "Historic Sites, Buildings and Antiquities Act", which is classified to sections 461 to 467 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 461 of this title and Tables.

The United States mining laws and all laws pertaining to mineral leasing, referred to in subsec. (d)(3), are classified generally to Title 30, Mineral Lands and Mining.

AMENDMENTS

1978—Subsec. (d)(5) to (8). Pub. L. 95-495 redesignated pars. (6) to (8) as (5) to (7), respectively. Former par. (5), which related to the management of the Boundary Waters Canoe Area, Superior National Forest, Minnesota, was struck out.

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Interior related to compliance with system activities requiring coordination and approval under this chapter and such functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Department, related to compliance with this chapter with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§ 102(e), (f), 203(a), 44 F.R. 33663, [illegible]666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

LIVESTOCK GRAZING IN NATIONAL FOREST WILDERNESS AREAS

Pub. L. 96-560, title I, § 108, Dec. 22, 1980, 94 Stat. 3271, provided that: "The Congress hereby declares that, without amending the Wilderness Act of 1964 [this chapter], with respect to livestock grazing in National Forest wilderness areas, the provisions of the Wilderness Act relating to grazing shall be interpreted and administered in accordance with the guidelines contained under the heading 'Grazing in National Forest Wilderness' in the House Committee Report (H. Report 96-617) accompanying this Act [Pub. L. 96-560]."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 460vv-14 of this title; title 43 section 1782.

§ 1134. State and private lands within wilderness areas

(a) Access; exchange of lands; mineral interests restriction

In any case where State-owned or privately owned land is completely surrounded by national forest lands within areas designated by this chapter as wilderness, such State or private owner shall be given such rights as may be necessary to assure adequate access to such State-owned or privately owned land by such State or private owner and their successors in interest, or the State-owned land or privately owned land shall be exchanged for federally owned land in the same State of approximately equal value under authorities available to the Secretary of Agriculture: *Provided, however*, That the United States shall not transfer to a State or private owner any mineral interests unless the State or private owner relinquishes or causes to be relinquished to the United States the mineral interest in the surrounded land.

(b) Customary means for ingress and egress to wilderness areas subject to mining claims or other occupancies

In any case where valid mining claims or other valid occupancies are wholly within a designated national forest wilderness area, the Secretary of Agriculture shall, by reasonable regulations consistent with the preservation of the area as wilderness, permit ingress and egress to such surrounded areas by means which have been or are being customarily enjoyed with respect to other such areas similarly situated.

(c) Acquisition of lands

Subject to the appropriation of funds by Congress, the Secretary of Agriculture is authorized to acquire privately owned land within the perimeter of any area designated by this chapter as wilderness if (1) the owner concurs in such acquisition or (2) the acquisition is specifically authorized by Congress.

(Pub. L. 88-577, § 5, Sept. 3, 1964, 78 Stat. 896.)

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Department, related to compliance with this chapter with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§ 102(f), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

§ 1135. Gifts, bequests, and contributions

(a) Acceptance by Secretary of Agriculture of land for preservation as wilderness; regulations

The Secretary of Agriculture may accept gifts or bequests of land within wilderness areas designated by this chapter for preservation as wilderness. The Secretary of Agriculture may also accept gifts or bequests of land adjacent to wilderness areas designated by this chapter for preservation as wilderness if he has given sixty days advance notice thereof to the President of the Senate and the Speaker of the House of Representatives. Land accepted by the Secretary of Agriculture under this section shall become part of the wilderness area involved. Regulations with regard to any such land may be in accordance with such agreements, consistent with the policy of this chapter, as are made at the time of such gift, or such conditions, consistent with such policy, as may be included in, and accepted with, such bequest.

(b) Authorization to accept private contributions and gifts

The Secretary of Agriculture or the Secretary of the Interior is authorized to accept private contributions and gifts to be used to further the purposes of this chapter.

(Pub. L. 88-577, § 6, Sept. 3, 1964, 78 Stat. 896.)

§ 1136. Annual reports to Congress

At the opening of each session of Congress, the Secretaries of Agriculture and Interior shall jointly report to the President for transmission to Congress on the status of the wilderness system, including a list and descriptions of the areas in the system, regulations in effect, and other pertinent information, together with any recommendations they may care to make.

(Pub. L. 88-577, § 7, Sept. 3, 1964, 78 Stat. 896.)

CHAPTER 24—CONSERVATION AND PROTECTION OF NORTH PACIFIC FUR SEALS

SUBCHAPTER I—FUR SEAL MANAGEMENT

Sec.
1151. Definitions.
1152. Prohibitions.

1154. Scientific research on fur seal resources; use of fur seals for educational, scientific, or exhibition purposes.

Public Law 96-191
96th Congress

An Act

To establish an independent personnel system for employees of the General Accounting Office.

Feb. 15, 1980
[H.R. 5176]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "General Accounting Office Personnel Act of 1980".

General Accounting Office Personnel Act of 1980.
31 USC 1 note.

GENERAL PERSONNEL AUTHORITY

31 USC 52-1.

SEC. 2. The Comptroller General of the United States (hereinafter referred to as the "Comptroller General") may appoint, pay, assign, and direct such personnel as the Comptroller General determines necessary to discharge the duties and functions of the General Accounting Office.

ESTABLISHMENT OF PERSONNEL MANAGEMENT SYSTEM

31 USC 52-2.

SEC. 3. (a) The Comptroller General shall, not later than the effective date established by section 9(a), establish by regulation a personnel management system for the General Accounting Office (hereinafter referred to as the "personnel system") which shall meet the requirements of subsections (b) through (h). Before promulgating any regulation or any amendment thereto under this section, the Comptroller General shall provide notice and an opportunity for public comment. No reprisal or threat of reprisal shall be made against any employee of the General Accounting Office as a result of comments provided with respect to any proposed regulation or amendment under this section.

Notice and public comment.
Reprisal.
Functions.

(b)(1) The personnel system shall—

(A) embody the merit system principles described in section 2301(b) of title 5, United States Code;

(B) prohibit the personnel practices prohibited in section 2302(b) of such title;

5 USC 2302.

(C) prohibit the political activities prohibited under subchapter III of chapter 73 of title 5, United States Code;

5 USC 7321.

(D) assure that all employees of the General Accounting Office are appointed, promoted, and assigned solely on the basis of merit and fitness, but without regard to the provisions of title 5, United States Code, governing appointments and other personnel actions in the competitive service; and

(E) in the case of any individual who would be a preference eligible in the executive branch, provide preference for that individual in a manner and to an extent consistent with preference accorded to preference eligibles in the executive branch.

(2) Nothing in this section prohibits or restricts any lawful effort to achieve equal employment opportunity through affirmative action.

Employee pay.

(c) The personnel system shall provide that the pay of the employees of the General Accounting Office shall be fixed by the Comptroller General consistent with the principles of section 5301(a) of title 5, United States Code. Under the personnel system—

Rates, publication.

(1) the Comptroller General shall publish a schedule of pay rates which shall apply to employees of the General Accounting Office and, except as provided in paragraph (3) of this subsection or section 5, the highest rate under such schedule shall not exceed the highest rate of basic pay payable for GS-15 under the General Schedule;

5 USC 5332 note.

(2) except as provided in section 5, the pay of the employees of the General Accounting Office shall be adjusted at the same time and to the same extent as rates of basic pay are adjusted for the General Schedule;

5 USC 5332 note.

5 USC 5332 note.

(3) such schedule may provide for rates which do not exceed the maximum rate payable for grade GS-18 of the General Schedule for up to one hundred employees, reduced by the number of employees who are in the General Accounting Office Senior Executive Service established under section 5, except for employees in such service pursuant to section 5(a)(4); and

(4) employees of the General Accounting Office shall be entitled to grade and pay retention, consistent with the principles of subchapter VI of chapter 53 of title 5, United States Code.

5 USC 5361.
Employee performance appraisals.

(d) The personnel system shall include a system for performance appraisals of employees of the General Accounting Office which meets the requirements of section 4302 of title 5, United States Code. The personnel system shall provide that the Comptroller General has the same responsibility with respect to the performance appraisal system under this subsection as the Office of Personnel Management has with respect to the performance appraisal systems under such section. The Comptroller General shall implement the performance system required by this subsection as soon as practicable, but not later than October 1, 1981.

Labor-management relations program.

(e) The personnel system shall provide for procedures to ensure that each employee of the General Accounting Office has the right, freely and without fear of penalty or reprisal, to form, join, and assist an employee organization, or to refrain from such activity, and shall provide for a labor-management relations program, consistent with chapter 71 of title 5, United States Code.

5 USC 7101 *et seq.*

(f) The personnel system shall provide for the reduction in grade or removal of employees based on unacceptable performance consistent with section 4303 of title 5, United States Code, and the taking of other personnel actions consistent with chapter 75 of such title.

5 USC 7501 *et seq.*
Discrimination, prohibitions.

(g)(1) The personnel system shall provide that all personnel actions affecting employees or applicants for employment in the General Accounting Office shall be taken without regard to race, color, religion, age, sex, national origin, political affiliation, marital status, or handicapping condition.

Minority recruitment program.

(2) The personnel system shall include a minority recruitment program consistent with section 7201 of title 5, United States Code.

(3) Nothing in this Act shall be construed to abolish or diminish any right or remedy granted to employees of or applicants for employment in the General Accounting Office by section 717 of the Civil Rights Act of 1964 (42 U.S.C. 2000e-16), by sections 12 and 15 of the Age Discrimination in Employment Act of 1967 (29 U.S.C. 631, 633a), by section 6(d) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(d)), by sections 501 and 505 of the Rehabilitation Act of 1973 (29 U.S.C. 791, 794a), or by any other law prohibiting discrimination in Federal employment on the basis of race, color, religion, age, sex, national origin, political affiliation, marital status, or handicapping condition; except that, with respect to employees and applicants for employment in the General Accounting Office, authorities granted thereunder to the Equal Employment Opportunity Commission,

Office of Personnel Management, the Merit Systems Protection Board, or any other agency in the executive branch—

(A) involving oversight and appeals, shall be exercised by the General Accounting Office Personnel Appeals Board established by section 4; and

(B) involving other responsibilities, shall be exercised by the Comptroller General.

Complaints and grievances.

(h) The personnel system shall provide procedures for the processing of complaints and grievances which are not otherwise provided for under subsections (e), (f), and (g).

GENERAL ACCOUNTING OFFICE PERSONNEL APPEALS BOARD

31 USC 52-3.

SEC. 4. (a)(1) There is established within the General Accounting Office a board to be known as the General Accounting Office Personnel Appeals Board (hereinafter referred to as the "Board"). The Board shall be composed of five members appointed by the Comptroller General in accordance with this subsection.

Appointments.

(2) Each appointment made by the Comptroller General under paragraph (1) shall be made—

(A) from a written list of candidates submitted to the Comptroller General by any organization eligible to make such a submission under paragraph (4); and

(B) after consultation with organizations which represent employees of the General Accounting Office and with the member or members of each committee of the Congress having legislative jurisdiction over the personnel system who are designated by the chair of each such committee to consult with the Comptroller General.

Eligibility.

(3) An individual shall be eligible for appointment as a member of the Board only if such individual—

(A) has a total of three years of full-time or part-time experience in the adjudication or arbitration of personnel matters;

(B) is not a current or former officer or employee of the General Accounting Office;

(C) has the demonstrated ability, background, training, and experience necessary to be especially qualified to serve as a member of the Board; and

(D) demonstrates a capacity and willingness to devote sufficient time to service as a member of the Board in order to enable the Board to dispose of cases under this section in a timely manner.

(4) An organization shall be eligible to submit a list of candidates to the Comptroller General under paragraph (2)(A) if, in the opinion of the Comptroller General, the membership of the organization is composed primarily of individuals who are experienced in the adjudication or arbitration of personnel matters. The submission of any list under this paragraph shall be made in the form, at the time, and according to the procedures, which the Comptroller General may require.

Terms of office.

(b)(1) Except as provided in paragraph (2), members of the Board shall be appointed for terms of three years.

(2) Of the members first appointed to the Board two shall be appointed for a term of three years, two shall be appointed for a term of two years, and one shall be appointed for a term of one year, as designated by the Comptroller General at the time of appointment.

(3) Members of the Board shall not be eligible for reappointment.

Vacancies.

(4) Any vacancy in the membership of the Board shall be filled in the same manner as the original appointment. Any individual

appointed to fill a vacancy shall serve only for the unexpired portion of the term with respect to which such vacancy has occurred, except that, if the unexpired portion is less than one year, the Comptroller General may appoint the individual for a term which is equal to three years plus that unexpired portion.

(5) A member of the Board may continue to serve after the expiration of the term for which the member was appointed until a successor has taken office, except that the member may not so continue to serve for more than six months after the date on which the term for which the member was appointed otherwise would expire under this subsection.

Removal procedures.

(c)(1) A member of the Board may be removed from the Board—

(A) by majority vote of the members of the Board (other than the member who is the subject of the proposed action of removal); and

(B) only for inefficiency, neglect of duty, or malfeasance in office.

Notice and hearing.

Waiver.

(2) Any member of the Board who is the subject of any proposed action of removal under this subsection shall be given notice and opportunity for a hearing before the Board prior to any vote of the members of the Board under paragraph (1)(A). The Board may dispense with the opportunity for a hearing only upon the submission of a written waiver of the hearing to the Chair by the member subject to the proposed action.

Compensation.

5 USC 5332 note.

(d) Each member of the Board who is not otherwise employed by the United States Government shall receive compensation at a rate equal to the daily rate payable for GS-18 under the General Schedule under section 5332 of title 5, United States Code, including traveltime, for each day such member is engaged in the actual performance of duties as a member of the Board. A member of the Board who is an officer or employee of the United States Government shall serve without additional compensation. All members of the Board shall be entitled to travel expenses and per diem allowances in accordance with section 5703 of title 5, United States Code.

Chairperson.

(e) The members of the Board shall select from among the members of the Board a Chair who shall be the chief executive and administrative officer of the Board.

General Counsel.

(f)(1) The Chair shall select and the Comptroller General shall appoint an individual to serve as General Counsel of the Board (hereinafter referred to as the "General Counsel"). The General Counsel shall be eligible for reappointment and shall serve at the pleasure of the Chair.

(2) The Chair shall fix the rate of pay of the General Counsel, except that the rate of pay shall not exceed the maximum rate payable for GS-15 of the General Schedule.

5 USC 5332 note.

Duties.

(g) The General Counsel shall—

(1) investigate any allegation concerning prohibited personnel practices referred to in section 3(b)(1)(B) of this Act to the extent necessary to determine whether there are reasonable grounds to believe that any such practice has occurred, exists, or is to be taken by any employee of the General Accounting Office;

(2) investigate any allegation concerning prohibited political activities referred to in section 3(b)(1)(C) of this Act;

(3) investigate matters under the jurisdiction of the Board if so requested by the Board or any member of the Board; and

(4) otherwise assist the Board in carrying out its functions.

Corrective or disciplinary action, Board authority.

(h) The Board may consider, decide, and order corrective or disciplinary action (as appropriate) in cases arising from—

(1) employee appeals concerning any removal, suspension for

887

more than fourteen days, reduction in grade, reduction in pay, or furlough of thirty days or less;

(2) prohibited personnel practices referred to in section 3(b)(1)(B);

(3) prohibited political activities referred to in section 3(b)(1)(C) of this Act;

(4) determinations of appropriate units of employees for collective bargaining;

(5) elections and certifications of collective bargaining representatives;

(6) any labor practice prohibited under the labor-management system established under section 3(e) and any other matter appealable to the Board under that system;

(7) actions involving discrimination prohibited under section 3(g); and

(8) any other issue relating to the personnel of the General Accounting Office which the Comptroller General, by regulation, determines is most appropriately resolved by the Board.

(i) The Comptroller General shall promptly implement any corrective action ordered by the Board, in cases in which the Comptroller General has the authority to do so.

(j) The Board shall have authority to designate a panel of its members, or an individual member, to take any action which the Board is authorized to take under subsection (h). Any decision made under subsection (h) by a panel or individual member designated under this subsection shall be considered to be a final decision of the Board unless the decision is reopened and reconsidered by the Board under subsection (k).

Decisions, reconsideration.

(k) The Board may, on the motion of any party or on its own motion, reopen and reconsider any decision under subsection (h) within thirty days after the decision is rendered.

Appeal.

(l)(1) Any final decision of the Board (or of any panel or individual member designated under subsection (j)) under subsections (h) (1), (2), (3), (6) and (7) may be appealed to the United States Court of Appeals for the circuit in which the petitioner resides or to the United States Court of Appeals for the District of Columbia. Any appeal under this subsection shall be in accordance with the procedures of chapter 158 of title 28, United States Code. Notwithstanding any other provision of law, any petition for review of a final decision of the Board shall be filed within thirty days after the date the petitioner receives notice of the final decision of the Board.

28 USC 2341 *et seq.*

Case review.

(2) In any case filed under paragraph (1), the court shall review the record and set aside any agency action, findings, or conclusions found to be—

(A) arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law;

(B) obtained without procedures required by law, rule, or regulation having been followed; or

(C) unsupported by substantial evidence.

Regulations.

(m) The Board shall promulgate regulations—

(1) providing for employee appeals, consistent with the principles of sections 7701 and 7702 of title 5, United States Code; and

(2) establishing its operating procedure.

GAO SENIOR EXECUTIVE SERVICE; MERIT PAY SYSTEM

31 USC 52-4.

SEC. 5. (a)(1) The Comptroller General may promulgate regulations establishing a General Accounting Office Senior Executive Service (hereinafter referred to as the GAO Senior Executive Service) which—

(A) meets the requirements set forth in section 3131 of title 5, United States Code, for the Senior Executive Service;

5 USC 3132. (B) provides that positions in the GAO Senior Executive Service meet requirements which are consistent with the provisions of section 3132(a)(2) of such title;

5 USC 5382. (C) provides rates of pay for the GAO Senior Executive Service which are not in excess of the maximum rate or less than the minimum rate of basic pay established for the Senior Executive Service under section 5382 of such title, and which are adjusted at the same time and to the same extent as rates of basic pay for the Senior Executive Service are adjusted;

5 USC 4311. (D) provides a performance appraisal system for the GAO Senior Executive Service that conforms to the provisions of subchapter II of chapter 43 of such title;

5 USC 4507. (E) permits the Comptroller General to award ranks to members of the GAO Senior Executive Service consistent with the provisions applicable to the Office of Personnel Management and the President under section 4507 of such title;

5 USC 3592. 5 USC 7543. (F) provides for removal consistent with section 3592 of such title, and removal or suspension consistent with section 7543 of such title; and

5 USC 5384. (G) permits the Comptroller General to pay performance awards to members of the GAO Senior Executive Service consistent with the provisions applicable to performance awards under section 5384 of such title.

(2) Except as otherwise provided in paragraph (1), the Comptroller General may make applicable for the GAO Senior Executive Service any of the provisions of title 5, United States Code, applicable to applicants for or members of the Senior Executive Service.

Exception. (3) Employees in the GAO Senior Executive Service shall not be subject to the provisions of the personnel system established under section 3 (c), (d), (e) and (f).

(4) The GAO Senior Executive Service may include positions referred to in—

(A) section 203(c) of the Federal Legislative Salary Act of 1964 (31 U.S.C. 51a);

(B) section 203(i) of the Federal Legislative Salary Act of 1964 (31 U.S.C. 52b); and

(C) section 204(d) of the Legislative Reorganization Act of 1970 (31 U.S.C. 1154(d)).

Merit pay system. (b) The Comptroller General may promulgate regulations establishing a merit pay system for such employees of the General Accounting Office as the Comptroller General considers appropriate. The merit pay system shall be designed to carry out purposes consistent with those set forth in section 5401(a) of title 5, United States Code.

NONCOMPETITIVE APPOINTMENTS; TECHNICAL ASSISTANCE

31 USC 52-5. Sec. 6. (a) Notwithstanding any other provision of law, any employee of the General Accounting Office who has completed at least one year of continuous service under a nontemporary appointment under the personnel system established pursuant to section 3 acquires a competitive status for appointment to any position in the competitive service for which the employee possesses the required qualifications.

(b) The Director of the Office of Personnel Management shall, on request from the Comptroller General, provide technical and consulting services to the Comptroller General in the establishment of the personnel system for the General Accounting Office.

COORDINATION WITH CERTAIN OTHER PROVISIONS OF LAW

SEC. 7. (a) Except as provided under section 5(a)(4), nothing contained in this Act shall be construed as repealing, amending, or otherwise affecting the provisions of— 31 USC 52-6.

(1) sections 302 and 303 of the Budget and Accounting Act, 1921 (31 U.S.C. 42 and 43), or subsections (a) and (b) of section 203 of the Federal Legislative Salary Act of 1964 (31 U.S.C. 42a (a) and (b));

(2) section 203(c) of the Federal Legislative Salary Act of 1964 (31 U.S.C. 51a);

(3) section 203(i) of the Federal Legislative Salary Act of 1964 (31 U.S.C. 52b);

(4) section 204(d) of the Legislative Reorganization Act of 1970 (31 U.S.C. 1154(d)); or

(5) section 401 of the General Accounting Office Act of 1974 (31 U.S.C. 52c).

(b) Except as specifically provided in this Act, nothing contained in this Act shall be construed to repeal, amend, or limit the application of any provision of law applicable to employees of the General Accounting Office.

TECHNICAL AND CONFORMING AMENDMENTS

SEC. 8. (a) Section 2108(3) of title 5, United States Code, is amended by inserting "or the General Accounting Office" after "the Senior Executive Service".

(b) Subsection 5102(a)(1) of such title is amended by striking out "or" at the end of clause (vii), by inserting "or" at the end of clause (viii), and by adding at the end thereof the following: 5 USC 5102.

"(ix) the General Accounting Office;".

(c)(1) Paragraph (1) of section 5108(c) of such title is repealed. 5 USC 5108.

(2) Paragraphs (2), (3), and (4) of such section are redesignated paragraphs (1), (2), and (3), respectively.

(d) Section 5342(a)(1) of such title is amended by striking out "or" at the end of subparagraph (H), by inserting "or" at the end of subparagraph (I), and by adding at the end thereof the following: 5 USC 5342.

"(J) the General Accounting Office;".

(e)(1) Subchapter III of chapter 73 of title 5, United States Code, is amended by adding at the end thereof the following new section:

"§ 7328. General Accounting Office employees 5 USC 7328.

"The preceding provisions of this subchapter shall not apply to employees of the General Accounting Office.".

(2) The chapter analysis for chapter 73 of title 5, United States Code, is amended by adding after the item relating to section 7327 the following new item:

"7328. General Accounting Office employees.".

(3) Subsections (a), (b), and (d) of section 311 of the Budget and Accounting Act, 1921 (31 U.S.C. 52) are amended to read as follows: Comptroller General's authority.

"(a) The Comptroller General shall appoint, fix the pay of, and remove employees of the General Accounting Office under the General Accounting Office Personnel Act of 1980. *Ante*, p. 27.

"(b) All officers and employees of the General Accounting Office shall perform such duties as may be assigned to them by the Comptroller General.".

(4) Subsections (e) and (f) of such section are redesignated subsections (c) and (d), respectively.

(f) Section 13 of the Federal Employees Pay Act of 1946 (31 U.S.C. 46a) is repealed. Repeal.

(g) Section 717(a) of the Civil Rights Act of 1964 (42 U.S.C. 2000e-16) is amended by striking out "(other than the General Accounting Office)".

AUTHORIZATION

31 USC 52-7.

Sec. 9. There are hereby authorized to be appropriated beginning fiscal year 1981 and for each fiscal year thereafter such sums as may be necessary to carry out the provisions of this Act.

EFFECTIVE DATE

31 USC 52-1 note.

Sec. 10. (a) Except as provided in subsection (b), the provisions of this Act shall take effect on—

(1) October 1, 1980; or

(2) if later, one hundred and twenty days after the date of the enactment of this Act.

(b) The provisions of section 3 shall take effect on the date of the enactment of this Act, except the personnel system established by the Comptroller General under that section shall take effect on the effective date established by subsection (a).

Approved February 15, 1980.

References in Text

The antitrust laws, referred to in subsecs. (b)(3), (d)(2)(C), are classified generally to section 1 et seq. of Title 15, Commerce and Trade.

Section 4 of the Clayton Act, referred to in subsec. (b)(3), is classified to section 15 of Title 15.

Effective Date

Section 904(c) of Pub. L. 91-172 provided that: "The amendments made by this section [enacting this section] shall apply to taxable years beginning after December 31, 1968."

[§ 187. Repealed. Pub. L. 94-455, title XIX, § 1901(a)(31), Oct. 4, 1976, 90 Stat. 1769]

Section, added Pub. L. 91-172, title VII, § 707(a), Dec. 30, 1969, 83 Stat. 674, and amended Pub. L. 93-625, § 3(d), Jan. 3, 1975, 88 Stat. 2109, provided for an allowance of an amortization deduction for certain coal mine safety equipment, the method of election and termination of such deduction, the definition of term "certified coal mine safety equipment", and special rules applicable to the amortization deduction.

Effective Date of Repeal

Repeal effective for taxable years beginning after Dec. 31, 1976, see section 1901(d) of Pub. L. 94-455, set out as an Effective Date of 1976 Amendment note under section 2 of this title.

§ 188. Amortization of certain expenditures for child care facilities

(a) Allowance of deduction

At the election of the taxpayer, made in accordance with regulations prescribed by the Secretary, any expenditure chargeable to capital account made by an employer to acquire, construct, reconstruct, or rehabilitate section 188 property (as defined in subsection (b)) shall be allowable as a deduction ratably over a period of 60 months, beginning with the month in which the property is placed in service. The deduction provided by this section with respect to such expenditure shall be in lieu of any depreciation deduction otherwise allowable on account of such expenditure.

(b) Section 188 property

For purposes of this section, the term "section 188 property" means tangible property which qualifies under regulations prescribed by the Secretary as a child care center facility primarily for the children of employees of the taxpayer; except that such term shall not include—

(1) any property which is not of a character subject to depreciation; or

(2) property located outside the United States.

(c) Application of section

This section shall apply only with respect to expenditures made after December 31, 1971, and before January 1, 1982.

(Added Pub. L. 92-178, title III, § 303(a), Dec. 10, 1971, 85 Stat. 521, and amended Pub. L. 94-455, title XIX, § 1906(b)(13)(A), Oct. 4, 1976, 90 Stat. 1834; Pub. L. 95-30, title IV, § 402(a)(1)-(3), May 23, 1977, 91 Stat. 155.)

Amendments

1977—Pub. L. 95-30, § 402(a)(3), struck out "on-the-job training and" after "expenditures for" in section catchline.

Subsec. (b). Pub. L. 95-30, § 402(a)(2), struck out "as a facility for on-the-job training of employees (or prospective employees) of the taxpayer, or" after "regulations prescribed by the Secretary".

Subsec. (c). Pub. L. 95-30, § 402(a)(1), substituted "January 1, 1982" for "January 1, 1977".

1976—Subsecs. (a), (b). Pub. L. 94-455 struck out "or his delegate" after "Secretary".

Effective Date of 1977 Amendment

Section 402(b) of Pub. L. 95-30 provided that: "The amendments made by subsection (a) [amending this section and section 57 of this title] shall apply with respect to expenditures made after December 31, 1976."

Effective Date

Section 303(d) of Pub. L. 92-178 provided that: "The amendments made by this section [enacting this section and amending sections 57, 642, 1082, 1245, and 1250 of this title] shall apply to taxable years ending after December 31, 1971."

Section Referred to in Other Sections

This section is referred to in sections 48, 642, 1082, 1245, 1250 of this title.

[§ 189. Repealed. Pub. L. 99-514, title VIII, § 803(b)(1), Oct. 22, 1986, 100 Stat. 2355]

Section, added Pub. L. 94-455, title II, § 201(a), Oct. 4, 1976, 90 Stat. 1525, and amended Pub. L. 95-600, title VII, § 701(m)(1), Nov. 6, 1978, 92 Stat. 2907; Pub. L. 97-34, title II, § 262(a), (b), Aug. 13, 1981, 95 Stat. 264; Pub. L. 97-248, title II, § 207(a)-(d), Sept. 3, 1982, 96 Stat. 431, 432; Pub. L. 97-354, § 5(a)(24), Oct. 19, 1982, 96 Stat. 1694; Pub. L. 98-369, div. A, title I, § 93(a), title VII, § 712(c), July 18, 1984, 98 Stat. 614, 947, related to amortization of real property construction period interest and taxes.

Effective Date of Repeal

Repeal applicable to costs incurred after Dec. 31, 1986, in taxable years ending after such date, except as otherwise provided, see section 803(d) of Pub. L. 99-514, set out as an Effective Date note under section 263A of this title.

§ 190. Expenditures to remove architectural and transportation barriers to the handicapped and elderly

(a) Treatment as expenses

(1) In general

A taxpayer may elect to treat qualified architectural and transportation barrier removal expenses which are paid or incurred by him during the taxable year as expenses which are not chargeable to capital account. The expenditures so treated shall be allowed as a deduction.

(2) Election

An election under paragraph (1) shall be made at such time and in such manner as the Secretary prescribes by regulations.

(b) Definitions

For purposes of this section—

(1) Architectural and transportation barrier removal expenses

The term "architectural and transportation barrier removal expenses" means an expenditure for the purpose of making any facility or public transportation vehicle owned or leased by the taxpayer for use in connection with his trade or business more accessible to, and usable by, handicapped and elderly individuals.

(2) Qualified architectural and transportation barrier removal expenses

The term "qualified architectural and transportation barrier removal expense" means, with respect to any such facility or public transportation vehicle, an architectural or transportation barrier removal expense with respect to which the taxpayer establishes, to the satisfaction of the Secretary, that the resulting removal of any such barrier meets the standards promulgated by the Secretary with the concurrence of the Architectural and Transportation Barriers Compliance Board and set forth in regulations prescribed by the Secretary.

(3) Handicapped individual

The term "handicapped individual" means any individual who has a physical or mental disability (including, but not limited to, blindness or deafness) which for such individual constitutes or results in a functional limitation to employment, or who has any physical or mental impairment (including, but not limited to, a sight or hearing impairment) which substantially limits one or more major life activities of such individual.

(c) Limitation

The deduction allowed by subsection (a) for any taxable year shall not exceed $35,000.

(d) Application of section

This section shall apply to—

(1) taxable years beginning after December 31, 1976, and before January 1, 1983, and

(2) taxable years beginning after December 31, 1983.

(Added Pub. L. 94-455, title XXI, § 2122(a), Oct. 4, 1976, 90 Stat. 1914, and amended Pub. L. 98-369, div. A, title X, § 1062(a)(1), (b), July 18, 1984, 98 Stat. 1047; Pub. L. 99-514, title II, § 244, Oct. 22, 1986, 100 Stat. 2183.)

AMENDMENTS

1986—Subsec. (d)(2). Pub. L. 99-514 substituted "1983" for "1983, and before January 1, 1986".

1984—Subsec. (c). Pub. L. 98-369, § 1062(b), substituted "$35,000" for "$25,000".

Subsec. (d). Pub. L. 98-369, § 1062(a)(1), amended subsec. (d) generally, substituting provisions that this section shall apply to taxable years beginning after December 31, 1976, and before January 1, 1983, and to taxable years beginning after December 31, 1983, and before January 1, 1986 for provisions which had required the Secretary to prescribe such regulations as might be necessary to carry out this section within 180 days after October 4, 1976.

EFFECTIVE DATE OF 1984 AMENDMENT

Section 1062(c) of Pub. L. 98-369 provided that: "The amendment made by subsection (b) [amending this section] shall apply to taxable years beginning after December 31, 1983."

EFFECTIVE DATE

Section 2122(c) of Pub. L. 94-455, as amended by Pub. L. 96-167, § 9(c), Dec. 29, 1979, 93 Stat. 1278; Pub. L. 98-369, div. A, title X, § 1062(a)(2), July 18, 1984, 98 Stat. 1047, provided that: "The amendments made by this section [enacting this section and amending sections 263, 1245, and 1250 of this title] shall apply to taxable years beginning after December 31, 1976."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 67, 263, 1245, 1250 of this title.

[§ 191. Repealed. Pub. L. 97-34, title II, § 212(d)(1), Aug. 13, 1981, 95 Stat. 239]

Section, added Pub. L. 94-455, title XXI, § 2124(a)(1), Oct. 4, 1976, 90 Stat. 1916, and amended Pub. L. 95-600, title VII, § 701(f)(1), (2), (7), Nov. 6, 1978, 92 Stat. 2900-2902; Pub. L. 96-222, title I, § 107(a)(1)(E)(ii), Apr. 1, 1980, 94 Stat. 222; Pub. L. 96-541, § 2(a), Dec. 17, 1980, 94 Stat. 3204, related to amortization of certain rehabilitation expenditures for certified historic structures.

EFFECTIVE DATE OF REPEAL

Repeal applicable to expenditures incurred after Dec. 31, 1981, in taxable years ending after such date, with exceptions, see section 212(e) of Pub. L. 97-34, set out as an Effective Date of 1981 Amendment note under section 46 of this title.

§ 192. Contributions to black lung benefit trust

(a) Allowance of deduction

There is allowed as a deduction for the taxable year an amount equal to the sum of the amounts contributed by the taxpayer during the taxable year to or under a trust or trusts described in section 501(c)(21).

(b) Limitation

The maximum amount of the deduction allowed by subsection (a) for any taxpayer for any taxable year shall not exceed the greater of—

(1) the amount necessary to fund (with level funding) the remaining unfunded liability of the taxpayer for black lung claims filed (or expected to be filed) by (or with respect to) past or present employees of the taxpayer, or

(2) the aggregate amount necessary to increase each trust described in section 501(c)(21) to the amount required to pay all amounts payable out of such trust for the taxable year.

(c) Special rules

(1) Method of determining amounts referred to in subsection (b)

(A) In general

The amounts described in subsection (b) shall be determined by using reasonable actuarial methods and assumptions which are not inconsistent with regulations prescribed by the Secretary.

such lapse shall be treated as a transfer by such individual by gift, or a transfer which is includible in the gross estate of the decedent, whichever is applicable, in the amount determined under paragraph (2).

"(2) Amount of Transfer.—For purposes of paragraph (1), the amount determined under this paragraph is the excess (if any) of—

"(A) the value of all interests in the entity held by the individual described in paragraph (1) immediately before the lapse (determined as if the voting and liquidation rights were nonlapsing), over

"(B) the value of such interests immediately after the lapse.

"(3) Similar Rights.—The Secretary may by regulations apply this subsection to rights similar to voting and liquidation rights.

"(b) Certain Restrictions on Liquidation Disregarded.—

"(1) In General.—For purposes of this subtitle, if—

"(A) there is a transfer of an interest in a corporation or partnership to (or for the benefit of) a member of the transferor's family, and

"(B) the transferor and members of the transferor's family hold, immediately before the transfer, control of the entity,

any applicable restriction shall be disregarded in determining the value of the transferred interest.

"(2) Applicable Restriction.—For purposes of this subsection, the term 'applicable restriction' means any restriction—

"(A) which effectively limits the ability of the corporation or partnership to liquidate, and

"(B) with respect to which either of the following applies:

"(i) The restriction lapses, in whole or in part, after the transfer referred to in paragraph (1).

"(ii) The transferor or any member of the transferor's family, either alone or collectively, has the right after such transfer to remove, in whole or in part, the restriction.

"(3) Exceptions.—The term 'applicable restriction' shall not include—

"(A) any commercially reasonable restriction which arises as part of any financing by the corporation or partnership with a person who is not related to the transferor or transferee, or a member of the family of either, or

"(B) any restriction imposed, or required to be imposed, by any Federal or State law.

"(4) Other Restrictions.—The Secretary may by regulations provide that other restrictions shall be disregarded in determining the value of the transfer of any interest in a corporation or partnership to a member of the transferor's family if such restriction has the effect of reducing the value of the transferred interest for purposes of this subtitle but does not ultimately reduce the value of such interest to the transferee.

"(c) Definitions and Special Rules.—For purposes of this section—

"(1) Control.—The term 'control' has the meaning given such term by section 2701(b)(2).

"(2) Member of the Family.—The term 'member of the family' means, with respect to any individual—

"(A) such individual's spouse,

"(B) any ancestor or lineal descendant of such individual or such individual's spouse,

"(C) any brother or sister of the individual, and

"(D) any spouse of any individual described in subparagraph (B) or (C).

"(3) Attribution.—The rule of section 2701(e)(3)(A) shall apply for purposes of determining the interests held by any individual."

(b) Extension of Statute of Limitations.—Subsection (c) of section 6501 (relating to limitations on assessment and collection) is amended by adding at the end thereof the following new paragraph:

"(9) Gift Tax on Certain Gifts Not Shown on Return.—If any gift of property the value of which is determined under section 2701 or 2702 (or any increase in taxable gifts required under section 2701(d)) is required to be shown on a return of tax imposed by chapter 12 (without regard to section 2503(b)), and is not shown on such return, any tax imposed by chapter 12 on such gift may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time. The preceding sentence shall not apply to any item not shown as a gift on such return if such item is disclosed in such return, or in a statement attached to the return, in a manner adequate to apprise the Secretary of the nature of such item."

(c) Conforming Amendment.—The table of chapters for subtitle B is amended by adding at the end thereof the following item:

"Chapter 14. Special Valuation Rules."

(d) Study.—The Secretary of the Treasury shall conduct a study of—

(1) the prevalence and types of options and agreements used to distort the valuation of property for purposes of subtitle B of the Internal Revenue Code of 1986, and

(2) other methods using discretionary rights to distort the value of property for such purposes.

The Secretary shall, not later than December 31, 1992, report the results of such study, together with such legislative recommendations as the Secretary considers necessary, to the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives.

(e) Effective Dates.—

(1) Subsection (a).—

(A) In general.—The amendments made by subsection (a)—

(i) to the extent such amendments relate to sections 2701 and 2702 of the Internal Revenue Code of 1986 (as added by such amendments), shall apply to transfers after October 8, 1990,

(ii) to the extent such amendments relate to section 2703 of such Code (as so added), shall apply to—

(I) agreements, options, rights, or restrictions entered into or granted after October 8, 1990, and

(II) agreements, options, rights, or restrictions which are substantially modified after October 8, 1990, and

(iii) to the extent such amendments relate to section 2704 of such Code (as so added), shall apply to restrictions or rights (or limitations on rights) created after October 8, 1990.

(B) Exception.—For purposes of subparagraph (A)(ii), with respect to property transferred before October 9, 1990—

(i) any failure to exercise a right of conversion,

(ii) any failure to pay dividends, and

(iii) any failure to exercise other rights specified in regulations,

shall not be treated as a subsequent transfer.

(2) Subsection (b).—The amendment made by subsection (b) shall apply to gifts after October 8, 1990.

PART II—DISABLED ACCESS CREDIT

SEC. 11611. CREDIT FOR COST OF PROVIDING ACCESS FOR DISABLED INDIVIDUALS.

(a) General Rule.—Subpart D of part IV of subchapter A of chapter 1 (relating to business related credits), as amended by subtitle E, is amended by adding at the end thereof the following new section:

"SEC. 44. EXPENDITURES TO PROVIDE ACCESS TO DISABLED INDIVIDUALS.

"(a) General Rule.—For purposes of section 38, in the case of an eligible small business, the amount of the disabled access credit determined under this section for any taxable year shall be an amount equal to 50 percent of so much of the eligible access expenditures for the taxable year as exceed $250 but do not exceed $10,250.

"(b) Eligible Small Business.—For purposes of this section, the term 'eligible small business' means any person if—

"(1) either—

"(A) the gross receipts of such person for the preceding taxable year did not exceed $1,000,000, or

"(B) in the case of a person to which subparagraph (A) does not apply, such person employed not more than 30 full-time employees during the preceding taxable year, and

"(2) such person elects the application of this section for the taxable year.

For purposes of paragraph (1)(B), an employee shall be considered full-time if such employee is employed at least 30 hours per week for 20 or more calendar weeks in the taxable year.

"(c) Eligible Access Expenditures.—For purposes of this section—

"(1) In General.—The term 'eligible access expenditures' means amounts paid or incurred by an eligible small business for the purpose of enabling such eligible small business to comply with applicable requirements under the Americans With Disabilities Act of 1990 (as in effect on the date of the enactment of this section).

"(2) Certain Expenditures Included.—The term 'eligible access expenditures' includes amounts paid or incurred—

"(A) for the purpose of removing architectural, communication, physical, or transportation barriers which prevent a business from being accessible to, or usable by, individuals with disabilities,

"(B) to provide qualified interpreters or other effective methods of making aurally delivered materials available to individuals with hearing impairments,

"(C) to provide qualified readers, taped texts, and other effective methods of making visually delivered materials available to individuals with visual impairments,

"(D) to acquire or modify equipment or devices for individuals with disabilities, or

"(E) to provide other similar services, modifications, materials, or equipment.

"(3) Expenditures Must Be Reasonable.—Amounts paid or incurred for the purposes described in paragraph (2) shall include only expenditures which are reasonable and shall not include expenditures which are unnecessary to accomplish such purposes.

"(4) Expenses in Connection With New Construction Are Not Eligible.—The term 'eligible access expenditures' shall not include amounts described in paragraph (2)(A) which are paid or incurred in connection with any facility first placed in service after the date of the enactment of this section.

"(5) Expenditures Must Meet Standards.—The term 'eligible access expenditures' shall not include any amount unless the taxpayer establishes, to the satisfaction of the Secretary, that the resulting removal of any barrier (or the provision of any services, modifications, materials, or equipment) meets the standards promulgated by the Secretary with the concurrence of the Architectural and Transportation Barriers Compliance Board and set forth in regulations prescribed by the Secretary.

"(d) Definition of Disability; Special Rules.—For purposes of this section—

"(1) Disability.—The term 'disability' has the same meaning as when used in the

BEST COPY AVAILABLE

Americans With Disabilities Act of 1990 (as in effect on the date of the enactment of this section).

"(2) CONTROLLED GROUPS.—

"(A) IN GENERAL.—All members of the same controlled group of corporations (within the meaning of section 52(a)) and all persons under common control (within the meaning of section 52(b)) shall be treated as 1 person for purposes of this section.

"(B) DOLLAR LIMITATION.—The Secretary shall apportion the dollar limitation under subsection (a) among the members of any group described in subparagraph (A) in such manner as the Secretary shall by regulations prescribe.

"(3) PARTNERSHIPS AND S CORPORATIONS.—In the case of a partnership, the limitation under subsection (a) shall apply with respect to the partnership and each partner. A similar rule shall apply in the case of an S corporation and its shareholders.

"(4) SHORT YEARS.—The Secretary shall prescribe such adjustments as may be appropriate for purposes of paragraph (1) of subsection (b) if the preceding taxable year is a taxable year of less than 12 months.

"(5) GROSS RECEIPTS.—Gross receipts for any taxable year shall be reduced by returns and allowances made during such year.

"(6) TREATMENT OF PREDECESSORS.—The reference to any person in paragraph (1) of subsection (b) shall be treated as including a reference to any predecessor.

"(7) DENIAL OF DOUBLE BENEFIT.—In the case of the amount of the credit determined under this section—

"(A) no deduction or credit shall be allowed for such amount under any other provision of this chapter, and

"(B) no increase in the adjusted basis of any property shall result from such amount.

"(8) REGULATIONS.—The Secretary shall prescribe regulations necessary to carry out the purposes of this section."

(b) CREDIT MADE PART OF GENERAL BUSINESS CREDIT.—

(1) IN GENERAL.—Subsection (b) of section 38, as amended by subtitle E, is amended by striking "plus" at the end of paragraph (5), by striking the period at the end of paragraph (6) and inserting ", plus" and by adding at the end thereof the following new paragraph:

"(7) in the case of an eligible small business (as defined in section 44(b)), the disabled access credit determined under section 44(a)."

(2) CARRYBACKS.—Section 39(d) is amended by adding at the end thereof the following new paragraph:

"(5) NO CARRYBACK OF SECTION 44 CREDIT BEFORE ENACTMENT.—No portion of the unused business credit for any taxable year which is attributable to the disabled access credit determined under section 44 may be carried to a taxable year ending before the date of the enactment of section 44."

(c) DEDUCTION REDUCED FOR ARCHITECTURAL AND TRANSPORTATION BARRIER REMOVAL EXPENSES.—Section 190(c) (relating to expenditures to remove architectural and transportation barriers to the handicapped and elderly) is amended by striking "$35,000" and inserting "$15,000".

(d) CLERICAL AMENDMENT.—The table of sections for subpart D of part IV of subchapter A of chapter 1, as amended by subtitle E, is amended by adding at the end thereof the following new item:

"Sec. 44. Expenditures to provide access to disabled individuals."

(e) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to expenditures paid or incurred after the date of the enactment of this Act.

(2) SUBSECTION (c).—The amendment made by subsection (c) shall apply to taxable years beginning after the date of the enactment of this Act.

PART III—OTHER PROVISIONS

SEC. 11621. REVIEW OF IMPACT OF REGULATIONS ON SMALL BUSINESS.

(a) GENERAL RULE.—Subsection (i) of section 7805 (relating to review of impact of regulations on small business) is amended to read as follows:

"(f) REVIEW OF IMPACT OF REGULATIONS ON SMALL BUSINESS.—

"(1) SUBMISSIONS TO SMALL BUSINESS ADMINISTRATION.—After publication of any proposed or temporary regulation by the Secretary, the Secretary shall submit such regulation to the Chief Counsel for Advocacy of the Small Business Administration for comment on the impact of such regulation on small business. Not later than the date 4 weeks after the date of such submission, the Chief Counsel for Advocacy shall submit comments on such regulation to the Secretary.

"(2) CONSIDERATION OF COMMENTS.—In prescribing any final regulation which supersedes a proposed or temporary regulation which had been submitted under this subsection to the Chief Counsel for Advocacy of the Small Business Administration—

"(A) the Secretary shall consider the comments of the Chief Counsel for Advocacy on such proposed or temporary regulation, and

"(B) the Secretary shall discuss any response to such comments in the preamble of such final regulation.

"(3) SUBMISSION OF CERTAIN FINAL REGULATIONS.—In the case of the promulgation by the Secretary of any final regulation (other than a temporary regulation) which does not supersede a proposed regulation, the requirements of paragraphs (1) and (2) shall apply, except that—

"(A) the submission under paragraph (1) shall be made at least 4 weeks before the date of such promulgation, and

"(B) the consideration (and discussion) required under paragraph (2) shall be made in connection with the promulgation of such final regulation."

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to regulations issued after the date which is 30 days after the date of the enactment of this Act.

SEC. 11622. GRAPHIC PRESENTATION OF MAJOR CATEGORIES OF FEDERAL OUTLAYS AND INCOME.

(a) GENERAL RULE.—Chapter 77 (relating to miscellaneous provisions) is amended by adding at the end thereof the following new section:

"SEC. 7523. GRAPHIC PRESENTATION OF MAJOR CATEGORIES OF FEDERAL OUTLAYS AND INCOME.

"(a) GENERAL RULE.—In the case of any booklet of instructions for Form 1040, 1040A, or 1040EZ prepared by the Secretary for filing individual income tax returns for taxable years beginning in any calendar year, the Secretary shall include in a prominent place—

"(1) a pie-shaped graph showing the relative sizes of the major outlay categories, and

"(2) a pie-shaped graph showing the relative sizes of the major income categories.

"(b) DEFINITIONS AND SPECIAL RULES.—For purposes of subsection (a)—

"(1) MAJOR OUTLAY CATEGORIES.—The term 'major outlay categories' means the following:

"(A) Defense, veterans, and foreign affairs.

"(B) Social security, medicare, and other retirement.

"(C) Physical, human, and community development.

"(D) Social programs.

"(E) Law enforcement and general government.

"(F) Interest on the debt.

"(2) MAJOR INCOME CATEGORIES.—The term 'major income categories' means the following:

"(A) Social security, medicare, and unemployment and other retirement taxes.

"(B) Personal income taxes.

"(C) Corporate income taxes.

"(D) Borrowing to cover the deficit.

"(E) Excise, customs, estate, gift, and miscellaneous taxes.

"(3) REQUIRED FOOTNOTES.—The pie-shaped graph showing the major outlay categories shall include the following footnotes:

"(A) A footnote to the category referred to in paragraph (1)(A) showing the percentage of the total outlays which is for defense, the percentage of total outlays which is for veterans, and the percentage of total outlays which is for foreign affairs.

"(B) A footnote to the category referred to in paragraph (1)(C) showing that such category consists of agriculture, natural resources, environment, transportation, education, job training, economic development, space, energy, and general science.

"(C) A footnote to the category referred to in paragraph (1)(D) showing the percentage of the total outlays which is for medicaid, food stamps, and aid to families with dependent children and the percentage of total outlays which is for public health, unemployment, assisted housing, and social services.

"(4) DATA ON WHICH GRAPHS ARE BASED.—The graphs required under subsection (a) shall be based on data for the most recent fiscal year for which complete data is available as of the completion of the preparation of the instructions by the Secretary."

(b) CLERICAL AMENDMENT.—The table of sections for chapter 77 is amended by adding at the end thereof the following new item:

"Sec. 7523. Graphic presentation of major categories of Federal outlays and income."

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to instructions prepared for taxable years beginning after 1990.

Subtitle G—Tax Technical Corrections

SEC. 11700. COORDINATION WITH OTHER SUBTITLES.

For purposes of applying the amendments made by any subtitle of this title other than this subtitle, the provisions of this subtitle shall be treated as having been enacted immediately before the provisions of such other subtitles.

SEC. 11701. AMENDMENTS RELATED TO REVENUE RECONCILIATION ACT OF 1989.

(a) AMENDMENTS RELATED TO SECTION 7108.—

(1)(A) Paragraph (2) of section 42(c) is amended by adding at the end thereof the following new sentence: "Such term does not include any building with respect to which moderate rehabilitation assistance is provided, at any time during the compliance period, under section 8(e)(2) of the United States Housing Act of 1937."

(B) Paragraph (1) of section 42(b) is amended by striking the last sentence.

(2) Subclause (I) of section 42(d)(5)(C)(ii) is amended—

(A) by inserting "which is designated by the Secretary of Housing and Urban Development and, for the most recent year for which census data are available on household income in such tract," after "census tract", and

(B) by inserting before the period "for such year".

(3)(A) Clause (i) of section 42(g)(2)(D) is amended by inserting before the period "and such unit continues to be rent-restricted".

Cases 6 (Feb. 2, 1989), 866 F.2d 1182 (9th Cir., 1989) (2); and *TWA* v. *Hardison*, 432 U.S. 63 (1977) (2).

TECHNICAL ASSISTANCE DOCUMENT ON EFFECTIVE DATES OF STATUTORY PROVISIONS—PREPARED BY U.S. DEPARTMENT OF JUSTICE

Americans with Disabilities Act
Statutory Deadlines

I. Employment

- The ADA requirements become effective on:
  - July 26, 1992, for employers with 25 or more employees.
  - July 26, 1994, for employers with 15-24 employees.

II. Public Accommodations

- The ADA requirements become effective on:
  - January 26, 1992, generally.
  - August 26, 1990, for purchase or lease of new vehicles that are required to be accessible.
- New facilities designed and constructed for first occupancy later than January 26, 1993, must be accessible.
- Generally, lawsuits may not be filed until January 26, 1992. In addition, except with respect to new construction and alterations, no lawsuit may be filed until:
  - July 26, 1992, against businesses with 25 or fewer employees and gross receipts of $1 million or less.
  - January 26, 1993, against businesses with 10 or fewer employees and gross receipts of $500,000 or less.

III. Transportation

A. Public bus systems

- The ADA requirements become effective on:
  - January 26, 1992, generally.
  - August 26, 1990, for purchase or lease of new buses.

B. Public rail systems -- light, rapid, commuter, and intercity (Amtrak) rail

- The ADA requirements become effective on:
  - January 26, 1992, generally.
  - August 26, 1990, for purchase or lease of new rail vehicles.
- By July 26, 1995, one car per train accessiblity must be achieved.

III. Transportation (cont.)

- By July 26, 1993, existing key stations in rapid, light, and commuter rail systems must be made accessible with extensions of up to 20 years (30 years, in some cases, for rapid and light rail).

C. Privately operated bus and van companies

- The ADA requirements become effective on:
  - January 26, 1992, generally.
  - July 26, 1996 (July 26, 1997, for small providers) for purchase of new over-the-road buses.
  - August 26, 1990, for purchase or lease of certain new vehicles (other than over-the-road buses).

IV. State and local government operations

- The ADA requirements become effective on:
  - January 26, 1992.

V. Telecommunications

- The ADA requirements become effective on:
  - July 26, 1993, for provision of relay services.

MISCELLANEOUS DISABILITY RELATED TAX PROVISIONS APPLICABLE TO BUSINESSES

(1) Section 51, Title 26, Internal Revenue Code (as of date of enactment of A.D.A.) Targeted Jobs Tax Credit.

(2) Section 190, Title 26, Internal Revenue Code (as of date of enactment of A.D.A.) Expenditures to remove architectural and transportation barriers to the handicapped and elderly.

(3) Section 11611 of the Omnibus Budget Reconciliation Act of 1990, Public Law 101-508. Credit for cost of providing access for disabled individuals.

* Subsequent amendments made by the Omnibus Budget Reconciliation Act of 1990, Public Law 101-508, were not collated for this publication.

[¶50B8.40] **WIN credit** IRC §50B and 50A, repealed by the '84 Tax Reform Act, governed the WIN credit. See ¶508A.40 for unit explanation.

CODE

[[redacted] AMOUNT OF CREDIT.

(a) Determination of Amount.—For purposes of section 38, the amount of the targeted jobs credit determined under this section for the taxable year shall be equal to 40 percent of the qualified first-year wages for such year.

(b) Qualified Wages Defined.—For purposes of this subpart—

(1) In general.—The term "qualified wages" means the wages paid or incurred by the employer during the taxable year to individuals who are members of a targeted group.

(2) Qualified first-year wages.—The term "qualified first-year wages" means, with respect to any individual, qualified wages attributable to service rendered during the 1-year period beginning with the day the individual begins work for the employer.

(3) Only first $6,000 of wages per year taken into account.—The amount of the qualified first-year wages which may be taken into account with respect to any individual shall not exceed $6,000 per year.

(c) Wages Defined.—For purposes of this subpart—

(1) In general.—Except as otherwise provided in this subsection, subsection (d)(8)(D), and subsection (h)(2), the term "wages" has the meaning given to such term by subsection (b) of section 3306 (determined without regard to any dollar limitation contained in such section).

(2) On-the-job training and work supplementation payments.—

(A) Exclusion for employers receiving on-the-job training payments.—The term "wages" shall not include any amounts paid or incurred by an employer for any period to any individual for whom the employer receives federally funded payments for on-the-job training of such individual for such period.

(B) Reduction for work supplementation payments to employers.—The amount of wages which would (but for this subparagraph) be qualified wages under this section for an employer with respect to an individual for a taxable year shall be reduced by an amount equal to the amount of the payments made to such employer (however utilized by such employer) with respect to such individual for such taxable year under a program established under •section 414 of the Social Security Act.

(3) Payments for services during labor disputes.—If—

(A) the principal place of employment of an individual with the employer is at a plant or facility, and

(B) there is a strike or lockout involving employees at such plant or facility,

the term "wages" shall not include any amount paid or incurred by the employer to such individual for services which are the same as, or substantially similar to, those services performed by employees participating in, or affected by, the strike or lockout during the period of such strike or lockout.

(4) Termination.—The term "wages" shall not include any amount paid or incurred to an individual who begins work for the employer after [1]*September 30, 1990.*

[Footnote IRC §51] • **Future amendment** (IRC §202(c)(6), '88 Family Support Act, P.L. 100-485, 10-13-88). IRC §51(c)(2)(B) is amended by striking out "section 414" and inserting in lieu thereof "section 482(e)".

Effective date (Sec. 204(a), '88 Family Support Act)—Takes effect on 10-1-90.

Matter in *italics* in IRC §51(c)(4) added by section 7103(a), '89 OBRA, which struck out:

(d) Members of Targeted Groups.—For purposes of this subpart—

(1) In general.—An individual is a member of a targeted group if such individual is—

(A) a vocational rehabilitation referral,

(B) an economically disadvantaged youth,

(C) an economically disadvantaged Vietnam-era veteran,

(D) an SSI recipient,

(E) a general assistance recipient,

(F) a youth participating in a cooperative education program,

(G) an economically disadvantaged ex-convict,

(H) an eligible work incentive employee,

(I) an involuntarily terminated CETA employee, or

(J) a qualified summer youth employee.

(2) Vocational rehabilitation referral.—The term "vocational rehabilitation referral" means any individual who is certified by the designated local agency as—

(A) having a physical or mental disability which, for such individual, constitutes or results in a substantial handicap to employment, and

(B) having been referred to the employer upon completion of (or while receiving) rehabilitative services pursuant to—

(i) an individualized written rehabilitation plan under a State plan for vocational rehabilitation services approved under the Rehabilitation Act of 1973, or

(ii) a program of vocational rehabilitation carried out under chapter 31 of title 38, United States Code.

(3) Economically disadvantaged youth.—

(A) In general.—The term "economically disadvantaged youth" means any individual who is certified by the designated local agency as—

(i) meeting the age requirements of subparagraph (B), and

(ii) being a member of an economically disadvantaged family (as determined under paragraph (11)).

(B) Age requirements.—An individual meets the age requirements of this subparagraph if such individual has attained age 18 but not age 23 on the hiring date.

(4) Vietnam veteran who is a member of an economically disadvantaged family.—The term "Vietnam veteran who is a member of an economically disadvantaged family" means any individual who is certified by the designated local agency as—

(A)(i) having served on active duty (other than active duty for training) in the Armed Forces of the United States for a period of more than 180 days, any part of which occurred after August 4, 1964, and before May 8, 1975, or

(ii) having been discharged or released from active duty in the Armed Forces of the United States for a service-connected disability if any part of such active duty was performed after August 4, 1964, and before May 8, 1975,

(B) not having any day during the preemployment period which was a day of extended active duty in the Armed Forces of the United States, and

(C) being a member of an economically disadvantaged family (determined under paragraph (11)).

For purposes of subparagraph (B), the term "extended active duty" means a period of more than 90 days during which the individual was on active duty (other than active duty for training).

(5) SSI recipients.—The term "SSI recipient" means any individual who is certified by the designated local agency as receiving supplemental security income benefits

---

[Footnote IRC §51 (1) continued]

(1) "December 31, 1989"

Effective date. [The above amendment is effective on 12-19-89 Ed.]

under title XVI of the Social Security Act (including supplemental security incom benefits of the type described in section 1616 of such Act or section 212 of Publ. Law 93-66) for any month ending in the preemployment period.

(6) General assistance receipts.—

(A) In general.—The term "general assistance recipient" means any individu who is certified by the designated local agency as receiving assistance under a qua ified general assistance program for any period of not less than 30 days endin with the pre-employment period.

(B) Qualified general assistance program.—The term "qualified general assist ance program" means any program of a State or a political subdivision of State—

(i) which provides general assistance or similar assistance which—

(I) is based on need, and

(II) consists of money payments or voucher or scrip, and

(ii) which is designated by the Secretary (after consultation with the Secre tary of Health and Human Services) as meeting the requirements of clause (i).

(7) **Economically disadvantaged ex-convict.**—The term "economically disadvan taged ex-convict" means any individual who is certified by the designated local agen cy—

(A) as having been convicted of a felony under any statute of the United State or any State,

(B) as being a member of an economically disadvantaged family (as determine under paragraph (11)), and

(C) as having a hiring date which is not more than 5 years after the last dat on which such individual was so convicted or was released from prison.

(8) **Youth participating in a qualified cooperative education program—**

(A) In general.—The term "youth participating in a qualified cooperative education program" means any individual who is certified by the school participating in the program as—

(i) having attained age 16 and not having attained age 20,

(ii) not having graduated from a high school or vocational school,

(iii) being enrolled in and actively pursuing a qualified cooperative education program, and

(iv) being a member of an economically disadvantaged family (as determined under paragraph (11)).

(B) Qualified cooperative education program defined.—The term "qualified cooperative education program" means a program of vocational education for individuals who (through written cooperative arrangements between a qualified school and 1 or more employers) receive instruction (including required academic instruction) by alternation of study and school with a job in any occupational field (but only if these 2 experiences are planned by the school and employer so that each contributes to the student's education and employability).

(C) Qualified school defined.—The term "qualified school" means—

(i) a specialized high school used exclusively or principally for the provision of vocational education to individuals who are available for study in preparation for entering the labor market,

(ii) the department of a high school exclusively or principally used for providing vocational education to persons who are available for study in preparation for entering the labor market, or

(iii) a technical or vocational school used exclusively or principally for the provision of vocational education to persons who have completed or left high school and who are available for study in preparation for entering the labor market.

A school which is not a public school shall be treated as a qualified school only if it is exempt from tax under section 501(a).

(D) Wages.—In the case of remuneration attributable to services performed while the individual meets the requirements of clauses (i), (ii), and (iii) of subparagraph (A), wages, and unemployment insurance wages, shall be determined without regard to section 3306(c)(10)(C).

(9) **Eligible work incentive employees.**—The term "eligible work incentive employee" means an individual who has been certified by the designated local agency as—

(A) being eligible for financial assistance under part A of title IV of the Social Security Act and as having continually received such financial assistance during the 90-day period which immediately precedes the date on which such individual is hired by the employer, or

(B) having been placed in employment under a work incentive program established under section 432(b)(1) or 44D of the Social Security Act.

(10) **Involuntarily terminated CETA employee.**—The term "involuntarily terminated CETA employee" means an individual who is certified by the designated local agency as having been involuntarily terminated after December 31, 1980, from employment financed in whole or in part under a program under part D of title II or title VI of the Comprehensive Employment and Training Act. This paragraph shall not apply to any individual who begins work for the employer after December 31, 1982.

(11) **Members of economically disadvantaged families.**—An individual is a member of an economically disadvantaged family if the designated local agency determines that such individual was a member of a family which had an income during the 6 months immediately preceding the earlier of the month in which such determination occurs or the month in which the hiring date occurs which, on an annual basis, would be 70 percent or less of the Bureau of Labor Statistics lower living standard. Any such determination shall be valid for the 45-day period beginning on the date such determination is made. Any such determination with respect to an individual who is a qualified summer youth employee or youth participating in a qualified cooperative education program with respect to any employer shall also apply for purposes of determining whether such individual is a member of another targeted group with respect to such employer.

(12) **Qualified summer youth employee.**—

(A) In general.—The term "qualified summer youth employee" means an individual—

(i) who performs services for the employer between May 1 and September 15,

(ii) who is certified by the designated local agency as having attained age 16 but not 18 on the hiring date (or if later, on May 1 of the calendar year involved),

(iii) who has not been an employee of the employer during any period prior to the 90-day period described in subparagraph (B)(iii), and

(iv) who is certified by the designated local agency as being a member of an economically disadvantaged family (as determined under paragraph (11)).

(B) Special rules for determining amount of credit.—For purposes of applying this subpart to wages paid or incurred to any qualified summer youth employee—

(i) subsection (b)(2) shall be applied by substituting "any 90-day period between May 1 and September 15" for "the 1-year period beginning with the day the individual begins work for the employer", and

(ii) subsection (b)(3) shall be applied by substituting "$3,000" for "$6,000".

(C) Special rule for continued employment for same employer.—In the case of an individual who, with respect to the same employer, is certified as a member of another targeted group after such individual has been a qualified summer youth employee, paragraph (14) shall be applied by substituting "certified" for "hired by the employer."

(13) **Preemployment period.**—The term "preemployment period" means the 60-day period ending on the hiring date.

(14) **Hiring date.**—The term "hiring date" means the day the individual is hired by the employer.

(15) **Designated local agency.**—The term "designated local agency" means a State employment security agency established in accordance with the Act of June 6, 1933, as amended (29 U.S.C. 49-49n).

(16) **Special rules for certifications.**—

(A) In general.—An individual shall not be treated as a member of a targeted group unless, on or before the day on which such individual begins work for the employer, the employer—

(i) has received a certification from a designated local agency that such individual is a member of a targeted group, or

(ii) has requested in writing such certification from the designated local agency.

For purposes of the preceding sentence, if on or before the day on which such individual begins work for the employer, such individual has received from a designated local agency (or other agency or organization designated pursuant to a written agreement with such designated local agency) a written preliminary determination that such individual is a member of a targeted group, then "the fifth day" shall be substituted for "the day" in such sentence.

(B) Incorrect certification.—If—

(i) an individual has been certified as a member of a targeted group, and

(ii) such certification is incorrect because it was based on false information provided by such individual,

the certification shall be revoked and wages paid by the employer after the date on which notice of revocation is received by the employer shall not be treated as qualified wages.

(C) Employer request must specify potential basis for eligibility.—In any request for a certification of an individual as a member of a targeted group, the employer shall—

(i) specify each subparagraph (but not more than 2) of paragraph (1) by reason of which the employer believes that such individual is such a member, and

(ii) certify that a good faith effort was made to determine that such individual is such a member.

(e) **[Repealed]**

(f) **Remuneration Must Be for Trade or Business Employment.**—

(1) **In general.**—For purposes of this subpart, remuneration paid by an employer to an employee during any taxable year shall be taken into account only if more than one-half of the remuneration so paid is for services performed in a trade or business of the employer.

(2) **Special rule for certain determination.**—Any determination as to whether paragraph (1), or subparagraph (A) or (B) of subsection (h)(1), applies with respect to any employee for any taxable year shall be made without regard to subsections (a) and (b) of section 52.

[Footnote IRC §51 continued]

IRC §51(d)(16)(C) in *italics* added by section 7103(c)(1), '89 OBRA.

Effective date (Sec. 7103(c)(2), '89 OBRA).—Applies to individuals who begin work for the employer after 12-31-89

(g) United States Employment Service To Notify Employers of Availability of Credit.—The United States Employment Service, in consultation with the Internal Revenue Service, shall take such steps as may be necessary or appropriate to keep employers apprised of the availability of the targeted jobs credit determined under this subpart.

(h) Special Rules for Agricultural Labor and Railway Labor.—For purposes of this subpart—

(1) Unemployment insurance wages.—

(A) Agricultural labor.—If the services performed by any employee for an employer during more than one-half of any pay period (within the meaning of section 3306(d)) taken into account with respect to any year constitute agricultural labor (within the meaning of section 3306(k)), the term "unemployment insurance wages" means, with respect to the remuneration paid by the employer to such employee for such year, an amount equal to so much of such remuneration as constitutes "wages" within the meaning of section 3121(a), except that the contribution and benefit base for each calendar year shall be deemed to be $6,000.

(B) Railway labor.—If more than one-half of remuneration paid by an employer to an employee during any year is remuneration for service described in section 3306(c)(9), the term "unemployment insurance wages" means, with respect to such employee for such year, an amount equal to so much of the remuneration paid to such employee during such year which would be subject to contributions under section 8(a) of the Railroad Unemployment Insurance Act (45 U.S.C. 358(a)) if the maximum amount subject to such contributions were $500 per month.

(2) **Wages.**—In any case to which subparagraph (A) and (B) of paragraph (1) applies, the term "wages" means unemployment insurance wages (determined without regard to any dollar limitation).

(i) **Certain Individuals Ineligible.**—

(1) **Related individuals.**—No wages shall be taken into account under subsection (a) with respect to an individual who—

(A) bears any of the relationships described in paragraphs (1) through (8) of section 152(a) to the taxpayer, or, if the taxpayer is a corporation, to an individual who owns, directly or indirectly, more than 50 percent in value of the outstanding stock of the corporation (determined with the application of section 267(c)),

(B) If the taxpayer is an estate or trust, is a grantor, beneficiary or fiduciary of the estate or trust, or is an individual who bears any of the relationships described in paragraphs (1) through (8) of section 152(a) to a grantor, beneficiary, or fiduciary of the estate or trust, or

(C) is a dependent (described in section 152(a)(9)) of the taxpayer, or, if the taxpayer is a corporation, of an individual described in subparagraph (A), or, if the taxpayer is an estate or trust, of a grantor, beneficiary, or fiduciary of the estate or trust.

(2) **Nonqualifying rehires.**—No wages shall be taken into account under subsection (a) with respect to any individual if, prior to the hiring date of such individual, such individual had been employed by the employer at any time during which he was not a member of a targeted group.

(3) **Individuals not meeting minimum employment period.**—No wages shall be taken into account under subsection (a) with respect to any individual unless such individual either—

(A) is employed by the employer at least 90 days (14 days in the case of an individual described in subsection (d)(12)), or

(B) has completed at least 120 hours (20 hours in the case of an individual described in subsection (d)(12)) of services performed for the employer.

(j) **Treatment of Successor Employers; Treatment of Employees Performing Services for other Persons.**—

(1) **Treatment of successor employers.**—Under regulations prescribed by the Secretary, in the case of a successor employer referred to in section 3306(b)(1), the determination of the amount of the credit under this section with respect to wages paid by such successor employer shall be made in the same manner as if such wages were paid by the predecessor employer referred to in such section.

(2) **Treatment of employees performing services for other persons.**—No credit shall be determined under this section with respect to remuneration paid by an employer to an employee for services performed by such employee for another person unless the amount reasonably expected to be received by the employer for such services from such other person exceeds the remuneration paid by the employer to such employee for such services.

(k) **Election to Have Targeted Jobs Credit Not Apply.**—

(1) **In general.**—A taxpayer may elect to have this section not apply for any taxable year.

(2) **Time for making election.**—An election under paragraph (1) for any taxable year may be made (or revoked) at any time before the expiration of the 3-year period beginning on the last date prescribed by law for filing the return for such taxable year (determined without regard to extension).

[redacted]**anner of making election.**—An election under paragraph (1) (or revocation [redacted] be made in such manner as the Secretary may by regulations prescribe.

[redacted]PORTS

[¶511] ('89 OBRA, P.L. 101-239, 12-19-89). Extension of targeted jobs credit.

[Conference Explanation]

House bill

The credit is extended for two years, through December 31, 1991, with one modification. The modification would require that employers: (1) specifically identify the categories (but not to exceed two) for which the individual is believed to be eligible when requesting certification and (2) indicate that a good faith effort was made to determine that the individual is eligible for the credit.

The authorization for appropriations is extended for two years, October 1, 1989—September 30, 1991.

The provision applies with respect to targeted-group individuals who begin work for the employer after December 31, 1989, and before January 1, 1992. Under the provision, the credit does not apply with respect to individuals who begin work for the employer after December 31, 1991.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill, except that the credit is extended for nine months. The provision applies with respect to targeted-group individuals who begin work for the employer after December 31, 1989, and before October 1, 1990. Under the provision, the credit does not apply with respect to individuals who begin work for the employer after September 30, 1990.

The authorization for appropriations is extended for one year, October 1, 1989—September 30, 1990.

[¶511.005] ('88 Technical and Miscellaneous Revenue Act ('88 TAMRA, P.L. 100-647, 11-10-88). Extension of targeted jobs credit.

[House Explanation]

* * * * * *

Present Law—Tax credit provisions. The targeted jobs tax credit is available on an elective basis for hiring individuals from nine targeted groups. The targeted groups are: (1) vocational rehabilitation referrals; (2) economically disadvangted youths aged 18 through 24; (3) economically disadvantaged Vietnam-era veterans; (4) Supplemental Security Income (SSI) recipients; (5) general assistance recipients; (6) economically disadvangted cooperative education students aged 16 through 19; (7) economically disadvantaged former convicts; (8) Aid to Families with Dependent Children (AFDC) recipients and Work Incentive (WIN) registrants; and (9) economically disadvaged summer youth employees aged 16 or 17. Targeted group membership must be certified.

The credit generally is equal to 40 percent of the first $6,000 of qualified first-year wages paid to a member of a targeted group. Thus, the maximum credit generally is $2,400 per individual. With respect to economically disadvantaged summer youth employees, however, the credit is equal to 85 percent of up to $3,000 of wages, for a maximum credit of $2,550.

The credit is not available for wages paid to a targeted group member unless the individual either (1) is employed by the employer for at least 90 days (14 days in the case of economically disadvantaged summer youth employees), or (2) has completed at least 120 hours of work performed for the employer (20 hours in the case of economically disadvantaged summer youth employees). Also, the employer's deduction for wages must be reduced by the amount of the credit.

The credit is available with respect to targeted-group individuals who begin work for the employer before January 1, 1989.

Authorization of appropriations. Present law also authorizes appropriations for administrative and publicity expenses relating to the credit through September 30, 1988. These monies are to be used by the Internal Revenue Service (IRS) and Department of Labor to inform employers of the credit program.

* * * * * *

Explanation of Provision—The credit and the authorization for appropriations are extended for two years. The category of economically disadvantaged youth is restricted to employees aged 18 through 21.

Effective Date. The provision applies with respect to targeted-group individuals who begin work for the employer after December 31, 1988 and before January 1, 1991. Under the provision, the credit does not apply with respect to individuals who begin work for the employer after December 31, 1990.

The authorization for appropriations is effective for the period October 1, 1988 through September 30, 1990 (fiscal years 1989-1990).

[Conference Report]

* * * * * *

Senate amendment—Under the Senate amendment, the credit is extended for six months, and the authorization for appropriation is extended one year. Also, the credit for disadvantaged summer youth employees is reduced from 85 percent to 40 percent.

The provision applies with respect to targeted-group individuals who begin work for the employer after December 31, 1988 and before July 1, 1989. Under the provision, the credit does not apply with respect to individuals who begin work for the employer after June 30, 1989.

The authorization for appropriations is effective for the period October 1, 1988, through September 30, 1989 (fiscal year 1989).

Conference Agreement—The conference agreement follows the House bill and the Senate amendment with modifications. The agreement follows the House bill provision to restrict the category of economically disadvantged youth, except that this category will include employees age 18 to 22 injury with respect to which the period for carryover under section 172 has expired.

(Added Pub. L. 91-172, title IX, § 904(a), Dec. 30, 1969, 83 Stat. 711.)

REFERENCES IN TEXT

The antitrust laws, referred to in subsecs. (b)(3), (d)(2)(C), are classified generally to section 1 et seq. of Title 15, Commerce and Trade.

Section 4 of the Clayton Act, referred to in subsec. (b)(3), is classified to section 15 of Title 15.

EFFECTIVE DATE

Section 904(c) of Pub. L. 91-172 provided that: "The amendments made by this section [enacting this section] shall apply to taxable years beginning after December 31, 1968."

[§ 187. Repealed. Pub. L. 94–455, title XIX, § 1901(a)(31), Oct. 4, 1976, 90 Stat. 1769]

Section, added Pub. L. 91-172, title VII, § 707(a), Dec. 30, 1969, 83 Stat. 674, and amended Pub. L. 93-625, § 3(d), Jan. 3, 1975, 88 Stat. 2109, provided for an allowance of an amortization deduction for certain coal mine safety equipment, the method of election and termination of such deduction, the definition of term "certified coal mine safety equipment", and special rules applicable to the amortization deduction.

EFFECTIVE DATE OF REPEAL

Repeal effective for taxable years beginning after Dec. 31, 1976, see section 1901(d) of Pub. L. 94-455, set out as an Effective Date of 1976 Amendment note under section 2 of this title.

§ 188. Amortization of certain expenditures for child care facilities

(a) Allowance of deduction

At the election of the taxpayer, made in accordance with regulations prescribed by the Secretary, any expenditure chargeable to capital account made by an employer to acquire, construct, reconstruct, or rehabilitate section 188 property (as defined in subsection (b)) shall be allowable as a deduction ratably over a period of 60 months, beginning with the month in which the property is placed in service. The deduction provided by this section with respect to such expenditure shall be in lieu of any depreciation deduction otherwise allowable on account of such expenditure.

(b) Section 188 property

For purposes of this section, the term "section 188 property" means tangible property which qualifies under regulations prescribed by the Secretary as a child care center facility primarily for the children of employees of the taxpayer; except that such term shall not include—

(1) any property which is not of a character subject to depreciation; or

(2) property located outside the United States.

(c) Application of section

This section shall apply only with respect to expenditures made after December 31, 1971, and before January 1, 1982.

(Added Pub. L. 92-178, title III, § 303(a), Dec. 10, 1971, 85 Stat. 521, and amended Pub. L. 94-455, title XIX, § 1906(b)(13)(A), Oct. 4, 1976, 90 Stat. 1834; Pub. L. 95-30, title IV, § 402(a)(1)-(3), May 23, 1977, 91 Stat. 155.)

AMENDMENTS

1977—Pub. L. 95-30, § 402(a)(3), struck out "on-the-job training and" after "expenditures for" in section catchline.

Subsec. (b). Pub. L. 95-30, § 402(a)(2), struck out "as a facility for on-the-job training of employees (or prospective employees) of the taxpayer, or" after "regulations prescribed by the Secretary".

Subsec. (c). Pub. L. 95-30, § 402(a)(1), substituted "January 1, 1982" for "January 1, 1977".

1976—Subsecs. (a), (b). Pub. L. 94-455 struck out "or his delegate" after "Secretary".

EFFECTIVE DATE OF 1977 AMENDMENT

Section 402(b) of Pub. L. 95-30 provided that: "The amendments made by subsection (a) [amending this section and section 57 of this title] shall apply with respect to expenditures made after December 31, 1976."

EFFECTIVE DATE

Section 303(d) of Pub. L. 92-178 provided that: "The amendments made by this section [enacting this section and amending sections 57, 642, 1082, 1245, and 1250 of this title] shall apply to taxable years ending after December 31, 1971."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 48, 642, 1082, 1245, 1250 of this title.

[§ 189. Repealed. Pub. L. 99–514, title VIII, § 803(b)(1), Oct. 22, 1986, 100 Stat. 2355]

Section, added Pub. L. 94-455, title II, § 201(a), Oct. 4, 1976, 90 Stat. 1525, and amended Pub. L. 95-600, title VII, § 701(m)(1), Nov. 6, 1978, 92 Stat. 2907; Pub. L. 97-34, title II, § 262(a), (b), Aug. 13, 1981, 95 Stat. 264; Pub. L. 97-248, title II, § 207(a)-(d), Sept. 3, 1982, 96 Stat. 431, 432; Pub. L. 97-354, § 5(a)(24), Oct. 19, 1982, 96 Stat. 1694; Pub. L. 98-369, div. A, title I, § 93(a), title VII, § 712(c), July 18, 1984, 98 Stat. 614, 947, related to amortization of real property construction period interest and taxes.

EFFECTIVE DATE OF REPEAL

Repeal applicable to costs incurred after Dec. 31, 1986, in taxable years ending after such date, except as otherwise provided, see section 803(d) of Pub. L. 99-514, set out as an Effective Date note under section 263A of this title.

§ 190. Expenditures to remove architectural and transportation barriers to the handicapped and elderly

(a) Treatment as expenses

(1) In general

A taxpayer may elect to treat qualified architectural and transportation barrier removal expenses which are paid or incurred by him during the taxable year as expenses which are not chargeable to capital account. The expenditures so treated shall be allowed as a deduction.

(2) Election

An election under paragraph (1) shall be made at such time and in such manner as the Secretary prescribes by regulations.

(b) Definitions

For purposes of this section—

BEST COPY AVAILABLE

(1) Architectural and transportation barrier removal expenses

The term "architectural and transportation barrier removal expenses" means an expenditure for the purpose of making any facility or public transportation vehicle owned or leased by the taxpayer for use in connection with his trade or business more accessible to, and usable by, handicapped and elderly individuals.

(2) Qualified architectural and transportation barrier removal expense

The term "qualified architectural and transportation barrier removal expense" means, with respect to any such facility or public transportation vehicle, an architectural or transportation barrier removal expense with respect to which the taxpayer establishes, to the satisfaction of the Secretary, that the resulting removal of any such barrier meets the standards promulgated by the Secretary with the concurrence of the Architectural and Transportation Barriers Compliance Board and set forth in regulations prescribed by the Secretary.

(3) Handicapped individual

The term "handicapped individual" means any individual who has a physical or mental disability (including, but not limited to, blindness or deafness) which for such individual constitutes or results in a functional limitation to employment, or who has any physical or mental impairment (including, but not limited to, a sight or hearing impairment) which substantially limits one or more major life activities of such individual.

(c) Limitation

The deduction allowed by subsection (a) for any taxable year shall not exceed $35,000.

(d) Application of section

This section shall apply to—

(1) taxable years beginning after December 31, 1976, and before January 1, 1983, and

(2) taxable years beginning after December 31, 1983.

(Added Pub. L. 94-455, title XXI, § 2122(a), Oct. 4, 1976, 90 Stat. 1914, and amended Pub. L. 98-369, div. A, title X, § 1062(a)(1), (b), July 18, 1984, 98 Stat. 1047; Pub. L. 99-514, title II, § 244, Oct. 22, 1986, 100 Stat. 2183.)

AMENDMENTS

1986—Subsec. (d)(2). Pub. L. 99-514 substituted "1983" for "1983, and before January 1, 1986".

1984—Subsec. (c). Pub. L. 98-369, § 1062(b), substituted "$35,000" for "$25,000".

Subsec. (d). Pub. L. 98-369, § 1062(a)(1), amended subsec. (d) generally, substituting provisions that this section shall apply to taxable years beginning after December 31, 1976, and before January 1, 1983, and to taxable years beginning after December 31, 1983, and before January 1, 1986 for provisions which had required the Secretary to prescribe such regulations as might be necessary to carry out this section within 180 days after October 4, 1976.

EFFECTIVE DATE OF 1984 AMENDMENT

Section 1062(c) of Pub. L. 98-369 provided that: "The amendment made by subsection (b) [amending this section] shall apply to taxable years beginning after December 31, 1983."

EFFECTIVE DATE

Section 2122(c) of Pub. L. 94-455, as amended by Pub. L. 96-167, § 9(c), Dec. 29, 1979, 93 Stat. 1278; Pub. L. 98-369, div. A, title X, § 1062(a)(2), July 18, 1984, 98 Stat. 1047, provided that: "The amendments made by this section [enacting this section and amending sections 263, 1245, and 1250 of this title] shall apply to taxable years beginning after December 31, 1976."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 67, 263, 1245, 1250 of this title.

[§ 191. Repealed. Pub. L. 97-34, title II, § 212(d)(1), Aug. 13, 1981, 95 Stat. 239]

Section, added Pub. L. 94-455, title XXI, § 2124(a)(1), Oct. 4, 1976, 90 Stat. 1916, and amended Pub. L. 95-600, title VII, § 701(f)(1), (2), (7), Nov. 6, 1978, 92 Stat. 2900-2902; Pub. L. 96-222, title I, § 107(a)(1)(E)(ii), Apr. 1, 1980, 94 Stat. 222; Pub. L. 96-541, § 2(a), Dec. 17, 1980, 94 Stat. 3204, related to amortization of certain rehabilitation expenditures for certified historic structures.

EFFECTIVE DATE OF REPEAL

Repeal applicable to expenditures incurred after Dec. 31, 1981, in taxable years ending after such date, with exceptions, see section 212(e) of Pub. L. 97-34, set out as an Effective Date of 1981 Amendment note under section 46 of this title.

§ 192. Contributions to black lung benefit trust

(a) Allowance of deduction

There is allowed as a deduction for the taxable year an amount equal to the sum of the amounts contributed by the taxpayer during the taxable year to or under a trust or trusts described in section 501(c)(21).

(b) Limitation

The maximum amount of the deduction allowed by subsection (a) for any taxpayer for any taxable year shall not exceed the greater of—

(1) the amount necessary to fund (with level funding) the remaining unfunded liability of the taxpayer for black lung claims filed (or expected to be filed) by (or with respect to) past or present employees of the taxpayer, or

(2) the aggregate amount necessary to increase each trust described in section 501(c)(21) to the amount required to pay all amounts payable out of such trust for the taxable year.

(c) Special rules

(1) Method of determining amounts referred to in subsection (b)

(A) In general

The amounts described in subsection (b) shall be determined by using reasonable actuarial methods and assumptions which are not inconsistent with regulations prescribed by the Secretary.

BEST COPY AVAILABLE

such lapse shall be treated as a transfer by such individual by gift, or a transfer which is includible in the gross estate of the decedent, whichever is applicable, in the amount determined under paragraph (2).

"(2) AMOUNT OF TRANSFER.—For purposes of paragraph (1), the amount determined under this paragraph is the excess (if any) of—

"(A) the value of all interests in the entity held by the individual described in paragraph (1) immediately before the lapse (determined as if the voting and liquidation rights were nonlapsing), over

"(B) the value of such interests immediately after the lapse.

"(3) SIMILAR RIGHTS.—The Secretary may by regulations apply this subsection to rights similar to voting and liquidation rights.

"(b) CERTAIN RESTRICTIONS ON LIQUIDATION DISREGARDED.—

"(1) IN GENERAL.—For purposes of this subtitle, if—

"(A) there is a transfer of an interest in a corporation or partnership to (or for the benefit of) a member of the transferor's family, and

"(B) the transferor and members of the transferor's family hold, immediately before the transfer, control of the entity,

any applicable restriction shall be disregarded in determining the value of the transferred interest.

"(2) APPLICABLE RESTRICTION.—For purposes of this subsection, the term 'applicable restriction' means any restriction—

"(A) which effectively limits the ability of the corporation or partnership to liquidate, and

"(B) with respect to which either of the following applies:

"(i) The restriction lapses, in whole or in part, after the transfer referred to in paragraph (1).

"(ii) The transferor or any member of the transferor's family, either alone or collectively, has the right after such transfer to remove, in whole or in part, the restriction.

"(3) EXCEPTIONS.—The term 'applicable restriction' shall not include—

"(A) any commercially reasonable restriction which arises as part of any financing by the corporation or partnership with a person who is not related to the transferor or transferee, or a member of the family of either, or

"(B) any restriction imposed, or required to be imposed, by any Federal or State law.

"(4) OTHER RESTRICTIONS.—The Secretary may by regulations provide that other restrictions shall be disregarded in determining the value of the transfer of any interest in a corporation or partnership to a member of the transferor's family if such restriction has the effect of reducing the value of the transferred interest for purposes of this subtitle but does not ultimately reduce the value of such interest to the transferee.

"(c) DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

"(1) CONTROL.—The term 'control' has the meaning given such term by section 2701(b)(2).

"(2) MEMBER OF THE FAMILY.—The term 'member of the family' means, with respect to any individual—

"(A) such individual's spouse,

"(B) any ancestor or lineal descendant of such individual or such individual's spouse,

"(C) any brother or sister of the individual, and

"(D) any spouse of any individual described in subparagraph (B) or (C).

"(3) ATTRIBUTION.—The rule of section 2701(e)(3)(A) shall apply for purposes of determining the interests held by any individual."

(b) EXTENSION OF STATUTE OF LIMITATIONS.—Subsection (c) of section 6501 (relating to limitations on assessment and collection) is amended by adding at the end thereof the following new paragraph:

"(9) GIFT TAX ON CERTAIN GIFTS NOT SHOWN ON RETURN.—If any gift of property the value of which is determined under section 2701 or 2702 (or any increase in taxable gifts required under section 2701(d)) is required to be shown on a return of tax imposed by chapter 12 (without regard to section 2503(b)), and is not shown on such return, any tax imposed by chapter 12 on such gift may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time. The preceding sentence shall not apply to any item not shown as a gift on such return if such item is disclosed in such return, or in a statement attached to the return, in a manner adequate to apprise the Secretary of the nature of such item."

(c) CONFORMING AMENDMENT.—The table of chapters for subtitle B is amended by adding at the end thereof the following item:

"CHAPTER 14. Special Valuation Rules."

(d) STUDY.—The Secretary of the Treasury shall conduct a study of—

(1) the prevalence and types of options and agreements used to distort the valuation of property for purposes of subtitle B of the Internal Revenue Code of 1986, and

(2) other methods using discretionary rights to distort the value of property for such purposes.

The Secretary shall, not later than December 31, 1992, report the results of such study, together with such legislative recommendations as the Secretary considers necessary, to the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives.

(e) EFFECTIVE DATES.—

(1) SUBSECTION (a).—

(A) IN GENERAL.—The amendments made by subsection (a)—

(i) to the extent such amendments relate to sections 2701 and 2702 of the Internal Revenue Code of 1986 (as added by such amendments), shall apply to transfers after October 8, 1990,

(ii) to the extent such amendments relate to section 2703 of such Code (as so added), shall apply to—

(I) agreements, options, rights, or restrictions entered into or granted after October 8, 1990, and

(II) agreements, options, rights, or restrictions which are substantially modified after October 8, 1990, and

(iii) to the extent such amendments relate to section 2704 of such Code (as so added), shall apply to restrictions or rights (or limitations on rights) created after October 8, 1990.

(B) EXCEPTION.—For purposes of subparagraph (A)(ii), with respect to property transferred before October 8, 1990—

(i) any failure to exercise a right of conversion,

(ii) any failure to pay dividends, and

(iii) any failure to exercise other rights specified in regulations,

shall not be treated as a subsequent transfer.

(2) SUBSECTION (b).—The amendment made by subsection (b) shall apply to gifts after October 8, 1990.

PART II—DISABLED ACCESS CREDIT

SEC. 11611. CREDIT FOR COST OF PROVIDING ACCESS FOR DISABLED INDIVIDUALS.

(a) GENERAL RULE.—Subpart D of part IV of subchapter A of chapter 1 (relating to business related credits), as amended by subtitle E, is amended by adding at the end thereof the following new section:

"SEC. 44. EXPENDITURES TO PROVIDE ACCESS TO DISABLED INDIVIDUALS.

"(a) GENERAL RULE.—For purposes of section 38, in the case of an eligible small business, the amount of the disabled access credit determined under this section for any taxable year shall be an amount equal to 50 percent of so much of the eligible access expenditures for the taxable year as exceed $250 but do not exceed $10,250.

"(b) ELIGIBLE SMALL BUSINESS.—For purposes of this section, the term 'eligible small business' means any person if—

"(1) either—

"(A) the gross receipts of such person for the preceding taxable year did not exceed $1,000,000, or

"(B) in the case of a person to which subparagraph (A) does not apply, such person employed not more than 30 full-time employees during the preceding taxable year, and

"(2) such person elects the application of this section for the taxable year.

For purposes of paragraph (1)(B), an employee shall be considered full-time if such employee is employed at least 30 hours per week for 20 or more calendar weeks in the taxable year.

"(c) ELIGIBLE ACCESS EXPENDITURES.—For purposes of this section—

"(1) IN GENERAL.—The term 'eligible access expenditures' means amounts paid or incurred by an eligible small business for the purpose of enabling such eligible small business to comply with applicable requirements under the Americans With Disabilities Act of 1990 (as in effect on the date of the enactment of this section).

"(2) CERTAIN EXPENDITURES INCLUDED.—The term 'eligible access expenditures' includes amounts paid or incurred—

"(A) for the purpose of removing architectural, communication, physical, or transportation barriers which prevent a business from being accessible to, or usable by, individuals with disabilities,

"(B) to provide qualified interpreters or other effective methods of making aurally delivered materials available to individuals with hearing impairments,

"(C) to provide qualified readers, taped texts, and other effective methods of making visually delivered materials available to individuals with visual impairments,

"(D) to acquire or modify equipment or devices for individuals with disabilities, or

"(E) to provide other similar services, modifications, materials, or equipment.

"(3) EXPENDITURES MUST BE REASONABLE.—Amounts paid or incurred for the purposes described in paragraph (2) shall include only expenditures which are reasonable and shall not include expenditures which are unnecessary to accomplish such purposes.

"(4) EXPENSES IN CONNECTION WITH NEW CONSTRUCTION ARE NOT ELIGIBLE.—The term 'eligible access expenditures' shall not include amounts described in paragraph (2)(A) which are paid or incurred in connection with any facility first placed in service after the date of the enactment of this section.

"(5) EXPENDITURES MUST MEET STANDARDS.—The term 'eligible access expenditures' shall not include any amount unless the taxpayer establishes, to the satisfaction of the Secretary, that the resulting removal of any barrier (or the provision of any services, modifications, materials, or equipment) meets the standards promulgated by the Secretary with the concurrence of the Architectural and Transportation Barriers Compliance Board and set forth in regulations prescribed by the Secretary.

"(d) DEFINITION OF DISABILITY; SPECIAL RULES.—For purposes of this section—

"(1) DISABILITY.—The term 'disability' has the same meaning as when used in the

BEST COPY AVAILABLE

Americans With Disabilities Act of 1990 (as in effect on the date of the enactment of this section).

"(2) CONTROLLED GROUPS.—

"(A) IN GENERAL.—All members of the same controlled group of corporations (within the meaning of section 52(a)) and all persons under common control (within the meaning of section 52(b)) shall be treated as 1 person for purposes of this section.

"(B) DOLLAR LIMITATION.—The Secretary shall apportion the dollar limitation under subsection (a) among the members of any group described in subparagraph (A) in such manner as the Secretary shall by regulations prescribe.

"(3) PARTNERSHIPS AND S CORPORATIONS.—In the case of a partnership, the limitation under subsection (a) shall apply with respect to the partnership and each partner. A similar rule shall apply in the case of an S corporation and its shareholders.

"(4) SHORT YEARS.—The Secretary shall prescribe such adjustments as may be appropriate for purposes of paragraph (1) of subsection (b) if the preceding taxable year is a taxable year of less than 12 months.

"(5) GROSS RECEIPTS.—Gross receipts for any taxable year shall be reduced by returns and allowances made during such year.

"(6) TREATMENT OF PREDECESSORS.—The reference to any person in paragraph (1) of subsection (b) shall be treated as including a reference to any predecessor.

"(7) DENIAL OF DOUBLE BENEFIT.—In the case of the amount of the credit determined under this section—

"(A) no deduction or credit shall be allowed for such amount under any other provision of this chapter, and

"(B) no increase in the adjusted basis of any property shall result from such amount.

"(e) REGULATIONS.—The Secretary shall prescribe regulations necessary to carry out the purposes of this section."

(b) CREDIT MADE PART OF GENERAL BUSINESS CREDIT.—

(1) IN GENERAL.—Subsection (b) of section 38, as amended by subtitle E, is amended by striking "plus" at the end of paragraph (5), by striking the period at the end of paragraph (6) and inserting ", plus" and by adding at the end thereof the following new paragraph:

"(7) in the case of an eligible small business (as defined in section 44(b)), the disabled access credit determined under section 44(a)."

(2) CARRYBACKS.—Section 39(d) is amended by adding at the end thereof the following new paragraph:

"(5) NO CARRYBACK OF SECTION 44 CREDIT BEFORE ENACTMENT.—No portion of the unused business credit for any taxable year which is attributable to the disabled access credit determined under section 44 may be carried to a taxable year ending before the date of the enactment of section 44."

(c) DEDUCTION REDUCED FOR ARCHITECTURAL AND TRANSPORTATION BARRIER REMOVAL EXPENSES.—Section 190(c) (relating to expenditures to remove architectural and transportation barriers to the handicapped and elderly) is amended by striking "$35,000" and inserting "$15,000".

(d) CLERICAL AMENDMENT.—The table of sections for subpart D of part IV of subchapter A of chapter 1, as amended by subtitle E, is amended by adding at the end thereof the following new item:

"Sec. 44. Expenditures to provide access to disabled individuals."

(e) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to expenditures paid or incurred after the date of the enactment of this Act.

(2) SUBSECTION (c).—The amendment made by subsection (c) shall apply to taxable years beginning after the date of the enactment of this Act.

PART III—OTHER PROVISIONS

SEC. 11621. REVIEW OF IMPACT OF REGULATIONS ON SMALL BUSINESS.

(a) GENERAL RULE.—Subsection (f) of section 7805 (relating to review of impact of regulations on small business) is amended to read as follows:

"(f) REVIEW OF IMPACT OF REGULATIONS ON SMALL BUSINESS.—

"(1) SUBMISSIONS TO SMALL BUSINESS ADMINISTRATION.—After publication of any proposed or temporary regulation by the Secretary, the Secretary shall submit such regulation to the Chief Counsel for Advocacy of the Small Business Administration for comment on the impact of such regulation on small business. Not later than the date 4 weeks after the date of such submission, the Chief Counsel for Advocacy shall submit comments on such regulation to the Secretary.

"(2) CONSIDERATION OF COMMENTS.—In prescribing any final regulation which supersedes a proposed or temporary regulation which had been submitted under this subsection to the Chief Counsel for Advocacy of the Small Business Administration—

"(A) the Secretary shall consider the comments of the Chief Counsel for Advocacy on such proposed or temporary regulation, and

"(B) the Secretary shall discuss any response to such comments in the preamble of such final regulation.

"(3) SUBMISSION OF CERTAIN FINAL REGULATIONS.—In the case of the promulgation by the Secretary of any final regulation (other than a temporary regulation) which does not supersede a proposed regulation, the requirements of paragraphs (1) and (2) shall apply; except that—

"(A) the submission under paragraph (1) shall be made at least 4 weeks before the date of such promulgation, and

"(B) the consideration (and discussion) required under paragraph (2) shall be made in connection with the promulgation of such final regulation."

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to regulations issued after the date which is 30 days after the date of the enactment of this Act.

SEC. 11622. GRAPHIC PRESENTATION OF MAJOR CATEGORIES OF FEDERAL OUTLAYS AND INCOME.

(a) GENERAL RULE.—Chapter 77 (relating to miscellaneous provisions) is amended by adding at the end thereof the following new section:

"SEC. 7523. GRAPHIC PRESENTATION OF MAJOR CATEGORIES OF FEDERAL OUTLAYS AND INCOME.

"(a) GENERAL RULE.—In the case of any booklet of instructions for Form 1040, 1040A, or 1040EZ prepared by the Secretary for filing individual income tax returns for taxable years beginning in any calendar year, the Secretary shall include in a prominent place—

"(1) a pie-shaped graph showing the relative sizes of the major outlay categories, and

"(2) a pie-shaped graph showing the relative sizes of the major income categories.

"(b) DEFINITIONS AND SPECIAL RULES.—For purposes of subsection (a)—

"(1) MAJOR OUTLAY CATEGORIES.—The term 'major outlay categories' means the following:

"(A) Defense, veterans, and foreign affairs.

"(B) Social security, medicare, and other retirement.

"(C) Physical, human, and community development.

"(D) Social programs.

"(E) Law enforcement and general government.

"(F) Interest on the debt.

"(2) MAJOR INCOME CATEGORIES.—The term 'major income categories' means the following:

"(A) Social security, medicare, and unemployment and other retirement taxes.

"(B) Personal income taxes.

"(C) Corporate income taxes.

"(D) Borrowing to cover the deficit.

"(E) Excise, customs, estate, gift, and miscellaneous taxes.

"(3) REQUIRED FOOTNOTES.—The pie-shaped graph showing the major outlay categories shall include the following footnotes:

"(A) A footnote to the category referred to in paragraph (1)(A) showing the percentage of the total outlays which is for defense, the percentage of total outlays which is for veterans, and the percentage of total outlays which is for foreign affairs.

"(B) A footnote to the category referred to in paragraph (1)(C) showing that such category consists of agriculture, natural resources, environment, transportation, education, job training, economic development, space, energy, and general science.

"(C) A footnote to the category referred to in paragraph (1)(D) showing the percentage of the total outlays which is for medicaid, food stamps, and aid to families with dependent children and the percentage of total outlays which is for public health, unemployment, assisted housing, and social services.

"(4) DATA ON WHICH GRAPHS ARE BASED.—The graphs required under subsection (a) shall be based on data for the most recent fiscal year for which complete data is available as of the completion of the preparation of the instructions by the Secretary."

(b) CLERICAL AMENDMENT.—The table of sections for chapter 77 is amended by adding at the end thereof the following new item:

"Sec. 7523. Graphic presentation of major categories of Federal outlays and income."

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to instructions prepared for taxable years beginning after 1990.

Subtitle G—Tax Technical Corrections

SEC. 11700. COORDINATION WITH OTHER SUBTITLES.

For purposes of applying the amendments made by any subtitle of this title other than this subtitle, the provisions of this subtitle shall be treated as having been enacted immediately before the provisions of such other subtitles.

SEC. 11701. AMENDMENTS RELATED TO REVENUE RECONCILIATION ACT OF 1989.

(a) AMENDMENTS RELATED TO SECTION 7108.—

(1)(A) Paragraph (2) of section 42(c) is amended by adding at the end thereof the following new sentence: "Such term does not include any building with respect to which moderate rehabilitation assistance is provided, at any time during the compliance period, under section 8(e)(2) of the United States Housing Act of 1937."

(B) Paragraph (1) of section 42(b) is amended by striking the last sentence.

(2) Subclause (I) of section 42(d)(5)(C)(ii) is amended—

(A) by inserting "which is designated by the Secretary of Housing and Urban Development and, for the most recent year for which census data are available on household income in such tract," after "census tract", and

(B) by inserting before the period "for such year".

(3)(A) Clause (i) of section 42(g)(2)(D) is amended by inserting before the period "and such unit continues to be rent-restricted".

AMERICANS WITH DISABILITIES ACT OF 1988

TUESDAY, SEPTEMBER 27, 1988

U.S. Senate, Subcommittee on the Handicapped, of
the Committee on Labor and Human Resources,
U.S. House of Representatives, Subcommittee on
Select Education, of the Committee on Education
and Labor,
Washington, DC.

The subcommittee met, pursuant to notice, at 10 a.m., in room SH-216, Hart Senate Office Building, Senator Tom Harkin (chairman of the subcommittee) presiding.

Present: Senators Harkin, Kennedy, and Weicker, Representatives Owens, Coelho, Martinez, and Jeffords.

OPENING STATEMENT OF SENATOR WEICKER

Senator Weicker [presiding]. The joint committee hearing of the U.S. Senate and the U.S. House of Representatives on the Americans With Disabilities Act will come to order.

It is a great pleasure to welcome my colleagues from the House, to welcome all those in attendance, whether as observers or as witnesses. This is a historic occasion.

I have a prepared statement, which will be submitted in its entirety for the record. I would just like to make the following comments.

I, like you, have lived through weeks, indeed months, of those earth shattering, heartstopping issues such as patriotism and Pledges of Allegiance and all those things which are of deep concern to America. Somehow, I have heard absolutely nothing about 36 million Americans with disabilities.

I think it is to the credit of both candidates, both the Governor and the Vice President, that they support the legislation that is the subject matter of this hearing. Yet, I think the time has come for the Nation, never mind the candidates, to insist that we start to discuss the realities of the world around us. Those realities include 36 million of our neighbors who have particular problems with discrimination.

As is well known I have spoken in the past, not only as a U.S. Senator, but as the father of a disabled child. Within the last several weeks, I find I have another disabled child, this time a learning disabled child. As we grow older, the discrimination that takes place against the ailments of infirmity become more obvious and more frequent.

As new situations confront us, such as AIDS, discrimination once again raises its head, a discrimination which so many of you in this room know all too well, insofar as your particular disabilities are concerned.

Now, the agenda of the Nation is going to be set in the next several weeks, not after the election is over. If both parties and their candidates can tiptoe off the stage without mentioning the Americans With Disabilities Act and its passage immediately, in the next Congress, if they can do that then there will be no Americans with Disabilities Act enacted by the next Congress. If there is silence now, there will be silence later. If there is indifference to discrimination now, there will be indifference later.

This is the moment in the time of all Americans when they set the priorities and the goals of this Nation. Foremost among them should be the fact that for 36 million, and growing in number, Americans, the time has come to end all discrimination, in whatever form. If we do that, that is a patriotism of which we can all be proud.

[The prepared statement of Senator Weicker follows:]

Opening Statement
Senator Lowell Weicker, Jr.
September 27, 1988

I am very pleased to join my colleagues this morning in convening a joint hearing on a subject of deep concern to me: discrimination on the basis of disability.

In its 1986 report, Toward Independence, the National Council on the Handicapped noted: "People with disabilities have been saying for years that their major obstacles are not inherent in their disabilities, but arise from barriers that have been imposed externally and unnecessarily." That report went on to recommend that "Congress... enact a comprehensive law requiring equal opportunity for individuals with disabilities, with broad coverage and setting clear, consistent, and enforceable standards prohibiting discrimination on the basis of handicap."

Earlier this year, in direct response to the Council's recommendation, Senator Harkin and I introduced S.2345, the Americans with Disabilities Act. Drafted principally by the Council, this legislation would prohibit discrimination against people with disabilities in employment, public accommodations, transportation, communciation and public services. And it goes a step further in describing specific methods by which such discrimination is to be eliminated.

The bill has strong, bipartisan backing in both houses of Congress, including 25 cosponsors in the Senate and 114 in the House. It has been endorsed by more than 50 national organizations representing people with a wide variety of disabilities. It is also supported by the Leadership Conference on Civil Rights, an umbrella group of 185 organizations active in the area of civil rights.

As a prelude to further Congressional action on S.2345, we look forward this morning to hearing expert testimony on the types of discrimination experienced by people with disabilities. Most of our witnesses came by their expertise the hard way. They know first-hand what it is like to be shunned in the mainstream and shunted off into the margins of American life. They know first-hand that a disease like AIDS or a condition such as cerebral palsy can not only rob individuals of their health but also be used to deny them a table in a restaurant, a job, a home, and -- finally -- any shred of human dignity.

This hearing is also about fighting back and the rewards reaped as a consequence. We will learn of the difference early intervention has made in the life of a mentally retarded youth. We will revisit the triumph experienced by the students at Gallaudet when they succeeded in their battle for a deaf university president.

Their stories offer us a glimpse of a nation changing for the better. But the transformation has been much too long in coming and is proceeding at too slow a pace. It took the Civil Rights Act of 1964 and subsequent statutues to make plain this nation's opposition to racism, sexism and discrimination based on a person's age. It will take the Americans with Disabilities Act to set the record straight as to where we stand on discrimination based on disability.

Senator Weicker. I understand that Senator Harkin, who is the chairman of the subcommittee and cosponsor of the legislation, is here.

But first, however, we will let Congressman Owens proceed, and then we will get to Senator Harkin.

STATEMENT OF HON. MAJOR R. OWENS, A REPRESENTATIVE IN CONGRESS FROM THE STATE OF NEW YORK

Mr. Owens. Thank you, Senator.

On behalf of the Subcommittee on Select Education of the Education and Labor Committee, I want to thank Senator Harkin and his colleagues for hosting this very important hearing. I have a brief opening statement.

For some of us, the Americans With Disabilities Act of 1988 represents the next giant step in the American civil rights movement. This legislation grants full rights to Americans with disabilities and moves our great Nation from a respectable position of official compassion for those with impairments to a more laudable position of empowering disabled Americans.

This legislation grows out of a vast movement for disability rights and empowerment, a movement made highly visible this spring when the students and faculty of Gallaudet University successfully campaigned for the installation of the first ever deaf president, and more deaf board of directors members of the university. One of the campaign student leaders is a witness in this morning's hearing, and he will testify as a participant on the third panel.

During the Gallaudet campaign, a faculty member characterized that historic effort as "our Selma." As of 1965 the Voting Rights Act was the legislative outgrowth of the 1965 civil rights march from Selma to Montgomery, AL, the Americans with Disabilities Act is part of a journey toward full empowerment for Americans with disabilities.

The measure prohibits discrimination on the basis of disability in such areas as employment, housing, public accommodations, travel, communications, and activities of state and local governments. To guide the journey toward full empowerment of disabled Americans, I have, in my capacity as chairman of the House Subcommittee on Select Education, created a task force on the rights and empowerment of Americans with disabilities.

I have appointed Justin Dart, a former Rehabilitation Services Administration Commissioner, to chair the task force. Mr. Dart is one of the most committed advocates for disabled Americans in this country, and he has made several unique contributions to the field of disability rights.

The task force and the selection of its membership was designed to be broadly representative of people with various disabilities. It has convened forums of public meetings of disabled consumers, rehabilitation professionals, parents, advocates, and Government officials in 44 States. Since May 23 of this year, over 500 people have been present at the forums and 10,000 people have attended the public meetings. Many of them have presented publicly aspects of the discrimination that they have faced on the basis of disability.

The task force is preparing an interim report documenting evidence of discrimination on the basis of disability in America, which will be ready by late October. An executive summary of the interim report is currently available for distribution. The final report of the task force is scheduled for release next year.

The task force is also recommending options for short and long term actions related to Congress, the executive branch, and the public. The information collected by the task force will be invaluable to my subcommittee and to Congress as a whole, as we consider the Americans with Disabilities Act and subsequent legislation to implement the integration of disabled Americans into the production mainstream of our society.

In the America of 1988, people with disabilities understand that democracy and self-help are synonymous. Americans with disabilities are mobilizing to help themselves. Power is their greatest need. With empowerment, all problems can be resolved, all public officials and programs can be held accountable.

Passage of the Americans with Disabilities Act of 1988 will greatly help in the empowerment of disabled Americans. With the power and authority of their Government fully behind them, combined with their own energies, Americans of disabilities can become the masters of their own fates.

OWENS SAYS DISABILITY RIGHTS ACT WILL HELP "EMPOWER" DISABLED AMERICANS

"The Americans with Disabilities Act of 1988 represents the next giant step in the American civil rights movement," says Congressman Major Owens (D-NY), Chairman of the House Subcommittee on Select Education. The Subcommittee, along with the Senate Subcommittee on the Handicapped, will hold a hearing on the legislation Tuesday, September 27, 10 a.m., Room 216 in the Hart Senate Office Building. Among the scheduled witnesses are Gregory Hlibok, a student leader of Gallaudet University demonstrations for a deaf president and deaf board members earlier this year, and Jade Calgory, a star of the film "Mac and Me" and the first disabled child to be featured in a commercial movie.

The disability rights measure prohibits discrimination on the basis of disability in such areas as employment, housing, public accommodations, travel, communications, and activities of state and local governments. It covers employers engaged in commerce who have 15 or more employees; housing providers covered by federal fair housing laws; transportation companies; those engaged in broadcasting or communications; and state and local governments. Congressman Owens notes that the Act will not repeal Sections 503 and 504 of the Rehabilitation Act of 1973 and all regulations issued under those sections will remain in full force and affect. Enforcement procedure for the Act includes administrative remedies, a private right of action in federal court, monetary damages, injunctive relief, attorney's fees, and cutoffs of federal funds.

The measure is being sponsored in the House by Congressmembers Owens, Tony Coelho (D-Calif.), and Silvio Conte (R-Mass.). Its Senate sponsors are Tom Harkin (D-Iowa) and Lowell Weicker (R-Conn.).

BEST COPY AVAILABLF

In addition to the measure, Congressman Owens, in his capacity as the House Select Education Subcommittee Chairman, has created a Task Force on the Rights and Empowerment of Americans with Disabilities "to guide the journey toward full empowerment of disabled Americans." He appointed Justin Dart, a former Rehabilitation Services Administration Commissioner, to chair the Task Force. "Mr. Dart is one of the most committed advocates for disabled Americans in this country," says Congressman Owens, "and he has made several unique contributions to the field of disability rights."

The Task Force is gathering evidence of discrimination against disabled Americans, and is seeking examples of successful local, state, national and international efforts to overcome barriers to self-realization of disabled people. It is also recommending options for short and long-term actions relating to Congress, the Executive Branch, and the public. "The information collected by the Task Force will be invaluable to my Subcommittee and to Congress as a whole, as we consider this and subsequent legislation to implement the integration of disabled Americans into the productive mainstream of society," says Congressman Owens.

OPENING STATEMENT OF SENATOR HARKIN

Senator HARKIN [presiding]. Thank you very much, Congressman Owens.

Again, I want to welcome all of you here. I want to also welcome my colleagues here. I would say without hesitation that you see in front of you really the vanguard in the Congress of those who care about and fight for Americans with disabilities. Senator Kennedy, Congressman Coelho, Congressman Owens, Senator Weicker, and Congressman Jeffords. I am really proud that you are all here.

We are holding this joint hearing on the pervasive problem of discrimination in our Nation against Americans with disabilities. This hearing will go down, I believe, in history as another significant step in Congress' effort to ensure equal opportunity for our 42 million Americans with disabilities.

People with disabilities, like racial and ethnic minorities and women, are entitled to obtain a job, enter a restaurant or hotel, ride a bus, listen to and watch the TV, use the telephone, and use public services free from invidious discrimination and free from polices that exclude them solely on the basis of their disability. Every American must be guaranteed genuine opportunities to live their lives to the maximum of their potential.

Almost a quarter of a century ago, Congress took the historic step of passing the Civil Rights Act of 1964 which, among other things, bars discrimination against persons on the basis of race, color, and national origin by recipients of Federal aid, and in such areas as employment and public accommodations. Americans with disabilities were not protected by this landmark legislation.

In 1968, the Congress and the President took another historic step when it passed the fair housing legislation barring discrimination in housing. Once again, people with disabilities were not extended protections by this legislation.

In 1973, some 15 years ago, the Congress finally adopted section 504 of the Rehabilitation Act, which prohibits discrimination on the basis of handicaps. However, this legislation only prohibits discrimination by recipients of Federal aid. It does not cover discrimination by private employers; nor does it prohibit discrimination in public accommodations.

Thus, today under our Nation's civil rights laws, an employer can no longer say to a prospective employee, "I will not hire you because of the color of your skin, or because you are a woman, or because you are Jewish." If they did, a person could march over to the courthouse, file a law suit, win, and collect damages and attorney's fees.

Yet, to this day, nothing prevents an employer or an owner of a hotel or restaurant from excluding Americans with disabilities. The courthouse door is still closed to Americans with disabilities.

On April 28 of this year, several Senators and Representatives introduced the Americans With Disabilities Act of 1988 and took the first step in opening up the courthouse door to Americans with disabilities. The Americans With Disabilities Act prohibits discrimination against persons with disabilities in areas of employment, public accommodations, transportation, communications, and public services.

It is my expectation that this legislation will become the law of the land during the 101st Congress. However, the road to enactment will be filled with potholes and roadblocks. But if we stick together as a community, and we work with the groups representing employers and the hotel, restaurant, communications, and transportation industries, I believe we can succeed.

We have momentum on our side. When this Administration vetoes the Civil Rights Restoration Act, this Congress overrode it overwhelmingly. When the Fair Housing Act Amendments came before the Congress, we worked closely with the realtors and the homebuilders. We put together a broadbased coalition to get this passed. Again, overwhelmingly, we did it.

We can do the same with the Americans With Disabilities Act. It is good legislation, important legislation, needed legislation, and it is the right thing to do. Almost a quarter century after the passage of the Civil Rights Act of 1964, it is long overdue.

[The prepared statement of Senator Harkin follows:]

OPENING STATEMENT OF TOM HARKIN (D. Iowa), CO-CHAIRMAN
JOINT HEARING ON DISCRIMINATION ON THE BASIS OF HANDICAP
SENATE SUBCOMMITTEE ON THE HANDICAPPED
HOUSE SUBCOMMITTEE ON SELECT EDUCATION
SEPTEMBER 27, 1988

The Senate Subcommittee on the Handicapped and the House Subcommittee on Select Education are proud to hold this joint hearing on the pervasive problem of discrimination in our Nation against Americans with disabilities. I would like to extend a warm welcome to the witnesses and to the hundreds of persons in the audience. This hearing will go down in history as another significant step in Congress' effort to ensure equal opportunity for our 42 million Americans with disabilities.

People with disabilities, like racial and ethnic minorities and women, are entitled to obtain a job, enter a restaurant or hotel, ride a bus, listen to and watch the TV, use the telephone, and use public services free from invidious discrimination and policies that exclude them solely on the basis of their disability. Every American must be guaranteed genuine opportunities to live their lives to the maximum of their potential.

Almost a quarter of a century ago Congress took the historic step of passing the Civil Rights Act of 1964, which, among other things, bars discrimination against persons on the basis of race, color, and national origin by recipients of federal aid and in such areas as employment and public accommodations. Americans with disabilities were not protected by this landmark legislation. In 1968, the Congress and the President took another historic step when it passed the Fair Housing legislation barring discrimination in housing. Once again, people with disabilities were not extended protections by this legislation.

In 1973, some 15 years ago, the Congress finally adopted section 504 of the Rehabilitation Act, which prohibits discrimination on the basis of handicap. However, this legislation only prohibits discrimination by recipients of federal aid. It does not cover discrimination by private employers; nor does it prohibit discrimination in public accommodations.

Thus, today under our Nation's civil rights laws, an employer can no longer say to a prospective employee, "I will not hire you because of the color of your skin, or because you're a woman or Jewish." If they did, a person could march over to the court house, file a law suit, win, collect damages and attorneys fees.

Yet, to this day nothing prevents an employer or an owner of a hotel or restaurant from excluding Americans with disabilities. The courthouse door is still closed to Americans with disabilities.

On April 28, 1988, several senators and representatives introduced the Americans With Disabilities Act of 1988 and took the first step in opening up the courthouse door. The Americans With Disabilities Act prohibits discrimination against persons with disabilities in areas of employment, public accommodations, transportation, communications, and public services.

It is my expectation that this legislation will become the law of the land during the 101st Congress. However, the road to enactment will be filled with potholes and roadblocks. But, if we stay together as a community and we work with the groups representing employers and the hotel, restaurant, communications and transportation industries, I believe we can succeed.

We have momentum on our side. When the Administration vetoed the Civil Rights Restoration Act, this Congress overrode that veto overwhelmingly. And, when the Fair Housing Act Amendments came before this Congress, we worked closely with the realtors and the homebuilders and we put together a broad-based coalition to get this landmark legislation passed, again overwhelmingly.

We can do the same with the Americans With Disabilities Act. It's good legislation, important, needed, it's the right thing to do—and almost a quarter-century after the passage of the Civil Rights Act of 1964, it is long overdue.

Senator HARKIN. I would like to recognize Congressman Coelho now and welcome him to this hearing.

STATEMENT OF HON. TONY COELHO, A REPRESENTATIVE IN CONGRESS FROM THE STATE OF CALIFORNIA

Mr. COELHO. Thank you, Mr. Chairman.

First off, Mr. Chairman, I would like to thank you and Chairman Owens for holding this hearing. As you and the chairman have both indicated, this is a historic hearing. I think it starts us down a path that has been needed for years.

As you have all indicated, there are approximately 36 million, some people say 43 million, Americans with disabilities that basically do not have their basic civil rights.

As one with a hidden disability, as one who openly discusses my epilepsy, I know what discrimination is. I am not going to go into detail of what is in this bill, because that has already been discussed and will be discussed more. I am only going to discuss briefly with my colleagues, and with those of you in this room, as to why I feel so strongly that this legislation is needed.

I have said repeatedly over the years, please do not dwell on the things that I cannot do, help me do the things that I can do. I can be a wonderfully productive American citizen if you will help me do that. Every American citizen, regardless of their ability or disability cannot do certain things. Just because those of us who are disabled are limited in our ability of doing certain things, does not mean that we are unable of being productive citizens.

It is time that our Government recognizes our abilities and gives us the dignity to do what we can do.

As a young man, I developed seizures, later diagnosed as epilepsy. For many years, for 5 years, as I had my seizures on a regular basis, I did not know what they were. I went to every doctor that you could think of. I also went to three witch doctors because I was supposedly possessed by the devil. My Republican colleagues think I am, but others believed I was. [Laughter.]

As I went to college, I was an achiever. I got outstanding grades in high school and outstanding grades in college. I was student body president in high school and student body president in college. I was outstanding senior in college. I was sought after by different businesses and groups, to be involved in their activities and be employed by them. I had decided that I wanted to be an attorney.

In my senior year, I changed my mind. I decided I wanted to become a Catholic priest. As I graduated with honors, I then had a physical exam in order to enter the seminary. The physical exam pointed out that these seizures that I had been having for 5 years meant that I had epilepsy.

I always remember very well what happened, in that I walked to the doctor's office from my car, sat in the doctor's office, was told about my epilepsy, walked back to my car, got back in my car and drove back to my fraternity house and I was the same exact person. But only in my own mind because the world around me changed.

My doctor had to notify the legal authorities of my epilepsy. My church was notified and immediately I was not able to become a Catholic priest, because my church did not, at the time, permit epileptics to be priests. My driver's license was taken away, my insurance was taken away. Every job application has the word epilepsy on it and I marked it, because I was not going to lie. I could not get a job.

My parents refused to accept my epilepsy. I became suicidal and drunk by noon. The only reason is because I had not changed as a person. The only reason is that world around me had changed. The light had been turned off, the light of opportunity, the light of hope. Not until a priest friend of mine turned me over to a man of hope by the name of Bob Hope did the light get lit again.

I am here today, serving in the capacity that I serve, because some people believe not because my Government protected me, not because my Government protected my basic civil rights.

I am a major advocate of this bill because I want to make sure that other young people, as their looking for hope, as they believe that the system should work for them, have that hope, have that opportunity.

What happened at Gallaudet University was not only an inspiration, I am sure, to the hearing impaired. What happened at Gallaudet University was an inspiration to all of us with disabilities, in that if we ourselves believe in ourselves and are willing to stand up we can make a difference.

That is what this bill is all about; 36 million Americans deciding it is time for us to stand up for ourselves, to make a difference, to say that we want our basic civil rights also. We deserve it.

Give us an opportunity to do what we can do, do not keep telling us what we cannot do.

I thank my colleagues.

Congress of the United States
House of Representatives
Office of the Majority Whip

THE AMERICANS WITH DISABILITIES ACT OF 1988
Statement by Rep. Tony Coelho
September 27, 1988

The joint hearing we are participating in today represents another important step in the struggle to secure civil rights protections for Americans with disabilities, our nation's largest minority. The time has come to send a message across America that people with disabilities can no longer be locked out, stigmatized or ignored. The time has finally come to end the discrimination 43 million Americans with disabilities face as they strive to take their rightful place in every aspect of our society.

I am honored to co-chair today's hearing because I belong to this minority. We are a diverse group -- we use wheelchairs, we are blind, we are deaf, many of us have hidden disabilities - epilepsy, cancer, HIV infection, diabetes, mental illness. We have lived in the White House. We live in institutions and nursing homes. We live in large cities and in rural communities. We work in Congress and we work at McDonald's. Many of us aren't permitted to work at all.

No matter our what our disability is, where we live, or what we do, we all share the common experience of discrimination. And we all share a common dream: to live wherever we choose, to work and achieve whatever career goals we strive toward, to communicate with our neighbors, to travel where we choose, and, like all other Americans, to freely use and enjoy public accommodations in our communities.

The Americans with Disabilities Act is a major step towards achieving our dream of equality. This act was developed by the National Council on the Handicapped, an independent federal agency appointed by President Reagan to investigate the status of disabled Americans. Over the past five years, the Council conducted innumerable hearings and forums across this country and reached the same inescapable conclusions again and again: barriers and discrimination, rather than the inherent physical or mental characteristics of persons with disabilities themselves, are to blame for the staggering unemployment and isolation of these citizens, our nation's largest minority.

The Americans with Disabilities Act proposes a series of protections against discrimination which parallel existing civil rights statutes. In drafting this bill, the Council has drawn also on the successful model used by the federal government in eliminating discrimination on the basis of handicap in federally-funded activities. This vision of the National Council on the Handicapped, that existing civil rights could and should be extended to protect the disabled, has been shaped by the input of hundreds of disabled Americans and parents of disabled children.

As the Council found, unfair discrimination is the daily experience of many of the 43 million Americans with disabilities. Every sphere of life is affected: housing, employment, recreation, transportation; even the ability to operate independently in the commercial sphere, or to vote, or to raise children. Our entire society has been inadvertently structured in a way that unnecessarily denies innumerable opportunities, great and small, to people with disabilities, in ways that are never even noticed by most Americans.

BEST COPY AVAILABLE

Simple daily tasks, like visiting the grocery store or the bank, going to a restaurant or a movie, using the telephone to report an emergency, taking the bus to the doctor, or even getting in and out of one's own home, can become monumental tasks or impossible barriers to overcome -- not due to the actual physical and mental conditions of disabled Americans, but due to prejudice, fears, and unnecessary obstacles which have been placed in their path.

Countless numbers of our fellow citizens who are veterans of foreign conflicts, have acquired a disability while defending their country, only to come home to a society that subjects them to discrimination and injustice, a society that shuns them merely because they are disabled. The architectural, communication and transportation barriers they face do not affect them and their families alone. Our entire society bears the economic burdens of this prejudice: dependency is expensive. It increases benefit entitlements and decreases productive capacity sorely needed by the American economy.

As I can tell you from my own experience with epilepsy, employment discrimination is one of the most pervasive problems affecting Americans with disabilities. Jobs are unfairly denied every day to thousands of capable people with epilepsy and other disabilities due to prejudice, stereotypes and groundless myths about our lack of abilities or because we are erroneously perceived to pose dangers to ourselves and others.

For example, I know one woman with epilepsy who was employed for nearly eight years as a secretary for a company. One day she had a seizure at work and was fired, simply because her employer felt that her co-workers should not have to work with someone like her.

Similarly, a young man with multiple sclerosis was fired from his job because he was unable to handwrite his reports even though he was perfectly capable of dictating them. Or, what of the veteran who lost a leg in Vietnam and was denied a job in a factory line even though he was totally able to perform the job?

These stories, sadly, are all true. Yet these individuals, like many other American citizens, have no remedy to challenge the denial of employment. They want to be productive, self-supporting and tax-paying participants in society, but they have been told that they cannot do so, for reasons that are irrational, illogical, and unjust. This bill gives these persons a remedy.

People with disabilities want to work. This has been confirmed by numerous studies, including the 1986 Lou Harris survey which found that two-thirds of the disabled people polled who are not employed said that they wanted to work. One-quarter of these Americans attributed their unemployment to employer discrimination and an additional 28 percent attributed it to transportation barriers.

The full and dramatic reality of this problem has been largely hidden, denied, and explained away. When a program, or a job, or a school, has excluded disabled people, or segregated them in a separate facility, this has been justified through the unchallenged myth of equating disability with inability. When taking stock of the status of unemployment in our society, the staggering level of disabled employment - 66 percent - is not viewed as a solvable problem, it's viewed as an inevitability. You hear things like, "Of course they can't work. They're disabled." This alleged self-truth has gone substantially unchallenged and is one of the most fundamental errors our society has ever made.

Equating disability with inability is false. In employment, for example, numerous studies have shown that employment for the disabled is restricted more by misconceptions, stereotypes, and generalizations about handicaps, unfounded fears about increased costs and decreased productivity, and outright prejudice, than by people's disabilities themselves. Overwhelmingly, the documentation shows that disabled workers equal or outperform non-disabled workers, without increasing insurance benefits or worker's compensation costs. We have allowed our discomfort with the handicapped, and our feelings of hostility toward them to create this gigantic and wasteful injustice.

Society has neglected to challenge itself and its misconceptions about people with disabilities. When people don't see the disabled among our co-workers, or on the bus, or at the sports field, or in a movie theater, most Americans think it's because they can't. It's time to break this myth. The real reason people don't see the disabled among their co-workers, or on the bus, or at the sports field, or in a movie theater is because of barriers and discrimination. Nothing more.

It is barriers and discrimination that have caused an "out of sight, out of mind" situation with disabled people. When housing is inaccessible and unavailable, the disabled have to stay at home, under the care of their families, or live in nursing homes and other institutions, rather than establishing and controlling their own households next door to you and me. When regular transportation is inaccessible, and transit services for the disabled are segregated, you won't see them on your bus or commuter train. When prejudice dictates that the handicapped can be productively employed only in separate sheltered workshops, you won't see too many in your workplace.

The exclusion and segregation of people with disabilities has had an insidious partner: the gloss of good intentions. An atmosphere of charity and concern has cloaked our ill-treatment of disabled people and permeated our excuses for denying them access to the full benefits of the complex fabric of modern American society. The institutions and the token van rides and the overprotective denials of employment have all been provided with the noblest intent.

While the charity model once represented a step forward in the treatment of persons with handicaps, in today's society it is irrelevant, inappropriate and a great disservice. Our model must change. Disabled people are sometimes impatient, and sometimes angry, but for good reason: they are fed up with discrimination and exclusion, tired of denial, and are eager to seize the challenges and opportunities as quickly as the rest of us.

It is time to stop the excuses and the veneer of good intentions. We must stop the cycle of separateness which hides the people with disabilities, and creates prejudice, which creates more separateness.

In the past, concerns about cost have been raised as an obstacle to our addressing this problem. Estimates of these costs are inflated. For example, when the implications of Section 504 of the Rehabilitation Act of 1973 were debated, universities and hospitals claimed that non-discrimination was absolutely beyond their financial means. We have now had regulations implementing Section 504 over 10 years. During that time, these institutions have not complained of financial difficulties due to accommodating the disabled.

I believe we will find that in the long run, ending discrimination will actually lower costs to our society as a whole. Maintaining discrimination is

BEST COPY AVAILABLE

expensive because discriminatory barriers keep people out of work, lowers our gross national product and our tax revenue and, what's more, swell benefits payments. Government studies have estimated that eliminating employment discrimination in even a narrow spectrum of jobs would add $58 million to annual government revenues. A Department of Transportation study indicated that, with accessible transportation, SSI benefit savings due to increased employment would account for $276 million a year. Statistics indicated that funds generated by eliminating handicap discrimination would return more than three dollars for every dollar spent. We as a nation stand to cash in quite a bit on the integration, and subsequent enhanced productivity, of people with disabilities.

The Americans with Disabilities Act addresses these basic areas: employment, transportation, public accommodations, public services and communication barriers.

In employment, this Act will make it illegal to deny job opportunities to qualified applicants on the basis of handicap. The Act will cover the same range of employment activities as those covered by Title VII of the Civil Rights Act of 1964.

In transportation, the Act will eliminate barriers by requiring new transportation equipment to be accessible to the disabled. This follows a national trend, in which the current federal mandate to provide useable public transportation for the disabled is being done through lift-fitted and otherwise-accessible equipment. The next step, barriers in existing equipment, will be dealt with by allowing phase-in periods. This way, transit systems will slowly become more and more accessible to the disabled without creating a burdensome cost to the transit districts. The bill provides that para-transit (separate, subsidized door-to-door van systems) can and should still be used, but not as a substitute for regular fixed-route service.

In mandating this particular configuration of transportation services, Congress will be affirming the consensus which is being reached in both the disability community and the transit community after a decade of much experimentation in how best to eliminate transportation barriers. An increasing number of cities large and small, including New York, Denver, Seattle, San Francisco, Tacoma, Johnstown, and Champagne-Urbana, have successfully integrated large numbers of disabled people into their entire transit systems. These cities serve as models to the rest of the country, illustrating how to maximize disabled ridership, minimize costs, and work harmoniously with the disability community.

The Act will prohibit discrimination in public accommodations covered by Title II of the 1964 Civil Rights Act. Also, it will prohibit discriminatory activities of state and local governments resulting from ordinances, laws, regulations, or rules. It includes the continued phase-in of closed captioning in television broadcasts, viewable by deaf and hearing-impaired watchers upon purchase of decoder. Such measures will begin to bring down the many barriers that are so debilitating to the disabled on a day-to-day basis.

The Americans with Disabilities Act of 1988 provides the vehicle through which we can address the critical problem of discrimination on the basis of handicap in our country. We must provide disabled citizens the same equality of opportunity which our nation values so highly. We must all work together toward the day when disabled people face no discrimination. I urge all my colleagues to join us in this fight.

Senator **Harkin**. Congressman Coelho just again showed what we know around here to be true, that that testimony that comes from the heart is always the best testimony.

I would like to recognize our distinguished chairman of the Labor and Human Resources Committee, the Senator from Massachusetts, Senator Kennedy.

OPENING STATEMENT OF SENATOR KENNEDY

Senator **Kennedy**. Mr. Chairman, just for a moment, because we all want to hear the witnesses, I too want to commend you, Senator Weicker, Major Owens, Congressman Coelho, Congressman Jeffords, for holding these hearings.

I think, as you listen to those who have spoken today, you realize that there probably has not been a family in the country that has not been touched by some form of physical or mental challenge. You have heard some statements today, very moving statements of members of the family. That has been true in the Kennedy family, as well, a sister who is retarded, my own son who has lost a limb to cancer. I bet if you go across this country, there really is not a member of a family or an extended family that has not been touched.

This legislation will become law. I think those that have physical or mental challenge has to take heart by the actions that have been taken very recently in the Congress, with the Fair Housing Act and the Civil Rights Restoration Act. There is a movement and it is alive and it is growing. And it should grow.

This legislation will become law. It will become law not because of the people up here, although all of us want it to become law, but because of you all across this Nation, in the small towns and communities, in the plants and factories all across this Nation, that are really challenging our country to ensure that we are basically going to have an even playing field and we are going to eliminate the barriers that keep people out, so that people can become a real part of the American dream.

I just want to give the assurance to both Senator Harkin, who is the chairman of the Subcommittee on the Handicapped, and Senator Weicker, who has done such a great job in this area as well, that this will be the first order of business when the next Congress meets, assuming that we are all here.

Senator **Harkin**. That is great news, the first order of business next year.

[The prepared statement of Senator Kennedy follows:]

STATEMENT OF SENATOR EDWARD M. KENNEDY
ON S. 2345, THE AMERICANS WITH DISABILITIES ACT

For Immediate Release:
September 27, 1988
CONTACT: Paul Donovan
Robin Buckley
(202) 224-4781

Today marks the first day of hearings by the Senate Subcommittee on the Handicapped on the Americans with Disabilities Act. At the outset, I want to commend Senator Harkin and Senator Weicker for their leadership on this issue, and for their tireless support in working toward a more just society for the disabled and for all Americans.

The 100th Congress has already adopted two landmark bills to protect the rights of the disabled. The Civil Rights Restoration Act, enacted over the veto of the President, provides substantial protections for the handicapped against discrimination. And the Fair Housing Act of 1988 includes for the first time a series of provisions to bring the disabled within its far-reaching protections.

The Americans with Disabilities Act is the essential next step in our ongoing effort to guarantee that the 36 million physically and mentally challenged citizens of our nation enjoy the same fundamental rights as all other Americans. We recognize that enactment of a law does not necessarily end discrimination or prejudice in our society, but it is often the indispensable means of advancing toward that goal.

With the help of medical science and the commitment of growing numbers of concerned citizens in public and private life throughout the country, we are poised on the threshold of a new era of opportunity in our society for millions of fellow citizens who have been unfairly left out. We are beginning to learn that disabled people are not unable. The old barriers of fear and prejudice and ignorance are crumbling, and the Americans with Disabilities Act will speed the day when those ancient attitudes are finally and fully overcome, and disabled Americans enjoy the right to realize their full potential.

In 1973, Congress took the first step in ensuring that the civil rights of millions of Americans with disabilities are protected. Section 504 of the Rehabilitation Act has served as a symbol of equal citizenship for disabled Americans, an incentive for self-advocacy and community education -- and when necessary, a basis for court action. The legislation we are discussing today builds on what we started in 1973 -- it will provide disabled Americans with the same rights already accorded to women and minorities -- the right to be free from discrimination in all its insidious forms.

Finally, the Americans with Disabilities Act will also halt discrimination against individuals suffering from AIDS or who are infected with the AIDS virus. I am delighted that Admiral Watkins is with us today. The report of his Presidential Commission makes clear that discrimination against victims of AIDS is seriously impairing our ability to halt the spread of the AIDS epidemic, and action by Congress is overdue.

I look forward to this hearing, and I commend all those who have worked so hard to develop this legislation. The Americans with Disabilities Act deserves our high priority in Congress, and I intend to do all I can as chairman of the Labor and Human Resources Committee to expedite its enactment.

Senator **Harkin**. I want to recognize my former colleague from the House, an individual I worked very closely with for many years during the House, again an eloquent spokesman for the right of Americans with disabilities, Congressman Jeffords from Vermont.

STATEMENT OF HON. JAMES M. JEFFORDS, A REPRESENTATIVE IN CONGRESS FROM THE STATE OF VERMONT

Mr. **Jeffords**. Thank you very much, Mr. Chairman.

As has been pointed out, individuals with disabilities have been denied for so long, services, jobs, housing, transportation, hotel rooms, a means to communicate, access to Government officials, voting polls, and yes, even restrooms. Such denials have been sustained, systematic and yes, tolerated. No more.

With the introduction of the Americans With Disabilities Act of 1988 and this hearing, we begin in earnest to undo the remaining forms of discrimination against individuals with disabilities.

I wish to commend the National Council on the Handicapped, my esteemed colleagues especially those here today, Mr. Justin Dart, and others for their untiring efforts to document the full range of discrimination experienced by persons with disabilities, thus creating a moral and practical foundation for the expectations reflected in the ADA.

I am looking forward to the testimony of the witnesses here today. They represent a source of guidance and energy, a reflection of potential and determination, and the spirit of cooperation and partnership. They know what discrimination is and how to overcome it. They know what patience is and how to show it. They know what credibility is and how to judge it.

Our family members, our friends and our neighbors with disabilities ask for one simple right, the right to control their own lives, to make choices and to choose. This will not happen until we eliminate all forms of discrimination.

We continue the process of transforming the ADA into law. Its effects should not be judged in terms of cost, but rather realized potential; not be measured in terms of effort, but in increased productivity; and not be characterized as preferential treatment, but as reaffirmed human dignity. Starting today, we must work together to make the ADA a fact, not a gesture; reflected in practice, not promises; and grounded in commitment, not hope.

I was elected in Congress in 1974 and I worked with my colleagues on many acts along these lines, the Education of all Handicapped Children Act, the Rehabilitation Act, especially to extend the protections under section 504 to people seeking services and jobs directly with the Federal Government, the Civil Rights Restoration Act, the Technology Related Assistance Act or Individuals with Disability Act of 1988, and now the ADA.

Although our efforts reflect progress, we know from experience that comprehensive legislation takes great effort. As two of my distinguished figures have recently said, read my lips, the ADA will be enacted.

Thank you. [Applause.]

Senator **Harkin**. I recognize our colleague from California, Congressman Martinez.

STATEMENT OF HON. MATTHEW G. MARTINEZ, A REPRESENTATIVE IN CONGRESS FROM THE STATE OF CALIFORNIA

Mr. **MARTINEZ**. Senator Harkin, thank you very much.

Let me start off by commending you and Congressman Owens for holding this hearing today on discrimination against disabled Americans.

For too long, these 32 million Americans have been ignored and their civil rights have been denied. They represent the largest minority group in this Nation and it is time that the Congress listened and acted on their concerns.

As chairman of the House Subcommittee on Employment Opportunities, I am proud of the great strides that the Rehabilitation Act has made in fighting employment discrimination, but it is not enough. While the Civil Rights Act of 1964 prohibits employment discrimination on the basis of race, color, religion, sex, or national origin by most employers, no similar protection is provided for disabled workers in the private sector.

I believe the Americans With Disabilities Act would be a giant step in providing that protection. Each and every qualified American should have the right to work to the best of his or her ability and this legislation will ensure that right. Americans willing and capable of work should no longer be judged on their disability but rather on their abilities.

Society and our Nation could benefit greatly from the integration of these individuals, not only into the work force but society as a whole. The ADA will give disabled Americans the right to have a full and productive life, a right which, in today's society, is often denied them.

During the past two Congresses, the Subcommittee on Employment Opportunities has also held hearings on discrimination against disabled Americans. In fact, we had a very eloquent testimony given by the son of Senator Kennedy.

It became evident during those hearings, and I am sure it will become evident today that society and Congress have begun a process of integration, but more needs to be done. I look forward to the testimony of the witnesses today. Senator Harkin, these are the individuals that know firsthand what it is like not to be given a fair and equal chance in the world based not on their ability, but on their disability.

Thank you.

[The prepared statement of Congressman Martinez follows:]

OPENING STATEMENT OF CONGRESSMAN MATTHEW G. MARTINEZ
BEFORE THE SENATE SUBCOMMITTEE ON THE HANDICAPPED
AND THE HOUSE SUBCOMMITTEE ON SELECT EDUCATION

HEARING ON DISCRIMINATION ON THE BASIS OF DISABILITY
SEPTEMBER 27, 1988
216 HART, 10:00 A.M.

SENATOR HARKIN AND CONGRESSMAN OWENS, I WANT TO COMMEND YOU FOR HOLDING THIS HEARING TODAY ON DISCRIMINATION AGAINST DISABLED AMERICANS. FOR TOO LONG, THESE 32 MILLION AMERICANS HAVE BEEN IGNORED AND THEIR CIVIL RIGHTS DENIED. THEY REPRESENT THE LARGEST MINORITY GROUP IN THIS NATION AND IT IS TIME THAT CONGRESS LISTENED AND ACTED ON THEIR CONCERNS.

AS CHAIRMAN OF THE HOUSE SUBCOMMITTEE ON EMPLOYMENT OPPORTUNITIES, I AM PROUD OF THE GREAT STRIDES THE REHABILITATION ACT HAS MADE IN FIGHTING EMPLOYMENT DISCRIMINATION AGAINST THE DISABLED AMONGST FEDERAL AGENCIES AND CONTRACTORS. HOWEVER, IT HAS NOT BEEN ENOUGH. WHILE THE CIVIL RIGHTS ACT OF 1964 PROHIBITS EMPLOYMENT DISCRIMINATION ON THE BASIS OF RACE, COLOR, RELIGION, SEX OR NATIONAL ORIGIN BY MOST EMPLOYERS, NO SIMILAR PROTECTION IS PROVIDED FOR DISABLED WORKERS IN THE PRIVATE SECTOR. I BELIEVE THE "AMERICANS WITH DISABILITIES ACT" WOULD BE A GIANT STEP IN PROVIDING THAT PROTECTION.

EACH AND EVERY QUALIFIED AMERICAN SHOULD HAVE THE RIGHT TO WORK TO THE BEST OF HIS OR HER ABILITY AND THIS LEGISLATION WILL ENSURE THAT RIGHT. AMERICANS WILLING AND CAPABLE OF WORK SHOULD NO LONGER BE JUDGED ON THEIR DISABILITY BUT ON THEIR ABILITIES. SOCIETY AND OUR NATION COULD BENEFIT GREATLY FROM INTERGRATING THESE INDIVIDUALS, NOT ONLY INTO THE WORKFORCE, BUT SOCIETY AS A WHOLE. THE ADA WILL GIVE DISABLED AMERICANS THE RIGHT TO HAVE A FULL AND PRODUCTIVE LIFE, A RIGHT WHICH IN TODAY'S SOCIETY IS OFTEN DENIED TO THEM.

DURING THE PAST TWO CONGRESSES, THE SUBCOMMITTEE ON EMPLOYMENT OPPORTUNITIES HAS ALSO HELD HEARINGS ON DISCRIMINATION AGAINST DISABLED AMERICANS. WHAT HAS BECOME EVIDENT DURING THOSE HEARINGS, AND I AM SURE WILL BECOME EVIDENT TODAY, IS THAT SOCIETY AND CONGRESS HAVE BEGUN THE PROCESS OF INTERGRATION BUT MORE NEEDS TO BE DONE.

I LOOK FORWARD TO THE TESTIMONY OF THE WITNESSES. THESE ARE THE INDIVIDUALS THAT KNOW FIRST HAND WHAT IT IS LIKE NOT TO BE GIVEN A FAIR AND EQUAL CHANCE IN THE WORLD, BASED NOT ON THEIR ABILITY, BUT ON THEIR DISABILITY.

Senator **Weicker** [presiding]. Congressman, thank you very much. I ask unanimous consent that a statement by Senator Simon of Illinois be included in the record in its entirety.

[The prepared statement of Senator Simon follows:]

PAUL SIMON

BUDGET

United States Senate
WASHINGTON, DC 20510

STATEMENT OF SENATOR PAUL SIMON
HEARING ON DISCRIMINATION ON THE BASIS OF DISABILITY
September 26, 1988

Mr. Chairman, I deeply regret that I will not be able to attend this very important hearing. I would like to welcome the witnesses in person, and particularly welcome Mary Linden, from Morton Grove, Illinois. I will be looking forward to reading the testimony of all of the witnesses.

The topic of this hearing is important not only to the millions of Americans who continue to suffer directly the effects of discrimination, but also to our nation. We all feel the effects and are clearly lessened as a nation when we fail to guarantee the rights and use the abilities of all of our citizens.

A recent article in the magazine Business Week called Americans with disabilities the "last minority." We know from experience that civil rights legislation does not automatically end unfair and unequal treatment of people who have historically been left out of the mainstream. But we have also seen the enormous difference that comprehensive civil rights laws have made in the lives of other American "minorities." We know we can do better -- much better -- in bringing Americans with disabilities into the mainstream of our society -- into the workplace, our communities, our lives. We need the Americans with Disabilities Act to complete the civil rights agenda in this country and to bring equality of opportunity to our "last minority."

I sense we are ready to take the final steps to bring about full equality for Americans with disabilities -- and we will be a far richer nation when we do.

Mr. **Coelho**. Mr. Chairman, can I have unanimous consent that a statement by me be put in the record at the end of my remarks?

Senator **Weicker**. Indeed, a statement by Congressman Coelho will be included in the record at this point in its entirety, or at the conclusion of his statement.

We now go to the first witness, Sandy Parrino of the National Council on the Handicapped. I would like to say that this is a courageous lady. I might add, she represents a courageous group, the entire council, because indeed theirs has not been an easy road in bringing this legislation before us.

They have resisted the importunings of those that were dedicated either to partisanship or philosophy or special interest, and have tried to bring forth a work product that will do the job for the disabled, period. That was the only thing they had in mind.

I want to thank you, Sandy, by way of this introduction. The floor is yours.

STATEMENT OF SANDRA PARRINO, CHAIRPERSON, NATIONAL COUNCIL ON THE HANDICAPPED, WASHINGTON, DC

Ms. **Parrino**. Thank you. Good morning.

My name is Sandra Swift Parrino. I am very honored to lead off testimony about a piece of legislation that is very close to my heart—the Americans With Disabilities Act of 1988.

I am, in private life, a mother with an involvement and commitment to two children born with serious disabilities. I am, in public life, the Chairperson of the National Council on the Handicapped, an independent Federal agency whose Board is comprised of 15 knowledgeable persons with disabilities—and experts on disability service programs. All of us, appointed by the President and confirmed by the Senate.

We are the only Federal agency mandated to address, analyze, and make recommendations on issues of public policy affecting Americans with disabilities. The main thrust of our efforts is toward eliminating barriers which prevent disabled persons from full participation in the mainstream of American life. Barriers, as you will see, that will topple upon passage of the Americans with Disabilities Act which you will hear referred to as ADA.

The National Council on the Handicapped has not been timid in its efforts in both originating and spearheading this legislation. Legislation we first recommended in a report titled "Toward Independence" that was sent to both the President and Congress in 1986.

Legislation we desighed after indepth analysis and study. Legislation that is of clear importance to persons with disabilities and to Federal policy regarding disability programs. Legislation that offers constructive, realistic, and fiscally sound solutions to enhance independence and productivity of people with disabilities. Landmark legislation that is a civil rights, equal opportunity bill for 36 million disabled Americans. Legislation that will, in essence, no longer allow 36 million Americans to be left out of the American dream scenario.

The Americans with Disabilities Act of 1988 is not only important to 36 million citizens with disabilities—it is also—as I will illustrate a bit later—of the highest importance to our Nation. From the quadriplegic as the result of a football injury . . . to the child in a hospital crib from rapidly growing numbers of senior citizens to 75,000 Vietnam veterans—the basic nugget of truth is that—due to discriminatory practices—persons with disabilities continue to suffer from the highest rates of unemployment and poverty than any other group of Americans. Less access to decent schooling—housing—work and transportation than anyone in this country—including noncitizens.

ADA is critically important because its provisions are shaped to break the chains that bind many of the 36 million people into a bondage of unjust, unwanted dependency on families, charity, and social welfare. Dependency that is a major and totally unnecessary contributor to public deficits and private expenditures.

These hearings will provide you with a vital source of information to assess the scope and meaning of the Americans With Disabilities Act. On behalf of 36 million citizens, I ask you to keep in mind that for decades disabled people have been waiting. For decades disabled people have seen laws enacted by their elected Representatives that prohibit discrimination for other categories of individuals. For decades, disabled Americans have had to live with the realization that there are no similarly effective laws to protect them.

Today, I am proud to say, there is an emerging group consciousness on the part of disabled Americans, their families, friends and advocates. A consciousness toward mounting political activism.

Martin Luther King had a dream. We have a vision. Dr. King dreamed of an America "where a person is judged not by the color of his skin, but by the content of his character." ADA's vision is of an America where persons are judged by their abilities and not on the basis of their disabilities; 36 million Americans, our Nation's largest and no longer silent minority. Ladies and gentlemen, American cannot afford to discard her disabled brothers and sisters.

In "Toward Independence", our 1986 report to Congress, our vision has been to shape responsible legislation by which Federal disincentives and barriers to employment are removed so that disabled Americans can go to work.

In the 1984 report to Congress by the Rehabilitation Services Administration, it was indicated that for every $1 spent to return a disabled person to work, $18 were returned to the tax base upon their placement. This would include not only taxes paid by the individual, but money saved from the removal of public expenditures.

ADA seeks to protect disabled citizens against discrimination in such areas as transportation, private sector employment, public accommodations, housing and communications and where appropriate the activities of State and local Government agencies.

America cannot afford to discard her disabled people. The majority of disabled people not working said they want to work. The first Louis Harris poll showed that disabled workers in the workplace are rated "good" to "excellent" by an overwhelming majority of their employers. Disability does not mean incompetence. The perception that disabled people are flawed and incapable of caring for themselves is the result of discriminatory attitudes, not the result of disability.

In a nation with a labor shortage, two-thirds of all disabled Americans between the ages of 16 and 64 years of age are not working. No one demographic group under 65 has such a small proportion working. The two words "not working" are perhaps the truest definition of what it means to be disabled in America today.

As Louis Harris discovered, people with disabilities want to become involved in their communities as taxpaying contributors.

It is contrary to sound principles of fiscal responsibility to spend billions of Federal tax dollars to relegate people with disabilities to positions of dependency upon public support.

People with disabilities represent America's greatest untapped resource of employables who want to work. As we all know, in America, jobs are a major source of status, dignity, and self-esteem. "What do you do," is a conversational staple. To contribute to society and support yourself is a cherished precept of our American vision.

ADA sweeps into obsolescence those obstacles that limit opportunity, promote discrimination, prevent integration, restrict choice and frustrate self-help for the working aged disabled Americans who are unemployed.

May I remind you, America cannot afford to discard her disabled brothers and sisters. Advancing age, economic circumstances, illness, and accident will someday, according to reputable statistics, put most of us, in the category of a person with a disability.

The goals espoused in the Americans with Disabilities Act are economically practical as well as morally correct and humanely necessary. The ADA is legislation that does away with troubling historical echoes. Echoes that must no longer be interpreted by America's disabled citizenry as a life sentence.

Esteemed Members of Congress, in closing, I wish to relay a message from 36 million Americans with disabilities. For decades, we have retained a faith in the reformability and adaptability of our Government. For decades we have been told to have patience, but patience is not an inexhaustible commodity. People with disabilities have waited long enough. America has waited long enough. The Americans with Disabilities Act must be enacted now.

The vision of equality for 36 million Americans with disabilities now rests with you.

I thank you. [Applause.]

[The prepared statement of Ms. Parrino follows:]

TESTIMONY OF SANDRA SWIFT PARRINO, CHAIRPERSON
NATIONAL COUNCIL ON THE HANDICAPPED

GOOD MORNING

MY NAME IS SANDRA SWIFT PARRINO.

I AM HONORED TO LEAD OFF TESTIMONY ABOUT A PIECE OF LEGISLATION THAT IS VERY CLOSE TO MY HEART... THE AMERICANS WITH DISABILITIES ACT OF 1988.

I AM, IN PRIVATE LIFE, A MOTHER WITH AN INVOLVEMENT AND COMMITMENT TO TWO CHILDREN BORN WITH SERIOUS DISABILITIES.

I AM, IN PUBLIC LIFE, THE CHAIRPERSON OF THE NATIONAL COUNCIL ON THE HANDICAPPED. AN INDEPENDENT FEDERAL AGENCY WHOSE BOARD IS COMPRISED OF 15 KNOWLEDGEABLE PERSONS WITH DISABILITIES....AND EXPERTS ON DISABILITY SERVICE PROGRAMS. ALL OF US, APPOINTED BY THE PRESIDENT AND CONFIRMED BY THE SENATE.

WE ARE THE ONLY FEDERAL AGENCY MANDATED TO ADDRESS, ANALYZE AND MAKE RECOMMENDATIONS ON ISSUES OF PUBLIC POLICY AFFECTING AMERICANS WITH DISABILITIES. THE MAIN THRUST OF OUR EFFORTS IS TOWARDS ELIMINATING BARRIERS WHICH PREVENT DISABLED PERSONS FROM FULL PARTICIPATION IN THE MAINSTREAM OF AMERICAN LIFE. BARRIERS, AS YOU WILL SEE, THAT WILL TOPPLE UPON PASSAGE OF THE AMERICANS WITH DISABILITIES ACT WHICH YOU WILL HEAR REFERRED TO AS ADA.

THE NATIONAL COUNCIL ON THE HANDICAPPED HAS NOT BEEN TIMID IN ITS EFFORTS IN BOTH ORIGINATING AND SPEARHEADING THIS LEGISLATION. LEGISLATION WE FIRST RECOMMENDED IN A REPORT TITTLED "TOWARD INDEPENDENCE" THAT WAS SENT TO BOTH THE PRESIDENT AND THE CONGRESS IN 1986.

LEGISLATION WE DESIGNED AFTER IN-DEPTH ANALYSIS AND STUDY. LEGISLATION THAT IS OF CLEAR IMPORTANCE TO PERSONS WITH DISABILITIES AND TO FEDERAL POLICY REGARDING DISABILITY PROGRAMS. LEGISLATION THAT OFFERS CONSTRUCTIVE, REALISTIC AND FISCALLY SOUND SOLUTIONS TO ENHANCE INDEPENDENCE AND PRODUCTIVITY OF PEOPLE WITH DISABILITIES.

LANDMARK LEGISLATION THAT IS A CIVIL RIGHTS, EQUAL OPPORTUNITY BILL FOR 36 MILLION DISABLED AMERICANS. LEGISLATION THAT WILL, IN ESSENCE, NO LONGER ALLOW 36 MILLION AMERICANS TO BE LEFT OUT OF THE AMERICAN DREAM SCENARIO.

THE AMERICANS WITH DISABILITIES ACT OF 1988 IS NOT ONLY IMPORTANT TO 36 MILLION CITIZENS WITH DISABILITIES....IT IS ALSO....AS I WILL ILLUSTRATE A BIT LATER...IMPERISHABLY IMPORTANT TO OUR NATION.

FROM THE QUADRIPLEGIC AS THE RESULT OF A FOOTBALL INJURY....TO THE CHILD IN A HOSPITAL CRIB....FROM RAPIDLY GROWING NUMBERS OF SENIOR CITIZENS...TO 75 THOUSANDS VIETNAM VETERANS...THE BASIC NUGGET OF TRUTH IS THAT.... DUE TO DISCRIMINATORY PRACTICES....PERSONS WITH DISABILITIES CONTINUE TO SUFFER FROM THE HIGHEST RATES OF UNEMPLOYMENT AND POVERTY THAN ANY OTHER GROUP OF AMERICANS. LESS ACCESS TO DECENT SCHOOLING..HOUSING..WORK AND TRANSPORTATION THAN ANYONE IN THIS COUNTRY....INCLUDING NON-CITIZENS.

ADA IS OF CRITICALLY IMPORTANT BECAUSE ITS PROVISIONS ARE SHAPED TO BREAK THE THE CHAINS THAT BIND MANY OF THESE 36 MILLIONS INTO A BONDAGE OF UNJUST, UNWANTED DEPENDENCY ON FAMILIES, CHARITY AND SOCIAL WELFARE. A DEPENDENCY THAT IS A MAJOR AND TOTALLY UNNECESSARY CONTRIBUTOR TO PUBLIC DEFICITS AND PRIVATE EXPENDITURES.

THESE HEARINGS WILL PROVIDE YOU WITH A VITAL SOURCE OF INFORMATION TO ASSESS THE SCOPE AND MEANING OF THE AMERICANS WITH DISABILITIES ACT. ON BEHALF OF 36 MILLION CITIZENS I ASK YOU TO KEEP IN MIND THAT...FOR DECADES DISABLED PEOPLE HAVE BEEN WAITING.

FOR DECADES THE DISABLED HAVE SEEN LAWS ENACTED BY THEIR ELECTED REPRESENTATIVES THAT PROHIBIT DISCRIMINATION FOR OTHER CATEGORIES OF INDIVIDUALS. FOR DECADES DISABLED AMERICANS HAVE HAD TO LIVE WITH THE REALIZATION THAT THERE ARE NO SIMILARLY EFFECTIVE LAWS TO PROTECT THEM. TODAY, I AM PROUD TO SAY, THERE IS AN EMERGING GROUP-CONSCIOUSNESS ON THE PART OF DISABLED AMERICANS, THEIR FAMILIES, FRIENDS AND ADVOCATES. A CONSCIOUSNESS TOWARD MOUNTING POLITICAL ACTIVISM. MARTIN LUTHER KING HAD A DREAM. WE HAVE A VISION. KING DREAMED OF AN AMERICA WHERE A PERSON WAS JUDGED NOT BY THE COLOR OF HIS SKIN, BUT BY THE NATURE OF HIS CHARACTER. ADA'S VISION IS OF AN AMERICA WHERE PERSONS ARE JUDGED BY THEIR ABILITIES AND NOT ON THE BASIS OF THEIR DISABILITIES.

36 MILLION AMERICANS...OUR NATION'S LARGEST AND NO LONGER SILENT MINORITY. LADIES AND GENTLEMEN, AMERICA CANNOT AFFORD TO DISCARD HER DISABLED BROTHERS AND SISTERS.

IN SHEPHERDING THIS LEGISLATION FROM RICHLY DESERVED CONCEPT TO STATUTORY CIVIL RIGHTS UMBRELLA...IN "TOWARDS INDEPENDENCE," OUR 1986 REPORT TO CONGRESS, OUR GOAL HAS BEEN TO DEVISE PRACTICAL, RESPONSIBLE LEGISLATION BY WHICH FEDERAL EXPENDITURES RELATING TO DISABILITY ARE MORE PRUDENTLY SPENT WHILE INEFFECTIVENESS AND COUNTER PRODUCTIVITY ARE MINIMIZED.

"IN THE 1984 REPORT TO CONGRESS BY THE REHABILITATION SERVICES ADMINISTRATION, IT WAS INDICATED FOR EVERY $1.00 SPENT TO RETURN A DISABLED PERSON TO WORK, $18.00 WERE RETURNED TO THE TAX BASE UPON THEIR PLACEMENT. THIS WOULD INCLUDE NOT ONLY TAXES PAID BY THE INDIVIDUAL, BUT MONEY SAVED FROM THE REMOVAL OF PUBLIC EXPENDITURES. (SINCE DISABILITY INCREASES WITH AGE, THE COUNCIL'S ROLE IN PREVENTION COULD BE MENTIONED IN THE TESTIMONY)."

ADA SEEKS TO PROTECT DISABLED CITIZENS AGAINST DISCRIMINATION IN AREAS SUCH AS TRANSPORTATION...PRIVATE SECTOR EMPLOYMENT...PUBLIC ACCOMMODATIONS...HOUSING AND COMMUNICATIONS AND WHERE APPROPRIATE THE ACTIVITIES OF STATE AND LOCAL GOVERNMENTS AGENCIES.

IN FACT, BOTH LOUIS HARRIS POLLS SUBSTANTIATED THAT THE TWO WORDS "NOT WORKING" ARE PERHAPS THE TRUEST DEFINITION OF WHAT IT MEANS TO BE DISABLED IN AMERICA TODAY.

AMERICA CAN NOT AFFORD TO DISCARD HER DISABLED PEOPLE. THE MAJORITY OF DISABLED PEOPLE NOT WORKING SAID THAT THEY WANT TO WORK. THE FIRST LOUIS HARRIS POLL SHOWED THAT DISABLED WORKERS IN THE WORKPLACE ARE RATED "GOOD" TO "EXCELLENT" BY AN OVERWHELMING MAJORITY OF THEIR EMPLOYERS.

DISABILITY DOES NOT MEAN INCOMPETENCE. THE PERCEPTION THAT THE DISABLED ARE FLAWED AND INCAPABLE OF CARING FOR THEMSELVES IS THE RESULT OF

DISCRIMINATORY ATTITUDES...NOT THE RESULT OF DISABILITY. AS LOUIS HARRIS DISCOVERED, PEOPLE WITH DISABILITIES WANT TO BECOME INVOLVED IN THEIR COMMUNITIES AS TAXPAYING CONTRIBUTORS.

IT IS CONTRARY TO SOUND PRINCIPLES OF FISCAL RESPONSIBILITY TO SPEND BILLIONS OF FEDERAL TAX DOLLARS TO RELEGATE PEOPLE WITH DISABILITIES TO POSITIONS OF DEPENDENCY UPON PUBLIC SUPPORT.

MAY I REMIND YOU, PEOPLE WITH DISABILITIES REPRESENT AMERICA'S GREATEST UNTAPPED RESOURCE OF EMPLOYABLES WHO WANT TO WORK.

AS WE ALL KNOW, IN AMERICA JOBS ARE A MAJOR SOURCE OF STATUS, DIGNITY AND SELF-ESTEEM. "WHAT DO YOU DO?" IS A CONVERSATIONAL STAPLE, TO CONTRIBUTE TO SOCIETY AND SUPPORT YOURSELF IS A CHERISHED PRECEPT OF OUR AMERICAN VISION.

ADA SWEEPS INTO OBSOLESCENCE THOSE OBSTACLES THAT LIMIT OPPORTUNITY, PROMOTE DISCRIMINATION, PREVENT INTEGRATION RESTRICT CHOICE AND FRUSTRATE SELF-HELP FOR THE 65 PERCENT OF NON-INSTITUTIONAL WORKING AGE DISABLED AMERICANS WHO ARE UNEMPLOYED.

AMERICA CAN NOT AFFORD TO DISCARD HER DISABLED BROTHERS AND SISTERS. ADVANCING AGE, ECONOMIC CIRCUMSTANCES, ILLNESS, ACCIDENT WILL SOMEDAY, ACCORDING TO REPUTABLE STATISTICS, PUT ALL OF US, OR A LOVED ONE, IN THE CATEGORY OF A PERSON WITH A DISABILITY.

THE GOALS ESPOUSED IN THE AMERICANS WITH DISABILITIES ACT ARE ECONOMICALLY PRACTICAL AS WELL AS MORALLY CORRECT... AND HUMANELY NECESSARY. THE ADA IS LEGISLATION THAT DOES AWAY WITH TROUBLING HISTORICAL ECHOES. ECHOES THAT MUST NO LONGER BE INTERPRETED BY AMERICA'S DISABLED CITIZENRY AS A LIFE SENTENCE.

IN CLOSING I WISH TO RELAY A MESSAGE FROM 36 MILLION DISABLED AMERICANS. FOR DECADES WE HAVE RETAINED A FAITH IN THE REFORMABILITY AND ADAPTABILITY OF OUR GOVERNMENT. FOR DECADES WE HAVE BEEN TOLD TO HAVE PATIENCE. BUT PATIENCE IS NOT AN INEXHAUSTIBLE COMMODITY. PEOPLE WITH DISABILITIES HAVE WAITED LONG ENOUGH. AMERICA HAS WAITED LONG ENOUGH. THE AMERICANS WITH DISABILITIES ACT MUST BE ENACTED NOW. THE HOPES, ASPIRATIONS AND VISIONS OF 36 MILLION AMERICANS WITH DISABILITIES NOW RESTS WITH YOU.

Senator Weicker. Sandy, thank you very much.

To the members of the panel, we have extraordinary individuals who have come to testify on this act. I would hope we could keep our questions down to a minimum, in order that all might have a chance to present their story, possibly each one of us only asking a question or two.

Sandy, very briefly, has a position been stated on this legislation by the Administration?

Ms. Parrino. At this time, this legislation reflects the views of the members of the National Council on the Handicapped. However, both Presidential nominees have endorsed the bill.

Senator Weicker. Last, in your view, is it possible to eliminate discrimination against persons with disabilities without Federal legislation?

Ms. Parrino. I think the testimony answers that question. We have waited. We have been patient. It has not happened. I think that it is necessary to have this legislation.

Personally, I find that the fact that my two children are not protected under the Constitution to be unacceptable to me and it is unacceptable to me that 36 million disabled Americans are not protected under the Constitution. I think we need the legislation.

Senator Weicker. Congressman Owens.

Mr. Owens. Mr. Chairman, I have no questions. I would just like to join Senator Harkin in congratulating Mrs. Parrino on the magnificent job that was done in achieving consensus on this piece of legislation, and to thank her for the many years of hard work it took to get to this point.

Senator Weicker. Congressman Jeffords.

Mr. Jeffords. Just one question. You mention a labor shortage which would indicate a need and if we end discrimination we would have an available resource, a human resource. Is the training that is available under present Federal legislation sufficient to handle the ability to make that resource available?

Ms. Parrino. There is not enough training at the moment. We spend much too much in sustaining dependency and not enough in rehabilitating and training and educating.

Mr. Jeffords. Thank you.

Senator Weicker. Senator Kennedy.

Senator Kennedy. Just one question. We will probably hear a good deal of discussion about the cost of this legislation. I think it has been well documented, and you have certainly referred to the fact, that if this legislation is actually implemented, the possibilities that it gives for those that are physically handicapped and handicapped will be able to be much more productive in terms of the kinds of returns that will come back, not only in human terms but actually in financial terms, will be useful as well.

I wonder if you would just address that briefly, because this will certainly that, on the floor of the Senate, will be asked about. If you could tell us, if we achieve this legislation, whether people will be able to, you believe, be much more productive in terms of being involved in our economy? I am sorry we have to have this kind of a bottom line type of a question, but I think that is what is on people's minds these days, unfortunately.

Ms. **Parrino**. The National Council is seeking to provide Congress with some kind of economic analysis of this bill. We are in the process of finding the appropriate people to do that, because it will be asked in the winter or the spring, we are sure.

There is a lot of data available in some of the areas, and there is also a lot of data that is not available. We are trying to first find what has already been done, what analysis has been done, and then see where the holes are, what has to be looked into.

I think we will be able to put some kind of a picture together by the spring. It is certainly a question that will be asked and has to be answered, but your reference to the labor shortage, we wonder just what this country is going to do as we know there is going to be a tremendous shortage of workers. It is a perfect match that we have here.

I certainly would hope we would not go looking outside the country to fill those jobs when we have a population here who wants to work in all levels of employment. So I think economically, if we look at it that way, it will be a great plus to us.

Senator **Kennedy**. I appreciate that, and I hope you will keep us informed. It seems to me to be reasonably self-evident. If you eliminate these barriers and people are able to participate, that they are going to be productive members of society and they will also be contributing members to the society, in terms of their involvement in our whole economy.

I think whatever material we can have on that will be generally useful. Thank you very much.

Senator **Weicker**. Congressman Coelho.

Mr. **Coelho**. Thank you, Senator.

Sandy, outstanding statement. Very, very nicely done. All of us appreciate your work and your effort and your presentation today.

Only one comment and one question. The comment is, do not have any more patience.

Ms. **Parrino**. I think it has run out, do you not?

Mr. **Coelho**. It is time, I think, to stand up. I think Gallaudet proved that and sort of lit a spark not only with the hearing disabled but with the disability community all over the country. We do not want to be patient anymore. So I hope that you do not believe that anymore. Let us move on.

The question I have is that your statement that it is up to us now to adopt it is correct, but you understand politics. You know that that is not the way it is done. What is really important is the grassroots.

You and I talk about 36 million or 43 million—and we move between those numbers, it is somewhere in there—Americans with disabilities. If 36 million Americans would contact their legislative leaders, and urge upon them the need for this legislation, it would be done. That is a tremendous political force.

I am, as I said, one of those in the disabled community. I do not think we have done enough of educating my colleagues, as to what we want and what we do not want. That is why I say patience is over with.

I would just ask the question what are you doing, in the grassroots, to get all the groups to lobby on the ADA bill? We have 130 sponsors in the House. I do not know how many in the Senate. But that is not enough.

Ms. **Parrino**. To try and answer your question, of course the members of the National Council on the Handicapped are not allowed to lobby, and of course we do not.

Mr. **Coelho**. We understand that. Not that we have got that out of the way.

Ms. **Parrino**. Now that that is out of the way. [Laughter.]

However, we certainly believe in education. The Council is preparing some information on the bill, some questions and answers and an explanation, sort of in plain English, what the bill means. We hope to go, the staff and the members, to all 50 States and to just educate people at a State level, and then encourage them to educate people down to the grassroots level.

We are only 15 members and our staff, we only have 8, so it is a very large job. But we are going to attempt to do it. We will not go out and tell people what they should do regarding their Congressmen, but we will educate them about the bill, tell them what it means, and why it has been written and why it has been introduced.

Mr. **Coelho**. Thank you.

Senator **Weicker**. Congressman Martinez.

Mr. **Martinez**. Thank you, Senator Weicker.

I have a question along the same line that the Senate asked. Maybe it is a little bit different, or maybe the response to his was not exactly what I was looking for. I am interested in what the present administration's reaction was to the Council's report, first. Second, we have, in the Federal sector, a law that is supposed to protect the physically challenged. I am wondering if the Council, in its examination of everything, made a determination of whether that law is effective.

Anytime Congress acts, it holds out great hope to the people that look to benefit from that act of Congress. In many instances the followup or administration of that law does not occur. So those people that held up that hope are very disappointed. In this particular area, I would hate to see these people disappointed because they have worked so hard to see this come about.

So the two questions are one, what was the administration's reaction? Two, in your observations, how is the present law in the Federal sector working?

Ms. **Parrino**. Well, to answer your first question, sitting behind me is our new Executive Director, Paul Hearne. Paul was sworn in to his position in August by the Vice President. At that swearing in, he indicated a need for Federal antidiscrimination legislation, to protect the rights of disabled people, and he mentioned this bill.

So that, I would say, there has been a level of acceptance of this legislation from the administration.

Mr. **Martinez**. The second question regards the law that presently exists in the Federal sector, that protects the physically disabled.

Ms. **Parrino**. Are you referring to 504 regulations?

Mr. **Martinez**. Yes.

Ms. **Parrino**. Is that adequate?

Mr. **Martinez**. Is it working? As with various other things, under our supervision as the oversight subcommittee on Employment Opportunities, we find that the EEOC has not really placed enough emphasis on those things that provide affirmative action in the workplace.

I am wondering if, in this instance, the same thing is occurring, that where we have the law on the books really no one is paying attention to it and the physically disadvantaged continue to be discriminated against?

Ms. **Parrino**. Well, here goes my hometown. I agree with you, not enough is being done. There is not enough compliance.

The village I live in, in Westchester County, Briar Cliff Manor, which does participate in revenue sharing, could not see fit to put a ramp in until just this year. Therefore, people in that town, that village, who wanted to go into the town hall and participate in town meetings or decisions that were being made for the population, disabled were not able—certainly physically disabled people were never able to get into that town hall.

That is just one example that has certainly irritated me for many years. I think it is true in communities all over the country. There has not been enough compliance in the 504 regulations. That is a personal opinion.

In that regard, then, does there need to be something put into the law that has teeth in it to force compliance?

Ms. **Parrino**. I am not an attorney, and I do not know that I can really answer that, but my uneducated guess would be yes, that there has to be something. It is not enough to just have it down on the books because the similar situation with education.

All the classrooms were supposed to have been made accessible, but many schools are not. Many schools do not have the elevators or the accessibilities, to this day, 13 years after the bill was enacted. They still are not accessible and the classrooms are not accessible.

I would say that we would need some more, I guess, teeth you call it.

Senator **Weicker**. Sandy, thank you very much. There will be further questions which can be submitted for the record. Thank you for your effort. Thank you for your courage. It is good to have the endorsement of the National Council. We will take it from here.

Ms. **Parrino**. Thank you.

Senator **Weicker**. Our next witness is Admiral Watkins. Again, in this particular instance, I would like to commend the Admiral for his courage for bringing sanity and common sense and fact to the discussion of AIDS within this Nation.

Before you arrived on the scene with your Commission, we were dealing with ignorance, superstition, fear, and philosophy. You have turned that around. You have my eternal gratitude for turning it around, you and your entire Commission.

Again, I will use that by way of introduction at this hearing. Thank you very much.

STATEMENT OF ADM. JAMES WATKINS, CHAIRPERSON, PRESIDENT'S COMMISSION ON THE HUMAN IMMUNODEFICIENCY VIRUS EPIDEMIC, WASHINGTON, DC

Mr. WATKINS. Thank you, Senator Weicker.

It is not only a pleasure to come over again to Capitol Hill to talk to important committees, but I am particularly honored that you would ask me to come over to testify on behalf of the Americans With Disabilities Act.

As former chairman of the President's Commission on the HIV Epidemic, I spent most of my time in the last year working with those who have a disability, the HIV infection, and those who, because of their infection, join millions of other Americans with handicaps and disabling conditions.

The Commission held over 45 days of public hearings and site visits in preparation for its report to the President. As I participated in these rigorous and, to my knowledge, unparalleled set of hearings, one point became clear early on, that without strong Federal antidiscrimination laws, to protect those with HIV from discrimination in both the public and private sectors, they would continue to face the unfair discrimination that other disabled persons have always faced.

As I prepared for this testimony today, I went back to read the section of our Commission's report on discrimination. Quite frankly, I felt it impossible to improve upon the words that we labored over for some weeks, so I would like to submit that section of the report in its entirety for my formal written statement.

Now, I would also like to summarize some of its points. Of course, my focus is obviously on AIDS and the HIV infection. Nevertheless, if the HIV epidemic had never occurred and, having experienced a unique opportunity over the past year to witness behaviors of many Americans toward their own neighbors, I would support the Americans With Disabilities Act so that all of our citizens with disabling conditions be guaranteed fair treatment in the workplace, schools, and housing.

My predecessor here this morning said enough time has, in my opinion, been given to the States to legislate what is right. Too many States, for whatever reason, still perpetuate confusion. It is time for Federal action.

Throughout our investigation of the spread of HIV in the United States, the Commission was confronted with a problem of discrimination against individuals with HIV seropositivity and all states of HIV infection, including AIDS.

At virtually every commission hearing, witnesses attested to discrimination's occurrence and its serous repercussions for both the individual who experiences it and for this Nation's effort to control the epidemic. Many witnesses indicated that addressing discrimination is the first critical step in the Nation's response to the epidemic.

HIV-related discrimination is impairing this Nation's ability to limit the spread of the epidemic. Crucial to this effort are epidemiological studies to track the epidemic as well as the education, testing and counseling of those who have been exposed to the virus. Public health officials will not be able to gain the confidence and cooperation of infected individuals or those at risk for infection if such individuals fear that they will be unable to retain their jobs and their housing, and that they will be unable to obtain the medical and support services that they need because of discrimination based on a positive HIV antibody test.

As long as discrimination occurs, and no strong national policy with rapid and effective remedies against discrimination is established, individuals who are infected with HIV will be reluctant to come forward for testing, counseling, and care. This fear of potential discrimination will limit the public's willingness to comply with the collection of epidemiological data and other public health strategies, will undermine our efforts to contain the epidemic, and will leave HIV-infected individuals isolated and alone.

In general, because HIV is blood-borne and sexually transmitted, there is no need to treat those infected with HIV in a manner different from those not infected in such settings as the workplace, housing, and the schools. In the vast majority of workplace and public settings, there is virtually no risk of direct exposure to body fluids which could result in HIV transmission.

Detailed Centers for Disease Control guidelines have been issued for dealing with HIV infection in those cases which require special handling, such as health care workers and other workers who might be exposed to blood or those school children who lack control of bodily secretions.

Therefore, discrimination against persons with HIV infection in the workplace setting, or in the areas of housing, schools, and public accommodations, is unwarranted because it has no public health basis. Nor is there any basis to discriminate against those who care or associate with such individuals.

As a witness at the Commission's hearings on discrimination explained, individuals infected with HIV face two fights: The fight against the virus and the fight against discrimination. Just as the HIV-infected must have society's support in their fight against the virus, these individuals must have society's support in their fight against discrimination and must have assurances that policies will be implemented to prevent discrimination from occurring in the future.

Furthermore, each act of discrimination, whether publicized or not, diminishes our society's adherence to the principles of justice and equality. Our leaders at all levels, National, State, and local, should speak out against ignorance and injustice, and make clear to the American people that discrimination against those disabled for whatever reasons will not be tolerated. This is the guts of your act.

The National Council on the Handicapped, an independent Federal agency comprised of 15 members appointed by the President to make recommendations on public policy issues affecting people with disabilities, included the proposal for a comprehensive Federal law of this kind in their January 1988 report to the President.

Their proposal, the Americans With Disabilities Act of 1988, of course, is the focal point of these hearings here today. It is what the Commission believes is the type of comprehensive, disability antidiscrimination legislation which should then serve as a model for all Federal legislation in this area.

I would like to close, Mr. Chairman, with one final comment. As the Commission debated this section of our report, one of the physicians on our panel, Dr. Burton Lee, a distinguished cancer specialist, made the following point. Dr. Lee said that in treating literally tens of thousands of lymphoma patients, even today, these patients faced almost inevitably some sort of discrimination once news of their disease became public.

Dr. Lee strongly supports the ADA because of the incredibly debilitating effects discrimination has on his own patients. He said that such a protection in law, particularly at a cancer patient's most vulnerable moment, can mean the difference between a premature death, or years more of life with family and friends.

Work, a decent place to live, a chance for an education are the essentials of life. Passage of the ADA will ensure that no one will lose these essentials simply because they have a disabling condition.

Thank you, Mr. Chairman, for allowing me to appear before you this morning.

[The prepared statement of Admiral Watkins, with an attachment, follows:]

STATEMENT OF ADMIRAL JAMES WATKINS

GOOD AFTERNOON:

I GREATLY APPRECIATE THE OPPORTUNITY THIS AFTERNOON TO BRIEFLY ADDRESS THE PRIVATE SECTOR LEADERSHIP CONFERENCE ON AIDS. AS YOU KNOW, FROM OCTOBER OF 1987 UNTIL JULY, I WAS THE CHAIRMAN OF THE PRESIDENTIAL COMMISSION ON THE HIV EPIDEMIC, A JOB WHICH REQUIRED MY FULL-TIME ATTENTION. I CAN TRUTHFULLY SAY THAT, HAVING BEEN INVOLVED IN PUBLIC SERVICE FOR THE LAST ___ YEARS, MY ROLE AS CHAIRMAN OF THE COMMISSION WAS THE MOST COMPLICATED AND DIFFICULT OF MY CAREER.

IN RETROSPECT, I SEE THAT THE COMMISSION BEGAN AS MANY AMERICAN INSTITUTIONS ARE STILL OPERATING, IN THE DARK, WITHOUT DIRECTION, THAT IS WITHOUT THE PROPER PLANNING NECESSARY TO DEAL WITH AIDS. AFTER THE COMMISSION CONDUCTED 50 DAYS OF PUBLIC HEARINGS AND SITE VISITS, OUR PERSPECTIVE WAS MUCH DIFFERENT AND WE WERE ABLE TO PUT TOGETHER A FINAL REPORT WHICH HAS BEEN WIDELY PRAISED.

YOU SEE, AFTER YOU'VE DONE YOUR HOMEWORK, THE HIV EPIDEMIC REALLY ISN'T SO HARD. ABOUT FIVE MONTHS INTO OUR

ASSIGNMENT, IT BECAME CLEAR TO ALL THE COMMISSIONERS THAT WE WERE HEARING AN INCREDIBLE AMOUNT OF CONSENSUS FROM OUR WIDE VARIETY OF HUNDREDS OF WITNESSES. THESE WERE PEOPLE FROM ALL WALKS OF LIFE, ALL POINTS OF VIEW. WHILE THEY DIFFERED ON SOME OF THE FINE POINTS OF PUBLIC POLICY, THE GREAT MAJORITY SUPPORTED A COMMON SENSE APPROACH TO DEALING WITH THE HIV EPIDEMIC.

THIS CONSENSUS OF ACTION IS WHAT YOU SEE IN THE COMMISSION'S REPORT--A COMMON SENSE APPROACH. WE TRY, AND I BELIEVE WE SUCCEED, TO SPEAK TO THE BASIC GOODNESS AND FAIRNESS THAT IS THE CENTERPIECE OF AMERICAN LIFE. NOBODY SHOULD GET SPECIAL TREATMENT, AND EVERYONE SHOULD BE TREATED FAIRLY WHEN THEY ARE SICK.

THIS IS MY FIRST PUBLIC APPEARANCE SINCE I LEFT FOR VACATION IN A REMOTE PART OF CANADA IN MID-JULY. BECAUSE I WAS NOT IN WASHINGTON, OR REACHABLE BY PHONE WHEN THE PRESIDENT ISSUED HIS FIRST IN A SERIES OF IMPLEMENTING ANNOUNCEMENTS, I MISSED BEING PART OF THE FIRST WAVE OF REACTION. I WOULD LIKE

TO GIVE YOU MY REACTION TODAY, AS IT IS RELATED TO THE SPECIAL MISSION AMERICAN BUSINESS AND LABOR HAVE IN DEALING WITH THE HIV EPIDEMIC.

AS MANY OF YOU KNOW, THE CENTERPIECE OF THE COMMISSION'S AIDS STRATEGY WAS PASSAGE OF FEDERAL AND STATE ANTIDISCRIMINATION LAWS WHICH CLEARLY STATE THAT THOSE WITH HIV ARE DISABLED AND HAVE A HANDICAPPING CONDITION. SO FAR, MANY STATES HAVE PASSED SUCH LAWS, BUT ACTION ON THE FEDERAL LEVEL HAS BEEN MUCH SLOWER. THE SENATE SUBCOMMITTEE ON THE HANDICAPPED WILL BE HOLDING ITS FIRST DAY OF HEARINGS ON SUCH A LAW ON SEPTEMBER 29TH AND I WILL BE A WITNESS AT THAT HEARING IN STRONG SUPPORT OF THE AMERICANS WITH DISABILITIES ACT. SO FAR, THE HOUSE HAS NOT HELD ANY HEARINGS ON THE ADA BILL, AND SEPARATE LEGISLATION TO EXTEND CIVIL RIGHTS COVERAGE FOR ONLY THOSE WITH HIV WAS DROPPED FROM A HOUSE BILL IN JUNE.

THIS LEGISLATION IS ESSENTIAL AS, AND I QUOTE FROM OUR REPORT, "HIV-RELATED DISCRIMINATION IS IMPAIRING THIS NATION'S ABILITY TO LIMIT THE SPREAD OF THE EPIDEMIC...AS LONG

AS DISCRIMINATION OCCURS...INDIVIDUALS WHO ARE INFECTED WITH HIV WILL BE RELUCTANT TO COME FORWARD FOR TESTING, COUNSELING, AND CARE. PUT YOURSELF IN THE SHOES OF SOMEONE WHO IS AFRAID HE WILL LOSE HIS JOB AND HOME, AND WHO MIGHT HAVE 10 OR 15 YEARS FROM TIME OF INFECTION UNTIL any SYMPTOMS ARE PRESENT. THE COMMISSION FELT THAT THIS PERSON SHOULD BE TREATED LIKE ANYONE ELSE WHO HAS CANCER, HEART DISEASE, DIABETES OR ANY OTHER DISABLING CONDITION. NO SPECIAL TREATMENT, JUST FAIR TREATMENT.

AS YOU CAN SEE, THE CONGRESS HAS NOT GOTTEN VERY FAR IN THIS PROCESS. I INTEND TO WORK WITH MEMBERS OVER THE NEXT YEAR TO MAKE SURE THIS NECESSARY LEGISLATION TO COVER THE RIGHTS OF ALL ILL AND DISABLED PEOPLE IN BOTH THE PUBLIC AND PRIVATE SECTORS IS ENACTED AND SIGNED INTO LAW. BOTH PRESIDENTIAL CANDIDATES HAVE ENDORSED THIS TYPE OF LEGISLATION.

HOWEVER, AS IMPORTANT AS PASSAGE OF A FEDERAL ANTIDISCRIMINATION LAW IS, THE COMMISSION ALSO RECOGNIZED THAT

PASSAGE OF CIVIL RIGHTS LAWS CAN BE A SLOW PROCESS. I QUOTE:

> "THE COMMISSION RECOGNIZES THAT PASSAGE OF MORE COMPREHENSIVE DISABILITY DISCRIMINATION LEGISLATION BY CONGRESS MAY TAKE TIME. THEREFORE, THE COMMISSION BELIEVES THAT IT IS IMPERATIVE FOR THE FEDERAL GOVERNMENT TO TAKE IMMEDIATE STEPS TO INFORM THE PUBLIC REGARDING EXISTING FEDERAL ANTIDISCRIMINATION LAW AND REGARDING THE REMEDIES WHICH ARE AVAILABLE...."

I AM CONCERNED THAT THE DEBATE OF THE LAST TWO MONTHS HAS NOT FOCUSED PROPERLY ON WHAT WAS ACTUALLY IN THE PRESIDENT'S STATEMENT, AND THAT IS AN ENDORSEMENT OF THE OFFICE OF PERSONNEL MANAGEMENT GUIDELINES FOR ALL FEDERAL AGENCIES, BUT ALSO, MOST IMPORTANTLY, AS A STANDARD OF CONDUCT FOR THE NATION.

WE DO NOT HAVE TO WAIT UNTIL THE ADA BILL IS PASSED NEXT YEAR TO USE THE OPM GUIDELINES AS A MODEL FOR ALL AMERICAN BUSINESSES. I URGE EVERYONE HERE TODAY TO GET A COPY OF THE

GUIDELINES AND ENDORSE THEM IN YOUR WORKPLACE. WHEN I FIRST HAD A CHANCE TO REVIEW THEM, I WAS SO IMPRESSED WITH THEIR CLARITY. CONNIE HORNER, THE DIRECTOR OF OPM, HAD PUT INTO WORDS THE COMMON SENSE WE NEED ON THIS ISSUE.

THE ROLE OF AMERICAN BUSINESS AND LABOR IS CENTRAL IN ESTABLISHING FAIR EMPLOYMENT POLICIES AS WELL AS POTENTIALLY BEING THE MAJOR AVENUE OF EDUCATION ON THE HIV EPIDEMIC FOR THE AVERAGE AMERICAN. LET US TAKE THE TRAGEDY OF AIDS AND TURN IT INTO AN OPPORTUNITY TO IMPROVE THE EDUCATION AND HEALTH OF ALL AMERICANS. WHAT THE WORKER LEARNS IN THE WORKPLACE ABOUT THE HIV EPIDEMIC, AS WELL AS HIS OR HER OWN HEALTH, IS TAKEN HOME AND SHARED WITH THE REST OF THE FAMILY. WE MUST NOT MISS THE OPPORTUNITY TO EDUCATE WORKERS ABOUT HOW THEY CAN MAINTAIN A HEALTH LIFESTYLE FOR THEMSELVES AND THEIR FAMILIES.

MANY PEOPLE HAVE ASKED ME WHAT MY GREATEST WORRY IS FOR THE FUTURE WITH THE HIV EPIDEMIC, AND I ALWAYS ANSWER--OUR TEENAGERS, AND THE ROLE OF DRUG ABUSE IN FUTURE SPREAD OF HIV. WITH REGARD TO THE LATTER, IT IS TIME THAT WE COLLECTIVELY

RENOUNCE THE USE OF ILLEGAL DRUGS. WE NEED STRONGER LAW ENFORCEMENT POLICIES THAT REACH NOT ONLY THE STREET MERCHANT IN HARLEM, BUT THE YUPPIE ON WALL STREET. WE NEED A GREATLY EXPANDED TREATMENT SYSTEM, SO THAT ANYONE WHO DESIRES HELP IN KICKING THE HABIT CAN DO SO. PERIOD. ANYONE, ANYTIME, NO MORE SIX MONTH WAITING LISTS.

WITH REGARD TO OUR YOUNG PEOPLE, THE FUTURE OF OUR NATION, WE ARE LEARNING MANY LESSONS FROM THIS EPIDEMIC. WE HAVE SEEN THAT IT IS BETTER, LESS EXPENSIVE, AND FAR MORE HUMANE TO PREVENT A PROBLEM THAN TO CORRECT IT -- AND IF THIS IS TRUE FOR HIV, IT IS EVEN MORE TRUE FOR DRUG ABUSE. WE HAVE SEEN THAT SCIENCE DOES NOT HOLD ALL THE ANSWERS TODAY, AND MAY NOT TOMORROW. WE HAVE SEEN THAT EDUCATION IS OUR GREATEST WEAPON AGAINST THIS EPIDEMIC, AND AGAINST SO MANY OF OUR OTHER PROBLEMS NEEDING SOLUTIONS. AND WE HAVE SEEN THAT WE CANNOT FIND THOSE SOLUTIONS ALONE. ONLY THROUGH THE EFFORTS OF MANY, WORKING TOGETHER, WILL THESE BOULDERS FINALLY BEGIN TO BE ROLLED AWAY.

LET US USE THIS EPIDEMIC AS A CATALYST. LET US SEE IT AS PROVIDING OPPORTUNITIES TO CREATE A BETTER NATION FOR OUR CHILDREN TO INHERIT. LET US ELIMINATE INEQUITIES IN OUR HEALTH CARE DELIVERY SYSTEM; EDUCATE OUR YOUNG PEOPLE ABOUT THEIR OWN HUMAN BIOLOGY; ELIMINATE DISCRIMINATION, AND HARNESS THE GOODNESS ALREADY AT WORK OUT THERE INTO AN UNBEATABLE ARMY AGAINST THIS DISEASE.

YOUR LEADERSHIP IN ACHIEVING THESE GOALS IS ESSENTIAL, AND I APPLAUD ALL THAT MANY OF YOU HAVE ALREADY DONE TO ATTACK AND CONQUER SO MANY OF THESE PROBLEMS. I AM ALSO GRATEFUL THAT YOU ALLOWED ME TO COME BEFORE YOU TODAY TO CHALLENGE YOU CONTINUE TO WORK -- SINGLY AND TOGETHER, WITH GOVERNMENT, AND TO IMPROVE THAT GOVERNMENT WHEN NECESSARY -- TO REMOVE THE MANY OBSTACLES IN THE WAY OF FREE AND HEALTHY LIVES FOR OUR YOUNG PEOPLE.

FINALLY, I WANT TO PAY A SPECIAL TRIBUTE TO THE WORK OF B.J. STILES AND THE NATIONAL LEADERSHIP COALITION ON AIDS. NOT ONLY HAVE THEY PROVEN AN EFFECTIVE NATIONAL ORGANIZATION

ENCOURAGING DEVELOPMENT OF AND OTHER RATIONAL WORKPLACE AND PUBLIC POLICIES, BUT AT OUR DARKEST HOUR LAST OCTOBER, B.J. AND HIS BOARD STEPPED FORWARD TO EXTEND THE HAND OF FRIENDSHIP TO ME AND THE OTHER COMMISSIONERS, AND WISH US WELL IN OUR WORK. IT WAS A GENEROUS GESTURE, AND THE WORKING RELATIONSHIP BETWEEN THE LEADERSHIP COALITION AND THE COMMISSION WAS EXCELLENT THROUGHOUT MY TENURE. I WANTED TO THANK B.J. PUBLICLY TODAY FOR THAT.

THANK YOU.

Admiral
James
Watkins

CHAPTER NINE: LEGAL AND ETHICAL ISSUES

Section I. Discrimination

Throughout our investigation of the spread of HIV in the United States, the Commission has been confronted with the problem of discrimination against individuals with HIV seropositivity and all stages of HIV infection, including AIDS. At virtually every Commission hearing, witnesses have attested to discrimination's occurrence and its serious repercussions for both the individual who experiences it and for this nation's efforts to control the epidemic. Many witnesses have indicated that addressing discrimination is the first critical step in the nation's response to the epidemic.

HIV-related discrimination is impairing this nation's ability to limit the spread of the epidemic. Crucial to this effort are epidemiological studies to track the epidemic as well as the education, testing, and counseling of those who have been exposed to the virus. Public health officials will not be able to gain the confidence and cooperation of infected individuals or those at high risk for infection if such individuals fear that they will be unable to retain their jobs and their housing, and that they will be unable to obtain the medical and support services they need because of discrimination based on a positive HIV antibody test.

As long as discrimination occurs, and no strong national policy with rapid and effective remedies against discrimination is established, individuals who are infected with HIV will be reluctant to come forward for testing, counseling, and care. This fear of potential discrimination will limit the public's willingness to comply with the collection of epidemiological data and other public health strategies, will undermine our efforts to contain the HIV epidemic, and will leave HIV-infected individuals isolated and alone.

On the other hand, the Commission has also received testimony about situations in which HIV-infected individuals have been treated with compassion and understanding by employers, coworkers, fellow students, and members of their local community. From these contrasting experiences, it is clear that the key to an enlightened and compassionate response is education and the planning and development of HIV programs and policies well in advance of the occurrence of the first case of HIV infection. The Commission believes that every employer, school system, and community should start that education and planning process now.

In general, because HIV is blood-borne and sexually transmitted, there is no need to treat those infected with HIV in a manner different from those not infected in such settings as the workplace, housing, and the schools. In the vast majority of workplace and public settings there is virtually no risk of the direct exposure to body fluids which could result in HIV transmission. Detailed Centers for Disease Control (CDC) guidelines have been issued for dealing with HIV infection in those cases which require special handling, such as health care workers and other workers who might be exposed to blood or those schoolchildren who lack control of their body secretions.

Therefore, discrimination against persons with HIV infection in the workplace setting, or in the areas of housing, schools, and public accommodations, is unwarranted because it has no public health basis. Nor is there any basis to discriminate against those who care for or associate with such individuals.

It is illegal to discriminate against persons with AIDS in those local jurisdictions with AIDS-specific anti-discrimination statutes, in those states which include AIDS as a protected handicap under their disability anti-discrimination laws, and in programs which receive federal funds. Section 504 of the Rehabilitation Act of 1973 is the federal anti-discrimination statute which prohibits discrimination against otherwise qualified persons with disabilities (including persons subject to a range of AIDS-related discrimination) in any program or activity receiving federal funds.

Nevertheless, complaints of HIV-related discrimination persist and their number is increasing. For example, HIV-related cases handled by the New York City Commission on Human Rights have risen from three in 1983, to more than 300 in 1986, to almost 600 in 1987. Similarly, the Office of Civil Rights which enforces federal disability discrimination law in programs funded by the Department of Health and Human Services reports a rise in complaints related to HIV infection in the past few years. AIDS advocacy groups and civil rights organizations nationwide also are experiencing an increase in HIV-related discrimination cases.

As a witness at the Commission's hearing on discrimination explained, individuals infected with HIV face two fights: the fight against the virus and the fight against discrimination. Just as the HIV-infected must have society's support in their fight against the virus, these individuals must have society's support in their fight against discrimination and must have assurances that policies will be implemented to prevent discrimination from occurring in the future.

One of the primary causes of discriminatory responses to an individual with HIV infection is fear, based on ignorance or misinformation about the transmission of the virus. We cannot afford to let such ignorance and misinformation persist. Each publicized incidence of discrimination, such as the picketing of a school that has admitted a child with HIV infection, perpetuates this ignorance and sows doubts in the minds of those who hear of it. This undermines current and future HIV education programs as well as rational HIV policies.

Furthermore, each act of discrimination, whether publicized or not, diminishes our society's adherence to the principles of justice and equality. Our leaders at all levels—national, state, and local—should speak out against ignorance and injustice, and make clear to the American people that discrimination against persons with HIV infection will not be tolerated.

Just as our society has taken a definitive stand on discrimination against persons with other handicapping conditions and illnesses—such as cerebral palsy, mental retardation, and cancer—society must take a stand on discrimination against persons with HIV infection. The United States has been an international leader in affirming and promoting the civil rights of persons with disabilities. While much remains to be done, as a nation we can take great pride in the progress we have made in embracing persons with disabilities as a part of the mainstream of society. Persons with HIV infection must be clearly and definitively guaranteed their civil rights and be protected against discrimination just as persons with other disabilities are. Such protection enables the HIV-infected person to become a partner with social institutions in limiting further spread of the infection and supporting effective care-giving systems.

Obstacles to Progress

The Commission has identified the following obstacles to progress in combating discrimination against persons with HIV infection:

- There is not a societal standard or national policy statement clearly and unequivocally stating that discrimination against persons with HIV infection is wrong.
- There is no comprehensive, national legislation clearly prohibiting discrimination against persons with HIV infection as a handicapping condition.
- There is a lack of coordinated leadership from our public and private institutions on the issue of discrimination against persons with HIV infection.
- A patchwork of federal, state, and local laws is both confusing and, ultimately, ineffective in preventing discrimination or providing remedies.
- Enforcement of existing anti-discrimination laws is slow and ineffective.
- Education about transmission of the virus and about the laws banning HIV-related discrimination is insufficient. This results in ignorance, misinformation, acts of discrimination, and, in some persons, an irrational fear of association with those who are HIV-infected.

The Commission believes that removing these obstacles and eliminating HIV-related discrimination will require coordinated action by all Americans—by individuals and organizaered under Section 504. The Commission supports the position that Section 504 coverage applies to persons who are HIV positive yet asymptomatic.

Section 504's prohibition against discrimination extends, however, only to federally funded programs and activities. Thus, large segments of the population in the private sector do not fall within its jurisdiction. There is no existing federal anti-discrimination protection for persons with disabilities facing discrimination in the workplace, housing, or public accommodations which do not receive federal funds.

RECOMMENDATIONS

The Commission believes that federal disability anti-discrimination law should be expanded to cover the private as well as the public sector. Specifically, the Commission recommends:

9-4 Comprehensive federal anti-discrimination legislation which prohibits discrimination against persons with disabilities in the public and private sectors, including employment, housing, public accommodations, and participation in government programs, should be enacted. All persons with symptomatic or asymptomatic HIV infection should be clearly included as persons with disabilities who are covered by the anti-discrimination protections of this legislation.

The National Council on the Handicapped, an independent federal agency comprised of 15 members appointed by the President to make recommendations on public policy issues affecting people with disabilities, included a proposal for a comprehensive federal law of this kind in their January 1988 report to the President. Their proposal, the Americans with Disabilities Act of 1988, was recently introduced in the United States Congress. The Commission believes that this type of comprehensive, disability anti-discrimination legislation should serve as a model for federal legislation in this area.

The Commission does not intend for anti-discrimination legislation to invoke affirmative action for persons with HIV infection. In other words, no one would be required to hire an individual with HIV infection based on that status.

The Commission recognizes that particular attention will need to be paid to the impact of such legislation on small employers, as has been done in other civil rights laws. Any disability anti-discrimination law passed should be consistent with, and not go beyond, the reach of existing civil rights laws for other groups such as minorities and women. In carrying out provisions of the new legislation, all persons with disabilities should have access to the same support services as those covered under other comprehensive federal anti-discrimination laws.

The Commission recognizes that passage of more comprehensive disability discrimination legislation by Congress may take time. Therefore, the Commission believes that it is imperative for the federal government to take immediate steps to inform the public regarding existing federal anti-discrimination law and regarding the remedies which are available for those who experience HIV-related discrimination by entities that receive federal financial assistance. Enforcement of existing law must be strengthened.

In 1986, the Department of Justice issued a memorandum which concluded that although federal disability law prohibits discrimination based on the disabling effects of AIDS, discrimination based on fear of contagion was not covered. The absence of any further statement from the Department of Justice has created confusion and uncertainty about its position, particularly since *Arline* rejected the fear of contagion argument. Specifically, the *Arline* decision stated:

> We do not agree with petitioners that, in defining a handicapped individual under Section 504, the contagious effects of a disease can be meaningfully distinguished from the disease's physical effects on a claimant in a case such as this.

To eliminate uncertainty and clarify the applicability of federal disability law to HIV-related conditions, the Commission recommends:

9-5 The Department of Justice, which has been designated to coordinate the enforcement of disability discrimination law for all federal agencies, should issue a follow-up memorandum expressing support for the *Arline* decision and withdrawing its earlier opinion that fear of contagion is not a basis for Section 504 coverage. In addition, the Department of Justice memorandum should take the lead in endorsing lower court rulings by clarifying that persons who are HIV-infected yet asymptomatic, as well as persons with symptomatic HIV infection, are covered by Section 504.

9-6 The Office of Civil Rights within each agency should develop policy guidelines stating that all HIV-infected persons, including those who are asymptomatic, are subject to the jurisdiction of the Office. The agencies should publicize the availability of the services of their Offices of Civil Rights to those who have experienced HIV-related discrimination and should publish their intent to investigate actively all complaints. The agencies should distribute these policy guidelines to all contractors and grantees.

9-7 All agency Offices of Civil Rights should establish a system of aggressive investigation of violations of Section 504 in HIV infection-related cases, including expedited procedures for review of complaints and regular monitoring of those procedures.

9-8 Supplemental funds should be allocated to all agency Offices of Civil Rights to increase staff and resources for the enforcement of Section 504.

State and Local Government Response

In addition to strong federal anti-discrimination legislation, state and local legislation is needed to provide the local administrative procedures and courts as an alternative to federal litigation for enforcement of the rights of the HIV-infected. Local government officials are able to intervene quickly and utilize ongoing relationships in the community for rapid resolution of discrimination complaints. Rapid resolution is needed as the infected individual may well die in the time interval that a typical case is processed.

RECOMMENDATIONS

For state and local governments, the Commission recommends:

9-9 If not now the case, states should amend their disability laws to prohibit discrimination against persons with disabilities, including persons with HIV infection who are asymptomatic or symptomatic, and persons with AIDS, in public and private settings including employment, housing, public accommodations, and governmental services.

9-10 State-sponsored HIV education campaigns should include anti-discrimination components.

9-11 Arbitration, mediation, and accelerated settlement procedures and programs should be developed and utilized to assist in the speedy resolution of HIV-related discrimination complaints. Mediators and arbitrators should be trained to deal with the special circumstances surrounding HIV-related discrimination cases.

Community Response

One of the primary barriers between those infected with HIV and those not infected is the widespread belief that HIV infection is someone else's problem—there is no need to become educated about it. Individuals in large and small communities across the country are discovering that this is not the case, as they have learned to accommodate individuals with HIV infection living in their midst. In those communities which have developed HIV-related policies and guidelines for health care settings, the workplace, and the schools, and had their programs in place before the first case of HIV infection appeared, fears were reduced and individuals with HIV infection have been accepted. In some cases, where community leaders have not educated the community and not developed policies in advance, the result has been discrimination fueled by fear and ignorance, leading to divisiveness in the community and suffering for the family and friends of the infected individual.

To prevent discrimination, the primary tools at the local level are comprehensive, participatory educational programs, advance planning, and preparation. Educational programs about the transmission of the virus, the laws against discrimination, and the reasons for compliance should be developed by employers, school systems, and health care providers. Education should be provided in simple language for the layman and it should come from a person who has the confidence of those being offered the information. Local officials in government, business, public health, schools, and religious and community organizations should assume a leadership role in this effort.

RECOMMENDATIONS

Specifically, the Commission recommends:

9-12 Organizations representing health professionals should adopt a public policy stating that their members have an ethical obligation to treat patients with HIV infection in a non-discriminatory fashion. These organizations should develop education programs for their members which include education on non-discrimination.

9-13 Religious leaders should take an active role in the anti-discrimination education effort with members of their parish or congregation. In addition, religious institutions should develop outreach programs for individuals in their community with HIV infection and should involve the congregation or parish members in volunteer activities.

9-14 Employers should develop an HIV education program for all employees. Education programs to combat discrimination should emphasize two goals: information about transmission to prevent the further spread of HIV infection and education about legal issues—such as how to ensure confidentiality and prevent discrimination. This approach should be used in all workplace settings.

9-15 Employers should have each department or office review and revise policies and procedures in light of medical and legal information related to HIV infection, and, where applicable, interact with the community to further public education about HIV infection. This last step may be most applicable to the public sector.

HIV and the Schools

The Commission has heard testimony about the experiences, both good and bad, of a number of HIV-infected schoolchildren. Important lessons can be learned from those model communities which have policies in place regarding HIV infection in advance of the first case, and have been able to accept the HIV-infected individual in their schools without fear and discrimination. In some school districts, a well-coordinated system of educational programs has produced an enhanced sense of community pride and satisfaction from having worked together to fashion an enlightened, rational policy on HIV infection for the schools. The Commission has been impressed with the courage and compassion which school and public health officials have displayed in planning and preparing for a positive outcome. A number of common principles emerge from the experiences of these model communities. The recommendations in this section should be implemented in conjunction with the school-based education recommendations in the education chapter of this report.

RECOMMENDATIONS

Specifically, the Commission recommends:

9-16 Each school system should establish a board-developed policy, with accompanying guidelines, for dealing with an individual with HIV infection in the school *before* it is confronted with the first case. The Centers for Disease Control or other public health guidelines should be utilized but the policy should be flexible and allow each case to be dealt with on an individual basis, based on medical facts.

9-17 Educational materials about the transmission of the disease and the anti-discrimination laws should be developed and disseminated and, where necessary, explained fully by legal and medical experts. Age-appropriate materials on these topics should be developed for students.

9-18 School officials should identify a decision-making structure to review all HIV policies and procedures and to deal with each individual case. Legal, medical, and public health consultants from the community should be involved.

9-19 Open public meetings should be scheduled, featuring school officials, medical and legal consultants, and community officials, to discuss the board's policies and the rationale for its decisions. School officials must be prepared to educate the entire community, including parents, public officials, clergy, pediatricians, students, and media representatives, about the reasons for the board's decisions. Support and counseling should be offered to employees, parents, or children who are troubled by the board's decision.

9-20 In any communications about specific HIV-infected individuals, the confidentiality of the schoolchild or staff member should be maintained to minimize the opportunity for discriminatory behavior.

9-21 A team should be formed with responsibility for reviewing all aspects of the case on an ongoing basis and monitoring medical or legal developments that might affect school district decisions.

9-22 School officials should actively participate in community education efforts so that they support acceptance of HIV-infected individuals in the schools in a non-discriminatory manner.

9-23 Educational associations should disseminate information to their members on the policies and procedures used by those communities which have accepted an HIV-infected individual in their schools without fear and discrimination.

HIV and Health Care Settings

The Commission has heard testimony that some hospitals and some health care workers in hospitals have been unwilling to care for HIV-infected persons or have provided inappropriate care because of fear. Steps must be taken to eradicate this fear because these institutions are critical sources of care and are leaders in community attitudes.

Over the next five to 10 years, even more community-based health care facilities, such as group homes, nursing homes, hospices, and mental health facilities, will be needed in many communities to care for patients with HIV infection. Long-range planning for these facilities must be undertaken now in order to avoid fearful and discriminatory reactions from the community.

RECOMMENDATIONS

Specifically, the Commission recommends:

9-24 Hospitals and providers of health care to HIV-infected patients should establish a mandatory education program for all hospital employees, including an anti-discrimination component and professional, confidential counseling for all employees. Health care workers need to be reminded about the social context of HIV infection and the need for confidentiality and protection of private medical information.

9-25 Health care providers dealing with patients with HIV should make available a patient care advocate, if one does not yet exist, to regularly contact individuals with HIV, so that patients could confidentially report treatment problems. Health care professionals who have repeated, substantiated complaints made against them, and who resist education, should be formally reprimanded and placed on probation. In general, the Commission feels that remedies such as this should be short-term in nature and could gradually be phased out.

9-26 State and local governments and health care providers should develop long-range plans now to anticipate the need for community-based health care facilities, and should develop a strategy to educate community members to accept facilities and prevent discriminatory responses.

9-27 Those working to educate a community in preparation for acceptance of patients with HIV infection should develop a strategy to prevent discrimination. Some important points to include are: allowing time for education; knowing the legal issues involved; mobilizing political, community, and religious leaders for support; bringing in legal and public health experts; meeting with people who have concerns and listening to their concerns.

Senator **Weicker**. Thank you very much. Before I proceed to questions with Admiral Watkins, those that are in wheelchairs, I would like to get as many as possible up here. This is a tremendous statement by the entire community. I think we have the entire community right in this hearing room. [Applause.]

If you want to just come forward, that will enable more that are in the back to be in a comfortable position, as comfortable as possible during such as this. I think it is terrific that you are all here.

Admiral Watkins, one question that I have is that the words that I hear all over the place are well, we like that Presidential Commission report, but we do not like the antidiscrimination aspect of it. We can take the report, but we do not want that antidiscrimination aspect of it. Have you heard this, also?

Mr. **Watkins**. Yes, I have, Senator Weicker.

Senator **Weicker**. That is what we are contending with here. That is why it is such a privilege to have you here, because it is not just a question of discrimination against AIDS, which is the most recent discrimination, but the decades old discrimination that so many have suffered with here in this room.

I could not help but think, with all the concern for the ritual of the Pledge of Allegiance, how many people think about those last words, indivisible with liberty and justice for all? And justice for all. That is what the Americans with Disabilities Act is all about, justice for all.

So instead of being a ritual, let us make it a reality. [Applause.]

Congressman Owens.

Mr. **Owens**. I have no questions, Admiral, but since you first came to my office for a brief introductory session, I have been quite pleased with the way you have moved in this city and the Nation as a whole, to establish a certain kind of calm and a return to reason on this whole issue. I want to congratulate you on a magnificent job that you have done.

We recently passed legislation related to AIDS on the House level. It may have some shortcomings, but I think that the positive, upbeat nature of that legislation is due primarily to the fact that you established an environment in which we could work; an environment where anybody who was not a reasonable person was isolated. In several votes that we took, we isolated those unreasonable and hysterical people.

I think you are to be congratulated for helping to establish that atmosphere which made possible the passing of the current legislation.

Mr. **Watkins**. Thank you, Congressman Owens.

Senator **Weicker**. Thank you, Congressman. Congressman Jeffords.

Mr. **Jeffords**. Admiral, it is good to see you again. I deeply appreciate the earlier conversation we had on the dynamics of the work force, which put me a little ahead of the curve in understanding, and I appreciate that, and your dedication to public service after work as a tremendous member of our naval establishment.

Congressman Waxman introduced a bill earlier this year, and I joined him on that, on counseling and testing and discrimination. I just want to alert everyone that all we could get out was counseling and testing. The problems of discrimination, the inability to articulate anything which we could get past the House on the floor debate, many of these things indicate that that is going to be the most serious problem that we face when we get to ADA, is how we can work in to ensure the rights of those that have AIDS.

I appreciate very much your very excellent testimony on that. I want to alert my colleagues that it is going to be no easy task and hopefully we will find a rational way to deal with this. Your statements are going to be so helpful in that regard, and I thank you for that.

Mr. **Watkins**. Thank you, Mr. Jeffords.

Senator **Weicker**. There will be further questions for response to the record, more particularly those of the Chairman, Senator Harkin, who I might add, without his help, without his hard driving on this issue, we would not be here today. He is a magnificent chairman.

He has specific questions for you, Admiral Watkins, which I would appreciate your responding for the record.

Mr. **Watkins**. Thank you, Mr. Chairman.

Senator **Weicker**. Thank you very, very much for all you have done for the Nation. Thank you. [Applause.]

Now we have a panel of witnesses, Mary Linden from Morton Grove, IL; Dan Piper from Ankeny, IA, accompanied by his mother, Sylvia; Jade Calegory from Corona Del Mar, CA; and Lakisha Griffin, from Talladega, AL.

I think that we will go in order of how I called the witnesses. Please be relaxed. You are among friends, both in front and behind you. I think we want, and America wants, to hear your story. Please proceed. Mary, you are the first witness.

STATEMENTS OF MARY LINDEN, MORTON GROVE, IL; DAN PIPER, ANKENY, IA, ACCOMPANIED BY SYLVIA PIPER, ANKENY, IA; JADE CALEGORY, CORONA DEL MAR, CA; AND LAKISHA GRIFFIN, ALABAMA SCHOOL FOR THE BLIND, TALLADEGA, AL

Ms. **Linden**. I am deeply honored to be asked to speak before the committee. The Americans with Disabilities Act is the greatest act ever passed in the 20th century, I believe, sir.

You see before you a woman who, until 1987, did not even believe that she could help with anything or even change her own outlook. My father had always chosen my path, before his death in 1964. There was no accessible housing for him to use for me, so he put both my mother and myself in a retirement home. Upon her death, I moved to their adjacent nursing home. His access still provides for my care.

His words, "As long as I am paying for your keep, you take my orders" still go through my mind every time new challenges offer themselves.

At 7 years of age, I entered the Jesse Spalding School for the Crippled, a venerable institution of the Chicago school system, a segregated institution of the Chicago school system which is still in operation today. I was there and they never even taught me to write. I learned to print after, I taught myself to print after I finished high school, with a class rank of 9 out of a class of 45, in 1951.

No career plans or educational plans were made for me because the school and my parents thought I was too disabled to compete. I have been after my education for 20 years. I got most of it after transportation became accessible, after a fashion that is. It is not. I have got 61 hours of credit.

But we cannot get from Morton Grove to Northeastern University because the two transportation organizations will not unite, so discrimination still exists. I want my 4 year degree so that I can go and have Executive Director Jim DeJong of the Coalition for Citizens with Disabilities [CCDI] in Illinois, for the most precious thing in the world, a paying job.

I beg of you to pass this act, so that other children will not have to go through what I went through, will not be stared at, will not be limited as to how many times they can see things. It will not be once every 6 months that we get to go shopping. If we pass it, we can go stare at the glass windows any time we want to.

The youngsters here will have much more chance than I did, but they should have a chance to work and to contribute as much as they can.

I thank you.

[The prepared statement of Ms. Linden follows:]

Testimony of Mary Ella Linden
before the
Senate SubCommittee on the Handicapped
September 27, 1988

on the
Americans with Disabilities Act (ADA)

Ladies and Gentlemen, I am deeply honored to speak before you in support of the Americans with Disabilities Act of 1988. This legislation is very much needed, not only for the provisions it contains, but also for the principle it embodies: freedom from discrimination on the basis of a disability which will give us the opportunity to participate in American society as equal members, as fully human beings.

When the Act becomes law, people with disabilities will have several accepted, legal, legitimate channels through which to air their needs and grievances. There will no longer be a necessity for those demonstrations which the noninvolved world may find so distasteful. Freer access to job opportunities will allow people with disabilities to be seen as human beings with the same needs, drives, and desires as the nonimpaired in the workplace. Perhaps people will learn not to stare so hard, too.

You see before you a woman who did not learn until August 10, 1987, that she had the strength to help with anything or to change her own outlook. My father had always chosen my path until his death in 1964. There was no alternative housing situation for my father to use for me after his death, but a nursing home. And so, at the age of 34, I was placed in a retirement home with my mother upon his death. And upon her death I was placed in the adjacent nursing home. His estate still provides for my care. His words, "As long as I'm paying the bills, you take my orders", have echoed through my mind whenever new challenges have offered themselves.

I was born in Chicago in 1930, attended segregated public schools, and graduated from high school in 1950 with a class rank of ninth out of forty five. But no plans were made for me for a career or for higher education, because I was considered too "crippled" to compete -- by both the school and my parents. In fact, the school never even took the time to teach me to write! I taught myself to print in 1951 -- after I had graduated from the public school system. However, I can still neither read nor write in cursive. It is very embarrassing to have to ask someone to read a letter or a professor's comments. The effects of the school's failure to teach me are still evident today. Fortunately I had been taught to use the typewriter by a very creative and resourceful aunt. This skill has enabled me to obtain sixty-one hours of college credit. But I am getting ahead of myself.

Both of my parents were children of Swedish immigrants -- eager to succeed and to be "American". They believed the doctors who made surgical adjustments on my leg and heel chords in successive operations between the ages of 18 months and three years. I spent most of that time in the hospital. When I was six years old, a specialist told my parents that the doctors had cut too much and that I would never be able to walk. Nowadays a malpractice suit might have been brought against the surgeons or even the doctor who delivered me, but not in the 1950s and certainly not by my parents!

When I was seven years old I entered the Jesse Spalding School for the Crippled, a venerable institution even then of the Chicago public school system which is still in existence today. I always attended segregated schools, rode to and from school in a cab (paid for by the school system) and had little or none of the usual childhood activities, especially those involving socialization. As an only child, I had no sibling to play with, to interact with, to learn from, or just to be with. The few school activities that did occur, my parents did not encourage me to attend. And shopping expeditions -- which all children love -- were not often possible. Twice a year I went to the dentist, went shopping and to a restaurant. Otherwise I saw little of the "outside world" and they saw little of me, as was the custom. The accessibility of public accommodations, especially in public meeting places, will open the doors for all people with disabilities and the general public will finally begin to see us as we are and learn not to stare, cringe, or otherwise react to our mere presence among them. But, back to school, the teachers in the sight saving class were unable to show a pupil with one usable hand how to form the letters of the alphabet. The embarrassment of trying to write on the blackboard in front of the other students who could write is something I still dread to remember. After the teachers had declared me unable to acquire writing skills, my patient aunt taught me how to use a typewriter during my tenth summer. A lack of training in activities of daily living skills meant that I had to learn them on my own.

The years from my graduation from high school in 1951 until 1987 are one big blur of discrimination. In 1951 I studied history by a correspondence course. Each of the two courses took two years to finish because I had not learned correct study habits in the public school system. Over those many years I have managed to acquire sixty-one hours of college credit, much of it when accessible public transportation finally became available through the Rail Corridor Access System. The regional transit authority provides a lift equipped bus that will travel along the same route as the suburban train system. However, at this time I am unable to enroll in a four year college and complete my degree because of the inability of the transit systems to cooperate within the same regional authority! I want to complete my degree so that I can go to Director Jim DeJong of the Coalition of Citizens with Disabilities in Illinois and ask him for the most precious thing in the world, a paying job! More than anything else I want to devote the rest of my life to the Coalition and its work on behalf of people with disabilities.

I beg you to pass this bill. Let each of us make as tangible a contribution to American society as we can. The ADA will make things possible for today's children with disabilities that I never even dreamed were possible for me. It is deeply needed for many reasons, chief among these is that it will show people with disabilities, as well as the whole community, that we are entitled to become full human beings, participating in our community. No longer will a person need to grow up without knowing how to write because teachers did not take the time to show them how to form their letters. The increased transportation services demanded under ADA will make possible much greater integration of the whole community. There will be no cases like mine where the disability alone determines where we live and what we do. God only knows how many contributions society has missed because there were no provisions for the disabled to move about freely and to determine their own lives. I pray that the Americans with Disabilities Act will be passed as soon as possible so that we may become another "melted" minority. Thank you very much for your patience and for this opportunity to speak today.

Senator WEICKER. Mary, I thank you. That is courage and optimism. Just great. Just great.

Our next witness is Jade Calegory from Corona Del Mar. Jade, nice to have you with us.

Mr. CALEGORY. Thanks.

Hi. My name is Jade Calegory. I am 12 years old and I go to Corona Del Mar High School, CDM for short, in California. I am in the seventh grade and I just started this new school last week. I have been mainstreamed since the second grade.

You see, I was born with spina bifida and I have had lots of operations. I started kindergarten on a gurney and had to go to a separate school. But now that I am OK enough, I go to a regular school. So I wanted to thank you all for passing that law, 94-142, so I can go to a school with all of my friends.

CDM is my third regular school. When I was a little kid, I got called names and was teased a lot because of my disability. I know now that it was just because those kids did not understand, but the kids at my new school are smart enough to know that I am not different because of my disability.

But still, sometimes when I meet new people, I wish they would talk to me first, before they ask what is wrong with me, or what happened to me. It makes me feel like my wheelchair is more important than I am.

Anyway, I was born in 1976, 200 years after the Constitution promised freedom and independence for all of us, no matter what. Thanks to you, and the people who sat in those seats before you, I am lucky to grow up in a world that is different than when you folks were kids. Thanks to you, people are not separated as much by their age, religion, color of their skin, disability, whether they are men or women, stuff like that. Things are getting better, but it sure does take a long time.

Even though some things have gotten better, there is more that can and should be done. It is kind of like my grades in school. They are good, but I know that if I work harder, they can get even better. [Applause.]

I guess that is why I am here today, not because America's 36 million citizens are physically challenged, but because we are also politically challenged.

Although there are over 4.5 million other kids with disabilities, there are only a few of us who have the chance to work and pay taxes. I guess I am luckier than a lot of other kids with disabilities, I work as an actor.

My movie, "Mac and Me" is out right now. Maybe you have seen it. I like it because it shows that kids with disabilities are not any different and can do the same things as other kids without disabilities, if given a chance. It is the first movie to star a kid with a disability, and it is a great family film full of adventures. I even got to do some of my own stunts.

I also think "Mac and Me" is terrific because it shows a kid with a disability giving help instead of just getting help, and nobody tries to cure me, or take away my disability by the end of the movie. [Applause.]

That gives people the idea that it is okay to be disabled and just be accepted for who you are. I hope there will be more non-disabled movie roles for disabled actors. We could be anybody, because after all we are, in real life.

R.J. Louis, who produced "Mac and Me", auditioned only disabled kids for the role. He knew disabled kids could be good actors. He gave us a chance.

At least one-half million dollars from "Mac and Me" is going to the Ronald McDonald Children's Charities to help kids with cancer. McDonald's is a good friend to the disability community. McJobs helps mentally retarded people train for a job. McDonald's has made seven TV commercials with disabled actors and was the first to have braille menus for blind customers.

McDonald's is a great company. They are a good example of how a big company should help people with disabilities become more independent. But if other companies cannot learn from McDonald's, then this American With Disabilities Act can teach them that 36 million Americans with disabilities are an important part of this world, too.

Orion Pictures wanted to advertise those theaters showing "Mac and Me" that were accessible to people using wheelchairs, but the theater owners would not let them. Here is this great family movie and a lot of people from the disability community do not even know if they can get into the theater to see it. I do not think that is fair.

I learned in my school that you are the Congress and that you have the power and the responsibility to change the laws that make life better for everyone. TV and movies have the power and responsibility to change the attitudes that also makes life better for those of us with disabilities. Without new laws like this one, and new attitudes, 36 million of America's citizens will be stuck without equal rights, and that is not fair.

Aside from acting, I like racing in my wheelchair. I have won 5K and 10K races. After my mom and I go jogging on the beach back in California, we sometimes take the bus back home, or at least we try to. Most of the buses do not have lifts on them. Some of the drivers are very rude and get mad if I want to take the bus. Can you believe that?

I work and part of my taxes pay for public buses and then they get mad just because I am using a wheelchair. I do not think that is fair or right. I am important, too.

If I really have to, I could get out of my wheelchair and climb up the stairs, but I do not think I should have to. Maybe another person using a wheelchair is trying to go to work or school and they should not have to crawl up the stairs and get dirty. Or maybe they cannot even get out of their wheelchair by themselves.

Anyway, I was thinking, if all of the buses had lifts on them, it would be better for all of us. It is hard for people to feel good about themselves if they have to crawl up the stairs of a bus, or if the driver passes by without stopping. They could be late to work or school and that is not even their fault.

I guess my teacher was right about history repeating itself. I learned in school that black people had problems with buses, too. They had to sit in the back of the bus, but some of us with disabilities cannot even get on the bus at all. Black people had to use separate drinking fountains and those of us using wheelchairs cannot even reach some drinking fountains. We get thirsty, too.

Black people had to go to separate theaters, schools, restaurants, and some of us have to, also. That is not because we want to, but because we cannot get in. That means that we do not have a choice. I think that everybody should be able to have choices, do you not?

In "Mac and Me", my family moves from Chicago to Los Angeles, and as we talk about the new house, we talk about lowered counters, no stairs, and wide hallways. I am excited that Congress has already dealt with things like accessible housing in passing the Fair Housing Act. That is neat. Thanks.

Because of "Mac and Me", I have been traveling around the country and I noticed that Chicago and New York are harder to get around. There are not as many cuts in the curbs, and the bathrooms in the hotels are not made for those of us using wheelchairs. I hope that you will help us make this world more open to people with disabilities.

You can help us make that happen. We have a right to have a world where people do not build houses and schools with steps and no ramps, buses without lifts, curbs without cuts, TV and movies without captions. I am not old enough to vote yet, but if I were, I would vote for this bill. I am sure that some of the people from your States and hometowns who voted for you were disabled. They would vote for this bill, too.

This is our future and just like Martin Luther King 25 years ago, we have a dream, too. The Americans with Disabilities Act of 1988 can help to make that dream a reality. Thanks for listening and helping us with our political challenge to make this world a better place to live for all of us with disabilities. [Applause.]

Senator **Harkin** [presiding]. Thank you very much.

Bobby Silverstein, who a lot of you know here, our staff director, saw the movie last weekend. I have two young kids and this weekend I am home, so I get to go see it this weekend. Now I really want to see it.

I apologize to many of you for having been gone for a short period of time, especially those who have testified. As so often happens around here, things conflict. I am on the Appropriations Committee and we had to wrap up a certain item that I was involved in, so I apologize for having been gone for a small amount of time.

I also want to do two more things. I want to recognize a group of individuals, citizens, who have come down here from New Jersey. I understand they all got on the train this morning and came down here, a group of about 40 or more citizens, some of whom use chairs. Over 100, 170.

Raise your hands. All of those of you who came down on that train this morning. Look at that.

[A show of hands.] [Applause.]

I welcome you here and we really thank you for taking the time and the energy to come down to this important hearing.

Second, I do not know what your time element is right here, but I want to publicly say thank you to Senator Weicker for his many years of championing the cause of many Americans, not just those with disabilities, but those who perhaps find themselves at a disadvantage one way or another, and fighting for the underdog. I know of no more eloquent nor determined individual in the entire Congress than Senator Weicker, in what I call fighting for the underdog and not the topdog.

I just want to publicly say thank you for your many years of service and thank you for chairing this subcommittee before I took over, and also for you and your staff's work in really making this subcommittee work well and getting this legislation through. He really deserves our thanks. [Applause.]

Now I would like to turn to two individuals that I hold in very high esteem, Dan Piper and his mother, Sylvia, from Ankeny, IA.

I want you to know, Dan, that I often use you as an example when I go around the country, talking about what early intervention can do. Dan, to me, represents a prime example of why we must push very hard on early intervention. I think you will shortly see what I mean.

We welcome you here, Dan, and welcome your mother, Sylvia. Please proceed as you so desire.

Ms. Piper. OK. Dan, how old are you?

Mr. Piper. I am 17.

Ms. Piper. What is your address?

Mr. Piper. 406 N.E. Sherman Drive, Ankeny, Iowa.

Ms. Piper. Dan, you attend Ankeny High School. Do you have friends at Ankeny High School?

Mr. Piper. Yes. I have Jeff Bachman, Cory Heagle, Jayme Martin, Chris Piper, Aaron Baugher, Melissa Berry and Melissa Berry is a nice girl.

Ms. Piper. That is Dan's girlfriend and he is also mentioning his brother. It is interesting to note, he considers him a friend today.

Dan, have you had any jobs?

Mr. Piper. Yes. I work at a job. I work at Parkview Junior High.

Ms. Piper. Where else have you worked?

Mr. Piper. I worked at Walmart, Hardee's, Dillows other stuff.

Ms. Piper. When you are an adult, and you are not going to school anymore, do you want to work?

Mr. Piper. Yes.

Ms. Piper. Where would you like to work when you are an adult, and earn some money?

Mr. Piper. I want to earn money in a video store.

Ms. Piper. Dan, where would you like to live?

Mr. Piper. I want to live in an apartment, number 3999.

Ms. Piper. Where would the apartment be?

Mr. Piper. Des Moines.

Ms. Piper. That is interesting. Dan's father and I are kind of gearing his adult life in Ankeny, but he is obviously choosing otherwise.

I would like to share with you and do appreciate the opportunity. At the time of Dan's birth in 1979, his father and I were advised by the attending physician and pediatrician to place Dan in an institution. It was a very difficult time for his father and I and the grief overrode logical decision making.

Dan's development was described as hopeless. His dad and I rejected this recommendation, and Dan has been living at home with his family since his birth. I might mention here that his birthday is

Sunday, and that is a really important moment to him. He will be turning 18, age of majority.

Dan received services through the Child Study Center at 6 months of age. Our area education agency provided an in-home teacher until age 4, when Dan was enrolled in a segregated preschool program in Des Moines. His integrated educational experience began at 8 years of age until the present.

Dan, despite an IQ of 39, is a typical teenager who has just entered his fourth year of quality integrated special education in the Ankeny School District, which is his home community. This was only achieved through intense advocacy efforts by his father and me, coupled with representatives from ARC/Iowa, the Association for Retarded Citizens.

In Ankeny, Dan finally has had the opportunity to form friendships with his nondisabled peers who live in his community. He serves as manager for the football team. He was elected as his regular ed homeroom representative for the Pep Club. He attends all school and community functions. Dan participates in music, art, physical education, industrial arts, and home economics in regular ed classrooms with his nondisabled peers.

Since Dan is now rapidly approaching the end of his school years, the major thrust of his educational experience is onsite vocational training within cooperative businesses in Ankeny.

Positive relationships with regular education high school students resulted in Dan's favorite activity, The Greasers, a lip sync group of high school students featuring Dan as lead performer. The group makes appearances at various functions within the Des Moines area. This is an ideal opportunity for a young man who has speech problems to express himself with the arts.

Dan, a young man with Down Syndrome, is considered medically fragile. He is dependent upon insulin and a rigid diet to respond to his diabetic condition. Dan has learned to administer his own injections in spite of the doubts held by the adults in his life, and his parents are included as doubters.

Transition into adulthood holds many fears for Dan's father, his brothers Larry and Chris, and me. Dan can work and can live independently in the community with services, but how many doors will be closed to employment and community living when his parents are no longer around to break down those barriers?

Our family has served as effective advocates for Dan. Many children, with whom I have contact, do not have the luxury of consistent support. The reality is that, while our advocacy has proven successful, we will soon face the private sector where there are no assurances.

We have invested in Dan's future. The State of Iowa has invested in Dan's future. And the Ankeny Public School District has made an investment in Dan's future. We fear that he will be denied employment based on disability rather than capability. He has already encountered discrimination with employment.

Dan indicates that he chooses to live in an apartment, of course in Des Moines as opposed to our choice in Ankeny. Will the landlord decide, because Dan has mental retardation, that he is incapable of independent living? Will he be denied access to transportation? Will restaurants refuse service? Will hotels refuse accommodations?

Senators and Representatives, are we going to allow this investment of time, energy and dollars, not to mention Dan's ability and quality of life, to cease when he reaches age 21? Over a decade ago, the U.S. Congress enacted Public Law 94-142, which guaranteed Dan the right to special education, and 504 to address disabilities in the public sector. It is now time to expand handicapped antidiscrimination to the private sector so that Dan's and our visions for his adult life and the lives of many others can finally become a reality.

We implore you to enact the Americans With Disabilities Act as quickly as possible. Thank you. [Applause.]

Senator HARKIN. We are going to hold the questions until we finish the panel, but I just say that I saw Dan this summer at the fair grounds. Jade, you better look out, he is coming.

Our last witness is Lakisha Griffin from the Alabama School for the Blind in Talladega, AL. Lakisha will describe her background. She's had no schooling until recently. Her positive experience at her current school, where she is an A student, and her hopes for the future.

Lakisha, I hope I pronounced your first name correctly. We welcome you here and you are among friends. Please proceed to tell us about your experiences and what you would like us to know about this bill.

Ms. GRIFFIN. Good morning, Mr. Chairman. My name is Lakisha Griffin from Lafayette, AL. I am 14 years old and a seventh grader at the Alabama School for the Deaf and Blind in Talladega, AL. With me today is Ms. Dot Nelson, who is a house parent at my school.

I am glad to talk with you today regarding the need for the Americans with Disabilities Act. I understand that this proposed law would protect blind and other disabled people from being treated badly because of our handicap. Discrimination is a big word, but I can tell you that it is real, and I hope Congress will do something about it.

I am the youngest of six children. Until 2 years ago, I was educated at home by my two older sisters. Lafayette is a small rural town in Alabama, and my family did not know much about opportunities for blind people like me. All of my friends at home were sighted. Sometimes the other kids would not want to play with me, and sometimes even their parents acted sort of funny toward me.

I am not sure why this happened, except that many people sometimes do not like people who are different.

My life changed a lot in 1986, when I enrolled at the Alabama School for the Deaf and Blind in Talladega. I made many new friends, both blind and sighted, and I have been on both the A and B honor rolls. I also learned braille at the Alabama School, and that has opened up a new world of knowledge for me. I also like math and English.

When I grow up, I want to go to college to become a teacher. I want to teach braille to other blind people, since the knowledge of braille has been so useful to me.

I know that I can become a braille teacher if I study hard. My parents have worked hard in the textile mill, and I know that I must also work hard to get ahead in life. I hope to be the first person in my family to go to college. I am worried, however, that people will treat me differently because I am blind, black, and female. Some people will think that I cannot be a teacher, but I know I can.

I do not need sympathy. I do not need prejudice. I do need a fair chance to get a job and live independently. Discrimination against blind and other disabled people must be eliminated, and the Americans With Disabilities Act will help that happen. People pay attention when it is the law.

Please pass the Americans with Disabilities Act now so that I and other young people can look forward to a fair chance tomorrow.

Thank you. [Applause.]

Senator HARKIN. I think for the benefit of those who are sitting back there in the back, Lakisha went through that whole thing from her memory. That is really brilliant.

Well, you are just all outstanding. What can I say? You are tremendously outstanding, every one of you.

I would recognize, if you want to, Senator Weicker for any questions or comments you might have for the panel.

Senator WEICKER. I have no questions at all. I cannot say anything that will better express to America what needs to be done and what each of our panelists has stated. I am so proud of you. I really am.

Senator HARKIN. Congressman Owens.

Mr. OWENS. I have no questions. I want to just congratulate and thank the witnesses. Your being here will help us a great deal in the passage of this legislation. Thank you very much.

Senator HARKIN. Congressman Jeffords.

Mr. JEFFORDS. I just have one question. One of the most controversial aspects of 94-142 was the mainstreaming aspect. I wondered if you could give us some reflections on the reaction to the mainstreaming and whether it has improved, from your observations, as far as the acceptability in the schools, since the initiation of the 94-142 from your own history? Jade.

Mr. CALEGORY. You mean, like is it easy to get into the school?

Mr. JEFFORDS. How are the young people reacting, perhaps from your observations not only to yourself, but other disabled that might have come into your school since the time you started?

Mr. CALEGORY. How did the young people react to me?

Mr. JEFFORDS. Yes, and others that you have observed? And has it improved over the course of time?

Mr. CALEGORY. In junior high and in my new school, they do not treat me different or anything. They just treat me like I am one of them.

Mr. JEFFORDS. Did you observe any change in the other schools that you were in, over the course of time, or were you still kind of treated different?

Mr. CALEGORY. Any other of my schools, was I treated differently?

Mr. JEFFORDS. Yes.

Mr. CALEGORY. I think so. I was a little bit teased, like I said in my speech, that I was teased because of my disability and just stuff like that, in some of my elementary schools. But the teachers were good about it, and stuff like that. It was just the kids did not understand.

I am with the Easter Seals now and I think what we are trying to do is educate them so they will not tease kids with disabilities, so they will not tease them anymore, so they know what is going on and they can make friends with them.

Mr. JEFFORDS. Thank you.

Senator HARKIN. Thank you. I just have a couple of questions, maybe just to further elaborate on a couple of things, and why this bill is so necessary.

Mary, I am sorry I missed your testimony. However, I have read it. You have really had a rough time. What I would like to ask you is you are now 58 years young?

Ms. LINDEN. Yes, I just turned.

Senator HARKIN. How would your life be different today?

Ms. LINDEN. I think I would be a 30-year veteran of the Chicago school system, or one from the suburbs, because my family, my mother, my father and all my aunts, were teachers. Of course, you follow in your family's profession. By now I would be worried about my retirement.

I think I would have been in one of the teacher's union because I love politics, but I do not know. That is about it.

If the transportation were better, I would right now be too busy to come here because I would be working for my degree at Northeastern, because I want to go up and get my job. And Mr. DeJong needs a fully educated woman, not a half one. That is where I would be right now.

Senator HARKIN. So I guess, Mary, what you are saying is that not only will future generations benefit from this bill, but you will, also?

Ms. LINDEN. Oh, yes, sir. The day the bill is passed, the very day that you gentlemen have fixed it up so they can use it, my attorney will put a lawsuit through the Federal courts to sue the RTA and the CTA for whatever I have to.

Senator HARKIN. I like your attitude.

Ms. LINDEN. I will get my education, I swear. I would intend to sue them, because there is no reason for this. They have a transit authority and it provides provisions for handicapped people in the city of Chicago and the suburbs, but there is no way in the world that we can get into the city of Chicago or out of it.

And would you believe we have to be home at seven o'clock at night? My gosh, the shows do not even start until 8:30. [Applause.]

Senator HARKIN. Mary, I just had a letter here.

> Mr. Chairman, I hope you will express my deep regret for missing the hearing this morning. I am particularly sorry not to be able to welcome Mary Linden, the witness from Illinois. I had the opportunity to meet her yesterday, and I know the committee will benefit from her testimony.
>
> The subject of this hearing is important, not just for Americans with disabilities, but to all Americans. I look forward to reading the testimony of all the witnesses. Thank you very much. Senator Paul Simon from Illinois.

He could not be here, but you saw him yesterday, right?

Ms. Linden. Yes, we did and I thank him very, very much.

Senator Harkin. Jade, do you see the day coming when you will get a role that will be advertised as child actor and not as child actor with disability?

Mr. Calegory. Right now my mom had my agent, if she got information for a part for someone with blue eyes or someone to play basketball or something, that she would send me out for it. So right now I am going out for any part that comes out, whether it is for someone with blue eyes, or something like that.

Senator Harkin. I am going to see that movie this weekend. It is down in our neighborhood and I am going to go see it. "Mac and Me."

Lakisha, I was very moved by your testimony and by what you have had to overcome and what you are overcoming. I have all the confidence in the world that you are going to be the first person in your family to go to college, and that you will indeed be a braille teacher. We know you are going to do it, do we not? [Applause.]

Is this your first trip to Washington?

Ms. Griffin. Yes, it is.

Senator Harkin. I want you to know that within the last year, we have prevailed upon the Sergeant of Arms and we now have braille maps of the entire Capitol and indeed of all of the downtown monuments and surrounding area. Have you gotten those yet?

Ms. Griffin. No, I have not.

Senator Harkin. As soon as you get done here, how about getting a set of those, OK?

Ms. Griffin. OK.

Senator Harkin. I am sure that you can get taken around the Capitol and make sure that you take in everything that you can while you are here, OK?

Ms. Griffin. OK.

Senator Harkin. We have those for anyone else here who needs them, we have braille maps now of the entire Capitol and of all the downtown monuments and the mall. If you have any problems getting them, you come see me or see one of my staff. I will make sure you get them.

Dan Piper, like I said, Dan, I use you a lot in my speeches around the country. You are getting to be pretty famous, Dan Piper from Ankeny, IA. I just have to tell you, you are not only a source of pride and joy to your parents, but a unique sense of pride and joy to me and to a lot of people.

The State of Iowa has had an early intervention program—I hope you do not mind if I be a little chauvinistic here—since 1975, I think. Since the mid-1970's anyway. We have got a good support group in Iowa. This is a great example of what can be done with early intervention.

Dan, I know from your mother, and also from your own testimony, that you are going to be 18 pretty soon and you are thinking of moving away. Are you not kind of afraid that might break your mother's heart, moving away from Ankeny?

Mr. Piper. Oh, no. Just me and my dad is.

Ms. Piper. I did not know he was taking his father with him.

Senator HARKIN. At least you will invite her to come visit you, right?

Mr. PIPER. Yes, and my girlfriend.

Senator HARKIN. I will not get into that, all right?

I just want you to know I am the father of two young people, and I am not looking forward to the day when they leave home either, so I know how your mother feels.

Dan, your hopes for the future are real hopes, and I know that you can accomplish a lot. Let me ask your mother a question.

Mr. PIPER. All right, go ahead.

Senator HARKIN. Is that OK?

Mr. PIPER. Sure.

Senator HARKIN. Ms. Piper, do you agree with Ms. Parrino, when she says that the Americans With Disabilities Act should be looked at as bringing about cost savings to our Nation, rather than additional costs?

Ms. PIPER. Definitely. In our circumstances, we certainly have spent a lot of time and energy, as I stated, in seeing to it that Dan is appropriately trained to be a tax payer rather than a tax recipient. However, with discrimination, we are looking at a future that may very well hold nothing more than sheltered employment for him, which is certainly an opportunity for some people.

However, he has a desperate need for growth and is capable. Our concern is that he will be sitting at home, on our living room couch, watching television for the rest of his life. That is not acceptable, with all of the money that has been poured into his education. There is no reason he cannot be a tax payer.

Senator HARKIN. And it is not acceptable with—look at him. My gosh, look how good he is. Danny, you can do a lot of things.

Mr. PIPER. That is right.

Senator HARKIN. You sure can. We are going to make sure that you are able to do those things, too. You are a great source of pride.

Is this your first trip to Washington? This is your first time here, is it not?

Mr. PIPER. Yes.

Senator HARKIN. I think so, yes. Make sure you get around and see the monuments and everything like that, OK?

Mr. PIPER. Yes.

Senator HARKIN. You do not mind if I keep using you as an example, do you? You do not mind if I keep talking about you, do you?

Mr. PIPER. Yes.

Senator HARKIN. As long as I say good things, right?

Mr. PIPER. Yes, you got it. [Laughter.]

Senator HARKIN. All of you are just great. Thank you so much. You have made our day and made our year and hopefully we will make this bill get through next year.

Thank you all, and now we will call our second panel. [Applause.]

Our second panel is Judith Heumann, World Institute on Disability at Berkeley, CA; Gregory Hlibok—if I mispronounce that, you tell me—Gregory Hlibok from Gallaudet University; Belinda

Mason, Tobinsport, IN; and W Mitchell from Denver, CO. Please come up.

We welcome you all to the hearing, and some of you for coming a long, long distance. I will just go in the order in which I called you. Judith Heumann. Judy is the mother of the disability rights and independent living movement. She has a masters in public health and she's going to discuss the history of the movements and personal examples of discrimination and the need for the bill.

STATEMENTS OF JUDITH HEUMANN, WORLD INSTITUTE ON DISABILITY, BERKELEY, CA; GREGORY HLIBOK, GALLAUDET UNIVERSITY, WASHINGTON, DC; BELINDA MASON, TOBINSPORT, IN; AND W. MITCHELL, DENVER CO

Ms. **HEUMANN**. Good morning, Senator. I got a little alarmed. I thought you were about to tell me I was a mother. I did not know I had any children.

Senator **HARKIN**. No, I wondered what that momentary disturbance was. No, the mother of the disability rights and independent living movement.

Ms. **HEUMANN**. After taking a redeye here, I did not know something had happened.

It is really a privilege to be here with all of you today. My name is Judy Heumann. I am the oldest of three children born to an immigrant family. Like most other Americans, I was born without a disability. When I was 1½ years old, I contracted polio. Becoming disabled changed my family's life and mine forever.

My disability has made me a target for arbitrary and capricious prejudices from any person with whom I come into contact. Over the years, experience has taught us that we must be constantly aware of people's attempts to discriminate against us. We must be prepared at every moment to fight this discrimination.

The average American is not, nor should they have to be, prepared to fight every day of their life for basic civil rights. All too many incidents of discrimination have gone by undefended because of lack of protection under the law.

In the past, disability has been a cause for shame. This forced acceptance of second-class citizenship has stripped us as disabled people of pride and dignity. This is not the way we, as Americans, should have to live our lives.

When I was 5 my mother proudly pushed my wheelchair to our local public school, where I was promptly refused admission because the principal ruled that I was "a fire hazard." I was forced to go onto home instruction, receiving 1 hour of education twice a week for 3½ years. Was this the America of my parents' dreams?

My entrance into mainstream society was blocked by discrimination and segregation. Segregation was not only on an institutional level, but also acted as an obstruction to social integration. As a teenager, I could not travel with my friends on the bus because it was not accessible. At my graduation from high school, the principal attempted to prevent me from accepting an award in a ceremony on stage simply because I was in a wheelchair.

When I was 19, the house mother of my college dormitory refused me admission into the dorm because I was in a wheelchair and needed assistance. When I was 21 years old, I was denied an elementary school teaching credential because of "paralysis of both lower extremities sequelae of poliomolitis." At the time I did not know what sequelae meant. I went to the dictionary and looked it up and found out that it was because of. So it was obviously because of my disability that I was discriminated against.

At the age of 25, I was told to leave a plane on my return trip to my job here in the U.S. Senate because I was flying without an attendant. In 1981, an attempt was made to forceably remove me and another disabled friend from an auction house because we were "disgusting to look at." In 1983, a manager at a movie theater attempted to keep my disabled friend and myself out of his theater because we could not transfer out of our wheelchairs.

These are only a few examples of discrimination I have faced in my 40-year life. I successfully fought all of these attempted actions of discrimination through immediate aggressive confrontation or litigation. But this stigma scars for life. Many disabled persons experience discrimination of the same magnitude but not every one of us possesses the intestinal fortitude and has the support of family and friends required to face up to these daily societal barriers.

Sadly, these are not isolated examples true only in the past tense. This is an ongoing social phenomenon which haunts our lives at every minute.

I have been told throughout my life to be understanding of these people's actions. "They do not know any better." Neither I nor any one of the 42 million other people with disabilities can wait for the 200 million nondisabled Americans to become educated to the fact that disability does not negate our entitlement to the same constitutional rights as they have.

Just as other civil rights legislation has made previously sanctioned discrimination illegal, so too will the passage of the Americans With Disabilities Act of 1988 outlaw protectivist, paternalistic, ignorant discrimination against all persons with disabilities.

We, as disabled persons, are here today to ensure for the class of disabled Americans the ordinary daily life that non-disabled Americans too often take for granted: the right to ride a bus or a train; the right to any job for which we are qualified; the right to enter any theater, restaurant or public accommodation; the right to purchase a home or rent an apartment; the right to appropriate communication.

Whether you have HIV infection, cancer, heart disease, back problems, epilepsy, diabetes, polio, muscular dystrophy, cerebral palsy, multiple sclerosis, are deaf or blind, discrimination affects all of us the same. Simply put, we are here today to say that people in our society have been raised with prejudicial attitudes that have resulted in extreme discrimination against the 42 million persons with disabilities in the United States.

Discrimination is intolerable. The U.S. Congress is to be commended for its introduction of the Americans With Disabilities Act. The passage of this monumental legislation will make it clear that our Government will not longer allow the largest minority group in the United States to be denied equal opportunity.

You have all heard our testimony today. But you have also been aware of these stories for many years. As elected Representatives, you must act without delay to end these reprehensible acts of discrimination. To do any less is immoral. [Applause.]

Senator HARKIN. Belinda Mason from Tobinsport, IN. Welcome, Belinda, and please proceed.

Ms. MASON. That is Tobinsport, IN.

Senator HARKIN. What is it?

Ms. MASON. Tobinsport. The 75 citizens of Tobinsport would be awful disappointed if word got out in the U.S. Senate that they were in Tobinsport.

Senator HARKIN. We will correct the record, be assured. Tobinsport lives on.

Ms. MASON. Thank you. I thank you all for having me today and I hope you all are listening good and taking note of all this, because we represent a part of society that is unfortunately often invisible, particularly the disability that I am speaking out, HIV infection is invisible and a hidden disability.

I am just going to read from prepared stuff because I am recovering from a stroke and my brain will not let me remember anything for long enough to really spit it out well unless it is written down and I can read it.

My name is Belinda Mason and I live in Tobinsport, IN. I am 30 years old and I work as a free-lance writer. My husband, who is a college instructor, and I have two small children, a daughter who is 5 and a son almost 2.

Until early last year, my family and I had an average life near one of America's thousands of average small country towns. We juggled our jobs, our daughter, and our credit card payments. Our pleasures were simple and common, a walk in the woods, a new song on the radio, or a cookout with other young families.

But then my life changed dramatically. While delivering our healthy son, I suffered serious complications, including cardiac arrest and a stroke. Because of massive hemorrhaging, I received numerous transfusions of blood products. One unit was later found HIV positive and in March 1987, my own blood first tested positive for antibodies to the HIV virus, the virus that causes AIDS.

I also maintained residual damage from my stroke in the form of partial paralysis on my left side, and a tendency to be stupid when I am tired. That is a joke. [Laughter.] Thank you.

With that diagnosis, I became a person with a "hidden disability," a disability just like epilepsy and diabetes and tens of other disabilities. And just like people with those other hidden disabilities, I became subject to irrational and unjustified discrimination.

The average life I once enjoyed has vanished. And since I have been living with HIV, I have learned a terrible truth about America, that it is not a good place to be different or to be ill, in spite of what we teach in government class.

Shortly before the news of my HIV infection became public, but long after the rumor mill had assured that everyone in town already knew about it, I took my girl to the local public pool. I remember the day very well because we had something to celebrate. I had learned that I was sick enough to qualify for AZT, a drug that has been found to prolong the lives of people with HIV infection. It was our first breath of hope.

I was still recovering from the stroke, but I could drive again. I could not swim yet, but I slid into the children's pool for a couple of hours and watched my daughter play. I remember thinking that maybe I would live, and that maybe my life would settle back to normal.

I was recognized by most of the adults in the town because I had worked as a reporter and was therefore visible in a place where everyone knew everybody else anyway. This was the other adults at the pool. Later I learned that the town closed the pool for a week. The official story was that a cigarette butt had been found in the filter. I have always thought that it was because I was in the water for a few hours, though, just watching my daughter swim.

There are other incidents like this that I have submitted in my written testimony.

A woman in another part of Kentucky had managed a school cafeteria for a number of years. Her adult son, who was living in California, became ill with AIDS. The woman went to California to bring her son home, so she could care for him. But when she returned, she was abruptly fired from her job.

Apparently, even the perception that you are associated somehow with HIV, whether or not you have it, is grounds for ill treatment. This has to change. We need a law that will protect all people, even those perceived to be infected simply because they are helping those who are ill.

A man passing through a central Kentucky town was stopped for drunk driving. After he told the arresting officers that he had AIDS, the man's car was driven to a parking lot of the jail. Instead of putting the man in jail, the officers locked him inside his car to spend the night. The car was eventually surrounded by sightseers, staring and pointing at the man.

As a board member of the National Association of People with AIDS, I know these and many other stories.

When we look in the mirror that AIDS and HIV holds up to our society, we can see how scared we are of each other, of death and even of life. We can see how little tolerance, let alone compassion, that we often show.

HIV disease is blind to race, age, gender, and sexual orientation. It no longer affects other people. Beyond risk groups, immune deficiency is a disease of individuals, our friends, our sisters, our lovers, and our children. People who are just like us because they are us. And because HIV affects us all, it makes no difference how one gets HIV. The fact is that the discrimination is the same and the protections must be the same.

Living with HIV is particularly stressful for people in America's small towns and rural communities. Until we can be counted on to demonstrate fair and equitable treatment, legislation like this is essential.

There are some things that legislation, by its nature, cannot and will not do. For example, this bill probably will not change anything for Stella McKee, a Kentucky woman whose husband David, a hemophiliac, died just when we were learning about what AIDS was all about. Stella carried home many bowls of untouched food from church potluck dinners.

And this bill probably would not have helped me when my next door neighbor in Indiana, a registered nurse, carried a petition to every neighbor on the block, demanding that my family and I move. You cannot legislate good manners. But you can legislate recourse for some forms of discrimination. By legislating that protection, perhaps you may also help promote reason and foster more decent treatment. The truth is that sometimes legislation precedes and enhances humanity.

I thank you for having me here today and I urge you to pass the Americans with Disabilities Act as quickly as possible. It will make a real and incredible difference in the lives of millions of people, and just some of those are the ones you see today. Thank you. [Applause.]

Senator Harkin. Greg Hlibok, a student leader from Gallaudet University, welcome to the subcommittee and please proceed.

Mr. Hlibok. Thank you very much for giving me the opportunity to testify here today. As she just said, people who have HIV are often invisible because you cannot tell by their race or their appearance. It applies to deaf people as well. You cannot tell if a person is deaf unless you see them signing.

My name is Greg Hlibok. I am president of the student body government at Gallaudet University. Last March's victory in getting a deaf president for Gallaudet sent a message to the world. The focus was on what deaf people can do, and not what they cannot do.

As Dr. King Jordan says, "deaf people can do everything, except hear." How can we prove ourselves that we are capable if we are not given equal opportunities. It is society itself that creates the barriers by not giving us these opportunities.

Very often discrimination appears on a daily basis in our lives. We face that all the time, every day. We have many experiences in being turned down for jobs, denied promotions. For example, my own deaf brother had to hire and pay for an interpreter himself so he could interview for a job.

I have been denied medical treatment because doctors misunderstood us and could not communicate with us. They refuse to hire a qualified interpreter. We have tried contacting police stations very often, but often they do not know how to use TTYs, or they do not have it in our stations.

I remember when I was young and I was going home, and I did not have any money with me. I was going home from school. I tried to contact my parents through public service, but there was no way to do that, no relay service. There were no TTYs around, so I had to walk the 3 miles in the snow to get home. Good thing I did not get pneumonia. Also, in San Diego, CA, there is a deaf woman there who died of a heart attack because her husband tried to reach the police through 911 but could not get through.

We have waited for 124 years to get a deaf president at Gallaudet, but we were still told that we were not ready. Hearing people told us that we were not ready and were unable to communicate and work through Congress and work with the hearing world. In the past we felt that there was nothing that we could do, that we had to accept this fate, and that those were just false excuses and discrimination. We put up with this for a very long time.

Last March showed that our tolerance and patience has run out. I said last March that we wanted a deaf president and we got one. President King's appointment shows that deaf people are capable of holding a responsible job and leading us. He has already proven his success in the past six months.

Now we want our civil rights. The Americans with Disabilities Act would give us the legal tools to fight discrimination. Legal rights women and minorities have already been brought to bear, and now it is time to remove communication barriers and provide reasonable accommodation.

For example, captions, TTYs, qualified interpreters, note takers, and visual aids, and these type of things would reduce the communication barriers that we face. It is not simply just accommodations, but we would like to participate equally and to be effective in society, not to be ignored.

We do not want sympathy, we want support. Because we can help ourselves if things are accessible for us. All we ask for is that you let us guide our own destinies. We urge that communication barriers be identified and the kinds of situations be specified. For example, there are people who have many different disabilities all over the world, and they are fighting against discrimination of all kinds. We can no longer wait. Civil rights must happen now.

[The prepared statement of Mr. Hlibok follows:]

STATEMENT OF GREG HLIBOK, PRESIDENT OF THE STUDENT BODY GOVERNMENT AT GALLAUDET UNIVERSITY, BEFORE THE SENATE SUBCOMMITTEE ON THE HANDICAPPED ON THE AMERICANS WITH DISABILITIES ACT OF 1988

My name is Greg Hlibok and I am President of the Student Body Government at Gallaudet University. Our victory at Gallaudet last March resulting in the appointment of our first deaf president sent the world a message. Focus on what deaf people can do - not what we can't do. As Dr. King Jordan said "Deaf People Can Do Anything...Except Hear". How can we prove ourselves that we are capable if we are not being given an equal opportunity. Its society that has created barriers.

Many of us confront discrimination every day. We have experienced the disappointment of being turned down for a job or promotion because we were told the communication barriers were too great. My own deaf brother was told he had to pay for his own interpreter on his job. We have been denied medical treatment at hospitals because the staff could not understand us and refused to provide qualified interpreters. We have tried to call the police for help using our telecommunications devices for the deaf, but the police hang up on us, because they had no TDDs. I remember when I was fifteen I left school without money to take the bus home. I had no way to call my parents or the police. I had to walk the 3 miles home in the snow. In one case in San Diego, a deaf woman died of a heart attack because the police did not respond when her husband called 911. We have waited for 124 years to have a deaf President chosen at Gallaudet. But we were told we were not ready, and that we could not work with Congress and the hearing world. In the past we felt there

BEST COPY AVAILABLE

was nothing we could do but accept these false excuses and discrimination and keep patiently plodding on. But, as we showed vividly last March, our patience has run out. I said last March, "we want a deaf president who can show the world a deaf person can lead a major university. We want one now". And we got it! President King's appointment shows that deaf people are capable of holding responsible jobs and of leadership. King Jordan has shown for 6 months that he is successful.

Now we want our civil rights. The Americans with Disabilities Act will give us the legal tools to fight discrimination, the legal rights woman and minorities already have. This bill would require removal of communication barriers and "reasonable accommodation to assure effective communication." The kinds of accommodations listed in the Act such as captioning, TDDs, qualified interpreters and note takers, and visual aids like flashing alarms would greatly reduce communication barriers. With simple accommodations, we can participate equally. We can be effective. We will not be excluded or ignored. We don't need any pity, we need your support. Because we can help ourselves only if things are accessible for us! I would urge that the Communication Barriers Section identify the kinds of situations where specific accommodations are required. Our example last March has inspired deaf people and all disabled people everywhere to fight against discrimination of any kind. We will no longer wait. We want our civil rights now.

Senator **Harkin**. Thank you very much. I am going to take the opportunity to introduce to you first about whom Greg spoke, who has really showed us that there are no barriers that deaf people cannot overcome. The new president of Gallaudet University, Dr. King Jordan. Stand up, will you please. [Applause.]

Thank you very much. Next, W Mitchell from Denver, CO. Mr. Mitchell, welcome to the subcommittee and again, please proceed as you so desire.

Mr. **Mitchell**. Thank you very much, Mr. Chairman. Good morning, Congressman. It is a pleasure being in front of you today. I am W Mitchell. I am the former mayor of Crested Butte, CO, a very beautiful town high in the mountains of Colorado. Do not get confused with Mount Crested Butte. That is the town that Bo Calloway owns. No, we are Crested Butte. We have a lot of Democrats in Crested Butte.

It is a little town that is nestled in the mountains of Colorado, about 9,000 feet above sea level. We are kind of at the end of a paved road, surrounded by all these 14,000 foot mountains. One of the things that is often said in Crested Butte is that you cannot get there from here.

It is very tough to get to other places in Colorado. Aspen is just 30 miles across the mountains, and yet it is about a 250 mile drive to get around all those mountains. You cannot get there from here. That's the challenge for millions of disabled Americans today—they can't get there from here.

In 1984, I ran for Congress. I was the Democratic nominee for the Third Congressional District in Colorado and I had to adopt a campaign that said "Oh yes, he can." In a lot of people's minds, a man who has been burned and who is in a wheelchair may not be able to represent them very well.

In fact, one of the charges that was first leveled at me was yes, Mitchell is a nice guy and perhaps speaks well, but what is he going to do to get to vote? How is he going to get to vote for our issues? How is he going to get to the floor of the House of Representatives in time? He will not even make the votes to stand up for our issues.

Well, having been back to Washington a number of times, I explained to those good people that most freshmen Congressmen wind up in the Cannon House Office Building. Between the Cannon House Office Building and the House of Representatives is a tunnel. The tunnel is mostly downhill going toward the House. I explained to them that the only Member of Congress that was going to beat me to vote for their interests was one on a skateboard. [Laughter.]

I did not get the most votes that year, my opponent did, a very worthy fellow. Fortunately, he was retired in the next election and now we have a good Democrat back there again.

Senator **Harkin**. This is a nonpartisan hearing.

Mr. **Mitchell**. Very nonpartisan, Senator. And if Senator Weicker and some of the other Republicans were still here, I would be singing a different tune, you can be sure of it.

I talk today to groups all over the country. I speak about the fact that it is not what happens to you, it is what you do in life. It is not the circumstances of birth or the accidents or injuries or illnesses that we contract in life, it is what we do with the equipment that is given us, with the opportunities that are given us.

But unfortunately, I am one of the lucky ones. Fortunately for me, and fortunately for so many others, I had role models when I was growing up, of other people in wheelchairs. I knew you could become successful and be in a wheelchair. I had education and training before I was burned in 1971 and, as a result of an insurance settlement, was able to start a very successful business. So that when I was paralyzed, in 1975, I had wealth and I had income and I had opportunities already available to me.

But what about all of those who were not blessed with the good fortune that I have had in my life? What happens to all of those who do not have the luxury of a vehicle or an airplane or a business or means of support? What happens to those who, like the young man in Phoenix, AZ, who I visited recently, who was paralyzed on the day of his graduation from high school. But having no insurance and no money, is now in a nursing home instead of a spinal cord injury rehab hospital? What happens to him? Where does he get his education? Where does he get the tools and equipment that he will need to make himself a taxpayer, as we heard earlier, and not a tax receiver for the rest of his life?

What about all of those who, because of the absence of transportation or the absence of communication facilities, cannot even find the employer to present themselves as a qualified candidate for a job? How do they function in our society?

So I come today, Mr. Chairman, to speak for the Americans With Disabilities Act legislation. I cannot speak more eloquently than the witnesses who have proceeded me. All of them are more qualified, more capable of stating the case that all of us need to hear today.

But I would like to say to you that, while the 1970's were very much the age of the me-too-ism, of I've got mine, of all of the conflicts in this country, and while the 1980's are very much an era of great change in our society, with new technologies and new opportunities, the 1990's will be the era of creativity.

We must be creative as a society, creative in taking full use of all of our citizens and their great capabilities. As you and the Congressman have seen today, we have been presented with probably more talent than you were faced with in almost any other hearing that you may preside over. How are we going to use that talent and how are we going to realize that talent?

Mr. Chairman, I will remind you today, in my closing remark, the quote of Albert Schweitzer, who said to all humanity, "We do not live in a world all alone. Our brothers are here, too."

Please carry to your colleagues in the Senate and your colleagues in the House the message that we do not want a handout. We do not want a free ride. We just want to act normal in an amazing situation. Thank you, sir. [Applause.]

[The prepared statement of Mr. Mitchell follows:]

W MITCHELL
Denver, Colorado

Statement to the Senate Subcommittee on the Handicapped, and
the House Subcommittee on Select Education

September 27, 1988

It is often said that you can't get there from here. That seems to be the situation facing millions of Americans with disabilities. It isn't that once they get there they can't do the job. Often a lack of adequate training, transportation, communications or other factors -- discrimination being one of them -- perfectly capable and talented, but disabled, people are unable to get to a place from which they can lead productive lives. I count myself as one of the fortunate ones.

While growing up in a suburb of Philadelphia, two of my neighbors were war veterans with disabilities. One was a First World War veteran who had had both his legs amputated; the other was a man who had served in the Korean war and who had become paralyzed. Both had the benefit of training, vehicles, and accessible housing provided to them by their government. Both were able to go on to lead constructive and productive lives, contributing to their communities, and acting as role models to people like me so that later when I became disabled, I knew what could be done; I knew of the potentials and possibilities still open to me from having watched my neighbors all those years; I knew I had not come to a dead end.

When my disabilities occurred, I was able to overcome them through a combination of insurance, previous education and training, family and social support and success in business. Many others are not so lucky. Without the tools that I was equipped with, today I could very well be -- without adequate legislation to guarantee my civil rights--- among those who are tax receivers instead of tax payers.

In 1984 I ran for and won the Democratic nomination for Colorado's third congressional district. My campaign slogan was "Oh yes he can!" It was a statement to those who observed my campaign that my physical limitations were in fact, not a hindrance to my ability to represent the voters were they to send me to Washington. While my opponent received more votes than me that November, it was clear to me that both those voting for me and for my opponent did so not as a statement of my physical disability. In 1984 I asked people not to vote for me (or not to not vote for me) because of my physical limitations. I told them I was just trying to act normal in an amazing situation.

Today I come before you to ask you to give millions of others like me not a special privilege, but just the same privilege afforded to all Americans, so that all of us here, now, and the millions that will follow can enjoy the same opportunities so many other Americans take for granted every day. But how does someone -- unable to get to school because of a lack of transportation, or to get to work because of inaccessible mass transit, or even find out about a job in the absence of communications equipment -- how does that someone become a participant in the American dream?

So many of the changes we need in order to correct discrimination and barriers to full opportunities are simple but yet often ignored: such as the southwest corner of the Capitol Building plaza where the lack of a curb cut requires someone in a wheelchair to compete with automobiles in the street for access to that building. In other cases it's just a matter of oversight. For instance, the hotel at which I'm staying spent $56 million just two years ago on renovations. Yet there is not one accessible restaurant in the entire hotel.

I'm from Denver, Colorado, which has been doing a great job in making buildings and transportation more accessible. Still, many public officials continue to be insenitive to what life is like when you're unable to get a ride to work because of a broken lift on a bus or because an untrained operator driving that bus doesn't know how to manage the life.

Other times, lost opportunities can be blamed on insufficient funding for appropriate programs. One young man was paralyzed on his graduation day in Phoenix, Arizona this year but because of inadequate insurance he is in a nursing home instead of a spinal cord rehabilitation facility. That false economy may cost taxpayers literally hundreds of thousands of dollars, on just the one man, over the coming years. There are countless other examples that I know Congressman Coelho and the other sponsors of the ADA bill can make you aware of, though a simple trip home to your own states and districts and to visit with disabled persons will set the record straight: we aren't asking for a hand out. We're not even asking for a helping hand. We're just asking for the same opportunities so many Americans without disabilities take for granted and that Americans with disabilities deserve.

Senator **Harkin**. That was very eloquent. What the heck, if you cannot get into the House, how about a run for the Senate? We could sure use you here, I will tell you that. Major would like to have you in the House, too.

Again, thank you all. I just have a couple of questions that I want to ask for record purposes, and to further get some thoughts from you on this.

Judith, I just wanted to ask you, do you, and if you do, why do you believe that we can now pass legislation like the ADA act, when previous attempts to expand antidiscrimination protections to cover the private sector have been unsuccessful?

Ms. **Heumann**. I personally think that the Gallaudet experience and the 1977 demonstrations in relationship to 504 and the subsequent Development of Independent Living centers and community-based organizations around the United States, and the real true emergency of a rights movement are going to compel the United States to recognize its responsibility.

It was mentioned by one of the speakers that disability has touched every person's life. I think that what is important for us to recognize is that when we go and work with various organizations who potentially are opponents to this form of legislation, that we need to make them recognize that the discrimination that affects us is also very directly affecting their family and very likely to affect them personally.

I think that all of you have seen that in the last 20 years there has been a monumental change throughout the United States and throughout the world. Disabled people are no longer going to allow ourselves to be discriminated against. The meetings that Justin Dart is holding around the United States, I think are quite compelling. States where you never found a lot of disabled people coming out, speaking on behalf of themselves, are having 200, 300, and 400 people coming out to meetings when there is no accessible transportation, little accessibility in their homes, lack of attendant services. People are still somehow getting out to talk about why we believe it is time for us to have our rights.

That is why I think this bill is going to pass.

Senator **Harkin**. Mr. Mitchell, do you have any observations on that question? About the time being right, right now, to pass this one? You have been involved, obviously, in politics, which I was not aware of before. Would you agree with Judith that there has been enough changes, there is enough of a force, enough of a movement out there, that we have made enough minor steps that we can finally take a major step here?

Mr. **Mitchell**. Senator, I absolutely agree. Going back to the different eras I talked about, we lived in the 1950's. The 1950's were a very secure era in this country. We really were able to function on a very small part of our potential in the 1950's and still dominate the world. We were number one. We drove American cars. We led the world in every single way and we were secure in every single way, using a very small part of our potential because we had such an overabundance of resources, whether it was natural or human resources, that no one could compete with us anywhere in the world.

Today we are not allowed that luxury. Today we have to use all of America's resources to be great. The resource that exists—and I hear the various numbers of 36 million or 42 million—but a giant portion of our population that is untapped today is the resource that is going to make the difference between America falling into a second position and no longer the leader of the world, and staying number one. We have to use every single ounce of energy that we have.

Again, just look at the people you have seen this morning and they are representative, not spectacularly better than the people that they are speaking for.

Senator HARKIN. Judy, you mentioned Justin Dart. I thought I saw him earlier. Justin Dart, a great leader in this effort, was former Commissioner of the Rehabilitation Services Administration, now chairing a task force.

Ms. HEUMANN. He was here, he had to leave, Mr. Chairman.

Senator HARKIN. He may have had to leave. Tell him we said hello. I just wanted to recognize him here in the audience.

Greg, it goes without saying that not only were a lot of us watching last spring, but I think the world indeed was watching. In fact, I must tell you a story.

I just recently returned from a trip to Europe in August. I had an occasion to meet a small group of deaf individuals who were in Europe at that time. This took place in Portugal. They were with some Portugese who were deaf. It was just happenstance that I ran into them.

The first thing, when they found out who I was and where I was from, the first thing they wanted to talk about was what happened at Gallaudet University. These are people in Europe that knew of this, so it had a world-wide impact.

I just cannot tell you how proud we are of you and the student body, of Dr. Jordan, and what has transpired there.

As you know, my brother is deaf, and so I have, perhaps of all the disabilities, I am more cognizant of that than I am of perhaps others. I am aware of how deaf people have been discriminated against and how, in terms of accommodations and things.

I saw my brother last weekend, and I was staying in a hotel room and I noticed a little red light on. I wondered what that little red light was after I turned the lights out. It was to show that the smoke alarm was activated. But then I got to thinking, if I were deaf and the smoke alarm went off, I would never know it. I mean, I could tell it worked, but I could never know if it ever went off. Just another one of those things in accommodations where a small change would really help.

Let me just ask you a question about the bill, and about reasonable accommodations. How important, to ensuring equal opportunity for deaf people, is the provision of reasonable accommodations which are in the bill, reasonable accommodations? Have you had any experiences that you could relate to us?

Mr. HLIBOK. Sure. I have already given some examples about public services, how they should provide accommodations for deaf people. At Gallaudet University, that is a very good example, because they have all these accommodations for deaf people. For example, flashing lights in the rooms. There is a switch that you could flash a light. So if a visitor comes, you flash a light from the outside of the door instead of knocking. It is very important for us.

We need accessibility in order to reach out to all of the people right now. There is a wall, a barrier, between us, between the deaf and hearing worlds. We are trying to break down that wall. So far, we have been doing it little by little. Once we completely destroy that wall, that barrier, then I think that we will be able to contribute a lot more.

There are 6,000 deaf Federal employees who contribute to the Federal Government, and there are many more hearing impaired people who could contribute to the private sector, if they are given the opportunity through Government tax revenues. They would be able to use the accommodations and be contributing members.

Senator **Harkin**. Thank you. Where are you from?

Mr. **Hlibok**. New York City.

Senator **Harkin**. Thank you.

Belinda, you face many challenges as a person infected with HIV. How do you perceive the importance of this anti-discrimination legislation?

Ms. **Mason**. I think, like everybody else has already said, when you have a disability, you just have to overcome so much junk every day of your life, that having extra junk in your way is no good. I do not want to sound like a whiner about it, but it looks like to me that it would not be unreasonable to think that I could go to the cement pond with my daughter and swim and not have to have the whole community penalized for it and have to be made such an example of.

There are so many ways that we separate ourselves from each other, and as Admiral Watkins testified, people living with HIV have to overcome barriers every day that are imposed, that we have no control over, because we cannot make the research move any faster.

It is sad, but it is true, that people in agencies in the private sector, will not always do the right thing just because it is the right thing. Sometimes we have to make them. There is a lot of people in my area of the country living with HIV who face a lot more discriminatory acts than I have. One of those most important ones is jobs. People have lost their jobs.

It is enough that you got this lousy disease. It is like Congressman Coelho said, you come home from an office and you are still the same, but the whole world just shifts around you. You are not like a Kentucky basketball fan anymore. You are not a writer. You are not anything else. You turn into a person with a disease, a person with a disability. Whatever else that there was about you is just ignored.

If there are laws that make people treat you normally, then maybe they will. Maybe they will. I hope they will.

Ms. **Heumann**. Senator, I think that the law at least will give us protection. I do not think the law is going to change people overnight. But the laws, in fact, give us as disabled people the rights, and we then know that we can go out and speak to other disabled people and tell them that if these things happen to them, they should no longer turn around and leave, but there is an action that they can take.

I think actions and filing complaints and lawsuits begin to teach people right from wrong, which they have not learned in the past. I think 504 and 94-142 and many of these other pieces of legislation have begun to teach America that we are more like them. They still might not want to marry us or be with us, but they know that they cannot keep us out any longer. Most importantly, we will not let them. [Applause.]

Mr. OWENS. I think that would be a very good note to end on. I want to thank the witness and all of the witnesses that came before. We learned a great deal from you today. I hope that you understand that, just as Senator Kennedy said, we will pass this bill. It will become law. But I hope you will remember also the caution of Congressman Coelho, that it is not going to be easy.

It will not be easy to pass this bill because there are large numbers of Americans who consider themselves decent and reasonable people who, whenever you mention anything that might raise the cost of housing or public transportation, et cetera, begin to react in a mean-spirited way.

Some of these people are in very high places. In fact, one of our categories of great opposition is local administrators, local elected officials. The mayor of the city of New York sometimes conducts crusades against people with disabilities, when it comes to transportation access and housing access. They do it and appeal to the worst in people.

This we have ahead of us, and I hope you understand that. The bill now has 130 sponsors in the House of Representatives. To pass, a bill requires 218 people to vote yes. We have 130 at a point where the opposition has not yet openly manifested itself.

As we move closer toward passage, or toward the debate on the bill, you will have the people who will come forward with all the statistics to prove that it is far too costly. You will have the disabling amendments, amendments attempting to gut the heart of the bill. All those things are going to happen. We will need a great deal of support. I hope you understand that. There are difficult days ahead of us.

My final question to all of you is what can you do? In the spirit of Gallaudet, in terms of people with disabilities and the concerns of people with disabilities, there is a before Gallaudet and an after Gallaudet. After Gallaudet, the spirit has to keep moving on. The momentum is with us.

I want to congratulate Justin Dart, who is the chairman of a task force that, as I mentioned before, has been around the country He has told me that the spirit of Gallaudet lives on. It is going to escalate as time goes on. We must make sure it escalates. I hope that you will understand.

I have one specific question to the hero of Gallaudet. Gregory Hlibok. What can we expect in terms of leadership from people of your generation, from students? A lot of energy is going to be needed, a lot of continued courage is going to be needed as we push forward for passage of this legislation. Are students prepared to continue to offer leadership? Are there efforts being made to guarantee that people of your generation are fully involved in this effort, understand what the bill is about, and are going forward to help us to mobilize to get its passage?

Mr. **Hlibok**. I am sure, yes. One example, that happened last Thursday, was with 200 to 300 students at Gallaudet who took time off of their classes to go to Capitol Hill to pressure the legislature and the Congressmen to pass a bill, H.R. 4992, perhaps you have heard of that yourself?

Mr. **Owens**. Yes, I have.

Mr. **Hlibok**. I am sure that we are ready, when the time is right.

Mr. **Owens**. Thank you very much. I want to again thank all of you and tell you there are difficult days ahead. We will be closely working with you. The energy, the creativity, all that is needed to get passage of this bill, exists among you. That leadership is there and we appreciate it and will be expecting to work in partnership with you. Thank you.

Senator **Harkin**. Thank you very much, Congressman Owens. [Applause.]

I see some people want to say something. I am going to have to exercise a little bit of jurisdiction here. I would like to hear from some people just for a few minutes, but I will tell you that we have to cut this off shortly, and I will tell you why.

The buses to Gallaudet for the task force meeting will be departing from Second Street and Constitution at 1 p.m. That is now. Where is Second and Constitution? That is right outside. Traffic will be stopped until the boarding is complete, so I do have to wrap this up. I am sure the bus will be there for a little bit, for those of you, but you are very anxious to say something.

Please identify yourself for the record.

Ms. **Cooper**. I am Assemblywoman Delores Cooper, Second District Atlantic, representing the State of New Jersey and all of the New Jersey delegation. New Jersey, will you stand up, please?

Senator, on behalf of the New Jersey delegation and all of the professionals, providers, care givers, I have a little gift for you. New Jersey and you, perfect together, because we know that bill is going to pass. Am I right. [Applause.]

Senator **Harkin**. Thank you, very much. That is wonderful. And thank you for coming down.

Yes, right here.

Ms. **Shapiro**. I would like to say something. My name is Mary Shapiro. I saw "Mac and Me" and I think you should all see it because it will get more people to understand about people in wheelchairs and understand what they are going through.

Plus, I think the bill should go through because it will make the other people understand about us and all, because I went to a thing in Philadelphia, PA, I got a shirt that says "A real difference." That is a project in every state, about being a nation and about what we have and all that stuff. [Applause.]

Senator **Harkin**. Thank you very much.

Two more. This guy over here has been trying to get my attention for a long time.

Mr. **Rosenfeld**. I am Ed Rosenfeld with the Spinal Cord Injury Network, Metropolitan Washington. I would like to know who is pro and who is on the fence or just not doing anything, and we will get to work on them.

Senator **Harkin**. If you did not hear the question, he wanted to know—I did not catch your name.

Mr. **Rosenfeld**. Ed Rosenfeld.

Senator **Harkin**. Ed Rosenfeld from where?

Mr. **Rosenfeld**. The Spinal Cord Injury Network, Metropolitan Washington.

Senator **Harkin**. He wanted to know about who is not on board and who is on the fence and everything. We have a list here. I would hope that it would be made available to you someplace here, maybe going out the door or something, of all the cosponsors of the bill in the House and in the Senate.

We have 25 cosponsors in the Senate and 113 in the House. You can see we are missing 75 in the Senate and about 300 and some in the House. All I can tell you is that we will try to get these lists out to you. You should contact those who are not on the list to have them get on it as a cosponsor.

You may hear, well, it is not going anywhere this year. That is not the point. Get on it this year, you are on it, and we will get it back in the new Congress next year.

But we do have these lists and they are available to you if you just ask Bobby or someone here, we will get you the list of the cosponsors. Who is not on here is who you have to go after.

Senator **Harkin**. Yes, the woman in white.

Ms. **Stow**. I am Florence Stow from Bancroft School in Hanfield, NJ. I think that capabilities should be acknowledged just like we, treated like us, not carried down half ramps, treated just like normal people. They should have respect and should go and live where they want to, and do what we do.

They should have a great deal of respect. Thank you. [Applause.]

Senator **Harkin**. Thank you all very much for your eloquence, and for coming. Let me just say this.

This bill is not going anywhere this year. The Congress, the 100th Congress is about to adjourn. But we enter into the 101st Congress next year and the bill will be reintroduced right away.

We have a long road to go. I am not going to sit here or stand here and kid you that somehow this thing is going to get through right away. There are roadblocks and a lot of problems out there.

So what it is going to take is it is going to take persistence. A lot of persistence on my part, a lot of persistence on your part. You are the ones who can make this bill happen. You have to connect up with your friends, your families, the different agencies, organizations that you belong to, and you have got to make this your top priority.

It is going to be a tough battle. I am convinced we can do it. The history of the United States has been a constant evolution of opening more doors, of breaking down barriers, of extending basic human rights to more and more people. Sometimes we do not always live up to those words that we have in the Declaration of Independence and in our Bill of Rights. But we constantly try to live up to them. We said that all men, and I am sure they meant all women, too, if they were here today, were created equal.

And yet, for almost 100 years after, we had slavery. We did not even get the Civil Rights Act until 1964. Women did not have the right to vote until what, 1920, was it not?

But it has been a constant progress towards expanding our concept of basic human rights. But with each one of those hurdles we had to cross, it took a lot of effort, a lot of time. I am hopeful it will not take that time for this bill. We have laid the groundwork. We have made the initial steps. Now we just need to take that final step of breaking down the final barrier in our country of discrimination.

I guess I am reminded that when I think about how tough it is going to be, and how much work it is going to take, I am reminded of Rosa Parks who got off that bus in Alabama and said she was not going to ride in the back of the bus anymore. She led the bus boycott as some of you remember, at least those of you who are as old as I am. I do not know how long that bus boycott went on, but they all walked to work. They walked to their places of employment and they walked home, some of them 3, 4, 5 miles a day, rather than take the buses.

After it was all over with, they broke the back of the bus company and were entitled to sit anywhere they wanted to on the bus. When it was all over with, somecne asked Rosa Parks how she felt. She said well, "it has been a long tough battle, my feets are tired but my soul is at rest."

Let us work hard so that when we finally win this battle, we can all say together, and paraphrase Rosa Parks, our bodies are tired, but our soul is at rest.

Thank you. [Applause.]

BEFORE THE

JOINT HEARING

SENATE SUBCOMMITTEE ON THE HANDICAPPED

HOUSE OF REPRESENTATIVES SUBCOMMITTEE ON SELECT EDUCATION

TESTIMONY OF THE ORGANIZATION FOR USE OF THE TELEPHONE (OUT) ON SENATE BILL 2345 AND HOUSE BILL 4498

On behalf of The Organization for Use of the Telephone (OUT), I express our appreciation for the opportunity to testify on this landmark legislation. My name is David Saks. I serve as Director of OUT.

OUT is an all-volunteer non-profit national advocacy organization working on behalf of people with impaired hearing. We have focused our efforts primarily on improving telephone reception with hearing aids. Since our members have various degrees of hearing loss, we have a direct interest in the above referenced Joint Hearing. We will confine our testimony to the provisions of S. 2345 and H.R. 4498 which deal with hearing and communication.

People whose hearing impairments are to varying degrees compensated for by the use of hearing aids are the victims of discrimination in many aspects of their lives. Of the issues being addressed by this legislation, discrimination in places of public accommodation and employment are particularly critical to them. Hospital patients who find themselves in rooms with unusable telephones because the phones are not hearing aid-compatible (HAC)--or, depending on severity of hearing loss, not equipped with amplifiers or telecommunications devices for the deaf (TDD). Hotel and motel guests who, although paying for rooms with telephone service, find the same discriminatory lack of usable means of communication. Picture the hapless restaurant patron or airport customer who, upon being paged, is confronted with an unusable telephone while non-impaired passengers all around him enjoy convenient telephone communication.

Since we are especially concerned with the removal of these barriers to telephone communication, we urge the subcommittees to make more specific the provisions which bear on the use of voice telephones. Neither the Telecommunications for the Disabled Act of 1982 (Disabled Act) nor the Hearing Aid Compatibility Act of 1988 (HAC Act) remove pre-existing communication barriers, except for emergency phones and coin-operated payphones. There are an estimated 50,000,000 voice telephones in use in the United States which are not HAC, thus unusable with telecoil-equipped hearing aids. These are not touched by the two laws cited above. (See attachment A)

Many of these non-HAC phones are necessarily in places of public accommodation. We hope and believe that it is the committees' intent to remove as many of these discriminatory barriers as are within their reach. To enhance chances of this coming about, we make the following recommendations:

1. At Section 8(h)(3)(A) TYPES OF REQUIREMENTS--add "hearing aid-compatible telephones." This will assure that places of public accomodation, transportation terminals and facilities, employers and others will provide usable voice telephones to patrons, travelers and employees, thereby rectifying present serious discrimination.

2. At Section 8(h)(3)(C)--Please make stronger the language requiring assistive listening systems, particularly induction loop amplification (ILA). People who need and use telecoil-equipped hearing aids in order to hear in hearing rooms and other facilities where public business is conducted and decided upon, conference rooms, auditoria, theaters, houses of worship, etc. are denied access to these places by the absence of assistive listening systems. ILA is the least expensive of the more desirable systems and the only system which can be used without an external receiver. The listener merely flips the hearing aid switch from M (microphone) to T (telephone) and receives a clear, sharp signal. External ILA receivers are available for people who do not have telecoil-equipped aids. (See attachment B)

3. At Section 8(h)(3)(E)--delete "handsets" at end of paragraph. Amplifiers no longer are confined to handsets: one piece phones have built-in amplifiers, public payphones have case-mounted amplifiers; many phones still use amplifier handsets. The use of "telephone handsets" will limit the applicability of the provision. (See attachment C)

4. We urge you to consider some such word as "effective" or "required" or "necessary" in place of "reasonable" when used in the phrase "reasonable accommodation." "Reasonable" gives to anti-consumer regulatory agencies broad leeway for interpretation. In some cases, you will find your actual intent thwarted by convoluted interpretation which barely stays within the letter of the law. The legislation needs a more specific and stronger word than "reasonable."

In summary, we urge you to make more specific, at least as specific as other requirements, the provisions designed to eliminate communication barriers which daily face people who use voice telephones with hearing aids.

Respectfully submitted.

Organization for Use of
the Telephone, Inc.

OVERSIGHT HEARING ON H.R. 4498, AMERICANS WITH DISABILITIES ACT OF 1988

MONDAY, OCTOBER 24, 1988

House of Representatives,
Subcommittee on Select Education,
Committee on Education and Labor,
Boston, MA.

The subcommittee met, pursuant to notice, at 10:13 a.m., in the Lafayette Hotel, 1 Avenue D'Lafayette, Boston, MA, Hon. Major R. Owens, presiding.

Members present. Representatives Owens, Moakley and Atkins.

Staff present. Maria Cuprill and Jillian Evans.

Mr. Owens. The Subcommittee on Select Education of the Education and Labor Committee will please come to order. I want to first begin by thanking my colleague, Congressman Chet Atkins, who has accepted temporary appointment to this subcommittee and our official hearing becomes 100 percent official as a result of that. Thank you very much for joining us this morning. Congressman Atkins, who is quite familiar to most of you, will give an opening statement later on.

Let me first welcome all of you here today as participants in a great celebration. We are here to celebrate the fact that a thorough and far-reaching piece of legislation has been introduced in the House of Representatives and the Senate. We are here to celebrate the fact that there is widespread agreement and consensus on this bill. We have strong bi-partisan support in both houses. And we also wish to highlight the fact that both of the candidates running for President have endorsed this legislation.

Our task today, and in the months ahead, is to guarantee that none of this monumental support is eroded. We must make certain that all parties understand the broad and massive support behind this bill. We know that there are strong forces of opposition waiting to ambush many of the provisions contained in this act. They will, of course, never acknowledge their deep-seated prejudices. We will hear, instead, endless complaints about the high costs of guaranteeing the rights of Americans with disabilities. We are here to clearly place upon the record some of the pain and misery caused by the failure to acknowledge these rights. We are here to document for the Nation some of the great losses the Nation suffers as a result of the failure to establish an environment which maximizes the opportunities for Americans with disabilities.

Our hearing today is an important step toward assuring that the final legislation will be as great as the present bill. If there is a clear understanding of the great empowerment movement behind this effort, Congress will act to produce a bill which is not shackled by weakening amendments, damaging compromises or gross distortions. We need your testimony in order to preserve the Americans With Disabilities Act as it is written. We all have good reason to believe that a bill will pass. But when the process is completed, we want to celebrate a final product as great as the proposal we have initiated.

The concern of today's hearing is discrimination on the basis of disability in America. The House Subcommittee on Select Education is the subcommittee responsible for independence—enhancing service delivery programs for people with disabilities, such as rehabilitation services, the Independent Living Center Program, and special education.

Today, I am here also as a proud sponsor of the Americans With Disabilities Act, H.R. 4498. I would like to take this time to congratulate and to thank the sponsors, Congressman Coelho, Senator Harkin, Senator Weicker, Senator Kennedy, and many others who also are cosponsors of this important piece of legislation.

It has been a very special year for people with disabilities. Congress recently passed legislation which extends protection under Federal housing law to people with disabilities. The Civil Rights Restoration Act, also passed by the Congress earlier this year, restored protections that had existed for people with disabilities under current federal law prior to the Grove City College versus Bell Supreme Court Decision in 1984.

But perhaps the events which have left the most lasting impression on myself and many others were those that took place at Gallaudet University in Washington, DC this spring. The paternalism and condescending attitudes which deaf people and people with all different kinds of disabilities have had to endure since time immemorial were never more apparent as when the then board chairman of the university told the students and the community that they must continue to wait for the selection of a deaf president to guide their great school. The students and faculty there empowered themselves with well organized and forceful advocacy and we now have as president of Gallaudet University the very distinguished Dr. I. King Jordan, who, like his constituents, is deaf. I believe that one day in the not so distant future we may well look back and come to see the events at Gallaudet University as the equivalent of the 1965 Civil Rights March in Selma, AL in the fight by minorities for their civil rights.

From this year onward, the history of empowerment for people with disabilities will be divided into two eras: before the Gallaudet rebellion and after the Gallaudet rebellion.

The crown jewel for the disability rights movement in the legislative arena, however, will be the enactment by the Federal Government of the Americans With Disabilities Act. This bill, which was introduced in April of this year, has attracted massive and bipartisan support, with 117 cosponsors in the House and 26 in the Senate. Not until all Americans with disabilities enjoy the full measure of civil rights protections will they truly be full citizens of the United States of America.

Not until the U.S. Government, through the passage of such legislation, makes it the law of the land that discrimination on the basis of disability will be illegal—and enforces those laws—will our society have lived up to its moral responsibilities to American citizens with disabilities.

As part of our effort to help accomplish these goals, I have created the Task Force on the Rights and Empowerment of Americans With Disabilities. It is chaired by the former Commissioner of the Rehabilitation Services Administration, Justin Dart, an extraordinarily dedicated and forceful advocate for the civil rights and empowerment of our Nation's Americans with disabilities. Among the 32 extremely distinguished members appointed to the task force are advocates representing a broad range of disabilities. I am delighted to recognize several members of the task force who are here with us today. They are already here. There will be others who will join us from time to time. We have the chairperson, Justin Dart, who will testify in a few minutes. We have a cochairperson, Elizabeth Boggs, who is the cofounder of Association for Retired Citizens of the United States. Ms. Boggs.

We have already here, Joseph Rodgers, the president of the National Mental Health Consumers Association. Mr. Rodgers.

We have Melvin Price Spivack, the executive director of National Head Injuries Foundation. He is not here, yet.

We have Commissioner Elmer Bartels. He is the representative of the Council of State Administration and Vocational Rehabilitation. Commissioner Bartels.

Marca Bristo, who is the president of Access Living and president of the National Council of Independent Living. Marca Bristo.

Dale Brown, who is a member of the President's Committee on Employment of People With Disabilities. Dale Brown.

As I said before, others will join us later. I also want to thank the National Council for Independent Living and the New England Coalition for Independent Living Centers for their great cooperation and coordination in sharing the responsibilities with respect to the witnesses for today's hearings. We certainly appreciate the effort that they have put forth.

The mission of the task force is to gather evidence of discrimination on the basis of disability in America and present its findings as promptly as possible. Justin Dart, as our first witness will soon speak to us about the reports which the task force will be preparing.

I believe that there is a considerable degree of ignorance about the nature of disability in America and the obstacles facing people with disabilities in entering the mainstream of society. Under current Federal law, for example, no protections against discrimination exist for disabled people who seek employment in the private sector, unless that employer is a recipient of Federal funds. The Americans With Disabilities Act would fill several critical voids like this one in protecting people with disabilities from discrimination.

Over 6,500 letters from 49 States have been received by the task force to date, sharing with us the pain and frustration they experience in trying to live a life of dignity. Today we hear from people in New England who, in a long tradition predating the birth of our Nation, have advocated for human independence and freedom. The involvement of so many people in the New England area in planning and executing this hearing is in splendid evidence here today, and the interest and excitement and the creative energy that has been generated in connection with this hearing and the Americans With Disabilities Act have been enormous.

I assure you that we are delighted to be here and that we are ready to listen. Your responsiveness and the significance and value you have attached to these hearings reflect the great faith that you have in the reasonableness, compassion, and readiness of your Government to act. We pledge ourselves to do everything possible to achieve a legislative result which is worthy of your trust and your faith.

[The prepared statement of Hon. Major R. Owens follows:]

Opening Statement of Congressman Major Owens, Chairman, House Subcommittee on Select Education

Let me first welcome all of you here today as participants in a great celebration. We are here to celebrate the fact that a thorough and far-reaching piece of legislation has been introduced in the House of Representatives and the Senate. We are here to celebrate the fact that there is widespread agreement and consensus on this bill. We have strong bi-partisan support in both Houses. And we also wish to highlight the fact that both of the candidates running for President have endorsed this legislation.

Our task today and in the months ahead is to guarantee that none of this monumental support is eroded. We must make certain that all parties understand the broad and massive support behind this bill. We know that there are strong forces of opposition waiting to ambush many of the provisions contained in this Act. They will, of course, never acknowledge their deep-seated prejudices. We will hear, instead, endless complaints about the high costs of guaranteeing the rights of Americans with disabilities. We are here to clearly place upon the record some of the pain and misery caused by the failure to acknowledge these rights. We are here to document for the Nation some of the great losses the Nation suffers as a result of the failure to establish an environment which maximizes the opportunities for Americans With Disabilities.

Our hearing today is an important step toward assuring that the final legislation will be as great as the present bill. If there is a clear understanding of the great empowerment movement behind this effort, Congress will act to produce a bill which is not shackled by weakening amendments, damaging compromises or gross distortions. We need your testimony in order to preserve the Americans With Disabilities Act as it is written. We all have good reason to believe that a bill will pass. But when the process is completed we want to celebrate a final product as great as the proposal we have initiated.

The concern of today's hearing is discrimination on the basis of disability in America. The House Subcommittee on Select Education is the subcommittee responsible for independence-enhancing service delivery programs for people with disabilities, such as rehabilitation services, the independent living center program, and special education.

Today, I am here also as a proud sponsor of the Americans With Disabilities Act, H.R. 4498, a civil rights bill for people with disabilities which would outlaw discrimination on the basis of disability in areas such as employment, travel, public accommodations, communications, and activities of State and local government.

It has been a very special year for people with disabilities. Congress recently passed legislation which extends protection under Federal housing law to disabled people. The Civil Rights Restoration Act, also passed by the Congress earlier this year, restored protections that had existed for people with disabilities under current Federal law prior to the *Grove City College* v. *Bell* Supreme Court decision in 1984.

But perhaps the events which have left the most lasting impression on myself and many others were those that took place at Gallaudet University in Washington, D.C. this spring. The paternalism and condescending attitudes which deaf people and people with all different kinds of disabilities have had to endure since time immemorial were never more apparent as when the then board chairman of the university told the students and the community that they must continue to wait for the selection of a deaf president to guide their great school. The students and faculty there empowered themselves with well organized and forceful advocacy and we now have as president of Gallaudet University the very distinguished Dr. I. King Jordan, who, like this constituents, is deaf. I believe that one day in the not so distant future we may well look back and come to see the events at Gallaudet University as the equivalent of the 1965 civil rights march in Selma, Alabama in the fight by minorities for their civil rights.

From this year onward, the history of empowerment for people with disabilities will be divided into two eras—before the Gallaudet rebellion and after the Gallaudet rebellion.

The crown jewel for the disability rights movement in the legislative arena will be the enactment by the Federal Government of the Americans with Disabilities Act. This bill, which was introduced in April of this year, has attracted massive and bipartisan support, with 117 cosponsors in the House and 26 in the Senate. Not until all Americans with disabilities enjoy the full measure of civil rights protections will they truly be full citizens of the United States of America.

And not until the United States Government, through the passage of such legislation, makes it the law of the land that discrimination on the basis of disability will be illegal—and enforces those laws—will our society have lived up to its moral responsibilities to America's citizens with disabilities.

As part of our effort to help accomplish these goals I have created a task force on the rights and empowerment of Americans with disabilities. It is chaired by the former Commissioner of the Rehabilitation Services Administration, Justin Dart, an extraordinarily dedicated and forceful advocate for the civil rights and empowerment of our Nation's disabled citizens. Among the 32 extremely distinguished members appointed to the task force are advocates representing a broad range of disabilities. I am delighted to recognize several members of the task force who are here at the hearing today.

The mission of the task force is to gather evidence of discrimination on the basis of disability in America and present its findings as promptly as possible. Justin Dart, as our first witness, will soon speak to us about the reports which the task force will be preparing. I believe that there is a considerable degree of ignorance about the nature of disability in America and the obstacles facing people with disabilities in entering the mainstream of society. Under current Federal law, for example, no protections against discrimination exist for disabled people who seek employment in the private sector, unless that employer is a recipient of Federal funds. The Americans with Disabilities Act would fill several critical voids like this one in protecting people with disabilities from discrimination.

Over 6,500 letters from 49 States have been received by the task force to date, sharing with us the pain and frustration they experience in trying to live a life of dignity. Today we hear from people in New England who, in a long tradition predating the birth of our Nation, have advocated for human independence and freedom. The involvement of so many people in the New England area in planning and executing this hearing are in splendid evidence here today, and the interest and excitement and the creative energy that has been generated in connection with this hearing and the Americans with Disabilities Act have been enormous.

I assure you that we are delighted to be here and that we are ready to listen. Your responsiveness, the significance and the value you have attached to these hearings reflect the great faith that you have in the reasonableness, compassion and the readiness to act of your Government. We pledge ourselves to do everything possible to achieve a legislative result worthy of your trust and faith.

Mr. OWENS. I yield to Congressman Atkins for an opening statement.

Mr. ATKINS. Thank you very much, Chairman Owens. And good morning. It is good to see so many old friends who have been so active in this State in making Massachusetts a leader on disability issues and it is so good to see so many new faces who have joined the cause of activism and advocacy.

Let me, if I can, thank all of you for making this field hearing on the Americans with Disabilities Act possible. I want to offer my very special thanks to Chairman Major Owens who has done just tremendous work in support of the disabled community as chairman of the Subcommittee on Select Education. It is really a tribute to the chairman's effort that this issue has come to the forefront of congressional consciousness. The chairman's efforts on this important piece of legislation, together with Congressman Tony Coelho, have been nothing short of spectacular.

I am particularly glad that we have scheduled this hearing in Boston because in many ways the Commonwealth of Massachusetts has been the leader in the Nation in programs for the disabled. And we have been the leader not because of public and elected officials, although they have played a very, very important role, but we have been the leader because of the disabled community in Massachusetts. Your activism and advocacy made me, when I was chairman of the Senate Ways and Means Committee, listen and respond to your needs. In so many instances, the State legislature was simply unaware of the problems people faced in the work place, in negotiating tasks of daily living, discrimination, and in public facilities and accommodations. You truly were the eyes and the ears for the legislature and the Government on this issue and we thank you for that.

And we also thank the State government and administration under the leadership of Governor Dukakis, who has done so much to respond to your needs on a continuing basis. While programs have been squeezed on the national level, Massachusetts has moved forward in accessibility, opportunity, equal rights and independence for people with disabilities.

As an example, the Governor's Universal Health Care Program has guaranteed health insurance to 84,000 persons with disabilities who did not previously have coverage. Health coverage for the disabled must be a priority on the national level even at a time of retrenchment and cutbacks in so many areas of Federal activities.

Discrimination is the daily experience for 36 million Americans. And it affects every aspect of all of our lives. Today, we live in a society that is structured in a way that unfairly denies opportunities to people with disabilities. It is time to move forward, to make real progress in areas ranging from housing, employment, recreation, transportation, to basic rights like voting and living independently.

One statistic that is particularly troubling and indicative of how far we need to come on the issue of equal opportunity is that two-thirds of all of the working-aged disabled adults are unemployed. That is an unemployment statistic that is unsurpassed for any group in our economy.

I might add that one of the experiences that we had in Massachusetts working with Commissioner Bartels was the fact that when you break down the barriers of discrimination against the disabled, when you empower them, let them empower themselves with the tools of technology and with access, that for the very small investment that the Government makes, there is an enormous return in people who go back into the work force—people who are able to make substantial contributions that are reflected in higher revenues for the State government. And it was our experience during the 6 years that I chaired the Ways and Means Committee and funded programs for people with disabilities that each and every program expansion was paid for more than two times over and many times four and five times over with increased revenues from the productive activities of people.

The Americans with Disabilities Act is an important step for the Federal Government in recognizing and leveling the barriers to opportunity for the disabled. The act prohibits discrimination on the basis of handicap in areas such as employment, housing, travel, communications and activities of State and local governments. Besides being a civil rights issue, the Americans with Disabilities Act represents a long overdue response to citizens who want to work, to live independently and to have the opportunity to reach their highest potential.

By removing discriminatory barriers, the Congress, the next President, and all of society can fulfill a promise, a promise of genuine opportunity and justice at home, in the work place, at school, at ball parks and movie theaters, in the voting booth and in every facet of daily life.

We are here today to gather information from you on how best to legislate. I am glad to see that we have a full agenda and list of witnesses. But I want to suggest that in addition to our work, in taking testimony and making it a matter of public record for our 433 other colleagues in the House, that we start today with this hearing—an important process. Because, truly, passage of this bill is dependent not so much on the activities of the Congress, but on your activism and advocacy. And with a community nationally, as active as the Massachusetts disabled community has been, I am certain that we can spread the message. That we can spread the message to our colleagues in the Congress. We need your voices. We need your insights. We need all of your energy to understand this issue and to have the Congress put this issue at the very top of the agenda when the 101st Congress convenes next January. I think it is activities like the tremendous rally that you have organized today that will make the difference, that will give Congress the ability to understand the pain that all of you face in every moment of your daily lives and the ways in which government can alleviate that pain for the benefit of all of us.

I want to thank you for your participation and thank particularly Chairman Owens for his leadership.

Mr. **Owens**. I want to again thank my colleague, Chet Atkins, for joining us today.

We have a very ambitious schedule. I am going to need the cooperation of all of you to please keep down the noise as much as possible outside. We would like to move the agenda as rapidly as possible and guarantee that everybody who is scheduled to testify will get a chance to testify today.

Our first panel consists of Justin Dart, Commissioner Justin Dart and Philip Johnston. Please note that we have been joined by a Congressman who is probably well known to most of you, Congressman Joe Moakley. We just started So, if you don't mind, gentlemen, perhaps you would like to make an opening statement or remarks, Congressman?

Mr. **Moakley**. Well, actually, Major—he is not only a congressman, he's a major. I want to thank you and your committee very much for coming to Boston to have this very, very important meeting.

As you well know, we just finished a very grueling last leg of a legislative session, and I could not think of any congressional committee wanting to do anything for the next three weeks, but sleep. So, you and your committee are really to be commended.

I am very happy to have the meeting here. A couple of years ago, I filed a bill that had a similar goal and despite all the good press and the good witnesses, it just never went anywhere. I hope that this committee, because of the outstanding task force that you have got assembled and the outstanding group that you have working so close with you will really do the job that my committee, my bill tried to do a couple of years ago. So, I would like to just sit in with you a little while this morning, before I depart, and just hear some of the testimony and to be with my outstanding colleague from Massachusetts, Chet Atkins. Thank you.

Mr. OWENS. Thank you, again, for joining us, Congressman Moakley.

Our first witness, I have already introduced him partially. And he will need no introduction, but I can assure you he will have a bit to tell about what he has been doing in his testimony: Justin Dart, the former Commissioner of the Rehabilitation Services Administration and also the chairman of our Task Force on the Rights and Empowerment of Americans With Disabilities. Justin.

STATEMENT OF JUSTIN W. DART, JR., CHAIRPERSON, TASK FORCE ON THE RIGHTS AND EMPOWERMENT OF AMERICANS WITH DISABILITIES

Mr. DART. Mr. Chairman, it is a privilege to appear before your subcommittee. And I am very happy and exceedingly proud to be here today with so many true 20th century patriots of independence like Charley Sabatier and Barbara Burnhardt, Maggy Schrieve, Duane French, John Schunarowski, and John Wensky. And, Mr. Chairman, you have already introduced my distinguished colleague members on the Task Force on the Rights and the Empowerment of Americans With Disabilities. I would like to second your recognition of these great individuals who have spent their own time and money and talents for the cause of Americans with disabilities as members of the task force.

I would like to particular recognize the hard work of our great staff: Marnie Sweet and Marcia Lee Nelson who are here today and have worked long hours and long months for the task force.

I would like to pay tribute to those volunteers who have also given their time and talents and resources to organize and finance this great people's forum today, and the chairman of this forum, organizing committee, Eric Griffin, and collaborators, Elmer Bartels, John Chappel, Bob Williams, Paul Spooner, Charlie Karr, Larry Robinson, Amy Brill, Nancy Waldren, Nancy Durken, Allen Wayne, Marie Lamont, and many others.

I would also like to recognize and to thank the distinguished representatives of the State of Massachusetts who are with us or will be with us here today. And my distinguished colleague, panel member, the Secretary of Human Services, Philip Johnston, and Charlie Crawford, the Commissioner of the Massachusetts Commission for the Blind, Barbara Jean Wood, the Commissioner for the Commission on the Deaf and Hard of Hearing, and Mary McCarthy from the Department of Mental Retardation. And representing the Department of Mental Health, Kevin Preston.

I think it is particularly appropriate that this hearing is being held in Massachusetts, a State with some of the most progressive rehabilitation and independent living services in the Nation and where the Governor and both the Senators and many of the Congresspersons have endorsed and been original sponsors of the Americans with Disabilities Act. I do not have to tell anybody in this room today about the consistent support that Senator Kennedy has given over the years to our cause.

And we are particularly honored today by the participation in this hearing of Congressman Chester Atkins and Congressman Joe Moakley. And, Congressman, we who are disabled appreciate your support of the Americans With Disabilities Act and of our rights over the years.

I would like to recognize the presence of Dr. Pat Morrisee, one of the great advocates for the rights of people with disabilities in this nation, who is representing Congressman Jeffords, who is one of the original sponsors of the Americans with Disabilities Act and a great advocate for our rights.

And most of all, I would like to commend you, Mr. Chairman, and Maria Cuprill and Bob Tate and Pat Laird of your staff who have worked tirelessly to advise and support the task force. Americans with disabilities have several good friends in the Congress like Representatives Coelho and Jeffords and Atkins and Moakley and Senators Weicker, Harkin, Kennedy, and Dole.

You, Mr. Chairman, have made a unique and historic contribution because you have emphasized that equality cannot be handed down through paternalistic systems. And that people with disabilities will never achieve full first class citizenship until they are empowered to participate fully in the Government and other decisions which control their lives. And you have supported empowerment not only in words, but in action, in the administration of Federal rehabilitation services at Gallaudet University and the introduction of the Americans with Disabilities Act. And you have created the task force on the rights and the empowerment of Americans with disabilities, including constituencies not often represented, such as Native Americans with disabilities, black Americans with disabilities, citizens with mental retardation, citizens with mental illness, citizens with AIDS and I have come to know you as a courageous champion of empowerment and equality and you have laid your career on the line for our rights. And we appreciate it.

Mr. Chairman, I would like to submit for the record an executive summary of the Task Force Findings and Recommendations as of today and I will not repeat all of that. I have prepared that for you and presented it to your staff. I would like to make a brief summary of that report and also, with your permission, to make some personal comments.

Mr. OWENS. Without objection your report will be included in the record.

Mr. DART. Thank you. With the cooperation of congressional staff, task force members, staff and volunteers, and virtually the entire disability community, I have presided to date at over 59 public forums in 50 States, the District of Columbia, and Guam; attended by more than 6,700 persons with disabilities, their families, advocates, and service providers. I have also made task force issue presentations to numerous other meetings attended by more than 10,000 members of the disability community. The task force has collected and is in the process of analyzing several thousand documents submitted by citizens and organizations outlining discrimination and other barriers which limit the activities of people with disabilities and also proposals to eliminate those barriers.

The task force has no public funding or private grants. Special recognition is due task force members, staff, and volunteers and the literally thousands of patriotic citizens and organizations in every State and territory who have contributed services, money, and time to make the democratic system work. The task force has found overwhelming evidence that in spite of great progress in the area of disability during the past few decades, millions of Americans with disabilities are still subjected to massive discrimination in all significant aspects of life, including education, employment, communication, transportation, public access, insurance, recreation, and access to vital health, legal, and other services.

Our very promising pioneer services for people with disabilities are severely restricted by lack of funds, fragmentation, bureaucratic and regulatory limitations, obsolete public attitudes, and inadequate community access and support systems. Existing disability rights laws are poorly implemented and enforced. Millions of Americans with disabilities suffer unconscionable infringement of their human rights, segregation, unemployment, poverty, and physical and psychological deprivation. The task force believes that the more than 36 million Americans with disabilities will never achieve their full potential for equal participation in the productive mainstream of society until they are fully protected by comprehensive civil rights legislation. And they are empowered to participate fully in the Government and other decisions which control their lives.

America cannot afford either the moral or economic costs of maintaining ever increasing millions of its potentially productive citizens in unjust and unwanted dependency. Investments in the rights and productive independence of all people with disabilities have proven to be immensely profitable to every citizen and to the Nation as a whole.

The task force recommends that Congress enact an effective enforceable form of the Americans With Disabilities Act. The task force recommends that the Congress continue to move toward a full spectrum of effective services, protection and support systems designed to empower all Americans with disabilities to fulfill their potential to be productive citizens of the first class. Mr. Chairman, a personal note: I am shaken to the depths of my being by the holocaust horror of the discrimination, segregation, and deprivation of which I have become aware. I have had to reflect deeply on my personal responsibilities in this matter and the responsibilities of the disability community and the Nation. More than 200 years of hard sacrifices by our forefathers and, especially by the people in this room here today, have brought us to the threshold of a great victory for human justice.

We here today have a profound responsibility to complete that victory. And we are responsible to tens of millions of people with disabilities in America and throughout the world, in this and in future generations. And we are responsible to millions of potentially proud productive human beings who exist today in the 20th century as virtual outcasts from the mainstream of society: jobless, homeless, penniless, hopeless. And we are responsible to hundreds of thousands of our fellow citizens who die, literally die, years and decades before their time.

Available to us are the resources of the richest, most technologically advanced culture in the history of mankind and we have no excuse to fail our oppressed colleagues, and we have no excuse to fail our children's children.

Mr. Chairman, we solicit your continuing support and that of the Congress and the executive branch, but we also know that the final responsibility lies with us, with the members of the disability community. We must empower ourselves to exercise full and equal participation in the decisions of government and society. We must empower ourselves in the democratic process, in all parties and with all major candidates. And we must demand that our parties and our candidates support ADA empowerment and full and effective services.

Above all, we of the disability community must unite. We have no excuse to sacrifice our historic responsibilities to self-indulgent, self-destructive squabbling among ourselves. All people with disabilities, families, advocates, and service providers are natural allies. We all have the same ultimate goals. We have no irredeemable enemies. We have only enemy attitudes. Let us not seek scapegoats. Let us seek solutions.

Like our founding fathers, like Ghandi, Martin Luther King, we must utilize the power of love and the power of reason and the power of truth to overcome our differences and our apathies and to unite in common dedication to the cause of democracy and human justice. And we must unite and reach out to thousands and millions of our colleagues to join us in creating a tidal wave of positive advocacy that will establish the rights and the empowerment of people with disabilities in the consciousness and in the law and in the everyday life of this Nation. We must unite 36 million Americans with disabilities and all who love justice to declare with one voice that 200 years is long enough for Americans with disabilities to wait for the promises of the Declaration of Independence and of the Constitution to be kept. And that we will wait no longer. ADA, now. Empowerment, now. Services to be fully human, now. I thank you.

[The prepared statement of Justin W. Dart follows:]

Task Force on the Rights and Empowerment of Americans With Disabilities

Executive summary of reports, findings and recommendations as of October 24, 1988.

More than 6,700 persons with disabilities, families, advocates and service providers attending 59 task force forums in 50 states have presented overwhelming evidence that:

In spite of great progress in the area of disability during the past few decades, millions of Americans with disabilities are still subjected to massive discrimination in all significant aspects of life, including education, employment, communication, transportation, public access, insurance, recreation and access to vital health, legal and other services.

Our very promising pioneer services for people with disabilities are severely restricted by lack of funds, fragmentation, bureaucratic and regulatory limitations, obsolete public attitudes and inadequate community access and support systems.

Existing rights laws are poorly implemented and enforced.

Millions of Americans with disabilities suffer unconscionable infringement of their human rights, segregation, unemployment, poverty, and physical and psychological deprivation.

The Task Force believes that:

The more than 36 million Americans with disabilities will never achieve their full potential for equal participation in the productive mainstream of society until they are fully protected by comprehensive civil rights legislation and empowered to participate fully in the Government and other decisions which control their lives.

America cannot afford either the moral or economic cost of maintaining ever increasing millions of its potentially productive citizens in unjust, unwanted dependency. Investments in the rights and productive independence of all people with disabilities have proven to be immediately profitable to every citizen and to the Nation as a whole.

The Task Force recommends that Congress:

Enact an effective, enforceable form of the Americans with disabilities act.

Continue to move toward a full spectrum of effective services, protections and support systems designed to empower all Americans with disabilities to fulfill their personal potential to be productive citizens of the first class.

Mission.—The Task Force on the Rights and Empowerment of Americans With Disabilities was established on May 2, 1968 by Congressman Major R. Owens, Chairman of the House Subcommittee on Select Education. Composed of 31 distinguished representatives of major segments of the disability community, the Task Force is mandated to collect information and to make recommendations which will assist Congress as it considers the historic Americans With Disabilities Act, and other legislation designed to implement the rights of America's more than 36 million citizens with disabilities.

The Task Force believes that Americans with disabilities will never be able to achieve their full potential for equal participation in the productive mainstream of society until certain basic truths are understood and acted upon by the nation:

1. Disability is a universally common characteristic of human life; people with disabilities have the same inalienable rights and the same inalienable responsibilities as other people. 2. Equality cannot be handed down by paternalistic systems; people with disabilities must be empowered to participate fully in the government and other decisions which control their lives. 3. America cannot afford either the economic or the moral cost of maintaining ever increasing millions of its potentially productive citizens in unjust, unwanted degrading dependency; experience has demonstrated conclusively that investments in the equality and productive independence of people with disabilities will be immediately profitable to all citizens and to the nation in terms of both money and quality of life.

Activities to date.—The Task Force has held four meetings. With the cooperation of Congressional staff, Task Force members, staff and volunteers and virtually the entire disability community, the Chairperson has presided over 59 public formus in 50 States, the District of Columbia and Guam, attended by more than 6,700 persons with disabilities, their families, advocates and service providers. He has also made Task Force issue presentations to numerous other meetings attended by more than 10,000 members of the disability community. The Task Force has collected and is in the process of analyzing several thousand documents submitted by citizens and organizations outlining discrimination and other barriers which limit the activities of people with disabilities, and proposals to eliminate those barriers.

Findings to date.—While there is general recognition that there has been great progress in the area of disability during the past few decades, there is also overwhelming evidence that people with disabilities still suffer massive discrimination, segregation and deprivation which results in unconscionable injustice to millions of individuals, and unconscionable moral and economic costs to the nation. 1. Devastating discrimination and other barriers still exist in all significant areas of life, including education, employment, communication, transportation, public access, recreation, insurance and access to vital services. 2. Pioneer independence and productivity oriented service providers have struggled valiantly to achieve excellent initial results in certain areas, but are unable to meet all the needs of our rapidly increasing disability population due to obsolete public attitudes, regulatory and bureaucratic limitations and lack of adequate funding, authority, structure and community access and support systems. 3. The rights of citizens with disabilities are inadequately protected in numerous areas, and too many protections which are provided by law remain largely unenforced. There is a clear mandate for vigorous action to implement and enforce existing and future laws and regulations. 4. Testimony in the forums seemed to reflect virtually unanimous support by the active disability community for the Americans With Disabilities Act and for a continuum of effective services and support systems designed to empower all people with disabilities as fully equal and productive participants in the mainstream of society.

Preliminary recommendations.—The Task Force recommends Congress: 1. Move decisively to enact an effective form of the Americans With Disabilities Act. 2. Provide aggressive national leadership in the affirmative employment and other meaningful involvement of people with disabilities in roles of significant responsibility. 3. Continue to move toward a full spectrum of effective services and support systems for all people with disabilities. 4. Give particular attention to ensuring the effective implementation and enforcement of rights and services legislation, to providing affordable, quality educational opportunities for all children, youth and adults with disabilities and to enabling all people with disabilities to secure adequate, affordable medical and other insurance coverage.

The task force wishes to acknowledge the magnificant support it has received from numerous members and staff of Congress, particularly Task Force founder Congressman Major Owens and the members and staff of the House Subcommittee on Select Education, Senators Tom Harkin and Lowell Weicker and the members and staff of the Senate Subcommittee on the Handicapped, and all the sponsors of the Civil Rights Restoration Act, The Fair Housing Act Amendments of 1988, the Technology-related Assistance for Individuals With Disabilities Act and the American With Disabilities Act, including Congressman Tony Coelho, Silvio Conte, and James Jeffords, and Senators Edward Kennedy, Robert Dole and Paul Simon. The Task Force has no public funding or private grants. Special recognition is due Task Force members, staff and volunteers, and the literally thousands of patriotic citizens and organizations in every state and territory who have contributed services, money and time to make the democratic system work.

Mr. OWENS. We are pleased to have Mr. Philip Johnston, the Secretary of the Executive Office of Human Services. Welcome, Mr. Secretary.

STATEMENT OF PHILIP JOHNSTON, SECRETARY, EXECUTIVE OFFICE OF HUMAN SERVICES

Secretary JOHNSTON. Thank you, Mr. Chairman. It is a pleasure to be here. And it is a particular pleasure to follow my colleague on the panel, Mr. Dart, who has described for you and for all of us in the most powerful and eloquent language that I think I have heard on this topic what the stakes are regarding this legislation. I want to express my appreciation to you, Mr. Chairman, for your leadership and to Congressman Atkins and Congressman Moakley. All three of you have been leaders in this area at the Federal level. Our two Massachusetts Congressmen, Jim Moakley and Chet Atkins have been leaders here in the State. Congressman Atkins is somebody with whom I worked and our commissioners worked very closely when he was chairman of the Senate Committee on Ways and Means in the State legislature, and I do not think that there is anyone in the State who has done as much to support independent living by disabled people as Congressman Atkins.

We have a number of Human Services commissioners who work for us, for Governor Dukakis here who are going to be testifying before the committee over the next hour or so. I would like to do two things. First, I have a statement which I understand you would like to have read, by Governor Dukakis, who feels very, very strongly about this legislation and that is a brief statement. And then I have a brief statement that I would like to read on my behalf as Secretary of Human Services.

First, I would like to read Governor Dukakis' statement regarding this legislation: "The Americans With Disabilities Act of 1988 is a major step forward in protecting the civil rights of people with disabilities. Building on the principles of section 504 of the Rehabilitation Act and the newly enacted Fair Housing Amendments, the act would provide comprehensive protection of the basic civil rights of people with disabilities.

"Protecting these fundamental civil rights has been the cornerstone of my policies as Governor and will be a major focus of my administration when I am elected President. It is unacceptable that in the United States, two out of three disabled adults are out of work. As President, I will work to provide incentives for people with disabilities to find meaningful jobs, jobs with a future that offer an opportunity to remain independent and self-sufficient. And we must make transportation more accessible, because without adequate transportation, people with disabilities will not be able to get to their jobs. We need to work with every community across the country to create more accessible transportation. Too often, the fear of losing health insurance keeps people with disabilities out of the work force. I recently signed a law that will make health insurance available to every man, woman and child in Massachusetts. A special provision of the law guarantees coverage to disabled workers. As President, I will work to extend this health security to all people in our country who are mentally and physically disabled.

"This basic right of security should also extend to the Social Security benefits upon which so many disabled citizens rely. When the Reagan administration attempted to throw 500,000 disabled people off the Social Security roles without due process a few years ago, I ordered a moratorium in Massachusetts and developed an ineligibility standard that became the basis for national legislation to prevent such injustice in the future.

"As President, I will continue to show this kind of leadership and defend the rights of Social Security recipients.

"As Governor of Massachusetts, I have worked to create a system that recognizes that we must not only prevent discrimination against people with disabilities, obviously, as a first priority, but we must also work diligently to make housing, jobs, health care, transportation and other critical services accessible. We have built a network in Massachusetts of independent living centers that help people with disabilities to live as self-sufficiently as they possibly can. The philosophy of independent living has shaped all of our work for people with disabilities. Our services for early intervention, special education for young children, and the Turning 22 law that provides a transition plan for every child leaving special education at the age of 22.

"My administration developed the Nation's first program for people with head injuries. We worked with consumers in the private sector to develop a wide range of community-based housing models for people with physical and mental disabilities. And we strengthened the authority of the Architectural Access Board.

"In 1985, I proposed a balanced plan to strengthen services for people with mental illness, including new hospitals and expanded community care and housing. We have opened 11 counseling outreach and treatment centers for Vietnam veterans. We are improving health care services to older veterans. And in all of these initiatives we have had the very, very strong support and commitment from members of the Massachusetts Legislature.

"I believe that the top domestic priority for the next President of the United States must be to build a society that offers genuine opportunity to every citizen, including the nearly one in five Americans who have some form of physical or mental disability.

"The Americans with Disabilities Act will provide a legal standard against which all our efforts can be judged. As President, I will work with the Congress to enact it and I will commit my administration to developing policies and programs that reflect its principles.

"Working together, government, disabled citizens, and the private sector, we can build a new future of equality, independence and dignity for everyone with disabilities in the United States."

[The prepared statement of Gov. Michael S. Dukakis follows:]

STATEMENT BY GOVERNOR MICHAEL S. DUKAKIS, AMERICANS WITH DISABILITIES ACT

The Americans With Disabilities Act of 1988 is a major step forward in protecting the civil rights of people with disabilities. Building on the principles of section 504 of the Rehabilitation Act and the newly enacted Fair Housing Amendments, the Act would provide comprehensive protection of the basic civil rights of people with disabilities. Protecting these fundamental rights has been the cornerstone of my policies as Governor and will be a major focus of my administration when I am elected president.

It is unacceptable that in the United States today, two out of three disabled adults are out of work. As President, I will work to provide incentives for people with disabilities to find meaningful jobs—jobs with a future that offer an opportunity to remain independent and self-sufficient. And we must make transportation more accessible because without adequate transportation, people with disabilities won't be able to get to their jobs. We need to work with every community across the country to create more accessible transportation.

Too often, the fear of losing health insurance keeps people with disabilities out of the work force. I recently signed a law that will make health insurance available to every man, woman and child in Massachusetts. A special provision of the law guarantees coverage to disabled persons. As President I will work to extend this health security to all people with disabilities.

This basic right of security should also extend to the social security benefits upon which so many disabled citizens rely. When the Reagan Administration attempted to throw 500,000 disabled people off the social security rolls without due process, I ordered a moratorium in Massachusetts and developed an eligibility standard that became the basis for national legislation to prevent such injustice in the future. As President, I will continue to show this kind of leadership and defend the rights of social security recipients.

As Governor of Massachusetts, I have worked to create a system that recognizes that we must not only only prevent discrimination against people with disabilities, but must also work diligently to make housing, jobs, health care, transportation and other critical services accessible.

We have built a network in Massachusetts of independent living centers that help people with disabilities to live as self-sufficiently as they can. The philosophy of independent living has shaped all of our work for people with disabilities—our services for early intervention, special education for young children, and the turning 22 law that provides a transition plan for every child leaving special education. My administration developed the Nation's first program for people with head injuries; we worked with consumers and the private sector to develop a wide range of community-based housing models for people with physical and mental disabilities; and we strengthened the authority of the architectural access board. In 1985, I proposed a balanced plan to strengthen services for people with mental illness, including new hospitals and expanded community care and housing. We have opened 11 counseling, outreach and treatment centers for Vietnam veterans. We are improving health care services to older veterans.

I believe that the top domestic priority of the next president of the United States must be to build a society that offers genuine opportunity to every citizen—including the nearly one in five Americans who have some form of physical or mental disability.

The Americans With Disabilities Act will provide a legal standard against which all our efforts can be judged. As President, I will work with Congress to enact it and I will commit my administration to developing policies and programs that reflect its principles. Working together—Government, disabled citizens, and the private sector—we can build a new future of equality, independence, and dignity for everyone with disabilities in the United States.

TESTIMONY OF PHILIP W. JOHNSTON, SECRETARY OF HUMAN SERVICES, COMMONWEALTH OF MASSACHUSETTS

Thank you for giving me this opportunity to express my enthusiastic support of the Americans With Disabilities Act of 1988. I have with me a prepared statement from Governor Dukakis that I would like to enter into the record.

The Americans With Disabilities Act will for the first time in statute protect the basic civil rights of every disabled citizen of the United States. As such it is the most far-reaching piece of legislation affecting people with disabilities since section 504 of the Rehabilitation Act of 1973. The principles embraced in this act have guided the programs and policies of the Dukakis administration and we sincerely hope the act will be passed this session.

As an administration we have long recognized that people with disabilities are a legitimate minority who have faced discrimination on many fronts and have a fundamental right of access to the same benefits as all citizens. Our policies and programs reflect a strong commitment to prevent discrimination while serving to make access to jobs, transportation, housing, and health care a reality for the widest range possible of disabled citizens.

We have been significantly influenced by the independent living movement and its philosophy of consumer control in the design and implementation of programs. All of our efforts have been partnerships between government and disabled citizens—partnerships which have allowed us to offer services that are truly responsive to the needs of disabled people.

I would like to cite a few of our initiatives that are specially relevant to the Americans With Disabilities Act. When he took office in 1983, Governor Dukakis issued Executive Order 246 prohibiting discrimination against people with disabilities in the executive branch. This order parallels section 504 in that it reflects on activities in government. The Americans With Disabilities Act would extend these protections to disabled citizens in every area of their lives and reinforce our ability to enforce this requirement in all of our agencies.

Despite Federal cutbacks under the Reagan administration, we have actively worked for a housing program to provide thousands of new units of accessible housing Statewide. The fair housing amendments were an important first step toward ensuring that public and private housing meets all accessibility criteria set out by State and Federal law. The Americans With Disabilities Act will do much to further ensure that all people with disabilities have equal access to housing in the increasingly tight market.

Jobs are another area where the Americans With Disabilities Act will play a critical role. In America today, two out of three disabled adults are unemployed. The Dukakis administration is tackling that in Massachusetts by making people with disabilities the main focus of our job creation and job training programs. Building on the success of ET, which has placed over 50,000 welfare recipients into good jobs, we are striving to ensure that people with disabilities in Massachusetts have access to jobs in the private sector and the support they may need to do those jobs. The passage of the Americans With Disabilities Act could spur the Federal Government to invest more in programs like supported employment and to target JTPA and other Federal programs specifically to training and placement of disabled people.

Finally, health security is critical to the lives of disabled citizens who may be discouraged from seeking work because they are afraid of losing Federal or State health coverage. We in Massachusetts are proud to be the first State in the Nation to guarantee health coverage to every citizen. Two special provisions in the law cover children with disabilities and working disabled adults. The passage of the Americans With Disabilities Act would set a standard for insurers and offer incentives in health insurance programs to allow disabled citizens to live and work as independently as possible.

We, in Massachusetts, are proud of our accomplishments to ensure access and equity to people with disabilities. With a strong Federal law, we will be able to move into new areas of advocacy and program development as a State.

I strongly urge that you recommend the act to committee and that you work to pass this essential and long overdue piece of legislation. People with disabilities have every right to have the same opportunities available to them that are available to any American.

Mr. Johnston. That is the Governor's statement. Now, I would like just very briefly to read my own statement. I am going to abridge this a little bit and I will give you copies of the statement, itself.

As an administration in Massachusetts, we have long recognized that people with disabilities are a legitimate minority who have faced discrimination on many fronts as Mr. Dart has so eloquently pointed out and who have a fundamental right of access to the same benefits as all citizens. Our policies and programs in the State reflect a strong commitment to prevent discrimination while serving to make access to jobs, transportation, housing and health care a reality for the widest range possible of disabled citizens.

It is very, very important in the discussion this morning to understand that in Massachusetts, we have been significantly influenced—the Governor has been influenced, I have been influenced and, as Congressman Atkins indicated, virtually every member of the legislature has been influenced, by the independent living movement and its philosophy of consumer control in the design and implementation of programs. All of our efforts have been partnerships between government and disabled citizens, partnerships which have allowed us to offer services that are truly responsive to the needs of disabled persons. I would like to cite a few of our initiatives that might be helpful to the committee and to the Congress that are specially relevant to the Americans With Disabilities Act. When he did take office in January of 1983, for the second time as Governor, Michael Dukakis issued Executive Order 246 which prohibits discrimination against people with disabilities in the executive branch. That order parallels section 504 in that it reflects on activities in the Government.

The Americans With Disabilities Act would extend these protections to disabled citizens in every area of their lives and would reinforce our ability to enforce this requirement in all of our agencies.

Despite Federal cutbacks under the Reagan administration, we have actively worked for a housing program to provide thousands of new units of accessible housing statewide. The Fair Housing Amendments were an important first step toward ensuring that public and private housing meets all accessibility criteria set out by State and Federal law. The Americans With Disabilities Act will do much to further ensure that all people with disabilities have equal access to housing in what is admittedly a tight housing market not only in this region of the country, but in most regions.

Jobs are another area where the Americans With Disabilities Act will play a critical role. Our administration is tackling that in Massachusetts by making people with disabilities the main focus of our job creation and job training programs. Building on the success of our Employment Training Choices Program in the welfare department, which has placed over 50,000 welfare recipients into decent jobs during the last few years, we are now striving to ensure that people with mental and physical disabilities in our State have access to jobs mainly in the private sector and that they have the support that they may need to do those jobs.

The passage of the ADA could spur the Federal Government to invest in programs like "Support and Employment," and to target JETPA and other Federal programs specifically to training and placement of disabled people.

Finally, health security is critical to the lives of disabled citizens who may be discouraged from seeking work because they are afraid of losing Federal or State health coverage. I might just point out that in hearings across the State that were held a year and a half ago around our Universal Health Insurance legislation, the most moving testimony that we heard was from people who were physically and mentally disabled who said, "We want to go to work, but we can't because of this disincentive in private insurance policies which really force us to stay home and remain eligible for Medicaid."

But we are proud, now, of having enacted this legislation to be the first State in the Nation to guarantee health coverage for every single citizen in Massachusetts. Two special provisions, as I mentioned earlier in the law, covered children with disabilities and working disabled adults. The passage of the ADA would set a standard for insurers and would offer incentives in health insurance programs to allow disabled citizens to live and to work as independently as possible.

I strongly urge that you recommend the act to the full committee and that you work to pass this essential and long overdue piece of legislation. People with disabilities have every right to have the same opportunities available to them that are available to the rest of us in this country. Thank you very much.

Mr. Owens. Thank you very much, Mr. Secretary. Both of you two distinguished witnesses. We will enter upon the record your full statements and we do want you to stand by. We would like to invite you back as the committee continues its deliberations next year on these bills. There are many questions that we need to have answered, especially, Mr. Secretary, your position places you in a position to help us a great deal with the problems of adequate enforcement and just how far the Government is willing to go. And to Commissioner Dart, we certainly want to thoroughly review the summary report. And you implied—you did not imply—you stated in your testimony that even a person as knowledgeable as you—and you are one of the persons in the country who is most knowledgeable about the problems faced by people with disabilities, you were shocked to find how tremendous the problem was, how terrible the problem was across the Nation. I think further documentation of that and discussion of that on the record will be very much in order. And we would like to invite you back at a time when we can go into it in more detail.

Thank you very much.

We have a very full agenda here. At this point, we are going to have to move to the clock and time each of the panelists from here on out. I think you have about 5 minutes, each panelist from here on. The next panel consists of Commissioner Elmer Bartels of the Massachusetts Rehabilitation Commission; Commissioner Barbara Jean Wood of the Commission for the Deaf and Hard of Hearing; Commissioner Charles Crawford, Massachusetts Commission for the Blind; Mary McCarthy, and Kevin Preston.

[Pause.]

Mr. Preston is not here.

Well, I think you have heard my enunciation of the ground rules which we all understood. In order to get the greatest number of people in today, we have to limit it from here on out to about 5 minutes. So, please proceed, Commissioner Bartels.

STATEMENT OF ELMER C. BARTELS, COMMISSIONER, MASSACHUSETTS REHABILITATION COMMISSION

Mr. Bartels. Thank you, Mr. Chairman. I am pleased to appear before the distinguished panel in the company of my fellow commissioners and my fellow disability advocates to support the Americans With Disabilities Act. I am also particularly pleased that Congressman Atkins was able to join the committee for purposes of this hearing to assure that it would, in fact, be an on-the-record hearing.

The Americans With Disabilities Act legislation embodies the policies that address some very fundamental and important problems that prevent clients and participants in our vocational and independent living rehabilitation programs and 36 million other citizens from being contributing citizens in providing their talents and efforts at work and in the community life in this great America.

Two hundred and twelve years ago in Philadelphia, 56 men signed the Declaration of Independence which set forth the basic promises to all of us, the fundamental principles of our American society. That is: "We hold these truths to be self-evident, that all men are created equal and that they are endowed by their Creator with certain inalienable rights that among those are life, liberty, and the pursuit of happiness." And that is what the Americans With Disabilities Act is all about.

The promises of that first American document remain unfulfilled for many of the 36 million citizens with disabilities who share the ideals and aspirations on which our country is founded.

A major difference between persons with disabilities and other individuals is the number and complexities of the barriers we face in trying to work, to live, and to achieve our dreams of life, liberty, and the pursuit of happiness.

We have begun to eradicate some of the physical barriers which keep people who use wheelchairs from entering our public buildings and using public facilities that able-bodied people take for granted.

We have a Federal-State vocational rehabilitation and independent living program that are nationally available and serve over 950,000 people with disabilities annually and enable 226,000 of them to go to work each year.

Federal vocational education grants support State and local efforts to prepare 490,000 students with disabilities for employment.

Hundreds of thousands of children with disabilities are in special education programs and we have a patchwork of laws and policies which precludes some kinds of discrimination against some people with disabilities and require some government programs to provide effective services for this population to include reasonable accommodations. These are good beginnings, but I must stress: These are only beginnings. Far too many people with disabilities lack access to the great American Dream and real opportunities for work and community participation which remains unrealized.

Here in Massachusetts, the policy of civil rights for people with disabilities is not new. In fact, they have been enacted and implemented into a patchwork fashion in several States to encompass some of the rights and activities that are protected under the Americans with Disabilities Act.

Our own State of Massachusetts under the leadership of our Governor has pioneered the civil rights policies that have broadened the opportunities and options available to people with disabilities. The first principles of State disability policy were established in 1980 by amending the Massachusetts Constitution. Article 114 states that:

> No otherwise qualified handicapped individual shall, solely by reason of his handicap be excluded from the participation in, denied the benefits of, or be subject to discrimination under any program or activity within the Commonwealth.

We are proud of that 1980 amendment which recognized the basic civil rights of people with disabilities and enhanced the proud history of our State constitution.

As the State director of vocational rehabilitation in Massachusetts, I am very frustrated by the institutional racism with respect to disabilities that I have seen within our Federal Government. Over the last 8 years, the administration has in every turn proposed to mitigate against the independent living and vocational options and civil rights of people with disabilities.

To see our representatives go before congressional committees and say that the vocational rehabilitation program is not cost effective is one very damaging act that was taken and does not help us out in the State to provide meaningful vocational rehabilitation for people with disabilities.

To see our President veto the Civil Rights Restoration Act that was so important to us as people with disabilities is very discouraging, both as a person with a disability and as an administrator who is trying to help people with disabilities live independently.

Mr. OWENS. Mr. Bartels, could you wind up? Your bell has rung.

Mr. BARTELS. We know the concepts and policies with laws to protect the civil rights of citizens with disabilities. All we need to do is to get about the business of passing those through the ADA. Thank you, Mr.Chairman.

[The prepared statement of Elmer C. Bartels follows:]

TESTIMONY OF COMMISSIONER ELMER C. BARTELS, MASSACHUSETTS REHABILITATION COMMISSION

I am pleased to appear before this distinguished panel in the company of my fellow Commissioners and my fellow disability advocates to support the Americans With Disabilities Act. This legislation embodies policies that address some very fundamental problems that prevent clients and participants in our rehabilitation programs and 36 million other citizens from contributing their talents and efforts at work and in community life and sharing in the Great American Dream.

1. *Barriers to The American Dream.*—112 years ago in Philadelphia 56 men signed the Declaration of Independence, which set forth the basic promises to all of us, the fundamental principles of our American society.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among those are life, liberty and the pursuit of happiness."

The promises of that first American document remain unfulfilled for many of the 36 million citizens with disabilities who share the ideals and aspirations on which our country is founded.

A major difference between persons with disabilities and other individuals is the number and complexity of barriers we face in trying to work, to live and to achieve our own dreams of life, liberty and the pursuit of happiness. We have begun to eradicate some of the physical barriers which keep people who use wheelchairs from entering our public buildings and using public facilities that able-bodied people take for granted. We have federal-state vocational rehabilitation and indepedent living programs that nationally serve over 950,000 people with disabilities and enable 226,000 of them to go to work each year. Federal vocational education grants support state and local efforts to prepare 490,000 students with disabilities for employment. Hundred of thousands of children with disabilities are in Special Education programs and we have a patchwork of laws and policies which preclude some kinds of discrimination against some people with disabilities and require some government programs to provide effective services for this population through reasonable accommodation.

These are good beginnings, but only good beginnings. Far too many people with disabilities the American Dream and real opportunities for work and community participation remain unrealized. Government programs and services are now more accessible to people with disabilities. More needs to be done in terms of compliance. Opportunities within the private sector, by and large, are still not covered by law. Social barriers and negative attitudes continue to create serious barriers to the kind of work and opportunities which are available to people with disabilities. Prejudice and stereotypes about the capabilities of people with various types of disabilities restrict where they can live, where they can eat and socialize, how they communicate and get information in this media-driven society, and other fundamental activities in work and community life. Too many people are limited in their lives and dreams by social customs and practices, based on attitudes that many activities are impossible for people with disabilities.

2. *A Response: The Americans With Disabilities Act.*—The Americans With Disabilities Act embodies policies that are designed to address those negative attitudes and exclusionary practices by creating a climate of possibilities for people with disabilities in both the private and public sectors. The most important feature of this legislation is its involvement of the private sector in opening up our society so that people with disabilities have better access to work and ordinary activities. It is a broad civil rights law that prohibitis discrimination on the basis of handicap in employment, housing, public accommodations, travel, communications, and activities of State and local governments.

The Act covers employers engaged in commerce who have 15 or more employees; it also prohibits discrimination by housing providers covered by Federal fair housing laws; transportation companies; those engaged in broadcasting or communications.

The Act prohibits discrimination in public accommondations covered by Title VIII of the Civil Rights Law—hotels, motels and restaurants that are involved in interstate commerce.

It specifically defines discrimination, including various types of international and unintentional exclusion; segregation; inferior or less effective services, benefits or activities; architectural, transportation, and communication barriers; failing to make reasonable accommodations; and discriminatory qualifications and performance standards.

It also specifies those actions that do not constitute discrimination. They include unequal treatment wholly unrelated to a disability or that which is the result of legitimate application of qualifications and performance standards necessary and substantially related to the ability to perform or participate in the essential components of a job or activity.

The Act will not repeal Sections 503 and 504 of the Rehabilitation Act of 1973 which prohibit discrimination by federal contractors and by state and local governments receiving federal grants. All regulations issued under those sections will remain in full force and effect.

BEST COPY AVAILABLE

Enforcement procedures are modeled on other civil rights laws and include administrative remedies, a private right of action in Federal court, monetary damages, injunctive relief, attorney's fees, and cutoffs of Federal funds.

3. *State Civil Rights Policy: The Massachusetts Experience.*—These policy concepts are not new. In fact, they have been enacted and implemented in a patchwork fashion in several states to encompass some of the rights and activities that are protected under the Americans with Disabilities Act. Our own state of Massachusetts, under the leadership of Governor Dukakis has pioneered civil rights policies that have broadened the opportunities and options available to people with disabilities here.

The first principles of state disability policy were established in 1980 by amending the Massachusetts Constitution. Article 114 states that: "No otherwise qualified handicapped individual shall, solely by reason of his handicap, be excluded from the participation in, denied the benefits of, or be subject to discrimination under any program or activity within the Commonwealth."

We are proud of that 1980 amendment which recognized the basic civil rights of people with disabilities and enhanced the proud history of our state Constitution, which is one of the oldest Constitutions in the nation and provided the model for the Federal bill of rights.

In 1983 the Massachusetts Legislature enacted Chapter 533 to prohibit employment discrimination on the basis of handicap. It further guarantees qualified individuals the right to fair treatment in employment situations by placing upon both private and public employers the duty to make reasonable accommodations so that a person with disabilities can perform the essential functions of a particular job. The Massachusetts anti-discrimination law is being vigorously enforced by our state civil rights agency.

In 1984, Governor Dukakis issued Executive Order 246 to implement Article 114. That Executive Order further strengthens the commitment of the Commonwealth to equal access for people with disabilities. Its broad mandate states that: "Non-discrimination and equal opportunity are the policy of the Executive Department of the Commonwealth of Massachusetts in all of its decisions, programs and activities. To that end, each executive officer serving under the governor, and all state employees shall rigorously take affirmative steps to assure equality of opportunity for handicapped individuals in the internal affairs of state government, as well as in their relations with the public, including those persons and organizations doing business with the Commonwealth."

Under this order all state agencies have developed procedures for assuring non-discrimination and affirmative action in employing individuals with disabilities. State contractors for construction, goods and services may not discriminate and must undertake affirmative action programs to provide equal access for individuals with disabilities. The Executive Order affects all public education facilities and programs, as well as health care and private educational facilities licensed or chartered by the state. It prohibits housing discrimination and requires adoption of affirmative action procedures to assure that individuals with disabilities in state financed or subsidized housing are not segregated or otherwise limited in their access to these publicly supported services.

In addition, Massachusetts has developed strong programs that support the independence and productivity of persons with disabilities, including the state-federal vocational rehabilitation programs, a network of independent living centers, a personal care attendant program that helps persons with severe disabilities continue to work, and other services provided to persons with the disabilities by the Massachusetts Rehabilitation Commission, the Commission for the Blind, and the Commission for the Deaf and Hard of Hearing, and our Departments of Mental Health and Mental Retardation. The Commonwealth also provides advocacy and policy leadership on behalf of people with disabilities through the Office of Handicapped Affairs.

The Massachusetts experience shows that civil rights policies, together with services, can expand the options available to people with disabilities. But Massachusetts is only one of the fifty states. We want to share our vision of the American dream and ideas about how the barriers to its achievement can be eliminated so that people with disabilities have equal opportunities all across this nation.

4. *Section 504: The Beginning of Federal Civil Rights Policy.*—Federal civil rights policy is not new. Ever since the 1964 Civil Rights Act, people have discussed expanding those laws to assure the basic civil rights and access of people with disabilities to housing, employment, and public accommodations. Fifteen years ago, the Rehabilitation Act of 1973, was enacted as the first law that expressly recognized the civil rights of people with disabilities. That landmark policy has been a principle that guides the current efforts of people with disabilities to gain access to govern-

ment services in employment, education, transportation and housing. But neither Section 504 nor its companion measures in Title V were enacted or implemented without a struggle. In 1972 Senator Hubert Humphrey and Congressman Charles Vanik introduced a bill to amend the Civil Rights Act of 1964 in order to prohibit discrimination on the basis of physical or mental handicap in federally assisted programs.

Introducing his bill, Senator Humphrey stated: "The time has come when we can no longer tolerate the invisibility of the handicapped in America. . . I am insisting that the civil rights of 40 million Americans now be affirmed and effectively guaranteed by Congress. . .

These people have the right to live, to work to the best of their ability—to know the dignity to which every human being is entitled. . . . Millions of young persons and adults who want to learn a trade, work like other people, and establish their self-worth through a paycheck are barred from our vocational training programs and from countless jobs they could perform well. And yet we have sufficient statistics clearly demonstrating the benefits to the national economy and the investment return of income tax revenues resulting from vocational rehabilitation and job placement for these citizens. Where is the cost-effectiveness in consigning them to public assistance or "terminal" care in an institution?"

Senator Humphrey's concerns were shared by key members of the House Committee on Labor and Education and the Senate Subcommittee on the Handicapped who were considering reauthorization of the federal-state vocational program through the Rehabilitation Act of 1972. A bipartisan group, including Senators Cranston, Javits, Randolph, Stafford and Williams and Congressmen Brademus and Quie, supported the application of civil rights policies to prohibit discrimination against people with disabilities. Their staff members redrafted the legislative concept first proposed by Senator Humphrey and Congressman Vanik and added three other sections as Title V of the Rehabilitation Act of 1972. Title V required affirmative action in federal employment (Section 501); created the Architectural and Transportation Barriers Compliance Board to enforce the 1968 Architectural Barriers Act (Section 502); required private companies doing business with the federal government to use affirmative action in employing and promoting qualified persons with disabilities (Section 503); and prohibited discrimination on the basis of handicap in programs receiving federal financial assistance (Section 504.)

The 1972 Rehabilitation Act was unanimously voted through Congress without discussion of Title V, but was pocket vetoed by President Nixon on October 27, 1972. The President justified his action on the basis of fiscal constraints and objections to certain administrative provisions of the Act. Demonstrations by people with disabilities, who were attending the annual conference of President's Committee on Employment of the Handicapped, were a prelude to the self-advocacy that was critical to passage and implementation of this landmark civil rights legislation.

The Rehabilitation Act was reintroduced with Title V intact and passed overwhelmingly by the Congress. The President again vetoed it and his veto was narrowly sustained by a four vote margin in the Senate. On May 23, 1973 a revised version of the Rehabilitation Act was introduced into Congress. The revisions affected program and administrative provisions but did not change Title V. The Rehabilitation Act was finally signed into law on September 26, 1973.

Next, there were lengthy delays in developing regulations to implement the law. In June, 1975 disability advocates filed litigation in federal court, seeking a ruling that would force the Department of Health Education and Welfare, to issue regulations. (Cherry v. Matthews) The Court ruled that HEW was legally obligated to issue regulations, but declined to specify a date. During the Spring of 1976, the debate and discussion about the approach to and scope of the 504 regulations continued in senior staff offices of HEW. Disabled activists demonstrated in Secretary Matthews' office. A draft regulation was published in a notice of intent to publish proposed rules on May 17, 1976 to obtain public comment during the next sixty days. By early January, 1977 the regulations were finalized. As President Carter took office and appointed Joseph Califano as HEW Secretary, the regulations were delayed once more for review. In early April three hundred people with disabilities staged a sit-in in the Secretary's office, while demonstrations were held at each of the ten HEW Regional Offices around the country. Finally, on April 28, 1977, nearly three years after Section 504 was enacted, model regulations were signed by Secretary Califano and promulgated by the Department of Health Education and Welfare. Secretary Califano hailed the long awaited regulations, stating: "The 504 Regulation attacks the discrimination, the demeaning practices and the injustices that have afflicted the nation's handicapped citizens. It reflects the recognition of the Congress that most handicapped persons can lead proud and productive lives, despite their disabilities. It will usher in a new era of equality for handicapped individuals in which unfair barriers to self-sufficiency and decent treatment will begin to fall before the force of law."

After the 1978 amendments to the Rehabilitation Act mandated non-discrimination in programs directly operated by the federal government in addition to the state and local programs which were federally funded, the federal agencies slowly followed HEW and issued their own 504 regulation to mandate non-discrimination and reasonable accommodation. During the last two years, federal agencies have again begun to amend their 504 regulations. This time the federal 504 regulations follow the Department of Justice model regulations which include restrictive judicial interpretations of Section 504. That model limits the efforts which agencies and programs must make to accommodate disability-related needs of their employees with disabilities and as well as program efforts to serve consumers as well as program efforts to serve who have disabilities.

5. *The Courts and Civil Rights for People With Disabilities.*—Judicial interpretations of 504 have also restricted its scope. First there was the *Davis* case in 1979 in which the U.S. Supreme Court ruled that a community college in North Carolina did not violate Section 504 when they refused to admit Ms. Frances Davis, who had a hearing impairment, to their nursing program. The Court reversed an appeals court decision which had ruled that Section 504 required her admission with accommodations to her disability. The Supreme Court left open to HEW the role of clarifying and interpreting the statutory mandate, and determining the meaning of the phrase "qualified handicapped person", and the regulatory provisions for "reasonable accommodation" of such an individual's disabilities. Next there was *Conrail* v. *Darrone* in 1984. In that case the Supreme Court unanimously ruled that employment protections of Section 504 are not limited to federally funded employment programs, but cover all federally assisted programs.

The Supreme Court's *Grove City* ruling, issued in 1984 on the very same day of the *Conrail* decision, restricted the interpretation of Title IX of the Civil Rights Act, which parallels the regulatory provisions used to enforce Section 504. That ruling limited civil rights requirements of Title IX for federally funded programs to the specific university program receiving federal funds. The Court held that Section 504 did not require a college or university to follow the non-discrimination and reasonable accommodation policies in non-federally funded programs simply because some students or a single program in the school received federal funds.

It took nearly four years for Congress to enact the Civil Rights Restoration Act and then to overrule the President's veto in order to reaffirm the intent of Congress that all operations and activities of an organization that receives federal funds be made accessible and operate on a non-discriminatory basis. Meanwhile the 1985 Supreme Court Ruling in *Choate* v. *Alexander* held that the state of Tennessee Medicaid program which limited the duration of hospital stays which would receive reimbursement, thereby making it more costly for people whose medical conditions required longer hospitalization did not violate Section 504. The ruling upheld the State Medicaid regulations as a valid exercise in cost containment which only incidentally affected the number of days of care received by people with disabilities.

6. *Conclusion.*—We know the concepts and policies for laws to protect the civil rights of citizens with disabilities. The continuing struggles around Section 504 demonstrated just why it is necessary to enact and implement a very clear Congressional mandate endorsing a comprehensive policy that guarantees the civil rights of people with disabilities. No confusion, no obstacles, no backsliding should be permitted to block this legislation. We know that any law is not self enforcing and that continued efforts to educate and press for policy implementation and support will be necessary. But it's worth it. The community of people with disabilities is united in support of the Americans With Disabilities Act. We need the law and we need leadership with the courage and commitment to make the American Dream a reality for the 36 million people with disabilities who live in this great country. We need it now.

Mr. OWENS. Thank you.

Commissioner Wood.

STATEMENT OF BARBARA JEAN WOOD, COMMISSIONER, MASSACHUSETTS COMMISSION FOR THE DEAF AND HARD OF HEARING

Ms. Wood. I should explain that I have a voice interpreter this morning with me. I would like to extend my warm welcome to all of you to Massachusetts. We at the Massachusetts Commission for the Deaf and Hard of Hearing are a brand new agency that was set up 2 years and 3 months ago as a result of Governor Dukakis's recognition that a support system was necessary in order to make employment, housing, and transportation and a long list of community services accessible to deaf and hard of hearing persons.

To begin with, for people with hearing impairments, there are a total of 36 million persons with disabilities. Twenty-two million are people with a hearing loss. We are the second largest population of disabled persons. And our barrier, most obviously, is one of communication.

I am very aware that this act was a result of the work of the National Council of the Handicapped and the report that resulted in the idea for this piece of legislation. With some disappointment that I felt that the council didn't pay adequate attention to specifying issues related to communication accessibility. However, this bill did impress me. From time to time, it pointed out communication issues. And it really is the first piece of legislation in my 15 years' experience and involvement with disability issues to see that term, "communication accessibility." So, I found that quite thrilling and am in full and wholehearted support of this bill.

I would like to see more commitment, though, from the national council and from everyone to take a look at the issues of communications accessibility and how it can truly be enforced.

In the description of the bill, under section 8, the regulations, it mentions and calls on Architecture and Transportation Barrier Compliance Board to mandate minimum guidelines for accessibility of buildings, vehicles and so forth, especially for all Federal agencies listed therein.

In the past, there has been weak input in the area of communications accessibility. And this time, it is extremely important that it be included and the leadership being taken to understand that communication is not just the provision of interpreters such as we have this morning, but entails a wide range of communication accessibility devices to make Federal services accessible.

I strongly recommend the inclusion of these Federal agencies, including education to these and health and welfare in order to do a better job in developing these guidelines and regulations in the area of communications.

I can share through written testimony the rest of my ideas with you, but I am in full support of what the Governor testified and my fellow commissioners have and will testify. The weaknesses have not been legislative. It has been administrative. And there is a strong need to have a recognition for the importance of support services to make us independent in all of the areas listed in the bill. Thank you so much.

Mr. Owens. Thank you, Commissioner.

Commissioner Crawford.

STATEMENT OF CHARLES CRAWFORD, COMMISSIONER, MASSACHUSETTS COMMISSION FOR THE BLIND

Mr. CRAWFORD. Good morning, Mr. Chairman, Congressman Atkins, from a very good district in which I live, and Congressman Moakley. Five minutes is a very short time, so, I guess I'll have to be a real fast talker.

I guess that the first thing I need to say is that I want to first of all extend my appreciation to the Congress of the United States. It is the Congress that did pass the Vocational Rehabilitation Act, section 504, the Civil Rights Restoration Act, the Assistant Technologies Act and the list can go on, including the Civil Rights Act of 1964 as I mentioned before.

There is no other accolade greater than the acts of a Congress. I think the acts of this Congress have been especially helpful to the disabled of this country. We are about to move into probably the most premiere of all efforts that the Congress can make. I certainly appreciate the opportunity to testify today.

Governor Dukakis through his leadership in Massachusetts along with the good and sensible legislature of the Commonwealth have been able to implement a number of different laws in our State which have provided great protection for the disabled in this country. But, now, it is time to look at the national level. I guess the way I can summarize the discrimination that has happened to blind people in this country, in fact, across the centuries is a matter of equating those discriminatory acts with the people we join in being protected by the ADA.

What difference, I would ask, is the change from persons who were beaten to death because of their disabilities in the assumption that the evil spirits would leave them, to slaves who were beaten to death because they happened to be black and viewed by their persecutors as people who are lesser than they—four-fifths of a man, was it?

What difference, I would ask, between the disabled person who is told that, "You can't have credit because you don't have a driver's license when you can't see." And, certainly, you wouldn't want to be giving driver's licenses to people who can't see, I would hope, and a woman who is told that, "Because you might get married and have a baby or be a single mother, you can't have credit." Or a black who is told that, "Because of your situation where you have to produce this or that," unnecessary documentation to get credit, "do you need to get that credit."

What difference, I would ask, in the transportation of a person who is told to: "Sit on the back of the bus," in Atlanta to a disabled person who is told, "You can't ride on this plane because there is another disabled person here already." As proposed, I might add, by the current administration's Department of Transportation Regulations.

What difference, I would ask, is the provision of governmental services to blind persons when those services rest upon print notice that the person cannot read and then hears later on that she did not call us up or talk to us about that particular problem, versus the governmental discrimination of the past, I would happily add, in many cases for women and for blacks.

What difference, would I ask, happens to the disabled persons, again, who through the centuries have been isolated, put in cages outside of medieval cities to be shown as separate from the rest of the people versus blacks who were, again, put into slavery and into camps and even gays and lesbians who were crucified because of their practices.

What difference, I would ask finally, is there between the classes of people who have been discriminated against in their pain with the rest of the disabled society? For far too long and for far too many centuries, disabled people have felt the pain of discrimination, of being held separate, as being looked at as different, as somehow being viewed as lessor.

Pain is not exclusive to the disabled community. There are blacks, there are women, there are people who have different practices in life or conditions in life unfortunately who have been viewed, again, as lessor than others; but these folks have felt the same pain that disabled people feel today.

I guess if there is one last statement that I could make, and I realize that I do not have much time, it is that I personally have felt the discrimination, the isolation, the sense of helplessness and the sense of no ability to relate to other people because they have shut me out.

I know that feeling and I would hope that this moment, at least for this time, at least in this Congress and at least in this country, we will stop the winds of discrimination that as I said in the beginning have blown across the centuries against people whose only choice in life is to try and make it and make it with others. That at least at this point in our time we can in fact have a society in which we do work with others toward the common good.

Thank you, and I appreciate this opportunity to testify.

Mr. OWENS. Thank you, Mr. Crawford. Excellent timing. [Laughter.]

Commissioner McCarthy.

STATEMENT OF MARY McCARTHY, COMMISSIONER, DEPARTMENT OF MENTAL RETARDATION

Ms. MCCARTHY. Good morning, Mr. Chairman. Thank you very much. My name is Mary McCarthy. I have the distinct privilege to testify this morning in my capacity as Commissioner of the Massachusetts Department of Mental Retardation.

We in Massachusetts are grateful to you and to your committee for the outstanding work that you have done on this issue and particularly to Congressman Atkins and Congressman Moakley for their longstanding staunch advocacy for the rights of people with disabilities.

It is appropriate and exciting that this hearing is being held in Massachusetts. One hundred and forty years ago, this Commonwealth was the first government to acknowledge people with disabilities and to establish services to enable those individuals to achieve their fullest potential.

We were also the first State in the Nation to have a special education law, the first State in the Nation to develop a bureau of transitional planning, to assist individuals with disabilities and their families, to plan for life after a free and appropriate education and to have access to needed supports. And in the past year, we were the first government in the Nation to address the discrimination against people with disabilities in health care coverage.

Massachusetts has come a long way in the last 140 years, but our Nation has not come quite so far nor quite so fast. Sections 503 and 504 of the Rehabilitation Act of 1973 were a beginning in terms of the Federal Government identifying discrimination against persons with disabilities. The regulations which resulted from that act offered strategies for addressing correction in the case of Federal recipients.

Senate bill 2345 and House Resolution 4498 set out to provide for equal protection under all laws for the 35 million citizens who experience a disability. However, the actual benefit of these proposals is not limited to persons with disabilities. They extend to their families, their friends, their neighbors and to all of society. Discrimination is rampant and, for the most part, unintentional. I do not imagine that any of us here today would ever use a business in our local community which prominently posted a sign declaring the establishment off limits to persons of color or to women or to people who do not speak businesses. Yet, there are many businesses, rental properties, employers, transportation systems and public accommodations which are architecturally inaccessible. The vast majority of businesses do not provided TTD's for deaf and hearing impaired consumers who use them.

It is rare to come across an employer who has an affirmative action plan which includes people with mental retardation as potential employees.

People with mental retardation are often discriminated against not just in services, but sometimes in the way in which services are provided. Only 8 months ago, just a few miles from this room, children with a variety of disabilities were about to be excluded from participation in little league baseball, solely because of those disabilities. When the association reconsidered its position on the issue, the board determined that professionals would be required to accommodate the needs of these children. It took some time before the people of Massachusetts and an inspirational outpouring of public concern and outrage could convince Little League of America that parents are often more skilled than a medical professional in meeting the needs of their child. That is true for the rest of the little league. Why not for players who are physically and mentally challenged.

It will take some time before the nation at large believes the needs of people with disabilities are not that different from the needs of people who are not disabled. The daily concerns of the 19,000 people served by my agency are not that different from my own, although their challenges are far greater.

Society at large has resisted the idea and the reality that people with disabilities should be full members of our community. Citizens with disabilities are not yet entitled to the same rights and protections from our government as other citizens. There is discrimination through exclusion, through oversight and through the best of intentions. These kinds of discrimination are not prohibited under Federal law at present and that is not only shameful, but contrary to the very precepts of our Constitution and our heritage as a nation.

I sincerely hope that the Congress of the United States will act to address and to solidify the rights of the people that we serve. The reality is that when we recognize and embrace the values of those who are too often perceived as the least valued in our society, we all benefit. And freedom and dignity are strengthened. I believe the legislation before you today can accomplish that task. Thank you very much, Mr. Chairman.

Mr. OWENS. Thank you, Commissioner McCarthy.

I think all of you are highly placed public servants. You are in the executive branch of government. I do not know enough about the situation to know it in detail, but some of you might even be politicians.

Ms. MCCARTHY. No, sir. [Laughter.]

Mr. OWENS. Can you make a comment on what we can do as we prepare to mobilize to get this bill passed. We know the primary arguments that are going to be offered are related to cost. They are going to continue to talk about the extra costs, the high cost. What can we do systematically to get ready for that and how can you help us to get ready to answer those questions about the barrier of cost, the prohibitive cost. We are going to hear a lot of talk about the threat to increasing the deficit if we go ahead with this bill. How can we prepare for that and how can you help us? Would you each like to comment?

Mr. BARTELS. Mr. Chairman, I think over the years, we have shown that when accessibility features were included in the building of public buildings opened to and used by the public, that the incremental costs was really minimal. And it is a matter of applying those principles to buildings and events and adjudication situations: you build them in on the front end and the costs are minimal.

Mr. OWENS. Do you have tables and charts and all kinds of examples we can bring forth? Models?

Mr. BARTELS. Well, I think we have shown that in terms of building. There are documents that are shared by the President's Committee on Employment of People with Disabilities that document that.

Another place I think is in vocational rehabilitation and independent living where we provide a reasonable level of services that cost less where people can live independently in the community than it costs to keep people in dependent settings within nursing homes, public health hospitals and institutions.

Mr. OWENS. Any other comment?

Mr. CRAWFORD. Could I quickly say that I think that the application of technology for disabled persons will bring down the cost of a number of accommodations. For example, with the blind community, it is possible through microcomputer networks and braille production to produce accessible materials and with very little cost to that. And I would add that if we view this as a situation which would take some time to implement—and I think that is important for us to acknowledge—that over a period of time, it is possible to build in along with the regular cost of whatever the item might be, the accessibility features so that those costs do not confront us all at one time. And I guess my last comment on that would be that John Kennedy said that: "Every trip of a 1,000 miles begins with a single step." Well, I think we can start that now.

Ms. McCarthy. I think, if I may, Mr. Chairman: Three thoughts in response to that question. The first is, it certainly has been from our experience that if one is talking about building and construction, it is the afterthought that is extremely expensive, something that has to be built back onto. I think we certainly have got to get to a point where we simply take for granted as a matter of things that we do in terms of building that we have handicap accessibility.

Second, I think that both Commissioner Bartels and Secretary Johnston touched on the notion of taxes paid by individuals who are finally granted access to job opportunities. And that, of course, comes with decreased reliance on perhaps some public assistance monetary programs.

The third, as I think Commissioner Bartels also mentioned, segregated settings are far more expensive than settings that all of us are able to participate in. I think with the opening up of opportunity, we move further and further away from a reliance on very restricted and costly and expensive and specialized kind of environments because people are able to take advantage of those opportunities.

Mr. Owens. Commissioner Wood.

Ms. Wood. By electing President Dukakis—[Laughter.]

[Applause.]

And allow me to elaborate in the area of communication. The weakness is enforcement and commitment among the right people in the right places to work together in order to figure out a cost effective well run enforcement system that will do it.

Mr. Owens. Congressman. Question?

Mr. Moakley. No. I am very taken with the testimony here today. And you have all done your homework. I know many of you on the local level and I am very happy that you do represent the Commonwealth of Massachusetts. I am very happy with your remarks this morning. Thank you.

Mr. Owens. Thank you very much, members of the panel. And I hoped you understand the gist of my question. We do not want to have a single question come up in the Congress that we are not prepared to answer ahead of time. Thank you.

Our next panel is Eric Griffin, the vice president for external affairs, National Council of Independent Living; Charles Sabatier; William Cavanaugh, the executive director of Ad Lib, Inc.

Mr. Owens. Let me remind you, again, that we will be happy to have your written testimony for the record. And we need not dwell on that. You may make any comments above and beyond that testimony, if you wish. We will start with Mr. Griffin.

STATEMENT OF ERIC L. GRIFFIN, VICE PRESIDENT, EXTERNAL AFFAIRS, NATIONAL COUNCIL ON INDEPENDENT LIVING

Mr. Griffin. Mr. Chairman, it is indeed an honor to come before you, again. An honor because I have this opportunity once again to speak on behalf of the National Council of Independent Living and the New England Coalition of Independent Living Centers and for my own center for independent living, Independent Services, and 35 million people in this country with disabilities who have been shut out and who want into the marketplace and who want into the labor force.

Mr. Chairman, my testimony this morning will be brief. I bring to you this morning over 1,000 expressions from individuals with disabilities in the form of petitions and disability and discrimination diaries which attest to the everyday experience and the profound nature and the breadth of the discrimination that people with disabilities face throughout their lives.

I bring to you over 1,000 expressions in the form of a petition which states: Whereas there are more than 35 million individuals in this Nation whose basic life activities are limited in some significant way by physical disabilities, mental impairments, and though the effects of age and other disabilities and whereas forced segregation and dependency of millions of individuals with disabilities in this country constitutes a gross violation of their constitutional and basic human rights and an increasingly unaffordable drain on public and private budgets and a significant failure of the Great American Promise of liberty and justice for all.

Therefore, be it resolved that the undersigned advocates for justice in each of the States urge the Congress to immediately enact and the President to sign the Americans with Disabilities Act of 1988 which will effectively guarantee all persons with disabilities equal protection under the law and protection against discrimination on the basis of handicap.

Mr. Chairman, I also come before you as one of those 35 million people and one who over three decades has faced the discrimination that is spoken of and spoken to in these petitions and by these thousand people. I come to you as one of those 35 million people, one who was denied a public education until age 18, one who has been put through the back door, and kept out of the front door and segregated even if you could get in. I come to you as one of those people who has been kicked off the airplane and not allowed on the bus. I come to you as one of those 35 million people who ask that your courageous attempts in coming here today be carried forth into the next session of Congress where we will work with you to ensure passage of the Americans With Disabilities Act. Thank you, sir.

[Samples of Diaries submitted by Mr. Griffin follow:]

DISABILITY DIARY—GLORIA GRABERT

I went to Forest's School for his P.P.T. In order for me to park close enough to an entrance, I had to park in the school bus zone since there was no handicapped parking. I had to struggle up a very steep flight of stairs with Laura (2 years old).

I came home totally exhausted, my knees were killing me with pain. I'll end up with another week of tendonitis for this visit. (Repeated 5 times in 1½ years).

I found out at my last P.P.T. they could have sent us around the back of the school to an elevated sidewalk. The reason was the door's entrance was too heavy and there was no handicapped parking.

Jan's classroom is on the 2d floor at her Magnet School. I have to climb up another pair of stairs to get into her classroom. They have offered to have me meet in the office but I want to see her classroom. There is no elevator in the building.

This year 1987-88 at Jan's Magnet School I had to deal with a very big elementary school. They put the handicapped parking at the other end of the school away from the principal's office and auditorium. One of the handicapped parking slots at the back of the building usually has an illegally parked car in it.

The principal locked the door near the handicapped parking the night of the P.T.A. Spring Festival. Allen had to push me all the way around to the back of the school. The kids had to walk in the driveway. I was afraid we were going to get hit. Allen then had to lift up the wheelchair up the custodians, stairs. Only if the car hadn't been in that handicapped slot in the back or the principal wouldn't have locked the door or the administration build the promised ramp!

I can't use my scooter at Forest's and Heidi's school this year. Their ramp is a loading dock. The handicapped parking slot isn't 15 feet wide, only a normal parking spot.

PROBLEMS ENCOUNTERED BECAUSE OF MY HANDICAP

Date, Jan. 8, 1988.—Obstacle Inability to enter a restaurant because of stairs: Fort Meyers, Fl.

Jan. 22, 1988.—I had to crawl on my all fours to get into a swimming pool Fort Meyers, Fl.

Feb. 5, 1988.—Impossible to use my wheel chair on my own power due to gutters. My wife is asthmatic and unable to lift said chair.

March 17, 1988.—Unable to use a sightseeing bus due to absence of a lift.

May 28, 1988.—While attending my 55th College Reunion at Middlebury College I was unable to attend several events because of barriers such as stairs.

ELEANOR WIGFALL'S DIARY

There are a few places I can go by myself, having arthritis and a hip replacement, I am unable to get up from a low seat. It would be a help if there could be one or two high seat chairs in certain places for such people. I find even in my orthopedic doctor's office, all chairs are one level.

I cannot ride a public bus because the steps on and off are too high and the buses rarely stop at the curb.

Most public places should have a ramp, I went to a graduation, I was left off in front of the entrance of the public school, I had to wait until my husband came to help me up the high steps. Even a railing would have helped. The same goes for many churches.

But what hurts me most is not being able to shop in some of the better stores. The food markets have carts that I can hold on to and also stores like Bradlee's and Caldor's are accessible. But places like G. Fox, J.C. Penny's and Jordan Marsh do not.

I can understand because it probably would take prestige away from the store.

I also feel that the medicine instructions on the wrappers or inside the bottle should be much bigger. Some of my friends have poor sight and a mistake could be made.

PRINTED IN THE SEPTEMBER 30, 1988 MARTHA'S VINEYARD NEWSPAPER

"At first, it seemed to be a parade down Beach Road in Vineyard Haven late Friday night—a woman wearing a silver spangled hat riding in a wheelchair bedecked with two American flags followed by a police car and a long line of traffic.

Police said they followed the handicapped woman from the Martha's Vineyard Hospital to Pier 44 because she had missed the earlier boat and had to return to New Bedford that evening."

September 23, 1988 was to be a day that I, and quite a few other innocent people, would long remember!!! From the end of May through the first part of October; nearly every Sunday I take the Schamonchi, the Martha's Vineyard Ferry, for the ninety-minute ride to that island. I used to debark and just ride in my electric wheelchair around the island. Usually I drove three miles to Oak Bluffs Center where I'd visit the Camp Meeting Grounds with its beautiful Tabernacle and roam around the shops and the docks. On one of these tours about eight weeks ago I discovered the Island Queen, the ferry that runs between Oak Bluffs and Falmouth. This ferry's summer schedule allowed me to board the Schamonchi in New Bedford for her 1:00 P.M. voyage to the Vineyard. The Schamonchi docked in Tisbury. I would then drive my chair the three miles over to the Island Queen, and wheel on board for her 3:30 crossing to Falmouth which took 45 minutes. The ferry would then turn right around and come back to Oak Bluffs, landing me shortly after 5:00 with more than an hour and a half for me to make the half-hour trip back to the Schamonchi before her first trip back to New Bedford at 6:45 P.M.

When the fall schedules went in to effect, I checked them very carefully. The Schamonchi's trips Fridays, Saturdays, and Sundays were the same as during the summer, but the Island Queen left at 4:00 instead of 3:30 which still gave me plenty of time to drive back to the New Bedford ferry since the Falmouth ferry still came right back from Falmouth. I tried it on Sunday, September 18th, and everything worked out just fine! Now on Sunday, September 25th, I had somewhere else I wanted to go; so I decided I take my boat rides on Friday.

I checked before I left home and made sure the Island Queen had a 4:00 sail. All went well until I got to Falmouth, and I was waiting for the ferry to start back. It had been a very rough ride over, so I didn't think much about it when they tried the boat (they never did that before). As time went by and it was getting close to 5:00, I suddenly realized that no people were getting on, the engines were quiet, and I was all alone on the back deck of the Island Queen. I started calling and nobody came! Then my chair got jammed in the doorway as I tried to get back in the main part of the boat!! Finally a crewman heard me and came up from the engineroom. He freed my chair and informed me that the Island Queen, on Fridays, did not *START* back to Oak Bluffs until 6:00 P.M. arriving at 6:45!!! That was the time I should be boarding the Schamonchi, which would be three miles and half an hour away by chair!!! What was I to do? I could get off at Falmouth, which is on the mainland, and try to find someone from home with a truck to pick me up, but that would be very hard to find. I was quite sure that on Fridays the Schamonchi ran a late trip, so I decided to return to Oak Bluffs and pray that I was right!!! Another crewman tried to help by going ashore and phoning the police in Oak Bluffs to ask if they could meet me with a van, but they said they didn't know me! By the time we reached Oak Bluffs, the Island Queen had radioed the Schamonchi to make *CERTAIN* that the New Bedford ferry did indeed have one more round trip that night. The last boat would leave Tisbury at 10:45!

Now my problems were, first, to find a place to stay for over three hours now that the sun was about to set; and, second, to get word to my helper who was meeting me at the 8:30 boat to tell her that I would not be on it! The Martha's Vineyard Hospital is about three-quarters of the way back to the Tisbury dock, so I high-tailed it down there! I had to use my headlights before I got to the hospital, but I made it by a little after 7:00. I asked if I could use a phone and was shown a pay phone, but I said that I couldn't use it without help. Then I was sent to the receptionist in the Emergency Room. She was very helpful and phoned my home where my girl had gone to feed my three kitties and pick up my car with its tiny trailer (just big enough for my chair). As luck would have, Denise had gone early and had already left for the 8:30 ferry! So the receptionist called the New Bedford dock to ask them to tell Denise that I had to take the last boat back. At first that the lady said she couldn't do that; but, when she found that I was "the lady in the wheelchair," she was more than willing to do it! She even called back to reassure me that Denise would meet the 12:30 A. M. ferry!!!

Three hours is a long time to have to wait with nothing to do. I rode around the parking lot outside and the corridors inside the hospital over and over again and watched the lady at the desk doing her work. By the way I went to the bathroom before I left home at about 11:30, and I cannot go by myself, another *minor* problem! The only thing I can feed myself are Combos because they are so hard I don't crush them, but I didn't dare even eat them because I did not want to start my metabolism going to create more problems!

Now that I was in the hospital the receptionist was not about to let me ride my chair back to the dock alone, headlights or no headlights! She phoned the police, and they said they'd take me back to the ferry. When two officers, a man and a woman, arrived a little after 10:00; they thought my chair folded up so they could put me and it in their cruiser. I told them they had to have a van with a lift (I had seen four of them in the hospital's parking lot) because my chair was very heavy and would not collapse. Then my new friends in blue decided to call an ambulance to take me! Now that vehicle is kept two miles away in West Tisbury, and it was getting *LATE*!!! They told me they could hold the boat if they had to, but I wanted to get *HOME*!!! I suggested that I would be safe driving my chair if the cruiser car went ahead of me. That is the way the ambulance saw us take off, a cruiser with flashing lights, me in my chair with my head and tail lights on, and another police car bringing up the rear!!! What a sight at 10:35 P. M. going over the bridge into Tisbury and on to the dock, a ride of under ten minutes!!! I wonder what the other drivers were thinking as they had to go around us. The officers were very kind and gentle with me!!! In fact the lady cop even kissed me good-bye. The Schamonchi was coming into the harbor as I drove onto the dock. The crew put me in my usual spot on the aft deck where I finally ate my Combos and enjoyed the beautiful full moon on the way back to New Bedford. By the way I was the only passenger on board on the return trip! My midnight helper, who was quite worried when she didn't find me home (Denise's brother did phone her after she came in), gave me my supper at 1:40 A. M.!!! What a day!!!

Diary of Mary Low Wilcox, Jewett City, CT

Public Law 94-142 was not in existence when I was child. Therefore I was not properly educated to prepare me for employment.

Because I was not able to support myself, I subsequently went to DUR. The counselor who was working with me to see I was too disabled for employment. She also said if my condition improved come back to her. This is a gross discrimination by DUR.

During a visit to Boston, I was refused entry into Boston Garden, because they were under construction and fire regulations would not permit wheelchairs to enter. Contractors or whom ever is in charge should provide contengencies that would accommodate wheelchair users. Also that no fine or safety obstacles to impede their access, whenever the general public is permitted to enter.

My name is Chester R. Phillips, I presently live in a convolesent home. My address is 15 Preston Road, Jewett City, CT 06351.

I have been discriminated against by them not allowing me to eat in the dinning room with other patients, because I cannot feed myself. Also some meals are served to me earlier than the other people.

In order for me to go out at night, I must request my friends to help me undress if we should come back after 9:00 p.m.

I personally feel that no person who has a handicap and is of sound mind and has the ability to care for himself mentally but not physically, should be able to live in their own apartment out in the community. With provision of personal care attendants, we cannot get this service because of a lack of funds and benefits, so people would rather go to work at a McDonalds restaurant.

This letter is being written by my friend, as I'm unable to write, since I have Spastic Cerebal Palsey.

After several living arrangements of which one was which segregated housing, where neglected by lack of meals, and PC as so most days I had to stay in my pajamas. There is probable cause to believe people were taking overdoses of drugs in possible suicide attempts. These incidents were covered up by management.

Living in a convalesent home has caused me to feel useless, hopeless and they demean means. So I have become a passive person, and running scared.

Disability Diary Lynne Albrecht

Problems people have with persons with disabilities.

1. Over protectiveness.
2. In restaurants you don't act like yourself around people.
3. You feel inferior.
4. People try too hard not to upset you.
5. You are not too sure of yourself.
6. People push the physically handicapped too hard.

Caseworker Woodmancy

Applicants: Louise Pierpont,[1] Elizabeth Baker (mother).

Initial application for Pierpont—June 1988 followed by visit from case worker Woodmancy 2 weeks later. Case worker became aware that Mrs. Baker shared home and he had to come back 2 weeks later for Baker's application. At these times many forms were signed for medical releases from MD's but DAR case worker kept coming up with new items to nit pick about. All such items could have been resolved with MD's by phone or one or two pieces of correspondence.[2] Also questions to Mrs. Baker i.e. Who is the president of US? What is todays date? How old are you?

---

[1] All Pierpont records, personal and medical are in computer because of SSID application from every MD who was made to reply 2nd time w/some info for Woodmancy file. Also in computer is fact that Elizabeth Baker, my mother resides at this address with me. Woodmancy also told it is in her title #19 records.

[2] The info taken on last home visit should have been taken on the first visit. Seems like because Mondays are field days a place has to be chosen to justify gadding about to.

Here is an 85 year old frail feeble lady who is obviously disconserted by a strange man at 9 a.m. in the morning. He had been here on three or four other occasions, could have cleared up any business with him but made a point of returning and posing quiries of many kinds i.e. How many hours per day chores person needed? How much expected to pay same? What would they do etc. etc.?

All above understandable and not objected to but it was all drawn out so long over these four visits, it became stressful and literally raised our blood pressure and made us ill and made us wait for our chore person.

The 20 hours per week for chore person was based on—relative who works 9-5 in office, coming in 2 hours Monday-Friday plus 3 each Saturday and Sunday. No suggestion was made that a second person might come in a few hrs daily in addition to the 20 hour person. Common sense would indicate meal preparation—dinner—and cleaning up kitchen is 2 hours daily by itself. Laundry, bed linen changing, vacuuming, kitchen floors etc. would be substantial addition to 20 hours. I helped calculate 20 hours weekly under stress and confusion omitting many items.

We went without necessary help for 2½ months due to bungling paper shuffling [3] culminating with last straw, when on final—hopefully—case worker's visit he got up to leave without the main thing he came for—a Xerox of my SSI check. (This also is in computer.)

Had it not been for the kind and diligent intervention of Mr. Joseph Maltese, my mother and I could be dead before our case was determined. Louise B. Pierpont.

Mr. OWENS. Thank you. And I assure you that we will note for the record your description of the petition. The petitions will be kept on file.

Mr. Sabatier, did I pronounce your name correctly?

Mr. SABATIER. Yes, you did. Thank you, Mr. Chairman. Actually, you pronounced it correctly, which is incorrectly because nobody ever pronounces it that way. [Laughter.]

STATEMENT OF MR. CHARLES SABATIER, NORWOOD, MA

Mr. SABATIER. Every time I have an opportunity to speak about disability issues, I am reminded that the word "disability movements" is a euphemism for independent living movement or what I refer to as the people's citizenship movement. That is all to say that people are looking for in this bill. I think the bill is well written and will do a lot to bridge the gaps needed.

I cannot help, too, but remember the writings of the Supreme Court decision about the *Brown* v. *Board of Education* in 1954 when speaking about segregation of our children in the public school systems in this country. It was said that segregating anybody for any reason robbed those people being segregated in their hearts, in their minds and souls, to such a degree that can never be undone. I think that that is what this movement is all about.

We are being segregated everywhere. We are being mistreated. We are being treated as second-class citizens, irregardless of whether it is transportation, education, housing, unemployment. We are facing discriminators who would choose to have us go elsewhere. So, we face many of the same types of hardships that other minority groups are facing in this country. I think segregation is, itself, a disease. And all of the problems that we here in committees like this—words about transportation or housing or what have you, are really symptoms of a disease in this country. And it is my opinion that that disease has truly retarded this nation. And if this Nation's reputation was based upon its treatment of disabled people or minorities, they would certainly rate something less than great.

---

[3] When both of us were notified of approval for application, there were six separate forms sent us—3 each. All Pierponts could have been in one envelope, same with Baker's. Instead there were six envelopes posted. At 25¢ each, $1.50 spent, would have saved State $1.00. Multiply this by many applicants and State could save substantially. Furthermore, carbons we received were almost totally illegible.

And until the segregated people are truly mainstreamed into our society, we will not reach our greatness that we have the potential to do.

I believe that the disease is caused by arrogance, ignorance and sometimes outright stupidity. I think that just in the past few years, I have personally been discriminated against. There is not a person in this room who is disabled who has not been personally discriminated against. A few years ago, I was arrested on an airlines simply because I refused to sit on a blanket, a blanket that they thought was devised to evacuate me in the event of a survivable crash. In fact, it was a policy that the airlines had invented to make sure that I, as a wheelchair user, a paralyzed person, did not soil their upholstery. To me, that was dehumanizing and it was just another one of those things that robs people of their dignity and their self-respect, their humanness and their sense of self-worth.

Every single day, we face that. We face our discriminators whether it is coming to this building this morning and going to the front door and being instructed to come through the driveway to get here—now, that may not be much to the guy standing at the front door, but if I were black and if I were instructed to come through the driveway to get here, it might mean something. Or, if I as a Jewish person, was instructed to come through a separate entrance, there is no need for that. But those are the kinds of things that continue to rob disabled people.

I got more than my legs robbed from me in an accident—not an accident. I was shot in 1968. But in every single day, we are being robbed little by little, inch by inch. That is what this movement is all about and that is what this act is all about: To rectify that wrong. And those thieves are out there. They continue to rob from us. What is unfortunate is that many of us have not developed a defense for that. We do not know how to even recognize those thieves. They are like pickpockets. Sometimes we get robbed of our dignity, our self-respect, we swallow insults on a daily basis to continue to get along in our society.

For instance, this summer, if I chose to the Great Woods Concert a few miles away, I would have to accept the personal insult of being separated from my wife as the price of admission to the concert. And the person that makes that decision is the usher. Nobody should have that right. Whether I am separated 1 inch, 1 foot, or 100 miles is segregation. It is that segregation which the Supreme Court was talking about in 1954 and it is that kind of treatment that we have got to stop in 1988.

The idea is that they created a seating zone for disabled people. They are creating policies based upon what is expedient, whether than taking a humanistic approach to policy making. And it is those types of things I think that are our biggest problems today. It is the system. It is those people who enforce and implement the laws that are doing bad jobs. We have got a lot of good laws on the books that are not being enforced because we do not have people that have been educated to the point that they understand how to rectify our problems. They create policy based on expediency to overcome oversights. Thank you for the opportunity.

Mr. OWENS. Thank you. Mr. William Cavanaugh.

STATEMENT OF WILLIAM CAVANAUGH, EXECUTIVE DIRECTOR, AD LIB, INC.

Mr. CAVANAUGH. Thank you. I have been a consumer of the mental health system in the State of Massachusetts and I have been a past patient of Northampton State Hospital. While a resident of this psychiatric institution, I witnessed on a daily basis abuses and day-to-day treatment that only in the mildest terms would be referred to as discriminatory. Abuse and disregard for the basis human rights of people who suffer from mental illness occurs all too often to be ignored. We who suffer from mental illness are no less deserving of non-discriminatory treatment and protection than others enjoy.

In the few cases I know of, when abusive treatment practices and human rights violations are proven, all too often limp excuses or technical rationales are presented and accepted as a defense to the incidence and dilute the consequences administered to the guilty parties.

One such incident that comes to mind is that of a Mr. Vincent Veletia who suffered from a debilitating form of mental illness. In desperation, his guardians admitted Vincent to a private psychiatric institution that often used adversive therapy techniques as a treatment response to certain behaviors. Vincent suffocated and died when a full sensory deprivation hood was placed over his head. Attached to the hood were earphones which emitted constant white static noise. Vincent's hands were handcuffed behind his knees, forcing him to remain bent over at the waist.

Authorities saw this act not as murder, but as an authorized treatment procedure that failed.

Vincent's guardians had signed the paper allowing the facility to administer such treatment. This seemed to make things acceptable. The administrator who designed the treatment procedure that the staff administered to Vincent that resulted in his death was not found guilty of anything. Nor were the staff. Instead, the institution's administrator received a substantial voluntary settlement for damage to his reputation reportedly suffered by bad publicity.

Since 1975, when my illness stabilized, I have worked as a professional in the field of human services. Much of the past 13 years has been spent in a direct care capacity to persons who suffer from mental and physical disabilities. I have heard of, witnessed, shared and personally experienced many cases of discrimination based on disabilities. Many instances of discrimination to persons with disabilities is of a stigmatizing nature, generally damaging to the particular disability group referred to, often administered by the video, audio and written media.

Other discriminatory practices are sanctioned by law or traditional policies and regulations. One such example is the accepted practice of insurance firms being allowed to practice discriminatory policies that regularly deny medical insurance to individuals who are disabled based on possibilities of medical needs. Others are blatant discriminatory practices such as the time a friend of mine, Michael, whose disability is cerebral palsy attempted to go to a movie with me only to be denied admittance by the theater manager who said that Michael presented a liability risk.

I am currently the executive director of an independent living center which aids individuals with disabilities to live independent lives. I daily work with and for individuals with disabilities who have waited far too long for legislation that clearly spells out that they are first class citizens worthy of every right to fair, equal and non-discriminatory treatment. The right not to be discriminated against can and should be insured by the enactment of the Americans with Disabilities Act of 1988. On behalf of the thousands of individuals with disabilities who live in my service area, Berkshire County in western Massachusetts, the hundreds of individuals I know and especially for the Vincents and Michaels who cannot speak for themselves, I ask you and your colleagues to enact the Americans with Disabilities Act of 1988. Thank you for your time and attention.

Mr. **Owens**. Thank you.

I want to thank all of you and particularly Mr. Eric Griffin for the tremendous amount of help we received from him in arranging these hearings here today. I also want to say that the calendar, the timetable that many of you received, we are way behind on it. And we are going to cut down on the lunch time in order to get to the schedule. We do not want to have to reduce below 5 minutes the time that each speaker has. We are here to hear from you, to have individual documentation from you, and we do not want to cut that time. So, we are going to cut down on the lunch hour and try to get back on schedule that way. Thank you, again, all of you.

Our next panel is Linda Pelletier, Emeka Nwojke, and Ted Kennedy, Jr. Mr. Don Levine can join this panel.

You may begin, Ms. Pelletier.

STATEMENT OF LINDA PELLETIER, BOSTON, MA

Ms. **Pelletier**. I am really glad to be here and to be able to speak to you today. I wanted to say that I have been disabled all my life. And everyone thinks that—you do not realize that you get discriminated against when you were born disabled, but you do. And I am tired of being discriminated. It really affects every aspect of my life. Sometimes, you do not really see it for it is until afterwards. But, you know, everything I do—I will give you a few examples. I have gotten evicted from my apartment two times already in the last 8 years. I am not on the street homeless, fortunately, but both cases were really discrimination because people do not like to take section 8. They like to take rich people who can pay the bigger rent. So, each time that I got evicted, they either blamed it on my chair or some other thing that was not really, really true. But it was there and it was discrimination.

My last time I got evicted, I brought them into court because they had harassed me for about 8 months before I got evicted. I brought them into court and I asked to get damages and I won. But I still left. But it was so humiliating. It was very hard to live that way. So, you know, I feel that people who are disabled, you know, they have a real hard time to get housing. Even though we have section 8 and all the provisions, the landlords do not like it. They would rather get the real money from rich people that can give it all at once.

In other words, I have gotten discriminated against—and even when I go out for recreation, at one time I went out with some people from Boston University where I go. And we went out to eat at a restaurant here in Boston. I went with her and another boy was with us, too. When we arrived, they refused to serve us alcohol—me and this other boy, because we were in wheelchairs. They said that we might fall out if we did not have seatbelts on. And we did have seatbelts on, but that is not the point. So, we all got out and Mr. Duscham was there from University Hospital and we all got out and we walked out. But I was the only person, again, that carried it out and went to the NTAD and I brought a case against them. And we got on Eye Witness News, too. I won that case, too. I got money from them. But they refused to even go on the air to make anything right. The manager would not call me. I have been discriminated against and really otherwise—like to get my education, it has been a fight all the while. I met before we had the disability bill at Mass Rehab when I started to go to college, it was hard. My rehab counselor at that time, back in 1970, he did not want to take on my case because I was too disabled and I would make a lot of work for him. I had to go to a home-to-school intercom at the time because the in-schools were not accessible. And he did not want to take on the extra work. So, he turned down my case and I had to write to Ted Kennedy who helped me to get back on Mass Rehab.

And even now, I have gone to Boston University and I am working on my Ph.D. in rehab counseling. But I am not able to really do my whole dissertation yet because I cannot get a computer and I cannot type too well, you know, I can write real good, but I cannot get my thoughts down on paper. So, I have been trying to get a computer for about 3 or 4 years any way I can. Now, it is real hard to have an equal opportunity to be able to communicate more easily than to put my thoughts down on paper.

Now, one more thing I wanted to leave you that every time that I worked—because I have worked at different jobs. And I have gotten a lot of discrimination in that area. Like one time, I worked at a rehab agency—well, I worked at two or three rehab agencies. At one, I worked for 4 years and then they got someone new and they said that because I could not drive I could not carry out the proper schedule. Then there was a rehab agency I worked for about 2 years. They said I could not go on working because I could not access their computer and they could not adapt it for me. So, it is just very, very frustrating. And, also, every time I worked, I had a real problem with SSI because I go in and out and on and off of the system. And whenever I worked, they make it hard for me. They really are crying to me for working because I get into big problems about overpayment, you know. I owe about $7,000 in overpayment for the different times that I have worked and that they did not handle it properly, SSI. I have got to pay that now.

And it is hard. I do get tired of fighting the system, but I will continue to fight. The way that I do it is I go to court whenever I can. When I feel that I am in the right, I will go to court to carry out the fight because that is the only thing that many people will really listen to and support. I will still fight to the day I die. It is a real long hard fight. And I thank you all for what you have brought here.

Mr. **Owens**. Thank you.

Mr. Nwojke. Did I pronounce that right?

STATEMENT OF EMEKA NWOJKE, ASSISTANT DIRECTOR, NORTHEAST INDEPENDENT LIVING PROGRAM

Mr. **Nwojke**. Can you hear me?

Mr. **Owens**. Yes.

Mr. **Nwojke**. Good morning, honorable Major, Major Owens. And I am glad you are here today. My name is wrongly spelled so that is why you could not pronounce it. My name is Emeka Nwojke and I am a resident of the State of Massachusetts.

I became disabled 5 years ago because of a car accident. I am the president of the Northeast Independent Living Program in the State of Massachusetts. I am also a strong member of the National Council of Independent Living. Right now, I am the chairperson of the NCIL. I strongly believe in the Constitution of the United States which promises freedom and independence for all within the Nation.

I take the stand of all people who think that you, the lawmakers, must be proactive to think about generations ahead of us, to think about tomorrow, to think about children coming after us. What can we do to better understand? So, today, I know you are here to think about making our environment barrier-free, affording us the opportunity to have a choice of full citizenship. I am glad to tell you that it is still the black man that has given us this chance. It was a black man that spoke for the freedom of people in America. So, it does touch my heart to see you sit there and listen to us testify about discrimination.

I have been educated to the point to know that the best way to aggrieve my discriminations in society is to go to court or go to what is called in Massachusetts, MCAD: Massachusetts Commission Against Discrimination.

I went to the courtroom one day and I want to share my experience with you about going to court. First of all, I could not get into the building because there were about 500 steps to get in there. Then I called for the security guard to help me, who happened to be a policeman. He told me there was an entrance at the back door for the handicapped people. I have no problem being called handicapped. The problem I have is being able to be a participant of that system.

I readily agreed and I went to the back door. I went to the back door and there were three more stairs for me to get over to be able to ring a bell to announce my arrival so that somebody would come and open the door and maybe let me in. I was not able to do that. So, I was at the back door for an hour waiting for somebody to come back so I could call for help. This is the court system that is supposed to give me a fair hearing. It took me 2 hours to get in. Then, finally, when I got in, that is where the story started. Tables

1062

have got to be moved. People have to be called from far out of State to come and help me get into the courtroom. The judge could not even wait for me. On arrival, he or she could have seen me. And when he finally saw me in the courtroom, he could not look at me because of my wheelchair. My wheelchair took the attention of the court to listen to me. "How are we going to be able to get a wheelchair into the courtroom? How are we going to be able to position you? What do you want?" This and that.

I said, "I am the fellow you called in to be heard, not my wheelchair. Why do you have a problem with me being here?"

So, by the time I left that courtroom, I was already in tears. The employees of the courtroom came back to me and told me, "You are not the norm. You are not the normal person we see every day. So, do not worry about this." I do not want sympathy. I want empathy. I want an opportunity to participate. I do not want you to sympathize with me. I do not want you to treat me special. When we talk about discrimination, it is far beyond just locking me out of doors or telling me to go around to the back door or the back seat in a car or a bus. It is the elimination of dignity associated with being a human being that I am talking about. The Americans With Disabilities Act will help to make the dream for most of us be relative. Thank you for listening to me.

Mr. OWENS. Mr. Levine.

STATEMENT OF DONALD LEVINE, PRESIDENT OF BARRY INDEPENDENT LIVING ASSOCIATION, RHODE ISLAND

Mr. LEVINE. Thank you, Mr. Chairman. I am Donald Levine and I am the president of Barry Independent Living Association in Rhode Island. In 1952, when I was 15 years old, I was hurt in a diving accident, breaking my neck at a high level leaving me paralyzed from the neck down. That has been about 37 years ago.

The following things have happened that I consider discriminatory. In 1975, I was denied a powered wheelchair because I was told that I would not get enough use out of it. I was also denied a ramp to use the powered wheelchair, so, my parents had to build one. After the State sent someone out to verify that the ramp had been built, I received the wheelchair.

I requested further education by the Rhode Island Vocational Rehabilitation in 1979. The reason for denial was given that they did not see any reason for getting off the rolls of the Social Security Administration.

As an alternative, they said they would give me a hydraulic lift for a van that I had at the time and no education. The result was I had to take the ramp and to sign a paper stating that I would not bother the Rehabilitation Program in the State of Rhode Island, again. I do make the statement that this happened in 1979.

I have asked repeatedly for an accessible bathroom through vocational rehabilitation, denied one because I was not able to prove that I would be able to go back to work within a year. The Independent Living Division of Vocational Rehabilitation also denied me an accessible bathroom because they added my parents' Social Security in with mine and said that I was financially ineligible. Hence, I had nothing but bed baths for the past 36 years.

I was ordered to appear at the Social Security Administration 1982, 1983, 1984, to verify that I am still disabled. I will be disabled. On February 24, 1988, SSI launched a full investigation into my financial status. I was told that I was not entitled to the money I had saved in excess of the $1,900 and the $1,500 burial insurance that I could have.

Personally, I really do not know if you can be buried for $1,500, today. I made a comment as to that and somebody had mentioned in jest: a plastic bag.

I was told that I could not save for things like taxes, the insurance on my van, a vehicle to replace the one I now have when it wore out. I was told that I could not have a ramp—save for a ramp or anything else. They ordered my father to remove my name from savings accounts, that I had no information as to—he had put my names on the accounts. I was forced to get written statements from banks, from bank officials saying that this had been done. After completing the SSI, an employee named—I do not know if it is right to name her name or not—Mrs. Matsic, called my father, who is 77 years old and is in ill health, and was made to swear that my name was taken off these moneys that I had no information before that they were there and insinuated that they were placed in other accounts.

On April 13, 1988, I was sent a list of alleged overpayments beginning September 9, 1985 and was notified that SSI payments and benefits would end in May 1988. On April 19 and April 20, I visited three banks and obtained statements——

Mr. **Owens**. Mr. Levine.

Mr. **Levine**. Yes.

Mr. **Owens**. We have to stop at this point. We have run over a little. We would be happy to assist you in getting the rest of your statement in writing, in a form to submit to the committee so that we have the full benefit of your total testimony.

Mr. **Levine**. Thank you very much.

[The prepared statement of Donald Levine follows:]

My name is Donald Levine. I live in Providence, RI, and serve as Pres. of the PARI Ind. Living Center. I am considered developmentally disabled because I became disabled at the age of 15 due to a diving accident in 1952 in which I broke my neck leaving me a C-3/C-4 level quadriplegic for the past 37 years. The following things have happened to me that I consider to be discriminatory:

1975.—Denied a powered wheel chair—was told I would not get enough use from one and I did not have a ramp. So, my family built a ramp and I got a powered chair after the state sent someone out to verify that a ramp had been built.

1979.—I requested further education by R.I. Vocational Rehab. Program. The reason for denial was given as they didn't see any need for it because they couldn't foresee me getting off the rolls of Social Security. As an alternative they said I could have a hydraulic lift for my van provided that I sign papers agreeing never to bother them for anything else.

I have asked repeatedly for an accessible bathroom. Vocational Rehab. denied one because I could not prove that I would be fully employed within one year. The Independent Living Division of Vocational Rehab. also denied me an accessible bathroom because they added my parent's Social Security in with mine and said that I was financially ineligible. Hence, I have had nothing but bed baths for the past 36 years.

I was ordered to appear at the Social Security office in 1982, 1983, and 1984 to verify that I am still disabled.

On 2/24/88, SSI launched a full investigation into my financial status. I was told that I was not entitled to save any money above the $1900 savings and a $1500 burial policy and that I could not save for things such as vehicle insurance, city taxes, repairs to vehicle, replacement of vehicle, replacement of wheelchair ramp or anything else.

They ordered my father to remove my name from savings accounts belonging to him that I didn't know he had. I was forced to get written statements from bank officials saying that this had been done. After complying, an SSI employee named Mrs. Matzick called my father who is 77 years old and in ill health and made innuendos that he may have concealed the money in other places.

On April 13, 1988, I was sent a list of alleged overpayments beginning 9/1/85 and was notified of SSI payments and benefits ending in May 1988. On April 19th and 20th I visited 3 banks and obtained signed statements from bank officials as to balances in my accounts.

I also had to compile a list of my expenses from 2/1/88 to 4/18/88 including everything from my telephone bills to toothpaste. I also had to fill out an overpayment questionnaire.

On May 5, 1988 I received a notice of reinstatements to SSI with a lower amount of check from $51.50 to $42.75.

On May 31, 1988 I received a notice dated 5/18/88 cancelling my Medicare Benefits and reducing my SSDI check from $381.00 to $331.00.

On May 24th I received a notice dated May 22nd giving me orders to pay back $959.36 in SSI overpayments.

I had already applied for a waiver. Another notice, also dated May 22nd and received May 25th denied waiver of overpayment. I requested a hearing which was held on June 22nd.

I received notice that the state would pick up payment of Medicare Part B again as of 5/88.

On June 29th I received a notice that the hearing on June 22nd had found me without fault in incurring over-payment and that over-payment had been waived.

I received notice dated 8/1/88 that SSI check would be reinstated as of 9/1/88 except for a reduction of $3.59 per month because of interest received on a statement savings account.

All of the new laws and rules are all well and good, but they are useless to the disabled community in everyday living until they are filtered down to us, who live each day of our lives as disabled American citizens.

Mr. OWENS. Thank you very much for testifying, all three of you. I would like to ask just one question. Ms. Pelletier—did I pronounce that correctly?

Ms. PELLETIER. Pelletier.

Mr. OWENS. Pelletier. You have repeatedly won in the cases that you fought. I am sure you are tired of fighting and should not have to fight each step of the way in terms of the basic kinds of rights that you are pursuing. Do you see—in the draft legislation of the Americans With Disabilities Act—do you see relief? Is there in that bill the mechanism which will permit you the opportunity of not having to fight so hard as an individual, but have some mechanism for helping you to secure your rights in an easier way? Or does that bill also fall short of having the kind of assistance—provide the kind of assistance you need to get your rights enforced and enforce the law?

Ms. PELLETIER. Yes. I think it is a very good bill and it covers a lot of areas. But I think it will help with people's attitude in that whole attitude problem. It will take time, even with the law.

Mr. OWENS. You think the bill is very important in changing people's broad attitudes.

Ms. PELLETIER. Yes, but it will take time to change the attitudes.

Mr. OWENS. Do you see the mechanisms, some means of getting relief from some of the problems that you are facing? Both of you indicate problems with our own Government—that people in the Social Security Administration are the enemy and their attitudes. And I think we certainly can move on that right away. We should

not have to wait for the passage of this legislation. But other than that, do you see relief in the bill from some of these problems?

Mr. LEVINE. I think so, as long as it filters down fast enough to the individuals because statements are made that things are written in stone, that they cannot be changed. And, in fact, they are being changed everyday.

One other statement, if I may take just 10 seconds to finish that statement I made before: The end result of the SSI meetings that I had over this past year, they are still withholding, as being small, $3.59.

Mr. OWENS. Thank you very much.

Mr. LEVINE. Thank you.

Mr. OWENS. Our next panel, I think Mr. Kennedy is here, now, Ted Kennedy, Jr.; Bonnie O'Day, executive director, Independent Center of Hampton Roads, Norfolk, VA. It is a little bit outside of the New England area, but is Ms. O'Day here? John Nelson from Washington, DC.

As I have said before to previous panels, please understand that your written testimony can be submitted today or within 10 days of this hearing, so, you do not have to cover everything that you have in writing or you can also add some ideas later on in writing if you wish. We will begin with Mr. Kennedy.

STATEMENT OF TED KENNEDY, JR.

Mr. KENNEDY. Thank you, Mr. Chairman, it is my pleasure that you brought this hearing here to Boston this morning. I want to welcome you to our city. You are among friends here. I think it is particularly appropriate that we are here in Boston which many people refer to our city as the Cradle of Liberty. I think it is particularly appropriate here because I think that is why we are here today.

The fact is that there are millions of people who want their liberty. Our Constitution, we just celebrated not too long ago our 200th anniversary of our Constitution. And, yet, there are literally 30 or 40 million people, depending on what statistics you look at, who still do not have their independence.

The American Revolution was about independence. It was about self-determination. It was about making decisions for ourselves. And that is the reason that we are all here today is because for too long, people have made decisions for us. We have policies in our country that make decisions for us, that do not allow people with disabilities their self-determination.

Congress has recognized that there is discrimination that exists in our country. Congress recognizes that. They recognize that discrimination exists against people who are not white. They recognize that discrimination exists against women. So, too, it is not unusual that people with disabilities are calling to be recognized and protected by those same ideas that have applied to other minority groups.

I think that the one thing that makes our country great is our diversity. Our country has been called a melting pot. I think that we should be proud of our diversity. That is what makes us great. That is what makes us strong. And I have always contended—and I didn't come here, as you can tell, with any set of prepared remarks, but it is not our physical or mental condition that constitutes our, quote, handicap. But society. And just as society has created these barriers, both attitudinal and architectural, so it is that society can dismantle these barriers. That is why we are here. And that is why I am proud to be here testifying here today. Thank you.

Mr. **Owens**. Thank you. Ms. O'Day.

STATEMENT OF BONNIE O'DAY, EXECUTIVE DIRECTOR, INDEPENDENT CENTER OF HAMPTON ROADS, NORFOLK, VA

Ms. **O'Day**. Thank you. My name is Bonnie O'Day. And in addition to being the executive director of the Independent Center in Norfolk, VA, I am the chairperson of the NCIL Civil Rights Task Force. The primary mission of this task force is the passage of the ADA.

The Civil Rights Act of 1964 was a major piece of legislation which began to address the civil rights of blacks and other minorities in this country. This piece of legislation was a milestone in insuring that blacks and other minorities had the opportunity for equality and self-determination. Although this process is not complete, the legislation did bring to light the second-class status of minority persons in this country in the areas of transportation, housing, et cetera. With the passage of this legislation, the tide began to turn and the status of minority persons in this society began to change.

What is the status of persons with disabilities in our society? Seventy-nine percent of persons with disabilities are unemployed, although 73 percent of us want to work. Approximately 45 percent of us have incomes of less than $5,000. The drop-out rate of disabled persons from our high schools is approximately 50 percent greater than our non-disabled counterparts. For the most part, disabled persons in our society are the poorest of the poor, uneducated and unemployed. There is currently no comprehensive piece of civil rights legislation that protects us from discrimination in terms of transportation, employment, communication, housing and physical access.

On a more personal basis, sometimes the discrimination that I have experienced as a blind person has been unintentional and, thus, can be easily overlooked and forgiven. But sometimes this discrimination has been extremely blatant.

One of the most blatant discriminators I believe in our society is the airline industry. Approximately 3 years ago, I was going to an independent living conference in Kansas City when I was seated in an exit row. Airline policy states that blind persons should not be seated in exit rows because of safety reasons, although there is no actuarial evidence to suggest that blind persons are less safe in evacuating airlines in case of emergency. I was forcibly removed from the plane along with the other passengers and the flight was subsequently cancelled. When the airlines were contacted by the media, they did not admit that they made a mistake, that their regulations and policies needed to be looked at. However, they stated that I had requested this seat because I wanted to stage a demonstration and obtain some media coverage since I was new in town and wanted to make a name for myself.

Sometimes bureaucrats and policy makers do the bare minimum in terms of implementing existing legislation. One of the most poignant examples of this occurred at the University of Virginia this summer. This university was founded by a man named Thomas Jefferson, whose principles stood for equality and freedom for all. It is ironic that UVA's buildings are still not accessible, even though the laws requiring accessibility have been in existence for approximately 15 years.

Franz Stielfried was an advocate, a person in a wheelchair who advocated for accessibility in all areas of Charlottesville. Those of us in Virginia watched Franz grow in terms of knowledge, independence and his own personal independence. One day while he was traveling to UVA to advocate with them to make one of their main buildings accessible, he encountered an intersection without a curve cut. This forced him to traverse a very dangerous grassy area next to a 50-foot drop. He did this safely only to encounter another intersection which was inaccessible. As he was trying to lower himself over the curb, he lost control of his wheelchair and fell to his death 50 feet below. The time for passage of the ADA is now. It is a matter of life and death for many of us. For many of us like Franz it is a matter of survival. Thank you.

Mr. OWENS. Thank you. Mr. Nelson.

STATEMENT OF JOHN NELSON, WASHINGTON, DC

Mr. NELSON. Thank you very much, Chairman Owens, for being here and allowing me to speak. I am speaking as a person who has faced almost daily discrimination because of my disability for approximately 22 years. I think it is impossible for anyone in this room to recount every type of discrimination that they have faced individually. One of the most blatant pieces that I have faced was in 1975, a recent graduate of the University of Vermont, a university that was relatively barrier free because of a fully tenured professor who was a paraplegic who told them how up front they could make themselves accessible and prevent having to correct the situation later at a relatively low cost through preplanning.

After receiving a degree in education, I went through seven interviews the following summer. Three were 3 hours long. Very substantial interviews. I was told by the Essex Junction School System that they were not hiring me because I used a wheelchair. I suspected it in other situations, but in that one, they actually said this was the reason, which kind of surprised me.

I went to the Office of Civil Rights and filed a complaint. Over a year of investigation and Mr. Boeing, the regional head, said that he would not support my complaint because he did not think that I had a valid case. That the regulations were not signed by Califano and, well, the employer probably did not realize that they could not discriminate, that they had received Federal funds. This was just, I thought, impossible. And, now-a-days, it should be impossible that similar situation would happen.

The legislation that you are looking at passing will expand that. Hopefully, in 10 years from now, how it is crazy that in transportation, housing and many of the very important areas of people with disabilities, that people would discriminate. That is where we have to be in a couple of years.

When we looked at housing—my wife and I recently moved to Washington, DC, from Massachusetts. She spent 3 weeks trying to find accessible affordable housing in Washington, DC and northern Virginia. Much of northern Virginia, brand new housing, Crystal City and so forth, had accessible apartments once you got to them, but you had to go in through the garage, you could not go in through the front door. I will not live in a building I cannot go in through the front door. We were fortunate to find housing, but it was a real search. That should not be.

In the areas of transportation, I, personally, face discrimination in getting on trains, getting on planes. In fact, not allowed to get on some planes because I did not have an able bodied person traveling with me, even though I had attendants on either end of the flight. Buses, there are far, far the exception instead of the rule when you find accessible buses.

Metro transport, I find in Washington, is really very nice; but, unfortunately, Washington, San Francisco, are examples of exceptions. You can name quickly and not fill all of our fingers the cities in this country that have accessible metro transportation.

You talk about cost. The problem is that there are too few people with disabilities in the work force, not too many. I but think of coffee this morning when I think of cost benefit. The lid to the coffee cup at McDonald's down in the mall had braille on it so a blind individual could read whether it was decaffeinated or not decaffeinated. McDonald's had, with a little preplanning, put this as part of their mold in molding a coffee cup lid and at no additional cost.

Now, if you had gone ahead and brailled every coffee lid, you would have a fantastic cost. And that is the difference that you're looking at. Through preplanning, you can eliminate a barrier as opposed to trying to correct that barrier, at a tremendously low cost.

I urge the current Congress to demonstrate the foresight, courage and commonsense demonstrated that by Congress previously that have passed the Civil Rights Act and the Rehab Act of 1973 and its amendments. Thank you very much.

Mr. OWENS. Thank you. I want to thank all three of you. Ms. O'Day, you mentioned you are the head of a task force and I did not catch the name of it.

Ms. O'DAY. It is the National Council on Independent Living, Civil Rights Subcommittee.

Mr. OWENS. Thank you. And Mr. Kennedy, we did note that I think you serve on the President's Committee on Employment of the Handicapped.

Mr. KENNEDY. Yes. They have just recently changed their name to the President's Committee on Employment of Persons with Disabilities.

Mr. OWENS. Thank all of you.

Mr. KENNEDY. Thank you very much, Mr. Chairman.

Ms. O'DAY. Thank you.

Mr. **Owens**. Again, we are very appreciative of the tremendous outpouring we have here today, people as witnesses and members of the audience. I would like to say to the members of the audience that have been here for a while, there are people outside who would like to get in and I would like for you to consider going—changing places with some of the people who would like to get in—going downstairs to the lower lobby where this hearing is there on a video device with captions and they have refreshments downstairs in the lower lobby, also. So, if you do not mind exchanging with some people who have not been inside, we would appreciate it.

I would like to also move quickly to our next panel. We continue to fall behind, so, I am going to ask that the time will be set at 4 minutes now, instead of 5, because we continue to fall behind schedule and we do not want anybody to leave here without having a chance to testify.

The next panel consists of—can you move as quietly as possible so we do not lose time?

Alan Telker, Ilona Durkin, and Eugenia Evans.

Ms. **Telker**. It is "Ellen."

Mr. **Owens**. I am sorry. Ellen Telker.

Just one moment, Ms. Telker.

Mr. **Owens**. Are you all from Connecticut?

Ms. **Telker**. That is correct.

Mr. **Owens**. Ms. Telker.

STATEMENT OF ELLEN TELKER, ATTORNEY AT LAW, MILFORD, CT

Ms. **Telker**. Good morning. As a person unable to read print or drive, I am subjected to discrimination because of lack of transportation and inadequate media in print and in forms which I am able to use. The provisions of the Americans With Disabilities Act of 1988 would be important in remedying some of these problems.

State and local municipalities do not make many materials available to a person who is unable to read print. Often, I attend seminars and workshops and receive printed materials. If tapes are available, they come afterwards. They may never come or they may come so long after the event that they are no longer timely Speakers at such events will often refer to the printed material by page numbers, but they do not read what they are talking about so that a person who is unable to read does not receive the full benefit of the event.

At such a public meeting, a reader cannot help because if someone reads the material, the noise that they make by reading it aloud or even softly disrupts other individuals' ability to listen to what is going on. Although the newsletter of the Connecticut agency serving the blind is published in braille, I often receive letters from them which are in print. Even this hearing was not publicized in a manner which was accessible to those who do not read print. None of the magazines or newsletters that I get announced it and my radio reading service did not carry a spot.

I know of at least one courthouse in New Haven where the elevators do not have tactile markings and I am sure there are many others. Literature from such places as hospitals, hotels, in airlines, describing the safety and other information necessary to use these places is not available in a medium which can be read by a person who does not read print. Also, this applies to forms for applying for many benefits. Therefore, a person who is not able to read may have to sign something without understanding what they are signing or even if it is read not really understanding it adequately because it is usually done so very quickly.

After I wrote up my testimony, I thought about voting. When I go into a voting booth, I have to rely on someone else to tell me which lever to pull. The other big problem that I face is transportation. A person who is unable to drive must rely on alternate means. Unless you live in a very, very large city, public transportation is minimal. In my city, the door-to-door service operates fewer hours than does the regular bus. Because we do not have as much as we need, even if you call in advance, you may not be able to get a ride when you want.

My local chapter of the Connecticut Council for the Blind is looking for a way to get a group of us from the New Haven area up to Hartford on a Saturday for our semi-annual convention next month. And, so far, we have not been able to find anything.

I urge that the Americans With Disabilities Act be passed because it will provide a means for beginning to redress some of these problems. Thank you very much.

[The prepared statement of Ellen M. Telker follows:]

TESTIMONY OF ELLEN M. TELKER

As a person who is unable to read print or drive because of a visual impairment, I am subject to discrimination because of inadequate transportation and lack of materials which I am able to read. The provisions of the Americans With Disabilities Act of 1988 are important to me because they would help to remedy these problems.

State and municipal agencies do not make print materials available in media which is accessible to persons with visual impairments. I have attended workshops and seminars sponsored by state agencies specifically for persons with disabilities where I was given print material. If tapes are provided, they always are sent after the event. They may never come, or they may come so long after the event that they are no longer timely. Often at such seminars or workshops speakers will refer to specific sections of the printed material by page number. However, they do not read the material they are talking about so that a person unable to read print cannot receive the full benefit of their talk. At a public meeting a reader cannot help since the noise made by reading material aloud or even softly is disruptive for other participants. Although its newsletter is available in braille, even the agency serving the blind in Connecticut sends out letters in print.

Even this hearing was not publicized specifically for print handicapped individuals. None of the magazines or news-letters I get in braille or on tape announced it. Nor did my radio reading service carry a spot.

I know of at least one state courthouse (in New Haven) which does not have tactile markings on its elevator panel, and I am sure there are many others. My bank provides raised line checks and brailled statements, but I chose it precisely because it is the only bank in Connecticut that does this. Such things as literature given to patients entering hospitals, safety information distributed in airplanes and in large hotels and applications for various types of public assistance are almost never available in media which a nonprint reader can use. Therefore, a blind person may sign releases, consent forms or applications for assistance without understanding or adequately considering the ramifications of the act, possibly waiving important legal rights. When such things are read or explained it is usually done so quickly that it is not helpful. Nor are bus and train schedules accessible to print handicapped individuals.

Lack of transportation is the other problem faced by visually impaired persons. Since blind people are unable to drive, they must find other means of transportation. Unless one lives in a large city, public transportation is minimal. In my city the door to door service runs fewer hours than do the regular buses. Because we need more than we have, it is not always possible to get a ride when it is needed even if I call well in advance. My chapter of the American Council of the Blind is looking for a van to get us from the New Haven area to Hartford for our semiannual convention next month on a Saturday, and so far we have not found one.

On behalf of people who do not read print, I urge that the Americans with Disabilities Act of 1988 be passed. Particularly Sections 4 and 5 of the Act would provide a basis for seeking redress for some of the discrimination which presently occurs.

Mr. OWENS. Thank you. Ms. Durkin.

STATEMENT OF ILONA DURKIN, ROCKY HILL, CT

Ms. DURKIN. Thank you. My name is Ilona Durkin. I am representing the 4,500 people who sustain head injuries each year in Connecticut and countless other people with disabilities who need the protection ADA can provide.

Families within our organization are often told in the hospital to let their loved one die because he or she is going to be a vegetable following injury. This fatalistic attitude pervades how people are treated after they leave the hospital as well.

For example, children with traumatic brain injury are often treated as though they have a learning disability, mental retardation, behavioral, emotional problems, or a combination of all. And that is because that is convenient for the schools. It is what they are used to and, so, that is what they provide.

Ignorant professionals segregate these children in special education classes. They do not receive the education mandated by Public Law 94-142. Gutting of the Federal monitor's office has virtually neutralized enforcement of this law.

Vocational rehabilitation excludes adults with severe long-term disability. They are excluded from jobs because support services such as job coaches are unavailable. Slurred speech or staggering gait are often reasons why people are denied jobs.

Many, many adults with traumatic brain injury are in the wrong place. They are living with aged parents, languishing in nursing homes, being inappropriately medicated in psychiatric facilities, or jailed because of aberrant behavior. Or, they are homeless. And of an interesting aside, our homeless people are kicked out of the homeless shelters if they can even get in because of the inaccessibility of many of them. Proper supervised living situations do not exist for this population.

State agencies discriminate against people with traumatic brain injury because of their disability. Officials deny service because the individual cannot follow through, use good judgment, demonstrate initiative or be socially appropriate. These problems are common outcomes of head injury.

Traumatic brain injury is not recognized within the Social Security Act as a discrete disability. Therefore, many adults with traumatic brain injury do not get treatment. Only 1 in 20 people with TBI currently get the services they need. This population is not adequately funded and is not getting equal protection under the law.

People have rights. Our country is based on principles guaranteeing these rights. Let us make sure all our citizens can secure them. Let us support ADA. Thank you.

[The prepared statement of Ilona Durkin follows:]

PREPARED STATEMENT OF ILONA DURKIN, CONNECTICUT TRAUMATIC BRAIN INJURY ASSOCIATION, INC.

My name is Ilona Durkin. I am representing the 4,500 people who sustain head injuries each year in Connecticut and countless other people with disabilities who need the protection ADA can provide.

Families within our organization were often told in the hospital to let their loved one die because he or she was going to be a "vegetable" following injury. This fatalistic attitude is also pervasive in how people are treated after they leave the hospital.

For example:

1. Children with TBI are often treated as though they have a learning disability, mental retardation, behavioral and emotional problems or a combination of all. Ignorant professionals segregate those children in special education classes. They do not receive the education mandated by Public Law 94-142. Gutting of the federal monitors' office has virtually neutralized enforcement of the law.
2. Vocational rehabilitation excludes adults with severe long term disability. They are excluded from jobs because support services such as job coaches are unavailable. Slurred speech or staggering gait are often reasons why people are denied jobs.
3. Many, many adult with TBI are in the wrong place. They are living with aged parents, languishing in nursing homes, being inappropriately medicated in psychiatric facilities, or jailed because of aberrant behavior. Or—they are homeless. Proper, supervised living situations do not exist for this population.
4. State agencies discriminate against people with TBI because of their disability. Officials deny service because the individual cannot follow through, use good judgment, demonstrate initiative, or be socially appropriate. These problems are common outcomes of head injury.
5. TBI is not recognized within the Social Security Act as a discrete disability. Therefore many adults with TBI do not get treatment. Only 1 in 20 people with TBI currently get the services they need. This population is not adequately funded and is not getting equal protection under the law.

People have rights. Our country is based on principles guaranteeing those rights. Let's make sure all of our citizens can secure them.

Mr. OWENS. Thank you. Ms. Evans.

STATEMENT OF EUGENIA EVANS, HARTFORD, CT

Ms. EVANS. Good morning, Chairman. My name is Eugenia Evans and I represent not only myself, but members of ADAPT, Americans Disabled for Public Transportation. I would like to bring to the attention of the committee that we feel one of the most corrigious forms of discrimination that occurs daily when a disabled person tries to use a public bus. Few buses are lift-equipped and ones that are are rapidly broken down. Not all bus-line times of departure are available to passengers. I have waited for hours while many buses, not lift-equipped, pass me by. When a lift-equipped bus did arrive, the lift was broken.

I do not feel that it is too much to ask to have the public transportation system that is available to use when I want to use it and is reliable. I urge the committee to vote for passage of the ADA so that the public transportation will be forced to be accessible for all people.

Mr. OWENS. I want to thank you all for joining us here today from Connecticut. And I think our next panel also consists of people who have come in from Connecticut: Mr. Patrick Palotto, the editor of the Bridgeport Telegram; Edie Harris, North Franklin, CT; Linda Hanscom, also North Franklin, CT.

Ms. HARRIS. It is Edith.

Mr. OWENS. There is a correction on the name?

Ms. **Harris.** My name is Edith. Ms. Hanscom is not here.

Mr. **Owens.** Mr. Palotto, you may commence.

STATEMENT OF PATRICK PALOTTO, EDITOR, BRIDGEPORT TELEGRAM, BRIDGEPORT, CT

Mr. **Palotto.** I thank the committee for extending to me the opportunity to share some of my views regarding the need for civil rights for persons with disabilities.

I am a resident of Milford, CT. I have been employed by the Post Publishing Company in Bridgeport, CT, for 41-plus years as an editor, the last 31 years as editor of the Sunday Post.

My credentials for addressing the Americans with Disabilities Act are these: I have just completed my third 1-year term as president of the Easter Seal Society of Connecticut, having served on its board for 10 years. I am a past president of the Easter Seal Rehabilitation Center of Eastern Fairfield County, having served on its board a quarter of a century. I am past chairman of the Kennedy Center, having served on its board 8 years. The Kennedy Center originated with parents and friends of retarded citizens to provide workshop training and job opportunities in addition to residential facilities for retarded persons.

I take pride in the fact that during my chairmanship, I was able to lead the board to broaden the agency's scope and provide an umbrella of acceptance and service to all persons with disabilities other than retardation, alone. I serve on the advisory board of Goodwill Industries of Western Connecticut. I serve as chairman of the Mayor's Commission for Persons With Disabilities in Bridgeport. I serve on the Business Advisory Council for Projects With Industry, a program to evaluate, train, and place persons with disabilities. Therefore, I can react to concerns of persons with disabilities and their families that over the years have been shared with me as editor on a newspaper to whom they have appealed to seek counsel, support, and time and time again find their problems exposed through the media because I feel strongly about issues and abuses.

Often, I have listened to complaints of an abridgement of civil rights, especially in cases of persons with dually diagnosed disabilities, wherein the person is shuttled from one agency to another because case managers have a restricted mandate to stay within the confines of their stated mission objectives of service.

These dually diagnosed need a civil rights component that specifically addresses their needs, that advocates for identification and clarification of their disabilities, and that finds the resources they need to achieve growth and independence. I am concerned that some service providers in the private sector, although they receive money from the Government, are reacting to the new competition in the field of physical, therapeutic rehabilitation by violating the charge of their mission, the charter charge being that the doors of the agency be open to all persons with disabilities, regardless of the inability to pay, because these private providers still have the 401C privilege to solicit community funds.

I would encourage the sponsors of the Americans With Disabilities Act to incorporate as part of its civil-rights directive an ongoing evaluation of th charters and the records of these private service providers that as long as they receive Government funding, that they fulfill the obligations to the patients they register for their assistance.

Mr. OWENS. Mr. Palotto, the bell sounded. You could not hear it. You can submit your testimony.

Mr. PALOTTO. Yes.

Mr. OWENS. Your written testimony we will be very happy to hear.

Mr. PALOTTO. Thank you for listening to me.

[The prepared statement of Patrick Palotto follows:]

PREPARED STATEMENT OF PATRICK PALOTTO

I thank the committee for extending to me the opportunity to share some of my views regarding the need for civil rights for persons with disabilities.

I am a resident of Milford, Connecticut. I have been employed by the Post Publishing Co. in Bridgeport, Connecticut for 41-plus years as as editor, the last 31 years as editor of The Sunday Post.

My credentials for addressing the Americans With Disabilities Act are these:

I have just completed my third one-year term as president of the Easter Seal Society of Connecticut, having served on its board for 10 years.

I am a past president of the Easter Seal Rehabiliation Center of Eastern Fairfield County, having served on its board a quarter of a century.

I am past chairman of the Kennedy Center, having served on its board eight years. The Kennedy Center originated with Parents and Friends of Retarded Citizens to provide workshop training and job opportunities in addition to residential facilities for retarded persons. I take pride in the fact that during my chairmanship I was able to lead the board to broaden the agency's scope and provide an umbrella of acceptance and service to all persons with disabilities other than retardation alone.

I serve on the Advisory Board of Goodwill Industries of Western Connecticut.

I serve as chairman of the Mayor's Commission for Persons With Disabilities in Bridgeport.

I serve on the Business Advisory Council for Projects With Industry, a program to evaluate, train and place persons with disabilities.

I can react to concerns of persons with disabilities and their families that over the years have been shared with me as an editor on a newspaper to whom they have appealed to seek counsel, support and, time and time again, find their problems exposed through the media, because I felt strongly about issues and abuses.

Often, I have listened to complaints of an abridgement of civil rights, especially in cases of persons with dually diagnosed disabilities, wherein the person is shuttled from one agency to another because case managers have a restricted mandate to stay within the confines of their stated mission objectives of service.

These dually diagnosed need a civil rights component that specifically addresses their needs, that advocates for identification and clarification of their disabilities and that finds the resources they need to achieve growth and independence.

I am concerned that some service providers in the private sector, who are supported with government funding, are reacting to the new competition in the field of physical therapeutic rehabilitation by violating the charge of their mission: the chartered charge being that the doors of the agency be opened to all persons with disabilities, regardless of the inability to pay, because these private providers still have the 401C privilege to solicit the community for charitable support of its programs.

I would encourage the sponsors of the Americans With Disabilities Act to incorporate as part of its civil rights directive an on-going evaluation of the charters and the records of these private service providers that, as long as they receive government funding, that they fulfill the obligations to the patients that register for their assistance.

Happily, because our economy in Connecticut has prospered in recent years to a level where the demand for manpower has been so great that opportunities have been provided and are continuing to grow for persons with disabilities, including many who because of the severity of their disabilities were rejected as poor risks for employment.

Today, the list of success stories in evaluation, training and placement of persons with disabilities is lengthening. This is all due to the foresight of Congressional leaders who heard advocates for the program and responded with the resources to make it work and create a new pool of independent members of society who contribute faithfully to its wellbeing. Without these new people in the workforce, many small businesses would have been jeopardized to the point of ceasing to function.

Now with so many persons with disabilities in the workplace, there is a need for guaranteeing them their civil rights as employees: that they are equitably compensated, that they are fairly protected with the usual benefits for their health and retirement, but above all that they are humanely treated in their work environment.

This Americans With Disabilities Act should have in place a section specifying ways and means for breaking down attitudinal barriers. I am not an idealist who would believe everyone can be cured of biases and discriminations. But I am a realist who believes that action, properly taken, can overcome attitudinal barriers so that the environment in which persons with disabilities work can be so harmonious that the morale of all in the workplace is heightened.

Fairfield University, a Jesuit school, in my area has placed several persons with disabilities in its workforce. To assure their acceptance as valued employees by other workers, the university is creating a model program to educate its supervisors in how to understand, treat and manage people with limited abilities. The university's leadership believes strongly that if supervisors are properly educated about disabilities, limited abilities and specific needs of workers, and the supervisors in turn educate their other workers, then the environment and the morale will create harmony and lead to greater productivity.

I look forward to the results of the model program and will ask the university to share them with you.

That is my primary concern, that this act mandate action toward dissolving attitudinal barriers with a network of leaders and advocates in place to extend civil rights into the workplace. The cost could be minimal to taxpayers, if institutions such as Fairfield University and agencies already providing the services are encouraged to serve these ends.

I endorse the enactment of the Americans With Disabilities Act and, if the committee in its wisdom agrees with the views that I have stated today, any amendments that reflect those positions.

Mr. OWENS. Edith Harris.

STATEMENT OF EDITH HARRIS, COORDINATOR OF VOLUNTEERS DISABILITIES NETWORK OF EASTERN CONNECTICUT, INC., NORTH FRANKLIN, CT

Ms. HARRIS. I would like to thank you for inviting me here to speak. Americans With Disabilities Act is an important issue. I would like to speak on transportation for disabled people, particularly in relation to job opportunities and concentrating on Connecticut where I live and work.

All across the country, government and private agencies are training disabled people for gainful employment, but a corresponding emphasis has not been placed on guaranteeing dependable accessible transportation to and from the job. This unmet need exists both in the cities, where I was formerly the transportation coordinator for an independent living center, and in the rural areas, where I work now. It is, of course, cruel to raise people's hopes with job training, only to have them be turned down on a job because of lack of transportation. It is also not cost effective for those who can read only the bottom line.

I am sure that you are all familiar with the way in which APTA, the American Public Transit Association, blocked the 504 improvements by refusing to lift-equip buses, saying that disabled people would not ride public transit anyway. How could they possible know that when there was nothing accessible to ride?

Another contributor to 10 lost years was the UMTA committee which decided to reward any bus company which could build the lightest possible bus and include a very heavy bus lift. This resulted in the Grumann bus, of which 280 were purchased by the Connecticut Department of Transportation. Over 150 parts had to be replaced in each bus, with the step-lifts a dismal failure.

Although this bus and lift were described by the Connecticut official in charge of the purchase as state-of-the-art, decisionmakers in a Seattle area decided to hold out for higher quality bus. In the same timeframe, they developed their own specifications for lifts and buses and purchased lifts that have proven very beneficial and are still being used 10 years later along with the buses. Public transit in Seattle has improved for all riders as service for disabled users has steadily expanded.

It would appear that local option only works in areas where the transit agency already has a commitment. In Connecticut, the Department of Transportation, which operates the major bus service in three cities and controls the funding for other bus service has to be dragged into the 20th century. The key DOT official said in 1985, "Why can't all the handicapped people live in one place and work in one place? It would make it easier for us."
